ALL INQUIRIES ABOUT THIS COUNTY FISCAL STRATEGY PAPER 2021 SHOULD BE ADDRESSED TO: CHIEF OFFICER, ECONOMIC PLANNING

FOREWORD

The 2022 County Fiscal Strategy Paper (CFSP), sets out the County priority programs and reforms to be implemented over the next three years (2022/23 to 2024/25). The programs and policies herein reflect the concerns of the people living in Bungoma and are anchored on the CIDP II (2018-2022). These priority programs will build on the cumulative achievements realized under the MTEF period 2018/19 - 2020/21.

This County Fiscal Strategy Paper (CFSP) is prepared against a background of expected global recovery after a slump in 2020 occasioned by the negative effects of the COVID-19 pandemic. The global economy is projected to grow by 5.9 percent in 2021, from a contraction of 3.1 percent in 2020. However, economic prospects vary across countries with the emerging markets and developing economies expected to pick up slowly compared to advanced economies given different country policy responses to the pandemic.

On the domestic scene, Kenya's economic growth is projected to rebound to 6.0 percent in 2021 from the contraction of 0.3 percent in 2020. The economy rebounded strongly in the second quarter of 2021, with real GDP growing 10.1 percent supported by easing of COVID-19 containment measures. The economic recovery is supported by the prevailing stable macroeconomic environment, ongoing implementation of the strategic priorities of the Government under the "Big Four" Agenda and the third Economic Stimulus Programme. In terms of fiscal years, economic growth is projected to recover to 5.9 percent in FY 2021/22 from 2.9 percent in FY 2020/21.

The County Government will leverage on the third Economic Stimulus Programme through the Bungoma County COVID -19 Socio Economic Re-engineering Recovery Strategy 2020/21-2022/23. The focus of the policies in the aforementioned strategies is to provide an enabling environment for a resilient and sustainable economic recovery to continue safeguarding livelihoods, jobs, businesses and industrial recovery.

In this respect, the budget framework has focused on the implementation of programmes and measures that ensure a more inclusive growth, foster macroeconomic stability and avail liquidity to the private sector including initiating innovative products to boost credit to Micro, Small and Medium Enterprises (MSMEs).

The Own Source Revenue and Ministerial Appropriation in Aid (AIA) indicates a growth in performance of 25 percent compared to the same period in 2020. This growth is attributed to the improved business environment following the reopening of the economy and ease on measures put in place to contain the spread of the COVID-19 pandemic, adoption of cashless payment mode, increased payment options, reducing unstructured revenue, active human resource intervention and implementation of monthly stickers for PSVs.

The County fiscal policy continues to focus on enhanced revenue mobilization, expenditure prioritization and reduction of revenue leakages. The County will continue to effect prudent budget implementation strategies through execution of detailed scrutinizing of CDAs budgets to curtail growth of recurrent budgets, and ensure completion of ongoing projects with particular emphasis placed on projects nearing completion to ensure that citizens benefit from such public investments.

The FY 2022/23 budget is being prepared under a revised budget calendar that takes into account the preparations for the 2022 General Elections. Therefore, Ministries, Departments and Agencies (MDAs) are expected to adhere to the strict deadlines in the revised budget calendar to enable finalization of the FY 2022/23 Budget by April 2022.

ESTHER WAMALWA
CECM- FINANCE AND ECONOMIC PLANNING

ACKNOWLEDGEMENT

The preparation of the CFSP 2022 was a collaborative effort among various CDAs and we are grateful for their timely inputs. I would like to thank H.E. The Governor for his guidance while developing this document. Much appreciation to the Cabinet Executive Committee Members for their invaluable input, Chief Officers who led the sector working groups effectively to shape the document.

We appreciate the PFM staff whose contributions were useful. We also consulted a wide range of stakeholders and the general public in line with the requirements of the Public Finance Management (PFM) Act 2012 and the Constitution. We greatly value their support and I would like to extend my appreciation to all.

EDWARD O. MAKHANDIA CHIEF OFFICER - ECONOMIC PLANNING

EXECUTIVE SUMMARY

This County Fiscal Strategy Paper contains information on:

- Broad strategies, priorities and policy goals to be pursued by the County Government (CG) in the medium term;
- County outlook on revenues and expenditure projections.
- an assessment of the current state of the economy including macroeconomic forecasts;
- the financial outlook with respect to Government revenue and expenditures for the next financial year and over the medium term;
- The proposed expenditure ceilings for the Sectors, including those of the County Assembly.
- Statement of Specific Fiscal Risks.

The paper gives a summary of county achievements for the last 2 Financial years, while giving a forecast of what the county will prioritise in the next 3 years.

FY 2022/23 Budget Summary

The budget for FY 2022/23 is divided into Development Allocation of Kshs3,870,202,487 and Recurrent allocation of Kshs. **9,037,077,892** representing 30 and 70 percent of the total budget (Kshs. **12,907,280,379**) respectively.

Economic classification takes the form of;

- 1) Non-discretionary expenditures (Personnel Emoluments); this takes first charge and includes payment of statutory obligations such as salaries, pension and others. These expenditures are projected to account for about 44% of the Budget.
- 2) Operations make up 25% of the FY 2022/23 budget
- 3) Maintenance Departments are allocated funds for basic maintenance. This accounts for 1 % per cent of the budget
- 4) Development expenditure; as already indicated, it is 30% of the total budget and is shared out on the basis of the sector plans and priorities and other strategic county considerations.

The budget is distributed between the County Executive and County Assembly as follows;

| County Government Arm | Allocation | Projection | | | | |
|-----------------------------------|----------------|----------------|----------------|--|--|--|
| Aim | 2022/23 | 2023/24 | 2024/25 | | | |
| County Executive (Governor) | 532,140,566 | 558,747,594 | 586,684,974 | | | |
| County CDAs | 11,270,700,483 | 11,834,235,507 | 12,425,947,283 | | | |
| County Assembly | 1,104,439,330 | 1,159,661,297 | 1,217,644,361 | | | |
| Totals | 12,907,280,379 | 13,552,644,398 | 14,230,276,618 | | | |

The indicative Resource Envelope for FY 2022/23 is Kshs **12,907,280,379** and ceilings for County Departments and Agencies are as detailed herein;

About the County Fiscal Strategy Paper

The County Fiscal Strategy Paper (CFSP) is a government policy document that sets out the broad strategic priorities and policy goals to guide the County Government in preparing the budgets for the subsequent financial year and over the medium term.

In the document, adherence to the fiscal responsibility principles demonstrates prudent and transparent management of public resources in line with the Constitution and the Public Finance Management (PFM) Act, 2012.

The County Treasury pursuant to section 117(1) and (6) of the Public Finance Management Act (PFMA), 2012 is mandated to prepare and submit the Fiscal Strategy Paper to the County Assembly, by the 28th February of each year, and subsequently publish and publicize it not later than seven days after it has been submitted to the County Assembly.

In accordance to section 117(2) of PFM Act 2012, the County Treasury has aligned the proposed revenue and expenditure plan to the national financial objectives contained in the National Budget Policy Statement (BPS) for 2022. In this regard, the fiscal policies are geared towards triggering a multiplier effect towards the achievement of the national theme of Unlocking Economic Potential by harnessing "The Big Four".

The Fiscal strategy paper outlines the county's fiscal policies in the context of prevailing macroeconomic policies and outlook while articulating the County's broad strategic priorities and policies for the fiscal year 2022/2023.

The proposed strategic policy priorities for the fiscal year 2022/2023 represent a consultative approach that has taken a keen consideration of the views and opinions of the public, the Commission on Revenue Allocation and other stakeholders within our County. Indeed, ward-based forums were publicized and accorded to all Bungoma citizenry in each of the forty-five (45) wards and their inputs thereof greatly inform the strategic thrust of this Paper.

Details of development priorities have been articulated in the County Integrated Development Plan (2018-2022). This Fiscal Strategy Paper outlines economic policies and structural reforms as well as sector-based expenditure programmes that the county government intends to implement in the medium term in order to achieve the broader goal of the County government's development agenda. The proposed fiscal framework ensures continued fiscal discipline and provides support for sustained growth, broad-based development that benefits all.

The County Fiscal Strategy Paper contains information on:

- Broad strategies, priorities and policy goals to be pursued by the County Government (CG) in the medium term;
- County outlook on revenues and expenditure projections.
- an assessment of the current state of the economy including macroeconomic forecasts;
- the financial outlook with respect to Government revenue, expenditures and borrowing for the next financial year and over the medium term;
- The proposed expenditure ceilings for the Sectors, including those of the County Assembly.

• Statement of Specific Fiscal Risks.

For the 2018/19-2021/22 MTEF period, the key achievement realized in the various sectors include: improved agricultural production as a result of reduced cost of farm inputs; made significant steps towards supporting growth of the dairy sector; improved quality of transport infrastructure; expanded educational infrastructure thereby enabling higher student enrollment and transition rates at both ECDE and Vocational Training Institutes; expansive provision of electricity to urban and rural communities; improved health care service delivery systems resulting in enhanced accessibility, availability and capacity of health services and strengthened the sports sector with the on-going modernization of Masinde Muliro Stadium.

On the Post-2015 development agenda, the Sustainable Development Goals (SDGs) and respective targets and indicators continue to be mainstreamed into the CIDP 2018-2022 based on key thematic areas that include advocacy and awareness creation; domestication and localizing SDGs; capacity building; stakeholder mapping and engagement; monitoring and reporting and resource mobilization.

I. RECENT ECONOMIC DEVELOPMENT AND STRUCTURAL REFORMS

1.1 Overview

- 1. The Kenyan economy contracted by 0.3 percent in 2020 compared to a growth of 5.0 percent in 2019. This performance reflects the adverse effects of the COVID-19 pandemic, which disrupted activities mainly in the services sectors particularly wholesale and retail trade, education, accommodation and restaurant, transport and storage. The economy is expected to rebound to 6.0 percent in 2021, supported by the continued reopening of the services sectors, recovery in manufacturing, and stronger global demand. This is reflected in the robust performance of construction, manufacturing, education, real estate and transport and storage sectors.
- 2. The economy continues to register macroeconomic stability with low and stable interest rates and a competitive exchange rate that supports exports. Year-on-year overall inflation rate has remained low, stable and within the policy target range of 5+/-2.5 percent since the end of 2017. The year-on-year inflation rate increased to 6.45 percent in October 2021 from 4.84 percent in October 2020 driven by higher food prices. However, the inflation rate remained within the target range supported by muted demand pressures.
- 3. The foreign exchange market has largely remained stable but partly affected by tight global financial conditions attributed to uncertainty with regard to the COVID-19 pandemic. In this regard, the Kenya Shilling to the US Dollar exchanged at Kshs 110.9 in October 2021 compared to Kshs 108.6 in October 2020. The current account deficit is estimated at 5.5 percent of GDP in the 12 months to August, and is projected at 5.2 percent of GDP in 2021.

1.2 Recent Economic Developments and Outlook

Global and Regional Economic Developments

- 4. Global growth in 2021 is projected at 5.9 percent from a contraction of 3.1 percent in 2020 (WEO October 2021). However, most of the emerging markets and developing economies are projected to experience a more challenging recovery from the COVID-19 pandemic compared to their counterparts. This is largely on account of uneven access to COVID-19 vaccine which is therefore likely to impact negatively on the full resumption of economic activities in these economies. Additionally, the rapid spread of Delta and the threat of new variants which have increased uncertainty about how quickly the pandemic can be overcome.
- 5. The advanced economies are projected to recover to 5.2 percent in 2021 from a contraction of 4.5 percent in 2020. This projected recovery, particularly in the United States, reflects the anticipated legislation of additional fiscal support in the second half of 2021 and broader vaccinations coverage across the group.

African Economic Outlook

6. Africa's GDP growth stabilized at 3.4 percent in 2019 and was expected to pick up to 3.9 percent in 2020 and 4.1 percent in 2021. The COVID-19 pandemic has dealt a disproportionately severe blow to the continent's economic ambitions. Fortunately, the robust collaboration between African public and private sectors and particularly innovative

financing measures from African development institutions have helped to address an urgent need for fiscal space.

Sub-Saharan Economic Outlook

7. The Economic growth in the Sub-Saharan Africa region is projected at 3.7 percent in 2021 from a contraction of 1.7 percent in 2020 due to improved exports and commodity prices, and the rollout of vaccination programmes. This growth will also be supported by a recovery in both private consumption and investment as economies re-open. However, the recent increase in infection rates in sub-Saharan Africa are expected to weigh down the region's recovery in 2022 (Table 1.1).

Table 1: Global Economic Growth, Percent

| Economy | 2019 | 2020* | 2021** | 2022** |

East African Community Economic Outlook

East Africa's economic growth is expected to recover to an average of 4.1% in 2021, up from 0.4% posted in 2020 supported by the global economic recovery. In 2022, average growth is projected to hit 4.9% and full recovery in 2023.

Domestic Economic Developments

8. The National Accounts were revised and rebased in 2020 where the base year was changed from 2009 to 2016. The revised growth rates were relatively lower than in the previous estimates, largely on account of an expanded base, change of benchmark data, data sources as well as revision of time series indicators (Figure 1: Annual Real GDP Growth rates)

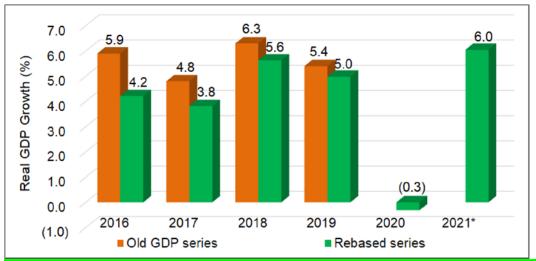

Figure 1:Annual Real GDP Growth Rates

* Projected Source of Data: Kenya National Bureau of Statistics, The National Treasury

- 9. The economy contracted by 0.3 percent in 2020 from a growth of 5.0 percent in 2019 following the adverse impact of COVID-19 pandemic and the resultant swift containment measures. The government's priority was premised on the need to safeguard the lives of Kenyans and Kenyan residents while at the same time cushioning the economy from the effects of COVID-19 pandemic. Consequently, the health crisis required the introduction of temporal restrictive measures to curb the spread of the virus which resulted to negative impacts on some key sectors of the economy.
- 10. The overall performance of the economy in 2020 was cushioned from a deeper slump by accelerated growths in agricultural production (4.8 percent), mining and quarrying (6.7 percent), construction activities (11.8 percent) and health services (6.7 percent).
- 11. Kenya's economy is projected to rebound in 2021 to 6.0 percent from an earlier projection of 7.0 percent in the 2021 CFSP. The outlook in 2021 will be reinforced by the prevailing stable macroeconomic environment and the ongoing implementation of the strategic priorities of the Government under the "Big Four" Agenda, Economic Recovery Strategy and other priority programmes as outlined in the Third Medium Term of Vision 2030. (Figure 1.)

Quarterly GDP growth of 2021

12. The economy grew by 10.1 percent in the second quarter of 2021 compared to a contraction of 4.7 percent in a similar period in 2020 (Table 1.2). This growth was mainly supported by the rebound in economic activities in Mining and quarrying, Construction, Wholesale and Retail, Information and Communication, Education and Health sub-sectors.

Table 2: Sectoral GDP Performance

Table 1.3: Sectoral GDP Performance:

| | Sector Growth (%) | | | | | | | | | | | | | |

Source of Data: Kenya National Bureau of Statistics

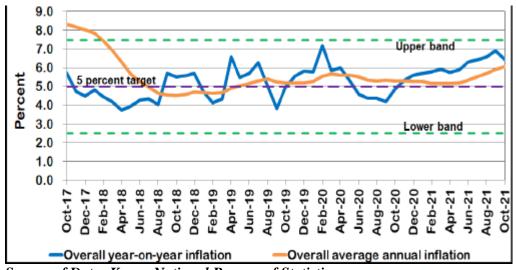

- 13. The agriculture, forestry and fishing sector declined by 0.9 percent in the second quarter of 2021 compared to a growth of 4.9 percent over the same period in 2020. This is mainly attributed to the depressed rainfall distribution that has affected production of crops such as Tea. However, the sector's performance was cushioned from a steeper slump by a notable improvement in the production of milk, horticultural export and sugarcane production. Weather conditions are expected to be favorable supporting agricultural output. As a result, export of goods and services will expand as global demand normalizes.
- 14. Services sector contracted by 2.2 percent in 2020 compared to a growth of 6.7 percent in 2019. The sector was adversely affected by the closure of the economy thereby recording negative growths in most of the sectors in 2020. Accommodation and Food Services was adversely affected by the COVID -19 containment measures compared to other service sectors and contracted by 47.7 percent in 2020 compared to a growth of 14.3 percent in 2019. This was due to international travels restrictions.
- 15. The performance of the industry sector improved to a growth of 3.8 percent in 2020 compared to a growth of 3.4 percent in 2019. This was mainly on account of improved performance of

the construction sector. The construction sector grew by 11.8 percent in the 2020 compared to a growth of 5.6 percent in 2019. The strong growth was attributed to the continued investments in road infrastructure by the Government, expanded construction in the housing sub-sector and the ongoing rehabilitation of the Meter Gauge Railway (MGR).

Inflation Rate

16. Year-on-year overall inflation rate has remained low, stable and within the policy target range of 5+/-2.5 percent since end of 2017. The year-on-year inflation rate increased to 6.45 percent in October 2021 from 4.84 percent in October 2020 driven by higher food prices. However, the inflation rate remained within the target range supported by muted demand pressures (Figure 2).

Figure 2: Inflation Rate, Percent

Source of Data: Kenya National Bureau of Statistics

17. Kenya's year-on year inflation rate compares favorably with the rest of Sub-Saharan Africa countries. In September 2021, Kenya recorded a lower inflation rate than Burundi, Ghana, Nigeria and Zambia (Figure 3).

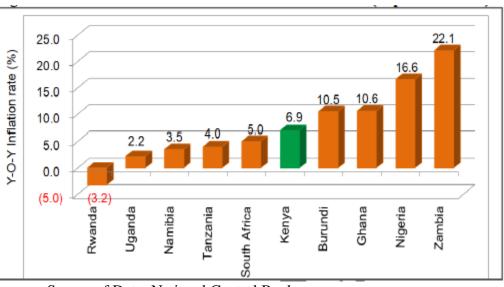

Figure 3:Inflation Rates in selected African Countries (September 2021)

Source of Data: National Central Banks

18. The county shall take advantage of the favorable inflation rates to implement measures to stimulate investments in her productive sectors to support local revenue generation.

Kenya Shilling Exchange Rate

19. The foreign exchange market has largely remained stable but partly affected by tight global financial conditions attributed to uncertainty with regard to the COVID-19 pandemic. In this regard, the Kenya Shilling to the US Dollar exchanged at Kshs 110.9 in October 2021 compared to Kshs 108.6 in October 2020 (Figure 4).

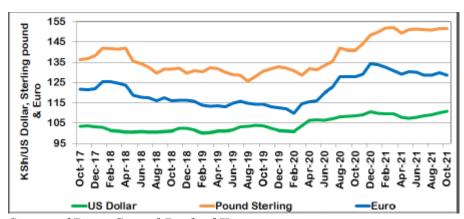

Figure 4:Kenya Shillings Exchange Rate

Source of Data: Central Bank of Kenya.

20. In comparison to most Sub-Saharan Africa currencies, the Kenya Shilling has remained relatively stable weakening by 2.0 percent against the US Dollar in the year to October 2021. The stability in the Kenya Shilling was supported by increased remittances, adequate foreign exchange reserves and favorable horticultural exports.

Interest Rates

- 21. Short-term interest rates remained fairly low and stable. The Central Bank Rate was retained at 7.0 percent on 28th September 2021 to signal lower lending rates in order to support credit access by borrowers especially the Small and Medium Enterprises distressed by COVID-19 pandemic. The money market was relatively liquid in October 2021 supported by Government payments. The interbank rate remained low but increased slightly to 5.3 percent in October 2021 from 2.7 percent in October 2020.
- 22. The county shall explore possibilities of going for low interest concessional loans to finance her development Agenda as outlined in the Medium-Term Debt Management Strategy Paper.

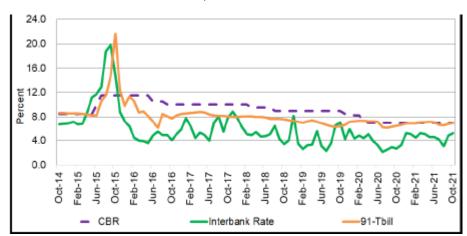

Figure 5:Short Term Interest Rates, Percent

Source of Data: Central Bank of Kenya

1.3 Fiscal Performance

- 23. Budget execution in the first half for the FY 2021/22 started in the month September due to late approval of the annual budget which was as a result of delayed approval of the County Fiscal strategy paper 2021 which was done in May. Consequently, the finance bill preparation and approval processes were delayed.
- 24. The shortfalls in revenues in the first quarter reflect the weak business environment due to the adverse effect of Covid-19 Pandemic. However, revenues are expected to progressively improve in the second half of the fiscal year following the gradual reopening of the economy as well as improved domestic sales, impact of reversal of some tax relief measures effected in January 2021, tax policy measures and enhanced revenue administration by the county Treasury

- 25. The Government has embarked on expenditure rationalization and prioritization to ensure that expenditures are on the most impactful programmes that yield the highest welfare benefits to the citizens.
- 26. The expenditure rationalization is to ensure sustainable fiscal position in the FY 2021/22 and the medium term, and reaffirm the County Government's commitment to its fiscal consolidation plan and to prudent fiscal management in general.

Revenue Performance

- 27. Revenue collection to December 2021 amounted to Ksh.427,946,600 comprising of Ksh.122,206,540 and Ksh.305,720,060 from local revenue and Ministerial Appropriation in Aid (AIA) respectively; indicating a performance growth of 25 percent compared to the same period in 2020. This growth is attributed to the improved business environment following the reopening of the economy and ease on measures put in place to contain the spread of the COVID-19 pandemic, adoption of cashless payment mode, increased payment options, reducing unstructured revenue, active human resource intervention and implementation of monthly stickers for PSVs. An analysis of revenue sources points to a general growth in collection from single business permits, plan approval and inspection fees, slaughter fees and enclosed bus park fees during the review period as illustrated by Chart 1 (details the revenue performance by sources).
- 28. Ministerial A-I-A amounted to Kshs 305,720,060 against a target of Kshs 295,762,445 and this was an improvement of Kshs 9,957,615 (56.9 percent) compared to the same period in 2020. The cumulative collection was Kshs. 427,946,600 against a target of Ksh.455,722,276, with shortfalls recorded in local revenues of Kshs 37,753,291 which was a decline of 17 percent over the same period in 2020.

Chart 1: Revenue Performance 2021/22 1st Half (KSHS)

Source: County Treasury

29. The under collection of revenue of 33.3% is attributed to slowed economic recovery due to Covid-19 pandemic, inadequate market support infrastructure and incomplete enabling revenue administrative legislation.

Expenditure Performance

30. Total expenditure for the period ending October 2021 was Kshs 4.36 billion which was below the projected amount of Kshs 6.38 billion. Recurrent spending amounted to Kshs 3.64 billion while development expenditure amounted to Kshs 0.696 billion. Transfer to other County entities amounted to Kshs 0.353 billion.

31. Recurrent spending was below the projected target by Kshs 0.854 billion mainly on account of lower than targeted expenditure on operation and maintenance as well as pensions. Development expenditure was below target by Kshs 1.189 billion on account of below target disbursements to both National and development Partners financed programmes signaling continued challenges with absorption of externally financed projects as well as the effects of the COVID-19 pandemic. Disbursements to Equitable share financed programmes, on the other hand, was above target reflecting accelerated absorption in the first six months of the financial year. Fiscal operations of the Government by end of October 2021 resulted in an overall deficit including grants of Kshs 1.009 billion. Tables 6 and 7 provide the details;

Source: County Treasury

1.4 Fiscal Policy

- 32. Going forward into the medium term, the County Government will continue with its revenue mobilization and expenditure prioritization policy geared towards economic recovery. This will support sustained, rapid and inclusive economic growth, safeguard livelihoods and continue the fiscal consolidation programme, thus creating a fiscal space for the implementation of the "Big Four" Agenda and other priority programmes in the medium term. This will curtail growth in public expenditures to ensure it attains its fiscal consolidation path over the medium term and strengthen management of public debt (pending Bills)
- 33. To achieve this target, the County Government will continue to restrict growth in recurrent spending and double its effort in own source resource mobilization. The Government has also been cutting down on non-priority expenditures such as hospitality, training, travel and freezing of employment in non-priority sectors in order to manage the public wage bill.
- 34. The County Service Delivery Charter will enhance efficiency in identification and implementation of priority social and investment projects. This will take into account the County's efforts to increase efficiency, effectiveness, transparency, and accountability of public spending.
- 35. The implementation of the programmes will streamline the initiation, execution and delivery of Services. It will also curtail runaway projects costs, eliminate duplications and improve working synergy among implementation actors for timely delivery of development projects.

1.5 Economic Outlook Global Growth Outlook

36. World economic growth is projected to rebound to 5.2percent in 2021 from a contraction of 4.4 percent in 2020 mainly supported by a gradual strengthening in consumption and investment is also expected to firm up. Growth in the advanced economies is projected to improve to 3.9 percent in 2021 compared to a contraction of 5.8 percent in 2020 supported by improved growths in the major economies particularly the United States and the United Kingdom. Growth in the Euro area is also projected to improve to 5.2 percent from a contraction of 8.3 percent in 2020.

Domestic Growth Outlook

- 37. The growth outlook for 2020 has been revised down from the initial projection of 2.6 percent in the 2020 Budget Review and Outlook Paper (BROP) following receipt of more recent indicators and taking into account the contraction of 5.7 percent in the second quarter and the World Economic Outlook figures released by the IMF. In this respect, economic growth for 2020 is now estimated at 0.6 percent in 2020 and recover to 6.4 percent in 2021 due to in part, the lower base effect in 2020.
- 38. Moving forward, economic growth is projected to slow down to 5.5 percent in 2022 (due to in part the uncertainty associated with the 2022 general elections) and recover to 6.1 percent by 2024. In terms of fiscal years, economic growth is projected to grow by 3.5 percent in FY 2020/21 and further to 6.2 percent over the medium term.
- 39. This growth outlook for the calendar year 2020 and the FY 2020/21 and the medium term, will be supported by the stable macroeconomic environment, ongoing investments in strategic priorities of the Government under the "Big Four" Agenda, the ongoing public investments in infrastructure projects, the Economic Stimulus Program being implemented and the planned Post Covid-19 Economic Recovery Strategy, turn around in trade as economies recover from Covid-19 Pandemic and expected favorable weather that will support agricultural output. These factors will push up consumer demand and increase both public and private sector investment reinforcing the projected growth.

1.6 Risks to the Economic Outlook

- 40. Risks from the global economies relate to persistence of the Covid-19 pandemic and required lockdowns, voluntary social distancing and its effect on consumption, the ability of laid off workers securing employment in other sectors, rising operating cost to make work places more hygienic and safer, reconfiguration of disrupted global supply chains, extent of cross-border spill overs occasioned by weaker external demand and funding shortfalls.
- 41. On the domestic front, risks will emanate from weaker external demand, reduced tourist arrivals and containment measures due the Covid-19 pandemic. In addition, the economy will continue to be exposed to risks arising from public expenditure pressures, particularly wage related recurrent expenditures and the erratic weather-related shocks that could have negative impact on energy generation and agricultural output leading to higher inflation that could slow down growth.
- 42. The Government is continually monitoring these risks and taking appropriate monetary and fiscal policy measures to preserve macroeconomic stability and strengthen resilience in the economy. To cushion the country against the downsides of the risks, the Government is implementing an Economic Stimulus Package to protect lives and livelihoods. Implementation of the "Big Four" Agenda will unlock better growth, and positively impact on the lives of people through jobs creation and poverty reduction. The Government is also planning a Post Covid-19 Economic Recovery Strategy to return the economy on a stable growth path. Additionally, the diversified nature of our economy continues to offer resilience to any global challenges.

II. ACCELERATING ECONOMIC RECOVERY FOR IMPROVED LIVELIHOOD

2.1 Overview

- 43. Kenyans and their businesses have suffered from the adverse effects that resulted from economic shocks due to the occurrence of the COVID-19 pandemic. From the onset of the pandemic, the National Government took decisive actions to respond to the adverse effects of the pandemic by implementing initiatives such as offering tax reliefs and the Economic Stimulus Programme (ESP).
- 44. The Economic Stimulus Programme (ESP) was set up by the National Government with the objective to return the economy to the pre COVID-19 growth trajectory by increasing demand for local goods and services, cushioning vulnerable Kenyans, securing household food security for the poor, and creating employment and incomes. This Programme has been successful as it created over 200,000 jobs for the youth, enhanced liquidity by supporting credit access to businesses and enhanced cash transfers to the vulnerable and the emerging urban vulnerable as a result of the pandemic. The county residents were among the beneficiaries of the program as outlined above.
- 45. Building on the gains made, the county leverages on the priority economic policies and structural reforms through the 2022 CFSP as well as sectoral expenditure programs to be implemented under the Medium-Term Expenditure Framework for FY 2022/23 24/25 in order to provide an enabling environment critical to return the economy back to long term growth path while at the same time continue safeguarding livelihoods, jobs, businesses and industrial recovery.
- 46. To support this initiative, the County Government will undertake the following targeted strategic interventions to support the realization of the "Big Four" Agenda and achieve a resilient and sustainable economic recovery:
 - Tap into the third Economic Stimulus Programme for sustainable growth;
 - Scale up development of critical infrastructure in the county such as roads, energy and water to reduce the cost of doing business and ease movement of people and goods as well as promote competitiveness;
 - Enhance investment in key economic sectors for broad based sustainable recovery by promoting agricultural transformation, growth in manufacturing, environmental conservation and water supply, stimulating tourism recovery, and sustainable land use and management;
 - Expand access to quality social services in health, education and appropriate social safety nets for the vulnerable population;
 - Support the youth, women and persons living with disability through county funded empowerment programs that leverages on partnerships with private sector organizations; and

• Implement various policy, legal and institutional reforms to enhance efficiency of public service delivery.

2.2 Economic Stimulus Programme

- 47. The first and the second Economic Stimulus Packages were designed to ensure that the Kenyan economy could endure the shocks occasioned by the lockdown measures implemented in the early stages of the COVID-19 pandemic.
- 48. With significant progress registered in the containment of COVID-19, the Government is rolling out the third economic stimulus programme that will be targeting key productive and service sectors in thirteen strategic interventions that cover: agriculture, health, education, drought response, policy, infrastructure, financial inclusion, energy, and environmental conservation.
- 49. In partnership with the National Government, the county will continue implementing an elaborate Economic Recovery Strategy (ERS) to mitigate the adverse impact of the Pandemic on the economy and re-position the economy on a steady and sustainable growth trajectory. The county Strategy seeks to: Improve infrastructure; Leverage on Information and Communication Technology (ICT) which is an enabler for business; Invest in the Conservation of the Environment for Sustainable Development; Provide subsidized farm inputs; and develop human capital. These will be realized through:
 - Supporting small scale vulnerable maize farmers with farm inputs;
 - Completing the ongoing targeted interventions in the Coffee and dairy Sub-Sectors.
 - To consolidate the gains made in the education sector, the county will allocate funds to the Department of Education for the ECDE and VTC Infrastructure Expansion Programme as well as enhance access to education through awarding bursaries and scholarships;
 - To enhance access to medical coverage across the county, and as part of the Universal Health Coverage programme, the county will enhance health infrastructure in the facilities available and expand NHIF coverage to vulnerable households.
 - To give the Micro, Small, and Medium Enterprises reprieve, the department has prepared the County Development loans regulation which is undergoing approval processes. When passed, the loaning facility will commence and benefit the county business community.

2.3 Harnessing the "Big Four" Agenda for Job Creation

50. The "Big Four" Agenda was initiated four years ago by the National Government as an economic blueprint meant to foster economic development and to provide a solution to the various socio-economic problems facing Kenyans. In support of the Agenda, the county has continued accelerate implementation of programmes under each pillar of the "Big Four" Agenda, by formulating enabling policies and enhancing resource allocations. These efforts have borne fruits in improving livelihoods through creation of jobs and alleviation of Kenyans from poverty as highlighted herein. Further, the "Big Four" Agenda has played a key role in driving the Third Medium Term Plan (MTP III) of Vision 2030.

2.3.1 Supporting Growth of Manufacturing for Job Creation

- 51. The manufacturing pillar of the Big Four continues to provide the necessary training ground for the Kenyan youth to acquire skills so as to replicate them in various industries. In order to hasten the process of shifting the youth from wage earners to owners of capital, the Government through this pillar is developing productive capabilities to necessitate their movement from rudimentary to complex operations.
- 52. To ensure seamless service delivery, the county Government has formulated policy, legal and institutional framework that have provided an enabling environment to support growth of manufacturing for job creation.
- 53. To attain these milestones, the County Government has instituted policy, legal and institutional reforms that have provided an enabling environment for the development of MSMEs. Further, the fight against illicit trade and contrabands, which pose a detrimental impact on the substantial growth of legitimate business in the county has been enhanced through partnership with National Government's Multi-Agency Team against illicit Trade and the private sector.
- 54. The County Government has finalized the process of leasing Chwele slaughter House to a private investor who will spearhead the operations at the slaughter house. These operations will create job opportunities, both directly and indirectly for the residents of Bungoma County. Further, the Government has expanded chicken production through empowerment programs such as provision of extension services especially on poultry that will feed into the slaughter house. This will encourage locals to venture more into poultry farming hence earning more income.
- 55. Industrial Park the County Government is developing an industrial park in Webuye Special Economic Zone. Already the land has been identified and feasibility study undertaken. This Park will provide basic infrastructural facilities that will promote local industrial activities and unlock additional employment opportunities for the unemployed population in the County. Building on these gains, the County Government will continue to prioritize establishment of SEZs in other Sub-Counties to boost the manufacturing sector and create more employment opportunities.
- 56. In order to enhance skills development, the County Government has transformed the Vocational Training Colleges at Muteremuko, Wekelekha and Chwele into centres of excellence that provides quality programmes that resonate well with the evolving industries' skills. This will create a pool of necessary skills and expertise required to boost manufacturing activities in the county. Teaching and learning facilities at the colleges have been expanded in order to provide a conducive environment for skills development.
- 57. Local Value Addition the County Government with the support of development partners has enhanced its efforts to revive and restore performance of major cash crops through agro-processing. The Government has been supporting tea and coffee farming through provision of diversified tea & coffee varieties, restructuring of the coffee sector to increase productivity. Further, the County Government has continued to promote value addition for coffee and dairy products by operationalizing various factories like Musese and Chesikaki Coffee factories as well as Kitinda milk processor in Bungoma town. The County Government is also constructing a dairy factory Webuye town.

2.3.2 Food and Nutrition Security to all Kenyans

- 58. The County Agriculture Sector has a vision of a food secure and wealthy county with sustainable management and utilization of land and the blue economy. This is to be achieved by facilitating competitive agriculture through enhanced institution efficiency, capacity building, optimal and sustainable resource management, promotion of value addition and effective marketing systems.
- 59. To enhance productivity and profitability in the sector, various programmes and projects are being implemented. They include the National Agricultural and Rural Inclusive Growth Project (NARIGP), Agriculture Sector Development Support Programme II (ASDSP II), Kenya Cereals Enhancement Programme (KCEP), Farm Input Support Program (Fertilizer and Maize seed), Coffee development programme, Potato development, promotion of avocado production, expansion of agricultural markets, AI subsidy programme, aquaculture development, animal disease and vector control, development of dairy processing infrastructure, development of coffee processing facilities, development of Chwele Fish Farm, Modernization of Mabanga ATC and Equipping of Mabanga AMC. The programmes and projects are implemented through partnerships by the county government, national government, development partner programmes and other stakeholders in the county.
- 60. The Farm Input Support Program (Fertilizer and Maize seed) has benefited 72,000 vulnerable farmers in the county since 2018 where 14,400 tonnes of fertilizer and 720 tonnes of maize seed have been procured and distributed to farmers in all the 45 Wards. This has enhanced productivity and food security amongst the vulnerable farmer households. More than 70,000 avocado seedlings were distributed to avocado farmers across the county to create awareness and promote the production of avocado in the county. In its efforts to enhance coffee productivity in the county 1000 Kgs of coffee seed and 4,000,000 seed tubes distributed to coffee societies since 2018. More than 4,555 dairy farmers have benefited from subsidized AI services where 2831 calves have been realized. This will enhance milk productivity in the county.to promote aquaculture, 100,000 fingerlings were distributed to fish farmers in the county.
- 61. Establishment of the milk processing plant at Webuye is ongoing. The facility is expected to stimulate milk production and enhance value addition and markets once operational. Operationalization of the Chesikaki Coffee Mill has enhanced farmer incomes significantly from milling fees and improved coffee prices. The Chwele Chicken Slaughter House operationalized under a public private partnership.
- 62. Through the National Agricultural and Rural Inclusive Growth Project (NARIGP), which is a World Bank funded project, 320 Farmer Field Schools (FFS) have been established, 11 Producer Organizations with MOUs and funded (4 dairy, 3 chicken, 2 banana and 2 beans), and 856 Micro project proposals funded. Farmer groups have been supported with equipment grants and training through the Agriculture Sector Development Support Programme II (ASDSP II)

2.3.3 Universal Health Coverage to all Kenyans

- 63. The County has made deliberate strategic investments that have strengthened its health care system and propelled the County towards attainment of UHC and strengthen its preparedness for future global health security challenges. This has harnessed the county's efforts and strides to provide access to quality and affordable healthcare by all citizenry.
- 64. The outbreak and rapid spread of the COVID-19 Pandemic necessitated an urgent need to upscale implementation of Universal Health Coverage. In response to the Pandemic, the County transformed Pandemic obstacles into opportunities through expansion of health facilities by operationalizing four additional dispensaries at Nabukhisa, Eluuya, Mukuyuni and Samoya and one maternity wing at Kabula.
- 65. The COVID-19 pandemic gave the County an opportunity to procure 7 ICU beds which is significant as none existed before. The County entered into partnership with Hewa Tele company Limited a private company that produces and supplies medical oxygen, for the supply of Oxygen to Bungoma County Referral Hospital at a subsidized price. In addition, the county allocated funds towards the construction of oxygen plant in the FY 2021/22.
- 66. Further, the county has procured a fully automated identification and antimicrobial susceptibility testing machine at Bungoma County Referral Hospital that will scale up and reduce the waiting time for culture and sensitivity tests from 48 hours to 24 hours.
- 67. For the roll out of UHC, the National Government and County Governments have signed Intergovernmental Participatory Agreements (IPAs) with a total of 26,280 Community Health Volunteers (CHVs) (84%) trained as part of establishment of Community Health Units. In Bungoma County the department of health has developed CHV regulations 2021 to guide the CHV operations. The CHV regulations will specifically address issues pertaining to recruitment, remunerations, their functions, code of conduct and general exit.
- 68. To support the National Government in the provision of health insurance cover for the elderly and severely disabled in society under the Health Insurance Subsidy Programme; the County targeted to enroll 32,000 needy and worthy households on NHIF with the first phase only yielding 20,000 households. The second phase is ongoing.
- 69. Moreover, to improve health outcomes, the county will continue to improve maternal, new-born and child health services through the 300 and 100 bed maternal and Child block being constructed at BCRH and Sirisia subcounty hospital, to be operationalized by February 2022 as they are both currently at 95% complete. As for the reduction of new HIV infections among children and improve maternal newborn and child health, the Beyond Zero Mobile clinic in the County has a scheduled weekly outreach to hard hit areas.
- 70. In order to address the challenges caused by mental health, the county has allocated 5Million in the FY 2021/22 towards the construction of psychiatric unit at Bungoma County Referral Hospital which will address mental issues in the county.
- 71. These strides notwithstanding, having a health workforce is key in developing the healthcare system and promote the attainment of UHC. To realize this, the county has

partnered with Kibabii university to train nurses in a deliberate effort to bridge the gap in human resources for health sector.

2.3.4 Affordable and Decent Housing for All Kenyans

- 72. Affordable Housing is one of the Pillars under the Big Four. Provision of affordable housing is faced with challenges such as; high cost of land, use of inappropriate building technology, limited access to housing financing among others.
- 73. The County Government seeks to support the pillar by addressing some of the challenges highlighted through tapping into the National Government measures as highlighted herein:
- 74. To address the issue of high cost of land and limited access to housing finance, the National Government has concluded the successful incorporation and capitalization of the Kenya Mortgage Refinance Corporation (KMRC). KMRC will provide long term funds to primary housing mortgage providers in the housing sector. The Corporation, will improve mortgage affordability, increase the number of qualifying borrowers, and result in the expansion of the primary mortgage market and home ownership in Kenya while also deepening the capital markets through large-scale medium to long-term refinance options.
- 75. Further, the National Government is digitizing all the land records across the Republic under the National Land Information Management System (NLIMS). This will enhance security of land records, improve accessibility, and reduce the cost of land transactions.
- 76. The county also seeks to supplement the National Affordable Housing Programme through; Implementation of the county spatial plan; Provision of basic infrastructure in pre- planned and developed areas and implementation of the county housing policy.

2.4 Conducive Business Environment for Employment Creation

77. The business environment remains resilient and business growth has been on a positive trajectory despite the adverse effect of the COVID-19 pandemic. The county has continued to implement various initiatives aimed at supporting business recovery and reducing the cost of doing business in the county which is critical for economic growth and promote trade that is geared towards job creation.

2.4.1 Stable Macroeconomic Environment

- 78. Macroeconomic policies are typically assumed to be "unchanged" over the projection period and on the basis of current fiscal and monetary policies. The forecasts represent the likely outcomes for growth, inflation, employment and other key economic variables for given unchanged policy settings. The County is highly dependent on revenues from the National Government and Conditional Grants from various Development Partners. To this end, the County expects that the revenue streams as encapsulated in the CARA 2022 will be released to the County for the anticipated programmes and projects to be implemented.
- 79. To ensure planned and sustainable growth the County Government will continue to synergize its efforts in implementing the socio-economic priority programmes as

- articulated in the County's Integrated Development Plan II (2018-2022) and all other relevant policy documents.
- 80. The County is desirous of ensuring that ongoing programmes and projects are undertaken and completed. Funds not disbursed to the County, in form of Conditional Grants are expected to be disbursed in the current financial year.

2.4.2 Deficit Financing Policy

- 81. Section 140 of the PFM, Act 2012 authorizes a County Executive Committee Member for finance to borrow on behalf of the County Government only if the terms and conditions for the loan are set out in writing and are in accordance to Article 212 of the Constitution and Sections 58 and 142 of the PFM, Act 2012 among other conditions. Before a County Government borrows, they should establish the internal rate of growth in regard to the respective County GDP, sustainability and credit worthiness besides due diligence. The Commission on Revenue Allocation in collaboration with the World Bank Group (WBG) and other stakeholders, initiated the County Creditworthiness Initiative (CCI) for Kenya to provide technical assistance to County Governments in bridging the creditworthiness gap and access market finance for infrastructure and other development projects. So far, the initiative has seen the credit rating for three County Governments (Bungoma, Kisumu and Makueni) which went public in March 2020. Bungoma County was rated BBB. This is favourable as it allows the county to borrow development money from Banks.
- 82. In 2021 GCR Ratings ("GCR") downgraded the County Government of Bungoma national scale long-term issuer rating of BBB(KE) to BBB-(KE), with the Outlook maintained as Stable. The rating has been downgraded to reflect the more constrained Kenyan fiscal position, given the County's high reliance on Exchequer releases and grant income. The outlook is stable rating also makes it possible for the county to tap into debt financing by floating infrastructure bonds. Over the longer term, the County is considering approaching the debt capital markets to raise debt for development projects. If the initial amount remains below the 20% of recurring income, the County should have sufficient resources to meet debt service obligations. However, more research should be done towards this field so as to establish the parameters that may be used to measure the Counties that can be loaned and to avoid burdening the guaranteeing authority (National Government).

2.4.3 Business Regulatory Reforms

- 83. The county supports and leverages on the National Government's commitment to making Kenya secure and an attractive destination for investments that are critical for a strong and sustained economic recovery, job creation and the attainment of the "Big Four" Agenda.
- 84. The county taps into the National Government's business regulatory reform strategies such as: accelerated infrastructure investment, reduced regulatory burdens and the number of trade facilitation agencies involved in the clearance of goods at the port, enhanced customer relations and provision of credit to Micro, Small and Medium-Sized Enterprises.

- 85. The business regulatory reforms and infrastructure investments over the years have improved Kenya's competitiveness and ranking in the global ease of doing business. Indeed, for five consecutive years (2016-2020), Kenya has been ranked among the top four most improved in the ease of doing business in sub-Saharan Africa and a top investment destination.
- 86. Going forward, the county will focus on measures to contribute towards improved Kenya's ranking to be among the top 30 nations in the world in the ease of doing business. This will be done through measures put in place such as: cutting down the number of licenses for businesses, reducing the processing times of licenses and permits; and automate business registration processes.

2.4.4 Enhancing County Security

- 87. Security is a crucial element in achieving the development of any entity. In this regard, though it's a National Government function it's essential for the County Government to work hand in hand with NG to enhance a secure coexistence of citizens.
- 88. The County government needs to join hands with the national security team led by Interior Cabinet Secretary and county commissioners to contain insecurity in the region. This will reduce increasing cases of insecurity that have rocked our region in the recent past.
- 89. In the presence of the two teams, police will respond swiftly to distress calls and will be able to do regular patrols to ensure safety of our people and their property especially at night. Security of Wananchi is paramount and security agents will be expected to be more vigilant ahead of the 2022 poll

2.5 Infrastructure Development for Inclusive Growth

90. The County Government continues to invest in infrastructure development since it is critical for sustainable economic recovery, job creation, empowerment of small businesses and lays grounds for the achievement of the county priorities as detailed in the CIDP II. The county has invested in building a strong transport system to enhance connectivity through road networks; energy and ICT infrastructure. This will ensure businesses thrive in an enabling environment and realize significant progress from manufacturing and Agro-processing.

2.5.1 Expansion of the Road Network

- 91. Through the upgrading of urban roads program, the sector has undertaken a number of projects key among them expansion of Kanduyi Musikoma Junction a high-density traffic section of C33 which is the main gateway into Bungoma town and links to A104, a major national artery linking to other parts of the Country. Prior to implementation, the section was characterized by heavy traffic density, accidents, poor road surface, poor drainage and lack of road signs and other road safety measures. At 67% completion rate, the traffic density has eased up with a significant reduction and a controlled flow of storm water towards river Khalaba as was desired.
- 92. On the other hand, to improve commuter efficiency, the county: opened 1,337.85 KM of rural roads; opened and maintained 350.3KM of rural roads; upgraded 9.56KM of urban feeder roads. The projects were envisaged to open up rural areas and improve access to

enhance business activities in the rich agricultural parts of the County that had been left remote for a long time. The program has proved its worth with revival of many markets and establishment of new passenger terminus notably; Lwakhakha in Sirisia sub-County connecting to Uganda, Buyofu Market in Bumula sub-County connecting to Busia County, Dorofu Market in Kanduyi sub-County connecting to Kakamega County and brigadier Market in Tongaren sub-County connecting to Trans Nzoia and Kakamega sub-Counties. All these markets have emerged as new agricultural centers transforming into commercial towns with busy bus terminus arising from rural connectivity.

- 93. By incorporating road inventory and conditions survey in project planning, there has been an increasingly emerging need to incorporate drainage structure to help in management of storm water to ensure resilience of project. The need culminated into construction of drainage lines to reduce the risk of high deterioration of road infrastructure.
- 94. In addition to drainage structures, the sector has also allocated resources towards construction of bridges and box culverts. An additional 2 No bridges and 29No box culverts were added to the County transport grid thereby improving transport efficiency through reduction of travel times and significant reduction in transport costs.
- 95. All the projects were designed and implemented in line with climate financing requirements to ensure that the final output is resilient to climate changes in order to ensure that the projects survive to realize their outcomes.

2.5.2 Air Transport

96. This is one of the sectors that the county Government of Bungoma intends to fully operationalize. Matulo airstrip needs to be transformed into a Category 1 Airport which will open up Bungoma to neighbouring counties, parts of Eastern Uganda and South Sudan. At its optimal operation, Matulo Airport would also specifically serve the Industrial Park, another project earmarked for Webuye and help transport fresh produce from Chwele Market – also earmarked for upgrade. This Investment will attract both passenger and cargo transportation.

2.5.3 Adequate, Affordable and Reliable Energy Supply

- 97. The socio-economic status and the general well-being of society largely depends on access to stable, reliable and affordable energy supply. In this regard, the Government is committed to ensure an efficient and reliable production, transmission and distribution of affordable, clean and reliable energy.
- 98. In order to promote a 24-hour economy and enhance security in designated areas, The County Government continues to install street lights and solar panels in public facilities, including schools, trading centres, health centres, water points, administrative offices and other social amenities to enhance security and increase business working hours for MSMEs.
- 99. The last mile connectivity programme by the National Government crossed the 7.2 million household connections mark and the Country is proceeding well towards the aspiration of 100% universal electricity access by 2022. The County Government will

seek partnerships with the national government to subsidize the cost of energy and enhance availability of grid energy for potential investors.

100. Going forward, the County government through KPLC, Virunga Power and other partners are supporting exploration and distribution of alternative energy sources such as solar, biogas, wind and sun to power their homes. This will boost access to reliable and clean energy to households in line with the Government's target of attaining full transition to renewable energy by 2030.

2.5.4 Promoting the Use of Information, Communication and Technology (ICT)

- 101. A key component of the post-Covid-19 economic recovery is enhancing investment in development of the requisite ICT and digital infrastructure to facilitate e-commerce and efficient delivery of public services. In particular, focus will be on prioritizing critical connectivity infrastructure and bridging the digital gaps, development of appropriate content, skills development, and enhancing affordability, accessibility and reliability of digital infrastructure.
- 102. Information, communication and Technology plays a big part in today's digital economy. Amidst the disruptions caused by Covid-19 Pandemic and most people working from homes, ICT has taken center stage in driving activities in other economic activities and as such it has shown great potential to increase economic growth and improve the lives of Bungoma residents.
- 103. The County Government takes cognizance of the critical role ICT and innovation play in overall county development. As such, the attainment of development goals hinges on the county's ability to reap on the full potential of technological advancement and innovations in ICT.

2.6 Sectoral Transformation for Broad Based Sustainable Economic Growth 2.6.1 Environmental Conservation and Water Supply

- 104. The CIDP II envisions a county that prides in a clean, secure and sustainable environment and targets universal access to clean water and basic sanitation for all. Environmental conservation and sustainable access to water is essential for the achievement of the socio-economic development.
- 105. Towards this end, the County government has continued to prioritize the sustainable exploitation, utilization, management and conservation of the environment and protection of water catchment areas. As a result, the Department is keen to receive support from development partners to facilitate both long- and medium-term interventions to provide clean water to all communities, greening services and rehabilitation of hill tops.
- 106. In the long term, the Department is keen to deliver the: Kakamega -Bungoma bulk water project; Elgon -Malaba- Busia water supply project; and construction of large trans county gravity water schemes that will enable the Bungoma county households access water with ease. The county is also pursuing construction of three major sewer lines in the most populated towns (Bungoma, Webuye and Kimilili) in conjunction with development partners under the bulk water project.

- 107. The department has purchased a state-of-the-art drilling fleet that will advance exploration of ground water in Bungoma county in the short and medium term. Other interventions include the Kaberwa Chesamisi water project, Chesikaki -Sirisia-Bumula medium size water project to assist the water stressed areas of Sirisia and Bumula sub counties access safe and clean water.
- 108. Over the medium term the Department of Water and Natural Resources will prioritize implementation of water supply projects to communities through the Ward Based Projects program.
- 109. The Development partner led project of KOICA II is a key flagship project that will serve the Mt Elgon, Kabuchai, Tuuti Marakaru, Kanduyi and Musikoma wards and their neighboring wards with major emphasis on the Kibabii University Complex a peri-urban area. The projects' objective is to improve the living conditions of the beneficiaries by increasing access to quality and affordable water and sanitary services in the project area.

2.6.2 Solid Waste management and disposal

- 110. The Department of Environment and Tourism is overseeing the construction of phase II and III of the Muanda dumpsite security wall to ensure public health and safety of the residents around the area. The garbage collection services will be disseminated to reach the remote areas and markets.
- 111. The Department further needs to look into the solid waste management programme by adopting the 3Rs strategy (reduce, re-use, and recycle waste) and the community involvement in matters garbage management.
- 112. The solid waste management policy, water policy, tourism policy, environment policy, forestry policy and the rig management policy have been developed to ensure the department operates in a legal framework. These policies have been approved by the County Cabinet and forwarded to the county assembly for approval and adoption. The ESSG and guideline Policy, climate change policy and climate change financing policies were approved, adopted by the County Assembly.

2.6.2 Stimulating Tourism Recovery, Sports, Culture, and Arts

- 113. Tourism sub sector contributes to high priority goals of development: Generation of income; employment; infrastructure development; cultural exchange. With this realization the County Government of Bungoma has made concerted efforts through Tourist product development and Tourism marketing development promotion and branding and has profiled 21 tourist sites across Bungoma County which will be documented and digitized for the domestic and international markets access.
- 114. The County Government is currently developing profile sites for the Mt. Elgon Park entrance gate and Nature trail at the Mt. Elgon elephant maternity site. Once complete these two projects will create employment to the locals and enhance local revenue through collections at the game reserve entry point. The Park entry gate will be an integrated development where there will be curio shops constructed to improve on local trade on artefacts.

- 115. The county has had several initiatives geared towards the Marketing, branding and promotion through initiates like
 - Marketing exhibitions and trade fairs of the tourist destinations,
 - Miss Tourism and Mt Elgon 4*4 Jumbo charge.

The Department has had a success full beauty pageant that was carried out from the Ward level to the National Finales. This has greatly assisted in marketing our county nationally.

- 116. Cultural heritage, Arts and Sports are uniquely able to reach out to people of all walks of life with a reduced language barrier, hence have the potential to contribute immensely to socio-economic development through boosting job creation and generating income. With this realization, concerted efforts have been geared towards sport development, development of the film industry, preservation of various cultures, nurturing of talents and arts, and preservation of our county heritage.
- 117. The construction of the high-altitude center phase I and II is complete, promising great service to sportsmen and women. Upgrading of the Masinde Muliro Stadium is underway which is a state-of-the-art facility likely to develop and nurture talents at the grass root level and generate income for the county. Construction of Maeni youth centre is also complete, awaits equipping and operationalization to enable training for youth in many life skills.
- 118. The County has over the years through the KICOSCA program supported development and performance of music, drama and dance; exhibition of works of art and crafts; and fostered discussions of matters of literary orientation, historical, scientific and education importance.
- 119. Culture and tradition encompass intangible aspects such as knowledge, skills, attitudes, beliefs, music, oral traditions, and festivals in addition to tangible culture, which includes mausoleums, shrines, arts, antiques, antiquities, indigenous food, and sports. Through county programs, plans are underway to operationalize the various cultural sites developed in an effort aimed at making arts and culture a source of livelihood.

2.6.3 Sustainable Management of Land for Social-Economic Development

- 120. Sustainable management of land is vital for the attainment of county development goals as espoused in the CIDP II, Third Medium Term Plan of Vision 2030 and prioritized in the "Big Four" Agenda and the Economic Recovery Strategy. For this reason, the county has continued to scale-up investment towards policies and programs covering land use and access to land title so as to realize increased scope for enhanced food and nutrition security, growth in investments and industries and increased household incomes from agriculture.
- 121. Tremendous progress has been realized in the lands sector including: development of the county Land bank; tapping into the National Government Land Use Policy; processing of title deeds for county government land and the development of the county spatial Plan. As part of land reforms, the county GIS was launched, which has digitized land records and enhanced land survey by developing topographical and thematic maps and georeferencing land parcels.

2.7 Expand Access to Quality Social Services

- 122. In order to foster sustainable economic recovery, reduce the burden of economic shocks on households and enhance access to services by most Kenyans, the county will continue to invest in quality and relevant education, scale up social safety nets programme as well as strengthen implementation of initiatives to empower the vulnerable groups of the society including women and youth.
- 123. The Government has been investing in all social sectors leading to improvements in the country's human capital index as shown by the 2021 World Bank Human Capital Index where Kenya ranked 78th out of 130 globally up from 94th in 2020 and 120 in 2016.
- 124. The County Government has prioritized human capital development by investing in quality and relevant education including tapping into the National Government revamping of the Technical and Vocational Education and Training (TVET) sub sector. So far, the county Government has received 192 million towards VTC capitation which benefitted trainees. This will create a strong manufacturing base that will lead to the country's prosperity.

2.7.1 Quality and Relevant Education for all Kenyans

- 125. The County has continued to allocate significant resources to the education sector and implement key reforms to spur recovery to the sector from the adverse effects of the COVID-19 pandemic. As a result, access to education at all levels has improved substantially as evidenced by increased enrolment in the basic and tertiary institutions. Additionally, infrastructure in learning institutions has improved thereby enhancing the teaching and learning experiences. Other achievements in the sector include: enhanced implementation of the Competency Based Curriculum (CBC) in the ECDE section.
- 126. To improve education outcomes, the county will strengthen implementation of a number of reforms in the sector including: development of critical infrastructure such as construction, rehabilitation and equipment of ECDE and VTCs classrooms, laboratories in VTCs; recruitment of additional ECDE teachers and VTC instructors; expansion, upgrading, rehabilitation and equipping of selected VTC centers of excellence and training ECDE teachers on competency-based curriculum (CBC).
- 127. On curriculum development, the Competency Based Curriculum launched in 2019 has significantly brought more gains by instilling creativity and innovativeness among learners which are necessary for emerging industrial needs. The implementation of the new curriculum is currently underway and it is being undertaken despite the challenges being experienced.
- 128. To improve skills development and competencies of learners to match the fast-growing global job market, the county will tap into the National Skills Development Policy; National Career Guidance and Counselling Policy and the National Skills Development Bill being developed by the National Government.

2.7.2 Strengthening the Social Safety Nets

- 129. Since the onset of the COVID-19 pandemic in 2020, the National Government has provided significant resources to cushion the vulnerable members of the society through the injection of cash and provision of disposable income to people and businesses.
- 130. Going forward, the county citizenry will continue to benefit from the cash transfers to the vulnerable groups as the county establishes an institutional framework to coordinate social protection at the county level.

2.7.3 Empowering Youth and Women for Employment Creation

- 131. Youth unemployment and limited access to opportunities are some of the hurdles that the youth in Kenya have to grapple with. As a county government, we are committed to assisting the Youth, Women and PWDs by financing their business ventures through empowerment funds. The Department is working on creating policies that will inform the disbursement of these funds to ensure proper distribution and measures of recovery are put in place.
- 132. The government has formulated partnerships with other organization to create employment opportunities for its citizens. Talks are underway with Centum in conjunction with MasterCard to have them set one of their bases here in Bungoma County for the Ajira Program. The program will be geared towards creating a platform for job seekers to post their qualifications and for employers to post vacancies and find possible employees.
- 133. Going forward, the county will leverage on the partnership with stakeholders in the private sector and business owners to create job opportunities for the youths through offering internships, mentorship and apprenticeship programmes as well as prioritizing the youth in offering them job opportunities and tenders. Further, the county will commit more resources to different youth empowerment programmes as well as provide supportive ICT infrastructure to the Ajira Programme.

2.8 Enhancing Service Delivery through Devolution

134. Optimum collection of Own Source Revenue (OSR) by the County Governments will play a critical role in providing additional financial resources to fund the budget and improve service delivery to the citizens. In this regard, the Government will fast-track implementation of the National Policy to Support Enhancement of County Governments' OSR to address challenges of revenue collection and administration. The National Government will continue to build the capacity of the County Governments on public financial management and finalize development of the National Rating Bill 2021 on Property Rates to guide valuation of rateable property in the counties and enable County Governments to maximize property related revenues.

2.9 Entrenching Structural Reforms to Facilitate Business and Employment Growth

2.9.1 Strengthening Governance and the Fight against Corruption

135. Corruption has been one of the main drawbacks to the socio-economic development of the country. Nevertheless, the County Government has scaled up the fight against

corruption through implementing a raft of measures that deter public officers to engage in corrupt dealings and strengthen accountability at all stages of public finance management.

2.9.2 Deepening Public Financial Management Reforms

- 136. Prudent public financial management is critical for the achievement of the county's development aspiration as detailed in the CIDP II. The county continues to implement reforms geared towards enhancing efficiency, effectiveness, transparency and accountability of public spending.
- 137. The county is also committed to strengthen expenditure control through Public financial management reforms aimed at upgrading efficiency, transparency and accountability in order to free fiscal space for priority social and investment projects.
- 138. To promote prudent use of financial resources as guided by the PFMA 2012, the county has purposed to improve its internal audit performance. In the medium term, the county is procuring two audit management systems;
 - The TeamMate Audit Management system which will increase the efficiency in audit management and processes and;
 - The TeamMate Analytics to improve on handling of audit functions that deal with massive data like the payroll. This will keep in check proper utilization of public funds.
- 139. In the medium term, the county has allocated funds in the budget for procurement of the County Integrated Monitoring and Evaluation System (CIMES). This will make it possible for the Monitoring and Evaluation directorate to focus on the following: -
 - Efficiency (Input Verses Output);
 - Effectiveness (Measure of extent to which objectives have been met);
 - Impact (Measure of extent to which the goal achieved made a difference to the problem or situation) and Synergy (Network of actors and new learning) for all the county development projects.

2.9.3 Fostering Financial Sector Developments and Reform

- 140. For effective and efficient management of financial resources, the County has committed to increase the proportion of local revenue by eliminating leakages and rationalize expenditure. This will be achieved through continued measures to simplify licenses and fees levies, improve compliance and automation of revenue collection system in order to eliminate leakages and to widen revenue base.
- 141. In the Financial Year 2022/23, the department of revenue anticipates to ride on the new revenue system enhancement to mobilize more domestic resources. The county developed an own revenue management and collection system in 2015. It was subsequently implemented in the year 2016. The system supports all the local revenue streams and it has been effective to the following extent:

- Enhancement of document security features. It is now not possible to forge a trade license or liquor license for Bungoma County. More security verification features including the USSD has been added.
- Introduction of self-service payment options for customers, Customers can now pay for street parking using their handsets. No need to look for parking attendants. Matatus and bodabodas can now pay direct using their mobile phones. No need to come to the office for the service.
- Reduction of work load on billing and receipting clerks. Customers can now generate their own bills and make payment through mpesa or direct bank deposit. The system automatically acknowledges the payment and receipts instantly. No need for cashier to print a receipt unless requested by the customer.
- The enforcement module is now active. The enforcement officers simply use their handsets to confirm compliance for single business permits, parking fees, bodaboda and matatu stickers.
- The department used to take four days to issue and deliver the single business permit to the customer. With automation, it takes one hour to process a permit for an existing customer.
- The revenue collectors can now bank what they collect at the end of the day. The system records their collection and reconciles with their banking. The system monitors unbanked revenue. It now takes less than eight hours to bank revenue for unstructured revenue and instantly for the structured revenue. The system does not receipt cash payments for structured revenue.
- 142. To enhance local revenue collection, the department of Finance and Economic planning has issued communication to relevant departments to fast-track preparation of the following legislations;
 - County Valuation Roll
 - County Rating Bill
 - Outdoor Advertisement and Signage Bill
 - Physical Planning Bill
 - Construction and Development Control Bill
 - Inspectorate and Enforcement Bill
 - County Public Entertainment and Amenities Bill
 - Housing Policy
 - Animal Control and Welfare Bill
- 143. The County Government will institute measures to contain the bloated wage bill so as to divert resources for development initiatives. These would include payroll cleansing and staff rationalization. The County Government will also enhance capacity of the County Government staff so as to encourage proper and transparent use of resources and enhance service delivery.
- 144. The future prosperity of the county will be supported by viable and sustainable network of urban areas and towns. Over the medium term, the urban management boards/committees will be empowered through urban plans and budgets to progressively realize the urban development strategy. Focus will be placed on the following urban areas; Bungoma, Webuye, Kimilili, Sirisia, Malakisi, Tongaren, Lwakhakha, Chwele, Cheptais, Bumula, Brigadier and Kapsokwony.

- 145. The Bungoma urban growth and development strategy is a long-term aspirational strategy driven through four outcomes namely;
 - Improved quality of life and development-driven resilience for all.
 - A resilient, livable, sustainable urban environment underpinned by infrastructure supportive of a low-carbon economy.
 - An inclusive, job-intensive, resilient and competitive economy.
 - A leading metropolitan government that proactively contributes to and builds a sustainable, socially inclusive, locally integrated and globally competitive.
- 146. In this regard, the county has facilitated the boards with the necessary budgetary and logistical support to ensure efficient and effective service delivery. The County has supplemented the support provided by the Kenya Urban Support Programme, Sustainable Urban Economic Development as well as the Urban Institutional Grants by allocating budgetary resources for the provision of urban services.

III BUDGET FOR FY 2022/23 AND THE MEDIUM TERM

3.1 Fiscal Framework Summary

- 147. The FY2022/23 budget and the Medium-Term Budget Framework builds on the Governments effort to support economic recovery and mitigate against the adverse effects of the COVID-19 pandemic. This will be done by prioritizing implementation of programs outlined in the Third Medium Term Plan (MTP III) of the Vision 2030, the County Government plans, policies and strategies, Economic Recovery Strategy and the "Big Four" Agenda.
- 148. The Government will also continue with the fiscal consolidation plan by rationalizing expenditures and enhancing revenue mobilization. In this regard, MDAs will be encouraged to adopt efficiency in allocation of resources to reduce non-priority spending. This will be achieved through budget costing, and reviewing the portfolio of externally funded projects to re-align with the Government policy priorities and macroeconomic policy framework.
- 149. The fiscal framework for the FY 2022/23 Budget is based on the County Government's policy priorities and set out in Chapter I and Chapter II.

Revenue Projections

150. In the FY 2022/23 county revenue including Own Source Revenue is projected to increase to Ksh 12,907,280,379 up from Kshs. 12,760,578,251 Projected revenues in FY 2021/22. Of this, Local revenue is projected at Ksh 700,000,000 and Ministerial A.I.A at Ksh.691,524,891. This revenue performance will be underpinned by economic recovery efforts through the Economic Stimulus Programme and the Post Covid19 Economic Recovery Strategy, on-going reforms in tax policy and revenue administration.

Table 8:Medium Term Revenue Projections

| Type of Revenue | 21/22 (Base year) | 22/23 | 23/24 | 24/25 |
|---|-------------------|----------------|----------------|----------------|
| (a) Equitable share | 10,659,435,192 | 10,659,435,192 | 11,192,406,952 | 11,752,027,299 |
| (b)Own source revenue: As per Finance Act | 500,000,000 | 700,000,000 | 735,000,000 | 771,750,000 |
| (c)Own source revenue: AIA | 591,524,891 | 691,524,891 | 726,101,136 | 762,406,192 |
| (d)Conditional grants - National Government | 153,297,872 | 0 | 0 | 0 |
| (e)Conditional grants - Development partners | 856,320,296 | 856,320,296 | 856,320,296 | 856,320,296 |
| Total | 12,760,578,251 | 12,907,280,379 | 13,509,828,383 | 14,142,503,788 |

Expenditure Projections

- 151. Overall expenditure for FY 2022/23 is projected at Kshs 12,907,280,379 compared to the approved estimates of Kshs 12,760,578,251 for FY 2021/22. The actual expenditure for the FY 2020/21 revised budget was Kshs 12,038,552,198.6 (86 percent of the total Budget)
- 152. These expenditures comprise of recurrent of Kshs 8,621,078,479 (92.8 percent of the total recurrent Budget) and development of Kshs 3,417,473,720 (72.4 percent of the total development Budget) and a balance of Kshs 230,673,452 to be carried forward to FY 2021/22. The Carry forward amount From FY 2020/21 is low due to revenue shortfalls in different sources.

Deficit Financing

153. Reflecting the resource requirements and revenues, the fiscal deficit (excluding grants), is projected at Kshs 27.9 B in the FY 2021/22. This deficit will be financed by a combination of approaches, including making official request to national government for specific support, ramping up local revenue collection, especially AIA and borrowing from the market at negotiated rates subject to the provisions of the County Medium Term Debt Management Paper 2022/23 – 2024/25.

3.2 FY 2021/22 and Medium-Term Budget Priorities

- 154. The FY 2022/23 is the fifth and final year of CIDP II (2018-22). The achievements of the CIDP II will be used as building blocks as the county transits to CIDP III over the medium term. The county through the Medium-Term Expenditure Framework (MTEF) will implement priority programmes under the CFSP 2022 to accelerate economic recovery and enhance service delivery. This will be achieved through strong linkages between policy, budgeting, implementation and monitoring of planned outcomes. The county will strive to ensure that public spending remains affordable within a sustainable framework.
- 155. In this regard, public spending will be directed towards the most critical needs of the county with the aim of achieving quality outputs and outcomes with optimum utilization of resources. Further, the county will ensure CDAs' requests for resources take into account the resource constraints in light of the fiscal consolidation policy taking into account:
 - Responsible management of public resources;
 - Building a resilient, more productive and competitive county economy;
 - Delivering better public services within a tight fiscal environment, and
 - The need to deepen governance, anti-corruption and public financial management reforms to guarantee transparency, accountability and efficiency in public spending.
 - The need to allocate resources based on peoples felt needs and the impact they promise to deliver

The need to focus on affordability, strict prioritization and sustainability of interventions.

Flagship Projects

156. In the medium term, the County shall direct resources towards the completion of its strategic development agenda. This will be done through partnerships with National Government and development partners. Table 7 provides details of the county strategic development projects and the proposed funding in phases.

Table 9: Flagship and other projects funding projections

| Flagship and other projects | Total requirement to complete the project | Allocation FY 2021/22 | Allocation FY 2021/22 SUP 1 | Payments | FY 2022/23 |
|--|---|--------------------------|--------------------------------|---------------|---------------|
| Dual Carriageway | 1,382,442,976 | 350,000,000 | 635,000,000 | 993,824,728 | 390,000,000 |
| Stadium | 679,386,376 | 189,116,354 | 257,753,021 | 501,818,643 | 108,195,752 |
| Milk Processor | 258,260,088 | 35,500,000 | 20,000,000 | 74,776,941 | 10,000,000 |
| Misikhu – Brigadier | 1,115,939,198 | 60,000,000 | 0 | 2,146,950,414 | 150,000,000 |
| Bumula – Mateka road | 520,000,000 | 0 | 0 | | 0 |
| Industrial Park | 60,000,000 | 10,000,000 | 0 | | 0 |
| Chwele agribusiness | 250,000,000 | 20,000,000 | 0 | | 80,000,000 |
| Health Bungoma | 239,000,000 | 0 | 0 | | 100,166,218 |
| Health Sirisia | 80,000,000 | 0 | 0 | | 19,696,082 |
| Education - Scholarships - | 0 | 350,000,000 | 425,000,000 | | 410,000,000 |
| Education Centres of Excellence- | 300,000,000 | 47,000,000 | 0 | | 44,830,358 |
| Water Infrastructure Sirisia / Bumula | 80,000,000 | 17,000,000 | 0 | | 27,590,305 |
| Coffee value chain | 45,000,000 | 3,626,085 | 2,272,115 | 9,039,500 | 0 |
| Milk coolers | 45,000,000 | 2,719,563 | 1,295,709 | | 0 |
| Total | 5,055,028,638 | 1,084,962,002 | 1,341,320,845 | 3,726,410,226 | 1,340,478,715 |

Source: County Treasury

157. Analysis of table 9 shows that the County does not have sufficient fiscal space to implement all the flagship projects at a go. The preferred approach which is more sustainable is to identify one or two high impact priorities and provide sufficient resources to see them through within two financial years, with the rest being phased accordingly.

3.3 Budgetary allocation for FY 2022/23 and the Medium Term

156. The total budget for FY 2022/23 is projected at Ksh 12.9 billion. The allocation to the two arms of the County Government is summarized in Table 10.

Table 10: Summary Budget Allocations for the FY2022/23 – 2024/25

| CG Arm | 2021/22 | 2022/23 | 2023/24 | 2024/25 |
|-----------------------------|----------------|---------------------|----------------|----------------|
| County Executive (Governor) | 513,714,828 | 532,140,566 | 558,747,594 | 586,684,974 |
| County CDAs | 11,305,683,913 | 11,270,700,483 | 11,834,235,507 | 12,425,947,283 |

Criteria for Resource Allocation

- 156. The baseline estimates reflect the current ministerial spending levels in sector programmes. In the recurrent expenditure category, non-discretionary expenditures take first charge. These include payment of public debts and interest therein, salaries for staff and pensions.
- 157. Development expenditures have been allocated out on the basis of the flagship projects, the "Big Four" Agenda, Post Covid -19 Economic Recovery Programme and the MTP III priorities. The following criteria was used in apportioning capital budget:
 - *On-going projects:* emphasis was given to completion of on-going capital projects and in particular infrastructure projects with high impact on poverty reduction, equity and employment creation.
 - Post-Covid 19 Recovery; Consideration was further given to interventions supporting post-Covid 19 recovery
 - Counterpart funds: priority was also given to adequate allocations for donor counterpart funds which is the portion that the County Government must finance in support of the projects financed by development partners.
 - Strategic policy interventions: further priority was given to policy interventions covering the entire county, regional integration, social equity and environmental conservation.
- 158.The FY 2022/23 Medium-Term Budget will be finalized after County Assembly approval, and thorough scrutiny to curtail spending on non-productive areas and ensure resources are directed to priority programmes. The following criteria will serve as a guide for allocating resources:

- Interventions identified during the stakeholder's consultations for the FY 2022/23 budget and over the medium term
- Linkage of Programmes to Post-Covid-19 Economic Stimulus Programme (PC-ESP
- Strategic interventions in the areas of manufacturing, food security enhancing programmes, affordable housing, health coverage and public facilities and other policy interventions to enhance regional integration and social equity; and
- Specific consideration to enhance job creation for the youth based on sound initiatives identified within and outside the normal budget preparation.
- Linkage of the programme with the objectives of Third Medium-Term Plan of Vision 2030:
- Degree to which the programme is addressing the core mandate of the MDAs;
- Cost effectiveness and sustainability of the programme;
- Requirements for furtherance and implementation of the Constitution; and
- Meeting debt service obligations as a first charge.
- Linkage of CIDP II Programmes to the 'Big Four' Plan either as drivers or enablers; and 2022 County Fiscal Strategy Paper
- 159.Detailed budgets will be scrutinized and should additional resources become available in the process of firming up the resource envelope, the Government will redirect them to inadequately funded strategic priorities

3.4 Details of Sector Priorities

160. The medium-term budget framework for 2022/23 – 2024/25 has taken into account the need to ensure that resource allocation is aligned to prioritized programmes in the CIDP II. In particular, the budget framework has focused on the "Big Four" Agenda, Post Covid-19 Economic Recovery Programme and the strategic policy initiatives of the Government to accelerate growth, employment creation and poverty reduction. Table 12 provides the projected baseline ceilings for the FY 2022/23 and the medium-term, classified by sector.

Table 9: Summary of Budget Allocations for the FY 2022/23 – 2024/25

| DEPART MENT | FY 2021/22 | | INDICA TIVE CEILIN | PROJEC | ΓIONS | % share | % share of total allocation | | |

Agriculture, Livestock, Fisheries, Irrigation and Co-operative Development

- 161. The mandate of the department is to ensure sustainable development of agriculture for food security and economic development. This includes; county agricultural policy and management; county food security policy; agricultural crops development; regulation and promotion; agricultural land resources inventory and management; crop research and development; agricultural mechanization policy management; agricultural farmer training; policy on land consolidation for agricultural benefit; agricultural insurance policy; farm input support and bio-safety management; agricultural extension services standards and capacity building for agricultural staff.
- 162. The key achievements realized by the department include; 32,400 vulnerable farmers benefited from farm input support program; 45,000 avocado seedlings procured and distributed to avocado farmers; Establishment of dairy processing plant is ongoing; Chesikaki Coffee milling plant operationalised; Chwele Chicken Slaughter House operationalized; Through the National Agricultural and Rural Inclusive Growth Project (NARIGP), 320 Farmer Field Schools (FFS) were established, 11 Producer Organizations with MOUs 856 Micro project proposals; Farmer groups supported with equipment grants and training through the Agriculture Sector Development Support Programme II (ASDSP II); Development of Chwele Fish Farm ongoing supply of fish feeds, desiltation of ponds, pond maintenance and production of fingerlings.

163. The key outcomes expected in the MTEF period 2022/23-2024/25 include; -

- > Increased agricultural productivity and production
- > Increased access to critical farm inputs
- > Improved agricultural markets and value chain addition
- > Transform Agriculture from subsistence to a viable commercial undertaking
- > Support formation of farmer groups/cooperatives

Education

- **164.**The department is committed to the provision of quality education and training in the county, including providing support to all levels of education in line with the Provisions of the Intergovernmental Act, 2012.
- **165.**The key achievements realized by the sector include; Awarded bursaries to needy students; Awarded scholarships to needy and bright students; Distribution of learning materials in ECDE centres; Construction and completion of ECDE classrooms and toilets; Construction and completion of workshops in VTCs.

166. During the 2022/23-2024/25 MTEF period, the Sector will prioritize;

- Achievement of equitable access to relevant and quality education and training
- Enhanced efficiency and effectiveness of education.
- ➤ Integration of science and technology into the County development process
- > Increased transfer and adoption of technologies.

Health and Sanitation

- 167. The department's goal is to attain responsive, equitable, affordable, accessible and sustainable health care system for all. The sector also promotes increased access to improved sanitation.
- 168. The key achievements realized by the sector include: Procured medical furniture and equipment for dispensaries and health centers; Expanded and operationalized Bungoma ICU wing; Constructed and operationalized Several dispensaries; Renovated dispensing pharmacy store and waiting bay at Chwele hospital; Constructed a theatre, gate and renovated Bumula hospital; Construction of 300 bed Maternal and Child Block at Bungoma County Referral Hospital which is 93% complete while the 100 bed Maternal and Child Block at Sirisia hospital is 80% complete.
- 169. During the 2022/23-2024/25 MTEF period, the Sector will prioritize provision of the universal health coverage to the county population, whilst also investing in strengthening health delivery systems and structures for enhanced services readiness, service availability and capacity to offer services at all county health facilities.
- 170. This will be realized through the health programs;
 - i. Curative and Rehabilitative health
 - ii. Reproductive, Maternal, New-Born and Adolescent Health
 - iii. Preventive and Promotive Health

Roads and Public Works

Roads

- 171. The mandate of the directorate includes: Develop and maintain the County Road network including its road infrastructure, Supervise and provide guidance and designs on all structural and civil works in the County to ensure that they comply with the established standards and Monitor fire outbreaks and respond to all emergencies in the County including road accidents.
- 172. The key achievements are: 5.4 km of urban Roads upgraded to bitumen standards; 1.5 km of dual carriageway (67% Works complete); 177.3 km of Gravel Roads Maintained (sub-County); 12 Box Culverts Constructed; 386.8 km of Ward Roads opened and maintained; 1 No. Black spot transformed (Speed control pumps and traffic signs erected on Moi Avenue Bungoma).
- 173. During the 2022/23-2024/25 MTEF period, the Sector will prioritize;
 - Strengthening the institutional framework for infrastructure development and accelerating the speed of completion of sector priority projects
 - Expansion, modernization and maintenance of transport infrastructure
 - Development, maintenance and management of transport infrastructure to facilitate efficient movement of goods and people
 - Development and maintenance of cost-effective public buildings and other public works

Trade, Energy and Industrialization

- 174. The department is focused on creating conducive environment for trade, investment and industrialization with the goal of creating wealth and supporting employment creation in the County as well as facilitating access to affordable, clean energy.
- 175. The key achievements are: Development of market infrastructure; Installation of solar powered lights at market centers and rural households; Renovation and Operationalization of CIDCs in all the sub counties
- 176. During the 2022/23-2024/25 MTEF period, the Sector will prioritize;
 - To enforce fair trade practices & consumer protection regulations
 - To facilitate increased access to affordable credit finance to local MSMEs'(Micro Small and Medium Enterprises).
 - To improve market infrastructure and promote accessibility to markets
 - Promote growth of Micro Small Medium Enterprises (MSMEs)
 - To promote growth of Micro Small Medium Industries (MSMIs) and Cottage Industries
 - Promote Research and Development (R&D), innovation, creativity and technology adoption for industrial development
 - To facilitate connectivity of rural areas to the national grid and promote appropriate renewable energy technologies

Lands Urban and Physical Planning

- 177. The department's strategic goal is to provide a coordinated approach to land use and fostering sustainable development by ensuring balance between built up areas and open spaces.
- 178. The key achievements include: Purchase of 15 survey equipment; Established 1 GIS lab; Construction of 1 storm water drainage; Acquisition of land for ward-based projects and land bank; Purchase of land to resettle Chepkube market traders
- 179. During the 2022/23-2024/25 MTEF period, the Sector will prioritize;
 - Management of land and land-based resource.
 - Provision of policy direction on matters related to land notably:
 - o County lands policy and management
 - Physical planning
 - Land transactions
 - Survey and mapping
 - o Land adjudication
 - Settlement matters
 - o Urban and rural settlement planning i.e. Eco-village
 - Land reclamation
 - Land registration
 - o county spatial infrastructure
 - o land and property valuation services, administration and land information systems

Housing

- 180. The Department's strategic goal is to facilitate the production of decent and affordable housing, enhanced estate management services and tenancy relation.
- 181. The key achievements are: Security fencing of housing 3 estates in Lower milimani Kanduyi and bungoma medical quarters; Renovation and refurbishment of 62 county residential houses; Minor repairs to 7 estates
- 182. During the 2022/23-2024/25 MTEF period, the Sector will prioritize;
 - Promotion, coordination and implementation of integrated socio-economic policies and programs for housing.
 - Fostering conducive environment for investment and private sector development
 - Developing and coordinating frameworks for public private partnerships (PPP) in housing.
 - Promoting innovation and investment in new housing technologies.
 - Promoting research and development in housing.

Bungoma Municipality

- 183. The County has established Bungoma Municipal Management Board which is mandated to ensure efficient and effective management of urban areas and pro-active response to urban issues. The board sets out to move the Municipality into the future as a thriving, resilient, evolving, and equitable community which delivers a vibrant and competitive urban metropolis for future generations.
- 184. The key achievements include: Upgrading of Khetias' Wholesale Mama Fanta, Teachers' Sacco Court Prisons Sharrif Hotel IEBC Offices Road to bitumen standard; Upgrading of Kanduyi junction Stadium-Makutano Road to bitumen standard; Upgrading of Marell Sunrise Road and other access roads in Bungoma Municipality; Upgrading of Wings Wambia road and other Bungoma town CBD roads.
- 185. During the 2022/23-2024/25 MTEF period, the municipality will prioritize;
 - Improved quality of life and development-driven resilience for all.
 - A resilient, livable, sustainable urban environment underpinned by infrastructure supportive of a low-carbon economy.
 - An inclusive, job-intensive, resilient and competitive economy.
 - A leading metropolitan government that proactively contributes to and builds a sustainable, socially inclusive, locally integrated and globally competitive.

Kimilili Municipality

186. The County has established Kimilili Municipal Management Board which is essential for efficient and effective management of urban areas and pro-active response to urban issues. The board sets out to move the Municipality into the future as a thriving, resilient, evolving, and equitable community delivers a vibrant and competitive urban metropolis for the coming generations.

- 187. The key achievements are: Up grading of 1m Thursday market-kie-chetambe road to low seal tarmac; Construction and rehabilitation of Thursday and Monday market and buspark; Upgrading of Dc-Thursday market road; Up-grading of Riziki-slaughter house road.
- 188. During the 2022/23-2024/25 MTEF period, the municipality will prioritize;
 - Improved quality of life and development-driven resilience for all.
 - A resilient, livable, sustainable urban environment underpinned by infrastructure supportive of a low-carbon economy.
 - An inclusive, job-intensive, resilient and competitive economy.
 - A leading metropolitan government that proactively contributes to and builds a sustainable, socially inclusive, locally integrated and globally competitive.

Tourism, Environment, Water and Natural Resources

- 189. The overall goal of the department is to enhance sustainable management of environment, water, irrigation and natural resources; to ensure access to water and natural resources benefits for sustainable development; to increase utilization of land through irrigation, drainage and land reclamation and to protect and reclaim the environment in order to establish a durable and sustainable system of development and resilience to climate change.
 - ❖ The key achievements realized by the sector include; Construction of 3 Large water schemes; Planted 1,450,000 trees; Conservation of 1,457 water spring sources.
- 190. During the 2022/23-2024/25 MTEF period, the Sector will prioritize;
 - Increase access to safe water supply in rural and urban areas;
 - Improve capacity for water resources management (WRM),
 - Restore and maintain the ecosystems
 - Promote sustainable use of environment and natural resources (ENR)
 - Uphold and maintain 10% forest cover
 - Mainstreaming gender, Youth and Other vulnerable groups

Gender, Culture, Youths and Sports

- 191. The department set out to create sustainable and equitable social cultural and economic empowerment to all. It committed to achieve this by formulating, mainstreaming and implementing policies that respond to gender and cultural issues through coordinated strategies that engender a sustained and balanced social, cultural and economic development of the County as well as empowering the vulnerable and marginalized groups and areas.
- 192. The key achievements are; 9 cultural sites developed and maintained; 1 multipurpose centre constructed and equipped; Construction of Masinde Muliro stadium at 50% complete; Construction of phase 11 of high-altitude training centre at 60% complete; Erection and construction of hostels and high-altitude training centre 85%; Erection and completion of Nalondo stadium-Phase I; Construction of Maeni youth empowerment centre; 6 community cultural festivals organized and conducted in the County; Participated in KICOSCA games.
- 193. During the 2022/23-2024/25 MTEF period, the Sector will prioritize;
 - Mainstreaming gender and PWD into development

- Networking with relevant government departments, public and private agencies to ensure the efficiency and effectiveness of all social and cultural programmes.
- Establishing and managing cultural sites, vocational and rehabilitation centres.
- Regulating, licensing, betting, casinos and other forms of gambling.
- Developing and promoting AGPO at the county level for county youth
- Giving waivers to county youth business start ups
- Sponsoring for county teams in various inter county and national competition
- Talent identification and promotion to top national and international teams

Finance and Economic Planning

- 194. The department's goal is to create an enabling environment for accelerated and sustainable economic growth through pursuit of prudent economic, fiscal and monetary policies while coordinating the financial operations of the Bungoma County Government.
- 195. The key achievements are; Prepared County Budget documents namely; CBROP, MTEF, PBB, Appropriation Bills, supplementary budgets, Gazettment of the same; Compliance to PFM Act, Regulations, financial policies and procedures; Prepared County Development Plans; Prepared Finance Bill.
- 196. During the 2022/23-2024/25 MTEF period, the Sector will prioritize;
 - Improve Public Financial Management.
 - Increase the level of capitalization.
 - Increase private investments
 - Improve statistical data production and policy research
 - Enhance the prevention, detection and elimination of corruption
 - Enhance public contract management and performance
 - Increase public demand for accountability

Public Service Management and Administration & Office of the County Secretary; Office of H.E. the Governor and Deputy Governor and County Public Service Board

- 197. The sectors' main goal is to provide leadership and oversight in economic and devolution management, resource mobilization and management; and Inter-governmental relations for a responsive public service.
- 198. The key achievements are: Equipping 45 ward admin offices and 9 sub county admin offices; Purchase of uniforms for 390 enforcement officers; Office networking; Upgrading of server room; Records management system for county employees.
- 199. During the 2022/23 2024/25 MTEF period, the Sector will prioritize;
 - To strengthen county government's capacity for implementation of devolution and enhance Intergovernmental Relations;
 - To advice on prudent management of county resources and advancing devolution to lower units of administration
 - To promote and support good governance and accountability in the public sector for the achievement of Vision 2030 goals.

- To enhance responsiveness, demand for quality services and promote administrative justice in the public sector.
- Formulate, review and implement appropriate ICT policies, legal and institutional frameworks that improve efficiency of service delivery.
- Enable universal access to technology and information in order to build knowledge-based economy.

Programme performance Information for 2022/23 – 2024/25 MTEF period

Annex Table 3 provides a summary of expenditures by programmes for the FY 2022/23–2024/25 period. Annex 4 provides a detailed report with information on programmes outputs, key performance indicators, and the set targets for the FY 2022/23 – 2024/25 period.

3.5 Public Participation/ Sector hearing and Involvement of the stakeholders

- 200. Public participation and involvement of stakeholders in the medium-term budget process is a constitutional requirement. In fulfilment of this requirement, Sector Working Groups (SWGs) were convened to develop the sector reports, which were subjected to public hearings for the FY 2022/23 and medium-term budget were held between 6th to 10th December, 2021. Annex 5 provides a summary of policy issues raised through public hearings and the responses.
- 201. Further as required by the Public Finance Management Act, the County Fiscal Strategy Paper was shared with various stakeholders and the public for comments before finalization.

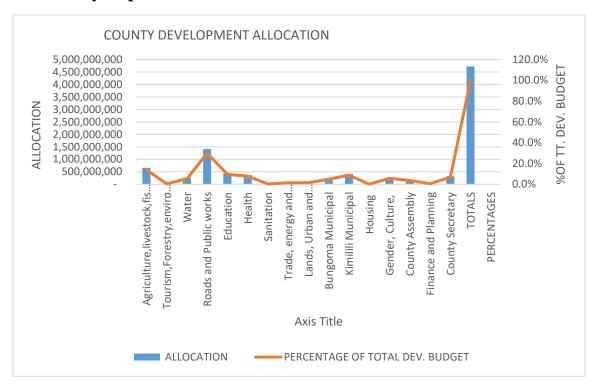

IV COUNTY FINANCIAL MANAGEMENT AND DIVISION OF REVENUE

4.1 Compliance with fiscal responsibility principle

4.1.1 Compliance with the requirement for development spending allocations

202. The County is required to allocate a minimum of thirty percent of its budget over the medium-term to development expenditure pursuant to Section 107 (2) (b) of the Public Finance Management Act, 2012. The County has met this legal requirement and allocated thirty four percent of its approved budget to development.

Figure 6: FY 2020/21 Budgeted Development Expenditure as a Percentage of Total County Expenditure

203. In terms of actual development expenditure for the FY 2020/21, the County Government was able to utilize at least 28 percent of their total expenditure on development. The County department of Roads Transport and Public Works spent 38 percent, Agriculture, livestock, fisheries and co-op development 13 percent and Kimilili Municipality 7.0 percent of the total development expenditure of Kshs 3.417 billion. On the other hand, Tourism, Forestry, Environment Water and Natural Resource, Finance and Economic Planning, Housing and Sanitation had the lowest expenditure at 0.2 percent and 0.1 percent respectively.

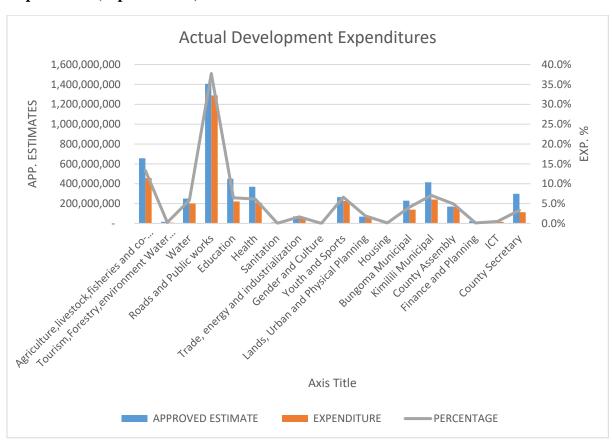

Figure 7: FY 2020/21 Actual Development Expenditures as a Percentage of Total Expenditure (departmental)

4.1.2 Compliance with the Requirement for Expenditure on Wages

204.Regulation 25(1) (b) of the PFM (County Governments) Regulations, 2015 requires that the County wage bill shall not exceed 35 percent of its total revenue. Positively, staff costs to total expenditure improved from 48.6% FY17/18 to 40.9% in FY19/20, comparing favorably to the 45% average for all counties. Nevertheless, it remains above the minimum recommended 35% in the Public Finance Management (PFM) (Amendment) Regulations, 2015. To further manage costs downwards, the county is freezing non- essential employment and automating revenue collection, with a relative reduction anticipated to materialize from general growth in OSR.

Actual Expenditures on Wages 6,000,000,000 120% 5.000.000.000 100% ALLOCATION 80% 4,000,000,000 3,000,000,000 60% 40% 2,000,000,000 20% 1,000,000,000 ALLOCATION

Figure 8: FY 2020/21 County Governments' Actual Expenditures on Wages and Benefits as a Percentage of Total Actual Revenue

Source of Data: Bungoma County treasury

Enhancement of County's Own-Source-Revenue

205. Bungoma's OSR grew from around KES485m in FY14/15 to KES675m in FY18/19, further to KES860m in FY19/20 and decreased to KES 791m due to the Covid-19 pandemic. Bungoma benefits from significant amounts of Appropriation in Aid due to the number of national government staff deployed in the county (FY20/21: KES 363m). The County's reliance on Exchequer releases and grants (FY19/20: 91.6%, FY20/21: 91.8%) is at the national average of about 91.3%. Positively, the realization of OSR in relation to budget has consistently outperformed the national average, with the county exceeding its targets in FY18/19 by 4.7%. To increase OSR, the County is looking to improve its legal and policy framework, which will expand the scope of products which will incur cess taxes and garner more fees through service delivery. In addition, the automation of the revenue collection process should support greater collections of outstanding land arrears and property rents.

206. The County's actual Own Source Revenue (OSR) collection for FY 20/21 was Ksh. 791,395,423 against a target of Ksh. 1,141,464,319 representing 69 percent of the annual target. This was a decrease of Ksh. 68,685,160 from Ksh. 860,080,583 collected in FY 2019/20 that was 93.6 percent of the annual OSR target of Ksh. 919,097,384 and a collection of Ksh. 674,998,437 against a target of Ksh. 753,185,810 in FY 2018/19 representing 89.62 percent. (Figure 9).

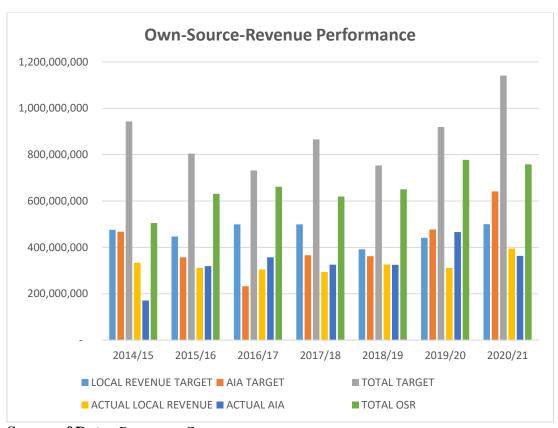

Figure 9: County's Own-Source-Revenue Performance

Source of Data: Bungoma County treasury

207.In the Financial Year 2021/22, the department of revenue anticipates to ride on the new revenue system enhancement to mobilize more domestic resources. The county developed an own revenue management and collection system in 2015. It was subsequently implemented in the year 2016. The system supports all the local revenue streams. The system has been effective and enhanced revenue collection from a low of Ksh.182 million in 2013/2014 to a high of Ksh.395 million from local revenue in 2020/21.

208. The department has continued to institute new measures directed at sealing all the possible leakages to enhance revenue collection and improve collection efficiency.

The market entry fees module has been developed and re-structured. It is now possible to register all market traders which allow them to generate bills and pay through m-pesa. This new module is meant to reduce cash handling amongst tax payers and revenue collectors and the department is able to track market fee defaulters. The Finance Act 2021 requires all payments of market fees to be cashless while exempting low value traders with no structures.

209. The department continues to implement flexible payment plans for property rates owners. Defaulters with huge balances can agree and enter and into a twelve-month payment plan. This strategy has enabled improved performance of property rates.

4.2 Prudent Management of Fiscal Risks

4.3.1 Pending Bills

- 210. According to Section 94 (1) (a) of the PFM Act, 2012, failure to make any payments as and when due by a State organ or a public entity may be an indicator of a serious material breach or a persistent material breach of measures established under the Act. In this context, Article 225 of the Constitution read together with Section 96 of the PFM Act gives the CECM Finance powers to stop transfer of funds to the concerned MDAs.
- 211.In relation to the ineligible pending bills, the Intergovernmental Budget and Economic Council (IBEC) through a resolution of 18th June 2019 instructed all County Governments to establish an Ineligible Pending Bills Committee to verify these bills. Once verified, it was resolved that the arrears should be prioritized and paid.
- 212. The pending bills committee was established as per letter reference COB/002/VOL.3/ (55) dated 19th June, 2019 from Chief Executive Officer Council of Governors which gave opportunity to County Government of Bungoma to appoint its pending bills committee which was tasked to verify each pending bill with view to give opinion on whether the pending bill is authentic and eligible for payment or not.
- 213. The pending bills presented by the County Government to office of Controller of Budget was Kshs. 326,391,974 while those presented to OAG were Kshs. 601,481,507, a variance of Kshs. 275,089,533 as per the special audit findings by the Office of the Auditor General. The eligible pending bills amounted to Kshs. 376,038,793 and ineligible pending bills Kshs. 225,442,714 of which Kshs 362,774,197 of the eligible pending bills had already been paid.
- 214.Pending bills amounting to KShs. 225,442,714 were found to be ineligible and KShs. 128,225,677 of the ineligible bills had already been paid. The ineligible bills arose from lack of documentation, goods supplied but not as per the specification of the user department, lack of certified documentation by relevant county authorities and erroneously captured pending bills.

Table 11: Payment of 2018 Pending Bills by County Governments as at 30th June 2021

| 30TH JUNE | | | | BY THE OAG | | | | GOVERNME | ENTS AS OF |
|-------------------|--|--|---|--|---|---|-------------------------------------|--|--|
| DEPART MENT | Presented to CoB By Counties as of 30th June, 2018 (Ksh) | Bills Presented to OAG By Counties for Special Audit (Ksh) | Eligible Pending Bills as per the OAG Special Audit (Ksh) | Ineligible Pending Bills as per the OAG Special Report (Ksh) | Eligible Pending Bills Paid (Ksh) | Ineligible Pending Bills Paid (Ksh) | Total Pending Bills Paid (Ksh | Outstan ding Eligible Pending Bills (Ksh) | Overall Outstandin g Pending Bills (Ksh) |
| | A | В | С | D | Е | F | G=E+F | Н=С-Е | I=B-G |
| Bungoma County | 326,391,974 | 601,481,507 | 376,098,793 | 225,442,714 | 362,774,197 | 128,225,677 | 490,999,874 | 13,264,5 96 | 110,481,63 3 |

- 215.In order to ensure that pending bills do not accumulate, a number of mechanisms geared at ensuring that there is no further accumulation of pending bills have been put in place by the County Executive Committee Member (CECM) for Finance as recommended by the committee:
 - Departments should have proper internal control measures to ensure that proper procedures are followed in contracting for goods and services to avoid claims that lack supporting documentation.
 - Timely procurement requisitions to avoid the last-minute rush at the closure of the financial year. Therefore, work plans should be prepared in such a way that most works, goods and services are procured in the first two quarters of the financial year.
 - Departments to make a follow up on works, goods and services procured are completed and delivered within the stipulated contract timeframe to avoid payments spilling in the subsequent financial years.
 - Clarity on what qualifies to be a pending bill to avoid overstating the overall county pending bills which hinders proper planning and execution of planned projects for the subsequent years.
 - The county treasury to sensitize the implementers on what pending bills are and their implications. The national treasury uses a 90-day in unpaid bills as the basis of definition of a pending bill.

4.3.2 Statutory Remittances

216.Review of the CBIRR for the half-year period which ended 31st December, 2020 by the CoB, indicates that County Governments have not been remitting retirement contributions to the various Retirement Benefits Schemes (the Local Authorities Provident Fund (LAPFUND), the Local Authorities Pension Trust (LAPTRUST), and the County Pension Fund (CFP)) that serve employees of County Governments and affiliated entities. As at 31st December, 2020, the unremitted contributions stood at Ksh 90 million. In this regard, County treasury has proposed full provision of Kshs. 164 million in the First Supplementary budget FY 2021/22 to cater for the outstanding FY 2020/21 and 2021/22 budget deficit for retirement contributions to ensure compliance with the PFMA 2012 and avoid inconveniencing exiting employees of County Government and the connected entities when accessing their benefits.

4.4 Division of Revenue between the County Executive and the Assembly.

4.4.1 Performance of shareable Revenue

217. County Government of Bungoma actual revenue in FY 2020/21 was Kshs. 13.2 billion against an estimate of Kshs 14 billion. Own Source revenue collected in FY 2020/21 was Ksh 765 million against a target of Ksh 1.14 billion. This represents a shortfall of Ksh376 million as shown in (Table 12). It is evident that over the years, the own source revenue has been underperforming resulting in revenue shortfalls that calls for fiscal consolidation by both levels of government. For FY 2021/22 and FY 2022/23, own source revenues are projected at Ksh 1.391 billion and Ksh 1.461 billion respectively.

Table 12: Estimates of Ordinary Revenue vs. Actual Revenue (Kshs.)

| Revenue Stream | Actuals 2019/20 | Annual Targeted | Actual | Variance | Remarks |

4.4.2 County Allocations for FY2022/23

218.Based on Division of Revenue Bill (DoRB) and the Budget Policy Statement 2022, the proposed County Governments revenue projection is Ksh 370.0 billion for FY 2022/23, Ksh 10.6 billion has been allocated to County Government of Bungoma as equitable revenue share. The County's equitable share has remained the same due to the following prevailing circumstances:

- The budget for FY 2022/23 is formulated at a time of COVID-19 which has affected revenue mobilization and brought with it significant uncertainty in revenue performance. With this environment, it would be unrealistic to raise county equitable share taking into account the fact that unlike the National Government's allocations that are reviewed downwards when projected revenues are not realized, allocations and transfers to County Governments as equitable share are guaranteed under Article 219 of the Constitution;
- The Government is implementing a fiscal consolidation plan, which is expected to be shared by the two levels of government, so as to lower the fiscal deficit and slow down debt accumulation. To reflect this fiscal tightening, the County Government recurrent ceiling has been maintained at 70 percent in FY 2021/22 and FY 2022/23, increasing from 66 percent in FY 2020/21 and;
- Own source revenue for FY 2021/22 is projected at Ksh. 1.391 billion, equivalent to a
 growth of Ksh 300 million (or 27.5 percent) against FY 2021/22 target. This growth is
 derived from anticipated improvement in revenues raised locally in FY 2022/23 when the
 effects of Covid-19 pandemic are expected to ease. The increase as determined in the FY

2022/23 fiscal framework, will facilitate Post Covid-19 economic recovery as well as ensure sustained service delivery by the devolved government.

- 219.In addition to the proposed equitable share of revenue, County Government will receive the following additional conditional allocations:
 - From the National Governments' equitable revenue share, conditional allocations amounting to Kshs. 153 million for leasing of medical equipment
 - Ksh 856.3 million from proceeds of external loans and grants.

Table 13: County Governments' Revenue Share (Kshs)

| Type of Revenue | 21/22 (Base year) | 22/23 | 23/24 | 24/25 |
|--|-------------------|----------------|----------------|----------------|
| (a) Equitable share | 10,659,435,192 | 10,659,435,192 | 11,192,406,952 | 11,752,027,299 |
| (b) Own source revenue: As per Finance Act | 500,000,000 | 700,000,000 | 735,000,000 | 771,750,000 |
| (c) Own source revenue: AIA | 591,524,891 | 691,524,891 | 726,101,136 | 762,406,192 |
| (d) Conditional grants – National Government | 153,297,872 | 0 | 0 | 0 |
| (e) Conditional grants – Development partners | 856,320,296 | 856,320,296 | 856,320,296 | 856,320,296 |
| Total | 12,760,578,251 | 12,907,280,379 | 13,509,828,383 | 14,142,503,788 |

4.5 Horizontal Allocation of Revenue among the County Governments FY 2022/23

- 220. Horizontal allocation of revenue among the County Governments for FY 2022/23 is based on the Third Basis, which was considered and approved by Parliament in September, 2020. The third basis takes into account the following parameters: Population (18 percent); Health Index (17 percent); Agriculture Index (10 percent); Urban Index (5 percent); Poverty Index (14 percent); Land Area Index (8 percent); Roads Index (8 percent); and Basic Share Index (20 percent).
- 221. The Third Basis for revenue sharing has a baseline allocation to each county equivalent to 50 percent of a county's actual allocation for FY 2019/20. Based on an allocation of Ksh 370.0 billion for FY 2022/23, Ksh 158.3 billion is therefore shared based on the FY 2019/20 county allocation index and the balance of Ksh 211.8 billion shared using the approved Third Basis. The County Government of Bungoma equitable share for FY 2022/23 are as shown in Table 14.

Table 14: County Government of Bungoma Revenue Allocation

4.5 Allocation of Revenue among County Departments

222. To ensure efficiency, accountability and impact of programs and services funded through grants, all grants shall be coordinated by the line department which shall oversee development of frameworks and conditions to be met by the sectors to receive grants including financial and non-financial reporting. The Accounting Officer has sole authority for the approval of funds and must review/approve financial reports prior to submission to the County Treasury.

4.6 Fiscal Transfers

223. Article 202 (2) of the Constitution provides that County Governments may be given additional allocations from the National Government's share of revenue, either conditionally or unconditionally. Management of intergovernmental fiscal transfers is provided in the PFMA 2012, its Regulations and National Treasury Circular No. 8 of 2017 on "Guidelines for the Management of Intergovernmental Fiscal Transfers in Kenya".

4.6.1 Conditional Grants

- 224.In FY 2022/23, the National Treasury proposes to allocate Kshs 37.0 billion as additional allocations to County Governments. This comprises additional conditional allocations from the National Government share of revenue in line with Article 202 (2) and conditional allocation from proceeds of external loans and grants. The additional conditional allocations are meant to support specific national policy objectives to be implemented by County Governments.
- 225. The conditional grants were previously allocated through Division of Revenue Act and administered pursuant to provisions of Regulation 129-135 of the Public Finance Management (National Government) Regulations, 2015 and the Treasury Circular No. 8 of 2017. 246. However, the High Court Ruling on Petition No. 252 of 2016 in December, 2020 directed that

the conditional or non-conditional allocations are not items to be provided for in the DoRA and consequently the Senate approved the Division of Revenue Bill (DoRB), 2021 without the conditional grants for FY 2021/22. Subsequently, the DoRB, 2022 shall not contain the proposed additional conditional allocations to counties.

226. The Court also directed the development of an alternative mechanism for disbursement of conditional grants to counties. In this regard, the Senate developed the County Governments Grants Bill, 2021 which has been passed by the Senate and is currently before the National Assembly for their consideration. The Bill is expected to provide mechanisms for disbursing, accounting and oversight for the additional conditional allocations to counties going forward. 248. The proposed additional conditional allocations shall be disbursed to counties based on the objectives, criteria for selecting beneficiary counties and distribution mechanisms determined in the Project Appraisal Documents and respective financing agreements between the National Treasury and development partners

4.6.2 Funding of County Level Emergencies

- 227.Section 110 of the PFM Act, 2012 empowers the County Executive Committee Member Finance, with the approval of the county assembly, to establish an emergency fund for the county government which shall consist of money from time to time appropriated by the county assembly to the Fund by an appropriation law. The purpose of the Emergency Fund is to enable payments to be made in respect of a county when an urgent and unforeseen need for expenditure for which there is no specific legislative authority arises.
- 228. The County Executive Committee member for finance may make payments from the county government's Emergency Fund only if he or she is satisfied that there is an urgent and unforeseen need for expenditure for which there is no legislative authority and shall be in accordance with operational guidelines made under regulations approved by Parliament and the law relating to disaster management.
- 229. During the year 2021, a number of emergencies occurred which included the Covid-19 pandemic and the locusts' invasion which necessitated the need for a framework to improve on the management and funding of County level emergencies. In this regard, the County prepared the County Government Emergency Fund Act and Regulations and forwarded to the County Assembly for approval.

4.7 Emerging Issues and Policy Interventions

4.7.1 Analysis of County Governments Fiscal Documents

230. In a bid to build more capacity to the County Governments, the National Treasury is analyzing fiscal documents from the County Governments to identify their training needs. This analysis entails assessing the quality of the fiscal documents, their compliance with the requirements in the PFM Act 2012, their correctness, relevance and alignment to the national policies.

4.7.2 County Governments OSR Potential

231. In order to establish each county's own source revenue potential and Tax gap, the Commission on Revenue Allocation in collaboration with the National Treasury and Planning,

County Governments, and other stakeholders with the support of the World Bank commissioned a comprehensive study. The team has already received and reviewed the draft report. Upon validation, a final report will be produced. Bungoma's OSR grew from around KES504m in FY14/15 to KES650m in FY18/19, and further to KES 777m in FY19/20 despite the Covid-19 pandemic. Positively, the realization of OSR in relation to budget has consistently outperformed the national average, with the county exceeding its targets in FY18/19 by 4.7%. In FY 2020/21 own source revenue collection was Kshs 758M representing a reduction of Kshs. 19m.

- 232. To increase OSR, the County is looking to improve its legal and policy framework, which will expand the scope of products which will incur cess taxes and garner more fees through service delivery. In addition, the automation of the revenue collection process should support greater collections of outstanding land arrears and property rents.
- 233. This will guide future decision making by the county governments on where to put more emphasize in a bid to enhance their own source revenue and reduce reliance on the equitable share.

4.7.3 Integrated County Governments Revenue Management System

- 234.Bungoma County is one of the few counties that automated revenue collection in 2016. The county uses the Bungoma Automation Revenue Management System (BARMS). Following the Presidential Directive issued on 7th February 2019 on the implementation of a Single Integrated County Revenue Management System (ICRMS) to be used across all the 47 County Governments, the National Treasury and Planning constituted a multi-agency task force to expedite this matter. A Technical Committee was then formed and mandated to review the existing revenue systems and come up with feasible recommendations towards achieving an ICRMS for approval by the Steering Committee.
 - Bungoma BARMS;
 - Kwale Pay; and,
 - County Revenue Management System by KRA.

235. The technical team observed that:

- Both Kwale Pay and Bungoma BARMS are technically viable systems for adoption for revenue management across the counties.
- Both Kwale pay and Bungoma BARMS systems are owned by the respective County Governments.
- KRA System was still in the early stages of development.
- 236. The key finding on this report is that there are two County revenue systems that meet a significant number of required system features and the Technical Committee is exploring the possibility of enhancing one of the two County revenue systems to be rolled out to all the 47 County Governments. The Bungoma Automation Revenue Management System (BARMS) is one of the systems being considered for roll out to the rest of the 46 counties. The matter will be concluded in the medium term and the necessary action taken.

4.7.4 Capacity Building of the Urban Areas and Cities' Boards and Secretariat

237. Section 12 of the Urban Areas and Cities Act provides that the management of a city and municipality shall be vested in the county government and administered on its behalf by a board. Bungoma county has two municipalities; Bungoma and Kimilili. The County Government has established boards to manage the municipalities within their jurisdiction. The national government endeavours to develop their capacity for efficient, effective and transparent financial management in a bid to ensure that these boards and secretariat are managed in accordance with the law. Moreover, intergovernmental fiscal technical support will enhance sustainable operations as per the urban and cities act, revenue generation and financial recovery plans for municipalities in financial distress.

4.75 Urban Development strategy

- 238. The County constituted urban/town management committees/boards for proactive response to urban development issues. The functions of municipal boards as stipulated by the Urban and Cities Act 2011 are to:
 - Oversee the affairs of the municipality.
 - Develop and adopt policies. Plans, strategies and programs and may set targets for delivery of service
 - Formulate and implement an integrated development plan
 - Control land use, land sub-division, land development and zoning by public and private sectors.

4.7.6 Delineation of Disaster Management Function

239.Guided by the National Disaster Risk Management Policy, the Inter-Governmental Relations Technical Committee (IGRTC) through a Legal Notice No. 86 of 2nd March 2021, delineated the disaster management function between the National Government and County Government. The Legal Notice provides that disaster occurrence and effects are sector specific and that the responsibility for managing sector related disaster is guided by the functional assignment of both levels of government as specified in the Fourth Schedule to the Constitution 2010.

4.7.7 Implementation of the Transfer of the Library Function

240. The Inter-Governmental Relations Technical Committee in consultation with sector stakeholders finalized the modalities to transfer the library function to the county governments. Legal Notice No. 142 of August 2019 delineated the functions and distributions of libraries. Consequently, through this Legal Notice, fifty-nine (59) libraries and their attendant resources were to be transferred to the respective thirty-three (33) County Governments with effect from 1st July 2020. Bungoma county is set to receive two libraries; Bungoma and Kimilili. However, this has not been materialized since the attendant resources were not provided for by the sector as a transfer to the 33 county governments in the financial year 2020/21. In this regard, the National Treasury calls upon the Ministry of Culture and Heritage in collaboration with the Sector to prioritize setting aside the attendant resources for the transferred function to be channeled to the County Governments as a conditional grant for the management of the devolved library function in line with the Legal Notice.

4.7.8 Hosting of the 9th Edition of Africities Conference in 2022

241. The 9th edition of the Africities which was to be held in April 2022 will now be held from 17th to 23rd May 2022 in Kisumu City. This is a Pan-African event that is held every three years in one of the five regions of Africa. As per the rotational calendar, it is the opportunity for East Africa to host the 9th Edition of Africities. By hosting the 9th Edition of the Africities, Kenya will get an opportunity to share its experience in implementation of devolution thereby contribute to knowledge sharing among the African countries as well as learn from them. In addition, Kenya will develop a network of academia and practitioners in devolution that will be valuable in improving its devolved system of government. Finally, the conference will provide a good platform for the County Governments to learn from the rest of Africa on establishment of regional blocks which a number of Counties have been proposing to establish.

ANNEXES

Annex 1: Adherence to Fiscal Responsibility Principles

1. In line with the Constitution, the Public Finance Management (PFM) Act, 2012, the PFM County Government Regulations, 2015 and in keeping with prudent and transparent management of public resources, the Government has adhered to the fiscal responsibility principles as set out in the statute as follows:

a) A minimum of 30 percent of the County government's budget allocated to the development expenditure over the medium term.

Consistent with the requirements of the law, the Bungoma County Government's allocation to development expenditures has been above the 30 percent of its Ministerial expenditures. In the FY 2020/21, development expenditure as a total expenditure was at 33.0 percent meeting the set threshold. In the fiscal outlays presented in this County Fiscal Strategy Paper, the County Government continues to observe this requirement. The allocation to development expenditures is projected at 30.0 percent in the FY 2022/23 and remain above the recommended threshold over the medium term as shown in Table 15.

Table 15: Performance of Fiscal Responsibility indicators

Source: county treasury

b) The County Government's expenditure on wages and benefits for its employees not to exceed 35 percent of the county government equitable share of the revenue.

The law requires that the expenditure on the compensation of employees (including benefits and allowances) shall not exceed 35 percent of the county's total revenues as prescribed by the CECM for finance in regulations and approved by the county assembly pursuant to PFMA 2012 section 107 (2)(c).

Positively, staff costs to total expenditure improved from 48.6% FY17/18 to 40.9% in FY19/20, comparing favorably to the 45% average for all counties. Nevertheless, it remains above the minimum recommended 35% in the Public Finance Management (PFM) (Amendment) Regulations, 2015. In FY 2020/21 the share of wages and benefits to revenues was 34.3 percent, and is projected to increase to 44 percent in FY 2021/22 and FY 2022/23. This increase in wages and staff benefits is due to the recent recruitment of the village administrators, staff promotions, inclusion of all permanent staff in the pension scheme and budgeting for the accrued staff pension.

To manage costs downwards, the County is freezing nonessential employment and automating revenue collection, with a relative reduction anticipated to materialise from general growth in OSR. The high staff costs base has impeded development activity. (Figure 10).

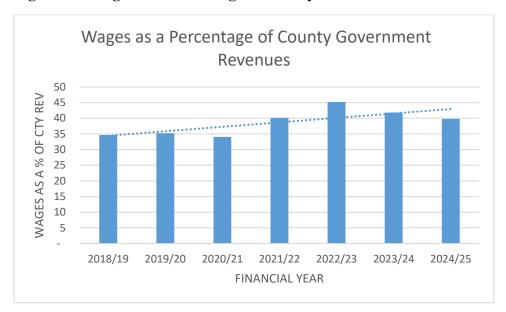

Figure 10: Wages as a Percentage of County Government Revenues

Source: County Treasury

c) Over the medium term, the Government's borrowings shall be used only for the purpose of financing development expenditure and not for recurrent expenditure.

The Government is committed and continues to adhere to the principle as per the PFM Act section 107(2)(d) which requires that national government's borrowed resources be used only for purposes of financing development and not for recurrent expenditure.

In preparation for borrowing and to build the county capacity, Bungoma County has been participating in the shadow credit rating exercise organized by the World Bank alongside other counties such as Kisumu, Makueni and Laikipia from the FY 2018/19.

In July 2021 - GCR Ratings ("GCR") downgraded the County Government of Bungoma national scale long-term issuer rating of BBB(KE) to BBB-(KE), with the Outlook maintained as Stable. At the same time, GCR affirmed the national scale short term issuer rating of A3(KE)

The ratings on Bungoma County balance absence of leverage, strong liquidity, and increasing own sources of revenue (OSR) against the small and undiversified status of the Gross County Product (GCP), moderately weak operating performance and qualified opinions from the Auditor General. The rating was been downgraded to reflect the more constrained Kenyan fiscal position, given the County's high reliance on Exchequer releases and grant income

d) public debt and obligations shall be maintained at a sustainable level as approved by County Assembly and The PFM Act also requires that public debt and obligations remain at sustainable levels.

The county Government of Bungoma prepares the MTDMS paper as per the requirement of Public Finance Management (PFM) Act, 2012 which sets out the debt management strategy of the County Government over the medium term with respect to actual and potential liabilities. Regular preparation and publication of the MTDMS promotes transparency in the conduct of budget financing and public financial management.

The 2022/23-2024/25MTDS is the 4th paper prepared by the County and the last under the current CIDP 2018-2022 development frame. The policy is meant to act as a guideline for debt management practices of the County Government including the issuance process, management of the debt portfolio, and adherence to various laws and Regulations governing debt contracting and management.

With this policy, there will be improvement in the quality of decisions, better articulation of policy goals, clearer guidelines for the structure of debt issuance, and a demonstration of commitment to long-term capital and financial planning.

Bungoma County Government has so far not taken any loans; however, the County has experienced debts arising from payment arrears to suppliers of goods and services, i.e., pending bills.

To ensure that the County's debt remains within sustainable levels, the County Treasury intends to fund annual budget deficits from sources characterized by lower costs and minimal risks. So far, measures geared towards reduction of county debt through pending bills by departments have been effective in view of the current level of pending bills.

a) Fiscal risks shall be managed prudently

Kenya's risk remains high in the context of the ongoing global COVID-19 shock. However, the impact of the pandemic on the economy is expected to ease with the global and domestic vaccinations efforts. In addition, the County Government will continue with the fiscal consolidation programme, expenditure rationalization and prioritization to ensure that expenditures are on the most impactful programmes that yield the highest welfare benefits to the citizens. The expenditure rationalization is to ensure sustainable fiscal position in the FY 2021/22 and the medium term, and reaffirm the County Government's commitment to its fiscal consolidation plan and to prudent fiscal management in general.

To manage fiscal risks prudently as required, the Government has improved its macroeconomic forecasts and regularly reviews the impact of macroeconomic projections and their implications on the budget. Potential fiscal risks arising from contingent liabilities, including from development projects among others are taken into account and a contingency provision made to cushion the economy from unforeseeable shocks.

b) A reasonable degree of predictability with respect to the level of tax rates and tax bases shall be maintained, taking into account any tax reforms that may be made in the future

On the principle of maintaining a reasonable degree of predictability with respect to the level of tax rates and tax bases, the Government is in the process of developing National Tax Policy to ensure certainty in taxation.

Further, the Government continues to carry out tax reforms through modernizing and simplifying tax laws in order to lock in predictability and enhance compliance within the tax

system. The Government is in the process of developing a Medium-Term Revenue Strategy (MTRS) that outlines the tax policy measures and strategies for sustainably raising revenues over the medium term that will ensure certainty continues to maintain tax rates at stable levels through various policy documents.

The department of Finance and Economic planning is pursing the responsible departments to

fast track the long pending revenue support legislation.

Annex 2: Statement of Specific Fiscal Risks Introduction

- 1. Kenya's economic growth has remained strong and resilient amidst emerging global challenges, unfavourable weather conditions and elevated public expenditure pressures coupled by revenue underperformance. However, the economy is prone to both domestic and external shocks. For prudent management of risks, the PFM Act, 2012 requires the preparation of a "Statement of Fiscal Risks.
- 2. This section provides an assessment of fiscal risks that the county economy is exposed to that may affect the achievement of the macroeconomic targets and objectives detailed in this CFSP. The fiscal risks arise from assumptions that underlie fiscal projections, the dynamics of public debt, and operations of departments, contingent liabilities, financial sector vulnerabilities and natural risks. Emergence of these risks could make it difficult for the Government to actualize and sustain macroeconomic policies detailed in this CFSP. Thus, this section also details the measures that the Government is implementing to mitigate such risks.

COUNTY RISK AND MITIGATION FRAMEWORK

|-----|------------------------------|---|---|
| 7. | Accountability and Reporting | This arises from incompetent personnel, poor supervision and weak internal audit oversight. | |
| | PACITY RISKS | | |
| 8. | Technical Risks. | | |
| 9. | Budget Absorption Risks | Low absorption of budgets may delay delivery envisaged socio economic transformation | · · |
| 10. | Legal Framework Risk | | |
| 11. | Management Risks | The design of programmes in the FY 2020/21 Budget envisages inter- departmental synergies for | Working Groups to ensure departments synergize in programs design and |
| EXC | OGENOUS RISKS | | |
| 12. | Natural calamities | natural calamities like floods and famine which may befall the county and force the county to | , |

| NO | RISK | IMPACT | MITIGATION |
|-----|-----------------|-------------------------------------|---|
| | | implementation of the | |
| | | programmes in the Budget. | |
| 13. | Court cases. | Litigations and court injunctions | Strict adherence to the provisions of the law |
| | | can also derail timely execution of | and existing legal frameworks |
| | | the Budget. | |
| | | These litigations can arise from | |
| | | county's processes especially | |
| | | procurement where perceived | |
| | | unfair competition may land the | |
| | | county in a court of law. Orders to | |
| | | repeat the whole procurement | |
| | | process will expose the county to | |
| | | disadvantages of time value of | |
| | | money, increase operation costs | |
| | | and lose valuable time in | |
| | | delivering the Budget. | |
| 14. | Political risks | • | Continuous engagement on with the |
| | | envisaged agenda for socio | • |
| | | economic transformation, the | |
| | | Government requires policies and | |
| | | procedures that has to be | |
| | | approved by the County | |
| | | Assembly. At times there are | |
| | | delays in approval of these bills | |
| | | which may hamper | |

Annex 3: Summary of Expenditure by Programmes 3.1 Recurrent
