FOREWORD

The County Government of Nyamira continues to implement comprehensive programmes to uplift the welfare of the people and ensure sustainable social, economic, environmental and political development. This County Annual Development Plan (CADP) for 2022/2023 marks the Fifth year of the implementation of the Second County Integrated Development Plan (CIDP), 2018-2022. The County Government of Nyamira will continue to implement comprehensive programmes targeting the "Big Four" agenda of the County. The CADP therefore will focus on programmes and projects that will help meet the aspirations of the people of Nyamira County which is realization of shared development and prosperity.

This County Annual Development Plan is developed pursuant to section 126 of the Public Finance Management Act (PFMA), 2012. The proposed priority programmes contained in the 2022/2023 Annual Development Plan intend to meet strategic sector objectives as stated in the departmental strategic plans for 2018-2022. These strategic plans are linked with the Nyamira CIDP 2018-2022, the third Medium Term Plan (2018-2022) and the Kenya Vision 2030. The implementation of the CADP is expected to stimulate economic growth and hence contribute to sustainable socio- economic development.

The aim of the 2022/2023 ADP is to set the pace for faster socio-economic development and sustainable growth through efficient and effective management of public resources. To achieve the envisaged performance, the CGN will step-up investment in the socio-economic sectors and physical infrastructure. Reforms in governance, public financial management, public service and business regulation complement this ADP. Once implemented, this will enhance the County's competitiveness to attract both domestic and foreign investors.

CPA EMILY MORAA ONGAGA
COUNTY EXECUTIVE COMMITTEE MEMBER,
FINANCE, ICT AND ECONOMIC PLANNING

ACKNOWLEDGEMENT

The Nyamira County Annual Development Plan (CADP) 2022/2023 outlines the broad strategic fiscal framework, together with a summary of county's spending plans, as a basis of 2022/2023 budget. The overriding policy thrust of the ADP is to sustain socio-economic growth of Nyamira County. The main focus is on infrastructural development and facilitating agricultural sector to promote productivity and build the resilience necessary for employment creation, food security and poverty reduction. Amongst the key priorities of the ADP is implementation of affordable health care system, infrastructure improvement, completion of flagship projects while at the same time ensuring ward based projects impact people's lives positively.

The preparation of the 2022/2023 ADP was achieved through consultation and co-operation between Department of Finance, ICT and Economic Planning and all other County Departments. Much of the information in this report was obtained from the County Government Departments. I therefore wish to acknowledge the valuable contribution of the Chief Officers and directors with the valuable guidance of the respective County Executive Committee Members.

We have also received inputs from the public during public participation that provided useful feedback and we wish to thank members of the community for their contribution as well as all those who participated in one way or the other. A core team in the County Economic Planning and budgeting Directorate provided secretariat services and coordinated the production of this Annual Development Plan. We are grateful for inputs from each and every one of the team members.

CPA DOMNIC OYUGI BARARE
COUNTY CHIEF OFFICER,
FINANCE, ICT AND ECONOMIC PLANNING

CHAPTER ONE

THE COUNTY GENERAL INFORMATION

1.0 INTRODUCTION

This chapter gives a brief overview of the county. It explains the background information, the County Annual Development Plan at aglance and the linkagages of the County Annual Development plan with other plans.

1.1 BACKGROUND INFORMATION

1.1.1 County Overview

Situated in the Western part of Kenya, Nyamira County has since evolved from different administrative creations and boundaries since independence. It is indeed formed part of one of the division of the larger Kisii district way back in 1970s. In 1987, the Nyamira as a divisional boundary was created a district which has since existed with four constituencies. The coming of the devolution in 2013, Nyamira forms part of the 47 County Governments with one extra Constituency created and 20 electoral wards. The Gusii Community predominantly occupies the county, however, the northern and eastern parts of the County has got some different ethnic significance being Luos and Kipsigis respectively. Agriculture is the County's economic backbone where 90% of its population is dependent on agricultural production and marketing directly and indirectly. It supports 80% of total employment opportunities in the county

1.1.2 County Position and size

Nyamira County is one of the forty seven Counties in Kenya. The County borders Homabay County to the north, Kisii County to the west, Bomet County to the south east and Kericho County to the east. The County covers an area of 899.4km2. It lies between latitude 00 30'and 00 45'south and between longitude 340 45' and 350 00' east. The County neither borders any international County nor does it have any major water bodies.

1.1.3 Physical and Natural Conditions

The County's topography is mostly hilly "Gusii highlands". The Kiabonyoru, Nyabisimba, Nkoora, Kemasare hills and the Manga ridge are the most predominant features in the county. The two topographic zones in the county lie between 1,250 m and 2,100 m above the sea level. The low zones comprise of swampy, wetlands and valley bottoms while the upper zones are dominated by the hills. The County is divided into two major agro-ecological zones. The highland (LH1 and LH2) covers 82 per

cent of the County while the upper midland zone (UM1, UM2 and UM3) covers the remaining 18 per cent. The county has a bimodal pattern of annual rainfall that is well distributed, reliable and adequate for a wide range of crops. Annual rainfall ranges between 1200 mm-2100 mm per annum. The maximum day and minimum night temperatures are normally between 28.7 °C and 10.1 °C respectively, resulting to an average normal temperature of 19.4 °C which is favourable for both agricultural and livestock production.

1.1.4 Administrative and Political Units

The National and the County governments are a creation of the Constitution of Kenya 2010. Administratively both the governments are divided into 5 sub-counties. Under the national government, the County is further divided into 14 divisions with 43 locations, 108 sub locations and 1,555 villages while the County government has got its administrative units further divided into 20 wards. Politically, the County is an electoral unit with one elected Governor and his deputy being the Chief executive of the County Government. There are six elected Members of the National Assembly, Four representing the County's four constituencies. The other two elected members represent the County at the senate and as women representative. The County also has twenty County Assembly Wards represented by the Members of the County Assembly.

1.1.5 Demographic Features

Using the 2009 Population and Housing Census report, the inter census population growth rate is estimated at 1.83 percent annually which is below the national growth rate at 3 percent. Based on this therefore, the population was projected to 731,368 with males being 350,918 and females being 380,450 during 2021. At the end of the 2022, the population is expected to increase to 758,381 with 363,879 and 394,502 being males and females respectively.

1.2 THE COUNTY ANNUAL DEVELOPMENT PLAN AT AGLANCE

1.2.1 Overview and County Strategic Objectives

The County Annual Development Plan sets out the County's priority programmes for implementation in the Financial Year 2022/2023 under the Medium Term Expenditure Framework. In reference to 2021 County Fiscal Strategy Paper, the Plan has been relying on the following broad strategic priority areas:

• Infrastructure Development: These include interventions in roads, energy (street lighting) and ICT development.

- Agriculture, Rural and Urban development: these include interventions like livestock, fisheries and agriculture, spatial planning and housing development.
- Water and Environment: these include interventions like spring protection, drilling of boreholes, wetlands conservation and promotion of bamboo tree planting.
- Health: Priorities in this sector include funding healthcare infrastructure, communicable and noncommunicable diseases and drugs.
- Social Sector: priority areas include education (ECDE & Youth polytechnics), Culture, Sports,
 Youth, Cooperatives, Trade development and opportunities for vulnerable members of our society.
- Enhancing Governance, Transparency and Accountability in the Delivery of Public Service

The aim of the proposed priority programmes contained in the 2022/2023 Annual Development Plan is to meet these key county strategic objectives. This will stimulate economic growth and hence contribute to sustainable socio economic development. These programmes are also consistent with the aspirations of our key policy documents such as the Second Medium Term Plan (2018-2022) of Kenya Vision 2030, Nyamira County Integrated Development Plan (2018-2022) and the respective County Departmental Strategic Plans 2018-2022

1.2.2 Legal basis for the preparation of the County Annual Development Plan 2022/2023

The Annual Development Plan (ADP) is prepared in reference to Section 126 (1) of Public Finance Management Act (PFM) 2012 stipulating that every County Government shall prepare a development plan in accordance with Article 220(2) of the Constitution, that includes;

- 1. strategic priorities for the medium term that reflect the county government's priorities and plans;
- 2. a description of how the county government is responding to changes in the financial and economic environment;
- 3. details of the strategic programmes to be delivered
- 4. the services or goods to be provided;
- 5. measurable indicators of performance where feasible and the budget allocated to the programme;
- 6. payments to be made on behalf of the county government, including details of any grants, benefits and subsidies that are to be paid;
- 7. a description of significant capital developments:

The County Executive Committee member responsible for planning shall prepare the development plan in accordance with the format prescribed by regulations. The County Executive Committee Member responsible for planning shall, not later than the 1st September in each year, submit the development

plan to the County Assembly for its approval, and send a copy to the Commission on Revenue Allocation and the National Treasury. The County Executive Committee Member responsible for planning shall publish and publicize the annual development plan within seven days after its submission to the county assembly.

1.3 COUNTY ANNUAL DEVELOPMENT PLAN LINKAGES WITH OTHER PLANS

1.3.1 Kenya Vision 2030 and its Medium Term Plans

Kenya's Vision 2030 is an economic blueprint that seeks to create "a globally competitive and prosperous nation with a high quality of life by 2030". The Vision aims to transform the country into a newly industrializing, middle income country providing a high quality of life to all its citizens in a clean and secure environment. The Vision is anchored on three key pillars: economic; social; and political. Kenya Vision 2030 is implemented through successive five years Medium Term Plans (MTP) at the national level while the County Integrated Development Plans implement it at the county level. The third MTP covers the period 2018-2022 and inspire second generation of County Integrated Development Plan 2018–2022. County Annual Development Plan is one year extract from The CIDP for County governments and is thus envisaged to support implementation of Vision 2030 projects that may be domiciled in or cut across the counties and further identify specific projects and programmes for implementation towards achievement of the National vision.

1.3.2 Linkage with Sectoral Plans

Part XI of the County Government Act 2012 has provided the broad framework and procedure for county planning. To this end section 109 of the County Government Act 2012 requires that a County department "shall develop a ten-year county Sectoral plan as component parts of the county integrated development plan". Additionally, the Sectoral plans shall contain programmes, costs and yardsticks for performance measures and management. County Annual Development Plan implements the CIDP for one year which contains programmes from the sector plans.

1.3.3 The National Spatial Plan (NSP) Framework

The National Spatial Plan (NSP) defines the general trend and direction of spatial development for the country. It is a Kenya Vision 2030 flagship project aiming at distributing the population and activities on the national space to sustainable socio-economic development. The NSP further provides a spatial structure that defines how the national space is going to be utilized for the realization of optimal and

sustainable use of our land. The Plan provides a spatial framework upon which the various Sectoral plans and policies will be anchored and is a basis for preparation of all other lower level plans. The NSP envisions spatial development of the country in a manner that promotes the competitiveness, prosperity and a high quality of life for the citizens in line with the aspirations of Kenya Vision 2030.

It is therefore, espoused that for Nyamira County to realize a balanced development and high quality of life for all county citizens, the CIDP will take key considerations on provisions in the various pieces of legislation as well strategies. The County Spatial plan will be driven by a policy framework that offers a platform for implementation of county projects with key object of promoting competiveness, economic efficiency, optimizing the use of land and natural resources, promoting balanced regional development and conserving the environment. By the time of the preparation of this CIDP, the County Government was in the process of developing a County Spatial Map. Most of the planning decisions were made on guidance from the physical plans which were ready. In this CIDP, the contributions of the county partial plan would be incorporated during its review.

1.3.4 The Integrated Green Economy Implementation Programme (IGEIP)

The IGEISP lays emphasis on mitigating the socio-economic challenges facing the achievement of the Kenya vision 2030. These are; food insecurity, poverty, inequalities, unemployment, poor infrastructure, environmental degradation, climate change and variability. The plan seeks to guide Kenya's transformational path way in five key areas namely; sustainable infrastructure development, building resilience, sustainable natural resources management, resource efficiency, social inclusion and sustainable livelihood. Implementation of this plan is guided by; Equity and social inclusion, resource efficiency, Polluter-Pays-Principle, precautionary principle, good governance and public participation. This CADP 2022/2023 has borrowed greatly from these principles as it has integrated them and measures put in place to provide adequate resources towards its achievement.

1.3.5 African Agenda 2063

The African Union developed a road map for "an integrated, prosperous and peaceful Africa, driven by its own citizens and representing a dynamic force in the international arena". This agenda has become the overarching guide for the future of the African continent. The shared common vision of African states is as follows:

• A prosperous Africa based on inclusive growth and sustainable development;

- An integrated continent, politically united, based on the ideals of Pan Africanism and the vision of Africa's renaissance;
- An Africa of good governance, respect for human rights, justice and the rule of law;
- A peaceful and secure Africa;
- An Africa with a strong cultural identity, common heritage, values and ethics;
- An Africa whose development is people-driven, relying on the potential of African people, especially its women and youth, and caring for children; and
- Africa as a strong, united, resilient and influential global player and partner.

The Agenda lays emphasis on a strong desire to see a continent where women and the youth have guarantees of fundamental freedoms to contribute and benefit from a different, better and dynamic Africa by 2063, and where women and youth assume leading roles in growth and transformation of African societies. This will steer the continent to prosperity, well-being, unity and integration, freedom and security. These aspirations will inform strategy formulation and programs developed in both the CIDP and CADP.

1.3.6 County Annual Development Plan linkage with the Sustainable Development Goals

The Sustainable Development Goals are a new set of goals, targets and indicators that UN member states committed to guide their developmental and political agenda over the next 15 years through to 2030. They are a universal call to action to end poverty, protect the planet and ensure that all people enjoy peace and prosperity (UNDP). The sustainable development envisaged under the SDG platform targets three major dimensions namely economic, social and environment. The SDGs replace and build on the gains of the MDGs (Millennium Development Goals) while including new areas like climate change, economic inequality, innovation, sustainable consumption, peace and justice among other emerging priorities. CADP will then address these advocacies through its programmes.

CHAPTER TWO

REVIEW OF THE COUNTY ANNUAL DEVELOPMENT PLAN 2020/2021

2.0 INTRODUCTION

This chapter explains the analysis of the revenue performance in 2020/2021, analysis of the expenditure performance in 2020/2021 and the Programme achevements versus the planned targets in the period under review.

2.1 ANALYSIS OF THE COUNTY REVENUE PERFORMANCE 2020/2021

Table 1 below illustrates the revenues performances during the F/Y 2020/2021.

GFS CODING	REVENUE SOURCES	BUDGET ESTIMATE	ACTUAL RECIPTS	REVENUE PERFORMANCE
		2020/2021	2020/2021	
9910201	Unspent Balances	855,779,664	855,779,664	100%
9910201	Equitable share	4,810,800,000	4,810,800,000	100%
Various	Own Source Revenue	250,000,000	168,276,586	67%
	TOTAL	5,916,579,664	5,834,856,250	99%
ADDITIONAL	TRANSFERS FROM NATIONAL GOVERNMENT	•		
1330301	Development of youth polytechnics Grant	60,409,894	60,409,894	100%
1330404	Compensation user fee forgone	13,175,221	13,175,221	100%
3111504	Roads maintenance levy fund	146,215,617	146,215,617	100%
	TOTAL	219,800,732	219,800,732	100%
CAPITAL GRA	ANTS FROM DEVELOPMENT PARTNERS			
1320101	World Bank Loan for National and Rural inclusive growth project	198,509,110	175,682,713	89%
1320101	Kenya Urban Support Programme (KUSP UDG)	114,705,300	30,479,584	27%
1320101	World Bank grant (THSUC)	278,847,760	278,585,188	100%
1320101	World Bank grant (KDSP)	45,000,000	45,000,000	100%
1540701	DANIDA	13,680,000	13,680,000	100%
1320101	Agricultural Sector Development Support Programme II	13,125,036	12,625,861	96%
	TOTAL	663,867,206	556,053,346	84%
TOTAL	GRAND TOTAL	6,800,247,602	6,610,710,328	97%

Sources: County Treasury 2021

2.1.1 Average Revenue Performance

Generally, the revnue performance in the county was satisfactory excellent at 97%., an improvement from 96% in the financial year 2019/2020. The 3% shortfall was attributed to the shortfall in capital grants from the Development partners and the county own source revenue.

2.1.2 Unspent Balances

The unspent balances included in the 2020/2021 financial year budget were the opening balances of the 2019/2020 financial year. The amount was then realised to atune of 100%. The opening balances comprised of the conditional grants from the CRF account, The Conditional Grants from the special purpose accounts and the exchequer releases which were then attached to pending bills and obligations appropriated in the first supplementary budget 2020/2021.

2.1.3 Equitable share

The performance of the expected equitable share was satisfactorily perfect to 100%. However it is important to note that the exchequer release for the fourth quarter amounting to an estimated amount of Ksh.410 Million was later received in July 2021.

2.1.4 Local revenue

A total of Ksh. 168,276,586 was realised against a target of Ksh.250,000,000, indicating a performance of 67%. This is decrease from the previous performance of 74% in the financial year 2019/2020 at Ksh. 187,324,098. Covid-19 pandemic adversely affected revenues collected from avenues such as markets and businesses licensing since most of them were shut down or downsized. Detaild of the revenue streams performance and factors which affected their performance will be explained in the coming County Budget Outlook Paper 2021.

2.1.5 Additional Transfers from National Government

Averagely all the conditional grants were received at 100% of the targeted transfers.

2.1.6 Capital Grants from Development partners

The performance of the Capital grants was averagely received at 84% an incresase from 59% the previous year. This signifies a revenue shortfall at 16% which has already been appropriated as part of the opening balances for The F/Y 2021/2022.

2.2 ANALYSIS OF EXPENDITURE PERFORMANCE 2020/2021

Table 2 belows illustrates the expenditure performance by the departments

Vote No	Departments	Recurrent Estimate	Actual Expenditure	% Performanc e	Development estimate	Actual Expenditure	% Performan mce
		2020/2021	2020/2021	2020/2021	2020/2021	2020/2021	2020/2021

		Total budget	6,800,247,602				
		Actaul Expenditure	5,672,662,829				
		Absorption rate	83%				
		development absorption	65%				
		Recurrent absorption	92%				

Sources: County Treasury 2021

2.2.1 Expenditure Trends

The total expenditure for the entire year was Ksh.5,672,662,829 against a budget target of Ksh. 6,800,247,602. This represented an absorption rate of 83% a reduction in performance from 86% the previous financial year. The underperformance of 17% is attributed to the revenue shortfall on the local revenue target and capital grants from the development partner.

2.2.2 Expenditure trend in recurrent

The total recurrent expenditure for the year under review was Ksh. 4,276,650,981 against an estimated Ksh 4,657,803,571, representing a performance of 92%. The underperformance of 8% is attributed to the revenue shortfall on the local revenue target capital grants from the development partner.

2.2.3 Expenditure trend in Development

The total development expenditure for the year under review was Ksh. 1,396,011,848 against an estimated Ksh. 2,142,444,031, representing a performance of 65%. The underperformance of 35% is attributed to the revenue shortfall on the local revenue target capital grants from the development partner.

2.3 ANALYSIS OF KEY PROGRAMME ACHIEVEMENTS VERSUS PLANNED TARGETS

This section gives highlights on departmental achievements, challenges and way forward and sector performance for programmes and projects in financial year 2020/2021.

2.3.1 THE COUNTY ASSEMBLY

2.3.1.1 Summarry of the achievements

The County Assembly achievements were: successfully enacted of bills and passed several Motions and Resolutions for the County Executive implementation. The County Assembly also approved several public appointments as provided for by the Constitution of 2010 and the County Government Act, 2012. In addition, pursuant to its constitutional mandate of oversight, the County Assembly through its' various Sectoral Committees enhanced the involvement of citizens through public participation on legislations and policies developed.

During the same period, induction and Capacity building of MCAs on parliamentary Affairs and Legislation was greatly enhanced which led to Certification of 36 MCAs on Parliamentary Affairs. The Capacity Building Staff on respective fields was also improved.

The major achievements under infrastructure in 2020/2021 financial year include:

- Construction of car park, perimeter wall and Gate House to the County Assembly.
- Construction of the modern offices and committee rooms
- Septic Tank, Water Tank & Ablution Block.

- Installation Indoor of Air Conditioner Unit.
- Construction of the County Assembly Headquarters

2.3.1.2 Challenges and wayforward

- Delayed exchequer releases and that the County Treasury should ensure compliance with the disbudrsment rerquirements
- Inadequate capacity and skills and theat the department to employ enough staffs and train them on budget execution
- IFMIS related capacity and infrastructural challenges/gaps and that the County needs to enhance capacity building of the county staffs on the IFMIS, provision of enough infrastructures and enhancing of the network to avoid financial delays
- Weak Vote book management and that County Treasury to ensure strict budget execution by strengthening vote books controls
- Delays in preparation of the cash flow projections and procurement plans and that County Treasury to ensure timely preparation and submission of the said plans.

2.3.2 THE COUNTY EXECUTIVE

2.3.2.1 Summary of Achievements

- Policy planning and governance of the entire Executive Arm
- Coordinated Advisory and Communication services
- Technical Support Services to the departments i.e publicity and Gazettment of legislation
- Preparation of plans, M&E and Budgeting
- Facilitated training and conference attendance of ECM members and senior staff
- Participated in intergovernmental relations through Council of Governors
- Renovation of the various office blocks to accommodate County staffs
- Rolled out communication and information services in the county
- Coordinated performance management through results oriented scheme

2.3.2.2 Challenges and way forward

 Delayed exchequer releases and that the County Treasury should ensure compliance with the disbudrsment rerquirements • Inadequate capacity and skills and theat the department to employ enough staffs and train them on budget execution

2.3.3 DEPARTMENT OF FINANCE, ICT AND ECONOMIC PLANNING

2.3.3.1 Summary of Achievements

- Automation of Revenue sources
- Prepared 2021/2022 the Annual Development Plan.
- Prepared 2020 County Budget Review Outlook Paper.
- Prepared the 1stsupplementary budget 2020/2021.
- Prepared the 2nd supplementary budget 2020/2021.
- Prepared the County Fiscal Strategy Paper 2021.
- Prepared the programme based budget 2021/2022.
- Collected local revenue atr Ksh. 168,276,586
- Conducted risk management and special audit and value for money in 13 County entities.
- Procured goods and services for 13 County entities
- Conducted quarterly financial review in 10 departments of the County executive
- Construction of a container building for County Information and Documentation Centre
- Printed and published the planning and budget documents in the County Information and Documentation Centre

2.3.3.2 Challenges and way forward

- Delayed exchequer releases and that the County Treasury should ensure compliance with the disbudrsment requirements
- Inadequate capacity and skills and theat the department to employ enough staffs and train them on budget execution
- Weak Monitoring and Evaluation systems and that the County to strengthen monitoring and evaluation units
- Limited involvement of the community in development activity and that the county to actively involve the community in the management of the projects and programmes
- IFMIS related capacity and infrastructural challenges/gaps and that the County needs to enhance capacity building of the county staffs on the IFMIS, provision of enough infrastructures and enhancing of the network to avoid financial delays

- Weak Vote book management and that County Treasury to ensure strict budget execution by strengthening vote books controls
- low revenue collection and that County Treasury to put in place mechanisms like proper enforcements, restructuring of revenue controls, mapping the revenue sources and enactment of relevant legislations.
- Over centralization of the County Treasury and that decentralization of treasury services to the Sub-Counties would be essential.
- some of the programs and projects proposed by departments are not reflected in the CIDP, CFSP and strategic plans and that Budgeting process should be aligned to the above stated documents

2.3.3.3 Sector performance 2020/2021

a) Details of non-capital projects

- Pre-feasibility studies on projects
- Monitoring and Evaluation
- County Planning and Budget processing
- County internal auditing
- County resource mobilization and administration
- Information, Communication and Technology services
- Revenue Automation

b) Details of on-going projects

Construction of the County Information and Documentation Centre.

c) Details of completed projects

Automation of revenue

Renovation of the IFAD building phase 1

2.3.4 DEPARTMENT OF AGRICULTURE, LIVESTOCK AND FISHERIES DEVELOPMENT

2.3.4.1 Summary of achievements

- Successful organization and implementation of the Commercial bee production in Nyamira County. A total of 30 beehives farmers groups were trained.
- Successful implementation of Commercial Pasture and fodder production project in the County. Where 8,000 bales of hay were produced earning farmers.
- Promotion and commercialization of the Local poultry upgrading project across the County. On this project, 60 groups were trained and 2,380 chicks distributed.
- Supported the marketing of livestock products in the County by supporting establishment of a milk cooling facility in Kineni area of Esise ward, supporting establishment of a honey processing plant in Nyamusi area of Bokeira ward and supporting 80 dairy groups with trainings and demonstration materials for milk value addition.
- Successful organization and implementation of the county wide heat synchronization and insemination program. 2,000 cows were inseminated.
- Countywide vaccination of livestock where a total of 31,488 livestock and 1,222 pets were vaccinated.
- Have successfully managed Meat Inspection services in all the five sub counties whereby 16,094 carcasses were inspected.
- Promotion and commercialization of fish farming where 22 fishponds were constructed by farmers and stocked with fingerlings.
- 2,000 farmers trained on fish farming.
- 9,200 tissue culture bananas distributed to 90 farmer groups across the entire County.
- 7,500 avocado seedlings distributed to 75 farmers groups in the county
- 80 Green houses are in Production of Horticultural Crops and individual farmers upscaling the technology with their own resources.
- 44 local vegetable farmers groups were trained across the 20 Nyamira County Wards.
- 4 Value chain farmers platforms formed in the County with their membership drawn from the wards and sub Counties.
- 135 CiG groups supported with NARIGP grants valued at Kshs 58.4Million

2.3.4.2 Challenges and wayforward

Challenges	Way forward
Inadequate funding	Increase funding for departmental operations and new projects financing
Inadequate means of transport means at the County and Sub County Levels.	Purchase motor vehicles for officers at the County and Sub County levels for activities follow ups. This can be done through a mortgage arrangement for staff
Shortage of Adequate technical staff in the department.	Promotions for already employed staff, and employment of more technical staffs.
Inferior fish seeds/fingerlings among the fish farmers	Capacity building of farmers on benefits of using certified fish seeds
Inadequate authenticated fish feeds for production	Capacity building on fish feeds formulation technologies and transfer
Inadequate office space at County, Sub- counties and wards	Construction of more offices at ward and sub counties
Cross County Cattle theft.	Enhancement of Security Along the Nyamira county boundaries to curb cattle theft.
Climatic Changes due to Global warming leading to unpredictable weather patterns.	Capacity building of farmers on the risks involved and environmental conservation.
High farmers' expectations after devolution.	Capacity building the farmers on the roles of County Governments.
Disease out breaks- Crops and Livestock diseases.	Capacity building farmers on disease control measures and Stocking of adequate vaccines at all times.

2.3.4.3 Sector Performance 2020/2021

a) Completed Projects

SNO .	Project / Programme	Objectives	Duration of project		project n (Wards)		Tot al Cos t	Cummulat ive expenditur e	Sourc e of Funds	Status %	Expected results	Remarks
			Fro m	To								
1	Tissue Culture Bananas promotion	Improved quality of Banana production	2018	2022	All wards	2M	1M	CGN	66.7	9,2000 plantlets distributed	Inadequate funding	
2	Poultry Production promotion	Improved nutrition and income	2018	2022	All wards	2.5 M	2M	CGN	62.5	200 groups reached	Inadequate funding	
3	Fodder and Pasture Production	Better animal manageme nt	2018	2022	All wards	1M	0.3M	CGN	50.0	80 groups supported	Inadequate funding	
4	Fish production thro fingerlings provision	Improved nutrition and income	2018	2022	All wards	4M	3M	CGN	42.9	100 ponds stocked	Inadequate funding	
5	Milk marketing and value addition	Improved nutrition and income	2018	2022	All wards	1M	0.2M	CGN	66.7	30 CIGs supported	Inadequate funding	
6	Commercializat ion of Local vegetables	Improved nutrition and income	2018	2022	All wards	1M	0.3M	CGN	50.0	60 groups reached	Inadequate funding	
7	Artificial Insemination for improved milk production	Improved animal manageme nt	2018	2022	All wards	3M	2.5M	CGN	76.7	40,000 animals served	Inadequate funding	
8	Animal Vaccination and meat hygiene	Improved animal manageme nt	2018	2022	All wards	4M	2M	CGN	70.0	100,000 animals vaccinated	Inadequate funding	
9	NARIGP	Increased productivit y and profitability	2018	2021	All ward	600 M	208M	WB	86.7	27,200 farmers reached	Delayed National start up	
10	ASDSP	Improved livelihoods and investments	2018	2022	All wards	60 M	29M	SIDA	75.6	4 value chains developed	Delayed County contributio n to start up	

b) Details of the ongoing projects

SNO.	Project / Programme	Projected Duration of project implementation		Location (Sub- County / Ward)	Contractor	Total Amount	Expenditure to date	Status of project	Remarks
		From	To						
1	ASDSP II – SIDA	2018	2023	All wards	none	90M	29M	On-going	Farmers capacity building

2.3.5 DEPARTMENT OF ENVIRONMENT, WATER, ENERGY AND NATURAL RESOURCES

2.3.5.1 Summary of Achievements

- The department managed to complete 94 springs which were procured in the year 2019/2020 and were completed in the financial year 2020/2021. In the financial year 2020/2021, 156 springs were procured towards the end of the financial year and are currently ongoing.
- The department undertook to complete bore holes that were previously drilled and capped and other medium water suppliers that were not completed. These were 8 in number being: Bosiango borehole, Enchoro borehole, extenstion of pipeline to Sitipale, completion of Kemasare water project, completion of Bomwagamo Water project, completion of Masosa water project and Rehabilitation of Esani and Machuririati water projects.
- The department together with Lake Victoria South Water Works Development Agency (LVSWWDA), completed Nyamira Water Supply. The following works were undertaken: treatment plant, intake unit installation of new pumps. The other main works include construction of 3no 500m3 storage tanks to increase storage capacity and serve more people, construction of 5 ablution blocks and expansion/ rehabilitation of pipelines from Nyamira to Kebirigo and Rangenyo. Other Works by LVSWWDA included drilling of Nyamusi borehole, Nyamatuta borehole, Gitwere borehole and St. Pauls Gekano secondary borehole.
- The department managed to complete 94 springs which were procured in the year 2019/2020 and were completed in the financial year 2020/2021. In the financial year 2020/2021, 156 springs were procured towards the end of the financial year and are currently ongoing
- The department undertook to complete bore holes that were previously drilled and capped and other medium water suppliers that were not completed. - The department together with Lake Victoria South Water Works Development Agency (LVSWWDA), completed Nyamira Water Supply. The following works were undertaken: treatment plant, intake unit installation of new pumps. The other main works include construction of 3no 500m3 storage tanks to increase storage capacity and serve more people, construction of 5 ablution blocks and expansion/ rehabilitation of pipelines from Nyamira to Kebirigo and Rangenyo. Other Works by LVSWWDA included drilling of Nyamusi borehole, Nyamatuta borehole, Gitwere borehole and St. Pauls Gekano secondary borehole.

2.3.5.2 Challenges and way forward

Challenges / Constraints	Way forward
 Inadequate funding; Environmental degradation; Encroachment of water catchments. Lack of local ownership for the projects, Planting of blue gum trees at river / stream banks, water catchments and springs. Existing water supplies systems are overstretched and cannot supply enough water for the increasing population. Supply of piped water is limited to few market centers. Inadequate baseline data and information on KPI, Ineffective planning including rates of access to water resources. Poor storage; Inadequate skills and staff shortages, financial constraints Continued degradation of the water catchment areas Delay in payment of contractors thus hindering project completion rate Political incitement Frequent supplementary budgets 	 Mobilize more resources from partners-NGOs, water service provider, private sector; Community sensitization against encroachment in water catchments; Protect more springs and rehabilitate and expand existing water facilities. Policy formulation Promote and use appropriate technologies Improved management. Community Participation in the management of water resources through formulation of Water Users Association (WUAs) and collaborate with WARMA to form WRUAs for catchment protection Prompt payment of contractors to avoid litigation in future Carry out baseline survey to identify number of households with access to safe water Carry out comprehensive rehabilitation of existing water works to increase water production Increase water coverage in the rural areas Collaborate with other stakeholders for resource mobilization to fund water supplies Limit number of supplementary budgets to enable departments plan properly

2.3.6 DEPARTMENT OF EDUCATION AND VOCATIONAL TRAINING

2.3.6.1 **Summarry of achievements 2020/2021**

- Completion of previous 2018/2019 ECDE projects
- Development of ECDE policy (at zero draft)
- Training of Trainers on CBC
- Procurement of teaching/ learning support materials
- Renewal of contracts for 412 ECDE teachers

2.3.6.2 Challenges, lessons learnt and way forward

	Challenges, lessons learnt and way to		Way forward and
	Challenges/milestones	Lessons Learnt	Way forward and Recommendations
1	Low enrollment in VTC	Construct of VTCs workshop and ECDE classrooms	26 VTCs instructors in contract yet to be renewed
2	Aging staff in ECDE	Renewal of contractor 412 ECDE teachers	Capacity gaps 200 instructors, quality assurance is law
3	ECDE teachers are on contract which leads to low motivation and learning disruption during terminations	Successful encrollments of ECDE teacher in pension schemes (CPF)	20 wards QAs missing
4	Poor and dilapidated in frustrations especially in ECDE centres		4 sub-county program officers needed
5	Lack of furniture in both ECDE and VTCs		Law enrollment in VTCs due staff
6	Inadequate learning and instructional materials and equipment in both ECDE and VTCs		Boarding facilities attract trainers from outside county and from far distant areas within the County
7	Accumulated salary arrears for ECDE teachers		Provide for budget to these arreas
8	Unpaid service gratuity for ECDE phase 1 teachers		Provide for Budget for these services
9	Poor system of revenue collection		Improved system of revenue collection
	Voluntary Vocational Training centres		
	Lack of instructors	High work load for other instructors	Employ more instructors
	Lack of /or inappropriate furniture	Low morale to the staff	Procurement of furniture
	Subordinate staff not paid	Low morale to the staff	Allocate funds to pay salaries and wages for the staff

2.3.6.3 Sector Performance 2020/2021

2.3.7 DEPARTMENT OF HEALTH SERVICCES

2.3.7.1 Summarry of the achievements in the Financial year 2020/2021

- Support supervisions were conducted in all health facilities by SCHMTs and CHMT
- All new projects were executed and majority are nearing completion
- Multiyear projects are at various stages of completion
- Conducted 14,925 (71%) skilled care deliveries in health facilities
- The number of Women of reproductive age receiving family planning commodities were 120,336 (90.3%)
- Number of pregnant women attending at least 4 ANC visits were 15,024 (72%)
- Children under 1 year of age fully immunized were 19,312 (98.7%)

2.3.7.2 Challenges, lessons learnt and way forward

CHALLENGES/MILESTONES	LESSONS LEARNT	WAY FORWARD AND RECOMMENDATIONS
Shortage of health specialists especially Surgeon, radiologists, obstetricians/Gynecologists, critical care nurses, that has hampered access to specialist health services leading more expenditure on referrals	Access to specialist health services for all can be achieved by allocating more resources for recruitment of more specialist staff and training staff	Allocate more resources for recruitment and staff training
Financing for service delivery especially medical supplies was inadequate affecting service delivery and revenue collection	Adequate health financing is crucial in optimizing service delivery. This directly influences health outcomes and local revenue in health	Budget allocation for medical commodities should be voted separately from the operations and maintenance
Stock outs for essential medicines and non- pharmaceuticals was still a challenge during the reporting period	There is need to allocate more resources for essential medicines and non-pharmaceuticals	Lobby for adequate budgetary support to enable upward revision of drawing rights for the health facilities in order to

		improve commodity security
Some health facilities that were structurally	There is a mismatch in human	Budgetary support for urgent
completed could not be operationalized	resources for health requirements and	recruitment of health workers
	infrastructural expansion	
Staff promotions and re-designation delayed	Staff motivation is vital in ensuring	Lobby for resources and work with

2.3.8 DEPARTMENT OF LANDS, HOUSING, PHYSICAL PLANNING AND URBAN DEVELOPMENT

2.3.8.1 Major achievements in financial year 2020/2021

- Establishment and operationalization of Nyamira Municipality
- Continued implementation of a multi-year flagship project construction of the county headquarters to accommodate county executive staffs.
- Construction of bodaboda sheds
- Started preparation of County Spatial Plan
- Beaconing and demarcation of public land

2.3.8.2 Departmental Challenges and way forward

- The department has a serious shortage of technical staff and therefore recommends for employment of staff as per the proposed cadres in the departments proposed structure. As well, the Municipality shall require staff that can aid the operationalization of the transferred functions.
- Some staff members deployed in the department as enforcement officers but lack the technical skills especially in the development control sector. They should therefore be sent for capacity building trainings to acquire the relevant skills needed for them to be relevant to the department.
- Adequate budget to be provided for in capital project, County Headquarters to ensure the project in complete within the stipulated period of 3 years. Inadequate finances especially in carrying out major projects such as housing projects and development plans have previously affected service delivery by the department.
- The department carries most of its work in the field yet has no vehicles to carry out survey work and development control. Frequent and consist field inspections, capacity building through training and recruitment of skilled staff shall enhance revenue.
- Reallocations are carried out without the accounting officer's authority hence affecting the department's programmes.
- The construction of motor-bike sheds over the last 4 years presented a huge inspection and execution challenge due to siting on road reserves that are on continuous improvement, high cost of inspection and acceptance compromising the logic of value for resources spent and the duration of implementation. There are unnecessary pending bills spanning over 4 years due to inspection and acceptance logistical issues.
- County Departments to share with the Department of Land, Housing, Physical Planning and Urban Development on potential investment options to ensure adequate land scouting,

advisory and integration to spatial development plan proposals. e.g the case of a slaughterhouse proposed for Metamaywa and Nyansiongo area.

2.3.8.3 Sector performance

a) Non-capital projects/Programmes

Programme	Key Outcome	Key performance indicators	Annual Target	Annual Achievement 2020/21	Remarks
General administration, policy and support services	Payment of salaries and wages	Payrolls run	12	12	100% achieved
	Payment of utilities and bills	Monthly utilities and bills paid	12	12	100% achieved

b) Complete and On-Going Projects and Programmes

Project/ Programm e name	Location	Objective	Year / date start s	Year / date of completio n	Total cost of the proje ct	Sourc e of funds	Cumulativ e expenditur e/ commitme nt	Implementa tion status (% completion)	Remarks/ challenges

2.3.9 DEPARTMENT OF TRANSPORT, ROADS AND PUBLIC WORKS

2.3.9.1 Achievements in financial year 2020/2021

- 30 KM Roads Opened, 117.1km graded & 60km roads constructed to gravel standards
- 166.70 KM Roads Rehabilitated & Maintained with culverts and drainage system.
- No. of plant and machinery maintained 5
- 4 box culverts constructed
- 385 Metres of pipe culverts constructed
- 205 projects designed
- 195 projects supervised
- 75 Private projects approved for construction

2.3.9.2 Departmental Challenges and way forward

The overall challenges affected the departments in implementing the CIDP includes;

- Inadequate staff capacity which needs to be enhanced in terms of number and professional development
- Insufficient machinery and equipment
- Inadequate road management and control systems (axle road) in rural roads
- Unfavorable rainfall rains patterns (heavy down pour and floods) posing challenge to roads maintenance
- Tendency of encroachment to road reserves by public
- Delays in resolving disputes, property titles and political issues hindering long term investments

2.3.10 DEPARTMENT OF TRADE, TOURISM AND COOPERATIVE DEVELOPMENT

2.3.10.1 Summarry of the achievements in financial year 2020/2021

- To provide a good environment for traders to operate from, the department constructed market shades at Moturumesi, Riakimai, Gesima, Nyaronde, Obwari/Ekerenyo, Tinga and fenced Kemera.It improved sanitation in markets by constructing toilets at Chepngombe, Nyasore, Gesima and Kemera.Modern kiosks and shoe shine kiosks were done in Township and kebirigo.
- In preparation for the establishment of Industrial Park, the department fenced Sironga for the same
- Carried out two eighty five (85) inspections to ensure uniformity of traders weighing & measuring equipment. (2) Investigations for complaints on inaccurate use of weighing and measuring equipment and (1500) verification of traders weighing and measuring equipment.

- 120 fuel dispensing pumps calibrated
- 5 Identified, inspected and approved one weighing and measuring equipment repairers workshops
- One Cooperative society's inspections so as to increase on corporate governance.
- Three By laws for three (3) cooperative societies amended so as to adhere to changing needs of societies.
- Attended to 4 market committees complaints

2.3.10.2 Sector challenges

	CHALLENGES	WAY FORWARD
1	Inadequate funding	Upscale the budget during supplementary budget
2	Delay of prerequisite policy/legislation	the department is in the process of completing the formulation of policies and drafting relevant legislation i.e. the co-operative policy, County co-operative law, co-operative development fund bill ,Market development and management policy
3	Inadequate technical staffs	The supplementary budget to factor the cost of recruiting more technical staff at least 2 tourism officer, 1 co-operative officer and 1 trade officer
4	Inadequate means of transport	Procure more vehicle and repair existing one vehicle which are grounded
5	Inadequate weighing and measuring standards	Procure more standards
6	Inadequate office spaces	Allocate more offices.
8	Inadequate departmental representation in sub-counties	Recruit more technical staffs

2.3.10.4 Sector programme performance

a) Completed projects

No	Project/Progra mme name	Locatio n	Objectives	Year/Dat e started	Year/D ate of comple tion	Total cost of the project	Sour ce of fund s	Commulative expenditure/ commitment	Implem entatio n status

2.3.11 DEPARTMENT OF YOUTH, GENDER, CULTURE AND SOCIAL SERVICES

2.3.11.1 Major achievements for the financial year 2020-2021

- Implemented various sports programs, eg, participation in sporting activities, talent a academy trainings.
- Implemented various Cultural activities such as participation and holding cultural council of elders meetings.
- Registered sports and cultural groups.
- Developed strategic departmental plans
- Continuation of the construction of Manga stadium pavilion, running track and football pitch
- Levelling of Nyamaiya stadium through MTEF
- Continuation of training and talent search at the talent academy at Kiendege high school which has an enrolment of 171 students
- Construction and completion of the staff twin house at the talent academy.
- Registration of sports clubs, cultural groups besides providing support to the same.
- Other achievements included mainstreaming persons with disabilities into sports activities and purchase and provision of sports equipment to clubs partnered with BETIKA for football tournament.
- Yearly licensing and control of alcohol premises
- Provision of Library services
- Paid Rent for the library and the cultural group (Council of elders and liquor premises)
- Collaboration/partnership with other development partners such as ISF (anti FGM and GBV), TEAM in Youth empowerment
- Celebration of International day for PWDs

2.3.11.2 Challenges, lessons learnt and way forward

Challenge	Lessons learnt	Way forward
Late release of funds	Budgeting cycle always	Timely release of funds
	take a long time.	
Delayed procurement process	Procurement process	Start procurement process early to
	take long time	enable completion.
Budget Execution- The budget is not implemented as per	There will always be	Stick to work plans
the Department's Work Plan.	interruptions on budget	
	execution.	
Bureaucratic processes in accessing funds	Bureaucracies will	Streamline financial process
	always exist in systems	
Interruptions from Covid 19 pandemic	Pandemics can occur	Emphasis on mitigation measures
	any time in society	
Inadequate technical staff	Staffing planning is	Realign staff according to their skills,
	important	experiences and expertise.
		Recruit enough technical staff
Excessive expectations from the stakeholders	Expectations should be	Create awareness on the role of the
	managed	department

2.3.11.3 Sector programme performance

a) Non capital projects/programmes e.g preparation of Annual Development plan

Sub Programme	Key outcomes/out puts	Key Performance Indicators	Annual Target	Annual Achieveme nt 2020/2021	Remarks

5.	Sports Equipment	Ekerenyo	500,000.00
6.	Fencing of stadium	22	760,000.00

2.3.12 THE COUNTY PUBLIC SERVICE BOARD

2.3.12.1 *Summarry of achievements in f/y 2020/2021*

- The Board had competitively recruited various statutory and non-statutory office bearers as hereunder:
- The County Secretary
- 10 County Chief Officers
- Approved appointment of Governor's and Deputy Governor's appointee; Chief of Staff,Legal Advisor,Economic Advisor,Political Advisor,Senior office Administrator, Director Governor's Press Service, Liason Officer, Personal Assistant, Deputy Governor's PA.
- UHC Health officers
- Medical Interns
- Renewed contract for 499 ECDE Teachers
- Sensitized the County Staff on the declaration of Assets and Liabilities
- Approved promotion and designations for the county staff from different Department as recommended by the County Human Resource Advisory Committee(CHRAC)
- Purchase of 10 seater Van for secretariat use
- Purchase of official car for Chairman
- Submitted annual reports to the assembly

2.3.12.2 Departmental major challenges and the way forward

i. Strained Service Delivery:

The Secretary/CEO's Accounting officer roles were transferred to the junior officer contrary to Section 148(2) of the PFM Act 2021 which provides that the person responsible for the administration of a County Government Entity Shall be the Accounting officer responsible for managing the finances of that entity. This has hampered and negatively affected service delivery to the public. All interventions should be put in place to ensure all relevant offices perform their assigned duties according to law established to reduce conflicts.

ii. Lack of Training funds

The CPSB and the secretariat staff is expected to attend training programmes. This has not happened due to lack of funds. We need to be allocated training fund of at least ksh.100m to be able to capacity- build the CPSB members as well as the secretariat and the other public officers.

2.3.12.3 Sector Programme Performance

a) Non Capital projects/Programmes

Programme	Key output	Key Performance Indicators	Annual Target	Annual Achievement 2019/2020	Remarks
SP.11 General administration and support	County public service board staff well remunerated	Number of staffs well remunerated	22	22	
services	18 utilities and bill paid	Number of Utilities and bills [aid	18	18	
	1 office assets and equipments purchased	Number of office assets and equipments purchased	1	1	
	15 office assets and other inventories maintained	Number of assets and other inventories maintained	15	15	
SP.1.2 Policy and planning	Staff trained and capacity build	Number of staff trained	22	12	Lack of adequate budget

2.3.13 PUBLIC SERVICE MANAGEMENT

2.3.13.1 Summary of achievements

- Installation of payroll infrastructure to ease payroll processing and ease of access to information.
- Payment of some of the pending bills for the department.
- Timely processing of the payroll and subsequent payment of salaries to county staff.
- Reinstatement of officers who had been cleared by various ad-hoc committees. The officers had been stopped due to various reasons.
- Identification of County staff by use of staff identification cards.

2.3.13.2 Challenges and way forward

- Staffing levels, capacity and competency
- Uncoordinated staff trainings
- Inadequate result based performance management appraisal
- Office space
- Weak inter-governmental relations
- Slow decentralization of administrative structures
- Weak institutional framework of public participation
- Inadequate facilitation of field coordination and administration services
- High wage bill

- Capacity challenges in terms of a substantive County Director Human Resource Management, Payroll manager and payroll staff.
- High Pending bills that were amounting to over ksh. 12 million.
- Lack of funding of field activities i.e. Sub-County and Ward offices.
- Lack of budgeting for salaries as staff work in one department and get paid from another department.
- Security of the HRM office and payroll section in particular
- Huge death gratuity benefits to benevolent families
- Week surveillance, patrols, supervision and enforcement of county programs.
- Lack of communication bill and policy
- Inadequate working equipment
- Lack of essential enablers of Public Participation
- Weak ICT infrastructure and capacity.

WAY FORWARD

- Implementation of recommendations arising from the Staff skills audit Report (realignment of staff skills to functions)
- Develop policy and guidelines on staff transfers and deployment, Recruitment of additional staff and continuous training and development
- Institutionalize framework for staff training and development, centrally undertake staff training need assessment.
- Disseminate approved Bills & policies.
- Functionalize performance management, for County Executive Departments.
- Construction of twin wards offices.
- Operationalize county inter-governmental forum. Adequate funding of intergovernmental activities
- Decentralize and unbundle administrative structures to the lowest level (village)
- Establishment of a county staff welfare association.

- Factoring of pending bills in the supplementary budget FY 2020/21 in order to eliminate
 or reduce pending bills. Training officers at Government institutions after payment of
 training fees.
- Factoring field activities in the next budget for the Department.
- Aligning staff pay-points with the departments they work in.
- Securing of the HRM offices. Plans are already underway to install metallic grill doors at the payroll section.
- Purchase of communication gadgets for surveillance, purchase of surveillance vehicle, uniforms and identification cards for officers. Restructuring and training of enforcement officers.
- Finalize the communication bill and policy.
- Production of documentaries on developmental activities, branding.
- Establish appropriate enablers of public participation which includes: Rolling out civic education curriculum.
- Mapping out sectoral working groups, development of support program and building capacity.
- Installation of Radio Calls
- Installation Biometric System
- Installation of Data Record Management systems
- Recruitment of critical personnel, development of policy, and identification of programmes

2.3.14 NYAMIRA MUNICIPALITY

2.3.14.1 Summarry of the achievements in financial year 2019/2020

Nyamira municipality had one project for FY 2019/2020 which was: upgrading to bitumen standard of (B5) Borabu Inn – Golan Heights Resort – Juakali – Nyamira Boys – (B5) Nyabite market. In the FY 2020/2021 also, we had three (3) projects which were: (Upgrading to Bitumen standards of Public works – CDF Offices – Hospital gate Junction), Purchase of skip loader and 20 bins and supply, delivery, Installation & commissioning of solar powered streetlights within Nyamira Municipality.

Activities which were done in 2020/2021 on the road included:

- Setting out of the road centerline which was completed for the whole road.
- Taking joint original ground levels (OGL) on cut to spoil sections.
- Taking of the culvert invert levels for cross pipe culverts.
- Taking joint measurement of the existing cross pipe culverts.
- Taking joint measurement on earthworks; benches, cuts and fill and on bottom subgrade and sub base levels.
- Benchmarking and peer learning of the board members and management
- Nyamira Municipality Spatial Plan was on-going
- Pre feasibility studies on the projects were done
- Preparation of 2020/2021 Municipal Annual Investment plan

2.3.14.2 Challenges and way forward

- The timely project progression was mainly affected by continuous heavy rainfall (wet weather conditions) in the project area, thus affecting earthworks construction and possible future delaying completion of the road to bitumen standard. This was solved by having to work in extra hours to cover for time lost.
- The presence of electric power poles, water mains and telecommunication cables on the carriageway has been hindering the processing of earthworks since there was a delay with the concerned utility companies having to relocate them. However, after various follow ups and reminders, the concerned authorities dealt with the relocations.

- The current COVID 19 pandemic also posed a challenge especially on the number of
 work force that could be at work at a given time. There has been a lot of sensitization on
 ground concerning the situation and workers have been provided with the necessary
 PPEs.
- Transfer of Municipal function has been delayed
- Completion of the Municipality spatial plan is behind schedule due to late disbursement of funds and COVID-19 pandemic however the contractor has provided new measures to be followed especially in addressing planned activities such as stakeholder forums by use of print media, radio and electronic correspondences to ensure work is done to completion with the given timelines.
- Purchase of skip loader and skip bins was affected by late disbursement of funds

2.3.14.3 Sector Pefryomenace

a) Non-capital projects/Programmes

Sub programme	Key outcomes	Key performance indicators	Annual target	Achievement	Remarks
General administration and support services	Payment of salaries and	Payrolls run	4	4	100% achieved
	Payment of utilities and bills	Monthly utilities and bills paid	4	4	100% achieved

b) Complete and On-Going Projects and Programmes

Project (as per plan/budget)	Budget	Expenditure	Performance/Execution	Assessment of progress	Comments
Upgrading to bitumen standards of (B5) Borabu Inn – Golan Heights Resort – Juakali – Nyamira Boys – (B5) Nyabite market. FY 2018/2019	104,373,213.30	73,374,368.86	70.30%	Ongoing	Contract was extended to 5th February 2021
Municipal Spatial plan	10,900,000.32	9,810,000	90%	Ongoing	Contract extended to 20 th August 2021
Project carried forward from FY 2019/2020 (Upgrading to Bitumen standards of Public works – CDF Offices – Hospital gate Junction)	82,859,330.47	0	0	Ongoing	Work in Progress
Purchase of skip loader	18,840,000	0	0	Contract awarded	Affected by late disbursement of funds

Overall physical progress of the project (Upgrading to bitumen standards of (B5) Borabu Inn – Golan Heights Resort – Juakali – Nyamira Boys – (B5) Nyabite market FY 2018/2019) stood at 70.3% as at 30th June, 2021 and for the second road: (Upgrading to Bitumen standards of Public works – CDF Offices – Hospital gate Junction FY 2019/2020) stood at 10% as at 30th June, 2021.

CHAPTER THREE

SECTORAL STRATEGIC PRIORITIES, PROGRAMMES AND PROJECTS FOR FY 2022/2023

3.0 INTRODUCTION

This canapter gives a detailed analysis of the strategic priorities, programmes and projects for the 2022/2023 Financial Year.

3.1 PUBLIC ADMINISTRATION AND INTERNATIONAL RELATIONS

3.1.1 Sector Composition

The sector is composed of the following sub-sectors; Finance, ICT and Economic Planning, Governor's office (Executive), County Assembly, County Public Service Board and Public Service Management.

3.1.2 Sector vision, mission and Goal

Vision

A leading sector in public policy formulation, implementation, coordination, supervision and prudent resource management

Mission

To provide leadership and policy direction in resources mobilization and management for quality public service delivery.

Goal

Enhanced management of public resources, policy formulation and implementation for economic development and safeguarding of the county government interests.

3.1.3 Sector Development Needs, Priorities and Strategies

Sub-	Issues/Probl	Causes	Development	Priorities	Potential Strategic Policy
sector	ems		needs		Thrust
Finance and Plannin g	Low local revenue collection	Inadequate local revenue administrati on and manageme nt	Enhanced local revenue collection to fund development projects in the county	Automation of county revenue collection process Strengthen revenue administration and management	bills and other revenue administration legislations
	Weak coordination of county planning process	Inadequate county planning statistics	Statistics to guide on program/project formulation	Strengthening of county statistical formulation framework	KNBS periodical statistical publications
		Poor	Information for	Establish County information	ICT policy

		county information and documentat ion system	decision making	and documentation centre	
	Poor budget formulation and execution		Monitoring and evaluation of county projects for value of money	Strengthen county monitoring and evaluation framework	NIMES and e-PROMIS
		Low capacity of department s to implement the budget	Delivery of budgetary objectives	Pre-feasibility studies at project initiation	Formulation of budget implementation policy
	High risk in budget implementati on& financial management	Inadequate capacity	Audits and financial controls for value for money	Up scaling county quality assurance and control services	PFM Act 2012 IFMIS
	Insufficient management Inadequate ca		Supply chain management for sourcing of goods and services	Improve supply chain management process	Public procurement and disposal act 2015
The executiv e (govern ors office)	Hosing for accommod ation		Improve tracking and public reporting mechanism of county programmes to ensure promotion of accountability.	Improve tracking and public reporting mechanism of county programmes to ensure promotion of accountability.	Developing public grievances handling mechanism
Public Service Manage ment	Poor Facilitation Lack of office space Policy on administrati on Decentraliz ation is only up to the ward government	Vehicles are inadequate equate No office space Absence of policy on administratio n	Provide infrastructure Provide office space Establish M & E Develop communication system committees		
	Information manageme nt is uncoordinat ed	Poor record management Performance	County registry system Record management centre Transformation of public service	Provide offices for administrators Transformation of public service Enhance mobility of county public service Betting, Licensing, Gaming, Alcoholic Drinks Regulation and Control.	
			Payroll management Development of a comprehensive Human Resource training. Policy and action plan for public	Payroll management Development of a comprehensive Human Resource training policy and strategic plan for public service Staff performance contracting and performance appraisal

3.2 AGRICULTURE, RURAL AND URBAN DEVELOPMENT

3.2.1 Sector Composition

This sector comprises of the following Sub-Sectors: Agriculture, Livestock, Fisheries, Lands, Housing and Urban Development as well as Nyamira Municipal Board.

3.2.2 Sector Vision, Mission and Goal

An innovative, commercially-oriented and modern Agriculture and Rural Development Sector

Mission

To improve livelihoods of Kenyans through promotion of competitive agriculture and innovative research, sustainable livestock and fisheries development

Sector Goal

Increasing food security, rural income and employment creation.

3.2.3 Sector Development needs, Priorities and Strategies

Major Issues/Prob lems	Causes	Developme nt Objective	Immediate Objective	Existing opportunities/ strengths within the sector	Strategies
Poor waste and drainage managemen t	Uncontrolled urban population. Lack of sewerage system. Poor drainage systems. Inadequate policies Inadequate working tools, equipment and protective gears. Unskilled staff. Lack of enough machinery. Poor infrastructure. Lack of adequate dumping sites. Lack of public awareness	Develop functional waste and drainage managemen t systems in urban areas	Controlled urban population. Construction of modern sewerage system. Construction and opening the drainage systems. Formulate adequate policies. Provide working tools, equipment and protective gears. Provision for staff training. Purchase enough machinery. Opening up the streets. Acquire adequate dumping sites Sensitize the public	Decentralization of services to rural areas. Existing budget Existing water channels Existing policies Improvise working tools, equipment and protective gears. Use available trained staff. Existing machinery. Existing streets and foot paths. Temporary dumping sites. Existing directorate of public participation.	Decentralize services to rural areas. Construction and maintenance of modern functional sewerage systems. Construction and maintenance of functional drainage systems. Formulate adequate policies. Procure and purchase adequate working tools, equipment and protective gears. Implement staff training mechanism. Procure and maintain the machineries. Opening and maintaining the streets. Purchase land and construct modern land fields. Organize public participation foras
Inadequate supply of houses	Lack of land for expansion Increased urban population. Poor planning. Lack of housing policy. Encroachment on public land by private developers. High cost of construction materials	Provision of adequate, affordable modern housing for Nyamira residence	Construction of storied apartments Controlled mobility. Provide proper planning guidelines. Provide housing policies. Protect public land from encroachment. Source for appropriate building materials and technologies.	Exiting staff houses Decentralize services to rural areas. Existing planning policies. Existing housing policies. Use the existing laws and regulations. Locally available materials	Purchase /acquire land for housing development. Decentralize services to rural areas. Formulate regulatory framework. Formulate new policies and regulation interventions in improving the housing situation. Enforcement of existing survey and mapping through compulsory acquisition and eviction. Promote use of locally available appropriate building materials and technologies
Inadequate social amenities such as recreational facilities, cemeteries and crematoriu m	Poor planning. Lack of land. Lack of political good will. Lack of prioritization. Inadequate resource mobilization	Provision of adequate social amenities	Provide adequate planning. Source for land. Involve political class. Prioritize Mobilize resources	Existing policies and regulations. Purchase/acquire land. Involve the county assembly members. Involve the existing technical staff. Existing Government land	Formulate policies and legislation to guide in planning. Buy land from private owners and secure government land Sensitize politicians and stakeholders. Implement the projects as prioritized

					Source for external partners
Inadequate infrastructur es	Change in climate. Encroachment on road reserves Vandalism Inadequate planning Lack of policies	Provide adequate infrastructu res	Put in place mitigation measures Reclaim the encroached road reserves. Enforce security laws. Provide proper planning. Provide adequate planning	Available metrological data. Existing laws and regulations. Available expertise. Existing policies	Involve the metrological department and other technicians. Formulate policies and regulations
Inadequate equipment and technical staff to carry out survey services	Scarcity of resources Inadequate planning. Lack of GIS lab. An informed leadership	Provide equipment and technical staff	Mobilization of resources Provide planning strategies. Provide GIS lab Sensitize the leaders	Existing staff Existing policies. Process of establishing GIS is on-going. Existing department of public participation	Engage public private partnership and source for technical staff. Formulate proper planning policies. Accelerate the process. Capacity build the leadership
Inadequate spatial planning and developmen t controls	Lack of modern technology. Inadequate transport. Inadequate technical staff. Inadequate planning policy framework. Lack of updated development and zones such as agricultural land, institutions. Improper land tenure systems/scarcity of land limits some of the common standards requirement for planning	Provide an appropriate spatial framework within sustainable developme nt can take place.	Provide modern technological equipment. Provide adequate transport Source for technical staff. Provide adequate planning policies. Update development and zones. Provide proper land tenure policies	Existing modern technology. Existing vehicle. Existing staff. Existing planning policies. Existing updated development and zones. Existing land tenure systems	Procure modern technological equipment. Procure and maintain reliable system. Formulate and implement adequate policy framework. Prepare plans for various towns and market centers and update the outdated ones. Encourage stakeholders to join schemes and formulate policies to guide the planning

3.3 SECTOR: ENERGY, INFRASTRUCTURE, AND ICT

3.3.1 Sector Compostion: This sector includes the following Sub-sector which form the above sector include; Roads, Transport & public works

3.3.2 Sector Vision, Mission and Goal

Vision: A World class provider of cost-effective physical and infrastructure facilities and services.

Mission: It is committed in providing efficient and high quality transport system, roads infrastructure and public works through environmental friendly and cost-effective construction, maintenance and management for socio-economic development.

3.3.3 Sub-Sector Development needs, Priorities and Strategies

Programme	Issue/Proble ms	Causes	Develop ment Objectiv e	Immediate Objective	Existing opportuniti es/ strengrths with the sectors	Strategies
Road Transport	High traffic in the town area;	Limited parking space within towns Narrow roads to accomodate the increasing traffic Uplanned urban development limiting space for road expansion	Reduce traffic jam in the central area	Organize adequate parking area Expand the main urban roads	Existence of enfircement officers	Construct more parking lots Construct extra BACK streets to off load traffic & open existing narrow roads Control urban development

Programme	Issue/Proble	Causes	Develop	Immediate	Existing	Strategies
	ms		ment Objectiv	Objective	opportuniti es/	
			e		strengrths	
					with the sectors	
	Poor road transport network	Gullies & Potholes in existing roads on road sections Lack of an effective and connected road hierarchy in urban and rural areas	Ensure passable and safe road network Improve road network in the county	Minimise the existence of gullies and potholes in our county roads Enhance efficiency in urban and rural road networks	Existing of roads Existing road design & Maintainan ce manuals Financial support from KRB	Undertake regular Routine Maintenance on the roads that are in a good condition (maintainable network). Spot Improve bad sections of the good roads to consolidate the maintainable network. Partial rehabilitation of prioritised links in order to improve connectivity and provide access to the majority of the population Construct bridges
	Vandalisatio n of road	Lack of awareness	Ensure sustanai	Reduction of vandalism	Existence of road manual	and drainage systems at appropriate points and junctions where there is no road continuity. Replace missing road furniture
	furniture		bity of safety to road users		& road safety guidelines & policy	Install new road furniture Provide sustainable budget Hold public awareness meeting
	Poor Drainage system	Heavy and irregular rains Dumping of solid waste on drains Blocking existing culverts	Ensuring proper drainage systems	Reduce cases of drainage destruction	Existing roads Existing designs manuals	Maintain the drainage systems regulary Constuct new culverts at appropriate points Introduce new drainage systems where needed Unblock any blocked existing drainage system
	Road classification	Unclear classification of roads	Increase classifie d roads networks	Carry road inventory survey of unclassified roads in the county	Available Roads database of classified roads at KRB Initial Classificati on guidelines	Carry road inventory survey of all roads in the county Policy review on road classification
	Inadequate road	Inadequate machineries for the	Cover the	Procure enough machinery for	Acquired: Two	To procure: Prime mover.

Programme	Issue/Proble ms	Causes	Develop ment Objectiv e	Immediate Objective	Existing opportuniti es/ strengrths with the sectors	Strategies
	maintenance equipment.	expanse area.	entire area in road networki ng.	opening and maintenance of roads.	graders Excavator Wheel loader Four tippers Two backhoes Two single drum rollers. Wheeled Low bed	Excavator Shavel Tippers
Public works	Delay of Design of government buildings Uncontrolled development of Buildings	Facilitation in the design & printing of documents Lack coordination on deparments involved	Provide facilitati on and design equipme nts Develop a Policy on develop ment controlle d and manage ment	Provide facilitation & purchase design machinery	Technical staff Design Computers & Software	Employ more technical staff Purchase design machinery and equipments Establish onestop development controll
Mechanical Services	Inadequate servicing and longer period of service & maintenance of motor vehicle and machineries	No modern workshop, tool and equipment. Changing technology. Regular breakdown of motor vehicles and equipments. Inadequate maintenance funds.	Adequat e servicing of motor vehicles and road maintena nce equipme nt.	Acquire space for modern workshop. Acquire modern workshop. Acquire modern workshop tools and equipment. Quick response to breakdowns. Periodical trainings for technicians and operators for advancing technologies. Allocate enough resources for maintenance and emergency breakdowns.	Ready working technical team. Some workshop tools.	Acquire space for building workshop. Build a modern workshop. Purchase workshop tools and equipment e.g. diagnosis machines, hoist etc. Train personnel over changing technology. Acquire mobile workshop and service van. Budget for maintenance to be increased.
Human resource development	Human resource capacity	Low skills	Improve employe e skills	Ensure efficient service delivery	Skilled manpowet in the job market	Train existing staff Fill the employee gaps

3.5 SECTOR NAME: EDUCATION

3.5.1 Sector Composition: The sector comprises of Early Childhood development education (ECDE) & Childcare Centers (CCC), County Polytechnics & Home Craft Centers (HCC), Adult Education, Special Education Youth Empowerment.

3.5.2 Sector Vision, Mission and Goal

A globally competitive education training, research and innovation for sustainable development

Mission

To provide, promote and coordinate quality education and training, integration of science, technology and innovation in sustainable socio-economic development process.

Sub sector goal

By 2030, every child has access to free quality Early Childhood Development and Education.

3.5.2 Sector Development needs, Priorities and Strategies

Sub-Sector	Issues/problems	Causes	Development Needs	Priorities	Potential Strategic Policy Thrust
ECDE & CCC	Low Access, Equity and quality of ECDE learners	Low parental and community awareness importance of ECDE High Cost of ECDE. Neglect of special needs learners. Long distance between ECDE centres. Lack of feeding program /school milk.	Increase demand for ECDE programs	Improve planning on access, equity and quality of ECDE.	To provide quality education
	Inadequate and Poor Infrastructural Development	Inadequate ECDE classes Un-conducive learning environment Poor sanitation Scarcity of land for child care centers Scarcity of land for establishment of an ECDE college. Lack of clean drinking water Unsuitable ECDE furniture	Improve Infrastructure, sanitation and water supply facilities.	Enhance funding on infrastructural development	
	Quality Assurance and Standards	Limited dissemination of information on policy, service standard guidelines and curriculum Inadequate coordination of service provision Inequitable distribution and access to services Inadequate learning and teaching materials Inappropriate teaching methods Parents understanding of the importance of ECD and the level of their involvement in the children's learning and development. Inadequate supervision and monitoring of	Provision of holistic service to ECDE learners for optima development outcome	Enhance quality assurance, audit , control and development in ECDE	To provide an independent assessment of the ECD institutions' strengths and weaknesses in order to inform BOMs, Parents, Staff and other key stakeholders about their Quality, Relevance and Standards of education being offered in the Centers and what needs to be done to improve the same.

		curriculum delivery			
		Lack of relevance with regard to content and delivery The rise of "for profit" institutions			
	Teacher management	No scheme of service Obsolete curriculum	Teachers handling ECDE learners must have undertaken a two year pre service or inservice course in ECDE and must have attained a certificate from KNEC or any other recognized university.	Enhance collaboration with KICD and other stakeholders to conduct capacity building for ECDE teachers and trainers.	Provide scheme of service for ECDE and enhance teacher's supervision. Do capacity building on new curriculum
	Administration and planning	Inadequate staffing Inadequate resource allocation Poor coordination of ECD services among service providers Inadequate County ECD standards and guidelines	Procure sufficient office equipment and work tools Adequate ECDE staff Promote good health, growth and development of ECDE learners.	Provision for an institutional frame work that entails the administrative and management structures that will ensure effective	To put in place institutional framework that entails the administrative and management structures that will ensure effective and equitable access to quality and affordable ECDE services at all levels.
VOCATIONAL EDUCATION & TRAINING	Infrastructural Development	Inadequate & standard infrastructure Lack of title deeds Inadequate furniture, tools and equipment. Lack of proper water storage facilities Lack of proper sanitation	Establishment of adequate infrastructure. Provision of land title deeds Provision of adequate furniture tools and equipment. Provision of clean drinking water. Provision of electricity Provision of special need trainee infrastructure	Refurbishment/build and maintain existing infrastructure Increasing enrolment Utilization of development partners /donors Develop a policy in county polytechnics Utilization of available resources	Acquisition of title deeds for County Polytechnics. Repairing and maintaining of tools and equipment. Provision of adequate and appropriate infrastructure, tools and equipment in county Polytechnics. Collaboration with other relevant ministries, development partners, private sector, parastatals and other stake holders to target CPs in development programs such as access roads, rural.

Γ	I		T	
Curriculum Implementation & Quality Assurance	Lack of market driven skills in training Lack of special need trainee programs Obsolete curriculum Lack of incubators in county polytechnics Lack of adequate instructional materials Low level of female enrolment in TVET in non-Traditional Occupations.	Provision of market oriented skills Provision of special need trainee programs Update curriculum Provision of incubators in county polytechnics Provision of adequate training materials Cultural and social perceptions of women roles within the home and economy	Involvement and engagement of stakeholders Utilization of developmental partners /donors Identification and nurturing of talents Motivate female students to undertake male dominated skills	Provision of recreational facilities. Work in partnership with parents, communities, private sector and development partners in the provision of adequate infrastructure, tools and equipment. Entrenching entrepreneurship, life skills and ICT programs in CPs. Comply with the systems of assessment of competencies to promote mobility and linkages for entry and reentry into the system. Encouraging the culture of innovation and creativity Establishment of County Polytechnic incubators and showrooms for their products Establishment of Quality Assurance and Standards unit at the County and sub-county levels Introduction of gender sensitive teaching methodologies
Leadership and governance	Lack of stakeholder involvement in the governance of county polytechnics.	Promote stakeholder involvement Provision of legal mechanism for community corporate	Involvement of stakeholders Utilization of available resources Existence of legal	Develop a policy for the Appointment of Board of management.
	Lack of legal mechanism for Community corporate ownership of county Polytechnics.	ownership of county polytechnics Establishment of sub county and ward polytechnic staff Development of a policy for BOM	mechanism for community corporate ownership of county polytechnics Existence of national youth	Apply for licensing and registration of county. Polytechnics in accordance with the provisions of

		Lack of Sub-county	appointment	policy	the relevant
		and ward polytechnics staff. Lack of policy for the Appointment of Board of management. Inadequate capacity building in county polytechnics management	аррошинси	poncy	legislation. Recruitment of sub-county and ward polytechnic officers.
	Policy ,Planning And Support Services	Lack of modern industry driven curriculum. Lack of industry validated standards. Lack of Government coordination and communication stakeholders	Improve linkage between skills and industry to incorporate the needs of the industry	Adapt National Government policies. Use existing standards from the National Government Develop policies as need arises	Link training skills and industry. Map the needs of the industry in training Engagement of government and industry. Develop Competence Based Training CBT curriculum
Youth Empowerment (YE)	Construction of incubation centers	Lack of incubation centers in the entire county	To spur economic growth and development. To enable trainees continue enhancing their skills after completion of their trades. Enable youths to better their skills and become self-reliant.	Tertiary institutions	National and county government
	Crime and Drugs		Eliminate idleness Reduce poverty levels	Taken to training centers	National and county government
	Health related Problems		Eliminate Drugs and substance abuse among youths. Do away with High independency syndrome. Enhance Food security.	Rehabilitation centers in hospitals	National and county government
	Limited access to ICT		Enhance internet connectivity. Create more jobs for the youths	At empowerment centers	National and county government

b) New Project Proposals

Program: Vocational training centers Projects in 2022/2023

PROJECT NAME	LOCATION	PROJECT DESCRIPTION	AMOUNTS
Improving ICT Infratructure network	Magombo at Kenyerere Polytechnic	Establish an ICT and Information Center & Training	5,000,000
	Magombo at Nyamanagu Polytechnic	Training of Youth Groups on Driving & Motor-cycle Licensing	2,000,000
	Magombo	Training of women groups on catering and hair dressing	2,000,000
	Magombo at Kenyerere Ploytechnic	Construction of Boarding facilities; Ladies and Men Hostels	6,000,000
Bursaries	Magombo	Bursaries to needy students in Polytechnics	4,000,000
	Magombo	Bursaries to needy students in Secondary and Colleges/Universities	8,000,000
	Nyansiongo poly	Construction and refurbishment	3,000,000
Bursery	Nyansiongo	All ward secondary/primary	6,000,000
Home craft centers	Kemera at Riombati Home craft center	Construction Home craft centers	15,000,000
Bursary	Kemera	Provision of Bursary to need Children	8,000,000
Bursaries	Bonyamatuta	Bursaries to needy students in Secondary and Colleges/Universities	10,000,000
Bursaries	Esise	Bursaries to needy students in Secondary and Colleges/Universities	4,450,000
Bursary	Township	Issue bursaries to learners	8,000,000
Bursary Fund	Manga	Issuance of Bursary to the needy(Polytechnics & high school)	6,000,000
Construction and renovation of polytechnic	Manga	3 polytechnic across the ward @1,000,000	3,000,000
Bursaries	Gesima	Provision of support to needy students	7,000,000
YP	Kiabonyoru	Equiping yp with learning materials and	10,000,000

		equipments	
BURSARIES	Kiabonyoru	Bursary for needy student	7,000,000
Bursaries	Bosamaro	Bursaries for pupils in secondary school @7m per year	7,000,000
	Bosamaro	Completion of workshops in all existing Youth polytechnics	2,000,000
Youth polytechnic	Bomwagamo	Equiping youth polytechnic	20,000,000
Bursary	Itibo	Supporting the needy pupils	8,000,000
Youth Polytechnics	Itibo at at Gietai	Construction and Equiping of Workshop	5,000,000
Youth groups	Magwagwa	Youth empowerment	9,000,000
Bursaries	Magwagwa	Bursaries to secondary and polytechnic	6,000,000
Polytechnics	Rigoma	equiping of Youth Poly	3,000,000
Education Bursary	Rigoma	Provision of Bursary to the needy	7,000,000

3.6.0 HEALTH SERVICES

3.6.1 Sector Composition

3.6.2 Sector Vision, Mission and Goal

Vision: A healthy and Productive County with Equitable Access to Quality health Care.

Mission: To Provide Quality health Services for Socio-economic Development of the People of Nyamira County

Goals

Increased equitable access to health services for all

3.6.3 Sector Development needs, Priorities and Strategies

Sub-Sector	Issues/problem	Causes	Development	Priorities	Potential Strategic
	_		Needs		Thrust
Curative and	Low healthcare	Increased number	Increase number	Improve planning	Implementation of
rehabilitative	workers to	of facilities	of health resource	for new facilities	Human Resource for
	population ratio	Inadequate	for health	Increase funding	Health (HRH) strategic
		funding		Improve staff	plan
		Staff apathy		morale	Spatial planning of
		, ,			facilities
	Inadequate	Inadequate skill	Improve service	Enhance staffs	Capacity building of
	skills for	mix	delivery	skills	staffs
	service delivery	Lack of		Availability of	Supporting professional
		specialized		specialized services	development
		services			
	Stock outs of	Inadequate	Improve supply	Increase funding	Mobilization of resources
	essential	financing	of essential	Planned health	Enhanced preventive
	medicine	Increasing number	medicine	facility expansion	health services
		of health facilities			
Administrative	Inadequate	Lack health	Increase health	Customize health	Enacting health financing
planning and	funding	finance policy	financing	financing policy	bill

Sub-Sector	Issues/problem	Causes	Development Needs	Priorities	Potential Strategic Thrust
support					Resource mobilization
	Inadequate medical equipment	Inadequate funding Increased number of facilities Upgrading of facilities Poor preventive maintenance	Medical equipment availed	Increase funding Improve planning for new facilities Planned upgrading Improve preventive maintenance	Enhanced on and off budget resource mobilization Spatial planning of facilities Planned facility upgrading Enforcing preventive maintenance guidelines
	Weak HMIS	Lack of customized HIS policy Lack of Health Information System (HIS) strategic plan Inadequate ICT infrastructure	Strengthened HMIS	Customized HIS policy HIS strategic plan developed ICT infrastructure Improve	Customize HIS Policy Develop HIS Strategic Plan Equip HIS with adequate infrastructure and equipment Enhance Electronic Medical Records (EMR)
	Inadequate infrastructure	Inadequate funding Poor road network Poor planned layout of health facilities	Improve infrastructure	Improve funding Improve road network	Resource mobilization Partnership with line ministries (roads, housing) Complete stalled projects Developing of facility master plans
	Industrial disputes	Unresolved staff issues	Reduce industrial disputes	Meaningful engagement with trade unions	Implement County HRH policy
		Stalled projects Lack of health facility master plans	Complete projects	Stalled projects completed Facility master plans developed	Allocation of resources for Completion of stalled projects Development of master plans for all facilities
Promotive and preventive services	Poor environmental health services	Inadequate policies and guidelines	Enhance environmental health services	Customized environmental health policy	Development and enactment of Environmental health policy
	Increase of Non communicable diseases	Lifestyle changes Lack of awareness	Reduce proportion of Non communicable diseases (NCDs)	Improve lifestyle Enhance community awareness	Community awareness of lifestyle diseases Outreach services for early detection and treatment Establishment of clinics in all sub-county hospitals
	Increase of disease burden	Increase of HIV incidences	Reduce disease burden	Reduce HIV incidence	Facilitate targeted HIV testing services outreaches Hold anti-stigma sensitization meetings
		Declining immunization coverage	Prevent immunizable diseases	Immunization coverage	Conduct immunization outreach services
		Reduce tuberculosis (TB) case detection	Reduce TB burden	Enhance TB detection rate	Scale up TB diagnostic site Strengthen TB Intensive Case Finding

Sub-Sector	Issues/problem	Causes	Development Needs	Priorities	Potential Strategic Thrust
		Weak disease surveillance systems	Early detection of diseases	Strengthened disease surveillance system	Active case search Formation and operationalization of surveillance teams at all levels Training of surveillance teams
		Inadequate safe water supply and sanitation	Reduce water communicable diseases	Improve safe water supply and sanitation	Procurement of required health products for water treatment. Health promotion on treatment at household levels. Protection of water sources Strengthen health stakeholders forums Promotion of Community Led Total Sanitation (CLTS) in all villages
	Malnutrition	Inadequate breastfeeding practices Inadequate complementary feeding practices Inadequate awareness on diet Poor maternal nutrition	Reduce malnutrition rates	Improve breastfeeding practices Improve complementary feeding practices Enhance nutrition awareness Improve maternal nutrition	Inter-sectoral collaboration Iron Folic Acid Supplementation at attending antenatal clinics (ANC) Community awareness on Growth Monitoring and Promotion (GMP) /Management of Acute Malnutrition Maternal infant and young child nutrition(MIYCN)
	Poor disposal of medical waste Weak community health system	Inadequate sanitation facilities Inadequate policies and guidelines	Improve medical waste disposal Strengthened community health system	Increase sanitation facilities Community health policies developed	Construction of burning chambers and ash pits Construction of placenta pits Development of Community health policy Develop Community
	High maternal and neonatal deaths	Late ANC attendance Low uptake of Long Acting and Reversible Contraceptive Unskilled deliveries Delayed referrals Teenage pregnancy	Reduce maternal/neonatal deaths	Improve ANC attendance Increase intake of Long Acting and Reversible Contraceptive Increase skilled care delivery. Improve maternal referrals Reduce teenage pregnancy	health services Strategic Plan Capacity building Health education of the community on Skill care delivery services Perinatal audits. Procurement of equipment Referral and linkages at all Tiers Establishment of youth friendly centres

3.6.4 Sector Programmes and Intervention

3.6.4.1 Sub-Sector Programmes; Health services

3.7.5 Sector capital development projects

3.7.5.1 Sub-Sector Programmes; Youth, gender and sports

Project	Location/war	Objectives	Target s	Descriptio n of Activities	Cost (Kshs.)	Source of funding	Timefram e	Implementin g Agency
Home for the aged at Sironga	Bogichora ward	Promote and improve care for the aged	1	Construction of male and female block of rooms, kitchen and staff house and office	70m	County governme nt	2022-2023	Department of Gender
Cash transfer to vulnerable groups in the county	Bogichora	Enhanced empowerme nt of Vulnerable groups	1000	Compleme nt national government by adding 300 people to the program	Ksh.10 M per year and (ksh 30M for five years)	County governme nt	2022-2023	Department of Gender
One vocational rehabilitatio n Centre established Nyamira South Sub county	Township	empower women with vocational skills	1	Construct the buildings to house the centre	10m	National governme nt	2022-2023	National government department of social services
Establish and operationaliz e film industry in Nyamira county	All wards	To promote and develop the film industry and increase livelihoods	20	Support interested groups in the production of the films by providing equipment preparation s of sceneries to shoot	70m	County governme nt	2022-2023	
Establish 1 rehabilitatio n centre for alcohol and drugs addicts	Nyansiongo	Reduction of alcohol and substance abuse	1	Construction of the one dormitory to house the addicts and a kitchen	50m	County governme nt	2022/2023	Department of gender
Construction of library	Nyansiongo ward, Manga, in each sub county headquarters, Esise ward.	Encourage a reading culture	5	constructio n the structure	300m	County governme nt	2022/2023	Department of gender

Construction of social halls	Manga, bokeira, and each sub county headquarters, Nyamaiya,b, ekerenyo, Itibo,	To increase participation in social/cultur al and indoor games activities	5	To construct a social hall in Nyamira town and then roll out to each Sub-County Each year	150m	County governme nt	2022/2023	Department of gender
Establish 4 cultural centres, one in each sub county and one museum at manga Baraza Hall	In each sub county	To promote, protect and preserve, and develop our rich cultural heritage -Engage our youth in gainful activities	5	rehabilitate and refurbish Manga museum and operations it by stocking it with various cultural expressions	150M	County governme nt	2022/2023	Department of gender

MULTI-YEAR PROJECTS

Project Name/ Location*	Locatio n/ ward	Objective s	Targe ts	Description of Activities (Key Outputs)	Green Economy considerati ons	Cost (Ksh s.)	Source of funding	Timefra me	Implement ing Agency
Constructi on of Nyamaiya stadium at Nyamaiya market and	Nyamai ya	Provision of sports facilities To develop and nurture talent	1	Construction of perimeter fence	Plant grass, trees, drill water	40m	County Governm ent	2018- 2023	Dept. of Gender, Sports, Culture & Social Services
Constructi on of Manga stadium	Manga	Provision of sports facilities To develop and nurture talent	1	Construction and supervision	Plant grass, trees, drill water	50m	CGN	2018- 2023	Dept. of Gender, Sports, Culture & Social Services
Developm ent of play field one in each ward (20)	One per ward	Promotio n and developm ent of talents	20	Levelling of playfields	Plant grass, trees, drill water	60m	County Governm ent	2018- 2023	Dept. of Gender, Sports, Culture & Social Services
Constructi on of a pavilion, running track and football	Rigoma ward	Promotio n and developm ent of talents	1	Preparation of bqs and designs and procureConstru ction of the structure	Plant grass, trees, drill water	10m	County Governm ent	2018- 2023	Dept. of Gender, Sports, Culture & Social Services

pitch at Rigoma stadium					
	Engage our youth in gainful activities				

3.8 SECTOR NAME: ENVIRONMENTAL PROTECTION, WATER AND NATURAL RESOURCES

3.8.1 Sector Composition: This sector includes the following sub-Sectors: Environment, Water, Mining and Natural Resources

3.8.2 Sector Vision, Mission and Goal

Vision

To be a leading county in the sustainable management, utilization and conservation of the environment, water and natural resources

Mission

To enhance conservation and sustainable management of environment, water and allied natural resources for socio economic development

Sector Goals

Increased accessibility to clean and safe water for domestic and industrial use from estimated 35 % to 70 % by year 2022 and to <0.5Km. Promoted environmental conservation, health and safety through sustainable development approaches.

3.8.3 Sector Development needs, Priorities and Strategies

Sub Sector	Issue	Causes	Development needs	Existing opportunities/stren gth within sector	Strategies
Water Services	Low water yield from springs/rivers	Planting of eucalyptus trees Cultivation up to riverbanks Climate change effects Encroachment of catchment areas lack of Political goodwill	Increase water yield from springs/rivers To remove eucalyptus trees	Existing legislation/ EMCA act	Establishment of bamboo plantings Watershed /Catchment management , spring protection Formation of WRUAs
	Poor watershed/catc hment management	Population growth versus land size Absence of WRUAs. Poor farming practices Lack of Political goodwill	To rehabilitate Water shed and catchment areas Train the communities on importance of preserving water catchment areas	Existence of WRA	Formation of WRUAs Awareness creation

Poor man wate sche	agement of er supply mes	Inadequate technical skills , lack of local project ownership	Improved service delivery Formation of county water service provider(water company) Increased water	Water act 2002/2016 Existence of	Establishment of county water company Enhance skill development Develop resource
supp sanit		Low water yield from springs/rivers Limited infrastructure development Lack of land for infrastructure development	supply and sanitation coverage Lobby for increased budgetary allocation Increase water storage	development partners High population	mobilization unit Development of water supply infrastructure Improve water management
Non wate	-Revenue er	Pipe leakages Illegal connections Aged water supply systems	To reduce extent of Non-revenue water Repair all leaking points Remove all illegal connections Regularize illegal connections	Existence of water act	Regular maintenance of the water system Enforcement of regulations
Unfa clim chan		Changing rainfall patterns ,high temperatures	To promote climate smart technologies in water resources Implement climate smart technologies	Existing legislation	To promote climate smart technologies in water resources Capacity building of water committees
High costs		Inefficient production systems, Unconducive geographical terrain	Reduce cost of energy Enhance gravity scheme and green energy	Carbon credit refund	Develop use of green energy
appr Tech	uptake of opriate on ology	Inadequate knowledge and technical skills	Promote appropriate technology Enhance gravity scheme and green energy		Adopt appropriate technology
Shar Resc	red Water ources.	Clannism Lack of political will Poor inter-clan relationship			
skill	equate s and staff tages	Aging staff, no succession plan	Recruitment and training of staff Short Courses /trainings		Human resource development
land infra	equate for astructure elopment	High Population Lack Of Policy on Way Leaves For Water Infrastructure High Land Cost Land Tenure System	Enhance communal understanding for need for way leave for water facilities		Customize the water act Allow for land acquisition during design
base and	equate line data rmation	No baseline data Low staff capacity and skill Low funding Lack of equipment Ineffective planning	Promote access to information ,networking and dissemination Establish baseline database Capacity build staff	Remote sensing Centre Existing legislation Staff development	Water resources information database Capacity building Provision of equipment Improve water resources planning.

	Water sources pollution	Farming practices Land sizes No policy Soil erosion	Reduce water source pollution Awareness creation on modern	Existing legislation/ EMCA act	Promotion of modern farming technologies
			farming practices/improve solid waste management		
	Poor Waste water management	Increased urban population Lack of sewerage infrastructure No policy	Improve waste water disposal Development of sewerage system	Existing urban water supplies	Encourage on site treatment system Establishment of sewerage system Development waste water disposal policy
	Low uptake of Roof water harvesting	Inadequate knowledge	Increase no of households with water tanks for harvesting rain water	High population with corrugated iron sheet houses	
Environmenta l protection	Poor solid waste management	Lack of dumping sites Inadequate litter bins/ skips No policy Inadequate equipment for solid waste management	Improve solid waste disposal Increase no of litter bins	Existing legislation/ EMCA act	Purchase land for solid waste dumping Establish environmental management unit
	Poor solid waste disposal systems.	No policy Inadequate skills on waste collection and disposal	Develop an integrated solid waste management system Enhance source reduction, recycling, Combustion, and land filling. For the waste	County has 25 skips for solid waste collection	Environmental protection on Waste Management:
	Noise pollution control	No policy Poor enforcement Inadequate personnel	Control noise pollution levels Noise level regulation	Existing legislation/ EMCA act	Develop a legal framework for training and capacity building Domesticate noise regulation to suit the county
	Poor Agro forestry practices	Inadequate skilled staff Low technical staff establishment Inadequate tree nurseries Poor crop diversification Low technical skills and knowhow by communities	Increase economic stability of the communities through the sale and planting of tree seedlings promotion of Bamboo planting:	Existing legislation	Promote tree nursery establishment Capacity build staff/communities Promote farm enterprises
Energy & Mining Services	Poor management of quarries	Unplanned quarry establishment Lack technical know and skills Lack of policy Poor reinstatement of quarries	Promote effective management of quarries Reinstate quarry sites Remove stagnant water	Finance bill available indicating the fees to be charged	Develop an inventory of quarry sites Capacity build community on safe operation o quarries

3.7.4 Sector Programmes and Interventions

3.7.4.1 Sub-Sector Programmes; Water, environment, energy, Mining and natural resources

PROGRAMME 1: Water supply and management services

Objective: Increase accessibility to clean and safe water for domestic and industrial use from estimated 35 % to 60 % by year 2022 and to <0.5 Km

Outcome: Additional 20,000 Households (100,000 persons) having access to clean and safe water

Sub Programme	Key Outcome	Baseline	Key Performance Indicator	Planned Targets				Total	Total Budget (Ksh)
				Q1	Q2	Q3	Q4		
Medium water supply schemes	Construction of 40 water supply schemes	45	No. of schemes	-	-	4	4	8	120M
Boreholes Development	Drilling and development of 70 boreholes	73	No. boreholes drilled	-	-	2	3	5	25M
Spring Protection	Development and protection of 400 springs	735	No. of spring protected	-	-	20	30	50	10M
	Removal of Blue gum trees from 400 water catchment areas	53	No. water point sources cleared of blue gum tree	-	-	20	30	50	2.5M
Water Users Associations	Formation of 120 WUAs	53	No. of WUAs	-	10	5	5	20	1M

Programme2: Environmental Protection and Management services

Objective; To promote environmental conservation, health and safety through sustainable development approaches

Sub Programme	Key Outcome	Baseline	Key Performance Indicator				Total Budget (Ksh)		
				Q1	Q2	Q3	Q4	Total	
Agro forestry Promotion	Establishment of 20 Community Tree nurseries	8	No. of tree nurseries	-	-	-	-	-	-
	Production of 10 Million seedlings		No. of seedlings	-	-	1m	1m	2m	20M
Urban forestry promotion	Beautification/ landscaping of 5 towns	2	No. of KM	-	-	1km	1km	2	1.6M
Environmental and social impact assessments and audit	Carry out 200 ESIA	23	No. of ASIA	20	10	5	5	40	8M

Outcome; Electr	icity coverage increa	sed from 4	9.5% to 70%						
Sub Programme	Key Outcome	Base- line	Key Performance Indicator		Plan	ned Targ	ets		Total Budget (Ksh)
				Q1	Q2	Q3	Q4	Total	
Street lighting	Installation of 1,000 Solar powered lights	402	No. of solar lights	-	50	50	100	200	50M
Alternative Sources of Energy	Support 5,000 No. Vulnerable Households with home solar kits	800	No. of home solar kits	50	50	50	50	200	10M

3.9 SECTOR NAME: GENERAL ECONOMIC, COMMERCIAL AND LABOUR AFFAIRS

3.9.1 Sector Composition: This sector includes the following sub-Sectors: Trade, Tourism and Co-operative development

3.9.2 Sector Vision, Mission and Goal

Vision

To be a nationally and globally competitive county economy with sustainable and equitable socio-economic development through promotion of trade, investment and enterprise development

Mission

To promote, co-ordinate and implement integrated socio-economic policies and programmes for a rapidly industrializing, investing and entrepreneuring economy.

Sector Goals

Enhanced of trade, investment and enterprise development.

3.9.3 Sector Priorities, constraints and Strategies

Sub-sector	Priorities	Constraints	Strategies
Micro/small scale	Exploit local resources through	Inadequate funds;	Encourage the private sector to
industries	establishment of agro-processing and	Heavy capital and financial	invest in this sub-sector;
	cottage industries;	requirements for most	Encourage partners to support in
	To encourage growth and development	projects especially large	infrastructure development;
	of micro/small scale industries;	scale; Inadequate	Industrial data development;
	Creating, advocating for conducive	infrastructural facilities.	Information dissemination on
	environment for investment.		industrial development matters to
			all stakeholders.
Tourism	Develop at least two tourist attraction	Lack of funds to develop	Mobilize resources from the
	sites to create employment and income.	these sites.	private sector to develop these
			sites.

Sub-sector	Priorities	Constraints	Strategies
Trade	Promotion, development and sustaining	Inadequate entrepreneurial	Mobilize more financial
	of enterprises;	skills; Inadequate capital;	resources; Improve infrastructure;
	Initiation, promotion and development	Poor infrastructure.	Training entrepreneurs in the

CHAPTER FOUR

IMPLEMENTATION, MONITORING AND EVALUATION FRAMEWORK

4.0 INTRODUCTION

This chapter provides a detailed explanation on the implementation framework, resources details, Monitoring and evaluation framework and the monitoring and evaluation matrix.

4.1 IMLEMENTATION FRAME WORK

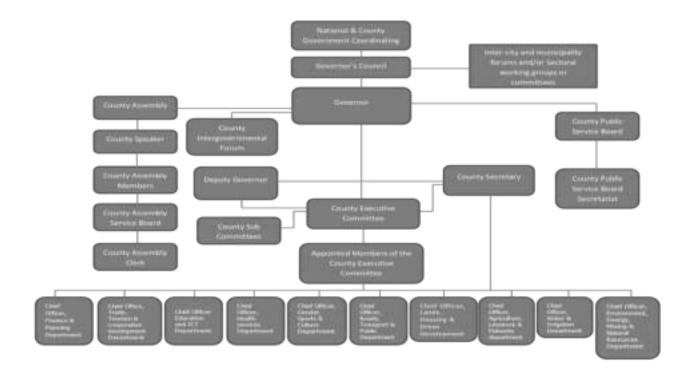

4.1.1 Institutional Framework

Nyamira County Government mandate is vested in The Constitution of Kenya 2010, County Governments Act 2012 and the Urban Areas and Cities Act 2011 where the functions of the devolved units are clearly stated. In order to achieve the county strategic goals, the county would seek to strengthen the existing organizational structure to make sure that service delivery is achieved. The following organs in the County will play agreat roll in this process: The County Assembly; will continue to offer the legislative authority of a county, make any laws that are necessary for the effective performance of the functions and exercise of the power, offer oversight over the County Executive and other organs in the County and approves plans and policies for the management and utilization of the County resources as well as the development and management of its infrastructure and institutions: The County Public Service Board; will establish and abolish offices within the County, appoint persons to the offices of the County Public Service, facilitate the development of the human resource planning and budgeting for personnel and make recommendations to the Salaries and Remuneration Commission: The County Executive Committee; will implement county legislation, implement national legislation relevant to the county, manages the ten (10) sectors of the County Administration and performs any other functions conferred on it by the Constitution or National Legislation. The CEC committee may prepare proposed legislation for consideration by the County Assembly: The County Budget and Economic Forum (CBEF); will provide means for consultation by the County Government on preparation of county plans, the County Fiscal Strategy Paper (CFSP), and the Budget Review and Outlook Paper (BROP). The CBEF creates a platform which ensures all county planning and budgeting processes are all-inclusive a consultative, through public participation, governance and civic education: The County Treasury; will be responsible for monitoring, evaluating, and overseeing the management of public finances and economic affairs of the County government.

4.1.2 The County Organizational Flow

This shows the organizational structure of the County hierarchy.

County Organogram

4.1.3 Resource Mobilization for implementation of the Plan

In the implementation of the ADP 2022-20232, resources to fund the various planned projects would be required. As a result, the county expects funding from the following revenue streams over the period.

- Equitable share from the national government
- Conditional grants from the national government transfers
- Conditional grants from other development partners/agencies
- Own Source Revenue (Locally generated Revenue)

Due to the scarcity of resources, any anticipated resource gap/s would be addressed through;

Revenue automation: This is an on-going process nearing its completion. It is an intervention expected to seal the revenue leakages, enlarged revenue base and also enable the county to work in a fully integrated revenue system. Public Private Partnership: The County government would embrace partnerships with private entities to invest in various forms of development initiatives through incentives, provision of land, conducive environment. Such sectors include environment, water, waste management, energy, health among others. County revenue administration and legislations — The county government would pursue preparation and enforcement of relevant laws meant to improve on revenue generation.

4.2 MONITORING AND EVALUATION FRAMEWORK

4.2.1 Monitoring Mechanism

Monitoring of the entire process from planning, designing and implementation is very important. This keeps the planned activities in check, reduces duplication, wastages, allows for remedial measures to be taken and ensures the projects/programmes delivery on time. The County will constitute the Monitoring and evaluation frame which will take three executing entities being; County Monitoring and Evaluation Committee (CMEC), Technical Monitoring and Evaluation Unit (MEU), Departmental Monitoring and Evaluation Committee (DMEC), Sub-County Monitoring and Evaluation Committee (SCMEC) and the Ward Monitoring and Evaluation Committee (WMEC). The CMEC will have an overall role in supervision of the plan implementation and will also organize surveys on the quality of service delivery. The information from such surveys is for dissemination to all stakeholders. It is important to note that a Bi-Annual Review Meetings (BARM) will be conducted with the stakeholders to keep the plans' activities and outputs on track during implementation, and enable the stakeholders to identify and take necessary actions to address emerging challenges. The BARM will be undertaken through the Stakeholder Review Fora (SRF).

4.2.2 Evaluation

Evaluation entails checking the impacts projects have made to the community. The Plan will be subjected to two internal Annual Evaluations, namely the Mid-Term Evaluation and the End term Evaluation. Mid Term Evaluation and Review (MTER) will assess the extent to which the plan is meeting its implementation objectives and timelines.

4.2.3 Data Collection, Analysis and Reporting

Reporting is important in this process because it provides feedback to establish the challenges, successes and weaknesses in the implementation of various projects and programmes and whether the set objectives can be been achieved or are on course. Sub-County Monthly Monitoring and Evaluation Reports (SCMMER) will be prepared together with Ward Monitoring and Evaluation Reports (WaMER) and submitted to the County Planning Unit (CPU) in order prepare progress reports. Furthermore, County Quarterly Monitoring and Evaluation Report (CQMER) and a County Half Year Monitoring and Evaluation Report will also be prepared to capture progress during a quarter period of the year and half period of the year respectively. Finally, a County Annual Monitoring and Evaluation Report (CAMER) are to be produced and submitted to the County Planning Unit for preparation of Annual Progress Report. These reports will outline in summary from projected targets achievements, facilitating factors and challenges faced. These reports prepared by CPU are for submission to the Governor's office for information, use and dissemination to the stakeholders. Issues requiring policy interventions will be submitted to the County Executive Committee for action. Information sharing and reporting is key in reviewing this plan. It will be posted on the official county website for the wider circulation and consumption. It will also provide a mechanism for monitoring and evaluation. Various stakeholders can visit the county website for detailed information. Furthermore, there will be a quarterly stakeholders meeting to share reports at all levels of devolved county government structures and address challenges. emerging

4.3 MONITORING AND EVALUATION MATRIX

4.3.1 Public Administration and International Relations

Sub- Sector	Programme	Outcome indicators	Output indicators	Target					Cost
