IMPLEMENTATION, MONITORING AND EVALUATION FRAMEWORK

FOREWORD

The County Government of Nyamira continues to implement comprehensive programmes to uplift the welfare of the people and ensure sustainable social, economic, environmental and political development. This County Annual Development Plan (CADP) for 2021/2022 marks the Forth year of the implementation of the Second County Integrated Development Plan (CIDP), 2018/2022. The County Government of Nyamira will continue to implement comprehensive programmes targeting the "Big Four" agenda of the County. The CADP therefore will focus on programmes and projects that will help meet the aspirations of the people of Nyamira County which is realization of shared development and prosperity.

This County Annual Development Plan is developed pursuant to section 126 of the Public Finance Management Act (PFMA), 2012. The proposed priority programmes contained in the 2021/2022 Annual Development Plan intend to meet strategic sector objectives as stated in the departmental strategic plans for 2018-2022. These strategic plans are linked with the Nyamira CIDP 2018/2022, the third Medium Term Plan (2018-2022) and the Kenya Vision 2030. The implementation of the CADP is expected to stimulate economic growth and hence contribute to sustainable socio- economic development.

The aim of the 2021/2022 ADP is to set the pace for faster socio-economic development and sustainable growth through efficient and effective management of public resources. To achieve the envisaged performance, the CGN will step-up investment in the socio-economic sectors and physical infrastructure. Reforms in governance, public financial management, public service and business regulation complement this ADP. Once implemented, this will enhance the County's competitiveness to attract both domestic and foreign investors.

CPA JOHN MOENGA OMANWA COUNTY EXECUTIVE COMMITTEE MEMBER, <u>FINANCE, ICT AND ECONOMIC PLANNING</u>

ACKNOWLEDGEMENT

The Nyamira County Annual Development Plan (CADP) 2021/2022 outlines the broad strategic fiscal framework, together with a summary of county's spending plans, as a basis of 2021/2022 budget. The overriding policy thrust of the ADP is to sustain socio-economic growth of Nyamira County. The main focus is on infrastructural development and facilitating agricultural sector to promote productivity and build the resilience necessary for employment creation, food security and poverty reduction. Amongst the key priorities of the ADP is implementation of affordable health care system, infrastructure improvement, completion of flagship projects while at the same time ensuring ward based projects impact people's lives positively.

The preparation of the 2021/2022 ADP was achieved through consultation and co-operation between Department of Finance, ICT and Economic Planning and all other County Departments. Much of the information in this report was obtained from the County Government Departments. I therefore wish to acknowledge the valuable contribution of the Chief Officers and directors with the valuable guidance of the respective Executive Committee Members.

We have also received inputs from the public during public participation that provided useful feedback and we wish to thank members of the community for their contribution as well as all those who participated in one way or the other. A core team in the County Economic Planning Unit provided secretariat services and coordinated the production of this Annual Development Plan. We are grateful for inputs from each and every one of the team members.

CPA DOMNIC OYUGI BARARE COUNTY CHIEF OFFICER, <u>FINANCE, ICT AND ECONOMIC PLANNING</u>

CHAPTER ONE

THE COUNTY GENERAL INFORMATION

1.0 INTRODUCTION

This chapter gives a brief overview of the county. It explains the background information, the County Annual Development Plan at aglance and the linkagages of the County Annual Development plan with other plans.

1.1 BACKGROUND INFORMATION

1.1.1 County Overview

Situated in the Western part of Kenya, Nyamira County has since evolved from different administrative creations and boundaries since independence. It is indeed formed part of one of the division of the larger Kisii district way back in 1970s. In 1987, the Nyamira as a divisional boundary was created a district which has since existed with four constituencies. The coming of the devolution in 2013, Nyamira forms part of the 47 County Governments with one extra Constituency created and 20 electoral wards. The Gusii Community predominantly occupies the county, however, the northern and eastern parts of the County has got some different ethnic significance being Luos and Kipsigis respectively.

Agriculture is the County's economic backbone where 90% of its population is dependent on agricultural production and marketing directly and indirectly. It supports 80% of total employment opportunities in the county. The County has inter county relations; along the Homabay County (Rachuonyo) border there is ethnic intermarriages, this is evident in Miruka and Nyamusi areas that has promoted peace coexistence. Miruka and Keroka markets along the borders of Homabay and Kisii counties respectively have promoted exchange of goods and services for the people living along these borders. The existence of the tea zones in Kericho and Nyamira counties has promoted employment among the tea factories and the dwellings.

1.1.2 County Position and size

Nyamira County is one of the forty seven Counties in Kenya. The County borders Homabay County to the north, Kisii County to the west, Bomet County to the south east and Kericho County to the east. The County covers an area of 899.4km2. It lies between latitude 00 30'and 00 45'south and between longitude 340 45' and 350 00' east. The County neither borders any international County nor does it have any major water bodies.

1.1.3 Physical and Natural Conditions

The County's topography is mostly hilly "*Gusii highlands*". The Kiabonyoru, Nyabisimba, Nkoora, Kemasare hills and the Manga ridge are the most predominant features in the county. The two topographic zones in the county lie between 1,250 m and 2,100 m above the sea level. The low zones comprise of swampy, wetlands and valley bottoms while the upper zones are dominated by the hills. The high altitude has enabled the growth of tea which is the major cash crop and income earner in the county. The County is divided into two major agro-ecological zones. The highland (LH1 and LH2) covers 82 per cent of the County while the upper midland zone (UM1, UM2 and UM3) covers the remaining 18 per cent.

The county has a bimodal pattern of annual rainfall that is well distributed, reliable and adequate for a wide range of crops. Annual rainfall ranges between 1200 mm-2100 mm per annum. The long and short rain seasons start from December to June and July to November respectively, with no distinct dry spell separating them. The maximum day and minimum night temperatures are normally between 28.7°C and 10.1°C respectively, resulting to an average normal temperature of 19.4°C which is favourable for both agricultural and livestock production.

1.1.4 Administrative and Political Units

The National and the County governments are a creation of the Constitution of Kenya 2010. Administratively both the governments are divided into 5 sub-counties in the county namely; Nyamira South, Nyamira North, Borabu, Manga and Masaba North. Under the national government, the County is further divided into 14 divisions with 43 locations, 108 sub locations and 1,555 villages while the County government has got its administrative units further divided into 20 wards. According to the County government Act 2012, section 52 provides for the

establishment of the village administrative units, the county therefore needs to establish these units for better County governance participation. Borabu sub-county is the largest with an area of 248.3km² followed by Nyamira North sub-county with an area of 219.3km² while Manga sub-county is the smallest with an area of 111.3 km².

Politically, the County is an electoral unit with one elected Governor and his deputy being the Chief executive of the County Government. There are six elected Members of the National Assembly, Four representing the County's four constituencies, namely, West Mugirango which covers administrative boundary of Nyamira south sub-county; Kitutu Masaba which covers administrative boundaries of Manga and Masaba North Sub-counties; North Mugirango which covers the administrative boundary of Nyamira North sub-county except the proposed Kiabonyoru division in Nyamira North sub-county which forms part of Borabu constituency and covers the entire administrative boundary of Borabu sub-county. The other two elected members represent the County at the senate and as women representative. The County also has twenty County Assembly Wards represented by the Members of the County Assembly.

1.1.5 Demographic Features

Using the 2009 Population and Housing Census report, the inter census population growth rate is estimated at 1.83 percent annually which is below the national growth rate at 3 percent. Based on this therefore, the population was projected to 731,368 with males being 350,918 and females being 380,450 during 2020. At the end of the 2022, the population is expected to increase to 758,381 with 363,879 and 394,502 being males and females respectively.

1.2 THE COUNTY ANNUAL DEVELOPMENT PLAN AT AGLANCE

1.2.1 Overview and County Strategic Objectives

The County Annual Development Plan sets out the County's priority programmes for implementation in the Financial Year 2021/2022 under the Medium Term Expenditure Framework. In reference to 2020 County Fiscal Strategy Paper, the Plan has been relying on the following broad strategic priority areas:

- Infrastructure Development: These include interventions in roads, energy (street lighting) and ICT development.
- Agriculture, Rural and Urban development: these include interventions like livestock, fisheries and agriculture, spatial planning and housing development.
- Water and Environment: these include interventions like spring protection, drilling of boreholes, wetlands conservation and promotion of bamboo tree planting.
- Health: Priorities in this sector include funding healthcare infrastructure, communicable and non-communicable diseases and drugs.
- Social Sector: priority areas include education (ECDE & Youth polytechnics), Culture, Sports, Youth, Cooperatives, Trade development and opportunities for vulnerable members of our society.
- Enhancing Governance, Transparency and Accountability in the Delivery of Public Service

The aim of the proposed priority programmes contained in the 2021/2022 Annual Development Plan is to meet these key county strategic objectives. This will stimulate economic growth and hence contribute to sustainable socio economic development. These programmes are also consistent with the aspirations of our key policy documents such as the Second Medium Term Plan (2018-2022) of Kenya Vision 2030, Nyamira County Integrated Development Plan (2018-2022) and the respective County Departmental Strategic Plans.

1.2.2 Legal basis for the preparation of the County Annual Development Plan 2021/2022

The Annual Development Plan (ADP) is prepared in reference to Section 126 (1) of Public Finance Management Act (PFM) 2012 stipulating that every County Government shall prepare a development plan in accordance with Article 220(2) of the Constitution, that includes;

- strategic priorities for the medium term that reflect the county government's priorities and plans;
- 2. a description of how the county government is responding to changes in the financial and economic environment;
- 3. details of the strategic programmes to be delivered
- 4. the services or goods to be provided;

- 5. measurable indicators of performance where feasible and the budget allocated to the programme;
- payments to be made on behalf of the county government, including details of any grants, benefits and subsidies that are to be paid;
- 7. a description of significant capital developments;

The County Executive Committee member responsible for planning shall prepare the development plan in accordance with the format prescribed by regulations. The County Executive Committee member responsible for planning shall, not later than the 1st September in each year, submit the development plan to the county assembly for its approval, and send a copy to the Commission on Revenue Allocation and the National Treasury. The County Executive Committee member responsible for planning shall publish and publicize the annual development plan within seven days after its submission to the county assembly.

1.3 COUNTY ANNUAL DEVELOPMENT PLAN LINKAGES WITH OTHER PLANS

1.3.1 Kenya Vision 2030 and its Medium Term Plans

Kenya's Vision 2030 is an economic blueprint that seeks to create "a globally competitive and prosperous nation with a high quality of life by 2030". The Vision aims to transform the country into a newly industrializing, middle income country providing a high quality of life to all its citizens in a clean and secure environment. The Vision is anchored on three key pillars: economic; social; and political. Kenya Vision 2030 is implemented through successive five years Medium Term Plans (MTP) at the national level while the County Integrated Development Plans implement it at the county level. The first MTP covered the period 2008-2012 while the second covered 2013-2017. The third MTP covers the period 2018-2022 and inspire second generation of County Integrated Development Plan 2018–2022. County Annual Development Plan is one year extract from The CIDP for County governments and are thus envisaged to support implementation of Vision 2030 projects that may be domiciled in or cut across the counties and further identify specific projects and programmes for implementation towards achievement of the National vision.

1.3.2 Linkage with Sectoral Plans

Part XI of the County Government Act 2012 has provided the broad framework and procedure for county planning. To this end section 109 of the County Government Act 2012 requires that a County department "shall develop a ten-year county Sectoral plan as component parts of the county integrated development plan". Additionally, the Sectoral plans shall contain programmes, costs and yardsticks for performance measures and management. County Annual Development Plan implements the CIDP for one year which contains programmes from the sector plans.

1.3.3 The National Spatial Plan (NSP) Framework

The National Spatial Plan (NSP) defines the general trend and direction of spatial development for the country. It is a Kenya Vision 2030 flagship project aiming at distributing the population and activities on the national space to sustainable socio-economic development. The NSP further provides a spatial structure that defines how the national space is going to be utilized for the realization of optimal and sustainable use of our land. The Plan provides a spatial framework upon which the various Sectoral plans and policies will be anchored and is a basis for preparation of all other lower level plans. The NSP envisions spatial development of the country in a manner that promotes the competitiveness, prosperity and a high quality of life for the citizens in line with the aspirations of Kenya Vision 2030.

The constitution 2010 provides the basis for developing County Spatial plan aligned to the National Spatial Plan. The County Government Act, 2012, the Urban Areas and Cities Act, 2011, Environmental Management and Coordination Amendment Act (2015), Agriculture, Fisheries and Food Authority Act, 2013, Water Act, 2002, National land Commission Act, 2012, the Land Act, 2012 and the Physical planning Act, 1996 which is the primary physical planning Statute provides for preparation of various types of plans. These legislations constitute the legal environment guiding physical planning both at the National and county governments. Further, several policies are at the forefront for consideration; Vision 2030, National Land Policy, Agricultural Sector Development Strategy, the National Housing Policy for Kenya, The ICT policy, the Industrial Master Plan, The National Tourism Strategy, the Integrated National Transport Policy and the National Climate Change Response strategy.

It is therefore, espoused that for Nyamira County to realize a balanced development and high quality of life for all county citizens, the CIDP will take key considerations on provisions in the various pieces of legislation as well strategies. The County Spatial plan will be driven by a policy framework that offers a platform for implementation of county projects with key object of promoting competiveness, economic efficiency, optimizing the use of land and natural resources, promoting balanced regional development and conserving the environment. By the time of the preparation of this CIDP, the County Government was in the process of developing a County Spatial Map. Most of the planning decisions were made on guidance from the physical plans which were ready. In this CIDP, the contributions of the county partial plan would be incorporated during its review.

1.3.4 The Integrated Green Economy Implementation Programme (IGEIP)

The IGEISP lays emphasis on mitigating the socio-economic challenges facing the achievement of the Kenya vision 2030. These are; food insecurity, poverty, inequalities, unemployment, poor infrastructure, environmental degradation, climate change and variability. The plan seeks to guide Kenya's transformational path way in five key areas namely; sustainable infrastructure development, building resilience, sustainable natural resources management, resource efficiency, social inclusion and sustainable livelihood. Implementation of this plan is guided by; Equity and social inclusion, resource efficiency, Polluter-Pays-Principle, precautionary principle, good governance and public participation. This CADP 2021/2022 has borrowed greatly from these principles as it has integrated them and measures put in place to provide adequate resources towards its achievement.

1.3.5 African Agenda 2063

The African Union developed a road map for "an integrated, prosperous and peaceful Africa, driven by its own citizens and representing a dynamic force in the international arena". This agenda has become the overarching guide for the future of the African continent. The shared common vision of African states is as follows;

• A prosperous Africa based on inclusive growth and sustainable development;

• An integrated continent, politically united, based on the ideals of Pan Africanism and the vision of Africa's renaissance;

- An Africa of good governance, respect for human rights, justice and the rule of law;
- A peaceful and secure Africa;
- An Africa with a strong cultural identity, common heritage, values and ethics;
- An Africa whose development is people-driven, relying on the potential of African people, especially its women and youth, and caring for children; and
- Africa as a strong, united, resilient and influential global player and partner.

The Agenda lays emphasis on a strong desire to see a continent where women and the youth have guarantees of fundamental freedoms to contribute and benefit from a different, better and dynamic Africa by 2063, and where women and youth assume leading roles in growth and transformation of African societies. This will steer the continent to prosperity, well-being, unity and integration, freedom and security. These aspirations will inform strategy formulation and programs developed in both the CIDP and CADP.

1.3.6 County Annual Development Plan linkage with the Sustainable Development Goals

The Sustainable Development Goals are a new set of goals, targets and indicators that UN member states committed to guide their developmental and political agenda over the next 15 years through to 2030. They are a universal call to action to end poverty, protect the planet and ensure that all people enjoy peace and prosperity (UNDP). The sustainable development envisaged under the SDG platform targets three major dimensions namely economic, social and environment. The SDGs replace and build on the gains of the MDGs (Millennium Development Goals) while including new areas like climate change, economic inequality, innovation, sustainable consumption, peace and justice among other emerging priorities. CADP will then address these advocaies through its programmes.

CHAPTER TWO

REVIEW OF THE COUNTY ANNUAL DEVELOPMENT PLAN 2019/2020

2.0 INTRODUCTION

This chapter explains the analysis of the revenue performance in 2019/2020, Analysis of the expenditure performance in 2019/2020 and the Programme achevements versus the planned targets in the period under review.

2.1 ANALYSIS OF THE COUNTY REVENUE PERFORMANCE 2019/2020

GFS CODING	REVENUE SOURCES	BUDGET ESTIMATE	ACTUAL RECIPTS	REVENUE PERFORMANCE
		2019/2020	2019/2020	
9910201	Unspent Balances	1,154,682,640	1,154,682,640	100%
9910201	Equitable share	4,810,800,000	4,810,800,000	100%
Various	Own Source Revenue	250,000,000	184,734,301	74%
ADDITION	AL TRANSFERS FROM NATIONAL GOVERN	NMENT		
1330301	Development of youth polytechnics Grant	67,068,298	67,068,298	100%
1330404	Compensation user fee forgone	13,175,221	13,175,221	100%
3111504	Roads maintenance levy fund	136,557,750	136,557,732	100%
	TOTAL	216,801,269	216,801,251	100%
CAPITAL	GRANTS FROM DEVELOPMENT PARTNERS			
1320101	World Bank Loan for National and Rural inclusive growth project	350,000,000	161,791,811	46%
1320101	Kenya Urban Support Programme (KUSP UDG)	114,705,300	82,041,681	72%
1320101	Kenya Urban Support Programme (KUSP UIG)	8,800,000	8,800,000	100%
1320101	World Bank grant (THSUC)	35,000,000	14,054,627	40%
1320101	World Bank grant (KDSP)	30,000,000	30,000,000	100%
1540701	DANIDA	14,250,000	19,570,000	137%
1320101	Agricultural Sector Development Support Programme II	16,937,554	16,869,783	100%
	TOTAL	569,692,854	333,127,900	59%
TOTAL	GRAND TOTAL	7,001,976,763	6,700,146,092	96%

Table 1 below illustrates the revenues performances during the F/Y 2019/2020.

Sources: County Treasury 2020

2.1.1 Average Revenue Performance

Generally, the revnue performance in the county was satisfactory excellent at 96%. The 4% shortfall was attributed to the shortfall in capital grants from the Development partners and the county own source revenue.

2.1.2 Unspent Balances

The unspent balances included in the 2019/2020 financial year budet were the opening balances of the 2018/2019 financial year. The amount was then realised to atune of 100%.

2.1.3 Equitable share

The performance of the expected equitable share was satisfactorily perfect to 100%. However it is important to note that the exchequer release for the fourth quarter amounting to an estimated amount of Ksh.413 Million was later received in July 2020.

2.1.4 Local revenue

A total of Ksh. 184,734,301.15 was realised against a target of Ksh.250,000,000, indicating a performance of 74%. Compared to the previous financial year 2018/2019 performance of Ksh.165,447,570, there is a remarkable improvement in this revenue stream. Further, Covid-19 pandemic adversely affected revenues collected from avenues such as markets and businesses licensing since most of them were shut down or downsized.

2.1.5 Additional Transfers from National Government

Averagely all the conditional grants were received at 100% of the targeted transfers.

2.1.6 Capital Grants from Development partners

The performance of the Capital grants was averagely received at 59%. This signifies a revenue shortfall at 41% which will form part of the opening balances for The F/Y 2020/2021.

2.2 ANALYSIS OF EXPENDITURE PERFORMANCE 2019/2020

Vote No	Departments	Recurrent Estimate	Actual	Development estimate	Actual
		2019/2020	Expenditure 2019-2020	2019/2020	Expenditure 2019-2020
5261	County Assembly	616,107,510.00	616,084,405.00	97,000,000.00	63,321,794
5262	Office of the Governor	486,528,687.00	482,340,366.00	-	-
5263	Finance & Planning	651,359,815.00	595,815,504.00	27,257,817.00	22,796,320
5264	Agriculture, Livestock & Fisheries	167,805,323.00	166,672,010.00	483,445,147.00	258,178,534
5265	Environment, Water, Irrigation & Natural Resources	87,106,870.00	81,734,294.00	128,036,597.00	67,327,308

		Actaul Expenditure	6,042,442,334.00		
		Absorption rate	86%		
		development	63%		
		absorption			
		Recurrent	95%		
		absorption			

Table 2 belows illustrates the expenditure performance by the departments

Sources: County Treasury 2020

2.2.1 Expenditure Trends

The total expenditure for the entire year was Ksh. 6,042,442,334 against a budget target of Ksh. 7,001,976,763. This represented an absorption rate of 86%. The underperformance of 14% is attributed to the revenue shortfall on the local revenue target and capital grants from the development partner.

2.2.2 Expenditure trend in recurrent

The total recurrent expenditure for the year under review was Ksh. 4,804,991,176.00 against an estimated Ksh.5,045,477,858, representing a performance of 95%. The underperformance of 5% is attributed to the revenue shortfall on the local revenue target capital grants from the development partner.

2.2.3 Expenditure trend in Development

The total development expenditure for the year under review was Ksh. 1,237,451,158.00 against an estimated Ksh. 1,956,498,904.00, representing a performance of 63%. The underperformance of 37% is attributed to the revenue shortfall on the local revenue target capital grants from the development partner.

2.3 ANALYSIS OF KEY PROGRAMME ACHIEVEMENTS VERSUS PLANNED TARGETS

This section gives highlights on departmental achievements, challenges and way forward and statuses of various projects under their docket.

2.3.1 THE COUNTY ASSEMBLY

2.3.2 THE COUNTY EXECUTIVE

a) Summary of Achievements

- Policy planning and governance of the entire Executive Arm
- Coordinated Advisory and Communication services
- Technical Support Services to the departments i.e publicity and Gazettment of legislation
- Preparation of plans, M&E and Budgeting
- Facilitated training and conference attendance of ECM members and senior staff
- Participated in intergovernmental relations through Council of Governors
- Renovation of the various office blocks to accommodate County staffs
- Rolled out communication and information services in the county
- Coordinated performance management through results oriented scheme

b) Challenges and way forward

- Delayed exchequer releases and that the County Treasury should ensure compliance with the disbudrsment rerquirements
- Inadequate capacity and skills and theat the the department to employ enough staffs and train them on budget execution
- Weak Monitoring and Evaluation systems and that the County to strengthen monitoring and evaluation units
- Limited involvement of the community in development activity ant that the county to actively involve the community in the management of the projects and programmes

2.3.4 DEPARTMENT OF FINANCE, ICT AND ECONOMIC PLANNING

a) Summary of Achievements

- 1 annual report produced on CIDP 2013-2017.
- Prepared 2019/2020- Finance Bill.
- Prepared 2020/2021 the Annual Development Plan.
- Prepared 2019 County Budget Review Outlook Paper.
- Prepared the 1st supplementary budget 2019/2020.
- Prepared the 2ndsupplementary budget 2019/2020.
- Prepared the County Fiscal Strategy Paper 2020.
- Prepared the programme based budget 2020/2021.
- Conducted risk management and special audit and value for money in 13 County entities.
- Procured goods and services for 13 County entities
- Conducted quarterly financial review in 10 departments of the County executive
- Coordinated the Collection of Ksh. 187,000,000 from the local revenue streams out of ksh.250m as targeted.
- Constructed a store for accountable documents.
- Construction of a container Store for accountable documents
- Construction of a container building for County Information and Documentation Centre

• Printed and published the planning and budget documents in the CIDC

b) Challenges and way forward

- Delayed exchequer releases and that the County Treasury should ensure compliance with the disbudrsment rerquirements
- Inadequate capacity and skills and theat the the department to employ enough staffs and train them on budget execution
- Weak Monitoring and Evaluation systems and that the County to strengthen monitoring and evaluation units
- Limited involvement of the community in development activity ant that the county to actively involve the community in the management of the projects and programmes
- IFMIS related capacity and infrastructural challenges/gaps and that the County needs to enhance capacity building of the county staffs on the IFMIS, provision of enough infrastructures and enhancing of the network to avoid financial delays
- Weak Vote book management and that County Treasury to ensure strict budget execution by strengthening vote books controls
- low revenue collection and that County Treasury to put in place mechanisms like proper enforcements, automation, restructuring of revenue controls, mapping the revenue sources and enactment of relevant legislations
- Over centralization of the County Treasury and that decentralization of treasury services to the departments would be essential.
- some of the programs and projects proposed by departments are not reflected in the CIDP, CFSP and strategic plans and that Budgeting process should be aligned to the above stated documents
- Delays in preparation of the cash flow projections and procurement plans and that County Treasury to ensure timely preparation and submission of the said plans.

c) Details of non- capital projects

- Pre-feasibility studies on projects
- Monitoring and Evaluation
- County Planning and Budget processing
- County internal auditing

- County resource mobilization and administration
- Information, Communication and Technology services
- Revenue Automation

d) Details of on-going projects

Construction of the County Information and Documentation Centre.

2.3.5 DEPARTMENT OF AGRICULTURE, LIVESTOCK AND FISHERIES DEVELOPMENT

a) Summary of Achievements

- Successful organization and implementation of the Commercial bee production in Nyamira County. A total of 300 bee hives farmers groups were trained. Between 2019 and 2020.
- Successful implementation of Commercial Pasture and fodder production project in the County. Where a total of 8,000 bales of hay were produced between 2019 and 2020 earning farmers a total of 2.4 Million shillings.
- Promotion and commercialization of the Local poultry upgrading project across the County. On this project, a total of 3,400 birds were procured and distributed between 2019 and 2020 financial year.
- Supported the marketing of livestock products in the County by supporting establishment of a milk cooling facility in Kineni area of Esise ward, supporting establishment of a honey processing plant in Nyamusi area of Bokeira ward and supporting a number of dairy groups with trainings and demonstration materials for milk and honey value addition.
- Successful organization and implementation of the county wide heat synchronization and insemination program. A total of 8,000 cows were synchronized and inseminated in 2019. 20,000 cows were inseminated.
- County wide vaccination of livestock where a total of 31,488 livestock and 1,222 pets were vaccinated between 2019 and 2020.

- Have successfully managed Meat Inspection services in all the five sub counties whereby a total of 16,094 carcasses were inspected between 2019 and 2020
- Promotion and commercialization of fish farming where 167 fish ponds constructed by farmers and stocked with 187,000 fingerlings.
- 10 dam restocked with 10,000 fish fingerlings.
- 2,000 farmers trained on fish farming.
- 10,000 tissue culture bananas distributed to 400 farmer groups across the entire County.
- 80 Green houses in Production of Horticultural Crops.
- Seven tones of Sweet potato vines supplied to 50 farmer groups.
- 20 vegetable solar driers farmers groups were trained across the 20 Nyamira County Wards.
- 4 Value chain farmers' platforms formed in the County with their membership drawn from the wards and sub Counties.
- 228 CiG groups supported with NARIGP grants valued at Kshs 81Million
- 6 Producer organizations supported with NARIGP inclusion grant valued at Ksh 6.2 Million

b) Challenges and way forward

- Inadequate funding and that there is nee to increase funding for departmental operations and new projects financing
- Lack of transport means at the County and Sub County Levels and that there is need topurchase motor vehicles for officers at the County and Sub County levels for activities follow ups. This can be done through a mortgage arrangement for staff
- Shortage of Adequate technical staff in the department and that there is need to enhance promotions for already employed staff, and employment of more technical staffs
- Inferior fish seeds/fingerlings among the fish farmers and that there is need for Capacity building of farmers on benefits of using certified fish seeds
- Inadequate authenticated fish feeds for production and that there is need for Capacity building on fish feeds formulation technologies and transfer
- Inadequate office space at County, Sub- counties and wards and that there is need for the construction of more offices at ward and sub counties

- Cross County Cattle theft and that there is need for the enhancement of Security along the Nyamira county boundaries to curb cattle theft.
- Climatic Changes due to Global warming leading to unpredictable weather patterns and that there is need for the capacity building of farmers on the risks involved and environmental conservation.
- High farmers' expectations after devolution and that there is need for the capacity building the farmers on the roles of County Governments.
- Disease out breaks- Crops and Livestock diseases and that there is need for the capacity building farmers on disease control measures and Stocking of adequate vaccines at all times.

Project / Programme	Duration of project		Location (Wards)	Total Cost	Cummulative expenditure	Source of Funds	Status %	Expected results	Remarks
	From	То							
Tissue Culture Bananas promotion	2018	2022	All wards	6M	4M	CGN	66.7	70,0000 plantlets distributed	Inadequate funding

2.3.6 DEPARTMENT OF ENVIRONMENT, WATER, ENERGY AND NATURAL RESOURCES

a) Summary of Achievements

• The department managed to complete 94 springs which were procured in the year 2018/2019 and were completed in the financial year 2019/2020. In the financial year 2019/2020, 156 springs were procured towards the end of the financial year and are currently ongoing.

• The department undertook to complete bore holes that were previously drilled and capped and other medium water suppliers that were not completed. These were 8 in number being: Bosiango borehole, Enchoro borehole, extension of pipeline to Sitipale, completion of Kemasare water project, completion of Bomwagamo Water project, completion of Masosa water project and Rehabilitation of Esani and Machuririati water projects.

• The department together with Lake Victoria South Water Works Development Agency (LVSWWDA), completed Nyamira Water Supply. The following works were undertaken: treatment plant, intake unit installation of new pumps. The other main works include construction of 3no 500m3 storage tanks to increase storage capacity and serve more people, construction of 5 ablution blocks and expansion/ rehabilitation of pipelines from Nyamira to Kebirigo and Rangenyo. Other Works by LVSWWDA included drilling of Nyamusi borehole, Nyamatuta borehole, Gitwere borehole and St. Pauls Gekano secondary borehole.

• The department managed to complete 94 springs which were procured in the year 2018/2019 and were completed in the financial year 2019/2020. In the financial year 2019/2020, 156 springs were procured towards the end of the financial year and are currently ongoing

• The department undertook to complete bore holes that were previously drilled and capped and other medium water suppliers that were not completed. Other Works by LVSWWDA included drilling of Nyamusi borehole, Nyamatuta borehole, Gitwere borehole and St. Pauls Gekano secondary borehole.

a) Challenges and way forward

 Environmental degradation; Encroachment of water catchments. Lack of local ownership for the projects, Planting of blue gum trees at river / stream banks, water catchments and springs. Existing water supplies systems are overstretched and cannot supply enough water for the increasing population. Supply of piped water is limited to few market centers. illegal abstraction and resource catchment encroachment Inadequate baseline data and information on KPI, Ineffective planning including rates of access to water resources. 	 Mobilize more resources from partners-NGOs, water service provider, private sector; Community sensitization against encroachment in water catchments; Protect more springs and rehabilitate and expand existing water facilities. Policy formulation Promote and use appropriate technologies Improved management. Community Participation in the management of water resources through formulation of Water Users Association (WUAs) and collaborate with WARMA to form WRUAs for catchment protection Prompt payment of contractors to avoid litigation in future Carry out baseline survey to identify number of households with access to safe water Carry out comprehensive rehabilitation of
Poor storage;Inadequate skills and staff shortages,	existing water works to increase water production
- madequate skins and start shortages,	Production

	ancial constraints	•	Increase water coverage in the rural areas
● Co	ntinued degradation of the water	•	Collaborate with other stakeholders for
cat	chment areas		resource mobilization to fund water supplies
• De	lay in payment of contractors thus	•	Limit number of supplementary budgets to
hin	dering project completion rate		enable departments plan properly
• Po	litical incitement		
• Fre	equent supplementary budgets

2.3.6 DEPARTMENT OF EDUCATION AND VOCATIONAL TRAINING

a) Summary of Achievements

The following are the achievements for the department in the last financial year

- Implementation of the Competence based curriculum for learners
- Training officers and teachers on the new curriculum (CBC)
- Disbursement of subsidized Vocational Grant
- Registration of 14 Vocational Training Centers with TVETA
- Distribution of ECDE assorted teaching/ learning materials to all centers
- Issuance of bursaries to secondary school vulnerable students and Vocational centers

Youth

b) Challenges and way forward

CHALLENGE	WAY FORWARD
Delay of disbursement of funds from exchequer	Timely disbursement
Inadequate office space	Provision of offices
Staff stagnation	Promotion
Weak Monitoring and Evaluation systems	Strengthen monitoring and evaluation units
Limited involvement of the community in development	Actively involve the community in the management of the
activity	projects and programmes
Delays in preparation of the cash flow projections and	Treasury to ensure timely preparation and submission of the
procurement plans	said plans

c) Details of completed and on-going projects

2.3.8 DEPARTMENT OF HEALTH SERVICCES

a) Summary of Achievements

- Construction of 10 staff houses
- Construction of 24 maternities
- Construction of 10 pit latrines
- Construction of 5 theaters
- Construction of 15 new health facilities
- Renovation 2 health facilities
- Renovation of 10 laboratories
- Equipping 12 laboratories
- Completion of 10 OPD blocks
- Renovation of NCRH, Kenyoro H/C
- Procurement of 1 ambulance
- Completion of piping for oxygen plant
- Distributed of 6 vaccine fridges
- Distributed drugs to 132 health facilities biannually
- Procurement of 1 utility vehicle
- Electrifying 21 health facilities
- Construction of MRI room and installation of MRI equipment at NCRH
- Construction of 18 burning chambers
- Construction of 5 ablution blocks
- Equipped 108 health facilities with assorted medical equipment
- Procured 1 high capacity generator for NCRH
- Development and consolidation of Annual Work Plan (AWP) 2020/21
- Carried out quarterly supportive supervision
- Establishment of revenue automation at the County Referral Hospital

• Health promotion through celebration of Health days- World AIDS day, handwashing day, malaria day

b)Challenges and way forward

Challenges/Milestones	Way Forward
Competition among the budgeted items	Increase budget allocation for health
for scarce funds	
Low stakeholders' engagement	Strengthen stakeholder's engagement in budgeting
Unmet revenue collection targets	Increase controls during collections such as proper
	enforcements, automation, restructuring of revenue
	controls, mapping the revenue sources and enactment
	of relevant legislations
Delayed exchequer releases	The County to ensure compliance with the
	disbursement requirements
Inadequate capacity and skills	Employ enough staffs and train them on budget
	execution
Centralization of the County Treasury	Decentralize treasury services to the departments
Weak Monitoring and Evaluation	Strengthen monitoring and evaluation units
systems	
Budget constraints	Submission of timely financial reports
Delays in preparation of the cash flow	Treasury to ensure timely preparation and submission
projections and procurement plans	of the said plans

c) Details of completed projects

Project name	Status (Complete, ongoing,
	suspended 2019/20)
Construction and completion maternity at Orwaki health centre	Complete
Construction and completion OPD block at Geteni health facility	Complete
Construction and completion of OPD block with two door pit latrine at Kiang'ombe health facility	Complete
Construction and completion of OPD block with two door pit latrine at Riamoni health facility	Complete
Construction and completion of OPD block at Nyamwanga health facility	Complete
Construction and completion of OPD block with two door pit latrine at Nyamaiya health facility	Complete
Construction and completion of OPD block with two door pit latrine at Nyamaiya health facility	Complete
Construction of fence and septic tank at Gatuta	Complete
Construction of toilet block at Gesure health centre	Complete
Construction toilet block at Embonga	complete
Construction of toilet block at Igena Itambe health facility	Complete
Construction of toilet block fence, and placenta pit at Ensoko health facility	Complete
Construction of Placenta pit at Etono dispensary	Complete
Replacement of Asbestos roofing, walkway at Nyamira County Referral Hospital	Complete
Renovation of ICU at NYAMIRA Hospital for covid response	Complete
Renovation of amenity wing(isolation ward)for covid response Nyamira County Referral Hospital	Complete
Construction of toilet block, septic tank, fence and gate at Bombangi	Complete
Construction of a placenta at Nyamusi SCH	Complete
Construction of maternity block at Motontera Health Facility	Complete
Construction and completion of twin staff house with two door pit latrine at Kiang'inda health facility	Complete
Construction of toilet block at Miriri facility	Complete
Construction and completion of OPD Ikobe health facility	Complete

Construction and Completion of 80-Bed Amenity Block with Doctors' Plaza at Nyamira County Referral Hospital	Ongoing
Proposed construction and completion inpatient wards at Manga SC Hospital	Ongoing
Proposed construction and completion of twin staff house with two door pit latrine at Motagara health facility	Ongoing
Proposed construction and completion of twin staff house with two door pit latrine at Emenyenche health facility	Ongoing
Proposed construction and completion of OPD block with two door pit latrine at Kenyamware health facility	Ongoing
Proposed construction and completion of OPD block Ribaita health facility	Ongoing
Proposed construction and completion of twin staff house with two door pit latrine at Nyagacho health facility	Ongoing
Construction of toilet block at Mochenwa health centre	Ongoing
Proposed completion of OPD at Kiendege dispensary	Ongoing
Proposed construction and completion in patient ward at Nyabweri health centre	Ongoing
Proposed completion of Esani hospital phase 4	Ongoing

d) Details of on-going projects

WARD	Project Name	Location	Description of Activities	Cost in Millions

Nyansiongo	Proposed construction and completion of twin staff house with two door pit	Nyandoche ibere	Retendering and	3.8
	latrine at Nyandoche ibere dispensary	dispensary	construction	

e) Details of stalled projects

PROJECT NAME	REASON FOR STALLING
Proposed construction and completion of twin staff house with two door pit latrine at Kambini health	Structure was condemned
facility	
Proposed construction and completion of twin staff house with two door pit latrine at Sere health facility	The contractor didn't take over site
Proposed construction and completion of twin staff house with two door pit latrine at Kiangoso health	Disputed land: Not yet resolved (Status at 10%)
facility	
Proposed construction and completion of twin staff house with two door pit latrine at Nyandoche Ibere	Status at 9 % (Challenge is with the contractor)
dispensary	

2.3.9 DEPARTMENT OF LANDS, HOUSING, PHYSICAL PLANNING AND URBAN DEVELOPMENT

a) Summary of Achievements

- Establishment and operationalization of Nyamira Municipality
- Continued implementation of a multi-year flagship project construction of the county headquarters to accommodate county executive staffs.
- Construction of bodaboda sheds
- Started preparation of County Spatial Plan
- Beaconing and demarcation of public land

b) Challenges and way forward

- The department has a serious shortage of technical staff and therefore recommends for employment of staff as per the proposed cadres in the departments proposed structure. As well, the Municipality shall require staff that can aid the operationalization of the transferred functions.
- Some staff members deployed in the department as enforcement officers but lack the technical skills especially in the development control sector. They should therefore be sent for capacity building trainings to acquire the relevant skills needed for them to be relevant to the department.
- Adequate budget to be provided for in capital project, County Headquarters to ensure the project in complete within the stipulated period of 3 years. Inadequate finances especially in carrying out major projects such as housing projects and development plans have previously affected service delivery by the department.
- The department carries most of its work in the field yet has no vehicles to carry out survey work and development control. Frequent and consist field inspections, capacity building through training and recruitment of skilled staff shall enhance revenue.
- The construction of motor-bike sheds over the last 4 years presented a huge inspection and execution challenge due to siting on road reserves that are on continuous improvement, high cost of inspection and acceptance compromising the logic of value for resources spent and the duration of implementation. There are unnecessary pending bills spanning ovr 4 years due to inspection and acceptance logistical issues.

c) Details of completed and on-going Projects

Project/ Programme name	Location	Objective	Year / date starts	Year / date of completion	Total cost of the project	Source of funds	Cumulative expenditure/ commitment	Implementation status (% completion)	Remarks/ challenges
Construction of County Head quarters	County Hq	Accommodate county staff	2018	2021	382M	CGN	150M	40%	On-Going
Development of County Spatial Plan	County Hq	Guide county development planning	2019	2021	82	CGN	5M	6%	On-going
Prefeasibility Study	County wide	Establish viability of projects	2019	2020	4M	CGN	4M	100%	Complete
Survey services	County wide	Conflict resolution	2019	2020	5.9M	CGN	5.9M	100%	Complete
Construction of boda boda/shoe shining sheds	Countywide	Empowerment bodaboda users	2019	2020	7.4M	CGN	0	80%	Awaiting payment
Opening of backstreets	County wide	Empowerment	2019	2020	10.8M	CGN	10.8M	70%	On-going

2.3.10 DEPARTMENT OF TRANSPORT, ROADS AND PUBLIC WORKS

a)Summary of departmental achievements 2019/2020

- 94 KM Roads constructed to gravel standards
- 435KM Roads Rehabilitated & Maintained
- No. of plant and machinery maintained 5
- 6 box culverts constructed
- 2200 Metres of pipe culverts constructed
- 1 office block extended & rehabilitated
- 200 projects designed
- 200 projects supervised
- 75 Private projects approved for construction

b)Departmental challenges and way forward

- Inadequate staff capacity which needs to be enhanced in terms of number and professional development
- Insufficient machinery and equipment
- Inadequate road management and control systems (axle road) in rural roads
- Unfavorable rainfall rains patterns (heavy down pour and floods) posing challenge to roads maintenance
- Tendency of encroachment to road reserves by public
- Delays in resolving disputes, property titles and political issues hindering long term investments

c) Departmental completed projects

Road based projects funded through Kenya Roads Board (KRB) – Road Maintenance Levy Fund (RMLF) 2018/2019

2.3.9 DEPARTMENT OF TRADE, TOURISM AND COOPERATIVE DEVELOPMENT

a)Summary of departmental achievement

- Completion of Nyabite Market-on going
- Construction of Gesima Market Shed-completed
- Construction of Moturumesi Market Shed-completed
- Construction of Rigoma Market Shed-completed
- Construction of Riakimai Market Shed-on going
- Completion of Ekerenyo Market shed-on going
- Construction of Gesima Market Toilet-on going
- Construction of Moturumesi Market Toilet-on going
- Construction of Nyaronde Market Shed-on going
- Construction of Tinga Market Shed-on going
- Construction of Rigoma Market Toilet-on going
- Construction of Kebirigo shoe shine kiosk-on going
- Completion of Tombe Market shed-on going
- Construction of Kegogi Market Toilet-on going
- Construction of Nyasore Market Toilet-on going
- Construction of Kebirigo modern kiosk-on going
- Construction of Chepngombe Market Shed-on going
- Construction of Kemera Market fencing-on going
- Construction of Nyamira Township modern kiosk-on going

b)Departmental challenges and way forward

CHALLENGES	WAY FORWARD
Inadequate funding/Delays in	Upscale the budget during supplementary budget
release of funds	
Delay of prerequisite	The department is in the process of completing the formulation
policy/legislation	of policies and drafting relevant legislation including the co-
	operative policy, County co-operative law, co-operative
	development fund bill, Traders loans, Market management
Inadequate technical staffs due to	The supplementary budget to factor the cost of recruiting more
budgetary constraints	technical staff at least 2 tourism officer, 1 co-operative officer
	and 1 trade officer
Inadequate means of transport	Procure more vehicle and repair existing one vehicle which are
	grounded
Inadequate weighing and	Procure more standards
measuring standards	
Delays in procurement process	Avail more technical personnel in these key areas
/System challenges/delays in BQs	
Encroachment in public utilities for	Clear demarcation and protection of all public utilities
market development	
Ignorance of prospective	To do more sensitizations on new procurement requirements
contractors on new procurement	and processes
processes

2.3.11 DEPARTMENT OF YOUTH, GENDER, CULTURE AND SOCIAL SERVICES

a) Summary of Departmental achievements

Sports

- Manga stadium: Construction of phase one Manga Stadium at a cost of Kshs.63M
- Levelling of the Manga stadium at a cost of Ksh 10m
- Commencement of the construction of Manga stadium pavilion and running track in the FY 2018/2019
- First payment raised (14 m) and paid

• Construction of the football pitch and running track on going. Consultation with Athletics Kenya (AK) and Federation of Kenyan Football (FKF) on the adjustment of the measurements ongoing currently to achieve international standards

• Establishment and equipped the talent academy at Kiendege high school which has an enrolment of 171 students,

• Twin house: Commencement of construction of staff twin house at Kiendege Talent academy in the FY 2018/2019

• Construction on going at a cost of 3.9 m

• First payment of Ksh 1.7 m has been paid.

• Nyamaiya stadium: Process for construction of Nyamaiya stadium on going: Public participation has been done, preparation of BQs on going, map for survey has been acquired and request to survey department has been made for surveying and beaconing (Need for follow up and reminder to the relevant departments)

• Governor's Cup: Successful conducted Governors cup and, annually participating in various sports and cultural activities mainly under Kenya Inter county Sports and Cultural activities(KICOSCA/CASA), Kenya Inter county Youth and Sports association, Maisha cup, holding/hosting of county and regional cross country and athletics competitions,

• Registration of sports clubs and providing financial and equipment support to sports clubs.

• Purchase of sports Equipment: The process is on going to purchase the equipment worthy

7.7 m for ward based activities

• Other achievements included mainstreaming persons with disabilities into sports activities and purchase and provision of sports equipment to clubs partnered with BETIKA for football tournament.

Culture

Notable achievements included:

- Enacted Alcohol Licensing and Control Act 2014 which is operational,
- Yearly licensing and control of alcohol premises
- Established and equipped one county library at the headquarters,
- Partnered/collaborated with the KNLS(Kenya National Library Services) where by the organization donated 5000 books to the County library
- Rent: Kshs 540,000 paid, Kshs 270,000.00 and Kshs 810,000.00 in process for payment for Library and Khs. 958,000.00 in process for payment of the same at MEA complex for Council of elders and liquor premises
- There is need to analyze the need for the required number of rooms at MEA Complex so as to get the exact number of rooms required besides the need to assessing the new agreement as it is not fully signed and therefore the need for all signatories to sign.
- Conducted meetings, sensitization programs and trainings for 10 youth leaders
- Held trainings and sensitization workshops for 12 women groups
- 600 PLWDs were sensitized on entrepreneurship and economic activities
- Collaboration/partnership with other development partners such as ISF (anti FGM and GBV), TEAM in Youth empowerment as well as Equity bank in Personal banking and financial management.
- Others included, mapping of PWLDs in 10 wards who totaled to 4500

Social Services.

Through the national government:-

• Cash transfer to the older persons reached 14,448 elderly people in the county

b) Departmental challenges and way forward

- Untimely release of funds. This hindered full completion of the projects which has necessitated the projects to be implemented in phases.
- Staff shortage- The shortage of staff at the grass root levels has hindered proper supervision and evaluation of the projects.
- Inadequate understanding on the role of the department of GSC & S.S. The public has not fully understood the role of the department hence reduces their involvement in sports and cultural activities.
- Inadequate sports and cultural facilities and equipment Inadequate facilities have affected full training and participation.
- Continuing loss of indigenous knowledge and technology (Herbal knowledge)- loss of indigenous knowledge has eroded the positive cultural practices.
- Leadership wrangles and inexperience in Sports and Cultural groups/ organizations management- This has led to poor management of sports and cultural activities
- Lack of sticking/shifting priorities to set plans-Due to political reasons priority areas were not adhered to.

Lessons Learnt

- There is need to source for external support to complement government funding
- Realign staff according to their skills, experiences and expertise
- Public expectations should be managed by sensitization of the role of the department
- Increase awareness campaigns on the importance of our cultural heritage and traditional sports
- Enact Policy and Acts to control wrangles
- Adherence to planned activities programmes
- To set priorities according to the needs and effects on the majority arising from public participation

d)Departmental on-going and completed projects

SUB COUNTY		MANGA	WARD	MANGA		
	Project Name:		Manga St	adium phase 1		
	Nature of Project:		Civil work	cs/construction

2.3.12 THE COUNTY PUBLIC SERVICE BOARD

a) Summary of achievements

The Board had competitively recruited various statutory and non-statutory office bearers as hereunder:

- The County Secretary
- 10 County Chief Officers
- Approved appointment of Governor's and Deputy Governor's appointee; Chief of Staff, Legal Advisor, Economic Advisor, Political Advisor, Senior office Administrator, Director Governor's Press Service, Liaison Officer, Personal Assistant, Deputy Governor's PA.
- UHC Health officers
- Medical Interns
- Renewed contract for 499 ECDE Teachers
- Sensitized the County Staff on the declaration of Assets and Liabilities
- Approved promotion and designations for the county staff from different Department as recommended by the County Human Resource Advisory Committee(CHRAC)
- Purchase of 10 seater Van for secretariat use
- Submitted annual reports to the assembly

b) Challenges and way forward

Lack of transport

The CPSB is grossly underfunded making it very difficult to carry out its mandate. For example the CPSB is expected to promote in the public service the values and principles stipulated in article 10 and 232 of the constitution. The board is expected to inform and educate county public officers and about the values and principles and then recommend to the county government effective measures to promote the values and principles. The board is expected to visit any public office or body with a view to assessing and inspecting the status of compliance with the values and principles. All these activities require the Board to make tours to the sub-counties and wards. This cannot be done due to lack of adequate transport (at the moment the Board has only one vehicle). The Board need One additional motor-vehicle.

Insufficient Training funds

The CPSB and the secretariat staff is expected to attend training programmes. This has not happened due to lack of funds. We need to be allocated training fund of at least ksh.100m to be able to capacity- build the CPSB members as well as the secretariat and the other public officers

2.3.12 PUBLIC SERVICE MANAGEMENT

a) Summary of achievements

- Installation of payroll infrastructure to ease payroll processing and ease of access to information.
- Payment of some of the pending bills for the department.
- Timely processing of the payroll and subsequent payment of salaries to county staff.
- Reinstatement of officers who had been cleared by various ad-hoc committees. The officers had been stopped due to various reasons.
- Identification of County staff by use of staff identification cards.

b) Challenges and way forward

- Staffing levels, capacity and competency
- Uncoordinated staff trainings
- Inadequate result based performance management appraisal
- Office space
- Weak inter-governmental relations
- Slow decentralization of administrative structures
- Weak institutional framework of public participation
- Inadequate facilitation of field coordination and administration services
- High wage bill
- Capacity challenges in terms of a substantive County Director Human Resource Management, Payroll manager and payroll staff.
- Pending bills that were amounting to over ksh. 12 million.
- Funding of field activities i.e. Sub-County and Ward offices.

- Budgeting for salaries as staff work in one department and get paid from another department.
- Security of the HRM office and payroll section in particular
- Huge death gratuity benefits to benevolent families
- Week surveillance, patrols, supervision and enforcement of county programs.
- Lack of communication bill and policy
- Inadequate working equipment
- Low county government visibility
- Lack of essential enablers of Public Participation
- Weak ICT infrastructure and capacity.

WAY FORWARD

- Implementation of recommendations arising from the Staff skills audit Report (realignment of staff skills to functions)
- Develop policy and guidelines on staff transfers and deployment, Recruitment of additional staff and continuous training and development
- Institutionalize framework for staff training and development, centrally undertake staff training need assessment.
- Disseminate approved Bills & policies.
- Functionalize performance management, for County Executive Departments.
- Construction of twin wards offices.
- Operationalize county inter-governmental forum. Adequate funding of intergovernmental activities
- Decentralize and unbundle administrative structures to the lowest level (village)
- Establishment of a county staff welfare association.
- Recruitment of a substantive County Director Human Resource Management, Payroll Manager and training of payroll officers.
- Factoring of pending bills in the supplementary budget FY 2020/21 in order to eliminate or reduce pending bills. Training officers at Government institutions **after** payment of training fees.

- Factoring field activities in the next budget for the Department.
- Aligning staff pay-points with the departments they work in.
- Securing of the HRM offices. Plans are already underway to install metallic grill doors at the payroll section.
- Purchase of communication gadgets for surveillance, purchase of surveillance vehicle, uniforms and identification cards for officers. Restructuring and training of enforcement officers.
- Finalize the communication bill and policy.
- Production of documentaries on developmental activities, branding.
- Establish appropriate enablers of public participation which includes: Rolling out civic education curriculum.
- Mapping out sectoral working groups, development of support program and building capacity.
- Installation of Radio Calls
- Installation Biometric System
- Installation of Data Record Management systems
- Recruitment of critical personnel, development of policy, and identification of programmes

2.3.14 NYAMIRA MUNICIPALITY

a) Summary of achievements

Over the period under review, the following achievements have been realized

- Setting out of the road centre line which is complete for the whole road.
- Taking joint original ground levels (OGL) on cut to spoil sections.
- Taking of the culvert invert levels for cross pipe culverts.
- Taking joint measurement of the existing cross pipe culverts.
- Taking joint measurement on earthworks; benches, cuts and fill and on bottom subgrade and sub base levels.
- Inducted the board members hence proper functioning of the municipal board
- Nyamira Municipality Spatial Plan is on-going
- The Municipality offices is fully refurbished

b) Challenges and way forward

- The timely project progression was mainly affected by continuous heavy rainfall (wet weather conditions) in the project area, thus affecting earthworks construction and possible future delaying completion of the road to bitumen standard. This was solved by having to work in extra hours to cover for time lost.
- The presence of electric power poles, water mains and telecommunication cables on the carriageway has been hindering the processing of earthworks since there was a delay with the concerned utility companies having to relocate them. However, after various follow ups and reminders, the concerned authorities dealt with the relocations.
- The current COVID 19 pandemic also posed a challenge especially on the number of work force that could be at work at a given time. There has been a lot of sensitization on ground concerning the situation and workers have been provided with the necessary PPEs.
- Transfer of Municipal function has been delayed
- Completion of the spatial plan is behind schedule due to late disbursement of funds and COVID-19 pandemic however the contractor has provided new measures to be followed especially in addressing planned activities such as stakeholder forums by use of print

media, radio and electronic correspondences to ensure work is done to completion with the given timelines.

- Stakeholders and their contributions in implementation of the Municipal Plans
- Nyamira Municipality would continue partnering with private sector, other Municipalities
 and organizations to exchange information, build capacities, expand resources and
 enhance revenues, and implement improvements in urban management. It will also
 partner with foreign Municipalities in order to exchange good practices.

Complete and on-going projects

d)

Activity (as per plan/budget)	Budget	Expenditure	Performance/Execution	Assessment of progress	Comments
Upgrading to bitumen standards of (b5) borabu inn- golan heights resorts-jua kali- nyamira boys-(b5)- nyabite. FY 2018/2019	104,373,213.30	18,404,779.70	17.6%	Delayed	Need for extension of contract

CHAPTER THREE

DEPARTMENTAL STRATEGIC PRIORITIES, PROGRAMMES AND PROJECTS FOR FY 2021/2022

3.0 INTRODUCTION

This cahapter gives a detailed analysis of the priorities, programmes and projects for the 2021/2022 Financial Year. Since the county is implementing the CIDP 2018-2022, the development programmes and projects have been extracted form the document, capturing the fourth year of its implementation.

3.1 PUBLIC ADMINISTRATION AND INTERNATIONAL RELATIONS

3.1.1 Sector Composition

The sector is composed of the following sub-sectors; Finance and Planning, Governor's office, County assembly, County public service board and Public Service Management.

3.1.2 Sector vision, mission and Goal

Vision

A leading sector in public policy formulation, implementation, coordination, supervision and prudent resource management

Mission

To provide leadership and policy direction in resources mobilization and management for quality public service delivery.

Goal

Enhanced management of public resources, policy formulation and implementation for economic development and safeguarding of the county government interests.

Sub-sector	Issues/Problems	Causes	Development needs	Priorities	Potential Strategic Policy Thrust
Finance and Planning	Low local revenue collection	Inadequate local revenue administration and management	Enhanced local revenue collection to fund development projects in the county	Automation of county revenue collection process Strengthen revenue administration and management	bills and other revenue administration legislations
	Weak coordination of county planning process	Inadequate county planning statistics	Statistics to guide on program/project formulation	Strengthening of county statistical formulation framework	KNBS periodical statistical publications
		Poor county information and documentation system	Information for decision making	Establish County information and documentation centre	ICT policy
	Poor budget formulation and execution	Inadequate monitoring and evaluation framework	Monitoring and evaluation of county projects for value of money	Strengthen county monitoring and evaluation framework	NIMES and e- PROMIS
		Low capacity of departments to implement the budget	Delivery of budgetary objectives	Pre-feasibility studies at project initiation	Formulation of budget implementation policy
	High risk in budget implementation& financial management	Inadequate capacity	Audits and financial controls for value for money	Up scaling county quality assurance and control services	PFM Act 2012 IFMIS
	Insufficient s management Inadequate capacit	upply chain y	Supply chain management for sourcing of goods and services	Improve supply chain management process	Public procurement and disposal act 2015
The executive (governors	Hosing for accommodation		Construction of governors house and deputy governor Develop physical	Improve tracking and public reporting mechanism of county programmes to ensure promotion of accountability.	Developing public grievances handling

3.1.5 SECTOR CAPITAL DEVELOPMENT PROJECTS

3.1.5.1 CountyAssembly Development Projects

Financial Year 2021/2022		
PROJECT NAME	PROJECT DESCRIPTION	Amounts
Provision of Office Space	Construction of 6 floor Office Block for MCAs and Staff Phase II	117,174,315
Provision of Alternative source of power	Purchase of Generator	6,000,000
Securing the County Assembly Precincts	Supply and installation of HK Vision IP CCTV camera short	5,000,000
Provision of Alternative source of power	Supply, Installation and commissioning of solar	9,000,000
Provision of Speaker's Residence	Construction of a befitting duplex and staff quarters for the Hon. Speaker	20,000,000
ecuring the County Assembly Precincts	Construct of car Park, Perimeter Wall & Gate House	22,592,435
Provision of Water and other Amenities	Construction of toilets(Ablution block	1,314,000
Flovision of water and other Amenities	Construction of water tower	1,166,000
Refurbishment	Refurbishment of Non-Residential Building	5,507,950
Equiping chambers with furniture	Auditorium Chairs and Hansard Tables	8,859,300
Air Conditioning	Supply and Installation of Air Conditioner indoor unit	1,966,000
Refurbishment	Carpeting, supply, delivery, laying and Padding	1,420,000
Provision of Office Space	Construction of 6 floor Office Block for MCAs and Staff Phase II	150,000,000
Securing the County Assembly Precincts	Construct of car Park, Perimeter Wall & Gate House	15,592,435
Provision of Alternative source of power	Purchase of Generator	6,000,000
Securing the County Assembly Precincts	Supply and installation of HK Vision IP CCTV camera short	5,000,000
Provision of Alternative source of power	Supply, Installation and commissioning of solar	9,000,000
Provision of Speaker's Residence	Construction of a befitting duplex and staff quarters for the Hon. Speaker	10,000,000

3.2 AGRICULTURE, RURAL AND URBAN DEVELOPMENT

3.2.1 Sector Composition

This sector comprises of the following Sub-Sectors: Agriculture, Livestock, Fisheries, Lands, Housing and Urban Development

3.2.2 Sector Vision, Mission and Goal

An innovative, commercially-oriented and modern Agriculture and Rural Development Sector

Mission

To improve livelihoods of Kenyans through promotion of competitive agriculture and innovative research, sustainable livestock and fisheries development

Sector Goal

Increasing food security, rural income and employment creation.

Major	Causes	Development	Immediate Objective	Existing opportunities/	Strategies
Issues/Problems		Objective		strengths within the	
				sector	
Poor waste and	Uncontrolled urban	Develop	Controlled urban	Decentralization of	Decentralize services to rural areas.

3.2.3 Sector Development needs, Priorities and Strategies

			Sensitize the public		modern land fields.
			I I I I I I I I I I I I I I I I I I I		Organize public participation foras
Inadequate supply of houses	Lack of land for expansion Increased urban population. Poor planning. Lack of housing policy. Encroachment on public land by private developers. High cost of construction materials	Provision of adequate, affordable modern housing for Nyamira residence	Construction of storied apartments Controlled mobility. Provide proper planning guidelines. Provide housing policies. Protect public land from encroachment. Source for appropriate building materials and technologies.	Exiting staff houses Decentralize services to rural areas. Existing planning policies. Existing housing policies. Use the existing laws and regulations. Locally available materials	Purchase /acquire land for housing development. Decentralize services to rural areas. Formulate relevant regulatory framework. Formulate new policies and regulation interventions in improving the housing situation. Enforcement of existing survey and mapping through compulsory acquisition and eviction.
					Promote use of locally available appropriate building materials and technologies
Inadequate social amenities such as recreational facilities, cemeteries and crematorium	Poor planning. Lack of land. Lack of political good will. Lack of prioritization. Inadequate resource mobilization	Provision of adequate social amenities	Provide adequate planning. Source for land. Involve political class. Prioritize Mobilize resources	Existing policies and regulations. Purchase/acquire land. Involve the county assembly members. Involve the existing technical staff. Existing Government land	Formulate policies and legislation to guide in planning. Buy land from private owners and secure government land Sensitize politicians and stakeholders. Implement the projects as prioritized Source for external partners
Inadequate infrastructures	Change in climate. Encroachment on road reserves Vandalism Inadequate planning Lack of policies	Provide adequate infrastructures	Put in place mitigation measures Reclaim the encroached road reserves. Enforce security laws. Provide proper planning. Provide adequate planning	Available metrological data. Existing laws and regulations. Available expertise. Existing policies	department and other technicians. Formulate policies and regulations
Inadequate equipment and technical staff to carry out survey services	Scarcity of resources Inadequate planning. Lack of GIS lab. An informed leadership	Provide equipment and technical staff	Mobilization of resources Provide planning strategies. Provide GIS lab Sensitize the leaders	Existing staff Existing policies. Process of establishing GIS is on-going. Existing department of public participation	Engage public private partnership and source for technical staff. Formulate proper planning policies. Accelerate the process. Capacity build the leadership

3.3 SECTOR: ENERGY, INFRASTRUCTURE, AND ICT

3.3.1 Sector Compostion: This sector includes the following Sub-sector which form the above sector include; Roads, Transport & public works

3.3.2 Sector Vision, Mission and Goal

A World class provider of cost-effective physical and infrastructure facilities and services.

Mission

It is committed in providing efficient and high quality transport system, roads infrastructure and public works through environmental friendly and cost-effective construction, maintenance and management for socio-economic development.

Sub-sectors Goal

3.3.3 Sub-Sector Development needs, Priorities and Strategies

Programme	Issue/Probl ems	Causes	Development Objective	Immediate Objective	Existing opportuniti es/ strengrths with the sectors	Strategies
Road Transport	High traffic in the town area;	Limited parking space within towns Narrow roads to accomodate the increasing traffic Uplanned urban development limiting space for road expansion	Reduce traffic jam in the central area	Organize adequate parking area Expand the main urban roads	Existence of enfircement officers	Construct more parking lots Construct extra BACK streets to off load traffic & open existing narrow roads Control urban development
	Poor road transport network	Gullies & Potholes in existing roads on road sections Lack of an effective and connected road hierarchy in urban and rural areas	Ensure passable and safe road network Improve road network in the county	Minimise the existence of gullies and potholes in our county roads Enhance efficiency in urban and rural road networks	Existing of roads Existing road design & Maintainanc e manuals Financial support from KRB	Undertake regular Routine Maintenance on the roads that are in a good condition (maintainable network). Spot Improve bad sections of the good roads to consolidate the maintainable network. Partial rehabilitation of prioritised links in order to improve connectivity and provide access to the majority

Programme	Issue/Probl ems	Causes	Development Objective	Immediate Objective	Existing opportuniti es/ strengrths with the sectors	Strategies
						of the population Construct bridges and drainage systems at appropriate points and junctions where there is no road continuity.
	Vandalisati on of road furniture	Lack of awareness	Ensure sustanaibity of safety to road users	Reduction of vandalism	Existence of road manual & road safety guidelines & policy	Replace missing road furniture Install new road furniture Provide sustainable budget Hold public awareness meeting
	Poor Drainage system	Heavy and irregular rains Dumping of solid waste on drains Blocking existing culverts	Ensuring proper drainage systems	Reduce cases of drainage destruction	Existing roads Existing designs manuals	Maintain the drainage systems regulary Constuct new culverts at appropriate points Introduce new drainage systems where needed Unblock any blocked existing drainage system
	Road classificatio n	Unclear classification of roads	Increase classified roads networks	Carry road inventory survey of unclassified roads in the county	Available Roads database of classified roads at KRB Initial Classificatio n guidelines	Carry road inventory survey of all roads in the county Policy review on road classification
	Inadequate road maintenanc e	Inadequate machineries for the expanse area.	Cover the entire area in road networking.	Procure enough machinery for opening	Acquired: Two graders Excavator Wheel	To procure: Prime mover. Excavator Shavel

Programme	Issue/Probl ems	Causes	Development Objective	Immediate Objective	Existing opportuniti es/ strengrths with the sectors	Strategies
	equipment.			and maintenance of roads.	loader Four tippers Two backhoes Two single drum rollers. Wheeled Low bed	Tippers
Public works	Delay of Design of government buildings Uncontrolle d developmen t of Buildings	Facilitation in the design & printing of documents Lack coordination on deparments involved	Provide facilitation and design equipments Develop a Policy on development controlled and management	Provide facilitation & purchase design machinery	Technical staff Design Computers & Software	Employ more technical staff Purchase design machinery and equipments Establish onestop development controll
Mechanical Services	Inadequate servicing and longer period of service & maintenanc e of motor vehicle and machineries	No modern workshop, tool and equipment. Changing technology. Regular breakdown of motor vehicles and equipments. Inadequate maintenance funds.	Adequate servicing of motor vehicles and road maintenance equipment.	Acquire space for modern workshop. Acquire modern workshop tools and equipment. Quick response to breakdowns. Periodical trainings for technicians and operators for advancing technologies. Allocate enough resources for maintenance and emergency breakdowns.	Ready working technical team. Some workshop tools.	Acquire space for building workshop. Build a modern workshop. Purchase workshop tools and equipment e.g. diagnosis machines, hoist etc. Train personnel over changing technology. Acquire mobile workshop and service van. Budget for maintenance to be increased.
Human resource development	Human resource capacity	Low skills	Improve employee skills	Ensure efficient service delivery	Skilled manpowet in the job market	Train existing staff Fill the employee gaps

Rehabilitation of Isebania-Kisii- Ahero (A1) road	North Mugirango	Construct a bitumen standard road	Improve road pavement and accessibility	No. of km constructed to bitumen standard	2017-2020	KeNHA ADf	9.4B
Construction roads to gravel standard	Nyamira County	Construct all weather passable roads	Improve road accessibility and drainage system	No. of km gravelled	2017-2022	County	250M
Maintenance of roads	Nyamira County	Construct all weather passable roads	Improve road accessibility and drainage system	No. of km gravelled	2017-2022	County	375M
Construction of low volume bitumen road	Nyamira county	Construct a bitumen standard road	Improve road pavement and accessibility	No. of km constructed to bitumen standard	2019-2022	County	1.3B

3.5 SECTOR NAME: EDUCATION

3.5.1 Sector Composition: The sector comprises of Early Childhood development education (ECDE) & Childcare Centers (CCC), County Polytechnics & Home Craft Centers (HCC), Adult Education, Special Education Youth Empowerment.

3.5.2 Sector Vision, Mission and Goal

A globally competitive education training, research and innovation for sustainable development

Mission

To provide, promote and coordinate quality education and training, integration of science, technology and innovation in sustainable socio-economic development process.

Sub sector goal

By 2030, every child has access to free quality Early Childhood Development and Education.

3.5.2 Sector Development needs, Priorities and Strategies

Sub-Sector	Issues/problems	Causes	Development Needs	Priorities	Potential Strategic Policy Thrust
ECDE & CCC	Low Access, Equity and quality of ECDE learners	Low parental and community awareness importance of ECDE High Cost of ECDE. Neglect of special needs learners. Long distance between ECDE centres. Lack of feeding program /school milk.	Increase demand for ECDE programs	Improve planning on access, equity and quality of ECDE.	To provide quality education that is accessible to Nyamira ECDE learners Nyamira county ECDE policy 2015
	Inadequate and Poor Infrastructural Development	Inadequate ECDE classes Un-conducive learning environment Poor sanitation Scarcity of land for child care centers Scarcity of land for establishment of an ECDE college. Lack of clean drinking water Unsuitable ECDE furniture	Improve Infrastructure, sanitation and water supply facilities.	Enhance funding on infrastructural development

3.6.0 HEALTH SERVICES

3.6.1 Sector Composition

3.6.2 Sector Vision, Mission and Goal

Vision: A healthy and Productive County with Equitable Access to Quality health Care.

Mission: To Provide Quality health Services for Socio-economic Development of the People of Nyamira County

Goals

Increased equitable access to health services for all

3.6.3 Sector Development needs, Priorities and Strategies

Sub-Sector	Issues/problem	Causes	Development Needs	Priorities	Potential Strategic Thrust
Curative and rehabilitative	Low healthcare workers to population ratio	Increased number of facilities Inadequate funding Staff apathy	Increase number of health resource for health	Improve planning for new facilities Increase funding Improve staff morale	Implementation of Human Resource for Health (HRH) strategic plan Spatial planning of facilities
	Inadequate skills for service delivery	Inadequate skill mix Lack of specialized services	Improve service delivery	Enhance staffs skills Availability of specialized services	Capacity building of staffs Supporting professional development
	Stock outs of essential medicine	Inadequate financing Increasing number of health facilities	Improve supply of essential medicine	Increase funding Planned health facility expansion	Mobilization of resources Enhanced preventive health services
Administrative planning and support	Inadequate funding	Lack health finance policy	Increase health financing	Customize health financing policy	Enacting health financing bill Resource mobilization
	Inadequate medical equipment	Inadequate funding Increased number of facilities Upgrading of facilities Poor preventive maintenance	Medical equipment availed	Increase funding Improve planning for new facilities Planned upgrading Improve preventive maintenance	Enhanced on and off budget resource mobilization Spatial planning of facilities Planned facility upgrading Enforcing preventive maintenance guidelines

Sub-Sector	Issues/problem	Causes	Development Needs	Priorities	Potential Strategic Thrust
	Weak HMIS	Lack of customized HIS policy Lack of Health Information System (HIS) strategic plan Inadequate ICT infrastructure	Strengthened HMIS	Customized HIS policy HIS strategic plan developed ICT infrastructure Improve	Customize HIS Policy Develop HIS Strategic Plan Equip HIS with adequate infrastructure and equipment Enhance Electronic Medical Records (EMR)
	Inadequate infrastructure	Inadequate funding Poor road network Poor planned layout of health facilities	Improve infrastructure	Improve funding Improve road network	Resource mobilization Partnership with line ministries (roads, housing) Complete stalled projects Developing of facility master plans
	Industrial disputes	Unresolved staff issues	Reduce industrial disputes	Meaningful engagement with trade unions	Implement County HRH policy
		Stalled projects Lack of health facility master plans	Complete projects	Stalled projects completed Facility master plans developed	AllocationofresourcesforCompletion of stalledprojectsDevelopmentofmaster plansfor allfacilities
Promotive and preventive services	Poor environmental health services	Inadequate policies and guidelines	Enhance environmental health services	Customized environmental health policy	Development and enactment of Environmental health policy
	Increase of Non communicable diseases	Lifestyle changes Lack of awareness	Reduce proportion of Non communicable diseases (NCDs)	Enhance community awareness	Community awareness of lifestyle diseases Outreach services for early detection and treatment Establishment of clinics in all sub- county hospitals
	Increase of disease burden	Increase of HIV incidences	Reduce disease burden	Reduce HIV incidence	Facilitate targeted HIV testing services outreaches Hold anti-stigma sensitization meetings
		Declining immunization coverage	Prevent immunizable diseases	Immunization coverage	Conduct immunization outreach services

Sub-Sector	Issues/problem	Causes	Development Needs	Priorities	Potential Strategic Thrust
		Reduce tuberculosis (TB) case detection	Reduce TB burden	Enhance TB detection rate	ScaleupTBdiagnostic siteTBStrengthenTBIntensiveCaseFinding
		Weak disease surveillance systems	Early detection of diseases	Strengthened disease surveillance system	Active case search Formation and operationalization of surveillance teams at all levels Training of surveillance teams
		Inadequate safe water supply and sanitation	Reduce water communicable diseases	Improve safe water supply and sanitation	Procurementofrequiredhealthproductsforwatertreatment.Healthpromotion ontreatmentathousehold levels.ProtectionofwatersourcesStrengthenhealthstakeholdersforumsPromotionofCommunityLedTotalSanitation(CLTS)in all villages
	Malnutrition	Inadequate breastfeeding practices Inadequate complementary feeding practices Inadequate awareness on diet Poor maternal nutrition	Reduce malnutrition rates	Improve breastfeeding practices Improve complementary feeding practices Enhance nutrition awareness Improve maternal nutrition	Inter-sectoral collaboration Iron Folic Acid Supplementation at attending antenatal clinics (ANC) Community awareness on Growth Monitoring and Promotion (GMP) /Management of Acute Malnutrition Maternal infant and young child nutrition(MIYCN)
	Poor disposal of medical waste	Inadequate sanitation facilities	Improve medical waste disposal	Increase sanitation facilities	Constructionofburningchambersand ash pitsconstructionConstructionofplacenta pits
	Weak community health system	Inadequate policies and guidelines	Strengthened community health system	Community health policies developed	Development of Community health policy Develop Community

Sub-Sector	Issues/problem	Causes	Development Needs	Priorities	Potential Strategic Thrust
					health services Strategic Plan
	High maternal and neonatal deaths	Late ANC attendance Low uptake of Long Acting and Reversible Contraceptive Unskilled deliveries Delayed referrals Teenage pregnancy	Reduce maternal/neonatal deaths	Improve ANC attendance Increase intake of Long Acting and Reversible Contraceptive Increase skilled care delivery. Improve maternal referrals Reduce teenage pregnancy	Capacity building Health education of the community on Skill care delivery services Perinatal audits. Procurement of equipment Referral and linkages at all Tiers Establishment of youth friendly centres

3.7 SECTOR NAME: ENVIRONMENTAL PROTECTION, WATER AND NATURAL RESOURCES

3.8.1 Sector Composition: This sector includes the following sub-Sectors: Environment, Water, Mining and Natural Resources

3.8.2 Sector Vision, Mission and Goal

Vision

To be a leading county in the sustainable management, utilization and conservation of the environment, water and natural resources

Mission

To enhance conservation and sustainable management of environment, water and allied natural resources for socio economic development

Sector Goals

Increased accessibility to clean and safe water for domestic and industrial use from estimated 35 % to 70 % by year 2022 and to <0.5Km. Promoted environmental conservation, health and safety through sustainable development approaches.

3.8.3 Sector Development needs, Priorities and Strategies

Sub Sector	Issue	Causes	Developmen t needs	Existing opportunities/str ength within sector	Strategies
Water Services	Low water yield from springs/rivers	Planting of eucalyptus trees Cultivation up to riverbanks Climate change effects Encroach ment of catchment areas lack of Political goodwill	Increase water yield from springs/rivers To remove eucalyptus trees	Existing legislation/ EMCA act	Establishmen t of bamboo plantings Watershed /Catchment management, spring protection Formation of WRUAs
	Poor watershed/catch	Population growth	To rehabilitate	Existence of WRA	Formation of WRUAs
	ment management	versus land size	Water shed and		Awareness creation

	4.1			<u> </u>
	Absence of WRUAs. Poor farming practices Lack of Political goodwill	catchment areas Train the communities on importance of preserving water catchment areas		
Poor management of water supply schemes	Inadequate technical skills , lack of local project ownership	Improved service delivery Formation of county water service provider(wat er company)	Water act 2002/2016	Establishmen t of county water company Enhance skill development
Low water supply and sanitation coverage	Low funding Low water yield from springs/riv ers Limited infrastruct ure developme nt Lack of land for infrastruct ure developme nt	Increased water supply and sanitation coverage Lobby for increased budgetary allocation Increase water storage	Existence of development partners High population	Develop resource mobilization unit Development of water supply infrastructure Improve water management
Non-Revenue water	Pipe leakages Illegal connection s Aged water supply systems	To reduce extent of Non-revenue water Repair all leaking points Remove all illegal connections Regularize illegal	Existence of water act	Regular maintenance of the water system Enforcement of regulations

		connections		
		connections		
Unfavourable climate change.	Changing rainfall patterns ,high temperatur es	To promote climate smart technologies in water resources Implement climate smart technologies	Existing legislation	To promote climate smart technologies in water resources Capacity building of water committees
High energy costs	Inefficient production systems, Unconduci ve geographic al terrain	Reduce cost of energy Enhance gravity scheme and green energy	Carbon credit refund	Develop use of green energy
Low uptake of appropriate Technology	Inadequate knowledge and technical skills	Promote appropriate technology Enhance gravity scheme and green energy		Adopt appropriate technology
Shared Water Resources.	Clannism Lack of political will Poor inter- clan relationshi p			
Inadequate skills and staff shortages	Aging staff, no succession plan	Recruitment and training of staff Short Courses /trainings		Human resource development
Inadequate land for infrastructure Development	High Population Lack Of Policy on Way Leaves For	Enhance communal understandin g for need for way leave for water		Customize the water act Allow for land acquisition during

CHAPTER FOUR

IMPLEMENTATION, MONITORING AND EVALUATION FRAMEWORK 4.0 INTRODUCTION

This chapter provides a detailed explanation on the implementation framework of the Nyamira County Annual Development Plan 2021-2022. The details include enabling institutional framework for the implementation, monitoring and evaluation of the development plan.

4.1 IMLEMENTATION FRAME WORK

4.1.1 Institutional Framework

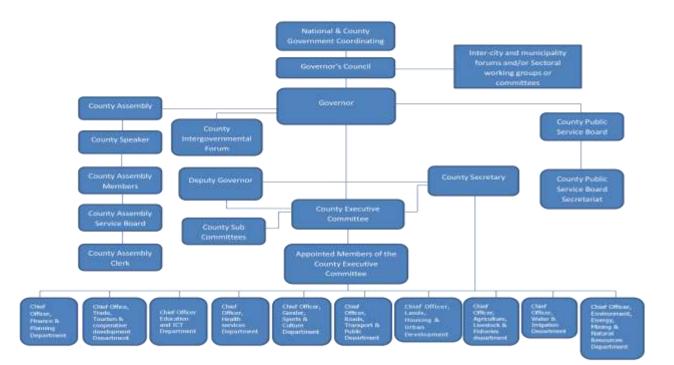

Nyamira County Government mandate is vested in The Constitution of Kenya 2010, County Governments Act 2012 and the Urban Areas and Cities Act 2011 where the functions of the devolved units are clearly stated. In order to achieve the county strategic goals, the county would seek to strengthen the existing organizational structure to make sure that service delivery is achieved. The following organs in the County will play agreat roll in this process: The County Assembly; will continue to offer the legislative authority of a county, make any laws that are necessary for the effective performance of the functions and exercise of the power, offer oversight over the County Executive and other organs in the County and approves plans and policies for the management and utilization of the County resources as well as the development and management of its infrastructure and institutions: The County Public Service Board; will establish and abolish offices within the County, appoint persons to the offices of the County Public Service, facilitate the development of the human resource planning and budgeting for personnel and make recommendations to the Salaries and Remuneration Commission: The County Executive Committee; will implement county legislation, implement national legislation relevant to the county, manages the ten (10) sectors of the County Administration and performs any other functions conferred on it by the Constitution or National Legislation. The CEC committee may prepare proposed legislation for consideration by the County Assembly: The County Budget and Economic Forum (CBEF); will provide means for consultation by the County Government on preparation of county plans, the County Fiscal Strategy Paper (CFSP), and the Budget Review and Outlook Paper (BROP). The CBEF creates a platform which ensures all county planning and budgeting processes are all-inclusive a consultative, through public

participation, governance and civic education: The County Treasury; will be responsible for monitoring, evaluating, and overseeing the management of public finances and economic affairs of the County government.

4.1.2 The County Organizational Flow

This shows the organizational structure of the County hierarchy.

County Organogram

4.1.3 Resource Mobilization for implementation of the Plan

In the implementation of the ADP 2021-2022, resources to fund the various planned projects would be required. As a result, the county expects funding from the following revenue streams over the period.

- Equitable share from the national government
- Conditional grants from the national government transfers
- Conditional grants from other development partners/agencies
- Own Source Revenue (Locally generated Revenue)

Due to the scarcity of resources, any anticipated resource gap/s would be addressed through;

Revenue automation: This is an on-going process nearing its completion. It is an intervention expected to seal the revenue leakages, enlarged revenue base and also enable the county to work in a fully integrated revenue system. **Public Private Partnership:** The County government would embrace partnerships with private entities to invest in various forms of development initiatives through incentives, provision of land, conducive environment. Such sectors include environment, water, waste management, energy, health among others. **County revenue administration and legislations** – The county government would pursue preparation and enforcement of relevant laws meant to improve on revenue generation.

4.2 MONITORING AND EVALUATION FRAMEWORK

4.2.1 Monitoring Mechanism

Monitoring of the entire process from planning, designing and implementation is very important. This keeps the planned activities in check, reduces duplication, wastages, allows for remedial measures to be taken and ensures the projects/programmes delivery on time. The County will constitute the Monitoring and evaluation frame which will take three executing entities being; County Monitoring and Evaluation Committee (CMEC), Technical Monitoring and Evaluation Unit (MEU), Departmental Monitoring and Evaluation Committee (DMEC), Sub-County Monitoring and Evaluation Committee (SCMEC) and the Ward Monitoring and Evaluation Committee (WMEC). The CMEC will have an overall role in supervision of the plan implementation and will also organize surveys on the quality of service delivery. The information from such surveys is for dissemination to all stakeholders. It is important to note that a Bi-Annual Review Meetings (BARM) will be conducted with the stakeholders to keep the plans' activities and outputs on track during implementation, and enable the stakeholders to identify and take necessary actions to address emerging challenges. The BARM will be undertaken through the Stakeholder Review Fora (SRF).

4.2.2 Evaluation

Evaluation entails checking the impacts projects have made to the community. The Plan will be subjected to two internal Annual Evaluations, namely the Mid-Term Evaluation and the End term Evaluation. Mid Term Evaluation and Review (MTER) will assess the extent to which the plan is meeting its implementation objectives and timelines.

4.2.3 Data Collection, Analysis and Reporting

Reporting is important in this process because it provides feedback to establish the challenges, successes and weaknesses in the implementation of various projects and programmes and whether the set objectives can be been achieved or are on course. Sub-County Monthly Monitoring and Evaluation Reports (SCMMER) will be prepared together with Ward Monitoring and Evaluation Reports (WaMER) and submitted to the County Planning Unit (CPU) in order prepare progress reports. Furthermore, County Quarterly Monitoring and Evaluation Report (CQMER) and a County Half Year Monitoring and Evaluation Report will also be prepared to capture progress during a quarter period of the year and half period of the year respectively. Finally, a County Annual Monitoring and Evaluation Report (CAMER) are to be produced and submitted to the County Planning Unit for preparation of Annual Progress Report. These reports will outline in summary from projected targets achievements, facilitating factors and challenges faced. These reports prepared by CPU are for submission to the Governor's office for information, use and dissemination to the stakeholders. Issues requiring policy interventions will be submitted to the County Executive Committee for action. Information sharing and reporting is key in reviewing this plan. It will be posted on the official county website for the wider circulation and consumption. It will also provide a mechanism for monitoring and evaluation. Various stakeholders can visit the county website for detailed information. Furthermore, there will be a quarterly stakeholders meeting to share reports at all levels of devolved county government structures and address emerging challenges.

4.3 MONITORING AND EVALUATION MATRIX

4.3.1 Public Administration and International Relations

a) County Assembly

Sub-Sector/ Department	programme	Outcome indicators	Output indicators	Target	Responsibility	Cost in Ksh.
County Assembly	General Administration, Policy Planning and Support Services	Improved service delivery, efficiency and effectiveness of the County Assembly.	Adequate office space, committee rooms and other office facilities	100%	Office of the clerk
