# COUNTY GOVERNMENT OF WEST POKOT 

## COUNTY TREASURY

INDICATIVE PROGRAMME BASED BUDGET

SUPPLEMENTARY II BUDGET 2014/2015

PRESENTED ON
MAY $21^{\text {ST }} 2015$

## FOREWARD

Pursuant to Section 135 of the PFM Act 2012 the County Government of West Pokot has prepared a Programme Based Supplementary II Budget for the fiscal year 2014/15. This Supplementary II Budget was approved by the West Pokot County Assembly on May 2015 to amend the Supplementary I Budget which was approved and appropriated on $23^{\text {rd }}$ October 2014. The main objectives of this Supplementary II Budget are:-

- Indicate and Allocate Saved funds from FY 2012/2013
- Amend Equitable Share, Pending Bills and Balance B/D amounts as indicated in FY 2014/2015 Supplementary I Budget Estimates.
- Reallocate funds from Operations and Maintenance line items to Basic Salary to cover wage bill shortfall and consolidate the balances of Basic Salary to Sub Vote 05 -CPSM.
- Reallocate Development funds from Ministries (Votes) with slow project implementation and low absorption rates to Ministries (Votes) with funding deficits and emerging needs.
- Reallocate balance of Mortgage and Car Loan Fund to Sub Vote 6 under Vote Office of the Governor for Decentralized Units.
- Include additional expenses that were not budgeted such as Peace keeping Mission and Gratuity dues from FY 2013/2014.

This Supplementary II Budget is in compliance with ceilings provided by Commission on Revenue Allocation and encompasses all revenue and proposed expenditure for FY 2014/15. The information contained in this publication can be used as a tool to gauge West Pokot County's fiscal performance and ensure that the County exercises prudency in financial management while delivering its mandate to its citizenry.

I would like to acknowledge the tremendous work done by the County Treasury, County Assembly and my fellow executive members in compiling this publication. I appeal to the readers and other stakeholders to take active interest in our budget formulation and implementation for improvement of service delivery to the people.

## LEGAL FRAMEWORK

The Supplementary II Budget was prepared pursuant to Section 135(1)(2) of the Public Finance Management Act 2012 which provides that:-
(1) A County government may spend money that has not been appropriated if the amount appropriated for any purpose under the County Appropriation Act is insufficient or a need has arisen for expenditure for a purpose for which no amount has been appropriated by the Act, or money has been withdrawn from the County Government Emergency Fund.
(2) A County government shall submit a Supplementary Budget in support of the additional expenditure for authority for spending under subsection(1)

The section further provides that:-
(6) When the County Assembly has approved spending under the subsection (2) above, a Supplementary Appropriation Bill shall be introduced for the appropriation of the money spent.

In summary, this Supplementary II Budget amends the Supplementary I Budget Estimates and Appropriation Act approved on October $23^{\text {rd }} 2014$. This Supplementary II budget has been prepared and presented on programme basis in accordance with the PFM Act 2012 and the targets and outputs should be a valuable guide to promote fiscal discipline.

### 1.0 INTRODUCTION

### 6.0 Risk to Fiscal Plan

The main risks to the county government's fiscal plan include:-

- Unreliable local revenue collection;
- Untimely disbursements from National Treasury;
- Unknown amount of County Debt inherited from former Local Authority;
- Natural disasters.

To mitigate these risks the County Treasury has:-
a) Projected modest local revenue estimates;
b) Planned to automate revenue collection in FY 2014/2015;
c) Ensured that 2014/2015 Cash Flow projections are accurate to avoid cash short falls if disbursements are delayed;
d) Employed a legal team which has engaged the Transition Authority to ascertain actual debt (if any) that was acquired by the defunct Local Authorities;
e) Audited its workforce to ensure that there are no ghost workers;
f) Instituted structures to rapidly and effectively respond to natural disasters thereby minimizing the effect on the local economy.

## Notes

1. In FY 2014/2015 Vote of Office of D/Governor was merged with Office of Governor.
2. In FY 2014/2015 Urban Development was moved from Vote of D/Governor to Vote of Lands, Housing and Physical Planning
3. In FY 2014/2015 Veterinary Services was moved from Vote of Health \& Sanitation to Vote of Livestock and Fisheries.
4. In FY 2013/2014 Youth Polytechnic was funded under Vote of Tourism, Youth, Sports\& Culture but moved to Vote of Education and ICT in FY 2014/2015.
5. In F FY 2013/2014 Sub-Vote Cooperative Dev. was under Vote of Livestock and Fisheries but was moved to Vote of Trade, Industry \& Cooperative Development.

## Reasons for significant fund allocation differences

1. Vote of Roads, Public Works and Transport was reduced because in FY 2013/2014 this vote had absorption capacity limitations. During Supplemetary I the Vote was given additional funds to cater for pending bills from FY 2013/2014. Is Supplementary II the Vote has been allocated an additional Kshs. 21M to fund the Force account for Road construction.
2. Vote of Health increased to accommodate the increased Wage bill. In FY 2013/2014 Health staff was not fully devolved, however now all contract and ESP workers have been absorbed by the county. Secondly in FY2013/2014 Health did not budget for drugs based on the assumption that it would be provided by the National government. However FY2014/2015 drugs and supplies are included in the recurrent budget. In Supplementary I the Vote was given additional funds to operationalize KMTC as well as payment for pending bills from FY 2013/2014. In Supplementary II the Vote has been give money to purchase an X-Ray machine for Kapenguria District Hospital which is an emergency.
3. Vote Education increased significantly to cater for the newly launched ECD program ( 850 new teachers employed) and the Bursary Fund (100M). In Supplementary II the Vote has ben given additional funds to cater for Infrastructure development which is a crisis in the county.
4. Vote Agriculture and Irrigation recurrent allocation decreased to allow enough funds to be budgeted to Development projects in this sector.
5. Vote Livestock increased due to the inclusion of Veterinary Services. In addition there was allocation for hiring new field staff. Feedback from Public participation for this department indicated that there is tremendous need for field staff to augment activities and assist the huge pastoral communities in the county.
6. Vote of Water, Environment and Natural Resources recurrent allocation was decreased to provide adequate funds for the Development projects that are very necessary throughout the county. In addition, in FY 2013/2014 this department was required to pay huge electricity bills inherited from the local authority for the Water and Sewerage Company which operates water services for Makutano and Kapenguria towns.

## Highlighted Projects per Vote

1. Vote of Office of the Governor: FY 2013/2014 funds were used to construct Sub-County offices. FY $2014 / 2015$ funds will be used to complete these Sub-county offices, construct 15 new Ward offices, renovation of existing residence in the governors quarters and begin construction on the Governor's residence.

Vote Office of D/Governor: FY 2013/2014 funds were used for Urban Development - Construction of Makutano Parking Lot and Installation of Street Lights.
2. Vote Finance and Economic Planning: FY 2013/2014 funds were used to begin construction of Treasury House. FY 2014/2015 funds will be used to complete construction of Treasury House and construction of Sub-county planning office in Kabichbich. There are also funds allocated for Revenue automation system and construction of public toilets in Makutano.
3. Vote Roads, Public Works and Transport: funds will be focused on completing Road projects started in FY 2013/2014 and construction of 7 footbridges. The department has successfully opened 1292.60 Kilometers of roads since FY2013. It is important to note that allocation for Roads was decreased significantly from FY201/2014 to FY 2014/2015 because of absorption issues in FY2013/2014; In addition the county purchased 1 Grader and 2 Dozers which reduced cost of hiring equipment for construction.
4. Vote of Health \& Sanitation: In FY 2013/2014 the major projects were construction of KMTC, purchase of 6 Ambulances, 1 tractor and 20 solid waste removal containers, construction of Staff houses (1 per Ward), renovation of Health Centers in all Wards, For FY 2014/2015 highlighted projects include construction of Administration block, Hospital perimeter fence, blood bank, drug store, Casualty ICU, renovation of Mortuary and major renovation of Kapenguria Hospital.
5. Vote Education and ICT: was the major focus for FY 2014/2015. The county has prioritized construction of 2 ECD schools per Ward and Bursary/Infrastructure fund of Kshs. 100Million. Funds have also been allocated for purchase of ERP software to integrate all the departments. The Ministry has also constructed ECD College in FY2013 and will construct an Administration block and hostels for the ECD College in FY2014. In Supplementary I the Ministry received funds for construction of dormitories at Chesta TTC and renovations of Chepareria, Ortum and Kodich Youth Polytechnics. These polytechnics were also equipped with state of the art IT equipment. In Supplementary II the Ministry will receive funds for much needed infrastructure development for schools throughout the county.
6. Vote Agriculture and Irrigation: highlighted projects include 4major irrigation projects, purchase of 5 tractors, trailers and ploughs, purchase of certified seedlings for horticultural crop improvement throughout the county, purchase of 100 generators for farmers and construction of Agricultural Training Center.
7. Vote Livestock, Fisheries and Veterinary Services: highlighted projects are the completion of Nasukuta, purchase of land for construction of Sale Yard in Chepareria, purchase of special animal breeds, construction and renovation of cattle dips and cattle crushes. The Ministry also successfully conduced County wide vaccination of animals.
8. Vote Trade, Industry and Cooperative Development: In FY213/2014 the Ministry purchased 5 Milk coolers, constructed 4 coffee factories, constructed fresh produce markets and renovated Makutano market. In FY2014/2015 it has constructed new markets in Ortum, Kabichbich and Kacheliba. It has also established the Biashara Mashinani Credit fund to promote local traders.
9. Vote Lands, Physical Planning, and Housing and Urban Development: priority projects for 2014/2015 include Spatial Planning, completion of Ardhi House and completion of Makutano town parking. The Ministry has also opened up new roads within Makutano town and established a land registry which has improved services to citizens who used to go to Kitale or Eldoret to process land transactions.
10. Vote Environment, Water and Natural Resources: priority projects include purchase of a drilling rig, upgrade of boreholes to solar power, investment in gravity water supply projects, construction of sand dams and extensive drilling of boreholes throughout the county. The Ministry has also rehabilitated of 100ha of land.
11. Vote Tourism, Sports and Culture: priority projects are improving our tourist attraction facilities, construction of Youth Empowerment centers at Chepareria and Makutano, establishment of Wildlife Conservancy office at Masol, construction of Cultural centers in Kopulio and Sintagh and construction of High Altitude training center in Lelan. In Supplementary I the Ministry was allocated funds to purchase land for new stadium and to renovate existing stadium.
12. Vote County Assembly; priority projects have been renovation of the County Assembly chambers, construction of restaurant and construction of new County Assembly building.

It is important to note that in FY 2013/2014 Kshs.437, 777,043 in Donor Funds was budgeted under Development but none of these funds were disbursed. Therefore, Health, Water and Cooperative Development received less development funds than actually budgeted resulting in many projects to be forwarded to FY2014/2015.

## VOTE 4161: OFFICE OF THE GOVERNOR

## PART A: Vision

A just, equitable and secure West Pokot County with a high quality of life

## PART B: Mission

To exploit the county's potential by embracing participatory development and stimulating sustainable socioeconomic development with high standard of living.

## PART C: Performance Overview and Conext for Budget Intervention

The core mandate of the Office of the Governor is to implement the county legislation, manage and coordinate the functions of the county administration and its departments from Headquarters,. Sub-county and Ward levels. During the FY 2013/14 Budget the Office of the Governor was allocated Kshs. 280.685,10 of which Ksh.260,685,106.10, was for recurrent and Ksh.20Million for the development budget.

The Office of the Deputy Governor, which was a separate vote in FY 2013/2014 received KShs. 162,965,401.20 of which Kshs. 113,909,671.20 was recurrent and Kshs. 49,055,730 was development.

The major achievements of the Vote of Office of Governor and Deputy Governor in FY 2013/2014 were Construction of 4 Sub-county offices which will be completed in FY 2014/2015, Construction of Makutano town parking which will be completed in FY 2014/2015, Installation of street lights in Makutano, Ortum, Chepareria, Kacheliba and Sigor, Major renovations of County Planning Unit offices that are now occupied by the County Public Service Board

The main challenges experienced in FY2013/2014 were:- Inadequate human resource capacity to be able to carry out its mandate effectively and efficiently; Under estimated cost of programmes resulting in funds shortage which necessitated reallocation; Undefined division of roles and functions between National government and the county government; Untimely disbursement of funds from National Treasury which resulted in major delays of capital projects; Lengthy procurement process.

The major services/output for the FY 2014/15 are:- To ensure all the county legislations are implemented as required; To institute governing structures and systems at the decentralized levels by operationalizing Sub-County and Ward offices. To ensure best practices are followed to effect highest quality delivery of services to the people of West Pokot County.

Development funds for FY 2014/2015 will be utilized for:-Completion of Sub-county offices; Construction of 15 Ward offices; Construction of the Governor's residence; Purchase of an Enterprise Resource Planning System to integrate all departments within the County.

## VOTE 4162: FINANCE AND ECONOMIC PLANNING

## PART A: Vision

An institution of excellence in the prudent financial management of resources and improve the economy in order to maximize the welfare of all residents of West Pokot County.

## PRT B: Mission

To pursue prudent economic and fiscal policies of the county and effectively coordinate county financial operations.

## PART C: Performance Overview and Context for Budget Intervention

The mandate of the department includes mobilization of revenue, effective and efficient management of public resources and creating conducive environment for the private sector investment. During the FY 2013/14 Budget the department was allocated Kshs.123.6 Million of which Ksh.101 Million was for recurrent expenditure and Kshs.22.6Milion for the development budget. The development funds for FY2013/2014 were allocated for Construction of West Pokot County Treasury House, This project is estimated to cost 72.5 Million Kshs and will be completed in FY 2014/2015.

The department faced the following challenges in implementing the FY 2013/14 budget; Inadequate human resource capacity to execute its functions effectively; Operational delays due to transition from the Local Authority to County especially in the Revenue department; Long procurement process causing delays in funding projects; Irregular disbursements from National Treasury causing cash flow problems.

The allocation for department in FY 2014/15 will enhance the mobilization of revenue and to improve on the management of public finance to ensure optimal use of the available revenue. The departmental highlighted projects are:- Automation of revenue collection using Point of Sale (POS) systems; Completion of construction of Treasury House that will enable the department to increase its capacity to deliver more services to the county. Construction of a Sub County planning office is Kabichbich to serve the people of the south region of the county. ## VOTE 4163: ROADS, PUBLIC WORKS AND TRANSPORT

## PART A: Vision

To be a first class County in maintenance of roads and bridges, transport safety and construction of county buildings.

## PART B: Mission

To provide efficient and reliable infrastructure through construction, rehabilitation and effective management of all infrastructure facilities for sustainable socio- economic growth and development

## PART C: Performance Overview and Context for Budget Intervention

The mandate of this department is to provide efficient, affordable and reliable infrastructure for sustainable economic growth and development. We shall achieve this through construction, modernization, rehabilitation and effective management of all infrastructure facilities.

During the period 2013/14, the department was allocated a total of Kshs.648.2 Million. This represented $17.9 \%$ of the total budget for the County of whichKshs. 119 Million was for recurrent expenditures and Kshs. 529 Million was for development. The County's dedicated a lot of resources to this department in attempts to fulfill its mission of improving quality of life of its citizens by ensuring that the infrastructure is improved.

Highlights of FY 2013/2014:- Purchase of 1 Dozer and 4 tractors to facilitate faster and economical construction of county roads; Opening of new roads throughout the county; Purchase of lighting arresters to be installed in schools in high risk areas.

The Ministry faced the following challenges in implementing projects and programmes in FY 2013/14; Lack of capacity in public works department which caused delays in procurement; Long procurement process caused delays in awarding tenders for road construction; Contractors lack of capacity to execute projects in timely manner causing major delays; Limited sources of equipment causing delays in project completion.

The allocation in the 2014/2015 financial year will focus on:- Completion of on-going road construction projects; opening of new roads and maintenance of existing roads; Construction of 7 Footbridges; purchase of a backhoe machine; Education and Training of Boda Boda operators

## VOTE 4164 HEALTH AND SANITATION

## PART A: Vision

The ministry of health aims at achieving a free disease community through optimal utilization of available but scarce resources. It is being envisaged that effective and active resource mobilization to augment County Health revenue funds is the key in the vision fulfillment.

## PART B: Mission.

The County ministry of Health derives its mandate from the National Health policy which requires the ministry to provide a framework for structured uniform health systems within the county. The policy sets out the functions of the County Government as they relate to health services. The ministry contributes directly to achieve the government outcomes which call for a long healthy life of all Kenyans through accomplishing the vision and mission of the department. This therefore shall translate to a well-established progressive, responsive, affordable and sustainable technologically-driven, evidence-based, accessible, equitable and client-centered health system for accelerated attainment of highest standard of health to all West Pokot residents.

## PART C: Performance Overview and Context for Budget Intervention

The County Ministry of Health derives its mandate from the National Health policy which requires the ministry to provide a framework for structured uniform health systems within the county. The policy sets out the functions of the County Government as they relate to health services. The ministry contributes directly to achieve the government outcomes which call for a long healthy life of all Kenyans through accomplishing the vision and mission of the department. Over the MTEF period the focus of this Ministry is to provide curative and preventive health by strengthening access to health care facilities and improving the quality of care provided at these facilities.

To achieve these goals, the department was allocated Kshs.1.16 Billion in FY 2013/14 of which Kshs.536.7 Million was for recurrent expenditure and Kshs.621.8 Million was allocated for development. This allocation represented $32 \%$ of the total county's budget. The funds allocated were used mainly for; Construction of Classrooms, Skills Laboratory and Library for Medical Training College (MTC) which is a flagship project for West Pokot County; Construction of Staff Houses in all 20 Wards for medical personnel; Purchase of 6 Ambulances; Purchase of 4 motorcycles; Purchase of Medical Equipment worth Kshs. 116M. They include Solar fridges (30), Ultrasound machine(1), Hydraulic Waste Collection trailers(1), Waste collection containers (20), Other projects started in this financial year are Construction of operating theatre at Kacheliba Sub- County Hospital; renovations at Kapenguria District Hospital; Purchase of Drugs; Construction of Doctors Plaza in Kapenguria.

The Department faced the following challenges in implementing FY 2013/14 budget; Limited funds allocation; Poor costing of items in the budget resulting in underfunded activities; Undefined devolved functions like whether drugs will be provided by National or county; Huge Wage bill resulting from contract and ESP workers being devolved in the middle of the financial year which wasn't budgeted; Long procurement process resulting in delays
of delivery of Capital equipment like Ambulances; Donor funds that were budgeted applied to projects for FY2013/2014 were not released by Treasury resulting in huge deficits and pending bills which affected implementation of the FY2014/2015 budget.

The FY 2014/15 budget intervention will aim at proving access to quality health care to all the residents of West Pokot. Specifically the budget will fund basic health care, promotion of healthy behaviors and health life styles in order to reduce disease burden and premature death; prevention of illness and disability and enhancement of quality life. Resources allocated to Health will be utilized in the following areas; Completion of Phase II of KMTC College; Construction of Dispensaries and Maternity Wards; Completion of Staff Houses; Renovation of Kapenguria District Hospital; Construction of ICU/Casulaty wing at Kapenguria District Hospital; Purchase of high-tech medical machines like Dental Unit, Theatre operating table (2), Resuscitator (2), Ventilators(2), Incubators(6), Nebulizer (4), Operating lights (2);

## VOTE 4165: EDUCATION, INFORMATION, COMMUNICATION AND TECHNOLOGY

## PART A: Vision

To ensure access to quality pre-primary education to all, to promote culture and art, leverage technology and promotion of social services to vulnerable individuals in the county.

## PART B: Mission

To promote quality pre-education to all, promote use of technology in the county and improve social services to West Pokot residents.

## PART C: Performance Overview and Context for Budget Intervention

In FY 2013/14, the department was allocated a total of Kshs.145.7 Million representing 4\% of the total county's budget. Of this allocation, Kshs.125.4 Million was for recurrent expenditures and Kshs.20.3 Million was for development activities.

The major deliverables of this Ministry during FY 2013/2014 were; Construction of ECD College in Kapenguria. Phase I (Classrooms (4) \& Administration Block). This is a flagship project for West Pokot County that will enable our youth get tangible skills for gainful employment and ensure that the Ministrys' goal of promoting Early Childhood Education is attained and establishment of Kshs. 50M Bursary Fund.

In implementing the FY 2013/14, the department faced the following challenges;: Inadequate funding - No budgetary provision for key programmes like ECD schools and Bursary until the Supplementary budget resulting in slow implementation of programmes; delayed recruitment of ECD teachers due the confusion over the hiring mandate of ECD teachers between Teachers Service Commission (TSC) and County governments; Lack of human resource capacity to execute the ECD programme effectively

The FY 2014/15 budget of Kshs.282M will finance the Construction of Phase II of ECD College (Multi-purpose Hall and Hostels); leverage of technology in service delivery by purchasing and networking departments using Enterprise Resource Platform (ERP) system; Increased funding for Bursary Fund to Kshs. 100M; Construction of at least 2 ECD Schools per Ward; Roll-out of the ECD school feeding programme; Construction of dormitories at Chesta TTC, Completion of Chepareria \& Ortum Youth Polytechnics’, purchase of IT equipment for ICT Hub at Makutano Youth Empowerment Center, infrastructure development for dilapidated schools and construction of ECDE Administration Block at Kapenguria

## VOTE 4166: AGRICULTURE AND IRRIGATION

## PART A. Vision

To be the leading agent towards the achievement of food security for all, employment creation, income generation a nd poverty reduction in West Pokot County.

## PART B. Mission

To improve the livelihoods of the residents of West Pokot County by promotion of competitive Agriculture through creation of enabling environment, provision of support services and ensuring sustainable natural resource managem ent.

## PART C. Performance Overview and Context for Budget Intervention

Our country greatly relies on agriculture as the main contributor of Gross Domestic Product (GDP) and creation of e mployment. Agriculture is the lead department in food security initiatives. The strategy of the department is to create an enabling environment for farming and provide support services to the farmers.

During FY 2013/14 Budget the department was allocated Kshs.111Million of which Kshs.15.9 Million was for deve lopment. The major projects for that year were; Mrel, Kariamangole, Ngrokal and Mokuwo Irrigation Schemes.

The department received Kshs 219 Million in FY 2014/2015 of which Kshs. 141 Million was used to implement the following projects: purchase of Certified Crop Seeds (Beans, Sorghum, Finger Millet, Green grams and Ground Nut s), Construction of Agricultural Training Center, Purchase of Agricultural Machinery (5 Tractors, 5 Ploughs, 5 Trail ers \& 5 Harrows ), Purchase of 100 Water pump generators and accessories, Construction of Keringet Sunflower pro cessing plant, Purchase of Tissue Culture bananas and Seedlings for Mango, Avocado, Pyrethrum \& Temperate fruit s, Purchase of 64 Seater bus, West Pokot County Agricultural Trade show, Establishment of farm input subsidy prog ramme and Irrigation Schemes at Mrel, Mokuwo, Soybei and Orwa

The following challenges in implementing this budget:- Inadequate funding; Lack of capacity to execute projects especially livestock officers in remote regions; Lengthy procurement resulting in delayed funding for projects

## VOTE 4167: LIVESTOCK, FISHERIES AND VETERINARY SERVICES

## PART A. Vision

To be the leading county in livestock and fisheries productivity and protection of animal health that ensures food security and improved livelihoods in a sustainable environment.

## PART B. Mission

To promote Livestock Sector through value addition and enhanced production of livestock, sustainable development of fisheries, for accelerated socio-economic development and service delivery.

## PART C: Strategic Overview and Context for Budget Intervention

Livestock production is the major economic activity of West Pokot County. It contributes a lot in the enhancement of food security in the county and to other parts of Kenya. The strategy of the department is to create an enabling environment for livestock production and fisheries and provide support services to the medium and small scale farmers. The mandate of this department is to disseminate technologies and information through extension services in collaboration with other service providers and research institutions. Secondly, it is mandated to ensure control of diseases in livestock and fisheries through provision of veterinary services.

During FY 2013/14 Budget, the department was allocated Kshs.157.5 Million of which Kshs.129.2 Million was for development. The following projects were accomplished; Construction of Mifugo House (Office Building), Construction of Cattle Dips, Rehabilitation of Cattle Dips and Vaccination of Animals County wide

In FY 2014/2015 the departments received Kshs. 135Million of which Kshs. 102Million was applied to the following projects; Construction of 6 Cattle dips, Rehabilitation of 20 Cattle dips, Construction of 22 Metallic crushes, Construction of County and Sub-County Offices, Reseeding Programme, Strategic Livestock Feed Reserve Programme, Promotion of camel keeping, Purchase of special breeding stock for Sheep and Goats, Restocking of fish at Turkwel Dam, Supply of fish fingerlings to farmers and Construction of Tilapia Hatchery.

The department experienced the following challenges during budget implementation; Inadequate funding especially for metal crushes, Lack of capacity to execute projects especially livestock officers in remote regions; slow recruitment of veterinary officers which slowed the county-wide vaccination programme; Lengthy procurement resulting in delayed funding for projects; Lack of mobility (automobiles and motorcycles) during vaccination

## VOTE 4168: TRADE, INDUSTRY AND CO-OPERATIVE DEVELOPMENT

## PART A: Vision

To be the preferred commercial hub for a competitive and sustainable industrial and enterprise sector.

## PART B: Mission

To facilitate access to markets through development and promotion of commerce, creation of an enabling environment for a vibrant, globally competitive, sustainable and innovative commercial and industrial enterprises

## PART C: Performance Overview and Context for Budget Intervention

The department has a strategic role in promoting trade, industry and cooperatives. As an enabler to other sectors it has a high potential of employment creation and provides demand stimulus for growth of the agricultural sector and offers significant opportunities for export expansion.

To fulfill its mandate, the department was allocated Kshs. 59Million in FY 2013/2014 of which Kshs.34Million was applied to the following development projects: renovation of Makutano Market, fencing and construction of stalls at Sigor Market, fencing and construction of Toilets at Ortum market, renovation of Chepareria retail and fresh produce markets, fencing of Amakuriat fresh produce market and renovation of office block

Cooperative Development department which was under the Ministry of Livestock in FY 2013/2014 received an allocation of Kshs. 60Million which was utilized for the following projects: purchase of 5 Milk Coolers for Muruny FC Society, Tabach FC Society, Sina FC Society, Kipkomo FC society, Kaptabuk FC Society, renovate Tartar Coffee Factory, Construct Kaibos Coffee factory and Construction of Kodich Farmers' Cooperative Honey store.

The allocation to this Ministry increased substantially in FY 2014/2015 to Kshs. 146M out of which Ksh 117Million was utilized for Development of the following projects: construction of Ortum Retail Market, construction of Kabichbich Fresh Produce Market, construction of Kacheliba Fresh Produce Market, construction of Orolwo Fresh Produce Market, establishment of Biashara Mashinani Credit Scheme and purchasing of 2 milk Cooling Plants for Siyoi and Mnagei wards.

Constraints faced by this ministry include slow implementation due to prolonged procurement, community disagreement over proposed site for construction of Ortum market and delayed creation and passing of policies that govern operations. In addition, donor funds that were allocated to Cooperatives were not disbursed to the County which caused a deficit in project funding. Consequently funds allocated to this department in FY2014/15 were used to pay for projects deferred from FY2013/14.

### 10.0 VOTE 09: LANDS, PHYSICAL PLANNING AND URBAN DEVELOPMENT

### 10.1 Vision

To be a competitive organization in sustainable management of land and the built environment in Kenya.

### 10.2 Mission

To facilitate efficient land administration and management, access to adequate and affordable housing, social and physical infrastructure for the development of West Pokot County.

### 10.3 Context of Budget Intervention

The main goal of the department is to ensure there is sustainable management of the land resource and securing of land tenure, maintain high standard of county development by developing appropriate planning tools and systems and providing support and accurate information on the county land ownership.

To fulfill its mandate, the department was allocated Kshs.64.5 Millionin FY 2013/14 representing 1.7\% of the total county budget. Of this allocation, Kshs.39.3 Million was for recurrent expenditure and Kshs.25.2 Million for the development budget. In implementing this budget, the department faced the following challenges;-

- Inadequate funding in the budget to effectively execute projects;
- Lengthy procurement causing delays in projects.

The FY 2014/15 will fund the survey and mapping of county resources, adjudication of land rights in communal areas, county spatial planning, maintenance of county government houses and the development of urban areas.

### 11.0 VOTE 10: WATER DEVELOPMENT, ENVIRONMENT AND NATURAL RESOURCES

### 11.1 Vision:

To be a regional leader in the sustainable management and development of water and natural resources.

### 11.2 Mission:

To facilitate sustainable management and development of water and natural resources for county development.

### 11.3 Strategic overview and context for budget intervention

The main goal of the department is to ensure proper and efficient environment management and protection, natural resources conservation and management as well as water resource development. These are the objectives that the budget for 2014/15 fiscal year are geared to.

### 11.4 PROGRAMMES AND OVERVIEW FY 2013/2014

To achieve these goals, the department was allocated Kshs 152.36M in FY 2013/14 of which Kshs 133.085 was allocated for development. This allocation was 4.2 of the total county's budget. However, much of the development funds that is Kshs 96.89 M was a donor component that was not received. These affected the work plan for the department.

These funds were used mainly for :-

- Upgrading of boreholes to solar powered driven;
- Rehabilitation of boreholes;
- Extension and completion of water supplies of Kapenguria, Makutano, Tartar-Keringet line, Tapach, Toghomo, Chesogon and Tamkal;
- Construction of water intakes and spring protection;
- Construction of sand dams in Tendukuch, Kamol, Kalemngorok, Tikit, Kamila and Mele/Narulam and a shallow well in Kongelai;
- Survey for water supplies.
- Land reclamation in Nyangaita, Kalemngorok, Kongelai

The Department faced the following challenges in implementing FY 2013/14 budget:-

- Limited funds allocation
- Budgeting of donor funds which were never received

### 11.5Major services/outputs to be provided in MTEF 2014/2015-2016/2017

The FY 2014/15 budget intervention will aim at improving access to water points, improving existing infrastructure and survey of proposed water supplies.

### 12.0 VOTE 11: TOURISM, CULTURE, SPORTS, YOUTH ANDGENDER DEVELOPMENT

### 12.1 Vision

To be the leader in the region in nurturing empowered and responsible youth and sports persons, and to be the leading tourism destination in Kenya and a leader in the promotion of gender development and culture.

### 12.2 Mission

To maximize the full potential of the youth through participatory engagements that serves their needs and aspirations in building a better Kenya, increase the contribution of tourism in the development of the county as well as promote gender empowerment and culture.

### 12.3 Strategic Overview and Context for Budget Intervention

The department is mandated with the responsibility of promoting tourism,sports, culture, youth and gender empowerment in the county. To enable the department fulfill this mandate, it was allocated Kshs. 70 Million in FY 2013/14.This allocation includes Kshs.47.5 Million for recurrent expenditure and Kshs.22.5 Million for development budget.

The department experienced the following challenges in implementing the FY 2013/14 budget;-

- Inadequate number of technical staff at Works department to prepare project tender documents
- Delay in disbursement of development funds from National Treasury
- Delay in appointment of Chief Officers
- Long procurement procedure and red tape
- Poor chain/channel of command especially top down
- Inadequate funding for projects

The FY 2014/15 and the medium term will focus on increasing the number of tourists visiting the county,Promoting conservation and management of tourist sites,Promoting cultural tourism and conservation of cultural resources in the county, Promoting economic empowerment of the youth in the county and enhance nurturing of athletics talent in the county.

### 13.0 VOTE 12: COUNTY ASSEMBLYPERFOMANCE OVERVIEW

## A. PERFOMANCE OVERVIEW

The Public Finance Management Act, 2012 ushered in a paradigm shift in budget making. Apart from introducing reforms in our public financial management system, the new law entrenched Stages in County government budget process in Section 125. Further to this, Treasury Circular No. 2/2014 to all Accounting Officers of Departments and Authorities provides a clear guideline for the preparation of the 2014/15-2016/17 medium term budget. In the 2013/14 financial year, the West Pokot County Assembly received 11.15\% of the total County revenue allocation.This included Kshs.377 Million for recurrent and Kshs.27.7 Million for development. The funds have been efficiently utilized to enhance the Assembly's role of:

1. Oversight
2. County development planning
3. Legislation.
4. Vetting and approving nominees to County Public offices and
5. Approval of County governments budget and expenditure

The major achievements under the 2013/2014 financial year include:
a) Construction of a modern restaurant - this is expected to be completed in the $3{ }^{\text {rd }}$ Quarter of the 2014/15 fiscal year
b) Major renovations on dilapidated structures in the CountyAssembly
c) Equipping the Assembly chambers with modern Hansard equipment
d) Purchase of 3 vehicles for logistical support
e) Recruitment of qualified staff
f) Adequate capacity building for both staff and Members of County Assembly

Under the MTEF, the West Pokot County Assembly has five programmes namely:

- Legislation, Representation and oversight
- Capacity building
- General Administration, Planning and Support Services
- Construction of modern assembly and completion of projects
- Availing Mortgages and car loans to Members of The County Assembly

## Constrains and challenges

a) Lack of capacity during the preparation of the 2013/14 budget
b) Delay in payment and frequent breakdown in IFMIS
c) Limited office space

The Assembly intends to engage the County Treasury in order to ensure efficient disbursement of funds and management of the IFMIS system. The Assembly also intends to operationalize its own IFMIS system to avoid reliance on the County Executive on payment processing. To achieve this, the Assembly has initiated a programme that will enable relevant staff get adequate training on the system. Through renovation of existing facilities, the assembly intends to free up sufficient space for committees and members of staff. On the issue of capacity, the County Assembly Service Board has recruited a qualified team that will oversee the development of the County Assembly.

Major Services/Outputs to be provided in MTEF period 2014/15-2016/17 and the inputs required.

The County Assembly is the arm of the County Government that makes legislation, represents the people and provides oversight on county resources. The major Services/outputs to be provided in MTEF period 2014/152016/17 and inputs required are:-

- Enactment of laws
- Representation
- Oversight over utilization of county resources
- Capacity

Funds set aside for development will be utilized in:

- Constructionof perimeter wall
- Completion of Assembly restaurant
- Drilling, installation and commissioning of borehole
- Architectural and structural designs of the modern assembly
- Preparation of Bills of Quantities
- Initial construction and supervision costs

The County Assembly will require adequate funding in order to realize the above outputs and fulfill its Constitutional mandate. It is estimated that the County Assembly will require KES. 414.753 Millionin the FY 2014/15 to support its programs.
