# APPROVED $2^{\text {ND }}$ REVISED BUDGET 

FY 2015-2016

FOR THE

COUNTY GOVERNMENT OF BUSIA

JUNE, 2016

## FOREWORD

This is the second revised budget estimates to be prepared for the FY 2015-2016. The revised budget estimates for 2015/2016 have been generated based on the approved budget FY 2015/2016, approved County Fiscal Strategy Paper 2015/2016 and balances from the financial year 2014/2015. The revised Budget will be financed using the equitable share of revenue from the national government, Conditional Grants, Revenue for Busia County erroneously transferred to Bungoma County and the county projected own revenue.

The Budget estimates outline key priority programmes to be funded in 2015/2016 and provides projected estimates for the medium term. To enhance efficiency and coordination the Budget has clearly defined outcomes, priority objectives, expected outputs, and performance indicators for the identified programs.

Programmes from prior years i.e FY 2013-2015 that are incomplete, have been given priority in this revised budget estimates to ensure consistency and prudence in the management of public funds. However, county's performance has been affected by emerging issues including delayed funding and lengthy procurement procedures. To this end, the County Government continues to put in place proper mechanisms, while taking advantage of the County strengths, opportunities and key milestones achieved in the last financial year to develop building blocks that are likely to strengthen the possibility of achieving our vision.

The 2015/2016 revised budget estimates lay the foundation for economic prosperity of the County by setting out priority areas and consequently high impact programs and projects indicated in the County Integrated Development Plan (CIDP). Implementation of these programs is therefore expected to accelerate development in the county.

Lenard Wanda Obimbira
Executive Committee Member - Finance and Economic Planning

## List of Abbreviations and Acronym

## 1. Department of Agriculture and Animal Resources

## A: Vision

A leading County in Food security and sufficiency for sustained livelihoods

## B: Mission

To improve the livelihoods of Busia County residents through the promotion of competitive agriculture, provision of support services while ensuring a sustainable natural resource base.

## C: Performance Overview and Background for Programmes

In 2014/15 the department was able to provide inputs to farmers, acquire farm machinery for agricultural mechanization, promote Dairy and Poultry farming, and promote fisheries farming and animal disease management among others. However, the Department continues to face the following challenges, among them, weak monitoring and evaluation system and inadequate physical facilities. Other challenges are the high cost of farm inputs, declining soil fertility, high cost of credit and poor marketing infrastructure. In addition, production has been undermined by weak research-extension-farmer linkages and the effects of climate change.

The Department's strategic focus for 2015/16 is to enhance agricultural production and productivity by initially completing the existing irrigation projects, promote Dairy and poultry farming and control of livestock diseases. To alleviate poverty, the department is targeting the resource poor households through the inputs access programme, which has a component of inputs provision as a start-up fund for the beneficiaries. They will be expected to carry out the same agricultural activities on their own in the subsequent years. In addition, the department intends to focus on capacity building of farmers through trainings provided by agricultural training center. To improve on land preparation, the department is set to re-engineer the farm operations section at Bumala Agriculture Mechanization Service station. The tractors at the sub-county level will play a lead role in agricultural mechanization activities.

The department will also focus on promotion of sustainable aquaculture through the supply of quality fingerlings to farmers, train farmers on fish farming husbandry and ensure compliance with fisheries management standards, conservation and restoration of fisheries stock in critical habitat. The Department further intends to strengthen co-management governance structures to guarantee fish safety and quality, reduce post-harvest losses, and issue health certification for fish products.
To undertake these programmes, the 2015/16-2017/18 MTEF estimates for the sector are projected to be Ksh.1,620,994,104. For the FY 2015/16, Ksh.468,841,583 has been set aside for the sector. For 2016/17 and 2017/18 the projections are Ksh. 562,025,620 and Ksh. 590,126,901 respectively.

## D: Programme Objectives

## CP 1 General Administration and Support services

To facilitate the coordination of programs within the department

## CP2. Crop production and Management

To improve crop production and enhance food security

## CP3.Agricultural Training services

To provide requisite skills and knowledge on agricultural technologies

## CP4. Irrigation and Drainage Development

To increase land under irrigation agriculture and also reclaim land for agricultural use

## CP 5 Agribusiness Development

To increase the value of agricultural products and also improve farmers access to cheap credit facility

## CP 6 Fisheries Development

To increase fish production and also improve the value of fish products

## CP7 Livestock Resources Development and Management

To increase livestock production and enhance food security

## CP8: Ward Development Projects

To promote uniformity in development across the county

## E: Summary of Expenditure by Programme 2015/16-2017/18 (Kshs.)

| Programme (CP) | Approved Budget | Revised <br> Budget 2015- <br> 2016 | Projected Estimates |  |
| :--- | ---: | ---: | ---: | ---: |

| CSP 2.3 Agriculture Extension Services | - Field days and demonstrations <br> - Technologies packaged <br> - Monitoring and field visits. | - No of field days and demonstrations <br> - No of packaged Technologies <br> - Field visits reports |
| Programme 3: Agricultural Training services <br> Outcome: Improved Agricultural technologies transfer and farmers trainings |  |  |
| CSP 3.1 Farmer trainings and technology transfer | - Agricultural Technology packages transferred <br> - Modernized agricultural training Centre <br> - Farmers Trained <br> - Land prepared | - No of technology packages transferred <br> - A modernized Agricultural Training Centre <br> - No of farmers trained <br> - Acreage under crop in the institution. |
| Programme 4: Irrigation and Drainage Development <br> Outcome: Increased land under irrigation agriculture and improved irrigation farming technologies |  |  |
| CSP 4.1 Smallholder Irrigation and Drainage | - Construction of water pans and associated infrastructure for irrigation <br> - Surveying of irrigation infrastructure <br> - Farmer trainings | - No of water pans constructed <br> - Survey documents prepared <br> - No of farmers trained |

## Programme 5: Agribusiness Development

Outcome: Improved Access to cheap Credit and increased volumes of agricultural value added products.

| CSP 5.1 Agricultural processing and Value addition | - Group trainings <br> - Processing units | - No of groups trained <br> - No of processing units established. |
| :---: | :---: | :---: |
| CSP 5.2 Agricultural Financial and Investment services | - Farmers accessing loans <br> - Sensitizations and awareness creation <br> - Farmer trainings <br> - Groups doing savings | - No farmers accessing funds <br> - No of persons sensitized <br> - No of farmer groups trained <br> - \% increase in savings |
| Programme 6: Fisheries Development Outcome: Increased fish products and fish production. |  |  |
| CSP 6.1 Aquaculture development | - Fish ponds <br> - Farmer cluster groups <br> - Farmer trainings <br> - Fish harvest increase | - No of ponds constructed <br> - No of farmers trained <br> - \% increase in production |
| CSP 6.3 Fish value addition and marketing | - Border fish handling facility <br> - Fish handlers trained | - An upgraded border point fish handling facility <br> - No of fish handlers trained |
| CSP 6.4 Fisheries Extension Services | - Field days and demonstrations <br> - Technologies packaged <br> - Monitoring and field visits. | - No of field days and demonstrations held <br> - No beneficiaries of technology transfer <br> - Field visits reports |

Programme 7: Livestock Resources Development and Management
Outcome: Increased production of high quality animal products that meet the current market demands
$\left.\begin{array}{|l|c|cl}\begin{array}{l}\text { CSP 7.1 Livestock } \\ \text { Production and } \\ \text { development }\end{array} & \text { - } & \begin{array}{l}\text { Increase in livestock } \\ \text { productivity }\end{array} & \text { - }\end{array} \begin{array}{l}\text { Amount of milk produced per } \\ \text { dairy cow }\end{array}\right)$ - $\left.\begin{array}{l}\text { No of field days and } \\ \text { demonstration }\end{array}\right)$

Programme 8: Ward Development Projects
Outcome: Increased household incomes

## 2. Department of Trade, Cooperatives Tourism and Industry

## A: Vision

To be the leading county in the promotion of trade and investment
B: Mission
Creating an enabling environment to promote tourism and encourage investment while exploiting the cooperative movement.

## C: Performance Overview and Background for Programmes

The department has set up two cross- border trade committees to promote inter-border trading by among other roles resolving disputes. Seven information centers have been set up in the County to provide traders with the requisite trade information to facilitate business networks.

However, the department is experiencing numerous challenges that continue to hamper full exploitation of the County's potential in tourism and trade. Among the key challenges are, disconnect between the trade department and other supporting departments like Finance. Additionally, unfair competition by the traders continue to hinder trading and commerce in the County owing to the lack of a legal framework to operationalized trade activities and inadequate staff level. The overall objective of the department is to promote self-reliance amongst the youth, enhancement of business, job and wealth creation and diversification. The women entrepreneurs will be given considerable emphasis. To achieve the strategic objectives, the department intends to oversee the refurbishment and modernization of infrastructure including markets and exhibition centers. Markets that were built under the economic stimulus program were eventually handed to the county. We are in the process of handing them over to elected market committees.

To address the issue of unfair competition the department has continued to provide businessmen with the requisite skills including entrepreneurial training, benchmarking visits and seminars, workshops and fairs. This facilitates traders' ability to access affordable credit to boost their resource base. The department will revive industries especially those that make use of locally produced agricultural and livestock products by setting up cottage industries, development of tourist sites and promotion of cross border trade. Two projects were undertaken during the year. These were Mulwanda Ginnery and Marenga fish processing plant upgrade. Further, the department will guide in setting up of new societies and nurture the already existing ones with an aim of revamping the cooperative movement as a vehicle to mobilize funds.

To undertake these programmes, the 2015/16-2017/18 MTEF estimates for the sector are projected to be Ksh $640,814,122$ For the FY 2015/16, Ksh. 193,051,023 has been set aside for the sector. For 2016/17 and 2017/18 the projections are Ksh. 218,421,024 and Ksh. 229,342,075 respectively.

## D: Programme Objectives

## CP 9: General Administration and Support services

To facilitate the implementation of programs within the department

## CP 10: Trade Developments and Investment

To promote market access and encourage export business

## CP 11: Co-operative Development and Management.

To enhance the cooperative movement and add value to local produce for higher returns,

## CP 12: Tourism Developments and Marketing

To market the County of Busia beyond its borders
CP: 13 Ward Development Projects
To promote uniformity in development across the county

## 3. Department of Education and Vocational Training

## A: Vision

A globally competitive, education, training, and innovation for sustainable development

## B: Mission

To provide, promote and coordinate quality education and training, integration of science, technology, and innovation in sustainable socio economic development process.

## C: Performance Overview and Background for Programmes

The department comprises of two sections that is early childhood Education and Vocational Training and is mandated to increase accessibility to quality education, improve retention rate at all levels of learning and improving quality of learning in our institutions.

To promote the quality of early childhood education the department has embarked on construction of ECDE classrooms in all the primary schools across the County which is being implemented in phases. In the Financial year 2014/2015 the budgetary allocation focused on completion of projects initiated in the Financial year 2013/2014.During the first phase, construction of 105 classroom were initiated with 102 complete and ready for use. Additional 105 are to be constructed under phase two in the Financial Year 2014/15. The classrooms will ease pressure on the already overstretched learning facilities in the primary schools.
To improve on enrollment and retention rate, the department is disbursing bursary to needy students in Universities, youth polytechnics, Secondary schools, and middle levels colleges. Kshs. 55,000,000 has been set aside to assist needy students across county.

The department also aims at effectively coordinating and harmonizing training systems in youth polytechnics and Vocational centres that are capable of producing quality skilled human resource with the right attitude and values required for the growth and prosperity of the various sectors of the
economy. The department intends to improve the infrastructure and quality of training by constructing, refurbishing and equipping of workshops in the Youth Polytechnics.

To undertake these programmes, the 2015/16-2017/18 MTEF estimates for the sector are projected to be Ksh 1,936,691,583. For the FY 2015/16, Ksh. 643,684,947 has been set aside for the sector. For 2016/17 and 2017/18 the projections are Ksh. 630,734,944 and Ksh. 662,271,692 respectively.

## D: Programme Objectives

## CP 14 General Administration and Support services

To facilitate the coordination of Education programmes within the department

## CP 15 Basic Educations

To improve quality of Early Childhood Education by providing safe learning environment and accessibility

## CP 16: Education Support Programs

To increase access to quality Education and Training that is capable of providing Human Capital development and enhancing quality of life.

## CP: 17 Ward Development Projects

To promote uniformity in development across the county

## 4. Department of Finance \& Economic Planning

## A: Vision

"A Prosperous County Committed to Prudent Financial Management and Economic Planning".

## B: Mission

"To provide high quality financial, economic and advisory services through efficient and effective fiscal planning, resource mobilization, budget administration, coordination, formulation and implementation of policies and programs for accelerated, equitable and sustainable development for the citizens of Busia County".

## C: Performance Overview and Background for Programmes

The department of Finance and Economic Planning is responsible for the County's financial, fiscal and economic planning. From its establishment to date, the Department has witnessed commendable functioning while remaining focused on providing high quality financial, economic, and advisory services to its customers. With such functioning, the department was allocated Ksh. 1,470,289,855; Ksh. 394,166,858 for administrative and Ksh. 1,076,122,997 for financial management and has equally faced enormous challenges due to changes in its operating environment including not meeting revenue targets, slow uptake of funds by departments and periodic delays of funds from national government. Continued success necessitated adoption of strategic management.

To spur our local economy, the department shall create a business climate that encourages innovation, investment and growth. Further, the department shall seal all leakages in revenue collection while at the same time extend county's revenue sources while ensuring efficiency in budget expenditure.

In addition, the department focus will be all encompassing, taking care of the poor and vulnerable, the youth and women as well as businesses and investments.

The department will continue to play its facilitative role more effectively by improving the enabling business environment in a bid to attract private sector to participation in the county.

To undertake these programmes, the 2015/16-2017/18 MTEF estimates for the sector are projected to be Ksh $2,887,818,689$. For the FY 2015/16, Ksh. $765,717,706$ has been set aside for the sector. For $2016 / 17$ and $2017 / 18$ the projections are Ksh. 1,035,171,211 and Ksh. 1,086,929,772 respectively.

## D: Programme Objectives

## CP 18: General Administration and Support services

Improve Efficiency in co-ordination of service delivery to county departments

## CP 19: Financial Management and Control

To formulate and co-ordinate the implementation of policies and programmes relating to mobilization, allocation and management of public resources

CP 20: Co-ordination of policy Formulation and implementation of Projects and

## Programmes

To establish comprehensive, integrated, accurate and timely information that support policy formulation for the county.

E: Summary of Expenditure by Programme 2015/16-2017/18 (Kshs.)

| CSP 20.1. County <br> Monitoring and Evaluation Systems | -Quarterly and Annual reports in place <br> -Better policy implementation | Quarterly, bi-annual and annual progress reports |
| CSP 20.2 Fiscal Planning | Timely release of ward development funds | Quarterly status reports from the ward |

## 5. Department of Community Development, Culture, and Social Services <br> A: Vision

A socially self-driven and empowered community

## B: Mission

To mobilize the Busia Community for sustainable social protection, talent nurturing heritage preservation and creating equal opportunities for children, youth women, PWDs older persons and other vulnerable groups for a holistic growth and development.

## C: Performance Overview and Background for Programmes

Community social development is a pre-requisite to economic development of any county. The county contributes $0.9 \%$ to the national poverty. To reduce this the Department implements various empowerment and safety nets programs which are key in breaking the cycle of poverty among the vulnerable -children, youth, women people living with disability, the PLWHIV, and the elderly

In the last financial year, a total of Ksh. 137 million was allocated among the five departments and the two offices of the CEC and the Chief Officer. This amount was half of the Departments expected budgetary needs. The Department however went on to implement various projects that have impacted positively to the sector.

## Performance Review

## Children's Services section

## a) County Child Protection Centre (CPC)

This is one stop shop centre for children service provision. Currently, the services for children are fragmented and scattered in far flung zones. This has led to delayed service and can lead to poor service, for instance defilement cases need urgent response and involves a package of services e.g. PEP, P3 actual treatment counseling, re- integration and documentation.

The CPC completion will address the above challenges since all the stakeholders will be located at one place since it is fashioned on the Huduma Bora Model.
b) The County Child Information Management System(CIMS)-

The Department was supported by Investing in Children and Society (ICS) to develop a digital platform to manage the children cases. The system is web based and safe and interacts with all stake holders who feed data directly from their offices or the field through their mobile phones. This system has reduced cases of corruption in defilement cases, and duplication of beneficiaries in bursary allocations. Response time and feedback has also been enhanced.

## Youth Services section

## a. Trees for jobs

The youth were given opportunity to earn a living by selling tree seedlings while at the same time contributing to the tree cover in the county.
b. Youth empowerment centers

The centers have been equipped to nurture talent among the youth to enable them earn a decent living.

## Culture section

## i. Grants to cultural practitioners

The Department of Culture gave grants to cultural practitioners to enable them to strengthen their activities since they contribute immensely public health.
ii. Refurbishment of cultural centers

Refurbishment of cultural centre at Mauko Burumba ward is on-going.
iii. Procurement of land for Kakapel cultural center at has commenced. The Department Plans to own the land to secure the centers the county's property. This amount however will need to be appraised upwards.

## Social Services Section

a) Refurbishment and of rehabilitation centres

The Department re-habilitates children with special needs by providing equipment that facilitates movement and self-care. The physical facilities in these centers also need to be configured to enable
the beneficiaries to learn easily. Odiado rehabilitation was refurbished and completed at Ksh. 2 million.
b) Grants to communities

The Departments gave grants to older people to supplement the national government in assisting them to enhance their resilience in these hard economic times thereby reducing the negative effects on county's GDP.

## The Department of Sports

## i. Renovation of Busia Stadium

The renovation is meant to upgrade the facility to enable it to raise revenue and provide opportunity to citizens to lead healthier lives.

## ii. Renovation of Lunyofu Stadium in Bunyala

The renovation is complete and the citizens are utilizing it.
The departments were not fully implemented due to lean budgetary allocation. The department has petitioned both Department of Finance and Economic Planning and County assembly to consider increasing allocation to the department. The department is also understaffed where all the five sections are under staffed, with culture and sports sections having only one officer each in the whole county.

During this programme period the department's priority will be put in strengthening safety net programmes within the affirmative action framework to break the chronic poverty cycle. This will be done through: government procurement opportunities for the youth; withdrawal and re-integration of street children; support of people living with disabilities; nurturing of sport talent and promoting cultural tourism.

To undertake these programmes, the 2015/16-2017/18 MTEF estimates for the sector are projected to be Ksh $762,133,431$. For the FY 2015/16, Ksh. $238,172,861$ has been set aside for the sector. For 2016/17 and 2017/18 the projections are Ksh. 257,663,693 and Ksh. 270,546,877 respectively.

## D: Programme Objectives

## CP 21: General Administration and Support services

Efficient, Effective and co-ordinated service delivery

## CP 22: Gender and Social Development

Improved household livelihoods and community capacities in Busia County

## CP 23: Youth Development and Empowerment Services

Enhanced youth development, empowerment and participation in Busia County

## CP 24: Management and Development of Sports and sport Facilities

Improved sporting and sports management in Busia County

## CP 25: Children Services

Improved social security and empowerment of Busia community

## CP 26: Heritage and Culture Development

Preserved cultural heritage and wellbeing of Busia community

## CP 27: Ward Development Projects

To promote grass root development for equity across the county

## 6. Department of Road, Public Works, Energy and Transport

## A: Vision

Attain and sustain standard road network and public infrastructure for sustainable development

## B: Mission

Provide an enabling and supportive environment for investments in the County

## C: Performance Overview and Background for Programmes

The department consists of Public Works, Transport, and Energy. The Sector aspires to be a provider of cost-effective public utility infrastructure facilities and services in the areas of roads, transport, and public infrastructure that meet national standards.

The strategies and measures being pursued in the medium term include; strengthening the institutional framework for infrastructure development, raising the efficiency and quality of infrastructure as well as increasing the pace of infrastructure projects so that they are completed as envisaged. Other measures include encouraging Private Sector participation in the provision of infrastructure services through the Public-Private-Partnerships (PPPs) framework.

Key achievements during the period include; improved infrastructure and in particular construction of bridges and box culverts across the entire county, opening up of new roads, murraming and gravelling as well as periodic road maintenance to increase accessibility to and from the markets, health and learning facilities. Within the financial year 2013/14 the department received 75 Million shillings to implement the construction of footbridges and box culverts. $80 \%$ of the projects are complete. The department also received 20 Million this FY 2014/15 for the same. Data collection exercise is already complete and all tender documents have been prepared and await advertisement for competitive bidding and award of the tenders.
And on energy the department received 15 Million for the financial year 2014/15. The procurement process is ongoing.

The county has a total road network of about $1,600 \mathrm{~km}$ out of which approximately 152 km are tarmacked. The remaining 1450 km of road network requires regular maintenance and upgrade especially of the drainage system, which causes much of the destruction. With regards to water transport, the County faces challenges of connecting Sisenye - Port Victoria - Osieko port towns.
With the foregoing, the Department seeks to continue with opening up of the rural roads network, design and construction of more foot bridges and box culverts all aimed at enhancing the transport accessibility within the county.

As such, the department will strive to:
i. Complete on-going rural electrification projects
ii. Connect public facility and domestic households and trading centers to the national grid.

To undertake these programmes, the 2015/16-2017/18 MTEF estimates for the sector are projected to be Ksh 2,467,730,177 for the FY 2015/16, Ksh. 791,808,520 has been set aside for the sector. For 2016/17 and 2017/18 the projections are Ksh. 817,766,662 and Ksh. 858,654,995 respectively.

## D: Programme Objectives

## CP 28: General Administration and support services

To provide overall management and central administrative services

## CP 29: Roads Development, Maintenance and management

To expand, rehabilitate and maintain the road network

## CP 30: Transport Services

To improve transport efficiency and safety and prevent accidents in our roads and waters

## CP 31: Energy Resources

To stimulate economic development through reliable electrical supply in rural areas and promote energy conservation and efficiency

## CP 32: Disaster Management

To increase Response to Disasters and Risks

## CP 33: Ward Development Projects

To promote uniformity in development across the county

## 7. Department of Labour, Public Service and ICT

## A: Vision

To be a benchmark for high performing, dynamic and ethical public service

## B: Mission

To facilitate a safe environment for an effective and productive work force that guarantees personal growth and sustainable development.

## C: Performance Overview and Background for Programmes

The department developed a number of programmes and projects to be implemented during the FY 2014/2015, for both recurrent and development budgets, which included: the provision of internet access via Wi-Max connectivity, performance Management Development (Service Charters), Automation of Revenue collection, County FM Radio and Television stations, County News Paper, Communication(establishment of the County website, Switch board, and bulky SMS), establishment of Public administration offices and facilitation of public administration services, conduct public participation, branding of the County, staff capacity development, staff audit, deployment and transfers, develop service charters, develop a strategic plan, sensitize staff on performance, appraisal systems, code of regulations, and public officers' ethics, develop and implement scheme of service, establish public service structures and systems to foster intergovernmental relations, establish record management systems and operation electronically, undertake ISO certification, among others.

Out of the structures highlighted above the department were able to implement to conclusion the following projects;

- Printing and distribution of the monthly newspaper
- Branding is on-going.
- Surveys on County capacity development needs, establishment of TV and FM Radio stations, ICT needs, branding have been done and draft reports submitted for review by the CEC
- Capacity development of the staff in necessary staff needs was started and is on-going
- Various public participation activities have been done on public finance bill, identification of ward centres, formation of health facility committees, prioritization of community projects for implementation in wards (being implemented)
- The County website and functioning County official email addresses of the staff have been established

To realize the above, the department was allocated Ksh. 292,511,209; Ksh. 239,523,209 for the recurrent expenditure, and Ksh. 52,988,000 for development.

## Major Achievements (Outputs and Outcomes) During 2014/2015

Through Public Participation with the County Government officials of Busia, PPP forums, and news update from the monthly County newspaper, an increased percentage of people from Busia county have acquired relevant information that has enabled them to;

- Prioritize necessary development projects in their ward communities
- Engage County Government in discussions that have brought about harmonization of affordable revenue fees and rates charged on citizens for services offered by the County Government of Busia
- Learnt of the available service opportunities provided by the County Government of Busia, like the County Co-operative Loan Fund, Business Credit Loan Fund, County Bursary Fund Scheme, Tenders, and supply sources for business opportunities. These has resulted in increased socio-economic activities in the County, and the establishment of legal business entities like Co-operatives Societies, limited companies, CBOs, Associations, local credit facilities, amongst others, that has translated into job creation.
- Improved record management skills, promoted working within the legal framework, enhanced high teamwork, and close consultations among the devolved, defunct local authority and newly employed staff in the county working together, and improved communication skills that have reduced conflict among the staff.
- Establishment of the official County emails has fast tracked prompt movement of information between staff members, departmental sections, and departments; and staff responses to official communication is higher than before.

## Major Development Challenges

The implementation of the projects in the Department continues to experience challenges such as; resource constrain, lacks a legal, institutional and policy framework to operate, delayed opening of the departmental account to facilitate activities as fast as required, low disbursement of funds to the department, affecting project activities along the planned timeframes, delayed procurement processes, lack of requisite knowledge and skills among staff members to be effective, efficient, competent and confident while implementing their tasks and lack of means of transport, office space and equipment, and sufficient facilitation for the Public Administrators to conduct Public Administration services effectively.
Fortunately, part of the recurrent and development funds was disbursed to the department towards the end of January 2015, and opened a bank account in February 2015. These milestones have enabled the Department to facilitate the procurement processes and effect payments to facilitate fast implementation of both the Departmental recurrent and development program activities. Hence, the Department has re-strategized its implementation plan to conclude implementation of her planned programs for this FY 2014/2015, together with payments, by 30th June 2015.

The 2014/2015- 2016/17 MTEF will focus on policies and programmes geared towards modernization and automation of all government departments. It will also ensure adequate supply of skilled manpower at all levels through capacity building and other human development strategies

To undertake these programmes, the 2015/16-2017/18 MTEF estimates for the sector are projected to be Ksh $915,381,086$. For the FY 2015/16, Ksh.291,601,209 has been set aside for the sector. For 2016/17 and 2017/18 the projections are Ksh. 306,926,769 and Ksh. 322,273, 108 respectively.

## D: Programme Objectives

## CP 34: General Administration and support services

To increase efficiency and effectiveness in public service delivery

## CP 35: Manpower planning development and utilization

To attract, develop and maintain qualified and skilled human resources

## CP36: Information and communication services

To improve connectivity, information sharing and dissemination, as well as utilization of ICT services

## CP 37: Ward Development Projects

To promote uniformity in development across the county

## 8. Department of Lands, Housing and urban Development

## A: Vision

Excellence in Land Management and Provision of Excellent, Affordable and Quality Housing for sustainable development

## B: Mission

To facilitate improvement of livelihoods of Kenyans through efficient administration, equitable access, secure tenure, sustainable management of land resource and access to adequate housing.

## C: Performance Overview and Background for Programmes

The mandate of the Sector is to provide services on Lands, Housing and Urban Development in the County.

The department will ensure access to quality and affordable housing through adoption of appropriate building technologies and engagement of the private sector in housing development through PPPs.

In addition to the above function, the department oversees the management and coordination of the activities of Urban Areas and Towns. This also entails providing a link between respective Urban Management Committees and CEC, responsibility for policy formulation and facilitation of development and approval of development plans; and facilitation of collaboration with development partners.

During the financial year the sector was allocated Kshs. $341,006,819,18,898,180$ and $18,707,648$ for development, operations \& maintenance and Compensation to employees respectively. Through the development allocation the department completed street lighting in Busia and Malaba (Phase I) which has enhanced security within the two towns. Anticipation was that more funds could be allocated to proceed with the second phase of the street lighting project. The $1^{\text {st }}$ phase of Survey of Government land targeted markets where 50 markets were beaconed although 15 of them had disputes. This was towards securing title deeds for the market places which were under threat of human encroachment. Land for Bukhalalire market was purchased. The process to construct the governor's residence, County headquarters, ABT centre, and fencing of government compounds is underway. Trainings under Appropriate Building Technology have been conducted in Teso North and Bunyala sub counties.

The County Land Management Board has been constituted and is now in operation. The department has also hired two town managers. The town management committees are currently
being constituted. It is expected that the two bodies will improve service provision as envisaged in the constitution.

Development plans for Malaba and Port Victoria were completed. The County Spatial Plan is in the process of being developed.

In the year 2015/2016 the department intends to among others complete the Valuation roll to improve county revenue pool. The County spatial Plan will also be completed to guide spatial development. Purchase of land for investment i.e. Land banking will be enhanced. Both the County Housing Policy and County Land Policy will be formulated to guide the two sectors.

To undertake these programmes, the 2015/16-2017/18 MTEF estimates for the sector are projected to be Ksh $1,182,277,008$. For the FY 2015/16, Ksh. 395,737,457 has been set aside for the sector. For 2016/17 and 2017/18 the projections are Ksh. 383,677,830 and Ksh. 402,861,721 respectively.

## D: Programme Objectives

## CP 38: General Administration and support services

To provide an effective and efficient logistical support system to improve service delivery
CP 39: Land Administration and planning
To provide a conducive spatial environment that controls development for efficient use of land and the landed resources

CP 40: Land surveying and mapping
To provide an avenue of ensuring security of tenure through physical identification and securing interests in land

## CP 41: Housing development and management

To provide adequate and quality accommodation in both residential and office/commercial space

## CP42: County Urban management and Development

To manage the urban centres so as to sustain the urban population

## CP 43: Ward Development Projects

To promote uniformity in development across the county

## 9. Department of Water, Environment and Natural Resources

## A: Vision

A clean, secure, and sustainable environment

## B: Mission

To promote, conserve and protect the environment and improve access to water for sustainable development.

## C: Performance Overview and Background for Programmes

The Department of Water, Environment and Natural Resources is mandated to ensure that the people of Busia County are provided with desired service levels in water provision under secure and sustainable environment. As this is being implemented, the Department will look beyond pure infrastructure investment requirements and introduce interventions for ensuring that the infrastructure addresses challenges of professional service delivery, sustainable operation and maintenance, adequate access to services and protected water catchment zones that include the many river sources, both permanent and seasonal, and wetlands that run across the county and need protection and rehabilitation. The vegetation cover will increase to levels that will influence environmental changes and have direct impact on climate change and quality of water.

Solid and liquid waste management forms the biggest challenge for the county. Investment requirements are enormous and the department shall partner with relevant partners in ensuring adequate measures are put in place to effectively control town and urban waste collection that also includes our Municipal Sewerage and Sanitation.

The financial year 2014/15 budget focused on completion of projects initiated in 2013/14 which included drilling of 35 ward boreholes, Solar installations on the 35 boreholes, Implementation of flagship projects; ( Madende water project, Nasira water project, Sirira water project, Busia hills Sisenye, Malaba Kocholia water project, Onana Siwongo water project, Amukura Chakol water project), repair of 116 existing non-functional water systems, set up of 3 county tree nurseries, rehabilitation of hill tops ( Amukura, Samia hills)
To undertake the above programmes, the department was allocated Ksh 419,276,210 comprising of Ksh 72,861,790 for recurrent and Ksh. 346,414,420 for development.

In implementing 2014/2015 budget, a number of constraints and challenges were experienced; lengthy procurement process, slow disbursement/Flow of funds and understaffing within the procurement department. However, office of the County Secretary is in the process of restructuring the public service to ensure that the county staffs are appropriately placed in terms of their skills and
competencies. The Department of Finance is also in the process of setting up IFMIS at departmental level at the same time undertaking trainings in order to build capacity of staff on the accounting system.

The department plans to upscale operations by ensuring equity in access to water and sewerage services, improving on service delivery (performance management), capacity development, reduce solid waste build up by $20 \%$ (modernize and improve Alupe dump fill), embark on tree growing and not tree planting and conservation of catchments and river banks with bamboo growing.

To undertake these programmes, the 2015/16-2017/18 MTEF estimates for the sector are projected to be Ksh $1,464,811,237$. For the FY 2015/16, Ksh.493,781,743 has been set aside for the sector. For 2016/17 and 2017/18 the projections are Ksh. 473,672,924 and Ksh. 497,356,570 respectively.

## D: Programme Objectives

## CP 44: General Administration and support services

To improve on Policy Formulation and General Stewardship

## CP45: Water Supply and Sewerage Services

To increase accessibility to safe and clean water

## CP 46: Environment Management and Protection

To establish sustainable solid waste management systems while creating awareness on environmental protection

## CP 47: Forest Development and Management

To increase forest cover and promote non-timber products as we protect our natural resources

## CP 48: Ward Development Projects

To promote uniformity in development across the county

## E: Summary of Expenditure by Programme 2015/16-2017/18 (Kshs.)

## Programme 48: Ward Development Projects

Outcome: Improved health through access to clean and safe water

## 10. Department of Health and Sanitation

## A: Vision

A healthy, productive, and internationally competitive County

## B: Mission

To build a progressive, sustainable, technologically-driven, evidence-based, and clientcentered health system with the highest attainable standards of health at all levels of care in Busia County

## C: Performance Overview and Background for Programmes Background

Department of health and sanitation will manage its budget through three programmes as General administration and support services, Curative health services and Preventive and health promotion services. These have also been Sub programmed to four with a view of fair financial distribution and function, while encouraging balanced service delivery. The sub programmes, Referral services, Referral (Hospital) services, Public health systems and Primary health care are upon which the 2015/2016 budget is planned.

## Performance review

Health sector is among the drivers of socio-economic change requiring huge capital outlays given its high intensive labor capacity. In 2014/2015 FY, the department was allocated a total of Ksh.1,707,203,950 expended through its programmes; General administration and support services at Ksh.969,487,155, Curative health services Ksh.153,326,491 and Preventive and health promotion Ksh. $584,390,304$, standing at $25 \%$ of the county revenue share. The allocation (development-Ksh.737, 716795 ( $76 \% \mathrm{D} / \mathrm{R}$ ) was heavily focused on initiating access to quality health care as per the constitutional mandate. This also reflected well given the high development index threshold beyond the $30 \%$ national status.

This expenditure also saw the upgrading of Busia hospital to County referral status, establishment, and construction of KMTC block, Upgrading of 5 dispensaries to health center status ( $31 \%$ ) increase to 21 from 16. Improved in-patient care is also realized through construction and equipping of medical wards and theatre services. Equipping and operationalization of 18 Dispensaries County wide as a huge ACCESS success coupled with additional employment of 93 medical personnel during the year under review.

In addition, acquisition of seven (7) ambulances in the county at a cost of 56 Million will go a long way to secure stable referral service.

However, the department experienced myriad of challenges due to delayed disbursement of funds for capital activities, lengthy procurement procedures, and delay of partner contractors. This will be addressed through early preparations and enforcement of procurement plans.

In the current FY 2015/2016 the department has been allocated Ksh 1,444,596,261 representing a $26 \%$ of total county revenue. This has been distributed as follows: Ksh. 939,867,381 for Compensation of Employees and operation and maintenance while Ksh. $505,728,930$ will go to development to complete the capital activities. Essential medical supplies have been allocated an annual vote of Ksh. 350,000,000. This will enable the department address the perennial shortage of drugs.

Similarly, a county warehouse for drugs is under construction at Matayos H/C, which will provide restructuring of drug distribution on demand basis.

In the Medium Term the department will focus on increasing access to quality service delivery through operationalising the remaining 17 completed CDF health farcicalities and rationalizing \& recruitment of more staff to meet the demand. Access to improved sanitation will be prioritized through sanitation marketing strategy to provide access to improved sanitation in a bid to actualize sanitation rights in the constitution. The department will strive to sustain the provision of essential medical supplies to all health facilities and acquisition of necessary diagnostic and treatment support equipment.

To undertake these programmes, the 2015/16-2017/18 MTEF estimates for the sector are projected to be Ksh 4,886,986,990. For the FY 2015/16, Ksh. 1,558,838,378 has been set aside for the sector. For 2016/17 and 2017/18 the projections are Ksh. 1,623,870,211 and Ksh. 1,705,063,721 respectively.

## D: Programme Objectives

## CP 49: General Administration and Support Services

To provide effective and efficient logistical support to improve on service delivery

## CP 50: Curative Health Services

To provide highest attainable standard of quality, accessible and affordable medical care service

## CP 51 Preventive and Promotive Health services

To provide highest attainable standard of quality, accessible and affordable preventive, health promotion and rehabilitative care service

## CP 52: Ward Development Projects

To promote uniformity in development across the county

## 11. County Public Service Board

## A: Vision

Professional and Equitable service delivery to the people of Busia County.

## B: Mission

To Transform the Public Service to become professional efficient and effective for the rationalization of Busia County and National Development goals through competitive selection, planning and Human resource development

## C: Performance Overview and Background for Programmes

The County Public Service Board was established under Sec. 57 of the County Government Act 2012.
During the financial year 2014/2015 the Board undertook the following programmes by utilizing recurrent allocation of Ksh 58,951,217.
$\checkmark$ Advertising, short listing and interview of the position of :
a) County Secretary
b) 93 positions of different cadres from the Department of health and sanitation
$\checkmark$ Facilitation of staff Training targeting induction of the newly recruited staff.
$\checkmark$ Sensitization of 40 senior staff on National Values and Principles of Public Service. (this included County Executive Committee Members, Chief Officers)
$\checkmark$ Sensitization of 10 CEC Members, 11 Chief officers and 6 Public Service Board members on obligations of the County to international treaties and Conventions in line with Section 59(i)(e) and 4(d) of the County Government Act 2012.
$\checkmark$ The Board also developed the following Guideline documents to standardize and streamline Human Resource Management\& Training operations
i. Human Resource Development \& Training guidelines
ii. Functions, Organization structure and staffing for the County Government of Busia
iii. Draft Strategic Plan
iv. County Public Service Board Annual work plan 2014/2015
$\checkmark$ The Board also conducted suitability assessment and interviews for economic stimulus programme staff in the departments of Health and Sanitation which had 155 officers and Agriculture and Animal Resources which had 17 officers
$\checkmark$ Suitability interviews were also carried out for the 429 staff of the defunct Local Authorities and submitted the report to cabinet
$\checkmark$ Members of the Board also attended a two (2) week training programme in Esami Arusha in Good Governance, Corporate Governance, and Human Resource Management.
$\checkmark$ Board Members also attended several meetings and retreats for County Public Service Boards Consultative forums for sharing of information of the 47 County Public Service Boards in the execution of their functions.
$\checkmark$ Pensions Scheme for Members of the Board and other officers on Contract

However, the Board was able to perform the above tasks in spite of the budgetary limitations. In addition, the Board experience low response to advertisement from people living with disability, lack of motor vehicle for easy movement and challenges in setting up of the Secretariat. In a bid to address those challenges the board has petition the County Assembly and executive to improve the budgetary allocation to the board.

To undertake these programmes, the 2015/16-2017/18 MTEF estimates for the sector are projected to be Ksh $160,852,555$. For the FY 2015/16, Ksh. 49,023,808 has been set aside for the sector. For 2016/17 and 2017/18 the projections are Ksh. 53,574,998 and Ksh. 56,253,749 respectively.

## D: Programme Objectives

## CP 53: General Administration and Support services

To ensure optimal utilization of human resource in the county, create awareness on improvements and ensure adequate supply of skilled manpower in the county

## 12. The Governorship

## A: Vision

Institution of honour and excellence for a democratic and prosperous County

## B: Mission

To provide timely and quality services to the residents of Busia through efficient utilization of resources for the fulfillment of the Governor's mandate.

## C: Performance Overview and Background for Programmes

The mandate of the Governor's office is to offer conducive environment to enable the Governor to fulfill the functions of overall coordination of county affairs. More specifically the office provides the vision, leadership, co-ordination, and oversight of the County development affairs. Being the focal point for all county departments, it is the clearing house for both legislative and policy initiatives that impact directly on the people. The office is also mandated to develop partnerships for increased resources to undertake county government functions.

The office of the Deputy Governor comprises two departments, namely Policy Coordination, Cabinet Secretariat, and Legislative Liaison. It is the fulcrum of the county government on matters of County capacity development for strategy, policy, and coordination.
During the period under review, the office has mainly been involved in institutional development and organization including constituting the cabinet, the public service board and laying the administrative foundation for the newly devolved system of government. The key challenges facing this office include inadequate infrastructure, shortage of qualified staff, undeveloped legal, and policy framework.

The medium term priorities for the unit include the modernization and expansion of the security and enforcement unit, streamlining internal communication and the establishment of smooth corporate services. Investment in security and enforcement, a key priority in improving the business environment and building investor confidence is expected to be capital intensive. The 2015/16 budget intervention is to cater for the above, including Purchase of equipments for disaster management owing to the fact that the County has two entries of exit to the great lakes.

To undertake these programmes, the 2015/16-2017/18 MTEF estimates for the sector are projected to be Ksh $1,651,470,063$. For the FY 2015/16, Ksh. $547,846,223$ has been set aside for the sector. For 2016/17 and 2017/18 the projections are Ksh. 538,353,093 and Ksh. 565,270,747 respectively.

## D: Programme Objectives

## CP 54 General Administration and Support services

To provide an effective and efficient logistical support system to improve service delivery

## CP 55: Programme: County Affairs

To facilitate engagement with the citizenry

## CP 56: Information \& Communication Services

To improve connectivity, information sharing and dissemination, as well as utilization of ICT services for publicity

## CP 57: Ward Development Projects

To promote uniformity in development across the county

A. Mission: To build an effective County Assembly that is responsive to the needs of the people and that is driven by the ideas of realizing better quality of life for the people of the Busia County Assembly
B. Vision: To be a modern County Assembly that fulfills its Constitutional mandate and effectively serves the people of Busia County

## C: Performance Overview and Background for Programmes

The County Assembly core functions are to develop legislation, perform oversight and representative. With such functioning, the department was allocated Ksh. $735,283,955$ comprising of kshs. $660,213,305$ for recurrent and kshs.75,070,650 for development in the FY2014/2015.
The County assembly approved a total of Ksh.732, 629,553 as the County assembly budget for fy 2015/2016. From the assembly budget kshs 426, 399,656 is for employees' compensation, kshs.127, 919,897 for operation and maintenance; Ksh. 128,310,000 for development and kshs.50, 000,000 for revolving fund.

## D. Goal of the County Assembly of Busia (programs objectives)

## CP 58: General Administration and Support services

To provide an effective and efficient logistical support system to improve service delivery

## CP 59: To Legislate, Oversight and Represent

To provide legislative and oversight role in the county

## Policy Objectives of the County Assembly of Busia

1. To strengthen the capacity of the Members of the County Assembly to make

Laws, exercise oversight and represent the people well.
2. Adopt Result based management framework and acquire ISO certification.
3. To develop staff capacity with focus on quality performance and service delivery.
4. To develop and enhance physical infrastructure to provide a good and secure working environment.
5. To strengthen research and information services for MCAs.
6. To enhance usage of technology to support Assembly operations.
7. To enhance and sustain financial resources mobilization and management.
8. To develop strong education and public awareness/outreach activities of the Assembly.
9. To develop an ethical working environment with good governance initiatives and institute conflict management mechanisms.

## Core Functions of the County Assembly of Busia

Article 185 of the Constitution provides functions of the County Assembly as under:-

1. The legislative authority of a county is vested in, and exercised by, its county assembly.
2. A county assembly may make any laws that are necessary for or incidental to, the effective performance of the functions and exercise of the powers of the county government under the Fourth Schedule.
3. A county assembly, while respecting the principle of the separation of powers, may exercise oversight over the county executive committee and any other county executive organs.
4. A county assembly may receive and approve plans and policies For-
a) the management and exploitation of the county's resources; and
b) the development and management of its infrastructure and institutions

Other important functions of county assemblies include:
i) Vetting and approving nominees for appointment to county public offices;
ii) Approving the budget and expenditure of the county government in accordance with Article 207 of the Constitution;
iii) Approving the borrowing by the county government in accordance with Article 212 of the Constitution;
iv) Approving county development planning.

To undertake these programmes, the 2015/16-2017/18 MTEF estimates for the sector are projected to be Ksh $2,439,491,164$. For the FY 2015/16, Ksh. 862,506,051 has been set aside for the sector. For 2016/17 and 2017/18 the projections are Ksh. 769,261,031 and Ksh. 807,724,082 respectively.
