## **FOREWORD**

The Annual Development Plan (ADP) 2017/18 was prepared in accordance with section 126 of Public Finance Management Act 2012. The ADP lays the foundation for the next financial year and sets out the priority projects and programmes for sustainable economic growth as well as addressing the development challenges facing the county.

This ADP will guide the implementation of projects and programmes from each county department as they are stipulated in the County Integrated Development Plan (CIDP). The projects and programmes prioritised in the ADP 2017/18 are aligned to the CIDP, Kenya Vision 2030 and Sustainable Development Goals (SDGs).

Success in projects/programmes implementation will require sacrifice, hard work, self-determination and discipline. I encourage all the people of Bomet County to commit themselves to the pursuit of successful plan implementation and to play their key role in the implementation of this plan to realise faster economic growth and development. The implementation of this plan will require adequate financial resources. I have no doubt that all stakeholders will work in partnership to help mobilize resources as well as fully participate in the implementation, monitoring and evaluation of the programmes, projects and policies that will inspire economic growth of this County.

Finally, to the people of Bomet County what will matter most is the delivery of services promised to them by the Government. The annual plan will be successful if that objective is met in a way that demonstrates improvements in the quality of life for the citizens.

HON. DR. PETER KOROSS

**CEC FINANCE AND ECONOMIC PLANNING**

**COUNTY GOVERNMENT OF BOMET**

## **ACKNOWLEDGEMENT**

The preparation process for this fourth Annual Development Plan (2017/18) involved wide consultations between the department of Finance and Economic Planning and all the county departments. The department of Finance and Economic Planning played a coordinating role in the preparation process while all line departments provided valuable inputs into the preparation of the ADP.

I sincerely extend my gratitude to all County Executive Committee Members and Chief Officers for providing leadership in their departments during the process. Further, I appreciate the effort of the Directors and other technical staff from all departments who prepared the departmental annual progress reports 2015/16, programmes and sub programmes and the indicative budgets for 2017/18.

I would like to thank all the economists working under the division of Economic Planning who played a key role in guiding the departments and consolidating the ADP. Special thanks go to the technical team that put together and completed the ADP. The team included: Mr. Linus Ng'eno, Assistant Director Economic Planning and economists Philip Langat, Steller Chebet, Kiprotich Cheruiyot, Winny Chelangat, Rose Chebet and Vincent Tonui.

I am also aware there are many stakeholders and individuals whom I have not named though they actively participated in one aspect or the other in the preparation process. To all those who were involved, I would like to express my personal gratitude for the participation and contribution. The department of Finance and Economic Planning acknowledges that the greater challenge is for us to implement the ADP in order to achieve the county goals and aspirations so as to build a just, equitable and prosperous Bomet County.

**MR. RENNY MUTAI**  
**CHIEF OFFICER ECONOMIC PLANNING**  
**COUNTY GOVERNMENT OF BOMET**

## **EXECUTIVE SUMMARY**

The fourth Annual Development Plan (ADP) for the period 2017/18 was prepared by the Division of Economic Planning in collaboration with all county departments. It is meant to implement the County Integrated Development Plan (CIDP). It has been prepared in line with the Kenya Vision 2030, the Second Medium Term Plan 2012-2017 and the Public Finance Management Act 2012.

The ADP is divided into four chapters. Chapter one provides the background description of the County in terms of its position and size, physiographic and natural conditions, demographic features, administrative divisions, as well as a summary of data essential for making informed choices while planning for development.

Chapter two summarises the annual progress report for the financial year 2015/16. It presents the status of projects and programmes that were implemented by the departments during the financial year 2015/2016. The chapter also highlights major development challenges facing the County.

Chapter three presents priority projects and programmes identified in the CIDP and various forums. The information is presented based on all the departments at the county level. For each of the departments, the vision and mission are stated as well as the objectives, overall outcomes, programme outputs and performance indicators. An indicative matrix detailing programme, delivery unit, and output and performance indicators is also presented.

Chapter four presents indicative budgets for the departmental programmes, sub-programmes and projects for the financial year 2017/2018.

**CHAPTER ONE**  
**COUNTY BACKGROUND INFORMATION**

## **1.0. Introduction**

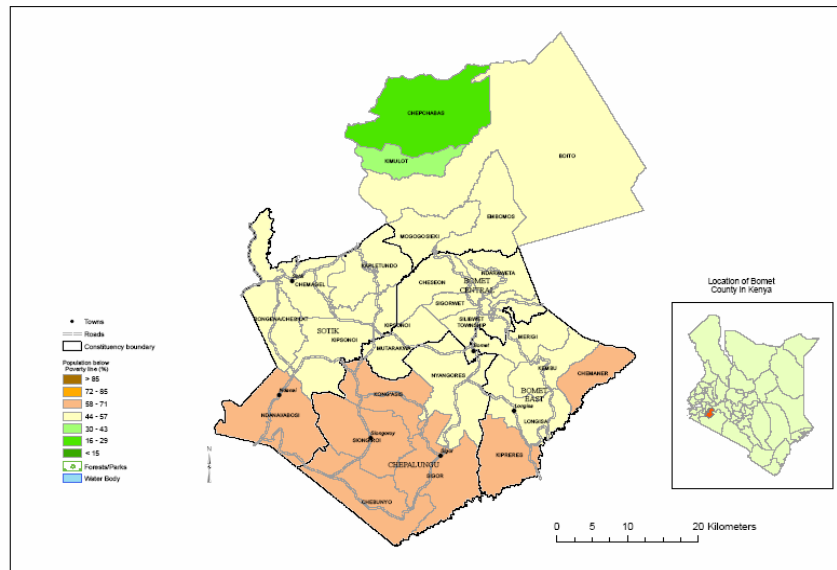

This chapter describes the general information that has a bearing on the development of the County. The information includes relevant data of the County in terms of location, size, physiographic and natural environment, demographic profiles as well as the administrative and political units. Detailed data is presented in the fact sheet which is given in annex 1.

Bomet County lies between latitudes  $0^{\circ} 29'$  and  $1^{\circ} 03'$  south and between longitudes  $35^{\circ} 05'$  and  $35^{\circ} 35'$  east. It is bordered by four counties, namely: Kericho to the north, Nyamira to the west, Narok to the south and Nakuru to the north-east. The County covers an area of  $2037.4 \text{ Km}^2$ .

Figure 1: Map of Kenya Showing Location of Bomet County

**Figure 2: Map of Bomet County**

## **1.1. Physiographic and Natural Environment**

### **1.1.2. Physical and Topographic Features**

A large part of the County is characterized by undulating topography that gives way to flatter terrain in the south. The overall slope of the land is towards the south, except the north eastern part which rises eastwards towards the 3,000m high Mau Ridges. The land slopes gently from Kericho plateau to about 1,800m in the lower area where the land is generally flat with a few scattered hills in Chepalungu and Sigor plain.

The County has several rivers: Kipsonoi river flows through Sotik to Lake Victoria, Chemosit flows through Kimulot in Konoin Sub-County, Nyongores flows from the Mau Forest southwards through Tenwek area, Amalo which originates in the Transmara Forest (Kimunchul) flows along south western boundary of the County, and Tebenik/Kiptiget Rivers which flow along the northern boundaries of the County. Dams are found in the drier zones of Chepalungu, parts of Sotik sub-County and Longisa in Bomet East sub-County.

Bomet County is made up of volcanic as well as igneous and metamorphic rocks. In addition to tertiary lava (phonolites) and intermediate igneous rocks there are basement systems (granite), volcanic ash mixtures and other pyroclastic rocks. Also present are quaternary volcanoes to the south west parts and faults along the Mau escarpment bordering Narok County.

The higher altitudes in the north eastern parts of the County are particularly suitable for tea and dairy farming. The middle part of the County which lies 2,300m above sea level is suitable for tea, maize, pyrethrum and coffee. In the southern parts of the County such as Sigor and parts of Longisa, the main economic activity is livestock production, while milk production is a major economic activity in Sotik sub-County. Areas between 1,800m and 2,300m above sea level are mostly suitable for maize, pyrethrum, vegetables and beef production.

### **1.1.3. Ecological Conditions**

The County borders a long stretch of Mau forest which is an indigenous forest and home to different species of animals and plants. However, due to human encroachment, animal life is threatened and certain species of animals, birds, insects and plants are extinct. Public sensitization on environmental conservation and the need for people to co-exist with other organisms is necessary if this trend is to be reversed. In addition, economic empowerment of the residents is needed to ensure they are able to meet their basic needs and thus promote environmental conservation.

## **1.2. Climatic Conditions**

Rainfall in the County is highest in the lower highland zone with a recorded annual rainfall of between 1000 mm and 1400mm. The upper midland zone which lies west of the rift valley experiences uniform rainfall while in the upper midland zone on the southern part of the County, rainfall is low.

Rainfall is evenly distributed except for the short dry season in January and February. The wettest months are April and May. Overall, there is little break between short and long rains in the whole County. In the extreme south, rains start in November and continue intermittently until June. June to November is the dry season. In the extreme north, rains start towards the end of March and continue intermittently up to the end of December. The temperature levels range from 16<sup>0</sup> C to 24<sup>0</sup> C with the coldest months between February and April, while the hot seasons fall between December and January.

There are abundant water sources and even distribution of rain almost throughout the year. This explains why agriculture and livestock production are main economic activities of the County.

## 1.3 Administrative and Political Units

### 1.3.1 Administrative Sub-divisions

The County is divided into five (5) Sub-Counties (Constituencies), 25 wards, 67 locations and 176 sub-locations as shown in Table 1. The locations and sub-locations are administrative units of the National Government. In addition, the County Assembly passed legislation to create villages/areas which are the lowest administrative units of the County as provided by the County Government Act, 2012.

**Table 1: Administrative Units and Area by Sub-County/Constituency**

Sub-County (Constituency)	Wards	Area in Km <sup>2</sup>	No. of Locations	No. of Sub-locations
Bomet Central	Silibwet Township, Singorwet, Ndaraweta, Chesoen and Mutarakwa	266	8	23
Bomet East	Longisa, Kembu, Chemaner, Merigi and Kiprerer	311.3	10	27
Chepalungu	Sigor, Kongasis, Chebunyo, Nyongores and Siongiroi	535.8	15	42
Sotik	Ndanai/Abosi, Kipsonoi, Kapletundo, Chemagel and Manaret/Rongena	479.2	17	36
Konoin	Kimulot, Mogogosiek, Boito, Embomos and Chepchabas	445.1	16	37
	<b>Total</b>	<b>2037.4</b>	<b>67</b>	<b>176</b>

*Source: Bomet County Development profile 2013*

Chepalungu Sub-County is the largest in acreage covering an area of 535.8 Km<sup>2</sup>, followed by Sotik (479.2 Km<sup>2</sup>), Konoin (445.1 Km<sup>2</sup>) and Bomet East (311.3 Km<sup>2</sup>). Bomet Central is the smallest with an area of 266 Km<sup>2</sup>.

### 1.3.2 Political Units (Sub-Counties/Constituencies and Wards)

Bomet County has five parliamentary constituencies and 25 electoral wards distributed as shown in Table 2.

**Table 2: Bomet County’s Electoral Wards by Sub-County/Constituency**

<b>Sub-County/Constituency</b>	<b>Area (Km<sup>2</sup> )</b>	<b>Number of wards</b>
Bomet Central	266	5
Bomet East	311.3	5
Sotik	479.2	5
Konoin	445.1	5
Chepalungu	539.8	5
<b>Total</b>	<b>2037.4</b>	<b>25</b>

*Source: KNBS 2013*

## **1.4 Demographic Features**

### **1.4.1 Population Size and Composition**

Kenya’s Population was estimated at 38.6 million in 2009 Population and Housing Census growing at about 2.9 percent per annum. The implication of this high population growth rate is a large increase in the section of the population below 25 years. This makes the country classified as youthful country with two-thirds of the population constituting people under age 30years and only 5 percent above 60 years.

The population of Bomet County was estimated at 723,813 in 2009 Population and Housing Census, and has similar features as that of the national population but different demographic indicators. The population was estimated to be 782,531 in 2012 and projected to reach 846,012 in 2015 and 891,168 by 2017 at an estimated population growth rate of 2.7 per cent.

The rapid population growth exerts pressure on the existing infrastructure and provision of services in the County, including pre-primary schools (ECD), primary, secondary and tertiary institutions. It requires greater investments in basic social services and hence exerts pressure on the economy thus limiting prospects of savings and production in a setting where a large population lives below poverty line. A large proportion of labor force is not in gainful employment. The population projections by sex and age cohorts for the period 2009-2017 for Bomet County are as shown in Table3.

**Table 3: Population Projections by Sex and Age-Cohort**

Age Cohort	2009			2012			2015			2017		
	Male	Female	Total	Male	Female	Total	Male	Female	Total	Male	Female	Total
0-4	61,929	58,982	120,911	66,953	63,767	130,720	72,384	68,940	141,324	76,248	72,619	148,867

*Source: KNBS (2009) Housing and Population Census*

From this table, the population of the County has been grouped into three broad economic groups: 0-14 years constitute children, 15-64 years the working or economically active group and 65 years old and above constitute the aged. There is a high concentration of the

population in the age group 0-14, necessitating the need to provide services to support the children. However, half of the population (50.3 per cent) falls within the working age group indicating a rationally high potential for labour force and a fairly low dependency ratio.

Table 4 provides the population projections of the County for the special categories of age groups. This data is useful in analyzing the challenges facing the groups and in formulating recommendations to address the challenges.

**Table 4: Population Projection for Selected Age Groups**

Age groups	2009			2015			2017		
	M	F	Total	M	F	Total	M	F	Total
Under 1	24,442	22,983	47,425	28,568	26,863	55,432	30,093	28,297	58,390
Under 5	74,645	71,072	145,717	87,247	83,071	170,318	91,904	87,505	179,409

Labour (15-64)	178,792	185,388	364,180	208,977	216,686	425,663	220,131	228,252	448,383
Aged Pop (65+)	10,031	12,761	22,792	11,724	14,915	26,640	12,350	15,712	28,062

*Source: KNBS (2009) Housing and Population Census*

**Under 1:** The under 1 age group is projected to increase from 51,272 in 2012 to 58,390 by 2017, while under 5 age group is projected to increase from 157,538 to 179,409 over the same period. This pattern of growth of the two groups requires appropriate planning for the delivery of ante-natal and post natal healthcare services and ECD services. It also points to

the need for the national government to work with the county government in planning for the necessary investments in the education sector to accommodate the increasing demand for ECD education and the number of children coming out of pre-primary schools.

**Age Group 6 – 13 (Primary school going age):** In 2009, the total number of primary school age children was 173,319 is projected to be 202,580 or 24 per cent of the population in 2015. This figure is set to reach 213,393 in 2017.

**Age 14 – 17 (Secondary School going age):** In 2009, the total number of secondary school age children was 70,397. This figure is set to rise to 82,282 and 86,674 in 2015 and 2017 respectively. This signifies that the development should be biased towards creating more post-secondary education institutions to absorb the youths graduating from Secondary schools.

**Age 15 – 30 (Youthful age group):** This age group described as youthful population comprises 207,479 persons as per the 2009 population census. It is expected to rise to 242,507 and 255,451 persons in 2015 and 2017 respectively. Majority of this population will exert pressure on the existing learning facilities as they strive to achieve the required skills hence the need for more investment in tertiary educational facilities.

**Age 15 – 64 (Labour Force):** The 2009 Population census indicates that 50.3 per cent of the county's population are in the category of labour force. This implies that 49.7 per cent of the people are dependants. This scenario portrays a fairly a good picture for the county's economy only if employment opportunities are created to engage the growing labour force so as to support the increasing population of the dependants.

**Age 15-29(The youth)** were estimated at 224,310 in 2012 or 28.7 per cent of the total population and is projected to grow to 255,451 by the year 2017. Although this is the prime age for the County workforce, over 50 per cent are estimated to be unemployed. Employment and skills development policies should target this group.

**The female population in the age bracket (15-49 years)** is projected to have increased to 181,236 in the year 2012 as compared to 167,136 in the 2009 census, accounting for 8.4 per cent increase. This reproductive age group is projected to rise to 205,780 by 2017 representing an increase of 23 per cent. The effect will be increased population in the

County given the high fertility rate of 5.7 and therefore calls for formulation of strategies to address the high population growth rate.

**Age 15-64** constitutes labor force and is projected to grow from 393,723 in 2012 to 448,383 by 2017. This represents 50.3 per cent of the total population and could contribute immensely to the growth of the County if employment opportunities are expanded.

**Age Group 65+ (Aged population):** From Table 4, the population for those aged 65 years and above in 2009 was 22,792 persons. This aged population is projected to increase to 28,062 in 2017. There is therefore a need to scale up programmes catering for the special needs of this aged population including increasing the cash transfer and medical care services.

**Table 5: Population Projection by Main Urban Centres**

Urban Centres	2009			2012			2015			2017			
	M	F	Total	M	F	Total	M	F	Total	M	F	Total	
<b>Bomet</b>	3,635	3,400	7,035	3,930	3,676	7,606	4,249	3,974	8,223	4,475	4,186	8,662	
<b>Sotik</b>	2,734	2,486	5,220	2,956	2,688	5,643	3,196	2,906	6,101	3,366	3,061	6,427	
<b>TOTAL</b>	<b>6,369</b>	<b>5,886</b>	<b>12,255</b>	<b>6,886</b>	<b>6,364</b>	<b>13,249</b>	<b>7,445</b>	<b>6,880</b>	<b>14,324</b>	<b>7,841</b>	<b>7,247</b>	<b>15,089</b>	

*Source: KNBS (2009) Housing and Population Census*

Table 5 shows the projected population of County's main urban centres of Bomet and Sotik from 2012 to 2017. The other major centres are Mogogosiek, Silibwet, Longisa, Sigor and Mulot. The growth of these centres should be promoted as they are conventionally the engines of economic growth.

Bomet town has the highest population of 7,035 with Sotik coming second with an estimated population of 5,220 people according to the 2009 Census. The population of the two towns is projected to increase by 2017 to 8,662 and 6,427, respectively. Proper planning of these urban centres is necessary to provide adequate amenities to the increasing population. It should however, be noted that according to the Urban Areas and Cities Act, 2011 none of the two centres qualify to be a town.

#### **1.4.2 Population Density and Distribution**

Table 6 shows the population size and density by sub-County. The population density of the County was 384 per square kilometers in 2012 and is expected to grow to 415 perKm<sup>2</sup> and

437per Km<sup>2</sup>in 2015 and 2017, respectively.

**Table 6: Population Density and Distribution by Sub County/Constituency**

Sub County	2009		2012		2015		2017		
	Km <sup>2</sup>	Pop	Density	Pop	Density	Pop	Density	Pop	Density
Bomet Central	266	131,527	494	142,197	535	153,732	578	161,938	609
Bomet East	311.3	122,273	393	132,192	425	142,916	459	150,544	484
Sotik	479.2	167,214	349	180,779	377	195,444	408	205,876	430

<b>Total</b>	<b>2037.4</b>	<b>723,813</b>	355	<b>782,531</b>	384	<b>846,012</b>	415	<b>891,168</b>	437

*Source: KNBS (2009) Housing and Population Census*

In 2009, Bomet Central with a density of 494 people per Km<sup>2</sup>, had the highest density followed by Bomet East, Sotik, Konoin and Chepalungu, respectively as shown in Table 6. The population density in Bomet Central is high due to higher land/soil potential in the sub-County; including rich agricultural land, commercial activities, and the largest urban centres (Bomet town). Table7 shows the population projections by sub-County for the period 2012-2017.

**Table 7: Population Projections by Sub-County/Constituency.**

Sub-County	2009 (Census)			2012 (Projections)			2015 (Projections)			2017 (Projections)		
	Male	Female	Total	Male	Female	Total	Male	Female	Total	Male	Female	Total

<b>TOTAL</b>	<b>359,541</b>	<b>364,272</b>	<b>723,813</b>	<b>388,708</b>	<b>393,823</b>	<b>782,531</b>	<b>420,241</b>	<b>425,771</b>	<b>846,012</b>	<b>442,672</b>	<b>448,496</b>	<b>891,168</b>

*Source: KNBS (2009) Housing and Population Census*

Sotik Sub-County had the highest population (167,214) in 2009 housing population census followed by Chepalungu (163,759), while Bomet East Sub-County was the least populated with a population of 122,273 people. The female to male ratio is almost 1:1 in all the Sub-Counties.

**CHAPTER TWO**  
**ANNUAL PROGRESS REPORT FOR THE**  
**FINANCIAL YEAR 2015/2016**

## 2.0. Introduction

This chapter discusses the progress made by each department while implementing projects and programmes in the financial year 2015/2016

### 2.1. Administration

Project Name	Location	Estimated cost in kshs	PAID 2014/15	Expenditure by 30.06.2016 Kshs	Activities	Performance indicator
Governor's Guest house	Headquarters	7,200,000	-	3,923,324.00	Construction of county offices	Offices constructed
Governor's offices	Headquarters	31,500,000	7,660,859	24,455,811.50	Construction of county offices	Offices constructed

**CHAPTER THREE**  
**PROGRAMME OUTPUTS AND PERFORMANCE**  
**INDICATORS**

### **3 Introduction**

#### **3.1 Administration and Public Service**

The sector coordinates all the sectors in the County and is mandated to provide the necessary facilities to enable the sectors to operate effectively and efficiently. The sector was allocated KShs.60 Million for its operations in the FY 2016/2017. However, the sector intends to seek an allocation of Kshs. 102 Million for the next financial year 2017/2018.

#### **Vision**

To be the leading County in provision of quality and efficient services to the public and other stakeholders

#### **Mission**

To create a conducive environment for the effective and efficient delivery of services and management of resources, implementation and coordination of government programs and activities

#### **Programme Objectives/Overall Outcome**

##### **Programme 1: Policy development**

**Objective:** To provide overall policy direction, legal, strategic leadership and support

##### **Programme 2: Infrastructure development**

**Objective:** To provide conducive enabling environment in line with occupational health and safety regulations

##### **Programme 3: Administrative services**

**Objective:** To provide skilled, financial and technical human resource capacity and adequate communication network

## Programme Outputs and Performance Indicators

Programme	Delivery unit	Outputs	Performance indicators	2017/18
<b>Name of the programme: Policy Development</b>				
<b>Outcome: Improved operations and program support</b>				
Policy Development	Administration and Public Service	Policies Developed	Reports Completed policies	12 Acts
<b>Name of the programme: Infrastructure Development</b>				
<b>Outcome: Improved supervision and service delivery</b>				
Infrastructure Development	Administration and Public Service	No of completed Offices	Site meeting minutes Reports	18
<b>Name of the programme: Administrative Services</b>				
<b>Outcome: Improved capacity of personnel to deliver services effectively</b>				
Administrative Services	Administration and Public Service	Number of personnel deployed	List of personnel Records	
	Administration and Public Service	Number of technical services/skilled manpower provided	Reports	
	Administration and Public Service	Number of Vehicles availed to respective departments	Records Report	130

### 3.2 Finance

Finance monitors, evaluates and oversees the management of public finances and economic affairs of the county. Its responsibilities include prudent financial management, budgeting and revenue collection. It is also in charge of resource mobilization, formulation and review of all the financial policies.

#### Vision

To be a leader in prudent financial management

## Mission

To effectively coordinate county government financial operations for rapid and sustainable development

## Strategic priorities that guide the identification and prioritization of strategic programmes

1. Use of reliable ICT infrastructure
2. Improvement in revenue collection
3. Enhancement of efficiency in resource allocation and utilization

## Programmes and objectives

Programme	Objective
Financial management services	To mobilize and prudently manage financial resources
Policy and administration services	To ensure smooth operations and efficient service delivery

## Programme Outputs and Performance Indicators

Programme	Delivery unit	Outputs	Performance Indicators	Targets
				2017/2018
Programme 1: Financial management services				
Outcome: Improved financial management services				
Programme 1: Financial Management Services	Finance	Revenue collection enhanced	Amount of local revenue collected	247.4 Million
		External resource mobilized	Growth in financial resources mobilised externally	10%
		Financial procedures developed	No. of procedures developed	2

### **3.3 Economic Planning and Development**

The mandate of the department of Economic Planning and Development is county development planning, and monitoring and evaluation. The core functions of the department are: economic planning and policy, economic development, statistics, monitoring and evaluation, spatial planning and urban planning and policy.

#### **Vision**

To be a department of excellence in planning for rapid and sustainable development

#### **Mission**

To undertake economic, urban and spatial planning and effectively track projects and programme implementation for enhanced county economic growth and development

#### **Programme Objectives and Overall Outcome**

##### **Programme 1: Policy and administration**

**Objective:** To formulate policies for efficient service delivery

##### **Programme 2: Planning Services**

**Objective:** To prepare plans for socioeconomic development

##### **Programme 3: Monitoring and evaluation services**

**Objective:** To conduct monitoring and evaluation of programmes, projects and policies for effective implementation

## Programme Outputs and Performance Indicators

Programme	Delivery Unit	Outputs	Performance indicators	2017/2018
<b>Programme 1: Policy and Administration</b> <b>Outcome: Improved service delivery</b>				
<b>Programme 1.1</b> Policy and administration	Planning unit	Policies developed	No of policies	1
<b>Programme 2: Planning services</b> <b>Outcome: Improved planning</b>				
<b>Sub Programme.2.1</b> Economic Planning and Coordination services	Planning Unit	Annual Development Plans drafted CIDP 2 developed 2018-2022 Strategic plans developed	No of Development Plans prepared CIDP 2 approved Number of strategic plans	1 1 5
<b>Sub Programme 2.2</b> Development of County Statistics	Statistics Unit	data collected and processed	Operational Data base	1
<b>Sub-programme 2.3:</b> Spatial planning	Spatial planning unit	Spatial plan developed	No of spatial plans	1
<b>Programme 2.4:</b> Urban planning	Urban planning unit	Urban plan developed	No of urban plans	1
<b>Programme 3: Monitoring and evaluation services</b> <b>Outcome: Improved project implementation</b>				
<b>Sub Programme.3.1</b> Monitoring and evaluation	M&E Unit	M&E exercise done	No of M & E reports	5

### 3.4 ICT, Training and Industry

The department is responsible for: development of trade policy and promotion of retail and wholesale trade, promoting private sector development, fair trade practices, consumer protection and regional trade, provision of incentives necessary for the establishment of industries and investments by enactment of investment-friendly legislation and establishment of industrial parks, marketing and management of Bomet County as a tourist destination. The department is also charged with the development, promotion and maintenance of ICT infrastructure and it provides training services at the Centre of Devolved Governance (CDG).

**Vision:**

A dynamic industrial and globally competitive county that thrives as a destination of choice for trade, tourism, investment and industrial development

**Mission:**

To facilitate creation of a conducive environment for sustainable trade, investment, tourism and a vibrant industrial base.

**Strategic priorities that guide the identification and prioritization of strategic programmes**

- Enhancement of reliable ICT infrastructure
- Provision of clean renewable and affordable energy
- Provision of conducive environment for trade and industry

**Programme: Objectives and Overall Outcome****Programme 1: Tourism development**

**Objective:** To promote the growth and development of sustainable tourism sector

**Programme 2: Energy development**

**Objective:** To promote affordable renewable energy

**Programme 3: Trade development**

**Objective:** To promote the growth and development of the trade sector

**Programme 4: ICT Development**

**Objective:** To develop ICT infrastructure, procure and install public service delivery systems for efficient and effective service delivery.

**Programme 5: Industrial development and Support**

**Objective:** To promote a vibrant industrial sector

**Programme output and performance indicators**

<b>Programme/ sub- programme</b>	<b>Delivery Unit</b>	<b>Outputs</b>	<b>Performance indicators</b>	<b>Target</b>
Tourism development	Tourism sector	ecotourism Site developed	Site fenced	1
	Tourism	Bomet county marketed	Number of marketing events	7

	sector		held	
Energy Development	Energy sector			
		Market centres connected with power	Number of market centres connected with power	30
		Households provided with alternative sources of energy	Number of households provided with alternative sources of energy	500
		Bomet Power Company established	An Act establishing the company in place	1
		street lighting installed	Number of street lights installed	200
Trade Development	Trade	Domestic and International market Developed	Groups linked to external and local markets through EPC	14 Groups linked to external markets
		Shoe shiner and Boda Boda sheds constructed	No of Shoe shiners and Boda Boda sheds constructed	Six sheds constructed
		Training SMEs on entrepreneurship	No of SMEs trained	500 SMEs trained
	Trade	Conducting SME profiling	No of SMEs profiled	1800 SMEs profiled
		Establishing an SME database	SME database established	SME database in place
	Trade	Consumer protection policy in place Weights and Measures act in place	No. of businesses complying to the policy Number of weighing instruments inspected and stamped	800 Weighing scale stamped and verified
		Trade	Grant to Bomet JLB loaned	No. of successful loan applicants
	JLB Software established		Capacity of JLB system	Software in place
	ICT Development	ICT unit		1. Implementation and review of policies, plans and bills 2. Reliable ICT infrastructure
ICT infrastructure in place				
Information systems in place			1.Reliable information systems	Automate at least 2 functions

		<i>jua kali</i> artisans trained	No of <i>jua kali</i> artisans trained	800
		<i>Jua kali</i> sheds constructed	No of <i>Jua kali</i> sheds operational	25
Industrial development	Industry unit			

### 3.5 Roads, Public Works and Transport

The department contributes to the development of county infrastructure with a view to accelerating economic development and ultimately in the reduction of poverty by facilitating mobility of goods and services through opening up rural areas access roads, grading, graveling construction of bridges and culverts and regular maintenance. The estimates of the total expenditure for the FY 2017/2018 is Kshs. 446,156,244

#### Vision

To have high quality, accessible, sustainable and efficient county road network and public structures

#### Mission

To design, construct, maintain and manage county road networks and public structures for socio-economic development.

#### Programmes and objectives

S/NO	PROGRAMMES	OBJECTIVES
1	Road construction	To upgrade the road network to gravel status and increase connectivity in the county.
2	Bridges and culverts	To design and construct bridges hence reducing distance of travel
3	Vehicle maintenance and fleet management	To ensure efficient utilization of the county vehicles and minimize maintenance costs

#### Programme outputs and performance indicators

Programme	Delivery Unit	Outputs	Performance Indicators	Target 2017-2018
<b>Name of Programme 1 - Road construction and Installation of culverts</b>				

Programme	Delivery Unit	Outputs	Performance Indicators	Target 2017-2018
<b>Sub- Programme.1</b> Road construction and culvert installation	Roads	Roads upgraded to gravel status	No. of kilometers of roads graveled to connectivity status No of culverts installed	500Km 200 culvert
<b>Name of Programme 2 - Construction of bridges</b>				
<b>Sub-Programme 1.</b> Construction of bridges	Public Works	Bridges constructed	No of bridges constructed	7
<b>Name of Programme 3 - Vehicle Maintenance and Fleet Management</b>				
<b>Sub - Programme 1</b> Construction and equipping of a modern workshop	Transport	Operational and equipped workshop constructed.	Operational and equipped workshop	1

### 3.6 Water and irrigation

#### **Strategic priorities that guide the identification and prioritization of strategic programmes**

The Department plays a critical role in ensuring that residents of Bomet County have access to clean, safe and reliable water. In this respect, development, rehabilitation and upgrading of water supply infrastructure is key in order to ensure efficiency in management of water resources, expansion of supply coverage and reduce the average walking distance to clean and safe water sources. Over the 2017/18 financial year, it strives to complete and commission all the ongoing water projects, expand supply coverage and protect, rehabilitate & develop water points. Additionally, the Department offers technical and financial support to community-based water projects across the County.

#### **Vision**

To be a leading sector in sustainable management of water resources for the prosperity of Bomet County

#### **Mission**

To develop, conserve, utilize, protect and sustainably manage water resources for improved livelihoods for the people of Bomet County

## Programmes and objectives

Programme	Objective
Planning and Administrative Services	To facilitate smooth operations for efficient service delivery
Development of water supply infrastructure	Improve water supply efficiency and expand coverage

## Programmes output and performance indicators

Programme/Sub-programme	Delivery units	Outputs	Performance indicators	Target 2017/18
Development of water supply infrastructure	Water	Water supply infrastructure developed	No of water supply infrastructure developed	
BIDP program	Water	Upgraded Sigor and Sergutiet water supplies	Improved efficiency and supply coverage of Sigor and Sergutiet water supplies	Operationalize Sigor and completion of Sergutiet water supplies
Development, rehabilitation & protection of water points and community sensitization	Water	2 springs per Ward protected	Increased number safe water sources	50 springs
Development of water supply infrastructure for Agricultural purpose	Irrigation	Increase beneficiaries and irrigable area	Increased number of beneficiaries and irrigable area	1 operational scheme each in Bomet East, Chepalungu and Sotik sub-counties.  2 operational Greenhouses each in Konoin and Bomet Central sub-counties
Resource mobilization	Water	Developed water supply infrastructure.	Amount of resources for development of water supply infrastructure	

## 3.7 Social Services

### Vision

To be a leader in provision of social support services that spur economic growth for quality life to all citizens.

### Mission

To enhance the capacity of communities through prudent social support policies and programmes, to identify, plan, and implement sustainable socio-economic activities towards improvement of the standards of living.

### Programmes and Objectives

#### Programme 1: Social Development and Services

Objective: To improve living standards and reduce poverty levels in the county

#### Programme 2: Youth and sports

Objective: To improve participation of youths in business and sports activities

#### Programme 3: Culture and library services

Objective: To inculcate an informed, enlightened and culturally rich community.

### Programmes and sub-programme outputs and performance indicators

Programme/Sub Programme	Delivery Units	Outputs	Performance Indicators	Target 2017/2018
<b>Name of Programme 1: Social Development and Services</b>				
<b>Outcome: Improved living standards and reduced poverty levels in the county</b>				
S.P 1.1 Gender Development	Gender and Children	Skills training conducted, Gender policy in place and community sensitized on Gender awareness	Number of men and women trained Operational gender policy	2,500 1
S. P.1.2 Child protection services	Gender and children	Children homes supported SNIs supported	No of Children homes supported No of SNIs supported	10 CCIs 10SNIs
S.P 1.3 Social protection for the elderly	Social protection	Old persons access basic needs and improved standards of living	Number of elderly persons supported	16,000
S.P 1.4 PWDs support services	Social protection	Improved livelihood, PWD become independent and	Number of PWSD supported	1000

		improved standards of living		
<b>Name of programme 2: Youth and sports</b>				
Outcome: improved participation of youths in business and sports activities				
S.P 2.1 Revitalization of youth programmes	Youth and Sports	Youth trained on Entrepreneurship skills training.	Number of Youth trained	5,000
S.P 2.2 Development of Sports talents	Youth and Sports	Talents nurtured and improved livelihood	Number of athletes supported	15,000
S.P 2.3 Development of sporting facilities	Youth and Sports	Established sporting facilities	Number of sporting facilities developed	5
<b>Name of Programme 3: Culture and library services</b>				
<b>Outcome: Informed, enlightened and culturally rich community</b>				
S.P 3.1 Promotion of cultural preservation	Culture and Library Services	Promotion of cultural preservation. Cultural exchange and dialogue	Number of cultural centers set up No of culture days marked	2 2
S.P 3.2 Support to community libraries	Culture and Library Services	Refurbished and equipped libraries	Number of libraries supported	5

### 3.8 Agribusiness and Cooperatives

The sector is critical for economic growth, food security, employment creation and poverty reduction in the county. This sector is structured into seven directorates namely; Agriculture & Crops, Livestock & Fisheries, Veterinary Services, Value addition, Cooperatives and Marketing.

The challenges facing the sector include unfavorable climatic changes, low productivity, developing marketing infrastructure and value addition. Over the 2017/2018 MTEF, the sector aims to address the above challenges by raising agricultural productivity through exploiting irrigation potential, improving commercialization, enacting of favorable legal and

policy framework and strengthening of agricultural institutions. For FY 2017/18, the sector seeks an allocation of Kshs **428,745,082**.

**Vision**

To be the leading player in transformation of the County agricultural sector into an innovative, food secure, commercially oriented, competitive and modern industry.

**Mission**

To transform the agricultural sector enterprises through innovation, technical and improved access to financial services leading to competitive products that contributes to county’s economic development and food security.

**Programmes and Objectives**

**Programme 1: Crop Development and Management**

**Objective:** To enhance dissemination of agricultural information to the farming communities for adoption of modern technologies, improved agricultural productivity, food security and nutrition and improved farm incomes.

**Programme 2: Cooperative, hub development, enterprise support, value addition and Marketing**

**Objective:** To improve access to affordable credit through cooperatives, agricultural production, enhance value addition and accessibility to market.

**Programme 3: Livestock Development and Management.**

**Objective:** To increase livestock production, productivity, health and improve livestock products and by- products to enhance food security and incomes in the County

**Programme 4- Veterinary Services**

**Outcome:** To Improve livestock health and safety

**Programme 5: Agricultural Training Centre**

**Objective:** To provide quality agribusiness training services to the farmers in the county to enable them adopt to the new farming technologies.

**Summary of the Programme Outputs and Performance Indicators**

<b>Programme</b>	<b>Delivery Unit</b>	<b>Outputs</b>	<b>Performance Indicators</b>	<b>Target 2017/2018</b>
<b>Programme 1: Crop development and management</b>				

<b>Programme</b>	<b>Delivery Unit</b>	<b>Outputs</b>	<b>Performance Indicators</b>	<b>Target 2017/2018</b>
<b>Outcomes: Improved agricultural productivity, food security and farm incomes</b>				
<b>Sub programme 1</b> Promote cash and food crop development	Agriculture	Improved agricultural productivity.	Kgs of cash and food crop produced, % Increase in incomes	Pyrethrum 15000kgs, Coffee 20000kgs  20% increment of food cash crop incomes.
<b>Sub programme 2</b> Horticulture and other alternative crops	Agriculture	Improved productivity	Area under Horticulture (Ha)	700 ha
<b>Sub programme 3</b> <b>Agricultural engineering services</b>	Agricultural Engineering	Increased agricultural productivity and promotion of modern technologies	No of machinery acquired, No of drip Kits installed. Area under Irrigation systems No of Farm families No. of Stores constructed	10 Machines, 300 Drip Kits 75 Acres  600 Farm families
<b>Sub programme 4</b> <b>Food Stores</b>	Agriculture	Bulking of farmers produce		25
<b>Sub Programme 5</b> seed subsidies	Agriculture	Increased productivity for food crops	Seeds distributed and utilized,	4,000Kgs Finger Millet, Beans, and Sorghum.
<b>Sub Programme 6</b> Promotion of alternative food crops	Agriculture	Improved food security through alternative food crops	No of alternative food crops introduced	3 crops: sweet potatoes , Arrow roots, cassavas
<b>Programme 2: Agri-business development and marketing</b>				
<b>Outcome: Improved market access for agricultural produce through value addition and improved credit access.</b>				
<b>Sub Programme 1</b> Establishing and strengthening cooperatives for each priority production  County Enterprise Development Fund	Cooperative	Increased incomes and market access for agricultural produce  Enhanced credit access by farmers and cooperatives	No of cooperatives registered, No of cooperatives trained.  Amount of funds disbursed	500 cooperatives  500  120 Million

<b>Programme</b>	<b>Delivery Unit</b>	<b>Outputs</b>	<b>Performance Indicators</b>	<b>Target 2017/2018</b>
<b>Sub Programme 2:</b> Hub development and value addition	Value addition	Enhance value addition in the county.	No of hubs developed operationalized, No. of value addition centres	21 4
<b>Sub Programme 3:</b> Market development and infrastructure	Marketing	Improve market access	No of market outlets developed No of marketing trucks acquired No of cooperatives and groups linked to markets % increase of income to farmers	4 4 30 20
<b>Name of Programme 3- Livestock Development and Management</b>				
<b>Outcome: Increased livestock productivity and improved access to markets for livestock and livestock products</b>				
<b>Sub Programme.1</b> Dairy Development	Livestock Production	Dairy productivity increased	Litres of milk produced per day, % increase in incomes of households dependent on dairy, Periodic reports	50 million Litres/year  10% Monthly ,quarterly , semi annuals and annual reports
<b>Sub Programme 2.</b> Poultry Development	Livestock Production	Poultry productivity increased	No. Chicks hatched, No. Chicken, eggs sold Periodic reports	150,000 chicks 850,000 eggs Monthly, quarterly, semi annuals and annual reports.
<b>Sub Programme 3:</b> Fisheries Development	Fisheries	Fish productivity increased	Fish ponds constructed, No Fish ponds stocked, Fingerlings distributed, No of Periodic reports	21 new fish ponds 500 ponds 500,000 fingerlings 4 reports
<b>Sub Programme 4:</b> Pasture & Fodder Development	Livestock Production	Improved pastures, Conserved feeds	Acreage under ley pasture, No of Hay bales harvested per acre /year	10,000 acres 750

<b>Programme</b>	<b>Delivery Unit</b>	<b>Outputs</b>	<b>Performance Indicators</b>	<b>Target 2017/2018</b>
			No Periodic reports	4
<b>Sub Programme 5</b> Dairy & Poultry Processing facility establishment	Livestock Production	Processing plant	No of processing facilities No of Processed products, Periodic reports	2 2 4
<b>Name of Programme 4- VETERINARY SERVICES</b>				
<b>Outcome: Improved livestock health and safety of livestock and livestock products</b>				
<b>Sub Programme 1</b> Disease control	Veterinary department	Decrease in disease outbreaks	No of Animals vaccinated	165,000
<b>Sub Programme 2</b> Veterinary Public Health	Veterinary department	Improved standards of slaughter slabs	No of Slaughter slabs renovated/ established	6 slabs
<b>Sub Programme 3</b> Breeding Infrastructure development	Veterinary department	Increase AI services and Embryo Transfers	No of Calves borne from AI services and Embryo Transfer	10000 10
<b>Sub Programme 4</b> Abattoir Development	Veterinary department	Modern abattoir built	No of modern abattoirs	6
<b>Programme 5: Agricultural Training Centre</b>				
<b>Sub Programme 1:</b> Development of Bomet Agricultural Training Centre	Agriculture	Modern Training Centre	Hostels constructed and used Conference facility constructed	1 1
<b>Sub Programme 2:</b> Development of Embomos Tea farm	Agriculture	Formation of the tea agency and development of the tea cottage industry	No of agencies registered , No of cottages developed	1 1

### 3.9 Lands, Public Health and Environment

**Vision:**

A leading department in land administration, housing and urban management for sustainable development of the County

**Mission:**

To improve livelihoods through efficient urban development, coordination, land administration, adequate and accessible housing for all

**Programmes and their objectives**

Programmes	Objectives
Land Policy and Planning	To improve land use planning and management, centralized land information and sustainable development
Housing Development and Human Settlement	To facilitate provision of quality, accessible, affordable, adequate and sustainable human settlement in the County
Urban Development	To achieve efficient and sustainable urban development in the County
Public health preventive and promotive services	To enhance disease prevention and promote a healthy behavior
Environmental Management and protection	To Conserve and manage natural ecosystem and ensure proper management of solid waste.

**Programme and performance indicators**

Programme/ sub- programme	Sub Programmes	Delivery units	Outputs	Performance indicators	Target(s) 2017/18
<b>Land Policy and Planning</b>	SP.1. Land Acquisition	Lands	Parcels of land acquired for public utilities	No of parcels of land acquired	30
	SP.2. Demarcation and beaconing	Lands	Public utilities and trading centres demarcated and beaconed	No of Public utilities and trading centres demarcated and beaconed	100
	SP3. Topographical	Lands	Topographical maps developed	Number of topographical	10

<b>Programme/ sub- programme</b>	<b>Sub Programmes</b>	<b>Delivery units</b>	<b>Outputs</b>	<b>Performance indicators</b>	<b>Target(s) 2017/18</b>
	Surveys			maps developed.	
	SP.4. Research and feasibility studies (Physical Planning)	Lands	Physical plans approved	No of Completed plans	5
<b>Urban Development</b>	SP.1. Urban transport infrastructure (stages)	Urban Development	Storm water drains lined; Roads graded and graveled;  Bus park improved;	Length of storm water drainage; Length of roads graded and graveled; Number of bus park improved;	1600m 6km  1
	SP.2. Other infrastructure and civil works (Market sheds and waste management)	Urban Development	Stalls fabricated Fire equipment acquired	No of stalls fabricated No of fire equipment acquired	350 2
	SP.3. Street lighting	Urban Development	Street lighting installed in urban centers	No of urban centers covered	5
Housing Development	SP.1. Maintenance of buildings	Housing	Houses refurbished offices refurbished	No of houses refurbished No of offices refurbished	10 4
Public health preventive and promotive services	Sanitation	Public Health	Sanitation promoted  Community health workers(CHWs) trained on various components of primary Health care in all the sub-counties	Number of households with latrines. Number of community health workers trained	100% latrine coverage.  20
	Malaria Control	Public Health	Insecticide Treated Nets (ITNs) provided;	Number of households using	200,000

<b>Programme/ sub- programme</b>	<b>Sub Programmes</b>	<b>Delivery units</b>	<b>Outputs</b>	<b>Performance indicators</b>	<b>Target(s) 2017/18</b>
	Program		Communities sensitised on importance of net use; Encourage referral of all cases of fever for malaria test;	Insecticide Treated Nets (ITNs) Number of sensitization fora Number of malaria reported cases	25  10% reduction
	Medical Waste Management	Public Health	Incinerators Constructed ,	Number of incinerators constructed	20
	Vector and disease control	Public Health	Insecticides applied to households infested with insects; swamps and dams larvicided; IR sprayed on all dwellings; Food stores and other dwellings de-ratted;	Number of interventions done	10% reduction of vector and other insects
	Nutrition	Public Health	Good health and nutrition practises promoted in all life cycles.  Public health and nutrition personnel recruited	Number of support groups; Number of kitchen gardens; No of Public health and nutrition personnel recruited	30
Environmental management and protection	Solid waste management	Env't & Nat. Res	Reduced land, air & water pollution	Level of pollution reduced	20% reduction of pollution
			Improved solid waste management disposal	Tonnage of solid wastes managed	80% of solid wastes managed
			compartmentalized trailer purchased	Number of Trailers purchased	1
			Constructed and installed incinerators for management of hazardous wastes	Number of incinerators installed	1

Programme/ sub- programme	Sub Programmes	Delivery units	Outputs	Performance indicators	Target(s) 2017/18
			Acquired and fenced land for dumpsites	Number of acreage acquired	10
			Procured and installed litter bins	Number of bins procured	30
			Value added in recyclable wastes	Amount of wastes recycled No. of people employed in waste recycling	30% of recyclable wastes
Conservation and management of natural ecosystem	Urban beautification	Env't & Nat. Res	Beautiful urban areas	Level of beautified urban areas	20 % of the avenues
	Promotion of agroforestry	Env't & Nat. Res	Established tree nurseries	No. of tree nurseries established	25
	Soil and water conservation	Env't & Nat. Res	Soil and water conservation services delivered	No. of terraces laid No. of check dams build	5% of vulnerable areas
	Riparian protection	Env't & Nat. Res	Protected riparian areas	Number of acres of eucalyptus removed	5 % of current area under Eucalyptus

### 3.10 Education and Vocational Training

The department is charged with the responsibility of supervising the provision of Early Childhood Development and Education, and vocational training.

#### Vision

To be the leading and dynamic provider of quality, equitable and accessible care, education, training and research

#### Mission

To foster county socio-economic development by providing sustainable and adequate facilities, skills and knowledge to county residents

### Programme objectives and overall outcome

#### Programme 1: Policy, Planning and General Administrative services

**Objective:** Enhance efficient and effective operational policies and guidelines

#### Programme 2: Early Childhood Development and Education

**Objective:** Increase access, equity and provide quality education in the county

#### Programme 3: Technical, Vocational, Educational and Training

**Objective:** Promote access to skills training and employability.

### Programme Outputs and Performance Indicators

Programme	Delivery Unit	Outputs	Performance Indicators	Target		
					2017/18	
<b>Name of Programme 1 : Policy, Planning and General Administrative services –</b>						
<b>Outcome: Efficient and effective operational policies and guidelines</b>						
<b>Sub Programme.1</b> Mobilization and awareness	Education & VTI	Awareness Created	Number of ECD assistants and BOM members sensitized		2400 ECD assistants 9600 BOM members	
<b>Sub Programme 2</b> Bursaries and support services	Education	Bursaries awarded	Number of students receiving bursaries		120	
<b>Name of Programme 2 – ECD AND EDUCATION</b>						
<b>Sub Programme 1:</b> Development of ECD Infrastructure/ Refurbishment	ECD and Education	ECD Model Centres constructed  Furniture in ECDE supplied  Classes, toilets and other facilities refurbished	Number of new model ECD centres constructed  No of tables and chairs procured Number of classes, toilets and other facilities redurbished		154  2000  44	
<b>Sub Programme 2:</b> Educational	ECD and Education	Education infrastructure increased	92 pry and 104 sec constructed and 2000	-	Additional 154 ECD centres and 2000	-

Programme	Delivery Unit	Outputs	Performance Indicators	Target		
					2017/18	
Infrastructure			furniture procured		furnitures to be procured	
<b>Sub Programme 3:</b> Support for needy children	ECD and Education	Needy children Supported	Number of needy children supported	-	400	-
<b>Programme 3(Technical Vocational Educational and Training)</b>						
<b>Sub Programme 1:</b> Infrastructure Development and Expansion	<b>Voc. Training</b>	Tools and Equipment purchased  workshops, dormitories and toilets constructed	No tools and equipment delivered  Number of workshops, dormitories and toilets constructed	-	20	-

### 3.11 Medical Services

The sector goal is to provide adequate and equitable health care to the citizens. In the medium term, the County Government will seek to address the goal through continued investment in training of health professionals, provision of medical services, medical services infrastructure and improvement in the working conditions of medical practitioners.

#### **Vision**

An efficient and high quality health care system that is accessible, equitable and affordable for every Kenyan

#### **Mission**

To promote and participate in the provision of integrated and high quality promotive, preventive, curative and rehabilitative health care services to all Kenyans

#### **Strategic priorities that guide the identification and prioritization of the strategic programmes**

The current constitution stipulates the provision of health services at the highest attainable standards.

## Programmes and their Objectives

### Programme 1: policy and administration

**Objective:** To provide an enabling environment for quality health services delivery

### Programme 2: preventive and promotive health care

**Objective:** To increase access to preventive health care service

### Programme 3: curative health service

**Objective:** To increase access to curative health care services

### Programme 4: maternity and child health care

**Objective:** To improve maternal and child health

## Programme Output and Performance Indicators

Programme/sub-programme	Delivery units	Outputs	Performance indicators	Target(s) for 2017/18
<b>1. Policy and administration</b>				
1.1 Policy development	Medical services	Policies/SOPs availed	No. of policies developed	1
1.2 Support to health facilities		Financial and technical support	No. of health facilities supported	143
<b>2. Curative health services</b>				
2.1 Supply of medical commodities	Health facilities	Drugs and commodities supplied	No. of facilities supplied with commodities quarterly	143
2.2 Referral services		Improved linkage and referral and provision of ambulance services Health facilities	No. of ambulances hired	6

2.3 Equipment of health facilities		with essential medical equipment	No. of assorted medical equipments purchased	152
2.4 Infrastructural development to health facilities		Improved infrastructure	Number of facilities with improved infrastructure	143
2.5 Managed equipment service(MES)		Specialized diagnostic and theatre equipment availed and serviced	Number of hospitals with specialized diagnostic and theatre equipment	2

**CHAPTER FOUR**  
**PROGRAMME AND SUB-PROGRAMME BUDGETS**

## 4.0. Introduction

The chapter presents the budgets for the sector programmes and sub-programmes for the financial year 2017/2018.

### 4.1. Administration

Programme and Sub Programme financial Requirement for FY 2017/2018

<b>Programme</b>	<b>Estimates 2017/18</b>
<b>Programme 1:Overall Policy Direction and Leadership</b>	
SP.1 Policy Development	1,200,000.00
<b>Programme 2:Infrastructure</b>	
SP 1.Construction of phase III county headquarters office	15,000,000.00
SP.2. Construction of phase II five sub-county offices	10,500,000.00
SP.3.Completion of pending ward offices	15,300,000.00
<b>Total Expenditure of Programme 2</b>	<b>42,000,000</b>
<b>Programme 3: General Administrative Services</b>	
SP.1. Human Resource Development & management	15,150,000
SP 2. Legislation and Advisory Services	8,616,000
SP.3.County communication Services	2,808,000
<b>Total Expenditure of Programme 3</b>	<b>26,574,000</b>
<b>GRAND TOTALS</b>	<b>68,574,000</b>

## 4.2. Finance

Programme and Sub Programme financial Requirement for FY 2017/2018

Programme	Details	Estimates 2017/2018
<b>Programme 1:</b> Financial Management Services	Purchase of revenue software	10,000,000
<b>SUB TOTAL</b>		<b>10,000,000</b>
<b>Programme 2</b> Policy and administration services	Purchase of ICT networking and Communications Equipment	6,700,000
<b>SUB TOTAL</b>		<b>6,700,000</b>
<b>TOTAL</b>		<b>16,700,000</b>

## 4.3. Economic planning and Development

Programme and Sub Programme financial Requirement for FY 2017/2018

Programme	Details	Estimates 2017/2018
<b>Programme 1</b> Policy and Administration		<b>500,000</b>
<b>Programme 2</b> Planning Services		
Sub-Programme 2.1 Economic Planning and coordination services	Preparation and completion of the annual development plans	500,000
	Generation of CIDP 2	2,000,000
	Development of strategic plans	1000,000
Sub-Programme 2.2 Development of County Statistics	Baseline surveys and authentications/ verification of county profiles	2,000,000
Sub-Programme 2.3 Spatial Planning	Spatial Planning	20,000,000
Sub-Programme 2.4 Urban Planning	Urban Planning	2,500,000
Programme3 .Monitoring and Evaluation	Project/programme monitoring and evaluation	2,000,000
	Preparation and analysis of M&E Reports	500,000
	Dissemination of M&E Reports	250,000
<b>GRAND TOTAL</b>		<b>31,250,000</b>

#### 4.4. ICT, Training and Industry

Programme and Sub Programme financial Requirement for FY 2017/2018

S/NO.	Programme/Sub-Programme	Details	2017/18
1.	Energy Development		
		Power generation and distribution	6,600,000
		Low cost energy services	2,200,000
	<b>SUB-TOTAL</b>		<b>8,800,000</b>
2.	Trade Development	Training SMEs on entrepreneurship	1,200,000
		Grant to Bomet JLB	3,500,000
		Market research and surveys(Establishing SME database)	500,000
		Fair trade and consumer protection Purchase of weights and measures instruments	1,100,000
	<b>SUB-TOTAL</b>		<b>6,300,000</b>
3	<b>P1: ICT Development</b>		
	<b>SP1 ICT Infrastructure and connectivity</b>	Development of ICT Network infrastructure at ward level	5,000,000
		Purchase of computers and software	15,000,000
		Internet connectivity in one more health facility per sub county	2,500,000
		Install Biometric system in key buildings	2,500,000
		Installation of network infrastructure in new Offices at Sub county and ward level	15,000,000
	<b>SP2 Public Service Delivery Systems</b>	Automate Registry and Health facilities	13,000,000
	<b>SUB TOTAL</b>		<b>53,000,000</b>
4	<b>Industrial Development</b>		
		Development of strategic frame work for Juakali/SME Sector	2,500,000

		Industrial development and support	26,000,000
5	Tourism development	Development of Ecotourism sites and marketing	4,000,000
	<b>Total</b>		<b>32,500,000</b>
	<b>GRAND TOTAL</b>		<b>100,600,000</b>

The total budget requirement for ITI for the FY 2017/2018 is **Kshs. 100,600,000**

#### 4.5 Roads Public Works and Transport

Programme and Sub Programme financial Requirement for FY 2017/2018

S/NO	PROGRAMME	SUB PROGRAMME	BUDGET
1	Road construction and culvert installation	Road construction	295,281,975
		Culvert installation	14,762,002
2	Bridges		136,112,267
	<b>TOTAL</b>		<b>446,156,244</b>

#### 4.6 Water Services

Programme and Sub Programme Financial Requirement for FY 2017/2018

	Programme	Sub-Programme	Cost of sub-programme
1	Planning and Administrative Services	Planning and Administrative Services	500,000
2	Water supply infrastructure development	Development of water supply for domestic commercial and industrial uses	250,000,000
		BIDP program	100,000,000
		Development, rehabilitation & protection of water points and community sensitization	50,000,000
		Development of Water supply infrastructure for Irrigation purposes	50,000,000

	Resource mobilization allocation (Counter financing)	100,000,000
<b>Grand Total</b>		<b>550,500,000</b>

## 4.7 Social Services

Programme and Sub Programme Financial Requirement for FY 2017/2018

<b>Programme</b>	<b>Estimates 2017/2018</b>
<b>Programme 1: Social Development and Services</b>	
S.P 1.1 Gender Development	2,000,000
S. P.1.2 Child protection services	2,000,000
S.P 1.3 Social protection for the elderly	380,000,000
S.P 1.4 PWDs support services	2,000,000
<b>Total Expenditure of Programme 1</b>	<b>386,000,000</b>
<b>Programme 2: Youth and sports</b>	
S.P 2.1 Revitalization of youth programmes	3,000,000
S.P 2.2 Development of Sports talents	13,000,000
S.P 2.3 Development of sporting facilities	25,000,000
<b>Total Expenditure of Programme 2</b>	<b>41,000,000</b>
<b>Programme 3: Culture and library services</b>	
S.P 3.1 Promotion of cultural preservation	3,000,000
S.P 3.2 Support to community libraries	2,000,000
<b>Total Expenditure for programme 3</b>	<b>5,000,000</b>
<b>GRAND TOTAL</b>	<b>432,000,000</b>

## 4.8 Agri-Business and Cooperatives

Programme and Sub Programme financial Requirement for FY 2017/2018

Programme	Estimates 2017/18
<b>Programme 1: Crop Development and Management</b>	
SP.1.1 Cash crop and horticultural crops	9,240,000.00
SP.1.2 Alternative food crops and extension	11,825,000.00
SP.1.3 Agricultural Engineering Services and Irrigation	27,200,000.00
SP. 1.4 Food Stores	21,000,000.00
<b>SUB TOTAL</b>	<b>69,265,000</b>
<b>Programme 2: Cooperative Development, Value Addition &amp; Marketing</b>	
SP.2.1 Promotion & Development of Cooperatives	28,140,041.60
SP.2.2 value addition	43,450,000.00
SP.2.3 Market development and infrastructure	13,750,000.00
<b>SUB TOTAL</b>	<b>85,340,041.60</b>
<b>Programme 3: Livestock Development</b>	
<b>SP 3.1.</b> Dairy Development ,Poultry Development Fisheries Development and Pasture & Fodder Development	31,966,000
<b>Programme 4: Veterinary Services</b>	
<b>SP.4.1.</b> Veterinary Public Health, Disease control, Breeding Infrastructure development and Abattoir Development	29,359,000.00
<b>SUB TOTAL</b>	<b>61,325,000.00</b>
<b>Programme 5: Agricultural Training Centres &amp; Embomos Tea Farm</b>	<b>8,360,000.00</b>
<b>SUB TOTAL</b>	<b>8,360,000.00</b>
<b>GRAND TOTAL</b>	<b>224,290,041.60</b>

## 4.9 Lands, Public Health and Environment

Programme and Sub Programme financial Requirement for FY 2017/2018

<b>Programme</b>	<b>Sub – Programme</b>	<b>Budget (Kshs.)</b>
Land Policy and Planning	SP.1. Land Acquisition	<b>36,221,742</b>
	SP.2. Demarcation and beaconing of public utilities and trading centres	<b>3,345,240</b>
	SP3. Topographical Surveys	
	SP.4. Research and feasibility studies (Physical Planning)	<b>1,700,000</b>
Urban Development	SP.1. Urban transport infrastructure (stages)	<b>8,583,980</b>
	SP.2. Other infrastructure and civil works (Market sheds and waste management)	<b>67,300,000</b>
	SP.3. Purchase of lighting equipment (street lighting)	<b>12,000,000</b>
Housing Development and Human Settlement	SP.1. Maintenance of buildings-Residential and Non-residential	<b>10,047,950</b>
Public health preventive and promotive services	Sanitation promotion	<b>3,500,000</b>
	Malaria Control Program	<b>1,500,000</b>
	Medical Waste Management	
Nutritional interventions	Nutrition	<b>2,500,000</b>
Environmental management	Pollution Control	<b>640,200.00</b>
Natural resources and ecosystem conservation	Riparian Protection	<b>825,000.00</b>
	Agroforestry	<b>935,000.00</b>
	Arboretum Project	<b>220,000.00</b>
	Urban Beautification	<b>110,000.00</b>
	Roadside Beautification	<b>110,000.00</b>
	Soil and Water Conservation	<b>2,750,000.00</b>
<b>TOTAL</b>		<b>152,289,112</b>

## 4.10 Education, Vocational Training

### Programme and Sub Programme finance Requirement for FY 2017/2018

Programme	Projected Estimates
	2017/18
<b>Programme 1: Policy, Planning and General Administrative services</b>	
SP1.1 Mobilization and awareness	1,815,000
SP 1. 2. Bursaries and Support services	60,500,000
<b>SUB TOTAL</b>	<b>62,315,000</b>
<b>Programme 2 : Early Childhood Development and Education</b>	
SP2.1 Construction of ECD Class rooms	99,668,476.60
SP2.2 Furniture in ECD	11,000,000
SP2.3 Educational Infrastructure	33,000,000
SP2.4 Provision of ECD learning and teaching materials	2,200,000
<b>SUB TOTAL</b>	<b>145,868,476.60</b>
<b>Programme 3: Technical Vocational Educational and Training</b>	
Sp3.1 Purchase of Workshop Tools and Equipment	4,510,000
SP3.2 Tuition Support	5,500,000
SP3.3 Infrastructure Development and Expansion	44,000,000
<b>SUB TOTAL</b>	<b>54,010,000</b>
<b>GRAND TOTAL</b>	<b>260,193,476.60</b>

## 4.11 Medical Services

### Programme and Sub Programme financial Requirement for FY 2017/2018

<b>Programme</b>	<b>Estimates</b>
	<b>2017/18</b>
<b>Programme 1: Policy and Administration</b>	
SP.1 Health mngt system	1,100,000
SP.2. Policy development	550,000
SP.3 Support to HFs (Including Danida, User Fee and Maternal )	158,550,722
<b>SUB TOTAL</b>	<b>160,200,722</b>
<b>Programme 2: Curative Health Services</b>	
SP.1 Commodities – Pharms,non-pharms,reagents,linen	168,942,659
SP.2. Managed Equipment Service	100,319,149
SP.3 Referral system	60,500,000
SP.4. Equipping health facilities – biomedical	11,000,000
SP.5. Infrastructural development to health facilities – for old and upcoming facilities	29,000,000
<b>SUB TOTAL</b>	<b>369,761,808</b>
<b>GRAND TOTALS</b>	<b>529,962,530</b>
