# **BUDGET 2014/2015**

## **FOREWARD**

As required by Section 12 of the second schedule of the PFM Act 2012 the County has adopted

the Programme Based Budgeting approach for the fiscal year 2014/15. Programme Based

Budgeting aims to achieve two principle goals namely:

- i. To improve the prioritization of expenditure in the budget in order to help allocate limited county government resources to those programmes of greatest benefit to the community, and
- ii. Encourage departments to improve the efficiency and effectiveness of service delivery by changing the focus of public spending from input to output and outcomes. In achieving these goals a Programme Based Budget also becomes an effective tool to help citizens understand the reasons behind policy decisions.

## **Budget Outlook**

The 2014/15 budget has been prepared in compliance constitution and PFM Act 2012. The content has been informed by the 2014 County Fiscal Strategy Paper (CFSP) and County Integrated Development Plan (CIDP) as approved by the County Assembly.

Resource allocation in fiscal year 2014/15 has been directed at programs that will contribute to the strategic objective firmed up in the first county fiscal strategy paper, including development of infrastructure, promotion of health care, promotion of value addition in agriculture, environmental management and equitable economic and social development.

## **Budget Estimates FY 2014/15**

The financial projections for 2014/15 are expected to be as follows:

### **1.Revenues**

The total estimates for fiscal year 2014/15 is Kshs. 4,553,131,519 comprising of Kshs.500,000,000 from local sources, Kshs. 3,835,663,387 billion from National Government transfers, and Ksh. 212,918,352 as F.I.F (which includes 20,200,000 as DANIDA funds)and Ksh. 4,549,780 as appropriation in aid from health facilities. In total the budget is expected to be financed to the tune of Kshs. 86 % by National Government transfers, 10% from local sources and 4 % from appropriation in aid.

### **2.Expenditure**

The expenditure on projected revenue is as follows (including transfer to County Assembly of Kshs. 632 million):

#### **a) Recurrent Expenditure Kshs 3,094,824,793**

Compensation of employees is projected at Kshs. 1.7 billion translating to 37% of total expenditure, other current expenditure including operation and maintenance amounts to Kshs.1.3 Billion

#### **b) Development Expenditure Kshs 1,458,306,727**

Development of infrastructure including Roads, Water and ICT accounts for Kshs.917,484,704 consuming 62% of Development Expenditure. The County Government intervention also include educational infrastructure for early childhood education,Youth Polytechnic and Resource Centre to the tune of Kshs.127,150,000.The total allocation for Development Expenditure translated to 32% of total budget hence complying with the threshold as set out in the PFM Act 2012. The total budget is Kshs 4,553,131,520 compared to estimated total revenue of Kshs 4,553,131,519 translating to a balanced budget.

## **Maintaining a Balanced Budget**

Budget 2014 affirms the county government's ability to balance its budget on an ongoing basis. Modest CRA allocations, weakness in local revenue are offset by ongoing expenditure management enabling county government to provide additional funding for health care, social programs, and economic development

## **KERICHO COUNTY ASSEMBLY**

### **PART A: Vision**

Become the model county assembly across Kenya ensuring transparency, accountability and social responsibility to the residents of Kericho County.

### **PART B: Mission**

Provide necessary legislation that safeguards social safety and development in a transparent and integral manner.

### **PART C: Performance overview and background(s) for programme funding**

The responsibilities of the county assembly include:

- Exercising the powers of enacting laws at the county level
- Acting as an oversight instrument on the county executive
- Approval of plans and policies for smooth operation and management of resources and county institutions

To date the county assembly has passed several bills that have helped the county in management of its resources and ensure smooth running in the county as well.

### **PART D: Strategic objective of the programmes**

<b>Programme</b>	<b>Objective</b>
Administration & field services	To ensure proper accountability of public funds.
Administration of human resource in public service	To ensure proper and transparent establishment, appointment, discipline & board management.
Implementation of the constitution	To ensure proper bills are enacted to continuous development in the county.

## **FINANCE AND ECONOMIC PLANNING**

### **PART A: Vision**

To be a world class institution in economic and financial management.

### **PART B: Mission**

To create an enabling environment for accelerated and sustained economic growth through pursuit of prudent economic, fiscal, and monetary policies and coordination of government financial operations.

### **PART C: Performance Overview and Background for Programme(s) Funding**

The Department of Finance and Economic Planning derives its mandate from the Constitution of Kenya 2010 and other related subordinate laws including Public Management Finance Act 2012, County Government Public Finance Management Transition Act 1 2013 And County Government Act 2012 and is responsible for finance and economic planning of the County.

The department's a pivotal role in the coordination of development planning, mobilization of public resources and ensuring effective accountability for use of the resources for benefit of Kericho County.

It coordinates County government departments/entities in the preparation of the annual County budget. It is the responsibility of the department to initiate and guide all sectors to prepare their budgets. The department also provides Accounting, Auditing, Procurement, Revenue, fiscal planning and statistics. .

The department has established an elaborate network through its established department's, and sector institutions, to effectively deliver on its mandate. In the financial year 2012-2013 the department was allocated kshs. 31Million under recurrent which the department used for operations and maintenance during the period.

## **HEALTH SERVICES**

### **PART A: Vision**

A healthy population for better County economic growth

### **PART B: Mission**

To provide the highest standard of health services by developing a health system that is technologically driven, equitable, accessible and community oriented.

### **PART C: Performance Overview and Background for Programme(s) Funding**

The Department of Health, Kericho County is working to establish a patient-focused, results-driven, integrated and financially sustainable health system. It plans to build a sustainable public health care system based on helping people stay healthy, delivering good care when people need it, and protecting the health system for future generations.

As staff continues to work towards better health care for the people of Kericho County, stewardship will become the sector's mission and mandate. This new stewardship role will mean that the sector will provide overall direction and leadership for the system, focusing on planning, and on guiding resources to bring value to the health system. The health sector has different sources of funding:-

- Funding from the County Government.
- FIF (Facility Improvement Funds - these are revenues that are collected by hospitals through user fees. This also includes free maternity fund reimbursement. (Curative health)
- Funding for preventive and promotive health include :-
  - HSSF - this fund is a grant from partners through the Ministry of Health.
  - Since primary health care facilities do not collect any revenue, they receive user fee reimbursement from the government.
  - Public Health AIA – Revenue collected by Public Health Department for various services.

For some projects that need long term funding, available funds have been budgeted and the rest carried forward to subsequent financial years for instance; the total cost of the software needed is 5,600,000. (Inpatient and

outpatient software) this will be done in phases and will be funded with joint funds from county government allocation and cost sharing funds.

Most projects that are being undertaken might take several years to be completed hence allocation is years.

The allocation given to Londiani Sub District Hospital for construction of a morgue is in addition to allocation of 800,000 by CDF.

The equipment that have been factored in the development budget include general medical equipment, theatre equipment, nursing equipment, laboratory equipment, x-ray equipment, medical furniture, ophthalmology equipment, ENT equipment and dental equipment Since it is difficult to include the entire list in this document, a separate list of equipment has been provided.

## **AGRICULTURE, LIVESTOCK DEVELOPMENT AND FISHERIES**

### **PART A: Vision**

An innovative, commercially-oriented and modern Agriculture and Rural Development Sector

### **PART B: Mission**

To improve livelihoods of Kenyans through promotion of competitive agriculture and innovative research, sustainable livestock and fisheries development

### **PART C: Performance Overview and Background for Programme(s) Funding**

Agriculture and livestock production are the major activities in the county. Majority of the people in the county depend directly or indirectly on agriculture for employment and income generation. The county's household income from the sector accounts for 70 per cent and provides employment to over 70 per cent of the labour force. The sub-sectors also provide raw materials such as timber, coffee, milk and meat for industries within and outside the county. Fish farming is emerging in the county as an economic activity. Fish farming acts as an alternative source of protein and also employs a number of youth. Fish ponds and dams were constructed under Economic Stimulus Programme in 2010 and will be scaled up over the plan period.

Research and development plays a critical role in terms of providing farmers with modern farming technologies that include use of high yield varieties of tea, coffee, maize seeds, potatoes, and control of livestock diseases among others. This will help increase yields; reduce food poverty and hence improve overall quality of life in the county. Continuous research and development will enhance agricultural and livestock value addition critical for competitiveness of the county's products both at national and international markets

## **EDUCATION, YOUTH AFFAIRS, CHILDREN, CULTURE AND SOCIAL SERVICES**

### **PART A: Vision**

A globally competitive education, training, research and innovation for sustainable development”

### **PART B: Mission**

To provide, promote and coordinate quality education and training; integration of science, technology and innovation in sustainable socio-economic development process”.

### **PART C: Performance Overview and Background for Programme(s) Funding**

The Constitution of Kenya, 2010, clearly outlines the functions of the county Government under the Fourth Schedule, part 2. One of the key functions of the County government outlined is Pre-Primary, Village Polytechnics, Home craft centers and Childcare facilities.

The core function of this department focuses on the young and youthful citizens of this county. This specifically includes their welfare which comprises of their education, employment, personal health and self-reliance. Kericho County, through this department sector has put in place elaborate strategies whose intentions are to educate, train and empower the youth who play a critical role in the development of the county.

In the financial year 2012-2013 the department was able to employ roughly about 500 ECD teachers for the county.

## **DEPARTMENT OF ROADS, PUBLIC WORKS AND TRANSPORT**

### **Introduction**

In the county level the sector of Physical Infrastructure encompasses Roads; Public Works; Transport; Subsectors.

This Budget submission for the fiscal year 2014/15 and probable estimates for the year 2015/16 and 2016/17 are in line with the Kericho County Fiscal Strategy Paper, the Annual Development plan and CIDP. These documents are product of wide scale stakeholder consultation and are aligned to Kenya Vision 2030, Second Medium Term Plan 2013-2017 and Millennium Development Goals among other development policies.

The details of the activities hereunder covered in this Budget that are to be undertaken during this period and their required amounts have been shown, such details involves personal emoluments and the Capital expenses for planned projects in order of priority.

### **Sector Vision and mission**

#### **a. Sector Vision**

The vision of the sector is “*A World class provider of cost-effective physical infrastructure facilities and services*”.

#### **b. The sector mission**

The mission is “*To provide efficient, affordable and reliable infrastructure for sustainable economic growth and development through construction, modernization, rehabilitation and effective management of all infrastructure facilities*”

## **Response to Sector Vision and Mission**

Infrastructure development will be critical for the county's competitiveness as it reduce the cost of doing business. The sector is backbone to other economic sectors like agriculture, manufacturing, trade and tourism. Roads link various sectors and allow access to inputs for production and outputs for consumption. Infrastructural improvements also provide direct employment opportunities for the people during construction and maintenance.

### **The roads sub-sector**

The roads sub-sector aims at opening access roads linking agriculturally potentially areas and market centres. Routine maintenance of existing roads will be undertaken. This will facilitate faster transport for goods and services to the market. Supply of electricity is critical to the market centres since it will stimulate initiation of enterprises. This sector is a priority in development and should be largely incorporated in the budget.

## **TRADE, INDUSTRIALIZATION, TOURISM, WILDLIFE AND COOPERATIVE MANAGEMENT SECTOR**

The Kericho County executive office of trade, industrialization, cooperative management, tourism and wildlife is composed of the devolved and the national government Departments namely, trade, Industrialization, Cooperative Development, Tourism and Wildlife.

### **Part A: VISION**

To Be a Leading Agent in Fair Trading Practices for Competitive Business Enterprises in Industrial Development

### **Part B: MISSION**

To Promote Vibrant Business Enterprise Growth through an Enabling Policy and Legal Framework for Sustainable Socio-Economic Development in Kericho County

### **Part C: Performance overview and background for programmes funding**

Investment in the trade, tourism, industrialization, wildlife and cooperative management department will lead to economic growth which has a number of multiplier effects. Revival of dormant cooperative societies will continue to receive support as a major source of mobilizing and advancing credits to its members. Support of SMEs will benefit from revolving fund established. Conservation and preservation of identified tourist sites are earmarked for implementation.

Capacity building for SME will be undertaken based on identifying needs. Similarly profiling of businesses undertaken within the county is a important activity to be done.

## **WATER, ENERGY, NATURAL RESOURCES AND ENVIRONMENT**

### **PART A: Vision**

The sector vision is ‘*Sustainable access to adequate water in a clean and secure environment*’

### **PART B: Mission**

The sector mission is to “*Promote, conserve and protect the environment and improve access to water for sustainable national development*”

### **PART C: Performance Overview and Background for Programme(s) Funding**

This sector aims at enhancing access to clean, secure and sustainable environment. It is being depended strongly by the main productive sectors of Agriculture, tourism, manufacturing and energy. The economic survey of 2011 reported that 42 % of the country’s GDP is derived from natural resource based sectors.

This sector is faced with poor sanitation and environmental degradation due to low latrine coverage, lack of sewarege facility in Major Township, lack of a dumping site, poor farming techniques, encroachment of water catchment areas and deforestation. The county is also faced with poor access to potable water both for drinking and animal use.

To achieve the goal of this sector, the following shall be implemented at the county;

- Waste management and pollution control – New dumping sites for Kericho and other neighbouring towns shall be identified, sewerage system for Litein, kapkatet urban area shall be established, provision of litter bins at the designated sites in major centres and purchase of trucks for solid waste transportation.
- Protect and rehabilitate all the water catchment areas.
- Establish 4 meteorological sites and providing all the necessary equipment.
- Promote participatory forest management and conservation especially through community forest associations.
- Rehabilitate degraded areas and strengthen all reforestation programmes.
- Encourage on farm tree planting as well as Agro-forestry.
- Promote the use and adoption of green energy by sensitizing the communities on the use of Biogas, solar and wind energy sources.
- Map all the mineral resources within the county.

- Establish more water supply programmes to improve on water accessibility.
- Promote water harvesting technologies both at the household level and institutions.

## **STRATEGIES FOR REALISING SET OBJECTIVES IN THE SECTOR**

A number of water project have been proposed to be undertaken before 2017 in order to improve access to portable water. This will be a relief to women and girls since they will have ample time to engage in other productive activities. It will also promote access to sufficient and quality water both for human and livestock consumption.

Formulation of guidelines and code of practice for ground water investigation, drilling and test pumping, construction of dams and boreholes with long lifespan, protection of water catchment areas and ground water artificial recharge in the drainage basins is aimed at improving water availability. The sector will ensure that all disadvantaged are mainstreamed in the sector through involving them in water and environmental projects planning and implementation.

## **SECTOR PROGRAMMES FOR FINANCIAL YEAR 2014/2015 -2016/2016 - 2016/2017**

Water, Energy, Forestry, Environment and Natural Resources is one of the ten Government departments constituted by the county government of kericho. The county is well drained with a good number of rivers that include Chemosit, Itare, Kipsonoi, Timbilil, Maramara, Nyando, Kipchorian and Malaget, some of these rivers are characterized by rapids and falls which could be harnessed for hydro-electric power generation. Some of the rivers with water falls include Maramara, Itare and Kiptaret. The department envisaged that in the financial year 2014/15, it will work towards the completion of consultatively identified water projects, development of a master plan for the water supply system for the county, conservation of wetlands and water sources. It is also the departments function to ensure solid waste management within the town and other market centres are addressed. A master plan for the solid waste

management and disposal is developed for all the towns/urban areas. Energy supply through alternative sources such as solar, biogass and biodiesel or green energy is an area that the department will initiate. This will be through Public Private Participation(PPP).

# **INFORMATION, COMMUNICATION AND E- GOVERNMENT**

## **PART A: Vision**

To provide efficient and reliable ICT infrastructure for sustainable economic growth and development

## **PART B: Mission**

To ensure that ICT pervades all aspects of citizens lives in a structural way knowing when and where to best use ICT and whether it is for economic or social. ICT is to have the place in the County and is to be beneficial in giving critical advantage in areas of governance and business, creating solutions, to many problems in the County and enhancing the presentations and dissemination of information.

## **PART C: Performance Overview and Background for Programme(s) Funding**

Information Communication and Technology is key in terms of service delivery. ICT within the county is still weak and requires enhancement to ease communication and improve on service delivery. The department will oversee the contractual, installation and management of ERP system for revenue enhancement. Connectivity across the county is an area of concern for the department and other institutions such as youth polytechnics which is earmarked for connection. Development of ICT centres are important sources of information and employment for the youth.
