## PUBLIC PARTICIPATION/INVOLVEMENT OF STAKEHOLDERS

Public participation provides an all-inclusive avenue for identifying and prioritizing Government projects and activities under the budgeting process by stakeholders and the general public. The PFM Act 2012, County Government Act, 2012 and Article 201 of the Constitution of Kenya calls for openness, accountability and public participation in financial matters. Further, Section 117 of the PFM Act 2012 obligates the County Treasury to take into account views of among others, the public and interested persons/groups in preparing the CFSP which informs the Budget estimates. The County in the process of preparing the CFSP 2023, held public hearings from 30<sup>th</sup> January – 3<sup>rd</sup> February 2023 on the County Sectoral budget proposals and recommendations for the 2023/2024-2025/2026 MTEF period. A total of 1,117 participants took part in the Sectoral Hearings. Of this, 695 were male and 482 were female. 81 participants were Persons Living with Disability. The fora agreed with the policies and programmes enumerated by Departments albeit with a few additions/areas of consideration.

The County pursuant to provisions of Nakuru County Revenue Allocation Act, 2018 invited residents of Nakuru between 3<sup>rd</sup> – 4<sup>th</sup> April, 2023 to take part in the budgeting process by giving proposals on priority projects at the Ward level to be implemented by the County during FY2023/2024. A total of 6,417 residents participated, of whom 4,227 were male and 2,190 were female. The available budget for consideration was Ksh. 1.65 billion. Analysis of the proposals received revealed that infrastructure projects had the highest priority followed by water projects as highlighted in the figure below.

**Objective:** To reduce disease burden associated with environmental health risk factors and unhealthy lifestyle.

**c) Programme 3: Health curative and rehabilitative services.**

**Objective:** To provide essential quality health Services that is affordable, equitable, accessible and responsive to client needs.

#### Part D. Performance Overview and Background for Programmes

The Department of Health Services derives its mandate from the 4th schedule of the constitution of Kenya 2010, Executive Order of March 2023 and Legal Notice no 137 of 2013. In order to promote access to quality health care services in the County the Department will fulfill the following:

- a) Address discrimination of marginalized areas and vulnerable groups
- b) Ensure quality of health services

- c) Ensuring equity of health services
- d) Promoting access to health services throughout the County
- e) Ensure efficiency is at the core of its health department and services
- f) Address problems of low-quality health services

The following services are offered in County health facilities and pharmacies; ambulance services, promotion of primary health care, licensing and control of undertakings that sell food to the public, cemeteries, funeral parlors and crematoria services.

This is achieved through reorganizing the department into two divisions: Medical Services (Curative and Rehabilitative services) and Public Health and Sanitation (Promotive and Preventive Health Services) headed by Chief Officers. The functions are further implemented through Program Based Budgeting (PBB) in three Directorates: -

- ✓ Administration and Planning
- ✓ Public Health and Sanitation
- ✓ Medical Services

In the FY 2021/2022 The department's actual expenditure was KES 6,487,496,394 out of KES 7,584,459,439 approved allocation translating to 83% absorption rate.

During the MTEF period under review, revenue collection in the department rose by 29.94% annual growth. This revenue was utilized by respective hospitals for improved service delivery. Total pending bill as of June 30th 2022 was KES184,778,627.00 compared to pending bills of 30th June 2021 which stood at KES96,735,880.20. The forecasted annual requirement for drugs and non-pharmaceutical commodities in FY 2021/22 was KES 1.4 billion though only KES 801,755,673.90 was allocated and spent, this led to stock outs and unmet facility needs. The actual expenditure includes Conditional Grants for level five, FIF, DANIDA and lease of equipment, ward projects and Headquarter projects.

Challenges during the MTEF period under review include; Inadequate human resource to offer services in existing, expanded units and new health facilities. Inadequate funds allocated for promotions and recruitment of health workers, Inadequate allocation for HPTs and inconsistent supply of the National programme commodities, and finally reducing donor/partner support.

In the MTEF period (2023/2024-2025/2026) major focus will be on operationalization of newly upgraded Level IVs and strengthening primary health care through community health strategy, this will be towards achieving universal Health Coverage. Part E. Summary of the Programme Key Outputs and Performance Indicators for FY 2023/2024-2025/2026.

## **Part D. Performance Overview and Background for Programmes**

The infrastructure sub-sector has two directorates each with distinct functions; Roads & Public Transport and Public Works. The Executive Order No. 1 of March 2023 issued by the Office of Her Excellency the Governor on “Organization of the County Government”, lays down the mandates of the Department which include;

- ✓ Develop and maintain county infrastructure policies
- ✓ Manage and maintain county roads and public buildings
- ✓ Develop and manage street lighting
- ✓ Maintain and manage road and transport machinery
- ✓ Manage county infrastructural development
- ✓ Provide technical support in development and management of infrastructure projects in County departments

### **Expenditure Trends**

In the FYs, 2019/20, 2020/21, 2021/22 the sub-sector’s budgetary allocations were Ksh. 2.54 Billion, KSh.2.88 Billion and 2.80 Billion respectively. The actual expenditures for the period were Ksh. 1,027,569,646, Ksh. 1,240,560,437 and Ksh. 1,786,147,082; translating to budget execution rates of 40.5%, 47.6%, and 64% in the financial years 2019/20, 2020/21 and 2021/22 respectively.

### **Major Achievements**

At the end of the plan period in the financial year 2019/2020-2021/2022, the sub-sector had cumulatively made the following achievements: Under the Boresha Barabara initiative, the department graded a total 472Km and graveled 86Km of roads. Under contracted works, the department graded 356Km and graveled 236Km. Under KUSP and KRB programmes, a total of 17.27Km of roads were tarmacked. The sub sector also constructed 28.77Km of new drainage networks to help in the storm water management issues, constructed 72 motorcycle sheds, built 34 motorable& footbridges, constructed 1 bus park and rehabilitated 4 bus parks. The sub-sector also maintained 3824 streetlights, installed 518 streetlights; Acquired 2 fire engines, constructed 1 fire-station in Nakuru Head Quarter. 10 new fire-fighters and 6 engineers were recruited in the FY 2021/22. In addition, the department acquired 10 lorries/tippers, 3 graders, 4 rollers, 3 excavators, 2 dozers,1 backhoe, 1 prime mover and 1 low-Bed Trailer, to assist in the construction, maintenance and rehabilitation of roads.

### **Constraints/Challenges In Implementing The Budget**

The Department faced the following key challenges in the implementation of its programmes; Delays in exchequer releases negatively affect implementation of projects and programmes resulting in low absorption of funds in the Sub-Sector and thus affecting service delivery.

During the period under review the sub-sector has grappled with limited resources that affected implementation of planned programmes/projects. Limitations in resources vary from financial to human resources. The sub-sector is faced with issues of inadequate technical staff while the deficit in budgetary allocations in comparison to budget requirements have contributed to quite a number of project timelines being delayed and the non-initiation of other projects.

Inadequate budgetary provisions for operations and maintenance to enhance effective service delivery at the departmental level. This is further heightened by lengthy procurement processes and procedures.

Some of the contractors lack capacity to deliver quality and timely services hence delaying the benefits of the services to the residents of Nakuru County.

Vandalism of street lighting infrastructure increased the cost of maintenance and installation of new streetlights.

Duplicity of functions between entities such as KURA, KRB and KERRA especially in the construction of rural road networks

### **Major Outputs Expected To Be Achieved In The MTEF Period 2023/24-2025/26**

In the 2023/24-2025/26 MTEF period, the Subsector will implement the following two Programmes: 1: Administration, Planning and Support Services, 2: Infrastructure, Development and maintenance. Under the first programme, the sub-sector intends to recruit a total of 67 staff and train 210 staff, including fire fighters. Under programme two, the department targets to tarmac a total of 20Km of new road networks, grade 2450Km and gravel 2120 Km of roads; construct 25 footbridges, construct 52Km of new drainage network and maintain 40Km of existing drainages. It also targets to rehabilitate 8 bus parks and construct 6 new ones, construct 65 boda-boda sheds, install 810 new streetlights and maintain 2400 streetlights. In order for the subsector to achieve its medium-term targets, the resource requirement for the FYs 2023/24, 2024/25 and 2025/26 are Ksh. 3,752,429,019, Ksh. 4,127,671,921 and Ksh. 4,540,439,113 respectively, compared to an allocation of Ksh. 804,940,563, Ksh. 885,434,619, Ksh. 973,978,081 over the same period depicting a huge deficit between the required resources and the allocations.

#### **Part B. Mission**

To offer client-oriented extension services, promote commercialized and sustainable Agriculture, Livestock and Fisheries industry for food security and wealth creation.

#### **Part C. Strategic Objective**

The overall goal of the sector is to attain national food security and ensuring sustainable management of resources. The strategic objectives of each programme include:

- Crop Production and Management: To enhance dissemination of agricultural information to the farming communities for improved agricultural productivity, food security, and farm incomes.

#### **Part D. Performance Overview and Background for Programmes**

The mandates of the Department are articulated in the Executive Order No. 1 of 2023. Agriculture's mandate is to promote and facilitate production of food and agricultural raw materials for food security, employment creation and incomes, management of crop pest and disease, sustainable use of land resources as a basis for agricultural enterprises. The mandate of livestock production is promotion of livestock enterprises, development of marketing networks, value addition in livestock products and by products, processing and agribusiness, collaboration with research institutions and other stakeholders in technology development. The mandate of Fisheries includes fisheries licensing; development of fisheries; fisheries marketing and value addition and fish quality assurance

The crop development directorate in the past years managed to procure and distributed 281,338 and 5,000,000 avocado and pyrethrum seedlings; constructed and completed 31 and 23 tea buying Centres; in addition to excavation of 3 water pans. The directorate of livestock development constructed and operationalized seven (7) milk bulking and cooling facilities, four (4) pasteurizers and requisite backup generators. Further, over 377,000 one-month chicks were distributed to 1,237 farmer groups in addition to the supply of 489 automatic incubators. The directorate of livestock further distributed 100 high quality Sahiwal and Boran bulls, 130 breeding bucks, 1,402 dairy goats, and 170 and 90 hair and wool sheep all valued at a cost of over 150 million. In addition to this, 137 modern bee hives were supplied to 17 farmer groups. Assorted farming equipment valued at Ksh. 13 M under the AMS project have been purchased. The veterinary unit completed 1 slaughterhouse and 11 cattle dips were completed. The fisheries directorate restocked ponds and dams with 164,166 fingerlings, constructed one fish pond in Gilgil, purchased and supplied assorted fish handling equipment and completed a fish market along the Nakuru- Nairobi highway.

During the period 2019/20-2021/22, the total approved budget estimates for the department were 1.3 billion, 981.3 million and 1.3 billion. The expenditures were 924.4 million, 802.3 million, and 986.3 million for FY 2019/20, FY 2020/21 and FY 2021/22 respectively. The respective budget absorption rates for FY 2019/20 FY 2020/21 and FY 2021/22 were 71 percent, 81 percent and 76 percent. The total pending bills registered at 19 percent declined from 53.7 million to 43.6 million for FY 2019/20 and FY 2020/21 respectively.

Observing that the current MTEF period marks the start of the new integrated plan, the departmental priorities are in line with the proposed development agenda for CIDP 3 (2023-

2027). The livestock production and management directorate prioritized construction and installation of five (5) milk coolers and two (2) pasteurizers, supply of 100 beehives and construction of two (2) honey refineries, purchase and supply of 20 incubators, purchase and supply of 200 goats, 50 sheep, renovation of 1 slaughterhouse and construction of one cattle dip, alongside offering robust and extensive training through extension services. The fisheries development directorate prioritized purchase and installation of 10 pond liners, purchase of 133,333 fingerlings to restock ponds, as well as purchase and supply of 1000 fishing nets, all done alongside training and extension services to fish farmers. The crop development directorate prioritized purchase and distribution of 12,500 coffee seedlings, 50,000 tea seedlings, 1000 macadamia seedlings, 2500 mango, 66,666 avocado, and 5,000,000 and pyrethrum seedlings. The directorate targets to launch 10 new plant clinics, promoting 18 climate smart agricultural projects, construction of 2 water pans, 2 greenhouses, purchase of 2 tractors with all implements. Training and other extension services will be prioritized in the MTEF period.

Some of the challenges that impacted and are likely to continue impacting successful programme and project implementation include; Overdependence on rain fed agriculture; Inadequate funding to the sector; Underfunding of development budget; Inadequate markets and market infrastructure; Inadequate human resource; High incidence of crop diseases and pest; postharvest losses; Impact of climate change and Inadequate and fragmented office space. To address some of these challenges, there is a need to review upwards the budget ceilings for effective implementation of programmes and projects and to establish emergency funds to handle calamities associated with climate change such as frequent outbreaks of pests and diseases and poor rain output.

- ✓ Undertake pollution control (public nuisance, air, land, water, noise and excessive vibrations)
- ✓ Develop and implement natural resource management programs
- ✓ Undertake environmental education awareness
- ✓ Establishment and management of County recreational parks.

**Expenditure trends** of the Sector are as follows:

During the MTEF period 2019/2020-2021/2022 the department was allocated Kshs. 4,730,769,424. Actual expenditure was Kshs. 2,218,133,477; Including Actual Development of Kshs. 1,427,221,287 and Actual Recurrent expenditure of Kshs. 790,912,190

Some of the **major achievements** include the following: The Environment Protection, Natural Resources and Water Sector has two directorates: County Department of Environment, Energy, Natural Resources and Climate Change; and the County Directorate of Water and Sanitation. The Sector contributes to the country's social and economic growth. The overall share to the Gross Domestic Product (GDP) from the environment and natural resources sector rose to 3.6 per cent in 2021 from a contribution of 3.5 per cent in the year 2020 according to the Economic Survey of 2022. As the country implements the constitutional requirement on devolution, it is important to note that the constitution recognizes the principle of sustainable development which ensures that sustainable exploitation, utilization and management of its natural resources are strengthened and benefits shared equitably.

The sector has promoted 20 No of staff and recruited 19. No. of staff which has enhanced efficient and effective service delivery.

The sector adopted both Integrated Solid Waste Management Model and Circular Economy towards successful management of solid waste. It managed to rehabilitate, green and secure the Gioto and Naivasha main waste disposal sites as well as acquiring 25 acres sanitary landfill in Gilgil. Purchased 2 No. and fabrication of 1 No skip loaders with 16 No. Waste skip bins, purchased and installed 546 No. litter bins. The Sector also grew 941,352 No. of tree seedlings in collaboration with partners. Rehabilitated County parks i.e., Nyayo garden phase one to four, greening and beautification of the stretch along Nakuru Nairobi highway (statehouse to Kiundu area). The sector partnered with various stakeholders matters of urban areas greening and beautification targeting roundabouts, open spaces and road medians within Nakuru City and Naivasha Municipality.

Regular monitoring of water, air, land, noise and excessive vibration pollution and other nuisances was been enhanced through establishment of Enforcement and Compliance Unit at the Environment Headquarters coupled with continued to desilting of storm water retention pond to enhance its functionality towards pollution control into Lake Nakuru. With partners, the department has installed 7 No. air quality monitoring sensors in strategic positions within Nakuru City.

Key achievements by the sector on policy formulation include gazettelement of Nakuru County Waste Management Act 2021, Nakuru County Climate Change Act 2021, Nakuru County Water and Sanitation Act 2021 dated 17th May 2021, Nakuru County Climate Change Fund Regulations, Development of SEACAP and Development of Nakuru County Strategy and Energy Plan 2021.

The sector during the years under review FY 2019/20-2021/22 implemented 388 No. water projects that contributed to increased water accessibility through 84 No. borehole drilling; 79 No. borehole equipping with solar; desilting of 10No. Dams/ water pans, protected 7No. Springs and rehabilitation of 186 No. Water projects and construction of 22 No. new water projects. This resulted in increased water production as well as coverage of approximately 0.025%.

The following were some of the **constraints and challenges** encountered during budget implementation: -

- ✓ Continued Degradation of Environment and her resources through logging, excessive charcoal burning and over exploitation of fragile ecosystems

- ✓ Population pressure leading to increased waste generation, thus overstressing the available resources. It also increases water demand hence putting a lot of pressure on the existing water supplies. Ref. to 2019 defragmented census.
- ✓ EIA/ESIA/ and WRA Assessment: Lengthy statutory regulations before necessary documents are obtained.
- ✓ Inadequate working equipment and tools
- ✓ Inadequate staff. This has been attributed to natural attrition without replacement.
- ✓ Inadequate funding for departmental programmes. There has been a backlog of investments into the sector creating a challenge for the county as some facilities or structures have to be carried forward to the next financial year due to budgetary constraints.
- ✓ Increased energy costs: This has an impact on cost of delivering water services to the people at an affordable price.
- ✓ Inadequate land for solid waste management, water and sanitation infrastructural development

**Major Outputs** expected to be achieved in the MTEF period 2023/2024- 2025/2026 include: Development of service charter and scheme of service, training, promotion and recruitment/replacement of 50, 190, and 155 No. of staff respectively. The Sector also targets to drill 104 No. boreholes, solarize 71 No. boreholes, desilt 23 No. dams, and rehabilitate 227 No of water projects as well as construct 4 No. of sewerage extensions which will ensure connection of 300 No of new households to the sewer network. Additionally, the Sector aims to conduct 30 No of environmental education and awareness workshops, formulate an e- waste management policy, purchase 2 No. skip loader trucks, 10 No. skip bins, 600 litter bins, 238 No. waste trolleys and 1 No. commercial incinerator. The Sector also targets to operationalize Gilgil waste recovery facility and purchase 5 acres of disposal site in Subukia. The Sector will also ensure rehabilitation and maintenance of green spaces and increase tree coverage by 2625ha by the end of FY 2025/26. More details on the Sector's targets are in part E below.

## **Achievements**

During the 2021/22 plan period, the Department was able to achieve the following planned milestones:

In the period FY 2021/22, the department was allocated Kshs. 939,126,699, with an expenditure of Kshs. 841,680,806 depicting an absorption rate of 90%. Seven ward offices (Subukia sub-county, Lanet Umoja ward, Molo Sub- County, Nakuru West Sub- County, Njoro Sub- County, Gilgil Sub- County and Rongai Sub- County) were constructed and equipped and procured four computers (desktop monitors) and three printers for distribution in ward, Sub- County and HQ offices. The disaster management and humanitarian assistance unit responded to 71 disasters and provided food, non-food items and economic support to the victims. The special programs unit conducted one on one counselling for 14 employees, held forums on ADA and HIV/AIDS and peer counsellors training in all 11 sub-county's and re-deployed 10 psychology specialist interns across the county. The enforcement directorate purchased uniform fabric for 250 and 250 raincoats for enforcement officers.

HRM unit customized two schemes of service for administrators and enforcement officers and forwarded to NCPSB awaiting approval and validation. Human Resource Management unit in its sole purpose of capacity building was able to train a total of 429 members of staff. The department also received and redeployed 594 interns across various county government entities.

Registry section procured and installed three workstations to ease delivery of service for county government staff while the partitioning of the registry is still at procurement stage. Also, the unit carried out a record appraisal survey whereby 143 records were marked for disposal and 41 records were taken to the archives for reservation.

Performance Management unit prepared the departmental Annual Workplan and Performance Contract (PC) and reviewed 10 departmental Annual Workplans. Implementation of the performance management systems is at 90% with cascading of the Performance Contract (PC) and signing of Performance Appraisal System (PAS) was also implemented at 60% with some of the departments yet to implement.

### **Constraints and Challenges**

During the implementation period, the Department faced the following challenges and constraints:

- ✓ SRC has been harmonizing salaries and allowances since July 2017. While the exercise is welcome and plays a big role in staff motivation, the same has expanded the County Government personnel budget to over Kshs. 5.84 billion in the 2021/2022 Financial Year.
- ✓ Data cleansing in the payroll is pending. Once the cleansing is undertaken the county will have accurate data and seamless management of employee issues.
- ✓ Mortgages and car loans approved by SRC has not been accessible to majority of staff due to low budgetary allocation.
- ✓ Contentious Pension for devolved staff between January 2014 to December 2020 remains unresolved.
- ✓ The County Government has not been remitting NITA annual subscriptions since inception of the County Government which has accumulated to over Kshs. 64,175,000 million resulting from accumulated penalties, LAPFUND (Kshs. 351,076,450.62), LAPTRUST (Kshs. 200,886,188.79) and NSSF (Kshs. 300,641,940).
- ✓ Slow preparation of the Bill of Quantities by the department of Public Works which hindered commencement of the department's priority projects and programs (construction of Sub County and ward offices).
- ✓ Long procurement processes and re-tendering of tenders due to low bidding and uptake of tenders floated which was caused by the August 2022 general elections.
- ✓ Inadequate budgetary allocation for programs and projects.
- ✓ Delay in budget approval by the county assembly affected the planned departmental work plan schedule.
- ✓ Late approval and re-allocation of funds in the supplementary budget 2021/22 has stalled projects that had already commenced.
- ✓ No/inadequate budgetary allocation for various programs i.e., civic education and public participation, special programs and Disaster Management and Humanitarian Assistance.
- ✓ Inadequate training and capacity building budget against a high demand for training.
- ✓ Lack of adequate vehicles, human resource and office space in the department.
- ✓ Harnessing interdepartmental synergy among NCPSB, PSC and PSTD in the formulation and validation of policies and schemes of service has proved challenging against timelines, commitments and budget.
- ✓ Lack of support/goodwill in the implementation of performance management system from top management.

- ✓ The elevation of Nakuru municipality to city status and emergence of two new municipalities of Gilgil and Molo towns resulted to the need of HR alignments.
- ✓ Lack of requisite HR policy, regulations and compliance to legal requirements has led to numerous HR litigations which are time consuming and costly due to the mandatory court proceedings.
- ✓ Lack of approved county organisational structures, staff establishment and succession management plan.
- ✓ High turnover of CECMs' and COs in the department disrupts the continuity of programs/projects in the department.
- ✓ Lack of established special programs units in the departments.

### **Medium Term Priorities and Financial Plan for the MTEF Period 2023/24 – 2025/26.**

In FY 2023/24, the subsector will finalize, review and re-align its organizational structure to enhance implementation of programs. At the same time the sub-sector will consolidate its programs to five in number including General Administration, Planning and Support Services, Coordination of County Civic Education and Public Participation, Co-ordination of County Policy Formulation, Enforcement and Compliance, Co-ordination of county Human Resource and Performance Management and Co-ordination of Disaster Management and Humanitarian Assistance.

In the Administration Directorate, the subsector will strive to improve coordination of service delivery in the county, by providing logistical support such as more office space, improved staffing and providing vehicles. The Department prioritizes development of high standard sub-county, ward and village administration offices which will enhance the image of the County Government at the grassroots and decentralize services closer to the people.

The department will also sustain focus on research aimed at improved service delivery in the entire County. This will include carrying out customer and employee satisfaction surveys and work environment survey.

The special programs unit in the next period will shift focus to fully establish a special program unit in the ten county departments. In order to mitigate Alcohol, drug, substance abuse and HIV/AIDS that leads to low employee productivity, the subsector intends to control and contain such addictions through psychosocial support of the affected and infected at the workplace.

In the next MTEF period, the HRM unit will be geared towards creation of structures, systems, procedures and policies necessary for efficient and effective functioning of the County Government. The department in liaison with NCPSB will seek to equip the Human Resource with requisite knowledge, skills and abilities that will provide leadership and direction in implementation of departmental functions. This will be achieved through staff training, implementation of performance management and performance contracting, staff motivation strategies and general capacity building activities.

To this end, the department will comprehensively role out Performance Management System. This will include signing and cascading of performance contracts at all levels, mid-term review, end term evaluation and ratings.

In order to secure storage, updating, retrieval and ease in dissemination of staff data, the Department seeks to fully equip and digitize the County Registry as well as train staff on best record management practices.

HR policy and procedures manual (2016) from Public Service Commission has been customized and validated to fit the County Government and is awaiting approval by NCPSB. The policy guides the county government in HR Planning, Training and Development, Performance Management, payroll administration, Employee Welfare, disciplinary controls, position and responsibility changes (promotion, transfers/deployment, demotion and retirement) and Industrial Relations. The department will seek to harmonize existing schemes of service and forward to NCPSB for approval. The department will also conduct necessary sensitization on the above policies and upscale staff training and capacity building.

The department has staff shortage in key sections including directors, enforcement officers, human resource officers and office administrative assistants. Succession planning and recruitment proposals are therefore factored in this report aimed at addressing the gaps.

Disaster management and Humanitarian assistance directorate will recruit technical and non-technical staff. The unit also prioritizes establishment of the county emergency call center and train staff on disaster preparedness.

The sub-sector programs aim at ensuring that all County Government Departments and other units render efficient services to the residents of the County and that all members of the public have access to basic services equitably. To this end, the subsector continues to provide expected enforcement by ensuring legal compliance both to county laws and applicable national laws that will enable the county government execute its mandate smoothly.

Overall, the subsector hopes that the aggregate effect of its programs will result in increasing the capacity of all departments and the county at large to achieve its goals.

The Directorate equipped all public ECDE Centres with water tanks and soap worth 5Million, to improve sanitation. It also procured age-appropriate furniture to 157 classrooms in ECD Centres. During the period under review, the department recruited 306 ECE teachers on permanent basis hence improving the teacher pupil ratio to 1:89.

The Directorate of Education improved retention by facilitating the rolling out of bursaries worth Ksh 254 Million benefiting 61,565 needy students in both Secondary and Tertiary Institutions across all the 55 wards during the period under review. Secondary schools benefitted with the largest share of 54%. The County issued bursary to Special Need Students in both Primary, Secondary and Tertiary Institutions in line with Disability Main Streaming requirement of the Performance Contract. Successful achievements of this initiative can be credited to the implementation of the policy governing the issuance of bursaries.

The Directorate of Vocational Training had prioritized the following programmes; construction of training rooms, recruitment of instructors, procurement of tools and equipment and disbursement of Subsidized Vocational Training Support Grant to trainees (SVTSG). During the period under review, the Directorate of Vocational Training recruited 24 instructors on permanent basis. It disbursed Ksh 61 Million counter fund benefitting 4419 trainees. In the

same period, the directorate procured tools and equipment worth Ksh 30 million benefiting 33 VTC`s.

However, the department has continued to experience a very low budgetary allocations and in turn affecting the implementation of the sector recurrent and development programs in line with the departmental requirements.

Below are some of the challenges the department experienced during the implementation period;

- ✓ Inadequate transport in the sector at all levels that hinders monitoring and evaluation;
- ✓ ECD and Vocational Training follow an Education calendar while the county follows financial year calendar which does not match with timely release of funds;
- ✓ Frequent revision of the budget even after the expenditure has been committed greatly affect the implementation of programmes;
- ✓ Inadequate human resources, insufficient office space and furniture;
- ✓ Lengthy procurement process and procedures which delay service delivery;
- ✓ Minimal input from stakeholders especially on ECDE activities;
- ✓ ECDE and VTC's classrooms put up without the accompanying requirements e.g. furniture, qualified instructors and sanitary facilities.
- ✓ Negative perception of vocational training centres hence low enrolment
- ✓ Misconception of VTCs capitation grants that the training is totally free, which is not the case.

The main requirements for the department are namely, recruitment of contractual employees i.e.; ECE teachers and instructors. This is to enable the department hire 60 vocational training instructors and 350 ECE teachers to reduce the existing gap of 114 instructors and 1,335 ECE teachers. Purchase of learning materials to be in line with the new CBC in provision of free and compulsory Early Childhood Education to all public ECE`s within our jurisdiction; integration of ICT in ECDE and provision of fixed play equipment. The department has also made a requirement to cater for exit programme of Vocational Training Trainees. This will enable them be supplied with tools to start their trade as they graduate from Vocational Training; construction of hostels in VTCs to increase retention and transition rates; introduction of driving schools in VTCs to increase the variety of courses being offered and the Co-Curricular allocation will help trainees participate in drama, music and sports competitions for both ECE and Vocational Training. The directorate of ICT aims to increase public digital literacy through the establishment of digital centres, extension of Internet Infrastructure, procuring of public communication equipment and automation of county services as a way of improving service delivery.
