## **FOREWORD**

A budget is a consultative policy document that integrates the Government's plans and the available estimated resources. The FY 2021/2022 and MTEF Budget estimates has been prepared in compliance with the Constitution of Kenya 2010 and the Public Finance Management Act 2012. This FY 2021/2022 Budget estimates have been prepared on the basis of the County Integrated Development Plan (CIDP 2018-2022), Annual Development Plan (ADP FY 2021/2022), County Fiscal Strategy Paper (CFSP FY 2021/2022) and in line with the National Budget Policy Statement 2021(BPS 2021) and County Allocation of Revenue Act 2021(CARA 2021).

This year's budget which is programme based has outlined the broad departmental objectives and the resources required to achieve these objectives. Programme Based Budgeting has improved expenditure efficiency and effectiveness by linking funding to results and making use of performance information to achieve that linkage.

It is prepared at a time when the country is facing a myriad of socio-economic challenges following the emergence of COVID -19 which is spreading very fast with devastating effects. The country's economic growth is diminishing with the latest projection showing a downward trend from 5.4 percent in 2019 to 1.4 percent in 2020. The county government has over the past years had challenges in achieving its local revenue collection targets. However, with enactment of the county valuation roll, the trend is likely to change for good and thereby achieve our local revenue collection.

The expected total expenditure for FY 2021/2022 is Kshs. 8.43 Billion. The county government is expected to receive Kshs. 7.172 Billion from the National Government as equitable share and Kshs. 755.1 Million as Conditional Grants. In the FY 2021/2022, The County Government is projecting to raise Kshs.499.8 Million as local revenue collections.

The county treasury shall continue to enforce fiscal discipline in line with the provisions of the PFM Act, 2012 and provide all necessary support to departments during the implementation of the planned programmes.

**Hon. Phaustine O. Barasa**

**Ag. County Executive Committee Member – Finance and Economic Planning**

## **ACKNOWLEDGEMENT**

The preparation of this budget estimates was a collaborative effort from a range of professional expertise and stakeholders. It was an all-inclusive and consultative process at all levels in collecting the information on programmes and activities contained herein. A team of experts from the county treasury prepared the FY 2021/2022 budget estimates. I wish to convey thanks to the County Departments and other Agencies' staff for their enthusiastic help and contribution in the preparation of this document. The County Treasury greatly appreciates the officers for their invaluable input during the budget preparation process.

Special thanks are extended to Mr. Evans Wandera Wangata Ag. Director Budget for his exemplary leadership during the preparation the 2021/2022 Budget Estimates and MTEF. Special thanks and appreciation are also extended to other officers including Ms. Joy Wanga, Mr. Hudson Mugendi, Mr. Benard Onunga, Mr. Isaac Enaga, Mr. Nicholas Mutua Kiema, Mr. Amos Owana Imooh, Mr. William Chepkwony, Mr. Abdallah Issa Omusugu, Ms. Jocelyne Chepkwony, Duncan Oburai, Jane Njogu, Beverly Anyokorit Ote, Maximillian Sherry Okuku, Maureen Anyango Ochieng, Marlene Ursula Ajiambo, Jackson Oduori Opiyo, Kevin Omondi Otieno, Keneth Eboche and Dancan Ikapel for their due dedication and commitment throughout the data compilation and preparation of this budget document.

Finally, and most important, appreciation is extended to the County Executive Committee, County Assembly and other stakeholders who willingly participated in the budget preparation by providing valued information that facilitated the outcome of this document. I expect this document to act as a guide to county government departments while discharging their mandate and enable the general Public to hold the departments accountable.

## 1. Department of Agriculture, Livestock and Fisheries

### A. Vision

A leading county in food security and sufficiency for sustainable livelihoods

### B. Mission

To improve the livelihoods of Busia County residents through the promotion of competitive agriculture and provision of support services while ensuring a sustainable natural resource base.

### C. Background for programmes and Performance overview

The department comprises of three directorates namely; Agriculture, Livestock and Fisheries. Institutions under the department are; Agricultural Training Centre in Busia, Agricultural Mechanization Services in Butula and Wakhungu Fisheries Training Centre in Samia Sub - County. The department's mandate is to improve livelihoods of Busia County residents through promotion of competitive agriculture, sustainable livestock and fisheries.

Under the directorate of fisheries, the department completed the construction of Wakhungu fish hatchery with seed production capacity of 1.5 million fingerlings annually to increase access to quality fingerlings, installed backup generator at Wakhungu Training and Seed Multiplication Center to guarantee power supply, the directorate fabricated 10 (75 m<sup>3</sup>) Cages and installed them at

Mulukoba Open Water Aqua park and procured 125,000 Male ( 20 grams) tilapia seed , 1,600 (25Kg) of Tilapia Feeds Pellets and 40 Tons Mash as start-up phase input support for stocking the 10 Cages installed.

The department installed a pelletizer machine at Nasewa fish feed factory and the first 30% fish starter mash produced was supplied to the aqua parks, established one aqua park with 100 ponds at Bukani in Samia sub county, procured 800 (25Kg) Bags of Fish Feed Mash and pellets and 70,000 (20 grams) all male Tilapia seed as input support to 1 Cluster of five farmers in every sub-County.

The directorate of Veterinary Services vaccinated 100,000 livestock (cattle, sheep and goats) against Lumpy Skin Disease, 10,000 against Foot and Mouth Disease and over 1,000,000 birds against Newcastle Disease and 5,000 dogs and cats against rabies. The directorate offered artificial insemination at a subsidized cost of Ksh. 1,000 to 5,000 farmers across the County, inspection of 10,200 cattle, 5,000 goats, 4,000 pig carcasses during meat inspection and declaring them as fit for human consumption, sprayed over 100,000 livestock using acaricides to control disease vectors such as Tsetse flies and Ticks, rehabilitated 7 crush-pens to enhance vector control, licensed 42 slaughterhouses across the County, three of which are County-owned and the remaining privately owned and Strengthened revenue collection streams through licensing of more slaughterhouses and training of 7 more Meat Inspectors.

Under the directorate of crops, the department has continued to support farmers through the farm input programmes. 10,800 Vulnerable farmers benefited from certified seeds. This translated to 75,600- 90kg bags of maize production. Under Mechanization 700 acres of new land was cultivated at a subsidized cost of Ksh. 2,000 which was half the market price. This translated to increase in acreage under agriculture production. A total of 1,750 farmers had their soils tested on PH and recommendation given for proper improvement.

The directorate of Livestock Production established 2 Dairy Production Park in Butula and Teso South Sub Counties, distributed 500 dairy cattle to farmers across the 7 sub counties.

As a department, some of the challenges encountered include; Frequent floods in some parts of the County occasioned by prolonged rains, old farming methods and techniques, degradation of natural resources and the environment, inadequate support services, framework and institutional constraints, slow evolution of agricultural and rural development policies, low level of adoption of modern breeding technologies such as Artificial Insemination and Embryo Transfer by farmers, illegal slaughter of animals in unauthorized facilities or at homes thereby denying the County revenue and endangering of human lives through consumption of uninspected meat, porous border thus hampering trans boundary disease control efforts and shortage of developed structures for irrigation.

The department recommends construction of strong dykes to control flooding in flood prone areas and promote rain water harvesting and conservation (Construction of water pans for water storage)

to cushion farmers during the dry seasons. Continuous farmer education and sensitization on adoption of more productive and disease-tolerant breeds, training of more Artificial Insemination service providers and proper facilitation for increased efficiency of insemination services to farmers and strengthening border movement control of livestock and livestock products.

To undertake these programmes, the 2021/22- 2023/24 MTEF estimates for the sector are projected to be Ksh. 2,571,422,719 .For the FY 2021/22, Ksh. 776,864,870 has been set aside for the sector. For 2022/23 and 2023/24 the projections are Ksh. 854,551,357 and Ksh. 940,006,492 respectively.

#### **D. Programme Objectives**

##### **CP 1: General Administration and support services**

To facilitate the coordination of programs within the department

##### **CP 2: Crop Production and management**

To promote adoption of modern farming technologies and practices

##### **CP 3: Land use and Management**

To promote prudent land management practices

##### **CP 4: Agricultural Training and Extension Services**

To equip agricultural producers and stakeholders with relevant skills and knowledge

##### **CP 5: Agribusiness and agricultural Value Chain Development**

To increase the value and quality of agricultural produce

##### **CP 6: Agricultural Financial Support services**

To enhance access to affordable credit facilities

##### **CP 7: Kenya Climate SMART Agriculture**

To enhance access to affordable credit facilities

##### **CP 8: Fisheries and Aquaculture Resource Development**

To increase quantities of fish and fish products in the county

##### **CP 9: Livestock Production Development**

To increase Livestock production

##### **CP 10: Veterinary Health Services**

To improve animal health

##### **CP 11: Other Projects**

To promote uniformity in development across the county

## 2. Department of Trade, Investment, Industry and Co-operatives

### A. Vision

A leading department in the promotion of Trade, Cooperative movement and investment

### B. Mission

To provide high quality services through efficient and effective coordination, formulation, and implementation of policies and programs and create an enabling environment that encourages investment while exploiting the cooperative movement.

### C. Strategic Overview and Context for Budget Intervention

To efficiently and effectively deliver its services, the department has four directorates namely: Trade, Cooperatives, Cooperative Enterprise Development Fund, and Weights and Measures.

The department is mandated to department in promote trade and investments as well as creates an enabling environment that promotes and encourages investment while exploiting the cooperative movement

The overall objective of the directorate of trade is to promote self-reliance amongst the citizens of Busia County, enhancement of business, job and wealth creation through diversification, innovation, value addition, market linkages and trade infrastructural development.

Through the directorate of trade, the department oversees and promotes cross-border trade through cross-border committees that were formed after establishment of Cross Border Traders Association. This ensures seamless movement of goods and services across the international border and across inter -county borders. It provides traders with requisite trade information to facilitate business networks.

During the 2020/2021 financial year, the department will implement programmes targeting cooperative growth, trade enhancement, industrialization and entrepreneurship development.

The directorate developed the Busia county trade development revolving fund act to promote development of small and micro enterprises and to set up an institutional framework for coordinating loan disbursements.

The weight and measures section ensures that verification of weighing machines in business premises has been done so as to meet the customer satisfaction in terms of quantity and quality of goods or produce being sold to them

Further, the department will continue to spearhead construction of markets and market stalls across the county in addition to strengthening capacity of co-operatives to effectively discharge their mandate through provision and promotion of savings and establishment of a fund to be accessed through loans by registered co-operatives, associations and organized groups. This will support and promote entrepreneurship, innovations, value addition and ultimately increasing incomes across the county.

To undertake these programmes, the 2021/22- 2023/2024 MTEF estimates for the sector are projected to be Ksh.586,038,557 For the FY 2021/22 Ksh. 177,050,924 has been set aside for the sector. For 2022/23 and 2023/24 the projections are Ksh 194,756,016 and Ksh. 214,231,618 respectively.

#### **D. Programmes and their Objectives**

##### **CP 12: General Administration and Support services**

To facilitate the implementation of programs within the department

**CP 13: Trade Development and Investment**

To promote growth of business enterprises

**CP 14: Fair Trade Practices**

To ensure conformity to legal Metrology requirements

**CP 15: Cooperative Developments and Management**

To establish a strong cooperative movement

**CP 16: Other Projects**

To ensure equitable distribution of resources across the county

### **3. Department of Education and Vocational Training**

#### **A. Vision**

A quality education and training for all to transform Busia into an intelligent county in the frontline of global progress and innovation.

#### **B. Mission**

To provide accessible, holistic, quality education and training to all for the socio economic and sustainable development of Busia county and for self-reliance and innovativeness in an increasingly globalized environment.

The mandate of the department is to ensure learning opportunities are accessible to all, provide learners with values and skills to further their personal growth, enhance their critical and exploratory thinking and encourage them to innovate and adopt to changes in an increasingly globalized environment.

#### **C. Background for programmes and Performance overview**

The department comprises of two Directorates: Early Childhood Education Development and Vocational Training.

The Directorate of Early Childhood Development Education is mandated to undertake the following tasks: supervision of ECDE curriculum implementation; assess growth; monitoring and development of ECDE children; collect data for purposes of equitable distribution of resources; capacity building of ECDE teachers and improving the physical environment of the ECDE children through construction of classes and provision of outdoor play equipment.

The directorate plays a key role in developing the personality of the child especially physical, mental and socio-emotional attributes therefore laying the foundation for primary education.

The Directorate of Vocational Training is mandated to undertake Management of Vocational Training Centres through: development of policy guidelines; rules and regulations; implementation of policies; implementation of programmes supported by various development partners; supervision and management of Vocational Training Centres staff; implementation of Quality Assurance and Standards (QAS) recommendations and promotion of ICT integration and youth innovations.

Continuous improvement of ECDE infrastructure, recruitment of qualified teachers and provision of Learning Material has created a big impact in Pre Primary Education. The enrolment in ECDE has since increased from 51,432 in the previous year to 54,449 learners. A total of 255 child friendly classrooms have been constructed with additional 35 currently on going and will be handed over soon for use by the learners.

During the last Financial Year, 2020/2021 the directorate purchased more ECDE chairs increasing the number from 15,640 to 18,340, developed Curriculum designs purchased text books and teaching/learning resources such as charts which were also distributed to all ECDE Centres across the County.

To ensure safety of learners and teachers in ECDE during the COVID -19 Pandemic, the directorate carried out trainings for 1,494 ECDE teachers both in Public and Private Centres on: COVID-19 Ministry of health guidelines. Trained teachers on Vitamin A supplementation for children aged 5 years and below and Competency based curriculum (CBC) training on the current trends

Under the Directorate of Vocational Training, the department has continued to improve training through purchase of Modern tools and equipment and development of infrastructure.

In the Financial Year 2020-2021 , a number of infrastructural projects were completed, such as; Administration Block at Nambale, Bukoma and Dirakho Vocational Training Centres, Construction of Carpentry and Joinery workshop at Onyunyur VTC, renovation of Motor Vehicle Workshop at Katakwa VTC and Classroom at Apokor VTC among others.

The directorate also received the National Grant and the County Grant which has continued to improve training and administration of the Vocational Training Centres.

To promote accountability and prudent utilization of resources, the department did organize a capacity building training for all VTCs Board of Governors and Managers on financial management, procurement process and the role of BOG as governors of the institutions.

The County Assembly has of recent, passed two Bills that has come into law. These are; the Busia County Vocational Training Act and the Busia County Early Childhood Education Act. These will improve management and training in our centres.

Each Acts comes with some financial implication. There will be increase of costs in operationalization of the same, under the Busia County Vocational Training Centres Act the managers of the VTCs will become principals and this will attract better remuneration. At the same time, the ECDE Act will generate revenue in form of registration fees, and lastly, the Acts will also enhance retention and access to quality and equitable education and training.

The Department is working closely with the Department of Lands to ensure all institutional land is registered and title deeds kept in safe custody.

Proper planning and siting of institutional infrastructure is key. To this end the Department is in the Process of preparing site plans and strategic plans for each of the Public Vocational Training Centres. This will provide a clear blue print and a well-structured development plan for each VTC centre.

The department has encountered a number of challenges as highlighted as follows:

Poverty level in some parts of the county has greatly affected enrolment in Vocational Training Centres. Most parents can hardly afford to pay for feeding programs, registration fees and examination fees for learners/trainees in Vocational Training Centres.

Infrastructure has also posed a challenge to schools; access to some schools is difficult as a result of poor road network.

Dilapidated infrastructure in some of the public ECDE and VTC's continue to pose a security risk to learners more allocation is required to address this issues.

The Covid-19 Pandemic greatly affected the Learning and Training in both ECDE and Vocational Training centres and it has continued to exert pressure on the little resources available as institutions (both ECDE's and VTC's) try to put measures in place to curb the spread of the Virus as per the guidelines issued by the Ministry of Health.

During the Financial Year 2021-2022 the department intends to undertake the following activities:

- Change the terms of 575 ECDE teachers from contract to permanent and pensionable terms and recruitment of more ECDE teachers to cater for schools with high enrolment.
- Refurbishment of DICECE Resource Centre to enable refresher courses for teachers; Capacity building of teachers to embrace Competency Based Curriculum (CBC); Provision of resources for nutritional programs in ECDE centers.
- Construction of New ECDE classrooms and Completion of on-going ECDE classroom and child friendly toilets initiated in the previous years

The enactment of legislation on the Vocational Training Centres has since paved way for the recruitment of VTCs Principals and their Deputies, as the department works towards implementing the requirement of the ACT.

The department also intend continue providing the County Matching grant to the VTCs to help in provision of Training Material purchase of tools and equipment and improvement of infrastructure

To undertake these programmes, the 2021/22- 2023/2024 MTEF estimates for the sector are projected to be Ksh 1,874,253,668. For the FY 2021/22 Ksh. 566,239,779 has been set aside for the sector. For 2022/23 and 2023/24 the projections are Ksh 622,863,757 and Ksh 685,150,132 respectively.

## **4. Department of Finance and Economic Planning**

### **A. Vision**

A prosperous county committed to prudent financial management and economic planning.

### **B. Mission**

To provide high quality financial, economic and advisory services through efficient and effective fiscal planning, resource mobilization, budget administration, coordination, formulation and implementation of policies and programs for accelerated, equitable and sustainable development for the citizens of Busia County.

### **C. Background for programmes and Performance overview**

The department consists of six directorates; Budget and Economic Planning, Accounting services, Audit, Supply chain management, Revenue and Monitoring and valuation which are committed to attaining high levels of prudence in financial management, financial reliability and sustainability, high quality service delivery and optimum structural, institutional and human capacity through transparency and accountability, integrity, professionalism, creativity and innovation, citizen participation, team spirit and patriotism.

Revenue automation is one of the major projects being implemented by the department. The department will continue to spearhead resource mobilization, prudent resource management and accountability for quality service delivery and implementation of projects.

Introduction of the e-procurement through the directorate of Supply Chain and Management to ensure government procurement practices are easily monitored and adhered to.

The department has an electronic revenue management in place to maximize tax collection, facilitate transparency and seal existing revenue leakages.

Continuous Strengthening of the internal audit department through recruitment of audit staff and establishment of audit committee.

The department has also established the Monitoring and Evaluation unit to ascertain the value for money on all county projects through issuance of projects status reports.

The department has acquired a water rig to enhance water drilling in the entire county hence improving revenue collection.

The county assembly has enacted a law on Valuation Roll which will enhance own source revenue collection from land rates.

The county government has recruited new revenue officers and enforcement team that will help in revenue collection.

The department has inadequate office space, equipment and machinery to enable the staff to complete their assigned duties on time.

To undertake these programmes, the 2021/22- 2023/2024 MTEF estimates for the sector are projected to be Ksh 2,773,061,435. For the FY 2021/22 Ksh. 836,844,116 has been set aside for the sector. For 2022/23 and 2023/24 the projections are Ksh. 922,008,247 and Ksh. 1,014,209,072 respectively.

### 5. Department of Sports, Culture and Social Services

#### A. Vision

A socially self-driven and empowered community.

#### B. Mission

To mobilize the Busia Community for sustainable social protection, talent nurturing, heritage preservation and creating equal opportunities for children, youth, women, PLWDs, older persons and other vulnerable groups for a holistic growth and development.

#### C. Performance Overview and Background for Programmes

The department consists of seven directorates namely: Youth, Sports, Tourism, Culture, Social services and Alcoholic Drinks Control. The department is mandated to mobilize the communities in Busia County for sustainable social protection, talent nurturing and creating equal opportunity for Youth, Women, PWDs, Older Persons and other vulnerable groups for holistic growth and development.

In the FY 2020/21, the department implemented various capacity building, empowerment and safety net programs which are key in breaking the poverty cycle among the vulnerable members of the community who include; children, Youth, Women, PWDs and the elderly.

In the Youth sector, the directorate organized and participated in the celebrations of the international Youth Day. The department has advertised for the Construction of Nambale Youth Empowerment Centre to be completed at a cost of Ksh. 5,000,000. The five-year partnership between the department and ILO has continued and brought about many training opportunities for the department's staff in regards to Labour related issues. Through the trainings and different stakeholder engagements between the department and ILO, the department came up with schemes to benefit the youth in Busia County with employment opportunities.

The directorate of Social Services procured and distributed 9,840 sanitary towels to school going Girls in Class 8 and 7 respectively across the county. The directorate has continued to provide safety net programs to PWDs. In the FY 2020/2021, 197 persons living with disabilities benefited from the programme.

The refurbishment of Busia County stadium is complete. The directorate's continued maintenance and management of the county stadia has greatly empowered the Youth and the business community around the facilities. The department facilitated ward based tournaments that were competitive in its implementation.

Through the directorate of Culture, the department continues to oversee the construction of Kakapel Cultural Centre. It also organized and participated in the celebration of National Days namely; Madaraka Day on 1<sup>st</sup> June 2020, Mashujaa Day on 20<sup>th</sup> October 2020 and Jamhuri Day on 12<sup>th</sup> December 2020. Additionally, construction of Nambale and Butula social halls is ongoing.

The department has been successful in implementing most of its planned programmes. However, it was faced by the challenges of non-adherence to contractual timelines by contractors and the impact of the Covid-19 pandemic that affected local revenue collection and occasioned delay in disbursement of funds to Counties. Going forward, the department will strictly follow the contractual agreement timelines and do follow ups with contractors to ensure timely implementation of the contracted projects.

To undertake these programmes, the 2021/22- 2023/2024 MTEF estimates for the sector are projected to be Ksh. 546,081,517 for the FY 2021/22 Ksh. 164,979,310 has been set aside for the sector. For 2022/23 and 2023/24 the projections are Ksh. 181,477,241 and Ksh. 199,624,966 respectively.

## 6. Department of Infrastructure and Energy

### A. Vision

Develop quality, reliable, sustainable and resilient infrastructure and provide access to safe affordable public transport systems.

### B. Mission

To expand public transport and build infrastructure with special attention on the needs of women, children and people with disability through production of appropriate designs and increase investment.

### C. Background for the programmes and performance overview

The Department plays both a facilitative and a supportive role within the county. It exists to both design and implement infrastructure projects and support other departments in execution of the same. It provides both technical and supervisory assistance to all other county and national government departments in implementation of their projects.

The department will provide an enabling and supportive environment for investment in the county and sustain standard road network and public infrastructure for sustainable development.

It aims to increase the number of road construction equipment in order to enhance opening of new roads to about 100kms County wide.

The department aims at connecting Busia County to other counties by air through acquisition of land for airstrip construction and also acquiring supporting documents for the same.

It intends to construct a laboratory for testing building and road construction materials. This will further enhance revenue collection by the department.

There is a plan to acquire 2 more supervision vehicles to ensure efficiency in carrying out functions of the department.

Under the Energy directorate, access to electricity in rural areas is to be improved by constructing 45 power lines, connecting 450 households thus maximizing the number of households connected to power grids. It also aims to ensure timely maintenance of electrical installations thus ensuring well-lit streets, towns and centres in the county.

The department intends to improve water transport by ensuring water ways and jetties are established and are in good condition. This will also enable continuous implementation of projects in the prone areas. It also intends to conduct road safety campaigns to reduce road carnage across the county.

The directorate of roads has initiated construction of 5.7 kilometres of roads to bitumen standard across the county. These include Amagoro primary school road, Aleles – Eden Rock road, Amerikwai – Airstrip roads, Matayos Health Centre access Road, Funyula Town Road and Bumala Market Access Road. These are earmarked to be completed by the end of Financial Year 2020/ 2021.

It has also undertaken construction of major drainage systems. These include Busibwabo and Kiriko box culvert, Angurai, Marokora, Nyamunyere – Ganjala box culverts among others. Also constructed are kabuodho, Kanoti, Namasarile, and Bubamba Bridges among others.

The directorate of energy has so far installed 20 transformers in various villages to promote rural electrification enhancement through implementation of 36 rural electrification scheme sites across the County estimated at a value of 74.1 million in partnership with REA under the matching fund facility. Each site is set to connect approximately 40 new households to the main power grid thus scaling the number of grid connections by 1560.

Under Kenya Devolution Support Program (KDSP) the department has constructed 12.5KM road from Machakus to Gara thus connecting 3 sub counties (Teso South, Teso North and Nambale). This has had positive impact on local economy thus effectively increasing accessibility to markets, farms and health, learning facilities among other social and economic centres.

The department however has experienced a number of challenges including disputes over road reserve. The community is hesitant to give up land for construction of roads by demanding high compensation.

This causes resistance to contractors when opening up the roads in the stipulated areas. It also experiences inadequate road construction equipment hence the few which are available are overstretched and prone to break downs. This in turn affects the targeted output owing to low efficiency and effectiveness. Covid-19 pandemic also affected implementation of on-going projects through isolations and curfew to human capital. The department further encounters Political interference which slows down implementation of development programmes.

To address the above challenges, the department recommends; recruitment of more technical staff to undertake departmental and county support services i.e., preparation of Bill of Quantities among other key responsibilities; Purchase of more road construction equipment to meet the ever-increasing demand; Sensitization of the public on utilization of road reserves to enable county construct and maintain roads.

To undertake these programmes, the 2021/22- 2023/2024 MTEF estimates for the sector are projected to be Ksh 2,967,270,062. For the FY 2021/22 Ksh. 896,456,212 has been set aside for the sector. For 2022/23 and 2023/24 the projections are Ksh 986,101,833 and Ksh. 1,084,712,016 respectively.

#### **D. Programme Objectives**

**CP 35: General Administration and support services**

To provide overall management and central administrative services

**CP 36: Roads Development, Maintenance and management**

To increase the kilometres of roads upgraded to gravel and bitumen standards

**CP 37: Building Infrastructure Development**

To ensure quality of all building infrastructure in the County

**CP 38: Alternative Transport Infrastructure Development**

To ensure improved and organized transport services in the County

**CP 39: Energy Development**

To optimize the utilization of renewable energy resources available within the county towards achieving Sustainability

**CP 40: Other Projects**

To promote uniformity in development across the county

### 8. Department of Lands, Housing and Urban Development

#### A. Vision

Excellence in land management and provision of affordable and quality Housing for sustainable development.

#### B. Mission

To facilitate improvement of livelihoods of Busia residents through efficient administration, equitable access, secure tenure, sustainable management of land resources and access to adequate housing.

#### C. Background for Programmes and Performance Overview.

The Department comprises of the following directorates; Lands, Survey, Physical Planning, Housing, Urban Development, and Municipalities of Busia and Malaba. The department is mandated to provide effective and efficient services in regard to Lands, Housing and Urban Development.

To ensure continued development within the county, the department purchased 15 acres of land in different wards across the county in the FY 2020/2021. The department intends to continue securing County Government land through acquisition of title deeds for the purchased public land. Further, to safeguard the Government land from encroachment and grabbing, the department will fence more land in different wards as it did in Musoma and Kakurikit. The valuation roll preparation is complete and will be a key tool in revenue collection.

The department is keen on procuring Digital County Rental Houses Management System so as to improve and increase revenue collection from the Government Houses. It also continuous to offer solid waste management services in urban areas and markets to keep them tidy. For improved revenue collection, the department will complete the trailer and bus parks both in Busia and Malaba Towns and also ease traffic jam in the respective towns.

The department is working on County Spatial Plan which will be implemented upon completion through the directorate of Physical Planning and Urban Development, with the aim of directing the county spatial environment in a bid to control and direct developments in the county.

Municipalities are key in Urban Infrastructural development. Through the Municipalities of Busia and Malaba, the department has had improved infrastructure which has continuously enhanced management and coordination of the activities of urban areas and Towns. The Busia and Malaba Municipalities Boards will be facilitated so as to discharge their functions effectively.

Busia municipality in the FY 2020/2021 implemented projects planned for in FY 2019/2020. The Municipality undertook the upgrading of about 2km gravel roads to bitumen standards, construction of about 1.3km of pedestrian walkways and a parking lot, construction of approximately 4.0km of road side drains, installation of one (1) 30m high mast flood light at Bulanda Primary school and renovation of Municipality offices.

The department continues to face challenges of insufficient technical staff and funding in various directorates that limits the implementation of the mandate. It seeks to recruit through the County Public Service Board more technical staff that will improve service delivery both in its directorates and Municipality of Malaba that was recently chartered.

To undertake these programmes, the 2021/22- 2023/2024 MTEF estimates for the sector are projected to be Ksh 1,479,029,381. For the FY 2021/22 Ksh. 446,836,671 has been set aside for the sector. For 2022/23 and 2023/24 the projections are Ksh. 491,520,338 and Ksh. 540,672,372 respectively.

#### **D. Programme Objectives**

##### **CP 42: General Administration and support services**

To provide an effective and efficient logistical support system to improve service delivery

##### **CP 43: Land Administration and planning**

To have sustainable land use within the county

## **9. Department of Water, Irrigation, Environment and Natural Resources**

### **A. Vision**

A clean, secure and sustainable environment.

### **B. Mission**

To promote, conserve and protect the environment and improve access to clean water for sustainable development.

### **C. Background for Programmes and Performance Overview.**

The department is mandated to ensure that the people of Busia County are provided with desired service levels in water provision under a secure and sustainable environment.

The key achievements of the department include but not limited to; strengthen monitoring and evaluation to ensure efficient and effective management of water schemes managed by

community boards to meet desired goals. It has also developed an Effective maintenance strategy for water supplies.

Through the department's interventions, the County Government has given 56% of the county population access to safe clean drinking water, compared to 53% that is the national Population water access standing. Despite having a number of water sources that need to be improved, water quantity and quality in the County stand at 54.6% and 66% respectively.

Distance covered in search of water has significantly reduced with 86% of the County population accessing water within a distance of one kilometer. In FY 2020/2021, the department has established a number of tree nurseries and planted bamboo and other trees in schools and fragile areas to alleviate the challenges impacting heavily on our environment as well as trying to achieve the national target of 10% forest cover.

A number of boreholes including Achunet/Ikapolok and Ikonzo boreholes were upgraded to solar powered pumping systems. Namonye, Umala and Mulukoba boreholes were drilled, equipped with solar pumping systems and are in use. A new rising main for Butula water supply was also completed and is operational.

The department has a number of challenges highlighted as follows; unsustainable operation and maintenance, unsustainable environmental stewardship, improper natural resource management, forest development and protection of water catchment zones and other fragile ecosystems.

Moreover, while trying to achieve our mandate, policy formulation and harmonization for good governance pose challenges. For instance, the Busia County Environment Policy, Climate Change Bill and Regulations, Integrated waste management Bill and sand harvesting bill remain drafts even after we cross to the new financial year.

Awareness levels on both the elites in County Government and the community members on matters Environment, Natural resource management and climate change still remain a bigger threat to sustainability as we still experience rampant destruction of ecosystems.

Limitations in physical and settlement planning, infrastructure development and depleted existing schemes reduce service delivery levels. Dependence on hydro-electric power to automate water transfer is very expensive. Reliability in this case is reduced drastically due to frequent breakdowns and no affordability of electricity (high costs of electricity).

Non-functional schemes located in the rural areas with high population out number demand for service delivery.

In the medium term, the department is keen on reducing dependence on hydroelectric power as major source of energy to improve on water supply reliability, pipe extensions to existing high yielding supplies, hybrid pumping system, development of storage facilities and drilling

boreholes in strategic institutions with an objective of achieving Sustainable Development Goals and increasing revenue collection from water supply services.

In the Environment section emphasis will be on conservation and protection of all riparian and fragile ecosystems. All riparian lands, water catchment zones, hill tops and hill slopes and riverine areas will be protected and rehabilitated. Urban forestry, Farm Forestry and school greening will be encouraged with an aim of introducing industrial cottages such as bamboo by-products, Fruit trees and honey production. Programmes shall be put in place to combat climate change and its effect, halt and reverse land degradation, combat desertification and promote, conserve and encourage sustainable use of our water bodies.

The department recommends the following; increase the forest cover to levels that will influence environmental changes and have direct impact on climate change and water quality. Proposed programs like School greening, urban forestry, and bamboo propagation and growing, fruit trees propagation and planting, sustainable utilization of our natural resources and livelihood supporting activities.

To undertake these programmes, the 2021/2022- 2023/2024 MTEF estimates for the sector are projected to be Ksh 1,381,601,879. For the FY 2021/22 Ksh. 415,776,096 has been set aside for the sector. For 2022/23 and 2023/24 the projections are Ksh 460,083,706 and Ksh. 505,742,076 respectively.

## 10. Department of Health and Sanitation

### A. Vision

A healthy, productive and internationally competitive County.

### B. Mission

To build a progressive, sustainable, technologically driven, evidence based, and client centered health system with the highest attainable standards of health at all levels of care in Busia County.

### D. Background for Programmes and Performance Overview

Implementation of programmes in the Department hinges on the implementation interventions as outlined in the second-Generation County Integrated Development Plan and the County Health Sector Strategic and Investment Plan 2018-2023, which shall be in its fourth year of implementation commencing July 2021.

The department has prioritized and continues to mobilize efforts and resources towards the President's Big Four Agenda. It will therefore aim at accelerating attainment of Universal Health Coverage over the medium term, informed by the need to improve number of services available, scale up coverage of required services and reduce financial implications of accessing and using health services. To this end, the department will focus on completion and launching of critical services across the county facilities, including opening up of theatres at Khunyangu, Nambale and Sio Port Sub County Hospitals. Completion of the Mother and Child Hospital at Alupe and upgrading of Amukura to a level 4 status also remains departmental priority as its services will be of high significance towards availing services closer to citizens and at affordable cost, the basic tenets of Universal Health Coverage.

Investment in Primary Health Care will also be of focus in coming Budget Implementation. Strengthening of Level 1 structures. This will include strengthening of Community strategy structures, with a focus on ensuring Community Health Workforce (volunteers) are effective, productive and well-motivated.

The department will also give impetus to the fight against Covid -19 Pandemic by strengthening the surveillance system, dissemination of packaged health messages, contact tracing and equipping of the isolation and treatment centre. The department will also train staff and ensure vaccine roll out is fully implemented to ensure the population is protected and live healthy lives despite the situation.

The department shall also engage all stakeholders including the county legislative arm to ensure adequate resources are allocated to the department as part of its Domestic Resource Mobilization Strategy, and also source for partners to supplement allocation and finance interventions that will have greater impact on the overall county Health goals.

Sustaining of the overall health service system remains a key concern. The department's focus will shift towards ensuring elements of functional health system are entrenched and strengthened. This will include recruitment and sustenance of additional workforce, adequate stocking of health products and technologies through a demand driven procurement system and establish mechanisms for collaboration with all other related sectors.

The department's key achievements include; completion of the Accident and Emergency Block at Busia County Referral Hospital. The ground floor, serving as the casualty area is currently used to review the patients of special clinics while the 3<sup>rd</sup> floor, set aside for administrative purpose, is being used for board meetings among other engagements. The ICU equipment were also installed on the building's 1<sup>st</sup> floor and is waiting servicing (tendering on going) and later on ICU services will be launched to offer this vital service to the residents of Busia. Once fully functional, this unit will reduce the referrals out for the critical care patient by up to 65%. The casualty service also provide service to an estimated 140,000 residents annually.

The 30-bed Male Medical ward at Kocholya Hospital in Teso North Sub County was also completed. With an estimated bed occupancy average of 80% in most of our facilities, it is projected to assist an estimated 5,800 clients for inpatient medical services annually. The conversion of a ward to a state-of-the-art laboratory was also completed in the same facility. The Maternity and New-born Unit at Port Victoria Hospital in Bunyala was also completed and the beneficiaries are maternal cases, this facility will improve deliveries by skilled health workers thus reduce the Maternal mortality and infant mortality, one of the key indicators for health as prioritized in the Sustainable Development Goals.

The construction of a Mother and Child Hospital, at a cost of 109M, is one among the county Flagship projects currently on-going and upon completion, is expected to serve an estimated 220,000 clients of differentiated cohorts, including under age 1, adolescents and women of child bearing age. (15-49 years). The unit will contribute in improvement of the vital health indicators in line with the county performance targets, including skilled delivery done by healthcare workers from the current 60.2% to 65%, Family

planning uptake from current 42.7 to 47%, 4th ANC visit from 49.8% to 57 % and theatre utilization from the current average of 5910 per year to 6400 (data from KHIS and County Performance Contract 2020)

A number of facilities were also commissioned during this period. This ensured the county complied with the WHO standards of having a facility closer to the population with a radius of 5km apart. Among them were Igula dispensary in Butula Sub-County, Mukonjo and Wakhungu Dispensaries in Samia Sub-County and Buyosi dispensary in Matayos Sub-County. Others are Odengero Dispensary in Teso South and Kapina Dispensary in Nambale Sub County.

A total of 297 staff were promoted and a further 97 re-designated as a means of boosting motivation and rewarding effort. Also, under the Universal Health Care project, the county managed to recruit a total of 249 staff of various cadres, with a further 73 staff who were previously engaged on temporary terms being absorbed to P and P.

The department managed to establish and equip a Covid -19 isolation and treatment Centre at Alupe Sub-County Hospital to effectively handle Covid -19 related illnesses.

The department collaborated with a number of partners towards supplementing the County Government's efforts. Among the partners were USAID /AMPATH in the field of HIV/AIDS, Nutrition International in Nutrition, AMREF K-SHIP in Sanitation Marketing, Fred Hollows in Eye Care Services, USAID/PMI/Tupime Kaunti in Leadership M and E, and accountability. USAID/PMI/Impact Malaria, Afya Ugavi, GF/AMREF/PS Kenya, Malaria and HIV, Red Cross and Living Goods in Level 1 interventions, Systems Enhancement for Transformative Health (SETH) in Nutrition, Maternal Health and community engagements, PRB/PACE in advocacy and Health financing, UKAID/Save The Children in Maternal and Child Health.

The THS – UC grant from World Bank (Transforming Health Systems for achievement of Universal Health coverage) also had significant investment towards strengthening of RMNCAH interventions. During the period under review, the department utilized the funds to procure 2 additional utility vehicles for Samia and Teso North sub counties. Minor Renovations were successfully undertaken at Busia Referral Hospital, Amukura and Angurai using these funds. Other interventions executed included integrated outreaches (Including Beyond zero van), review meetings, AWP planning and targeted trainings.

The department struggled through the year to meet its health products and medical technologies demand Vis a Vis the budgetary allocation. This affected the procurement and distribution of essential commodities with increased reported stock outs in facilities and the county commodity store.

The Covid 19 Pandemic in March negatively affected the department's performance due to the restrictions announced by the government which slowed down a number of activities. For example, Alupe SCH was converted to a Covid Isolation Unit and thus clients had to seek routine services elsewhere, impacting on a number of indicators, and also lower revenues due to the lack of other services at facility.

Following the heavy rains experienced across the country, six of our health facilities (Mukhobola and Rukala Health Centres, Osieko, Busagwa, Khajula and Bulwani Dispensaries) were adversely affected by

flooding leading to their closure. Staff were displaced, Infrastructure damaged including access roads to these facilities, commodities damaged. This led to disruption of services thus low uptake of health services.

The department recommends allocative efficiency which will ensure that only those interventions with the highest marginal output are financed in order to improve overall county health goals. In addition, more resource should be allocated to the department, both externally from partners and Domestic Resource mobilization to ensure optimal allocation and delivery of quality care. There is need for enhanced project monitoring and evaluation, both site meetings and periodic review meetings with the contractors to ensure projects are completed on time. Improvement in project evaluation criteria will assist in locking out non performing bidders.

Lastly, additional focus in the fight against Covid 19 pandemic, including testing, contact tracing, sensitization of public and staff and improving the isolation centre at Alupe Hospital enhancing own source revenue through expansion of services offered (operationalization of the completed accident and emergency unit at BCRH, opening up theatres, radiology services, more so those under Kenya Devolution Support Programme) and investment in technology through automation of hospital services at the sub county hospitals.

To undertake these programmes, the 2021/22- 2023/2024 MTEF estimates for the sector are projected to be Ksh 7,135,159,138. For the FY 2021/22 Ksh. 2,297,429,075 have been set aside for the sector. For 2022/23 and 2023/24 the projections are Ksh. 2,303,680,983 and Ksh. 2,534,049,081 respectively.

#### **D. Programme Objectives**

##### **CP 54: General Administration and Support Services**

To provide effective and efficient logistical support to improve on service delivery

## **11. County Public Service Board**

### **A. Vision**

A beacon of professionalism, integrity, equity and dedication to quality public service.

### **B. Mission.**

To provide efficient and effective professional services for the realisation of Busia county and national development goals through competitive recruitment, planning, developing and managing human capital.

### **C. Background for Programmes and Performance Overview.**

To execute its mandate, the department will provide efficient and effective professional services for the realization of the County development goals through competitive recruitment, planning, developing and managing of human capital.

The County Public Service Board is mandated to establish public offices, appoint and confirm persons to offices, promote public service values and principles, facilitate the development of human resource, exercise disciplinary control and prepare regular reports.

In ensuring institutional professionalism and good governance, The Public Service Board will endeavour to promote transparency, accountability and adherence to national values and principles through enforcement of Leadership and Integrity Act 2012, Public officers Ethics, Conduct of Public officers, Performance management systems and Training curriculum.

The Board undertook recruitment of staff in the following Departments: Agriculture, Livestock and Fisheries, Finance and Economic Planning, Education and Vocational Training, Health and Sanitation and Governorship.

Further the Board fast-tracked promotions in the following Departments: Health and Sanitation, Infrastructure and Energy, Finance and Economic Planning, Agriculture, Livestock and Fisheries, Public Service and Administration, Trade, Investment, Co-operatives and Industry, Water, Environment and Natural Resources, Sports, Culture and Social Services, Governorship and Lands.

Putting controls on the recruitment of casual workers, an avenue that used to stretch the wage costs in the county.

The Board has developed the following policies which are in draft form awaiting validation by stakeholders: Discipline policy, Recruitment and Selection Policy, Casuals Handbook, Training and Capacity Building and Code of Conduct for Board Members for county Public Service Board.

The board is faced with a challenge of inadequate human resource hence making it difficult to operate smoothly. It thus recommends that funds should be availed for more staff recruitment to address the problem of understaffing.

To undertake these programmes, the 2021/22- 2023/2024 MTEF estimates for the sector are projected to be Ksh 327,809,830. For the FY 2021/22 Ksh. 99,036,202 has been set aside for the sector. For 2022/23 and 2023/24 the projections are Ksh 108,939,823 and Ksh 119,833,805 respectively.

## 12. The Governorship

### A. Vision

To be an institution of honour and excellence for a democratic and prosperous county.

### B. Mission

To provide timely and quality services to the residents of Busia through efficient utilization of resources for the fulfilment of the Governor's mandate.

### C. Background for programmes and Performance overview.

The Governorship is mandated to spearhead policy formulation; promotion of the rule of law to enhance order; resource mobilization; coordination and supervision of effective and efficient public service delivery; swift response to critical community needs during disaster occurrences; publicity, branding and public participation.

To effectively implement its mandate, the Governorship is comprised of four directorates namely: ICT, communication, disaster management and enforcement.

The Directorate of Disaster Management conducted County Disaster Management Committee meetings, flood assessment surveys in Teso North, Teso South, Matayos and Bunyala in collaboration with Kenya Red Cross, fire response drills for disaster management and health staff, fire compliance inspections for the newly constructed laboratory at BCRH, and business premises across the County; made approvals and issued compliance certificates.

The Directorate of Communication produced a video documentary highlighting the achievements of the County Government of Busia and developed editorial policy for the directorate.

The department Installed IP surveillance (CCTV) and access control system at County Headquarters. Moreover, the directorate of ICT has revamped the county government website to provide the citizens with updated information on budgeting documents and status reports on mainstream flagship projects.

The department has also enhanced disaster mitigation through acquisition of fire engine to control fire outbreaks in the entire county.

The department is faced with the following challenges: Lack of staff training to teach the necessary technical know-how for purposes of ensuring efficient Service delivery; inadequate budgetary allocation for the digitalization of the department for ease of tracking all stages of service delivery within the county.

To undertake these programmes, the 2021/22- 2023/2024 MTEF estimates for the sector are projected to be Ksh 1,601,989,632. For the FY 2021/22 Ksh. 486,783,303 has been set aside for the sector. For 2022/23 and 2023/24 the projections are Ksh 531,050,633 and Ksh 584,155,696 respectively.

#### **D. Programme Objectives**

##### **CP 59: General Administration and support services**

To provide an effective and efficient logistical support system to improve service delivery

##### **CP 60: Disaster Risk Management**

To enhance disaster preparedness, mitigation and response

##### **CP 61: Information dissemination and knowledge management**

To facilitate information sharing through timely dissemination

##### **CP 62: Other Projects**

To promote uniformity in development across the county
