#### **EXECUTIVE SUMMARY**

The Revised Budget estimates for Financial Year 2021/22 are prepared to take into consideration FY 202021 reallocation funds, address the revenue shortfall for FY 2020/21 and introduction of funds for IDA (World Bank) credit: Kenya Urban Support Project(KUSP) - Urban Development Grant (UDG).

The budget is geared towards stimulating the growth of the local economy after the negative effects of COVID 19 pandemic. The budget theme will be enhancing community driven development for enhanced prosperity and will be guided by seven principles; Equity in development, completion of all ongoing projects; community-led development; community volunteerism in development (Mwethya wa Maendeeyo); livelihood/employment guarantee scheme, universal water coverage and universal health care.

#### **Deviations and Revisions to the Fiscal Framework**

The budget has increased by 15 Per cent (Kshs **1,487,244,551.02**) from the printed Estimates of Kshs 9,763,795,153.00 to Kshs **11,251,039,704.02**. This is as a result of introduction of the reallocation funds and change in projections of some of the revenues.

**Recurrent Budget.** The FY 2021/22 Recurrent Budget has increased from Kshs **6,744,801,648.04** in the printed estimates to Kshs **6,979,637,023.55** representing 3 Percent increase.

**Development Budget.** The FY 2021/22 Development budget has been reviewed upwards to kshs **4,271,402,680.48** from the Kshs **3,018,993,504.96** in the printed estimates representing a 41% increase.

The successful implementation of these set interventions will accelerate the achievement of the desired socio-economic transformation of the County and build resilience and adaptive capacity for community members to cope post Covid-19 pandemic. The County Treasury will continue to enforce its mandate as spelt out in PFM Act Sec 104 to ensure proper utilization of public finances.

Mary Kimanzi Executive Committee Member - Finance and Socio Economic Planning COUNTY GOVERNMENT OF MAKUENI

#### 2. GOVERNSHIP

#### 2.1 Department's Vision and Mission

#### Vision

A leading institution in public policy formulation, implementation, coordination, supervision and prudent resource management.

#### Mission

To provide overall leadership and policy direction in resource mobilization management and accountability for quality service delivery.

#### 2.2 Performance Overview and Background for Programme(s) Funding

The office of the Governor & Deputy Governor is charged with the mandate of providing County leadership in implementation of County Policy and development by ensuring the County Government works in harmony through improved policy direction, coordination and information sharing between County Government, Departments and Agencies.

In the FY 2021/22, the Office of Governor will enhance service delivery by strengthening the Service Delivery Unit (SDU), the County M&E systems and ISO certification to ensure departments effectively track service delivery and deliver on their mandates and within time.

#### 2.3 Programme Objectives

| Programme                | Objective   |
|--------------------------|---|
| General Administration & | To ensure effective and efficient running of the county |
| Planning                 | affairs as provided for by the constitution             |

#### 3. COUNTY SECRETARY

#### 3.1 Department's Vision and Mission

#### Vision

A leading sector in legislation, public policy formulation, coordination, supervision and prudent human resource management

#### Mission

To provide overall leadership and policy direction in management and accountability for quality public service delivery

#### 3.2 Performance Overview and Background for Programme(s) Funding

In the FY 2020/2021, the department strengthened performance management systems, strengthen county Service Delivery and enhance the county staff welfare. This will be enhanced in FY 2021/22 together with supporting coordinated multisectoral approach in development.

#### 4. COUNTY ATTORNEY'S OFFICE

#### 4.1 Department's Vision and Mission

#### Vision

A leading department in provision of legal advisory services and promotion of a just, democratic and corruption-free county

#### Mission

To facilitate the realization of good governance and respect for the rule of law through the provision of legal advisory services and upholding of ethics and integrity

#### 4.2 Performance Overview and Background for Programme(s) Funding

In the FY 2021/22, the Department will enhance the County legal systems and ensure completion of legal and regulatory frameworks for devolved functions. The Department will also organize trainings to other departments on necessary legal requirements for the purpose of enhancing cohesion, compliance and tranquility in the County.

#### 4.3 Programme Objectives

| Programme Name       | Objective   |
|----------------------|---|
| P1; Legal & advisory | To provide timely advisory services to both county entities and the |
| services             | public.   |

#### 5. COUNTY PUBLIC SERVICE BOARD

#### 5.1 Department's Vision and Mission

A public service that thrives and where performance excels

#### Mission

To attract, retain and inspire a result oriented county public service

#### 5.2 Performance Overview and Background for Programme(s) Funding

In the FY 2021/22, the Board will strengthen the County Human Resources and performance Management System and develop a scheme of service for all cadres, which will guide career progression and development as well as succession management. In addition, board will review its strategic plan and commence construction of an office block.

#### 5.3 **Programme Objectives**

| Programme Name                                 | Objective  |

#### 5.7 Summary of the Programme Outputs and Performance Indicators for FY 2021- 2023/24

#### 6. DEPARTMENT OF FINANCE & SOCIO ECONOMIC PLANNING

## 6.1 Department's Vision and Mission

#### Vision

To be an institution of excellence in management of public finances and economic affairs for a high quality of life for Makueni citizenry.

#### Mission

To provide effective leadership and coordination in planning, policy formulation and tracking results to enhance county transformational agenda.

#### 6.2 Performance Overview and Background for Programme(s) Funding

In the FY 2020/21, the department of Finance and Socio- economic Planning continued to formulate and implement financial and economic policies aimed at facilitating socio-economic development and prudent management of public resources. The Department ensured compliance to statutory requirements of the County Government Act 2012 and Public Finance Management Act (PFMA). This includes preparation of key financial and planning policy documents such as the 2021/22 Annual Development Plan, County Budget Review and Outlook Paper, County Fiscal Strategy Paper, Quarterly budget implementation reports, Budget estimates, Annual Progress Report and the County Budget for FY 2021/22 that aligned prioritized expenditure to available resources.

The department also strengthened internal controls, revenue administration, budget execution and ensured timely production of financial reports. Other key achievements include fruitful participatory budgeting processes for FY 2021/22, draft sectoral plans, strengthening of Sector working Groups and construction of a document warehouse to enhance records management. The department also ensured adherence to procurement systems and procedures through open contracting and online procurement processes to enhance accountability.

The key priorities for 2021/22 include completion of the document warehouse, strengthening the county statistical systems, preparation for CIDP (2023-2027) formulation, strengthening internal controls to ensure improved management of public resources and enhancement of revenue administration.

#### **6.3 Programme Objectives**

| Programme Name                 | Objective  |
|--------------------------------|--|
| General administration &       | Efficient services to county treasury division/units, departments  |

| 26 | MAKUENI COUNTY GOVERNMENT FY 2021/2022 PROGRAMME BASED BUDGET |
|----|---|

#### 7. HEALTH DEPARTMENT

The department consists of 3 directorates namely: medical services, commodities & technologies and health planning.

#### 7.1.Department's Vision & Mission

#### Vision

A globally and nationally competitive, healthy and productive county.

#### Mission

To deliberately build progressive, responsive and sustainable technologically driven evidencebased and client-centered health system for accelerated attainment of highest standard of health to all people in Makueni County.

#### 7.2.Performance Overview and Background for Programme(s) Funding;

The department made significant achievements in the different sectors as follows;

- a. preventive and promotive services programme,
- Immunization: Immunization coverage improved to 93 percent.
- **Reproductive health.** Modern family planning service uptake increased from 57 to 59 percent, deliveries conducted by skilled personnel increased to 72 percent, and pregnant mothers attending at least 4 ANC visits increased from 37 to 60 percent.
- Nutrition: 97 percent of infants born were initiated to breastfeeding within one year of birth,98 percent of pregnant women attending the ANC were supplemented with Iron Folic Acid Supplementation (IFAS) and 62 percent of children aged 6-59 months supplemented with vitamin A.
- **Psycho-socio counselling**: A total of 20,473 community members accessed the counselling services during the plan period. There was an increase in demand for structured one- on one sessions amounting to 520 sessions and 106 group therapy services. This may be attributed to school closure due to COVID 19 effect.
- **Community health strategy**: Additional 20 Community Health Units were established to bring the total to 158 from 138 with 130 of them making their reporting on time. The department conducted 368 community dialogue days.
- **HIV/AIDs**: The proportion of expectant women living with HIV who currently are on ART improved to 96 percent and the positive clients linked to care increased to 93
- **Health promotion and School health**: There was improvement in sanitation and hygiene in schools with 138 schools attaining required standards. 37 percent of school-going children were dewormed.
- **Public health:** 322 villages were declared Open Defecation Free (ODF) and latrine coverage improved to 90 percent. Reporting timeliness and completeness of notifiable diseases attained 100 percent during the plan period.

**b.** Curative and Rehabilitative services: The programme aims at improving the effectiveness and efficiency of the curative and rehabilitative health care services. Achievements:

| 27 | MAKUENI COUNTY GOVERNMENT FY 2021/2022 PROGRAMME BASED BUDGET |
|----|---|
|----|---|

- **Inpatient services**. The average length of stay reduced by 5.9 percent while the death rate also reduced by 4.6 percent. This was attributed to enhanced mortality audits and improved referral system.
- **Laboratory services** improved with 80 health facilities upgraded to offer the services, 20 percent of facilities having sample referral networks, and 50 percent of laboratories enrolled in external quality assurance schemes.
- **Pharmacy:** The drug fill rate during the plan period was on average 60 percent.

**General Administration and Planning**. The programme helps in ensuring that health infrastructures, staffing, innovation, research, and financing are enhanced. During the plan period, 26 percent of the countywide households registered under Makueni health care while those under NHIF increased to 16 percent. To improve staff: patient ratios, 358 staff were recruited through the UHC program.

**Challenges faced during implementation.** Despite the achievements witnessed, the department still faced the following challenges: COVID-19 pandemic that greatly hit the sector, Poor health seeking behavior, increasing trends of non-communicable diseases and low penetration of insurance cover.

In the current financial year, the department is implementing programs aimed at accelerating attainment to Universal Health Coverage as well as implementing mitigation measures towards the COVID-19 pandemic.

In the FY 2021/22, the department aims at completion and equipping of rehabilitation unit at Makueni county referral hospital (MCRH), equipping of Mental/Psychiatric unit at MCRH, upgrading of rural facilities, enhance provision of reproductive health services to women of reproductive age and youth and revamping the community health strategy.

| PROGRAMME  | OBJECTIVES   |
|--|--|
| P1; Preventive and Promotive<br>Health Care Services | To increase access to quality and effective promotive and preventive health care services in the county.   |
| P2; Curative Health                                  | Improve the health status of the individual, family and Community by ensuring affordable and available health care services.   |
| P3; General administration                           | To ensure efficient service delivery through prudent management of public resources and influences design implementation and monitoring processes in all health-related sector actions across the Sector programmes. |

## 8. DEPARTMENT OF GENDER, CHILDREN, CULTURE AND SOCIAL SERVICES

### 8.1 Department's Vision and Mission

### Vision

An empowered society that enjoys equal rights and opportunities

#### Mission

To mobilize and support communities for social, economic and political development.

### 8.2 Performance Overview and Background for Programme(s) Funding

Over the Plan period the Department has been able to do the following under the different subprogrammes;

**PWDs empowerment subprogram:** The county has 55,206 persons with various cases of disability; the largest been mobility at 30 per cent, visual 24 per cent, cognition 17 per cent, self-care 10 per cent and communication 8 per cent. This represents 5.6 per cent of the county population. In partnership with Development Partners, 1,068 PWDs were issued with assorted assistive devices to improve their mobility in the efforts to enhance their participation in economic activities and other 1,200 persons supported with 6,000 chicks to enable them to start incomegenerating activities. The PWD centre in Wote was completed and fully equipped with landscaping activities at 90per cent. The centre is expected to offer training in PWDs friendly courses such as beauty and therapy, Leatherworks, tailoring among others. The first intake was delayed by the COVID-19 containment measures. All these interventions are geared toward increased inclusion of PWDs in economic activity participation thus reducing their vulnerability.

**Elderly support subprogram.** The County has 14.81 per cent of its population classified as aged (65+ years, 66,691 of 987,653). The Age Dependency Ratio in the county stands at 71.25 per cent, (Female, 72.2 per cent; Male, 70.30 per cent). The county Aged Death Rate is at an average of 11.56 per cent (Female, 13.41per cent; Male, 9.7per cent). According to KNBS deprivation analysis, 2020; the elderly in Makueni County suffer most in housing and nutrition at 62.2 per cent and 62.1 per cent. Others are education 56.6 per cent, Water 53 per cent, information at 21.8 per cent, and sanitation at 12 per cent. During the plan period, 1,647 Mau Mau veterans in the county were supported with food and non-food items and 200 elderly persons assisted in registered with NHIF insurance to ensure they access proper health care.

**Children/ OVC support:** - The sub-program takes care of Orphans and Vulnerable children through food and non-food assistance, rehabilitation of streets children, management of children issues, and advocacy of children's rights. The department has mapped 65,000 OVCs within the county in need of support. Over the plan period, 6,000 OVCs representing 9.2 per cent of the mapped total population of OVC in the county were reached with food items, 24 rescued from streets and placed under rehabilitation, over 10,000 enabled to participate in awareness creation

on their rights, 168 enabled to participated virtually in safe space forums and 100 children cases received and management. Also, 3 Development Partners were identified to help in lobby and advocacy for the children rights. The Emali Rehabilitation Centre's 5-acre land was fenced and construction is ongoing.

**Gender-Based Violence Mitigation:** - Incidences of reported both physical and sexual Gender-Based Violence cases has been on increase within the County. In 2016, 408 cases were reported, 524 cases in 2017, and 533 cases in 2018. However, there was a 2 per cent decrease in 2019, from 533 reported cases in 2018 to 519 cases in 2019. This can be attributed to the effort government and other stakeholders have put in place. During the plan period, the department conducted sensitization roadshows in all 6 sub-counties to increase awareness and education on prevention of Gender-Based Violence. A reporting hotline was established and 600 communities Anti-GBV champions sensitized in partnership with Gender Violence Rescue Centre (GVRC). In collaboration with Equality African Now, the department managed to develop gallery cards and walking galleries for awareness creation and sensitization on Sexual Gender-Based Violence.

**Heritage development, preservation, promotion, and protection:** - The government signed MOU with National Museums of Kenya (NMK) on development, preservation, promotion, and protection of the rich cultural and natural heritage in the County. This provided an avenue for community museum, cultural and religious practitioners, and other cultural and creative industries stakeholders to benefit from the technical expertise of the NMK in the identification, collection, accessioning, curating, protecting, and preserving cultural and natural heritage in the county. Mapping of the county heritage sites and monuments was done and report prepared. The report shows county heritage sites and monuments (including places of natural beauty and panoramic landscapes of international geological significance) that need restoration and rehabilitation. It also outlined hitherto undocumented heritage sites and places of natural beauty and panoramic landscapes of international geological significance that can be introduced to tourist and heritage circuits. A County Heritage Database has also been developed. Additionally, cultural and creative industries practitioners and county officers were trained in the documentation of intangible and tangible cultural heritage in collaboration with NMK-Natural Products Industry (NPI) Initiative; and collection and documentation of Akamba intangible or 'living' heritage.

**Performing Arts, Development, and Promotion**: - The directorate supported 13 young filmmakers to produce and exhibit shorts films during the 17th edition of Cinemadamare. The exhibition was held at Acacia Resort Wote and young filmmakers were exposed to national and international filmmakers and gained new directing of photography, cinematography, and editing skills. Production of 'The Oath of the Ancients TV Series was hosted within the county, the directorate assisted with location scouting and application for waiver of filming licenses from the Kenya Forest Service (KFS) and the Kenya Wildlife Service (KWS). This helped market Makueni internationally as a scenic and beautiful location for film production.

**Music development, promotion, and preservation:** Makueni County Choir, Kavete G.N.C.A Church Choir and five individual artists were facilitated to participate in the KMCF held in Siaya County. Out of 12 items presented, 5 secured position one, 1 secured position three, and 1 secured

position four in a highly competitive festival. Additionally, end of the year music concert, 'Sifa Blast' was held in Wote in collaboration with the Mercy Masika Foundation. Makueni Recording Studio has facilitated 62 single recordings for individual artists, 16 full albums recordings for choirs and bands, and 5 voice-over recordings for filmmakers; one of them, Video album produced for Musyoki, a person living with a disability. This has turn Makueni County to vibrant music and arts and is currently in contention for hosting the Kenya Music and Cultural Festival.

**Arts and Culture Promotion:** There was a digital exhibition of the products and services of two cultural and creative industries groups: Dorcas Beads and Makueni Handicrafts Cooperative Society. A cultural event was held in collaboration with the Dry Lands Natural Resources Centre (DNRC) in December 2019 to promote Akamba culture, and cultural artefacts identified, collected, accessioned, and preserved. This may pave way for establishment of the Makueni county museum.

### **8.3 Programme Objectives**

| Programme Name                        | Objective   |  |  |  |

## 8.7 Summary of the Programme Outputs and Performance Indicators for FY 2021/22- 2023/24

# 9. DEPARTMENT OF TRADE, INDUSTRY, MARKETING, TOURISM AND COOPERATIVES

#### 9.1 Department's Vision and Mission

#### Vision

A leader in facilitating sustainable wealth creation.

### Mission

To promote, coordinate and implement integrated economic policies and programs for a rapidly industrializing economy.

### 9.2 Performance Overview and Background for Programme(s) Funding

In the FY 2020/21, the Department strengthened the cooperative movement through operationalization of Makueni County Co-operative Act 2017, and distributed 300 copies to cooperatives. The department also increased capacity in the co-operative movement as well as registering 2 apex cooperative societies and registered 10 new cooperative societies. To ensure prudent financial management the department audited 90 cooperative societies and trained 1500 both management committees and members. The directorate of trade raised a revenue of Kshs. 870,490 in weights and measure verification exercise and 4885-weight and measures equipment verified. In tourism, the department carried out survey to establish the potential in this field; the report was published and shared with potential investors. Mukamba cultural Centre and AIC Kalamba Historical site construction work was completed at hand over to the department of gender. During the year, the department constructed 15 stalls at Kiboko and were hand over to the community.

The department is committed in achieving SDGs by ensuring our market shed have sustainable energy, good working environment and safe water for drinking. Two market shed were renovated with 70 worktops each and solar connection in market shed increased by 6.25%. 300 hawkers were registered and 6 new market days launched.

The Directorate of Trade, through the division of Weights and Measures executed the programme of consumer protection in 2020/21 FY. The legal metrology service was offered to facilitate fair trade by ensuring use of accurate weighing and measuring equipment, promoting fair business practices and protecting the consumer against exploitation in the sale of goods and services. This was in execution of powers conferred to the division by the Weights and Measures Act, Cap. 513 and the Trade Descriptions Act, Cap.505 of Laws of Kenya. In addition, capacity building of cottage industries and Micro, Small & Medium Enterprises (MSMEs) has been a continual process.

During the period under review, the department experienced several challenges, which include:

- Inadequate technical staff for implementation,
- Slowdown of project implementation due to the Covid-19 pandemic.

40 MAKUENI COUNTY GOVERNMENT FY 2021/2022 PROGRAMME BASED BUDGET

In the FY 2021/2022 the department intends to embrace a paradigm shift in her strategic focus to better facilitate county economic development. This shift will ensure community economic empowerment as envisaged in the CIDP 2018-2022. The core focus shall be on programs that will:

- Reduce post-harvest losses
- Increase job opportunities through industrialization
- Strengthen and develop the co-operative movement
- Promote and market innovative tourism
- Promote fair trade practices and Standardize county products
- Capacity build entrepreneurs and MSMES

| 9.5 Programme Objectives/Overal | Outcome  |
|---------------------------------|--|
| Programme Name                  | Objective  |
| P1: General Administration and  | To give general support and policy guidance                |
| planning                        |  |
| P2: Trade development,          | To facilitate growth of competitive trade and marketing as |
| marketing and promotion         | well as protect consumers                                  |
| P3: Co-operative Development    | To promote an enabling environment for growth of           |
|                                 | cooperatives and wealth creation                           |

#### Summary of the Programme Outputs and Performance Indicators for FY 2021/22- 2023/24

## 10. DEPARTMENT OF AGRICULTURE, IRRIGATION, LIVESTOCK & FISHERIES DEVELOPMENT

## 10.1 Department's Vision and Mission

Vision

A food secure County

#### Mission

To develop and implement structures for food production, processing and marketing on a sustainable basis in the county.

## 10.2 Performance Overview and Background for Programme(s) Funding Development of horticulture value chain (Mangoes, Avocado):

In the FY 2020/21, a total of 7,169 mangoes and 40,500 avocado seedlings were distributed to 2,115 mango farmers and 1,724 avocado farmers. This contributed to a 13% increase in acreage under mango production and 6.9% increase in acreage under avocado production. On value addition, Makueni Fruit Processing plant processed 1,095 (205 kgs) drums of puree. Mango farmers earned a total of Ksh 17,694,735.00 from the sale of mangoes to the plant. The county invested in reduction of fruit flies through distribution of 1,398 fruit fly traps to enhance the quality and quantity of mangoes produced.

**Development of grain value chain**: - Significant progress (90%) has been made in phase one of Makindu grain Facility (construction of housing facility and warehouse and equipping with a 2MT grain processing machine). Masongaleni green grams' collection centre was also completed. The Green gram production increased by 10% from 46,030MT in 2018 to 50,714MT in 2019. This can be attributed to the continuous investment on distribution of certified seeds to 16,451 farmers.

**Development of industrial crops**: - The government had a special focus on Macadamia, sisal, and sericulture. The total acreage under macadamia increased by 73.95Ha as 14,346 seedlings were distributed to 2,464 farmers. Four sisal production groups were supported with 4 decorticators and 565 farmers' capacity built on sericulture to increase silkworm production. Farmers benefitted from the distribution of 43,000Kgs of cotton seeds and 1,875 kgs of sunflower seeds. Twelve thousand farmers have entered into contract farming to produce sunflower.

**Development of dairy value chain**: - During the plan period, 7,157 cattle were inseminated and 2,330 calves successfully calved. An additional 31 service providers were recruited to enhance the A.I programme. The county has promoted fodder production through distribution of Bracharia, Boma Rhodes and Desmodium seeds, construction of 2 hay stores and purchase of 8 manual hay balers. Concerning milk value addition, 1,000litre milk cooler was purchased, 2 stands by generators, 2 milk ATMs, 2 pasteurizers were procured and 2 motorbikes, and 1 tuk-tuk to facilitate easy access and aggregation of milk. Additionally, 4 sets of milk quality

testing kits, 10 milk cans, and one digital weighing scale were purchased to help milk cooperatives and organizations. Despite this investment in the dairy value chain, milk production in the county decreased by 1% from 29,136,958 litres in 2018 to 28,744,926 litres. This can be attributed to governance issues within the dairy cooperatives.

**Integrated meat production and marketing**: - To promote meat production, 380 Galla goats were supplied to farmers. This is in line with government plans to promote goat production in the lower agricultural zone. Plans are also underway for the construction of abattoir in Kambu in Mtito Andei ward of Kibwezi East sub-county. Mutton production increased by 22% while that of beef and Chevon decreased by 3.9% and 1.9% respectively.

**Irrigation development**: - To reduce over-reliance on rain-fed agriculture, 182 farm ponds were excavated, benefitting 163 households. An additional backhoe machine was purchased to ease the demand on the existing backhoes. The county total acreage under irrigated agriculture is 15,313 hectares.

**Extension services and agricultural input/technologies**: Makueni e-farmer solution platform was designed to enhance access to e-extension services. Through this platform, a total of 216,000 farmers have been profiled. This platform is expected to provide farmers extension services and provide a linkage with available markets.

**Mechanisation:** - The government enabled ploughing of 168 acres, constructed 31 farm ponds and harvested 2,801 bales of fodder. This has helped generated revenue of Ksh 1.3M to the County revenue basket. There exists a huge opportunity for the private sector to provide mechanization services.

**Alternative livelihoods and resilience to our farmers**: - To help enhance the resilience and adaptive capacity of the farmers, government-supported honey production, and poultry development. Beekeeping farmers were supported with 102 Langstroth beehives and 3 suppers. Kibwezi honey processing facility was renovated and ATC Kwa - Kathoka apiary fenced. Additionally, the department procured an electric honey extractor, 1,000 litres stainless honey storage tank, and 15 honey harvesting kits. Twenty-five youth were trained on beekeeping. This has led to an increase in honey production from 625,363Kgs in 2018 to 630,752 Kgs in 2019.

In **poultry development**, 5,338 farmers benefitted from 32,750 improved kienyeji chicks. A total of 612 vaccines cool boxes were purchased and 82 community vaccination service providers trained. Kitise poultry slaughterhouse is ongoing. Poultry production has seen an increase of 14.83% in earnings from poultry meat; Ksh 489,056,000 in 2018 to Ksh 563,312,000 in 2019.

## **Development Priorities for FY 2021/22**

The gains in agriculture production will be sustained through investment in key value chains as well as ensuring the provision of genuine and high-quality farm inputs by the agriculture outlets within the county.

**Horticulture value Chain.** The County government will spearhead the formation of an apex fruits cooperative support establishment of certified fruit nurseries, support in the provision of certified seeds and value addition to curb post-harvest losses, enhance certification of

horticulture farmers in accordance international market requirements and capacity fruit and vegetable cooperatives.

**Integrated grain and pulses value chain development**. The County is in the process of constructing and operationalizing a grain processing plant in Makindu and Kasikeu milling plants to support the value chain. The county will also map out the production zones linked to the processing plant, mobilize farmer groups into organized units of production and marketing, capacity build farmers on contractual farming and ensure the operationalization of grain aggregation centres in wards with highest production levels.

### **Dairy Development**

The government will promote sexed artificial insemination, pasture development and empower dairy cooperatives as the vehicles for the provision of extension services, disease control programmes, veterinary clinical services, AI services and other inputs. Additionally, it will establish dairy training at ATC Kwa Kathoka and Collaborate with the Department of Education to establish a dairy training and support centre in Nduluku CTTI, establish a breeding centre and increase artificial inseminations from 8,053 inseminations in 2019/20 to 15,000 inseminations in FY 2021/22.

**Poultry development**. To enhance the programme, the government will integrate with trade department to strengthen an apex poultry production and marketing cooperative in the county, develop poultry aggregation centres and enhance market linkages through the promotion of contractual poultry keeping and development & promotion of a poultry brand for the county

#### Integrated Meat production and Marketing.

The government will promote pasture and fodder development, invest in range rehabilitation, enhance artificial insemination for beef animals and promote goat and sheep production in lower agricultural zones.

#### Livestock Disease Control

To improve the herd immunity coverage and better management of livestock diseases, the county will strengthen the current livestock disease surveillance system and data management and enhance vaccination and animal health programmes.

#### **Honey Development**

The government will profile and recruit participating beekeepers in the county and spearhead formation of the Makueni Bee Keepers Association (MABEKA), support farmers to establish bee apiaries, promote the establishment and equipping of honey collection centres, strengthen community forest associations to invest in beekeeping and support in honey processing and marketing.

#### **Fisheries Development**

To enhance fish production in the county, the government will strengthen the fish hatchery at ATC Kwa Kathoka to enhance production and distribution of 100,000 fingerlings to farmers, develop 6MT capacity storage facility for fish and promote dam/riverine fisheries and enhance the production of fish feed.

## 10.3 Programme Objectives/Overall Outcome

#### **11. DEPARTMENT OF WATER AND SANITATION**

### **11.1 Department's Vision and Mission**

#### Vision

A leader in providing safe, reliable and affordable water in a clean environment

#### Mission

To protect, conserve and promote environment and Natural Resources management and increase access to affordable water supply for sustainable County development

### **11.2** Performance Overview and Background for Programme(s) Funding

In FY 2019/20, the county government allocated Kshs 216,447,941.52 to support ground water development programme out of which Ksh 120,817,649.18 was spent. The achievements for the year under the programme included; Drilling of 11 boreholes and operationalisation and extension of 42 boreholes. Under the piped water supply programme, out of the total allocation of Kshs 399,698,565.12, Kshs 150,441,041.91 was spent to upgrade and extend 52 water projects. The department also spent Kshs 142,610,950.72 on the water harvesting programme which facilitated construction of 15 earth dams, and 3 sand dams. All these efforts have led to; reduced distance to access water and increased households with access to water for domestic use.

| Programme Name                         | Objective   |
|--|---|
| P 1: General administration & planning | To facilitate effective management and coordination of water services |
| P2: Water infrastructure Development   | To increase availability of sustainable water resources and storage.  |

## 11.7 Summary of the Programme Outputs and Performance Indicators for FY 2021/22- 2023/24

## 12. DEPARTMENT OF TRANSPORT, ROADS, PUBLIC WORKS & ENERGY

## 12.1 Department's Vision and Mission

### Vision

To be a world-class provider of cost-effective public utilities, infrastructure, facilities and services in the areas of energy, transport and built environment.

### Mission

To provide efficient, affordable and reliable infrastructure for sustainable economic growth and development

### **12.2 Performance Overview and Background for Programme(s) Funding**

The County Government in the FY 2019/20 improved access to roads by grading 736.9Km of earth roads, graveled, installed culverts and constructed gabions and scour checks on 90.8km of the couty roads. In addition, 15km of drift and drift slabs were constructed making it possible to connect farmers to markets and opening up of towns.

Under infrastructure and energy development, the department completed construction og the executive office block and external works of the guest house and has signed a partnership with UN-Habitat to promote green energy. The Government has installed 77 street lights and 10 floodlights and has collaborated with energy agencies to increase access of electricity to citizens, promote green energy (both biogas and solar) at the household and institutional level

During the period under review, the department experienced several challenges, which include; slowdown of project implementation due to the Covid-19 pandemic and delay in disbursement of funds.

| Programme Name                        | Objective  |
|---------------------------------------|--|
| P1; General Administration & Planning | To develop and review policies and regulatory guidelines that guarantee provision of efficient,                  |
|                                       | safe and reliable transport  |
| P2: Road transport                    | To develop and manage an effective, efficient,<br>and secure road network & interconnection with other counties. |
| P3; Infrastructure development        | To design, develop, supervise, construct, and maintain buildings.  |
| P4; Energy Infrastructure &           | To increase access to Electricity  |
| development                           |  |

## 12.3 Programme Objectives/Overall Outcome

#### 12.4 Summary of Expenditure by Programmes, 2021/22 – 2023/24 (Kshs)

| Programme/ Sub Programme                       | Revised        | Budget         | Projected Estimates |                |  |  |  |

# 13. DEPARTMENT OF LANDS, URBAN DEVELOPMENT, ENVIRONMENT AND CLIMATE CHANGE

### 13.1 Department's Vision and Mission

#### Vision

A leader in equitable and sustainable, use of county land and natural resources.

### Mission

To ensure sustainable utilization of Makueni County land and natural resources to achieve a high quality of life for every household.

## 13.2 Performance Overview and Background for Programme(s) Funding

Land is a key factor of production and a pre-requisite investment in human settlement. Land secure tenure and environmental conservation contributes immensely to sustainable development. In 2013, the county had 19.8 per cent of land owners with tittle deeds. Over the years' investment and collaboration with national government agencies, has seen a total of 97,079 title deeds issued to land owners. During the period under review, 634 plots were verified in Wote, 193 plots verified in Kikima, 113 Plots verified in Nunguni and 101 plots verified in Kasikeu Markets and uploaded in the LIMS Portal as well as being installed to the biometric and security system.

Through the Kenya Urban Support Project (KUSP), the government carried out urban infrastructural development where Ksh 40,202,909.20 was spent to renovate Wote Marikiti Market project and Ksh 69,575,499.40 spent to construct Wote Green Park. The KUSP grant also facilitated the construction of offices, operationalization of Wote Municipality and the preparation of Municipal Integrated Development Plan and Spatial Plan. Under the programme, the county plans to improve Wote Township access roads and install high mask floodlights in major towns within Wote Municipality.

## **Environment Conservation**

In the FY 2019/20, the Government constructed 11 new sanitation facilities (toilets/ latrines) at a cost of Kshs. 10,600,000.00 cumulatively totaling to 151 sanitation facilities across the county from 2013. In the same period, the number of markets under the cleaning programme were increased from 124 to 142. Under the Climate Change unit, 3 Participatory Vulnerability Capacity Assessments (PVCAs) were undertaken. Additionaly, the unit selected and inducted Climate Change Fund Board as the County entity to lead matters of Climate Change.

To increase the forest cover, the Department planted 8,000 tree seedlings in the county forests, urban areas and public institutions. It also established 7 tree germplasms to increase supply of planting materials across the County. 10 kilometers of soil and water conservation structures were constructed.

#### **Development Challenges**

The subsector is faced with various development challenges. Some of them include: low proportion of households with title deeds in the county which is estimated at 30 per cent, high sub division of land into small uneconomical pieces (1.2 hectare) undermining commercialized agriculture in the county. In addition, the high urbanization rate with increasing trend of rural urban migration has resulted to population pressure in the towns and increased demand for social services. Other development challenges facing the sub sector include; delayed urban planning, partially devolved functions, high community expectations and political interference in titling and urban planning process, encroachment of public land, and inadequate preparedness and response to disaster in the urban areas.

On environment and climate change, the sub sector is faced with several developmental challenges, which include: pollution of water resources, degradation of water catchments, loss of soil fertility, increased environmental pests and diseases; increased global warming; Partially devolved County functions Environmental disasters e.g. frequent droughts and floods; reduced environmental goods and services; poor market information and market linkages to producers and markets; poor market access; low value addition, non-existence of a proper pricing model of environmental goods and services; ever changing forest management and utilization dynamic in terms of price and policy.

### Planned priority objectives and outputs for the 2021/22

In the FY 2021/22, the county will strengthen the land use through market survey and plot validation and preparation of survey plans. This will enhance land management and tenure through spatial planning, survey, mapping and titling to increase the percentage of landowners with title needs through collaboration with National Land Commission (NLC). The county will plan and implement land use plans to spur urbanization through development control and coordinated infrastructure development. The county also plans to map natural resources for value addition and enhance environmental conservation and sanitation.

Under Kenya Urban Support Programme, the county will improve urban infrastructure within the municipality by paving and tarmacking urban access roads for Wote Township and install high mask flood lights in major towns within the municipality.

| Programme Name                        | Objective  |  |  |  |  |  |
|---------------------------------------|--|--|--|--|--|--|
| P.1 General administration & Planning | To provide efficient and effective support services for delivery<br>of departments programmes  |  |  |  |  |  |
| P.2 Land Survey & Mapping             | To ensure efficient and effective administration and management of Land Resource.  |  |  |  |  |  |
| P. 3 Urban Planning                   | To improve infrastructure development, connectivity and accessibility, safety and security within Urban areas and efficiency in land management. |  |  |  |  |  |
| P.4 Mining mapping & development      | To map, explore and develop existing mineral resources   |  |  |  |  |  |

# 14. DEPARTMENT OF DEVOLUTION, COUNTY ADMINISTRATION, PUBLIC SERVICE AND YOUTH

#### 14.1 Department's Vision and Mission

#### Vision

To be a centre of excellence in coordination and management of devolution agenda **Mission**`

To provide leadership and coordination of government functions for sustainable service delivery and transformational devolution

#### 14.2 Performance Overview and Background for Programme(s) Funding

In the review period, the Department of Devolution, County Administration, Public service and Youth has coordinated government business and development activities from the county level to the sub ward level through the county administration unit. The process of citizen engagement and public participation has been enhanced through formulation of Community Action Plans (CAPs) at cluster level that are expected to enhance sustainable development.

The department has also implemented youth empowerment initiatives and programmes aimed at unlocking and harnessing potentials to fully empowered youths in the county. As a means of mitigating the negative effects of COVID, a total of 1,200 youths were involved in Makueni Hygiene Program (*Ajira Kwa Vijana*). In addition, 19.214 youths have been engaged in Makueni Youth Apprenticeship Programme (MYAP) to enhance their skills and boost their employability. The Ujuzi teteke teke program rolled out in the year benefitted a total of 240 youth by providing tools of trade for skills and economic development. Additionaly, 48 others were involved in Youth conference and seminars to impact on leadership skills and 3,000 trained on Industrial training skils on house construction techniques. This was carried out in partnership with NITA and NCA to enhance skills in construction among county local artisans.

The department will continually provide leadership and coordination of government functions through the development of policies and programs for sustainable service delivery and transformational devolution. The department seeks to strengthen development committees and implement cluster community action strategies for meaningful community initiated development. The department will also roll out youth programmes geared towards improving their socio economic welfare and cushion them against the adverse effects of COVID 19.

### 14.3 Programme Objectives

| Programme Name                   | Objective   |
|----------------------------------|---|
| P1: General Administration &     | To ensure efficient and effective devolution support  |
| support services.                | services  |
| P2: Public Participation & Civic | To empower the citizenry in achieving meaningful      |
| Education                        | participation in development activities.              |
| P3:Information and Communication | To create and sustain the brand Makueni               |
| P4; Enforcement and compliance   | To ensure compliance with county government laws to   |
|                                  | achieve county government objectives                  |
| P5; Youth empowerment            | To create opportunities for Youths that enhance their |
|                                  | economic and social welfare.                          |

#### 15. DEPARTMENT OF EDUCATION, SPORTS &ICT 15.1 Department's vision and mission

#### Vision

A globally competitive education, training, technology and innovation system for sustainable development in the county

#### Mission

To provide, promote and coordinate quality education, training, sports and talent development and enhance integration of technology and innovation in the county for sustainable development.

#### **15.2 Performance Overview and Background for Programme(s) Funding**

The Department of Education, Sports and ICT has two divisions namely; Division of Education (Early Childhood Development Education, Technical Training and Support to Education directorates) and the Sports and ICT division. The major achievements for the department in the review period include;

#### Early Childhood Development Education (ECDE)

In the FY 2019/20, the department constructed 28 ECDE centres and installed 5,000 litres water tank in every facility. Additionaly, a total of 2,565 ECDE teachers were trained on Competency-Based Curriculum and in adopting and implementation of the National Pre-Primary School Policy. The department also supplied 1217 schools with learning materials. To promote hygiene among the pupil and ensure improved sanitation, the department has overseen installation of hand washing facilities in all the 1,217 public ECDE centres.

In the FY 2021/2022,the department is constructing 23 ECDE centres and installing 5,000 litre water tanks for harvesting rain water in the ECDE centres.

#### **Technical and Vocational Training**

The directorate is mandated to provide appropriate skills in vocational and technical fields such as building technology, automotive engineering, hairdressing and beauty, garment making technology among others. The department, constructed/renovated 8 CTTIs and equipped 3 CTTIs centers. The National Government Vocational Training Centres Support Grant (VTCSG) for CTTIs has also enabled trainees to participate in sports, ASK show and music activities winning four trophies. These interventions were meant to improve the retention in the CTTIs and increase the revenue collection for the CTTIs. In addition, 140 Instructors have been trained on Competency Based skills training while 54 managers have been trained on management and administrative skills including financial literacy.

#### Support to Education and Library Services

To promote provision of quality education and training, access, retention and transition in education, the department has provided bursary and scholarship support to both new and

continuing students at secondary, college and university levels. By closure of the financial year, 2926 learners were awarded bursaries and 93 given full scholarships as they joined Form One. The department established and operationalized one University campus and developed one county education endowment fund.

#### Sports

The department has been very keen on the development of youth through provision of safe training spaces for skills acquisition and talent development. The county has supported youth to participate in County and National sporting activities namely SUPA CUP/Kenya Youth Inter-County Sports Association (KYISA) where over 1,500 youth have participated. The county participated in the 2019 KYISA games held in Busia County in which the men basketball team emerged as the runners up while the women basketball team emerged third best.

The county has also supported youth in the following sporting activities; *Ligi Mashinani* and county rugby team - division one league. The programme has resulted in transitioning of four youths (one boy and three girls) to different elite clubs. A total of 750 teams have participated in the ward based league championships (*Ligi Mashinani*).

The department has also mainstreamed PWDs in the sporting activities and this saw 20 youths participate in Special Olympics competition in Cairo, Egypt in February 2020. The men soccer team emerged the best while two athletes won two medals (one gold and one bronze).

In sports infrastructure development, the department has overseen completion of the Sultan Hamud stadium as well as allocating funds for the completion of Ngakaa talent centre and Makutano talent center.

## ICT

In the year under review, the department implemented activities meant to increase access to ICT services and use of ICT in county service delivery. Some of the key activities implemented include; Advanced Computer Training (*Tusomeei Computer Nduani phase 11*) for youths, operationalized more CICs and initiated the *Ajira* digital programme in collaboration with the national government. These interventions were geared towards improving the proportion of population with relevant ICT skills from the current 34 per cent and also increase use of ICT in provision of public services. The department collaborated with global technology giant, Google to empower citizens with ICT skills in efforts to address youth unemployment through ICT enabled job opportunities.

In addition, the department operationalized the biometric access control system at the new executive office block and hosted biometric identification system for Makueni UHC programme which is accessible in the 10 sub county hospitals. The department also operationalized Lands Information Management System in collaboration with the department of lands and implemented security surveillance systems at the Wote green park. In addition, the department has established an ICT innovation hub in the Makueni Green Park.

#### **Development Priorities for FY 2021/22**

In the FY 2021/22, the department will equip the ICT innovation hub, promote ICT connectivity, e-governance, e-economy, develop an ICT masterplan and finalize on the county ICT policy. In order to improve learning environment for pre-school learners, the department will construct 15 ECDE centres and facilitate participation of the learners in ECDE Activities. Additionally, the county will strengthen the staffing level through recruitment of 66 ECDE teachers and 6 subcounty ECDE education officers to bridge the personnel gaps in the learning institutions. In the technical training directorate, the department will upgrade 6 CTTIs and equip them with modern tools and equipment and improve the infrastructure for 10 CTTIs. Additionally, the county will operationalize Nzeeni CTTI in collaboration with Kenya Technical Teachers College (KTTC). In support to education, the department will support 467 learners in the scholarship Programme and approximately 4,000 with bursaries.

The directorate of sports commits to enhance access to standard sports infrastructure and talent development opportunities. This will be done through development of makutano talent center and Makueni Talent Academy-Ngakaa and development of 8 play fields in the county. In addition, the directorate will facilitate sporting competitions and supply of sports gear and equipment in the various wards.
