FOREWORD

Section 126 of the Public Financial Management Act 2012, requires that every County Government shall prepare its Annual Development Plan (ADP), in accordance with Article 220(2) of the Constitution. The County government is required to prepare the ADP in accordance with the format prescribed by regulations and submit to the County Assembly for its approval, and send a copy to the Commission on Revenue Allocation.

This Plan has taken into account development strategic priorities/programmes as stipulated in the County Integrated Development Programme (CIDP) 2018 - 2022 and other national plans. The ADP describes how the County Government is responding to changes in the financial and economic environment towards the programmes to be delivered with details for each programme including the strategic priorities to which the programme will contribute to; the services or goods to be provided; the measurable indicators of performance where feasible; and the budget allocated to the programme.

The plan is focused on the County's vision of a secure, just, integrated and prosperous county where all enjoy full potential and high quality of life. The Annual Development Plan has been developed towards achieving the goals setting the County Integrated Development Plan 2018-22 that includes: (1) Food security; (2) Infrastructure Development; (3) Livelihood Enhancement; (4) Public Participation; (5) Provision of social amenities; (6) Strengthen Structures for Resource Mobilization and Management; and (7) Supportive Framework for Private Sector growth and Participation in Economic development of the County. The Annual Development Plan has been developed through a consultative process where all county departments identified key priorities/programmes to be implemented and their performance standards.

I wish to thank my Chief Officer for providing overall leadership in the preparation of this document. In conclusion I wish also to thank the Economic Planning team that worked tirelessly to compile and come up with this Annual Development Plan 2022/2023.

The implementation of this plan will require determined effort from all stakeholders both from within and outside to bring on mainstreamed networks and coordination of wider public private partnership and other development partners for the benefit of the citizens. I therefore call upon all people of Isiolo to rally behind this Plan so that we can all work together to ensure success in its implementation.

MR. ABDI HAJI DAUD
COUNTY EXECUTIVE COMMITTEE MEMBER - FINANCE & ECONOMIC PLANNING

ACKNOWLEDGEMENT

First I wish to acknowledge H.E Gov. Mohamed Kuti for his continued political leadership and support in developing this Annual Development Plan. Special recognition goes to the County Executive Member for Finance and Economic Planning, Mr. Abdi Haji Daud under whose direction, support and guidance that this assignment was undertaken.

I wish to register my appreciation to all those who have been working relentlessly in providing technical backstopping of the entire ADP preparation process, in particular the Economic Planning team. They tirelessly worked round the clock to co-ordinate, compile, edit and finalize the plan.

I also wish to extend my sincere appreciation to the line County Departments who provided valuable inputs and thereby adding value towards the development of the final document. The County Planning office is grateful for their input.

MR. PATRICK LENAWASAE CHIEF OFFICER - ECONOMIC PLANNING

EXECUTIVE SUMMARY

The Annual Development Plan (ADP) 2022/23 is the fifth in a series of successive one year medium term plans which will implement the Programmes identified under the second County Integrated Development Plan (CIDP) 2018-22. The County has built up a strong foundation which focuses on the journey to prosperous County for all its residents. This can only be achieved through the adoption of a growth strategy based in Programmes that Improve livelihoods through provision of basic services, maximization of production, building a peaceful and cohesive society, generate employment most rapidly, and improve the income generating opportunities for the poor. To achieve the expected economic growth, create impact in the county and realize the vision of a secure, just, integrated and prosperous county where all enjoy full potential and high quality of life.

Specific Programmes have been identified in each sector. Though these Programmes are County specific, they are also in harmony with other development policies and documents and more specifically the third Medium Term Expenditure Framework, the Kenya Vision 2030, the Constitution of Kenya, 2010 and finally other international development commitments like the Sustainable Development Goals (SDGs).

The Plan also takes into account mainstreaming of minority rights into the development process. Some of the minority groups covered in this document that need special treatment are: women, youth and the physically challenged.

This ADP is presented in five sections. Section one provides a legal background and overview of the plan, and the County's response to changes in financial and economic environment. Section two provides county development review analysis for the FY 2020/2021. Section three gives details of the County Strategic Priorities. Section four gives the budget needs and responses and review of expected revenues. Chapter five summarizes the budgetary allocation per sub - programme, and a monitoring and Evaluation matrix. To implement this Plan the County government needs to lobby Development Partners to join hands to

offset the anticipated deficit.

LEGAL BASIS FOR PREPARATION OF ISIOLO COUNTY ANNUAL DEVELOPMENT PLAN (CADP)

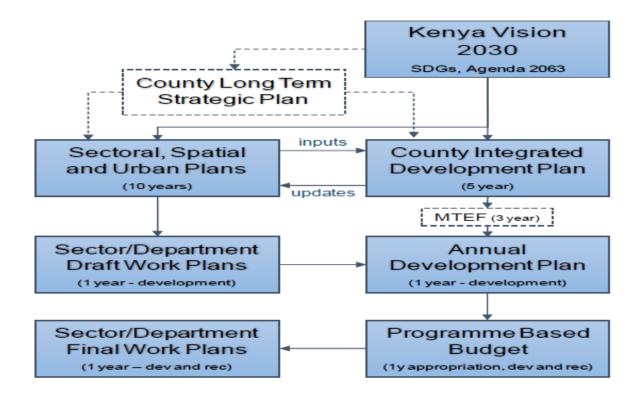

Isiolo County Annual Development Plan for the Financial Year 2022/23 is prepared in accordance with Section 126 of the Public Financial Management Act, 2012 which states that every county government shall prepare a development plan in accordance with Article 220(2) of the Constitution, that includes—

- a. Strategic priorities for the medium term that reflect the County Government's priorities and plans;
- b. A description of how the county government is responding to changes in the financial and economic environment;
- c. Programmes to be delivered with details for each programme of
 - i. The strategic priorities to which the programme will contribute;
 - ii. The services or goods to be provided;
 - iii. Measurable indicators of performance where feasible; and
 - iv. The budget allocated to the programme;
- d. Payments to be made on behalf of the county government, including details of any grants, benefits and subsidies that are to be paid;
- e. A description of significant capital developments;
- f. A detailed description of proposals with respect to the development of physical, intellectual, human and other resources of the county, including measurable indicators where those are feasible;
- g. A summary budget in the format required by regulations; and
- h. Such other matters as may be required by the Constitution or this Act.

The County Executive Committee member responsible for planning shall prepare the development plan in accordance with the format prescribed by regulations.

The County Executive Committee member responsible for planning shall publish and publicize the annual development plan within seven days after its submission to the County Assembly.

Figure 1: ADP Linkage with Other Plans

CHAPTER ONE: INTRODUCTION

1.1 Overview of the County

Isiolo County is poised to become an economic elephant, an industrial hub and an international trading centre. Across the beautiful hills, valleys, acacia trees and the savannah grasslands of the county, winds of change are blowing. Isiolo is a virgin space, a wonderful piece of creation. The people of Isiolo and Kenyans alike are up-beat on how they are going to fit into the Isiolo County and its ecosystem. Isiolo sits at the centre of the world that is watching keenly at the unfolding developments taking place there. Isiolo strategic position is irresistible and attractive to local and international investors. The County boast of abundant land, tourist attraction sites and minerals which are held dear by the residents as major economic resources. Livestock production remains the biggest economic activity with approximately 80% of the population relying on it. The County has its fair share of natural wealth being endowed with three national game reserves namely, Shaba, Buffalo Springs and Bisanadi. The chapter provides the background information of the County in terms of size and population profile. It further explains the linkage between this plan and the CIDP and also the Plan preparation process

1.1.1 Position of Isiolo County

Isiolo County borders Marsabit County to the North, Samburu and Laikipia Counties to the West, Garissa County to the South East, and Wajir County to the North East, Tana River and Kitui Counties to the South and Meru and Tharaka Nithi Counties to the South West. It covers an area of approximately 25,700 km². It is located between Longitudes 36° 50' and 39° 50' East and latitude 0° 05' South and 2° North. Isiolo town lies 285 kilometres North of Nairobi, the Capital City of Kenya by road.

1.1.2. Administrative and Political Units

The County has two constituencies, three sub-counties and ten wards

Table 1: Administrative Subdivision

| Constituency | Sub-County | Wards |
|--------------|------------|-------|
| Isiolo North | Isiolo | 4 |
| | Merti | 3 |
| Isiolo South | Garbatula | 3 |
| Total | | 10 |

Source: KNBS

1.1.3 Political units (Constituencies and Wards)

The county has two constituencies, namely, Isiolo North and Isiolo South. The county has 10 County Assembly wards as shown in Table 2 below.

Table 2: County's Electoral Wards by Constituency and ward population

| Constituency | Wards | Ward (2019) | Projection (2020) | Projection (2021) | Projection (2022) |

Source: KNBS, 2019

1.2 Annual Development Plan Linkage with the CIDP

The broad strategic priority of Isiolo County Government for the financial year 2022/23 is drawn from the 2018-2022 CIDP includes;

- (i) Enhancing food security, sustainability of livestock based livelihoods and commercializing of livestock and crop production
- (ii) Investment in Infrastructure development and expansion i.e. Roads, Water Supply, Market development, Livestock and agriculture transformation for sustainable economic growth and development.
- (iii) Investing in quality, affordable and accessible Health Services (i.e. preventative, curative and rehabilitative health care services).
- (iv) Investing in Education, focusing on construction of more ECD structures and equipping of youth polytechnics, technical institutions as well as social development of the communities through social programs.
- (v) Promotion of trade and industrial development for a rapidly industrializing economy.
- (vi) Enhancing governance, transparency and accountability in the delivery of services.
- (vii) Investment in conflict resolutions by promoting initiatives for peaceful and cohesive society where all have access to equitable share of resources;
- (viii) Promotion of Public participation through involvement in decision making in order to enhance ownership and sustainability of development programs;
- (ix) Investing in Energy, Environmental conservation, natural resource management, modern urban infrastructure and sustainable land management for socio economic development

1.3 Preparation process of the Annual Development Plan

The plan was prepared through a consultative platform that included submissions from county departments, sector reports, stake holder meetings, inputs from existing government policies, plans and strategies etc.); and the process was followed to compile the plan.

CHAPTER TWO

REVIEW OF THE IMPLEMENTATION OF THE (2020/21) ADP

2.1 Introduction

The chapter provides a review of County government achievements, challenges and lesson learnt within the previous financial year. It provides a summary of what was planned and what was achieved by the County Sectors and also indicates the overall budget in the ADP versus the actual allocation and expenditures.

2.2. Sector Achievements in the Financial Year 2020/21

County sectors registered different levels of achievements as discussed below

Agriculture, Livestock, Fisheries and Irrigation

Sector Strategic Priorities

- i. Enhance food and nutrition security;
- ii. Improve market access and linkages; and
- iii. Increase production and productivity of agricultural produce.

Analysis of planned versus allocated budget

The sector provides a summary of what was planned in the ADP 2021/22 and what was achieved in terms of budgetary allocation

| Sector | Planned | Budgeted |
|-------------------------|---------|----------|
| Agriculture | 456M | 564.18M |
| | | |
| Livestock and Fisheries | 241M | 126.585M |
| Total | 697M | 690.765M |

| .Delay in bringing SPs on board | Fast track funds transfer |

WATER, ENERGY, ENVIRONMENT, NATURAL RESOURCES & CLIMATE CHANGE

Strategic Priorities

The strategic priorities of the water sub-sector are to improve reliability, accessibility and availability of adequate quantities of good quality water supply for all uses in Isiolo County through:

- Strengthened synergies in integrated water resources management
- Increased water sourcing and storage capacity
- Expanded water distribution network
- Expand the water treatment capacity
- Strengthened rural water supply governance

The strategic priorities of the energy, environment, natural resources and climate change sub-sector are;

- Conservation and protection of environment.
- Promotion of green energy, and exploitation of natural resources of economic value.

Table 6 Analysis of planned versus allocated budget

| Sub-Sector | Planned | Budgeted |
|--|---------|----------|
| Water and Irrigation, Energy, Environment, Natural | 207.5M | 185.427M |
| Resources Management & climate Change | | |
| Total | 207.5M | 185.427M |

Table 7: Summary of Sector/Sub-sector Programmes (2020/21)- Water, Environment Energy & Natural Resources

| Output/Outcom e | Indicator | Baseline | Target at end of the CIDP period (Target 2022) | Target in review period (Target 2019/2020) | Achievement | Remark |
|--|----------------------------|----------|--|--|-------------|------------|
| Water and Sanita | tion | | | | | |
| Rehabilitation of existing pipelines through replacement of dilapidated pipes in Isiolo town | Number of KM of pipe | - | 20km | 15km | 0 | Not funded |
| De-salinize boreholes | Number of plants installed | - | 10 | 5 | 0 | Not funded |
| Pipeline extensions to underserved urban | Km of pipeline extensions | - | 50km | 25Km | 0 | Not funded |

| Output/Outcom e | Indicator | Baseline | Target at end of the CIDP period (Target 2022) | Target in review period (Target 2019/2020) | Achievement | Remark |

| Public sensitized and trained on waste management | No. of trainings conducted | | 8 | 2 | 0 | Inadequate funds |
| Legislation on waste management in the county formulated | No. of legislation formulated and enacted | | 1 | 1 | 0 | Inadequate funds |
| Established disposal sites in major centres in the county | No. of disposal sites established | | 5 | 2 | 0 | Inadequate funds |
| Modern gabage collection procured | No. of modern gabage collection trucks | | 1 | 1 | 0 | Inadequate funds |
| Improved jikos provided | Proportion of HHs accessing energy saving cooking fuels and facilities | 5% | 20% | 10% | 0 | Inadequate funds |
| Operational climate change coordination unit | No. of units established | | 1 | 1 | 1 | Unit operational |
| Natural Resources Protection- Springs and catchment | Number of catchments and springs protected | 1 | 3 | 2 | 2 | Completed |

| Output/Outcom e | Indicator | Baseline | Target at end of the CIDP period (Target 2022) | Target in review period (Target 2019/2020) | Achievement | Remark |
|---|------------------------------|----------|--|--|-------------|-------------------------|
| areas conserved and protected | | | | | | |
| Gums and resins collection stores constructed | Number of stores constructed | 1 | 3 | 2 | 0 | Unavailability of funds |

Key Achievements for sector the FY 20/21

- Korbesa-Mataarba-Saleti cluster water supply project construction
- Effective drought support and mitigation through water trucking and repair f faulty boreholes
- Protection of Iresaboru water supply facilities through opening access roads and diverting flood water
- Rehabilitation/extensions of Kinna water supply and installation of consumer water meters
- Through collaboration of the department and partners, the department has procured a modern ground water/geophysical survey equipment and a portable waater quality testing kit

Challenges in the Implementation of the Sector Programmes Table 8:Challenges in the Implementation of the Sector Programmes

| Challenges | Specific Mitigation Measures |
|--|---|
| Inadequate key staff to manage some of our core sections e.g. water technicians and this shortage has been exacerbated by an aging and retiring workforce without replacements The sector has inadequate vehicles for operations especially vehicles suitable for the rough roads in the rurals of the county Erratic weather condition (inadequate rains and ever recurring droughts) that lead to more funds used in water supply breakdown repairs due to high demand for water Spreading resources for water projects thinly in each ward | Continuously improve on technical staff strength through recruitments Deliberate initiative for ward specific projects flagship projects to improve water supply and cushion against droughts Provide for procurement of new vehicles |

HEALTH SERVICES – not yet submitted progress report

Strategic Priorities

- Elimination of Communicable diseases
- Provision of Essential Health Care
- Provision of adequate and appropriate health infrastructures

Analysis of planned versus allocated budget

| Sub-Sector | Planned | Budgeted |
|-----------------|---------|----------|
| Health services | 434.35M | 1203.3M |
| Total | 434.35M | 1203.3M |

Table 9 Summary of Sector/Sub-sector Programmes (2020/21)- Health Services

| Programme/ Sub Programme | Outcome/output | Key performance Indicators | *Baseline 2018 | Target 2019/20 | Target at the end of CIDP period (2022) | *Achievement | *Remarks |
|--|---|--|-------------------|-----------------|---|-----------------|----------|
| Curative, and Rehabilitative Health services | Reduced Deaths | %Annual Reduction in deaths | 13% | 10% | 8.5% | 11% | None |

Lands, Physical Planning, Surveying and Housing, roads and public works

Strategic Priorities

To have well planned and organized spaces with clearly defined land uses and boundaries

To improve accessibility and movement in the county

Analysis of planned versus allocated budget

| Sub-Sector | Planned | Budgeted |
|---------------------------------|---------|----------|
| Lands and Urban Planning | 150M | 46.6M |
| Roads, Housing and Public Works | 625M | 183.87 |
| Total | 775M | 230.47M |

Table 10: Summary of Sector/Sub-sector Programmes (2020/21) - Lands, Physical Planning, Surveying and

Housing, roads and public works

| Key Outcomes/ Outputs | indicators | Baseline | | Achieved Targets | Remarks* |
|--|--------------------------------------|----------|---|---------------------|---|
| Land Management and Administration- Land registries reorganized | No. of Land registries reorganized | 0 | 1 | 1 | |
| Land survey and land use planning- Digitals Maps developed of estates in Isiolo Township | No. of digital maps developed | 2 | 1 | | Entails preparation of a stable Land Geodatabase containing spatial and non- spatial data |
| Survey Plans prepared of various estates within Isiolo town | No. of survey plans covering estates | 1 | 3 | | Cadastral surveys usually terminate in the preparation of survey plans that are used later as basis of issuance of leases |
| Spatial Plans developed Access roads opened | No. of Plans developed | | | 2 | |

| Key Outcomes/ Outputs | Key performance indicators | Baseline | | Achieved Targets | Remarks* |
|--|-------------------------------------|----------|-------|--|-----------------------------------|
| | | | | | |
| Roads and Infrastructure | | | | | |
| Opening and improvement of rural access roads in Oldonyiro, Kinna, Garbatulla, Sericho, Chari, Ngaremara and Cherab wards | Murrumed /graved / bush | 300km | 300km | 314.70 | Roads completed and taken over |
| Construction of bridges and drifts in Isiolo county | % Completion of Bridge construction | 2% | 100% | 1.Waso kamukuri bridge 2. Ola Odha bridge. 3.Chumvi yare drift | Completed |

Key Achievements

Opening and grading of county access roads across which led to greater accessibility of the rural areas, Preparation of drawings, bills of quantities and supervision for all projects being undertaken by the County Government.

Tourism, Wildlife, Trade, Public Service and County Administration

Strategic Priorities

The strategic priorities for the tourism and trade sub-sector are;

- To increase tourists' arrivals and earnings to the county.
- Trade enhancement
- Enhancement of cooperative development
- Enhancement of fair trade practices
- Industrial development

The strategic priorities for the Public Service and County Administration are;

- Provide offices for administrators
- Enhance mobility of county public service
- Human Resource training policy and strategic plan for public service
- Introduction of Staff performance contracting and performance appraisal
- Development of personnel succession plan
- Digitalization of staff management systems

| Development and promotion of Culture | Establish ment of County data base on gender- based violence | affected victims | | 5 | | 10 | There is reduction trend in the number of victims due numerous sensitization programs rolled out by department with support from partners. The database has not been established and streamlined well. |
| | Establish ment of cultural centre at Kinna Ward | Number of cultural centre established | 0 | 1 | 1 | 0 | There was no budget allocated. |

| Develop ment of county culture data base | Number of data base developed | 0 | 1 | 0 | 0 | There was no budget allocated. |
|---|---|---|---|---|---|---|
| | Number of county band established | 0 | 1 | 1 | 0 | There was no budget allocated. |
| | Number of social halls constructed | 0 | 2 | 2 | 0 | There was no budget allocated. |
| Construct ion of social hall at Ngarema ra | Number of social hall constructed | 0 | 1 | 1 | 0 | There was delay in procurement process but the budget is there for this project's completion. |
| County cultural festivals | Number of cultural festival celebrated | 0 | 5 | 5 | 0 | There was no budget allocated.The Covid-19 pandemic also affected its implementation. |

Achievements (CIDP Implementation Milestones)

*Remarks: Not all projects were realised cause of budget constraints due to revenue shortfalls.

Achievements (CIDP Implementation Milestones)

- i. Under ECDE Programme 50 ECDE, classrooms were constructed.
- ii. Disbursement of Education Bursaries worth Kshs 87.5 million for needy students in secondary schools and other tertiary institutions.
- iii. Operationalization of 4 Vocational training centres in 4 wards
- iv. Purchase of 13 Motor bikes for ECDE coordinators

- v. Planned recruitment of instructors
- vi. Planned recruitment of additional ecde teachers
- vii. Constructed Latrines for VTCs
- viii. Installed Solar Panels for VTCs
- ix. Water connection for 2 VTCs
- x. Construction for Kitchen and stores for 2 VTCs

Key Achievements for Gender sector the FY 20/21

I. Gender equality and Women Empowerment

- -Social economic empowerment through capacity building training of women, youth and PWDs.
- -Training of Sexual and Gender based violence service provider on referral pathway.
- -Training of Women on Financial Literacy

II. Establishment of social Safety nets and promotion of social cohesion

- -Training of Area Advisory council in Child Protection
- -Community sensitization on child protection
 - a) Sensitized 500 community members from all the 10 wards in Isiolo County,40 police officers, some from ODPP and Judiciary and religious leaders on protection of children's rights. This is to strengthen child protection services.
 - b) Held 2 stakeholders meeting on child protection

III. Disability mainstreaming and socio-economic empowerment -

- Economic empowerment funds for PWDs
- Paravolley teams from Almasi childrens home supported to participate in online training

IV. Development of Policies -

- -Developed draft Child Protection Policy
- -Developed draft Child Protection Action Plan.
- -Developed the Isiolo County Youth, Women and PWDS Enterprise Development Funds **Act** (Amended 2021)
- -Developed the Isiolo County Youth, Women and PWDS Enterprise Development Fund $\textbf{Regulation}(Amended\ 2021)$
- -Developed Strategic Plan for Enterprise Development Fund

Challenges in the Implementation of the Sector Programmes Table 15: Challenges in the Implementation of the Sector Programmes

| Challenge | Mitigation Measures |
|------------------------------------|--|
| Delayed Project Execution | Adherence to the Procurement Plan for Timely Execution |
| Limited Office Space and Equipment | Construction of Offices |
| Shortage of Staff | Hiring of more Staff |
| Logistics | Purchase of Motor cycles and Vehicles |
| Delayed Project Execution | Adherence to the Procurement Plan for Timely Execution |

Finance, Economic Planning, ICT, Conflict Resolution & Special Programmes

Strategic Priorities

Finance and Economic Planning

- i. Ensuring of accountability and prudent financial management for county public resources
- ii. Enhancing economic policy management for county development
- iii. Enhancement of own county revenue
- iv. Enhancement of institutional and human resource capacity for quality delivery of services

Peace, cohesion and conflict resolution

- I. Implement Isiolo County Action Plan Countering Violent Extremism
- II. Tap into inter-county peace blocks i.e. Amaiya peace triangle
- III. Establishment of the County Policing Authority (CPA) and Undertake Policing Initiatives
- IV. Empowering traditional set ups/ and other customary initiatives in managing conflicts
- V. Revitalization and enforcement of community peace declarations and agreements
- VI. Intra and Inter County Peace Dialogues
- VII. Establishment of public participation structures at ward level
- VIII. Devolved complaints redress mechanism
- IX. Production and provision of IEC materials
- X. Women leadership training
- XI. Media and communication

Analysis of planned versus allocated budget

| Sub-Sector | Planned | Budgeted |
|--------------------------------------|---------|----------|

| construction of | county head quarters | | • | | | On going |

Key Achievements

Under the **Economic planning and budget services Programme**, the department achievements during the period include:

- i. Preparation of the county's ADP
- ii. Preparation of the County Budget Review and Outlook Paper
- iii. Preparation of the County Fiscal Strategy Paper
- iv. Successful preparation of the Budget financial year
- v. Preparation of monitoring and evaluation project status report

Challenges in the Implementation of the Sector Programmes

The department faced a number of challenges including

Table 17: Challenges in the Implementation of the Sector Programmes

| Challenges | Strategies/Mitigation measures | |
|---|---|--|
| Shortage of technical staff in almost all the sub - | Capacity building for staff | |
| sector which negatively affected service delivery | | |
| Limited vehicles for M&E, Lack of legislative | purchase vehicles for M&E activities. | |
| framework for revenue collection | | |
| Low community ownership/ sustainability of most | Continuation of embracing community | |
| of the county projects | involvement in participatory programme planning, | |
| | budgeting and implementation monitoring to | |
| | promote community ownership | |
| Shortfall in revenue collection from local sources | Efficient and effective way of sealing internal | |
| hindering full implementation of planned | revenue leakages and setting of realistic targets | |
| programmes /projects | | |
| low external revenue mobilization | Setting up of donor coordination unit | |
| Delayed release of funds from the National | Initiate earlier requisitions from national | |
| Government to leading to delay in project | government | |
| implementation. | | |
| Deviation of sectors spending from annual budgets | policy frameworks in place for allocated funds so | |

| Challenges | Strategies/Mitigation measures | | |

| | regulations | | |

Office of Governor and Deputy

Strategic Priorities

- Provide overall policy and strategic direction for the socio-economic and political transformation of the county
- Attract, retain and develop competent human resource in the public service for efficient and effective service delivery
- Develop modern County ICT infrastructure for sustainable development;

Analysis of Planned Versus Allocated Budget

SECTION THREE

COUNTY STRATEGIC PRIORITIES FOR FY 2022/23

3.1 Introduction

This chapter presents sector/sub-sector strategic priorities, programmes and projects for the year 2022/2023.

3.1.1 Agriculture, Livestock, Fisheries and Irrigation

Vision

Food secure and wealthy county anchored on an innovative, commercially oriented and competitive agriculture sector.

Mission

To improve the livelihood of Kenyans and ensure food and nutrition security through creation of an enabling environment and ensuring sustainable natural resource management.

Goal

To attain food and nutrition security and income through increased production and value addition in livestock, agriculture and fisheries investments.

The strategic priorities of the sector/sub-sector

Table 23: The strategic priorities of the sector/sub-sector

| Sub-sector | Development Needs | Priorities | Strategies |
|-------------|---|---|--|
| Agriculture | Water harvesting for crop production | Development and expansion of land under irrigation and water infrastructure | Establish/ expand irrigation schemes Promotion climate smart agriculture technologies Promotion of water harvesting technology |
| | Reduction of pre and post-harvest losses | Control for pest and diseases food reserves/storage | Establishing agro processing technologies Integrated pest management (IPM) |
| | Enhance access to farm inputs | Subsidies for inputs (certified seeds, fertilizers, pesticides and equipment) Targeting resource poor farmers | Capacity building Organising for change(cooperatives) and linking to private stockist |
| | Crops enterprise and markets development | Value chain development of prioritised enterprise | Increase of farmers awareness of key market information Agriculture commercialization |
| | Ease of land preparations (Mechanization services) | Enhancement of land preparation | Provide subsidized mechanization services; capacity builds farmers. |
| | Human resource development | comprehensive succession plan | Recruitment, in-service trainings, refresher courses and promotions |
| | drought tolerant crops | Promote green gram, cow peas, Katumani beans and Nerica rice | Climate Smart technology Promotion of extension, research and farmers linkage |
| Livestock | Sustainable availability and supply of livestock feed | Increase feed availability and strategic feed reserves | Integrated development & management of rangelands and commercialization of pasture production. Enhance fodder production. Promotion of livestock feed lots and feed marketing. |
| | Increasing value of livestock and productivity of livestock | Enhancing uptake of value added technology, promote Climate adaptable breeds | Livestock breeding programs. Promote transfer of modern production technology. |

| Sub-sector | Development Needs | Priorities | Strategies |
|------------|---|---|--|
| | livestock enterprise and markets development | Commercialization of livestock production | Livestock systems development and risk sharing, Development of marketing infrastructure (markets, abattoir, processing plants) and information sharing. |
| | Quality assurance of livestock and livestock products | Adherence to standards, both local and international | Livestock identification and traceability Quality certification Enhanced products inspections Establishment of disease free zones/Quarantine areas |
| | Control of livestock diseases and pests | Reduce incidences of diseases including trade sensitive diseases | Targeted vaccinations and pest control programmes Screening for disease diagnosis supported by functional laboratories. Disease surveillance, Treatment of the sick animals livestock movement control |
| Fisheries | Exploiting the potential for fish farming in the county | Increase investment in fishery sector and uptake of fish production | capacity building on adoption fish farming Dietary diversity |
| | Quality assurance of fish products | Adherence to standards | Inspection of Fish products, improve grading, packaging and transportation. |
| | Fish technology development | Enhance river line capture fisheries and farming technology | Expansion of area under fish ponds promotion of fish marketing system |

Table 24: Capital projects for the 2022/23 Agriculture, Livestock & Fisheries Development

| Programme/ Sub- Programme | Project Name, Location/ Ward | Description of Activities | Green Economy Considerations | Cost | Time line | Source of Funds | Key Performance Indicators | Targets | Status | Implementin g Agency |
|--|---|--|---|-------------|--------------|--|---|---------------|--------|--|
| Programme 1: | Sustainable Agricultu | ral Land Use and Environmental M | Management Page 1981 | | | | | | | |
| Rehabilitation and Expansion of Irrigation Schemes | Malka Daka irrigation in GarbaTulla Ward | Solarization of Malka Daka irrigation in GarbaTulla Ward | Use of environmentally and gender friendly technologies such use of solar energy in pumping of water Agro forestry. | 12M | 2022/23 | CGI and national governm ent and partners | Acreage under irrigation | 200 | Rehab | Agriculture Dept. |
| | Gafarsa Irrigation Scheme in Garbatulla Ward | Establishment of Gafarsa Irrigation Scheme | Use of environmentally and gender friendly technologies such use of solar energy in pumping of water Agro forestry. | 150M | 2022/23 | CGI and National governm ent and partners | Acreage under irrigation | 200На | New | Agriculture Dept/DRSLP |
| | Establishment of small irrigation units in Kinna and Cherab with Water Efficient Technologies | Design and construction of small irrigation units in Kinna with water efficient technologies, Installation drip irrigation systems, farm ponds,Drilling of boreholes driven on solar system Purchase of water pumps for farmers in Cherab Farmers training | Adherence to environmental safeguards Use of environmentally and gender friendly technologies such use of solar energy in pumping of water Agro forestry. | 750,00 0 | 2022/23 | CGI and National Govt, World Food Program me and develop ment partners | Acreage under irrigation | 300На | New | Agriculture Department aand World Food Programme |
| Agricultural mechanizatio n Services | Establishment of County Agricultural mechanization Services(AMS) at ATC | Establishment of 1 AMS station | Adherence to environmental safeguards | 5.8M | 2022/23 | CGI and National governm ent and partners | Number of AMS station established | 1 | New | Agriculture Dept |
| Programme 2 : | Crop Development ar | nd Management | | | | | | | | |
| Urban and Peri Urban | Vulnerable and Marginalised | Establish Urban Peri Urban Agriculture Programme in Early | Promotion of appropriate technologies & innovations | 2M | 2022/23 | CGI WFP | Number of Vulnerable | 100 Groups | New | Department of Agriculture |

| Programme/ Sub- Programme | Project Name, Location/ Ward | Description of Activities | Green Economy Considerations | Cost | Time line | Source of Funds | Key Performance Indicators | Targets | Status | Implementin g Agency |
|---------------------------------|---|--|--|------|--------------|---|---|--|-------------|--|
| Agriculture Production | Groups (households) Nutritional improvement in all wards | Child Development train farmers on Agri- Nutrition and promote appropriate TIMPS | that are gender and environmental friendly Adherence to environmental safeguards, | | | Action Aid and develop ment partners | and Marginalised Groups Adopting technologies | | | |
| Crop Development | Crop production improvement to rural wards | Provide climate smart certified seeds and seedlings establish junior farmers school Train farmers Enhance research linkages promote Appropriate TIMPS | Promotion of appropriate technologies & innovations that are gender and environmentally friendly. Adherence to environmental safeguards. | 10M | 2022/23 | GoK,CGI CARITA S, Kenya RAPID, World Food Program me Anglican Develop ment Service(ADS), Mercy CORPS | Number of beneficiaries adapting TIMPS Amount of seeds and seedlings procured and distributed | 12,000 farmers aggreg ated by gender | Ongoin g | Dept Agriculture Action Aid, World Food Program, National Drought Management Authority(ND MA) and partners |
| | | ormation Management | | | | | | | | |
| Agribusiness development | Establish business incubation and innovation hub at ATC in Burat ward | Establish Demonstration Farm Fund (DFF) improve infrastructure provide extension service provide catering and accommodation services incubation of viable business | Promotion of appropriate technologies & innovations that are gender and environmentally friendly. Adherence to environmental safeguards | 5M | 2022/23 | CGI and develop ment partners | Number of demonstratio ns farms established Number of viable businesses incubated | 6. | New | Department of Agriculture |
| | Agriculture Sector Development Support Project (ASDSP)Countywid e | Promote commercialization of Agriculture Link business to markets & financial service providers | Promotion of appropriate technologies & innovations that are gender and environmentally friendly. | 24M | 2022/23 | CGI and develop ment partners | Number of farmers implementing business plans | | New | Department of Agriculture |

| Programme/ Sub- Programme | Project Name, Location/ Ward | Description of Activities | Green Economy Considerations | Cost | Time line | Source of Funds | Key Performance Indicators | Targets | Status | Implementin g Agency |
|---|---|---|---|------|--------------|--|---|---------|--------------|------------------------------------|
| | Kenya Climate Smart Agriculture | Promotion of climate smart TIMPS Implementation of Community & County projects | Promotion of appropriate technologies & innovations that are gender and environmentally friendly. Adherence to environmental safeguards | 180M | 2022/23 | CGI and national governm ent and partners | % increase in crop productivity | 2% | New | Agriculture Dept.and KCSAP Project |
| | Project (KCSAP) – Countywide | 20 % mandatory Support to KCSAP county project as per the agreement | Adherence to environmental safeguards | 36M | 2022/23 | CGI and national governm ent and partners | % increase in crop productivity | 2% | New | Agriculture Dept.and KCSAP |
| Programme 4 | Veterinary Services | | | • | | • | | | • | |
| | County Quarterly Surveillance Missions. Countywide | conducting stock route, markets and watering point livestock surveys -conducting participatory disease search | -Disease early warning systemLivestock movement monitoring. | 3M | 2022/23 | CGI and national governm ent | -Number of stock routes surveyed -Number of surveys undertaken | 4 | on- going | Veterinary services Dept. |
| Disease Surveillance, Prevention and Control | County Livestock Vaccinations. Countywide | -Purchase of vaccines -Publicity of vaccination programme, -transportation, logistics Staff per diems | -Safe disposal of waste (syringes, needles, containers)Stockpiling with essential drugsFinalisation of Isiolo Livestock policy | 20M | 2022/23 | CGI and National governm ent, Develop ment partners. | Number of livestock vaccinated | 600,000 | On- Going | Veterinary services Dept. |
| | Vector control demonstrations. Countywide | -livestock spraying -Maintenance of spray races and dips. | Safe disposal of used pesticides and waste | 4M | 2022/23 | CGI and National governm ent | Number. of vector control demonstratio ns. Quantity of pesticide used | 400 | On- Going | Veterinary services Dept |
| | Establishment of safe livestock | Construction of vaccination/Examination | Sitting of the Facilities. | 10M | 2022/23 | CGI | Number of Crushes | 20 | New | Livestock Department |

| Programme/ Sub- Programme | Project Name, Location/ Ward | Description of Activities | Green Economy Considerations | Cost | Time line | Source of Funds | Key Performance Indicators | Targets | Status | Implementin g Agency |
|----------------------------------|--|---|---|------|--------------|---------------------------------------|---|---------|--------------|---------------------------------|
| | handling facilities Countywide(Kinna,S ericho,Oldonyiro,Ch arri,Cherab,Ngare Mara and Burat) | Crushes | | | | | constructed | | | |
| | Clinical and Laboratory Services(Sericho | -Improve diagnosis and treatment of Livestock, -Enhance | Safe disposal of clinical and laboratory waste | 12M | 2022/23 | CGI and National governm | Number. of clinical cases attended. | 70% | On- Going | Veterinary services Dept |
| | and Burat) | public education and supply of inputs | | | | ent | Number. of samples analysed in laboratory | 80% | On- Going | Veterinary services Dept |
| | | laboratory facilities rehabilitated | Installation of solar power and proper ventilation of buildings. | | 2022/23 | CGI and National governm ent | Number. of laboratory facilities rehabilitated | 3 | On- Going | Veterinary services Dept |
| | | laboratory reagents and equipment purchased | Use of energy efficient equipment. | | 2022/23 | CGI and National governm ent | Number. of laboratory reagents and equipment purchased | 80% | On- Going | Veterinary services Dept |
| Veterinary Public Health | Enhancing Veterinary Public Health-county wide | -Meat inspection, -licensing slaughter houses, -licensing of meat carriers, -licensing of slaughter men, -Random sampling and quality analysis. | -Use of bio filtration and biogas systems and bioslarry for better utilization of slaughter house waste | 6M | 2022/23 | CGI | % reduction in Incidences of zoonotic diseases | 30 % | ongoing | Veterinary services Dept |
| r ublic Health | Improvement of Kinna, Oldonyiro, Merti and Garbatulla slaughterhouses | Renovation and upgrading of slaughter facilities | Biological waste disposalinstallation of solar power, -Water recycling, use of slaughter house waste for biogas energy. | 20M | 2022/23 | CGI | Number. slaughter houses rehabilitated | 4 | New | Veterinary services Dept |
| Artificial insemination services | Establishment of A.I station at Garbatulla and Merti | Purchase of A.I inputs (semen, Equipment) -transport logistics -promotion of insemination | Safe disposal of waste | 4M | 2022/23 | CGI | Number of Al station established | 2 | On- going | Veterinary services Dept. |

| Programme/ Sub- Programme | Project Name, Location/ Ward | Description of Activities | Green Economy Considerations | Cost | Time line | Source of Funds | Key Performance Indicators | Targets | Status | Implementin g Agency |
|--|--|---|--|------|--------------|---|---------------------------------------|---------|--------------|--|
| | | services | | | 2022/23 | CGI | Number. of animals inseminate | 20% | On- going | Veterinary services Dept. |
| Improvement of market access | Livestock identification and traceability, County wide and development of disease free | Tagging of Livestock and Establishment of Livestock database | Proper disposal of spoilt tags Promote commercial pastoralism. | 15M | 2022/23 | CGI, National Governm ent and Partners | Number of livestock tagged | 50% | ongoing | Veterinary service Dept. |
| | compartment at Burat | Establishment of livestock disease screening and prevention area(Quarantine area) | Sustainable rangeland management, governance and conservation measures | 200M | 2022/23 | CGI, National Governm ent and Partners | Disease Free compartment established | 100% | ongoing | Veterinary service dept. |
| | Livestock Production | | | | | 1 | | _ | r | |
| Livestock and Livestock Products Value Addition | Promotion of value addition of livestock products. countywide | Technology transfer to players in livestock enterprises | Capacity building in livestock and livestock products value chain | 30M | 2022/23 | CGI and National governm ent and partners | % increase in adoption of technology | 30% | On- Going | Livestock Production Dept. |
| Establishment of Feedlots | Completion and Operationalization of two Feedlots at Burat and Kinna | Completion of Feed lot | -Adherence to environmental safeguardsStrategic placement of water points and harvesting | 25M | 2022/23 | CGI and National governm ent and partners | % completion Feed lot | 100% | On- Going | Livestock Production Dept. |
| Development of Strategic Pasture and Fodder Farms/Reserv es | Establishment pastures farms. Isiolo, Merti and Garbatulla | Purchase seeds site selection and preparation plus | Environmental conservationLand use PlanningWater conservation in irrigation | 20M | 2022/23 | CGI and National governm ent and partners | Number of Acreage under pasture | 500 | New | Livestock Production Dept. |

3.1.2. WATER, SANITATION, ENERGY, ENVIRONMENT, NATURAL RESOURCE AND CLIMATE CHANGE

Vision

A vibrant County free of water crisis, green energy sufficient, adaptive to climate change, sustainably utilizing environment and its natural resources

Mission

To facilitate and promote sustainable utilization and management of water, energy, environment and natural resources for socio-economic development

Sector Goal

Sustainable development in a clean and secure environment

Sector/subsector Development needs, Priorities and Strategies

| | • | nent needs, Priorities and S | |
|------------|-------------|------------------------------|---|
| Sub- | Development | Priorities | Strategies |
| sector | needs | | |
| Water | - Increase | - Strengthen synergies | - Enact County water and sanitation laws |
| and | coverage | in integrated water | and policies |
| sanitation | and access | resources | - Support integrated water resources |
| | to safe | management | management |
| | water in | - Increase water | - Carry out comprehensive water resources |
| | urban and | sourcing and storage | mapping |
| | rural areas | capacity | - Develop long term county water master |
| | | - Expand the water | plan |
| | | distribution network | - Detailed feasibility studies into appropriate |
| | | - Expand the water | water technologies |
| | | treatment capacity | - Construct dams, boreholes, water pans, |
| | | - Strengthen rural | sand dams, wells, rock catchments and |
| | | water supply | springs |
| | | governance | - Construct storage facilities |
| | | | - Install water metering devices |
| | | | - Install de-salination plants |
| | | | - Establish water treatment facilities |
| | | | - Rehabilitate water supplies |
| | | | - Install Solar pumping systems |
| | | | - Develop new and extend water distribution |
| | | | systems |
| | - Increased | - Expand sanitation | - Construct sewerage treatment pond |
| | sanitation | facilities | - Lay and extend sewer pipes |
| | services in | - Expand the sewerage | - Construct ablution blocks |
| | urban and | distribution network | - Construct pit latrine and bathrooms at all |

| Sub- | Development | Priorities | Strategies |
|--------|-------------|---|--------------|
| sector | needs | | |
| | rural areas | - Expand the waste water treatment capacity | water points |

Energy, Environment, Natural Resources and Climate Change

| Energy - Environment, Natural Resources & Climate Change - | access to energy services | - Increase renewable energy sources | - Install Solar systems - Construct Biogas systems - Provide energy saving Jikos - Install solar street lights |
|--|---|---|--|
| Environment, Natural Resources & Climate | Increase access to energy services | renewable | Construct Biogas systemsProvide energy saving JikosInstall solar street lights |
| Environment, Natural Resources & Climate | access to energy services | renewable | Construct Biogas systemsProvide energy saving JikosInstall solar street lights |
| - | Improve protection and conservation of the environment Reduce adverse effects of | Reduce environmental degradation Strengthen natural resources management Improve vegetation cover Reduce environmental pollution Strengthen Climate resilient livelihoods | Install rural lighting solar mini-grids Planting of trees Rehabilitation of degraded areas Gabion construction Trainings on environmental protection & Natural Resources Management Fencing of cemeteries Reseeding rangelands Control of invasive species Establish hygienic solid waste disposal systems Formulation of policies and legislation on waste management Develop climate proofing projects |

3.1.4 LANDS, PHYSICAL PLANNING, ROADS, WORKS, URBAN DEVELOPMENT AND MUNICIPIAL ADMINISTRATION

Vision

A well planned highly connected and accessible territory with secure tenure for land and properties.

Mission

To promote efficient administration and management of land and facilitate access and interconnectivity for sustainable economic development

Goal

To have a properly planned county and urban spaces with smooth connectivity in access for the rural and urban areas

Sector Development Needs, Priorities and Strategies

| Sector/ Sub- | Development needs | Priorities | Strategies |
|---------------------------------------|--|---|--|
| sector | | | |
| Lands & Physical Planning | Comprehensive land management plan and secure land tenure system | Strengthen land management, land security and urban development | -To prepare the first County Spatial Plan -Register parcels with Title deedsUpdate, Improve & digitize land records -Purchasing strategic equipment and tools as well as recruiting staffDevelop digital land information system -Reduce land conflict through comprehensive planning, survey and proper record management |
| Roads and Infrastructure | To improve road transport mobility and accessibility by constructing new roads and upgrading existing ones | Increase access and connectivity through additional road network coverage. Increase mobility and reduce travel time and cost by upgrading existing roads to all weather roads. | - Construct new roads and improve existing ones enhancing both rural and urban connectivity and accessibility. |
| Public Works, Housing and Urban | Provision of mechanical, civil and electrical services to public | To improve the livelihoods of people living and working in urban spaces through | Invest in public works focusing on lighting of streets and other |

| Sector/ Sub- sector | Development needs | Priorities | Strategies |
|------------------------|-------------------|--|--|
| Development | infrastructure | formulation, coordination and implementation of proper housing and urban development policies. | public spaces, storm water drainage control and other works. - Provision of affordable housing units - Establish & enhance institutional capacity for service delivery by recruiting staff and purchase plants and machines. - Prepare and implement an urban development policy. |

3.1.5 Tourism, Wildlife, Trade, Public Service and County Administration-

Vision

A prime tourism destination, a leading trade and investment centre and vibrant county with renowned cooperative movement

Mission

To develop, manage, promote, co-ordinate and implement integrated socio-economic policies and programmes for a sustainable tourism and economic investments for development.

Sector Strategic Goals

The Sector works towards achievement of the following strategic goals;

- i. Tourism promotion, and conservation and development
- ii. Cooperative movement development
- iii. Savings and investment mobilization
- iv. Employment creation
- v. Industrial and entrepreneurship development
- vi. Trade development

Development Needs, Priorities and Strategies

Tourism and Trade

| Sub sector | Development needs | Priority | Strategies |
|------------|--|---|--|
| Tourism | Increase in tourism earnings, tourists' arrivals, ecological services, investments, tourism products and their security. Community participation in tourism management | - To strengthen tourism products and services in the county | Develop and enact tourism and wildlife management policies Rejuvenate collapsing tourism facilities Employ more tourism services and support personnel Construct new houses and rehabilitate the road networks Install communication and security systems in the national reserves, community conservancies and game parks. Purchase vehicles and other equipment needed for effective service provision Train wildlife personnel and county staff to offer better and improved services |
| Wildlife | Wildlife protection Wildlife ecology conservation | To strengthen wildlife protection and conserve biodiversity | Arm and kit rangers to protect the wildlife Install fences and secure gates |

| Sub sector | Development needs | Priority | Strategies |
|--------------|---|---|---|
| Trade | Investments and wealth creation in the county | To strengthen trade development in the county | Open new and more market opportunities Provide incentives to investors and entrepreneurs Train local citizens in business and enterprise |
| Cooperatives | Cooperative movement development Research for improvement Enhanced legal operating environment and compliance | - To strengthen the cooperative movement | Increase the number of cooperative societies in the county Increase the number of cooperative products in the county Enhance compliance to cooperative rules and regulations |
| Industries | Create industrial zones close to Isiolo town Develop industrial parks | - To increase the industrialization of the county | Demarcate industrial zones in the county Enact and industrialization policy for the county Map the sources of industrial raw materials Promote and attract investors |

Public Service Management and County Administration

| Subsector | Development Needs | Priorities | Strategies |
|---------------------------|---|---|---|
| County Administration | County Public Service Transformation Customer relationship management | Provide offices for administrators Enhance mobility of county public service | office infrastructure support and mobility County transport policy |
| Public service management | payroll management Staff capacity Development Improve county personnel Management | Human Resource training policy and strategic plan for public service Introduction of Staff performance contracting and performance appraisal Development of personnel succession plan Digitalization of staff management systems | Development of policies Performance contracting and performance appraisals to all county staff. Customer relationship management Putting all county personnel in integrated personnel and patrol base (IPPD) |

3.1.7 Finance, Economic Planning, ICT, Special Programme and Conflict Resolution

Vision

An efficient sector for county economic transformation

Mission

To provide an enabling environment for accelerated, sustained economic growth through prudent financial management, coordination in planning and policy formulation and tracking of results

Sector Priorities

- Improve, control and access to public financial services
- Strengthen economic planning, policy management and forecasting for county development
- Promotion of transparency and accountability in financial matters
- Improve fiscal resource mobilization and management
- Enhancement of institutional and human resource capacity for quality delivery of services

Goal

Evidence-based, effective policy and planning system that supports prudent financial management Sector Development Needs, Priorities and Strategies

Special Programmes and ICT

The sub-sector compositions are: Special Programmes and ICT.

Vision:

"An disaster free, informed, empowered county and automated County services"

Mission:

To be recognized as the most effective and efficient in Disaster Management and E-County in the region **Sector Goals:**

- i. Develop modern County ICT infrastructure for sustainable development;
- ii. To mobilize resources and build capacity for technical and professional staff development.

Sector Development Needs, Priorities and Strategies

| Sector | Development Needs | Priorities | Strategies |

3.1.9 The County Assembly

Introduction

The County Assembly is an arm of the County government responsible for legislation, representation and oversight over the executive. It enacts county laws and superintends over all the affairs of the county including receiving and approving development plans and policies of the county and is also responsible for approval of the county budgets and expenditures.

Vision

"An Effective and Efficient Institution in Legislation, Representation and Oversight"

Mission

To facilitate the Members of county assembly to efficiently and effectively fulfill their constitutional mandate in enhancing democracy in collaboration with executive

Goal

To be a supreme, effective, efficient and self-sustaining assembly as a major participant in the process of good governance

Mandate

The mandate of the County Assembly is drawn from Article 185 of chapter 11 of the Constitution. The assembly consists of elected and nominated members and the speaker, who is an ex-officio member. The following are the roles of the members of the County Assembly;

Vet and approve Nominees for appointment to county public offices as provided for in the County Government Act Number 17 of 2012.

Approve the budget and expenditure of the county government in accordance with Article 207 of the Constitution

Representation of the electorate

Approve the borrowing of the County government in accordance with article 212 of the Constitution and county development planning.

Legislative role as contemplated in Article 220(2) of the constitution, guided by Articles 201 and 203 of the constitution.

Oversight over the county executive committee and any other county executive organs

Development needs, Priorities and Strategies

| Development needs | Priorities | Strategies |
|--------------------------------------|---|---|
| Legislation Oversight Representation | Provide an enabling environment for the assembly to function effectively and efficiently. To ensure quality representation To establish adequate capacity to develop necessary County legislation To provide adequate oversight to the executive | Capacity building of County Assembly Members on oversight, legislation and representation function Drafting bills in consultation with County Departments |

3.2 Stakeholder Analysis

The County has a wide range of stakeholders who are responsible for prioritizing county programmes and projects while ensuring sustainability and ownership. Some also fund programmes and projects.

The major stakeholders and their roles are outlined in the table below.

| Stakeholder | Role/ Responsibility | | | | | | | |
|---|--|--|--|--|--|--|--|--|
| CDF/CDTF | Construction, rehabilitation, equipping of facilities in the county | | | | | | | |
| Civil Society Organizations | Promotion of good governance. | | | | | | | |
| Community/Citizen | Active participation in development and decision making and enhance sustainability of projects and programmes. Engage in conservation, and compliance and social audit. | | | | | | | |
| Development Committees | Plan and implement and monitor projects and programmes. | | | | | | | |
| Development Partners | Inject resources in form of credit, grants and material and technical support. | | | | | | | |
| Directorate of E-GOK | Facilitating provision of E-GOK services. | | | | | | | |
| Farmers' Organizations; SACCOs | Extension services, community and resource mobilization. | | | | | | | |
| Finance Institutions | Avail affordable credit; create awareness | | | | | | | |
| Gender Based organizations | Promote all-inclusive development, gender and human rights. | | | | | | | |
| Infrastructure Development Agencies | Promote construction, maintenance, expansion, safety and management of infrastructure. | | | | | | | |
| Kenya National Bureau of Statistics (KNBS) | Collection and dissemination of consumable data for planning purposes | | | | | | | |
| Kenya Tourism Board | Promote investment in conservation of tourist attraction areas/sites. | | | | | | | |
| National Aids Control Council | Provide policy guidance and support on HIV/AIDS. | | | | | | | |
| Enhance canacity of disabled person's organizations, institutions and individ | | | | | | | | |
| National Council for Persons with Disability | Support educational institutions for physically challenged | | | | | | | |
| National Government | Policy formulation, guidance, service provision, enforcement of rules and regulations. | | | | | | | |
| NEMA | Conduct Environmental audits (EAs) and prepare Environmental impact Assessment reports (EIAs). | | | | | | | |
| Out growers Companies | Provides farmers with credit for cane development, education, food crop farming and purchase of farm inputs. | | | | | | | |
| Parliament | Formulation and passage of national laws & policies, provision of conducive environment and offer oversight. | | | | | | | |
| | Partners in service provision; | | | | | | | |
| Private Sector | Employment creation; | | | | | | | |
| | Promotion of private enterprises and competition | | | | | | | |
| | Formulation of priorities. | | | | | | | |
| Processing and service Industries | Provides market directly and indirectly to a large number of producers; | | | | | | | |
| | Create employment opportunities. | | | | | | | |
| Red Cross | Provision of relief supplies during emergencies and disaster management | | | | | | | |
| Religious organizations | Participate in decision making | | | | | | | |
| Research Institutions | Undertaking research and dissemination of findings to all stakeholders. | | | | | | | |
| The National Government Parastatals and | To provide specialized services to the County citizens and also implement | | | | | | | |
| SAGAs | specific parliamentary acts. | | | | | | | |
| Trade Unions | Promotion of HR management & Development and welfare of workers. | | | | | | | |

SECTION FOUR

RESOURCE ALLOCATION

4.0 Resource Allocation Criteria

The sub sector programmes have been prioritized on the basis of:

- a) Linkage of the Programme with the objectives of the County Government, the Governor's Manifesto and the CIDP.
- b) Linkage of the programmes with other programmes;
- c) Special consideration given to the on-going programmes/projects;
- d) Degree to which the programmes were addressing core poverty interventions;
- e) Degree to which the programmes were addressing the core mandates of the sector departments;
- f) Expected outputs and outcomes from the programmes;
- g) Cost effectiveness and sustainability capacity of the programme and;

| County Assembly Services | 549,382,787 | 10% |
| Total | 5,515,493,120 | 100% |

4.4 Financial and Economic Environment

Isiolo County is affected by the existing economic situation which affects the satisfactory provision of efficient service delivery to its citizens. Isiolo County has over 65% of its population living below the poverty line according to the KNBS household demographic report 2015. The County is trying to respond to this situation by introduction of major programmes with an aim of improving the living standards of its population. Such programmes includes

Improvement of health services and infrastructure- The County government is on the process of improving health sector by providing ambulance services, child maternity programmes and reconstruction and equipping of hospital and health centres.

Social Safety Net- under this the county is set to start provision of universal health care programme to cover wider area of Isiolo population, Provision of bursaries for needy students, and responding to disasters and emergencies appropriately.

Infrastructure development- the county government together with national government is in the process of opening rural roads, upgrades urban gravel roads to bitumen standard, development of drainage systems in Isiolo town.

4.5 Risks, Assumptions and Mitigation measures

| Risk | Assumption | Mitigation measures |
|---|--|--|
| Internally, public expenditure pressures particularly wage related recurrent expenditures | | we shall revise again the macro framework and the Medium Term Sector Ceilings in the 2020/21 Budget |
| Local revenue shortfalls that continue to pose a fiscal risk | Expanded county own Revenue streams | Automation and creation of efficiency in revenue collection, management and reporting. Revenue Collection legislation Revenue Clinics to sensitize tax payers on the importance of self-compliance Profiling of revenue sources |
| Adverse Weather Conditions | Favorable Weather Conditions | Setting up disaster and emergency funds to address the weather changes effects and impacts |
| Impact of insecurity on tourism | Prevailing Security | Partner with the National Government in managing security issues in the County. |
| Capacity of the county staff to implement the programmes | Prevailing of lack of enough technical staff in county sectors | - Building capacities of the existing staff and recruitment of new staff |
| Political Stability | Enhanced political stability | - Be result-oriented and accountable to the public |
| Pending bills from the implementation of previous CIDP | - | - Strict adherence to plans and budgets |

CHAPTER FIVE:

MONITORING AND EVALUATION

5.1 Chapter Overview

The chapter explains how projects and programmes to be implemented during the plan period will be monitored and evaluated. It also outlines objectively verifiable indicators that will be used to monitor the progress of implementation of projects and programs

5.2 Monitoring

Monitoring is the process of continuously keeping track of implementation of a Programme or project activities within a period of time at specified intervals to assess progress. It entails collection and analysis of data to determine whether planned activities have been done. Monitoring of the entire process from planning, designing and implementation is very important as it keeps the planned activities in check, reduces duplication, wastages, allows for remedial measures to taken and ensures the projects/programmes delivery on time.

a) Monitoring and Evaluation Exercise

The Monitoring and Evaluation Unit in the department of Economic Planning will monitor progress of implementation of projects and programmes. The unit will carry out quarterly monitoring and evaluation of the progress of implementation of planned projects and prepare reports for submission to relevant personnel for action.

b) Review Meetings

After preparation of the monitoring report, there shall be review meetings to assess the report and map a way forward. This will keep the plans' activities and outputs on track during implementation, and enable the relevant personnel to identify and take necessary actions to address any emerging issues.

5.3 Evaluation

Evaluation entails checking the impacts the project/Programme activities has had on the community. It builds on the monitoring process by identifying the level of short to medium-term outcomes and long-term impacts achieved; the intended and unintended effects of these achievements; and approaches that are working well and those that do not work well.

The evaluation process will be done at the end of the plan period to ascertain the level of implementation of the Programmes and achievement of the plan objectives. This will involve checking on appropriateness, effectiveness, efficiency, lessons learnt and also provide feedback.

5.4 M&E Structure in the County

To ensure the required emphasis on M&E receives full attention from all county staff involved in its preparation and reporting, M&E targets and indicators should be linked directly to the performance management of the county, including Performance Contracts of CEC members and the work plans of chief officers and ministries. Quarterly performance reviews by ministry and for the entire county should be chaired by the CEC Member and the Governor respectively.

Schedule of Monitoring and Evaluation Committees

| Committee | Membership | Roles and Responsibilities | Frequency of Meetings |
|-----------|----------------|-------------------------------|-----------------------|
| County | Chair: | - Receive county M&E reports, | Annually |
| Assembly | County Speaker | review and present to the | |
| Committee | MCAs | County Assembly | |

| Committee | Membership | Roles and Responsibilities | Frequency of Meetings |
|------------------------------------|---|--|-----------------------|
| responsible for Finance & Planning | | | or meetings |
| County M&E Function | Chair: Governor or Deputy Governor In Governor's absence, or member of Executive Committee Nominated by the Governor. Membership: - County Executive Committee members or their Nominees in writing. Convenor: CEC member responsible for finance and economic planning functions at the county level. | Co-ordination of development activities and harmonization of services delivered in the county; Coordination of development activities in the county; Coordination of intergovernmental functions; and (Other functions provided for by or under any law. Receive M&E reports from CoMEC, review, endorse and pass to the County Assembly Committee responsible for Finance & Planning; and Give policy directions on M&E at the county level. | Quarterly |
| County Citizen Participation | Chair: CEC responsible for the topic of the forum. Membership Representatives of NGOs, and Civil Society Organizations. Representative of civil Society of Kenya. Representatives of rights of minorities, marginalized groups and communities. Representative of private sector business community. Development partners' representatives in the county. Convenor: Responsible CEC or Chief Officer. | Protect and promote the interest and rights of minorities, marginalized groups and communities and their access to relevant information Participate in process of formulating and implementing development CIDP projects and programs. Participate in establishing specific performance standards. Promote public-private partnerships and encourage direct dialogue and concerted action on sustainable development. Review and give feedback to M&E reports. | Annually |

| Committee | Membership | Roles and Responsibilities | Frequency |
|------------------------------------|---|--|-------------|
| | | D I CODD | of Meetings |
| 0 1 1105 | | - Develops and reviews CIDP | |
| County M&E Committee (CoMEC) | Co-Chairs: - County Secretary and senior representative of the national government Nominated by the County Commissioner in writing. Membership: - Heads of technical departments of the national government at county level - County chief officers - County Assembly Clerk - Court Registrar - Representatives from devolved funds - Technical Representatives managing all other Non-Devolved Funds in the County. Convenor: Chief Officer or county director responsible for Planning and M&E functions. | Oversee delivery, quality, timeliness and fitness for purpose of M&E reports. Drive service delivery through Performance Management and M&E. Receive, review and approve county and sub-county CIDP, Annual Development Plans, work plans, M&E work plans and M&E reports. Convening County Citizen Participation Fora. Mobilisation of resources to undertake M&E at county and sub-county level. Approve and endorse final county indicators. Submission of M&E reports to CEC, Council of Governors, constitutional offices and other relevant institutions, including MED. Dissemination of M&E reports and other findings to stakeholders, including to County Fora. | Quarterly |
| Technical | Chaired by: | - Prescribe methodologies on | Quarterly |
| Oversight | Chief Officer, or Director, Finance | evaluation. | |
| Committee | and Planning. Up to ten technical officers versed in M&E from a balanced group of county departments and Nondays leading department. | Provide expert advice and review of the M&E report before it is passed on to CoMEC for endorsement | |
| | devolved function department Convenor: Head of M&E Unit | | |
| Sector | Chair: | - Responsibility and frequency of | Quarterly |

| Committee | Membership | Roles and Responsibilities | Frequency |
|---|---|--|-------------|
| | | | of Meetings |
| Monitoring and Evaluation Committees (Optional) | A Chief Officer or Director from a relevant county department responsible for M&E. - Sector relevant county departments' Chief Officers, equivalent national government representative from that sector and sector relevant CSOs. Convenor: Chief Officer or Director of County Economic Planning Department. | SMEC at sector level in support of functions of CoMEC in county | |
| M&E Unit | Chair: Director of County Economic Planning Department. Membership: M&E Officers under Director of Economic Planning. Convenor: County M&E Officer (CoM&EO) | Provide technical support and coordination of CIMES, including its institutionalization within the county; Prepare periodic CIMES performance reports for presentation to CoMEC; Supporting the development of capacity for M&E through training, coaching and mentoring; Coordinate regular M&E reports produced within the county departments and other agencies resident in county. Support the implementation of the CIMES Guidelines and standards as the main M&E tool across the county Maintaining the support systems that underpin reporting, such as the monitoring website and database of M&E (annual progress reports, ADPs, findings and recommendations, metaevaluation data, etc.);and | Quarterly |

| Committee | Membership | Roles and Responsibilities | Frequency of Meetings |
|--|---|--|-----------------------|
| Service Delivery Secretariat (Optional) | Efficiency Officers reporting on behalf of each department to the Governor's Office. SDS members may be called upon to attend CoMEC meetings as information and evidence providers. | Systematically capture lessons learnt from successes and Failures Reports directly to the Governor's Office on service delivery and accountability issues to drive CIDP implementation and results. Provides real-time information for use by the CoMEC. Governor's office and chief officers do not need to wait for CoMEC vetted and approved reports to know the status of service delivery. However, the CoMEC is responsible for final vetting of | |
| | | reports for release to recipients | |

5.5 Reporting

Reporting is important in this process because it provides feedback to establish the challenges, successes and weaknesses in the implementation of various projects and programmes and whether the set objectives can be been achieved or are on course. Reports will be prepared and submitted to the County Planning Unit (CPU) in order prepare progress reports.

County, Sector and Sub-county Quarterly Monitoring and Evaluation Reports will be prepared and submitted on quarterly basis. A County Quarterly Monitoring and Evaluation Report (CQMER) and a County Half Year Monitoring and Evaluation Report will also be prepared to capture progress during a quarter period of the year and half period of the year respectively. Finally, a County Annual Monitoring and Evaluation Report (CAMER) is produced and submitted to the County Planning Unit for preparation of Annual Progress Report. These reports will outline in summary from projected targets achievements, facilitating factors and challenges faced. These reports prepared by CPU are for submission to the Governor's office for information, use and dissemination to the stakeholders. Issues requiring policy interventions will be submitted to the County Executive Committee for action.

5.6 Data Collection, Analysis and Reporting

The monitoring and evaluation exercise will be carried out by the officers from the County department of Economic Planning and Investments together with relevant technical officers from the implementing department and public works personnel where necessary. The exercise will entail physical observation of the projects and programmes being implemented, actual verification of items delivered where applicable and survey of stakeholders to ascertain the impact of the projects/programmes.

The Monitoring and Evaluation data will be analyzed and reports prepared for submission to the Governor for his information and appropriate action. These reports will outline in summary the period achievements, shortcomings, challenges faced and recommendations.

The reports shall be stored manually in the manual files as backups but shall also be stored electronically in the computers and retrieved when need arises. All implementation progress reports will be posted on the official County website for circulation and consumption by stakeholders.

The annexed tools will be used for data collection during the field exercise.

5.7 M & E Indicators

A list of indicators relating to the overall strategic objectives of the plan has been developed. This will enable the monitoring of the activities of the projects and programmes being implemented and provide information on whether the aims are being met.

The following are the indicators developed;

Table 49: Monitoring and Evaluation Matrix

| Sub Programme | Activities | Measurable Outputs | Key Measurable Outcome/output indicators | Baseline Outcome/ output Indicators (2020/21) | Measurable Outcome/ output Targets (2022/2023) | Remarks |
