# @ 2018 BUNGOMA COUNTY ANNUAL DEVELOPMENT PLAN FOR FY 2019/2020

To obtain copies of the document, please contact:

Chief Officer,

The County Treasury Municipal Building P. O. Box 437-50200

BUNGOMA, KENYA Tel: +254-20-2252-299

Fax: +254-20-341-082

The document is also available on the website at: www.bungomacounty.go.ke and www.bungoamassembly.go.ke

ALL INQUIRIES ABOUT THIS ANNUAL DEVELOPMENT PLAN FOR FY 2019/2020 SHOULD BE ADDRESSED TO: CHIEF OFFICER, FINANCE AND ECONOMIC PLANNING

#### **FOREWORD**

The Public Finance Management Act (PFMA), 2012 Section 126 sub-section requires county governments to prepare an Annual Development Plan (ADP) in accordance with Article 220 (2) of the constitution. The County Government is responsible for the delivery of services to its citizens as prioritized in the County Integrated Development Plan in line with, Kenyan Vision 2030 and the Sustainable Development Goals. The services are well stipulated in the County Governments Act, 2012 Section 5 and the functions are detailed in Part II of the fourth schedule in the Constitution of Kenya, 2010.

The County Government of Bungoma is committed to rolling out development programmes and projects based on need and impact and in line with the CIDP 2018 – 2022. To ensure proper linkage between the CIDP, ADP 2019/20 and the annual budgets, we have adopted a programme-based planning approach that ensures county departments, sectors and agencies work within the agreed programmes.

This ADP for FY 2019/2020 was developed in a consultative and participatory manner in line with the constitutional and Public Finance Management requirements, of public and stakeholder participation and engagement. It presents a situational analysis of the County's socio-economic conditions, identifies key development constraints and proposes a number of strategies that the government and stakeholders will pursue during the intervening period in order to turn around the growth momentum of the County's economy. Emphasis has been placed on the delivery of high quality social services and improving the business environment for greater investment and commerce.

The Programmes, projects, policies and initiatives envisaged in this plan will contribute to the transformational journey underway since the start of devolution and to the achievement of the Big Four-food security, affordable housing, manufacturing and affordable healthcare. The County Government of Bungoma seeks to progressively strengthen the development outcomes by putting in place measures geared towards compliance with approved plans and budgets and mainstreaming results-based management.

ESTHER WAMALWA
COUNTY EXECUTIVE COMMITTEE MEMBER
FINANCE AND ECONOMIC PLANNING
BUNGOMA COUNTY

#### **ACKNOWLEDGEMENT**

I wish to thank H.E The Governor and the entire County Executive Committee for providing leadership, vision, and resources for the preparation of this plan. I am grateful to my fellow Chief Officers for ensuring that submissions necessary for the preparation of the ADP were made available in good time.

The development of this Annual Development Plan (ADP) was achieved through an elaborate and consultative process involving key department's stakeholders. The development process was coordinated by County Executive Committee member in charge of Finance and Economic Planning and a team of technical experts from the department. Their unwavering commitment and teamwork is duly acknowledged. Similarly, we express our appreciation to all the department staff that played a critical role in the development of this plan.

The monumental role played by directors and other members of staff working under them for their steadfastness in providing information whenever called upon is hereby appreciated.

I acknowledge the entire ADP Secretariat for working tirelessly to ensure timely collection and collation of information incidental to the preparation of Annual Development Plan for 2019/2020

I also take this opportunity to thank all our partners for their invaluable contribution, either through direct or indirect support.

CHRISPINUS BARASA
CHIEF OFFICER
DEPARTMENT OF FINANCE AND ECONOMIC PLANNING
BUNGOMA COUNTY

#### **EXECUTIVE SUMMARY**

Annual Development Plan is the first document to be prepared as per the County Budget Calendar to guide the annual budgeting process. The annual development plan is prepared in accordance with Section 126 of the Public Finance Management Act, 2012. All the programmes contained in the ADP are extracted from the CIDP, thereby legitimizing the proposals since the CIDP was approved by the County Assembly.

Both the ADP and CIDP are programme based and County Departments and Agencies (MDAs) have included priorities contained in the CIDP in making their submissions to the County Treasury. In addition, all the two documents define the policy of the county government in addressing the felt needs of the people

The Annual Development Plan is divided into five chapters as described herein;

Chapter one provides a short description of the county in terms of the location; size; demographic profiles; administrative and political units. It also highlights a summary of the socio-economic and infrastructural information that has a bearing on the development of the county and includes the approach that was used to develop the Annual Development Plan, an extract from the five year CIDP and focusses on programmes, projects and initiatives to be implemented in any one Financial Year, which guides the annual budgeting process

**Chapter two** provides a summary of what was planned and what was achieved by the sector/sub sector. It indicates the overall budget in the ADP versus the actual allocation and expenditures as per sector/ sub-sector and a review of sector/ sub-sector achievements, challenges and lesson learnt. It provides review of implementation of 2017/18 ADP which constitutes a number of issues including sector achievements in the previous financial year, analysis of capital projects for previous ADP, payments of Grants, benefits and subsidies, challenges experienced during the course of implementation and concludes with lessons learnt and recommendations.

Chapter three provides a summary of what is being planned by the county. This includes key broad priorities and performance indicators. It indicates the overall resource requirement in the ADP. Also it presents sector/sub-sector strategic priorities, programmes and projects for the year. The programmes and projects envisage a green economy by mainstreaming cross-cutting issues. It highlights county strategic priorities, programs and development projects which act as indicators of the county government's development Agenda and also a description of how the county government is responding to changes in the financial and economic environment. It also includes capital projects and cross-sectoral implementation of strategic approaches that will play critical roles in actualizing the county development plans.

Chapter four presents a summary of the proposed budget by programme and sector/ sub sector awaiting approval by the County Assembly. It provides a description of how the county government is responding to changes in the financial and economic environment. It also highlights the risks, assumptions and mitigation measures undertaken by the county government to curb all sorts of uncertainties in the planned activities thus creating an enabling environment for attainment of budgeted initiatives. Some of the key risks to the implementation of the ADP as identified by County Departments and their mitigation are highlighted in the foregoing analysis;

RISK FACTOR	RATING	MITIGATION
The demand for the County Executive to deliver results may outsrip its capacity and available resources, leading to non-delivery or poor quality projects	High	Manage expectations of its stakeholders about what can be delivered realistically
The possibility of duplication of development eforts is high given the onset of devolution and with creation of Ward Development Funds, as well as the National Government Constituency Development Fund	High	Exercise particular care to act within its legal mandate and follow proper decision-making processes, including wider consultations and information sharing
Loss of credibility if the data County MDAs use for the ADP is found to have been compromised.	High	ICT and quality assurance systems to protect data loss, corruption, manipulation and inaccuracy. Work closely with KNBS.
Unanticipated investment in functions legally reserved for National Governments may cause feelings of undermining each other	High	Evaluate the likely consequences of investing in national government functions and share information regularly. Work closely with the national government
Dysfunctional County MDAs and project Management Committees (PMCs) due to political infighting	High	Schedule regular capacity development and team building sessions
Low capacity of PMCs to monitor project implementation	High	Build capacity of PMCs to handle project issues through trainings and exchange visit programmes
Inflating project costs	High	Use technical government departments to cost projects and prepare bills of quantities
Collusion to defraud the County Development kitty	High	Provide clear approval processes and communicate mandatory signatories to the bank

**Chapter five** discusses the county monitoring and evaluation framework as outlined in the County Integrated Monitoring and Evaluation System (CIMES) relying on generating information for continuous improvement in programme and project designing, including implementation and maintenance of project benefits to the public. It proposes the establishment of Integrity and Efficiency Monitoring Units in each Sector as part of the strategy

for fighting against corruption, wastage, abuse and mismanagement of public resources an approach will enhance accountability and transparency and ease tracking of progress on implementation of county projects in each sector.

#### **CHAPTER ONE: INTRODUCTION**

# I.I Overview of the County

Bungoma County is approximately 3032.4km<sup>2</sup> comprising mainly 9 sub-counties: Kanduyi, Kabuchai, Sirisia, Kimilili, Bumula, Mt Elgon, Webuye West, Webuye East and Tongaren.

Table 1: Details the general information of Bungoma County.

# **1.2** Brief overview of the County

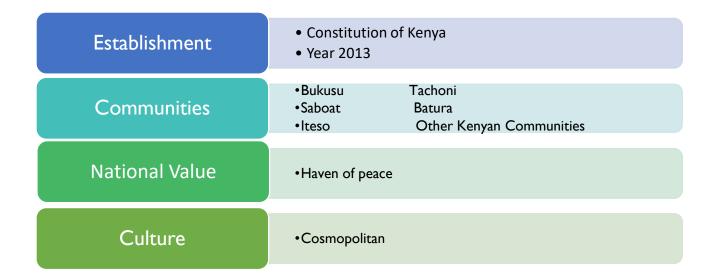

Table 2: Bungoma County at a Glance

S/No	Theme	Description
1.	Geography	Within the Lake Victoria Basin, with an altitude range of 1200 metres to 4321 metres above sea level
2.	Area	3032.4 km <sup>2</sup>
3.	Population	Male (883,475), Female (925,835)
4.	Climate	Experiences two rainy seasons, the long rains - March to July and short rains-August to October. The annual rainfall - 400mm (lowest) to 1,800mm (highest). The annual temperature - 0°c and 32°c due to different levels of attitude
5.	Key national resources	Mt Elgon Forest Reserve
6.	Key National trunk roads	A104 (webuye- malaba), A1 (webuye-kitale-lokichogio)
7.	Constituencies	<b>9</b> (Kanduyi, Bumula, Sirisia, Kabuchai, Mt.Elgon, Webuye East, Webuye West, Tongaren and Kimilili)
8.	No. of Wards	45
9.	No. of Village units	236
10	County Economy	Dominated by micro and small low value businesses
	Agriculture and Food security	Overdependence on rain-fed subsistence agriculture
12	Health and wellbeing	Variability in health services capacity, readiness and availability of essential package of services in the County health facilities.
13	Education and skills	Focus of the county is on ECD and Vocational Training Centers.
14	Housing and Urban development	Predominantly semi-permanent with corrugated roofs, mud walls and earthen floors
15	Enablers- Roads and Transport, Financial Services, ICT	Road network is mostly earth surface with weather related consequences

16 Security and safety	Mostly offered by Administration Police at Sub-county headquarters and Chi Centres	efs'
17 Natural resources a water	<ul> <li>Land, water and bio-diversity resources damaged by unsustainable farm practices</li> </ul>	ing

# 1.3 Annual Development Plan Linkage with CIDP and the Annual Budget

#### 1.3.1 THE CIDP 2018 - 2022

As stipulated by Article 220 (2) of the Constitution, "Integrated Development Planning" will govern the preparation of national annual budgets and those of the counties and that no public funds will be appropriated without a planning framework as stipulated in the County Government Act (Sections 102 and 104 (1) of the County Government Act, 2012) and PFMA 2012.

## 1.3.2 The Annual Development Plan 2019/20

Section 126(3) of the PFMA 2012 provides for the preparation of the ADP to guide the County Budget making process for any given FY. The ADP is an extract from the five year CIDP and focusses on programmes, projects and initiatives to be implemented in one FY.

# 1.3.3 The Annual Budget 2019/20

The annual budget is a financing framework for programmes contained in the CIDP and ADP agreed upon by the executive and the County Assembly to be implemented in any FY.

# 1.3.4 The Linkages

All the three documents define the policy of the county government in addressing the felt needs of the people. The response of the government to the needs of the people is through:

- i. Planning (policy documents, strategies, Long/Short term plans);
- ii. Legislation (Bills, Regulations, Proclamations, Contracts, legal opinions, Acts);
- iii. Appropriation (Annual Work plans and Budgets)
- iv. Service delivery and performance reviews (procurement, supply of goods/services/works, service delivery charters, National/County functions)

Note that integrated development concerns all the four response areas since it touches on Economic, Social, Environmental, Legal, Spatial, and Institutional aspects of development. The three documents contribute to addressing development issues contained in these dimensions of development by having;

- ✓ Clearly defined programmes (as in CIDP, ADP AND PBB)
- √ Implementation strategies
- ✓ Outputs and outcomes
- √ Targets
- ✓ Performance indicators as means of verification
- ✓ Cost estimates

### 1.4 Preparation process of the Annual Development Plan

The ADP was prepared through Sector Wide participatory processes following a circular issued by the CECM – Finance and Economic Planning in the Month of July, 2018.

Each County Department and Agency scheduled both technical staff and stakeholder sessions to agree on the key development priorities and strategies for inclusion in the plan. Data and

information was sourced from County MDAs internal processes and methods, including making reference to the National Vision 2030 and the Third Medium Term Plan. The primary reference document however, was the County Integrated Development Plan 2018 – 2022.

The process of preparing the ADP involved a review of the performance of the previous ADP for each County Department and Agency, followed by prioritization of programmes that worked well in terms of results framework, and a re-thinking of those that fared poorly. In general, the MDAs followed the ADP formulation guidelines that were contained in the Circular referred to earlier.

# CHAPTER TWO: REVIEW OF THE IMPLEMENTATION OF THE PREVIOUS ADP

### 2.1 Introduction

This section provides a summary of what was planned and what was achieved by the specific county sector/sub sector. It also indicates the overall budget in the ADP versus the actual allocation and expenditures as per the sector/ sub-sector.

### 2.2. Sector/ Sub-sector Achievements in the Previous Financial Year

#### 2.2.1 Sector/ Sub-sector name

# Programn Health

Programme	Sub	Planned	Achieved Out Puts	Variations/Remarks
J	Programme	Outputs		
General Administration Planning and Support Services	Health Administrative, planning and support services	Remunerate 1,734 staff	Remunerated 1612 permanent pensionable employees, 122 contracted. This led to well motivated and productive members of staff and hence efficient service provision.	More health staffs to be recruited to meet the WHO standards.
		Promote 400 staff	Promoted 160 employees to the next job group to motivate them to perform better.	Only a handful promoted due to budgetary constraint.
		Recruitment of various cadre staff.	4 HRIO contracted by APHIA-PLUS s to support Data management.	4 HRIO to be considered for absorption
			97 Nurses, 10 lab officers, and 15 clinical officers were employed on contract basis after the nurse's strike.	All to be considered for absorption
			40 Laboratory staff employed on contract terms;	33 laboratory officers to be absorbed (3
			2 by KANCO, 5 by AMPATH PLUS. 3 by Global Fund 30 by facility health management committees.	APHIA-PLUS and 30 employed by the community.
		Carry out 12 Support supervision	Carried out all the quarterly support supervision	Achieved
		Opening of 27 new facilities	17 new health facilities were opened including Kituni, Butieli and others	This new facilities ought to be fully equipped
		Digitalize all health facilities	WHO through AFya EHMS supplied ICT infrastructure to the following facilities; Kaborom, Mechimeru, Ndalu, kabula, Kimaeti, Makhonge, Kopsiro, Lwandanyi, Tongaren, Mihuu, Milo, Kabuchai,	More facilities to be ICT complaint.

Programme	Sub Programme	Planned Outputs	Achieved Out Puts	Variations/Remarks
			Sinoko.WHO supplied computers to all the hospitals except Webuye hospital	
			MANI project, through community health strategy (M-Jali) donated 20 laptops to 6 sub counties.	Achieved.
		Pay utility services	Paid all utility bills for efficient service delivery.	Achieved
		Develop I Health Human Resource Strategic plan 2018 - 2022	I Health Human Resource Strategic plan drafted.	In draft form.
		Develop I Laboratory strategic plan	I laboratory strategic plan developed with support from Global Implementing Solutions (GIS)	Awaiting launching
		Celebrate 9 relevant world health days.	9 World Health Days (World TB, Malaria, AIDS, Nurses' week, Polio Week, Disability, Prematurity, Breast feeding week, Hand washing, World Menstration day, world deaf day, Malezi Bora day) commemorated.	Other world Health days not commemorated due to lack of funds.
		Pay office rent	Paid office rent for the offices of Health executive officers.	Health Executive office to be constructed
		Equipment and supplies	APHIA-PLUS maintained CD4 and Hematology machines at Bungoma County Referral Hospital. Received assorted equipment from	Achieved Achieved
			APHIA-PLUS for MNH services.  Bio-safety cabinets in Bungoma,	Achieved
			Kimilili, Naitiri,Chwele, Webuye and Lugulu Mission Hopital were installed and maintained by the Global Implementation solution (GIS).	
			5 specialized Microscopes, 6 normal microscope and Gene expert Machine were donated to Bungoma County Referral hospital, Webuye County Hospital ,and Naitiri hospital from National TB program.	Achieved
			17 microscopes, PH -meters and weighing scales were donated to the ten sub county hospitals by National Government.	Achieved
			Bungoma County Referral hospital received Renal, Radiology and Theatre equipments for BCRH, Webuye and Naitiru received from the National Government under MES program (Naitiri hospital )	Achieved
		Face-lifting of 4 labor wards	I labor wards curtained with support from Mani	3 three remaining
		Upgrade and Renovate health facilities	Constructed perimeter wall fence and casualty unit at Bungoma County Referral Hospital.	99% complete

Programme	Sub Programme	Planned Outputs	Achieved Out Puts	Variations/Remarks
			Renovated Bungoma County referral hospital	Complete
			Completed construction of Butieli Dispensary.	Complete
			Completed one block at Mungore Health centre.	Complete
			Erected and completed a building at Chepkitale Dispensary	Complete
			Erected and completed one male ward at Nasusi dispensary	Complete
			Constructed a 4 door pit latrine at Kamuneru dispensary	Complete
			Erected and completed maternity wing and a one door pit latrine at Mayanja	On
			Completed Construction and operationalized of Theatre at Naitiri Hospital.	Complete
			Procured two generators for Cheptais and Naitiri Hospitals.	Achieved
			NASCOP through AMREF funded extension/ construction of a lab at BCRH	At 99% complete
			MANI project supported the following; Renovated I5 water closets (toilets and bathrooms) in six sub counties, Blood satellite at Bungoma County referral Hospital Renovated six Health facilities (Sikulu, Karima, Webuye health centre, Mechimeru, Makutano,Mukhe dispensary) Installed water harvesting and storage systems of 245,300L capacity in 40 Health facilities (See Annex I). Installed Solar water heating systems in I3 health facilities with total capacity of 3,500l (See Annex I) Installed solar energy systems in 33 Health facilities with total capacity of 55Kwp (See Annex I).	Achieved
			IPAS Renovated 34 rooms for Comprehensive abortal care (CAC) in BCRH, Webuye County hospital, Kimilili, Naitiri, Mt. Elgon, Cheptais, Sirisia, Chwele, Bokoli, Lugulu and Bumula hospitals, Malakisi, Kimaeti, Mechimeru, Sinoko, Webuye, Ndalu, Milo and Kabuchai Health Centres, and Tuikut, Kopsiro, Chebukwabi, Lwandaanyi, Bulondo, Miendo, Kabula, Kibuke, Mayanja, Mukhe, Karima, Nasusi, Sacha, Makhonge and Kamuneru dispensaries	Achieved

		technologies	microscopy and 20 on support	
		5.00.00	supervision	
		Train 120 HCW	120 health care workers trained on	Achieved
		on malaria case	malaria case management by the	
		management	National Malaria programe	
		Train 60	GIS supported quality improvement	Achieved 67%
		laboratory	trainings and mentorship towards	
		officers on quality	ISO certification for 6 Laboratory	
		improvement in	officers – Naitiri, BCRH, Webuye,	
		targeted health	Lugulu mission, Kimilili and Chwele	
		facilities	hospitals	
		iaciliues	nospitais	

Programme	Sub Programme	Planned Outputs	Achieved Out Puts	Variations/Remarks
			40 laboratory officers on Bio-Safety training  Conducted I CMEs on safe phlebotomy and Blood hemovigilance in Kimilili, Naitiri, BCRH and Webuye hospitals.	
		Train 4 nurses on renal nursing	2 health workers trained course in renal nursing	In adequate staff trained
		Train 400 nurses on Emonc	356 health staff trained on Emonc.	Achieved at 89%
		Train 11 Health workers on ICD 10 coding system	WHO supported the training of I I coders on the New coding system according to WHO classification.	Achieved
			WHO supported the training of I I coders on the New coding system according to WHO classification.	Achieved
		Train 150 nurses on emergence care	Trained 120 Nurses on emergency maternal and neonatal care.	More nurses to be trained
		Train 9 sub county teams on institutionalized care	Trained 6 sub county teams on Institutionalized care.	Achieved
		Train 100 Health care workers on immunization	Trained 60 Health care workers on immunization (EPI)	Achieved 60%
	Research and Scientific conferences	Support 100 health workers on scientific conference	34 HCW supported on scientific conferences 20 Nurses attended scientific conferences. 5 Medical lab officers attended 23rd Medical Laboratory Annual Scientific Conference in Kenya 3 Pharmacist attended 37th Pharmaceutical Society of Kenya Annual Scientific Conference.	More health workers exposed and share the best practices
Maternal and child health	Family planning services	Conduct 20 FP outreaches in the county	12 outreach clinics Conducted by Beyond Zero Mobile clinic	More outreach clinics to be conducted
	Implement performance based financing intervention	Scale up to 35 facilities	Mani disbursed Ksh 35 Million to 35 health facilities in 6 sub counties to supplement essential commodity supplies for MNH services on performance based method.	Achieved
	Promote demand for skilled delivery at the community through transport subsidy	Distribute 25,000 vouchers to poor expectant women	Mani distributed 25,263 vouchers out of which 16,605 were utilized for skilled delivery in 74 health facilities. Engaged 362 boda boda riders to provide transport, 1,990 CHV, 120 local community leaders, 60 religious leaders to generade demand for MNH services	Achieved
	Maternity services	63,603 Women to attend ANC	46,097 Women attended the 1st ANC	Achieved 72.4%
		visits	21,939 women attended at least 4th ANC visits to reduce mortality rates and enhance safe deliveries.	Achieved 40%

Programme	Sub	Planned	Achieved Out Puts	Variations/Remarks
	Programme	Outputs		
		Conduct 63,603	40,217 deliveries were conducted	Scale up the reward to
		skilled birth	by skilled health attendants, hence	motivate skilled
		deliveries	reduced mortality rates.	deliveries in facilities
		Manage 398	398 Hypertension cases managed	Achieved
		hypertension		
		cases		
		Manage 4 603	4 603 Diabetes cases managed	Achieved
		Diabetes cases		
	Vaccination	Procure fridges	UNICEF supplied 14 fridges to	Achieved
	services.		various Health facilities for better	
			storage of immunization vaccines.	
		55,009 Children	41,552 Children under one year	Achieved 76%
		to be vaccinated	vaccinated against Measles.	
			42,363 Children under one year	Achieved 77%
			were fully immunized.	
			50,003 new born received BCG	Achieved 91%
			vaccination.	
			33,379 children given the Zero	Achieved 61%
			polio vaccine	
			45,429 children given the 1st polio	Achieved 83%
			vaccine	
			41,855 children given the 2nd polio	Achieved 76%
			vaccine	
			40,814 children given the 3rd polio	Achieved 74%
			vaccine

## 2.3 Analysis of Capital projects of the Previous ADP

Provide a brief summary of what was achieved during the previous ADP. Details of the achievements should be provided as indicated in Annex I and 2.

### 2.4 Payments of Grants, Benefits and Subsidies

**Table 4: Payments of Grants, Benefits and Subsidies** 

#### **Agriculture**

Type of payment (e.g. Education bursary, biashara fund etc.)	Actual Amount paid (Ksh.)	Beneficiary	Remarks*

#### Education

Type of payment (e.g. Education bursary, Biashara fund etc.)	Budgeted Amount (Kshs.)	Actual Amount paid (Kshs.)	Beneficiary	Remarks*
Bursaries and scholarships	400million	400million	Needy students in secondary, tertiary and vocational training centres	
Subsidized vocational training centre tuition support grant	76.2 million	76.2 million	Trainees in vocational training centres	

#### Roads

Type of payment (e.g. Education bursary, biashara fund etc.)	Budgeted Amount (Ksh.)	Actual Amount paid (Ksh.)	Beneficiary	Remarks*
Road Levy Maintenance Fund	327,420,801	919,000	Tender Evaluation	Implementation delayed due to procurement processes
Community Empowerment Projects	262,016,073	-	•	Implementation delayed due to procurement processes

#### Trade

## Housing and sanitation

#### Tourism/ Water

#### **Gender and Culture**

#### Finance and Economic Planning

#### **County Assembly**

#### 2.5 Challenges Experienced during Implementation of the previous ADP

During the implementation of the previous annual development plan, the following challenges were experienced

- a. delayed disbursement of funds from national treasury
- b. lack of appropriate legal framework
- c. inadequate technical staff to undertake departmental activities
- d. changing priorities midway resulting policy changes
- e. lack of logistics e,g vehicle to undertake fieldwork
- f. lack of appropriate offices and support service for effective service delivery
- g. inadequate funds to enable institutions to implement curriculum effectively
- h. poor societal attitude towards departmental programmes especially in vocational training
- i. high poverty level and cultural practices affect effective implementation of departmental programmes

#### 2.6 Lessons learnt and Recommendations

Recognizing the urgency of the situation, the following primary recommendations are addressed to the attention of the County Executive Committee. The County Treasury urges all county stakeholders to fully take into account these recommendations in the on-going discussions about the county's future transformation. We have grouped the recommendations in broad categories that link to the findings on previous ADPs performance.

#### Positioning, Niche, and Relationship to its Key Partner - National Government

The County must strengthen its cooperation with the National Government in order to influence support for large infrastructure projects which its budget cannot adequately support. Thus it is essential to maintain support to initiatives which have already absorbed a significant amount of county resources such as the High Altitude Sports Complex, provided that the political economy environment surrounding these initiatives is conducive to a positive contribution from the community and county top management.

# Enforce a much higher level of oversight from Parliament and the County Assembly of activities commissioned and funded under the County Budget.

To safeguard years of county investments in community initiatives, it is essential to roll out more structured oversight mechanisms for county and development partner funded initiatives to ensure that the public obtains value for resources invested in their communities.

Use County M&E initiatives to monitor progress and evaluate outcomes of project-streams which have not yet produced measurable impacts but which might do so in the future.

Modern organizations are constantly striving to improve their ability to generate and use the knowledge they gain from monitoring and evaluations including experience. For the County MDAs this occurs within both programmes and the evaluation unit. While the county is constantly improving ways to use and share knowledge in each programme area, our evaluation suggests that it still needs to improve its ability to share information across programmes or operational units. This could be done through cross-programme work groups or teams that could distil and share programming lessons and review the approaches used to disseminate knowledge in the field.

Ensure that data collection for future evaluation of County Programmes takes into account the lessons learned from Monitoring and Evaluation reports in order to fully capture its effectiveness and impacts.

The use of verifiable information and data for evidence based-planning and decision making should be strengthened as well as promoting demand and utilization of data for planning.

Effectively monitor and manage emerging needs and demand for development assistance in order to address gaps through its current and future project-streams.

The focus should be on funding programmes based on need and impact

# CHAPTER THREE: COUNTY STRATEGIC PRIORITIES, PROGRAMMES AND PROJECTS

#### 3.1 Chapter Overview

The Chapter presents sector/sub-sector strategic priorities, programmes and projects for the financial year 2019/2020. The programmes and projects envisage a green economy by mainstreaming cross-cutting issues such as climate change; environmental degradation; Disaster Risk Reduction (DRR) HIV/AIDs; Gender, Youth and Persons with Disability (PWD); among others. In addition, the proposed initiatives progressively address the Sustainable Development Goals (SDGs)

	Develop I Livestock curriculum(modules) for Mabanga ATC	Number of curricula developed	
	27 livestock extension materials developed	Number of livestock extension materials developed.	27
	2160 farmers trained on livestock production enterprises skills	Number of farmers trained	2160
	240 farmers trained on urban and Peri-urban farming.	Number of farmers trained	240
	60 e- extension kits purchased and system established	Number of e extension kits bought	60
Livestock production value chain development (Dairy ,Poultry, Honey & Rabbit value	135 Dairy Model farms developed	Number of model farms developed.	135
chains)	540 Dairy farmer groups trained on good animal husbandry practices	Number of dairy farmer groups trained	540
	540 dairy goat farmer groups Identified and trained	Number of Dairy Goat groups trained	540
	675 Dairy goats purchased to Support vulnerable groups	Number of dairy goats purchased	675
	4,000 kg certified pasture seeds(Boma Rhodes) purchased and established in 1000 acres	Number of Kgs of pasture seeds purchased	4,000

PROGRAMME/SUB PROGRAMME	KEY OUT PUTS	KEY PERFORMANCE INDICATORS	TARGETS
	I,800 pasture demonstration plots established	Number of Demonstrations achieved.	1,800
	90 livestock officers trained on livestock feeds and feed planning	Number of officers trained	90
	90 Livestock officers trained on hydroponics pasture farming	Number of staff trained	90
	45 Livestock officers capacity build on incubator operations	Number of staff trained	45
	Capacity development of 45 Incubator beneficiaries of financial year.	Number of beneficiaries trained.	45
	45 model poultry farms designed, verified and developed	Number of model poultry farms designed, verified and developed	45
	Train 90 poultry farmer groups on best production practices	Number of farmers trained	90
	Strengthen poultry value chain platforms	Number of platforms strengthened	All
	Establish 55 organized indigenous chicken marketing organizations	No of marketing organizations formed	55
	54 local chicken collection centres's set up.	Number of collection centre's set up.	54
	Operationalization of 9 livestock feed mills	Number of functional feed mills	9
	24 Apiaries established	Number of apiaries established	24
	Support groups with 700 Langstroth hives.	Number of Langstroth hives purchased and distributed.	700
	Purchase of 45 bee harvesting kits	Number of kits purchased	45
	10000 bee forage seedlings planted	Number of tree seedlings planted	10000
	Establish and strengthen Honey value chain platforms	Number of platforms established	All
	I honey refinery rehabilitated	Number of honey refineries	1
	I honey refinery constructed	Rehabilitated/ constructed.	1
	Identify and train bee keeping groups across the county- 2 group per ward	No of groups trained	2
	45 Rabbitry established.	Number of rabbitries established.	45
	2,700 dairy cattle animals breeding stock purchased	Number of dairy stock	2,700
	450 rabbit breeding stock purchased and distributed	Number of rabbits purchased and distributed	450
	I Livestock breeding centre established at Mabanga ATC	Number of breeding centre established	I
Agro-processing, Value	_	Number of milk coolers	27
addition and marketing.	Milk processing plant established	purchased  Number of milk processing plants established	All
	15 Batch pasteurizers purchased	Number of batch pasteurizers purchased	15
	Formation of 9 milk marketing groups	Number of farmers selling milk collectively	9

PROGRAMME/SUB PROGRAMME	KEY OUT PUTS	KEY PERFORMANCE INDICATORS	TARGETS
	Train 90 milk vendors on clean milk handling and value addition	Number of Milk vendors trained	90
	Train 90 groups on dairy goat milk value addition	Number of groups trained	90
VETERINARY SUB SECTO			
Veterinary extension and Training services	Weekly disease surveillances carried out E-Extension embraced	Number of disease surveillances done Number of Tablets and smart phones procured for E-extension	All
	Assorted vaccines procured	Number of vaccines procured	All
	Bi annual/ annual vaccinations per each sub county	Number of Vaccinations conducted	All
	9 Farmer trainings done on disease control	Number of trainings done	9
	A.I subsidy to farmers	% of conception rates realized	All
	4 trainings for stakeholders and Farmers on Al technology carried out	Number of trainings conducted Number of Farmers trained on new technologies	4
	90 Portable Microscopes and accessories for primary disease diagnosis purchased.	Number of Portable Microscopes and accessories for primary disease diagnosis	90
	I liquid nitrogen depot established	Number of liquid nitrogen depots	All
Livestock products Value chain addition	I Poultry slaughter house operationalized under PPP at Chwele.	Number of poultry slaughter house operationalized	All
	I Tannery operationalized under PPP	Number of Tanneries operationalized	All
Livestock products and drug out lets Quality control	Meat inspections done on daily basis.	Number of Meat inspections done Number of supervision carried out	All
	Accessories for Kimilili, Bungoma and Webuye slaughter houses procured	Number of accessories procured	All
	Supervisions on Artificial insemination done on quarterly basis	Number of Supervisions done	All
	Inspection of drug out lets done on monthly	Number of Inspection of drug out lets done	all
	Monitoring clinical services on quarterly	Number of Monitoring meetings held with private sector	All
	Rehabilitation of 10 dips	Number of dips rehabilitated	10
FISHERIES SUB SECTOR			
	relopment and Management		
Fisheries extension Service and Training	3 trade shows, 18 field days, 4 demonstrations on Chwele Fish Farm	Number of trade shows, field days and demonstrations held	All
	3,000 extension farm visits on Monitoring and educating of fish farmers	Number of farm visits, reports	3,000
	45 extension kits accessories procured for extension officers 450 Ponds constructed/renovated	Number of extension kits accessories procured Number of Pond constructed No of ponds renovated	all
	Establish e-extension	E-extension established.	All

PROGRAMME/SUB PROGRAMME	KEY OUT PUTS	KEY PERFORMANCE INDICATORS	TARGETS
	55 fish farmer clusters trained	Number of clusters trained	55
	30 farmer exchange visits organized	Number of visits done	30
	3 fisheries newsletter, 9 bulletins, 5 brochures.	Number of newsletters produced	All
	26 extension officers trained	Number of officers trained	26
	1,200 fish farmers trained on new technologies	Number of farmers trained on new technologies	1,200
	27 Eat More Fish Campaigns organized	Number of campaigns organized.	27
	9 G.I.S monitoring and mapping of fish ponds in the county	Number of monitoring and mappings done.	9
Fisheries product Value chain development	90 seine nets and 10 gill nets procured for on-farm fish production improvement	Number of nets, procured and distributed to fish farmer clusters	90
	2,500,000 fingerlings procured and given to farmers.	Number of fingerlings procured	2,500,000 All
	64,000 bags of 20kgs procured and given to farmers (bags)	Number of feeds procured	
	90 pond liners procured for demonstration ponds (2 per ward)	Number of pond liners procured	90
	100,000 kgs of assorted raw material procured and given to 5 fish feed mill groups as a stimulus	Number of feed mill groups given raw materials.	All
	Train Fisher folks on value addition and Marketing for fish products accessed.	Number of farmers trained	All
	Inspection and quality assurance Inspect fish processing and production facilities regularly	Number of facilities inspected	All
	Fish Marketing I Fish monger cooperative society established	Number of fish monger cooperative society established	I
	Aqua-business development Promote and train fish seed producers annually	Number of trainings done	All
	Post-harvest management Establish 9 fish market stalls with cold storage facilities for clusters to preserve and market their fish.	Number of market stalls with cold storage facilities constructed	9
	Establish 9 fish market stalls with cold storage facilities for clusters to preserve and market their fish.	Number of market stalls with cold storage facilities constructed	9
Dam and pond Fisheries development	100 cages procured and established on 5 dams to harness dam potential for fishery. boats procured for dams De-silt Makhonge Dam next to Chwele Fish Farm and establish model cage fish farm to be replicated	Number of cages established and boats procured	All
	Train 5 dam committees on cage farming	Number of dam committees trained on cage farming.	5
	90 demonstration ponds constructed as learning centers.	Number of demonstrational ponds constructed.	90
	Promote and develop 45 lockable wooden ponds	Number of wooden ponds developed	45

#### **Cross-sectoral Implementation Considerations**

This section should provide measures to harness cross sector synergies and mitigate adverse cross-sectoral impacts of projects where necessary.

Harnessing Cross-sector synergies: Indicate what considerations that will be made in respect to harnessing cross-sector synergies arising from possible project impacts.

Mitigating adverse Cross-sector impacts: State mitigation measures that may be adopted to avoid or manage potential adverse cross-sector impacts.

#### 3.4 Payments of Grants, Benefits and Subsidies

**Table 6: Payments of Grants, Benefits and Subsidies** 

#### Agriculture

Type of payment (e.g. Education bursary, biashara fund etc.)	Amount (Ksh.)	Beneficiary	Purpose

## **Education**

Type of payment (e.g. Education bursary, Biashara fund etc.)	Amount (Kshs.)	Beneficiary	Purpose
Bursary and scholarship	400 million	Needy secondary and college students	To enhance access and equity to education opportunities
Conditional grants for vocational training centres	68 million	Trainees in vocational training centres	To enhance access by the youth to training opportunities

## Health

Type of payment (e.g. Education bursary, biashara fund etc.)	Amount (Ksh.)	Beneficiary	Purpose
World Bank	100,000,000	Mothers, Children and health staff	Reduce maternal and child mortalities
Danida	34,350,249	Health Centres and dispensaries	Operations and maintenance
MES equipment	200,000,000	Bungoma Referral Hospital and Webuye County Hospital	To equip the hospitals
User fee	32,837,307	Health Centres and dispensaries	Facility improvement fund
GAVI funds	3,500,000	Sub Counties	Strengthen immunization programme

## Roads

## Payments of Grants, Benefits and Subsidies

Type of payment	Amount (Ksh.)	Beneficiary	Purpose
Road Maintenance Levy Fund	235,619,376	Public	Maintenance of County roads
Community Empowerment Fund	271,246,032	Public	Opening ward roads

## **Gender and Culture**

Type of payment fund	Amount (Ksh.)	Beneficiary	Purpose
BUCOWEF		Women	Women empowerment
BUCOYEF		Youth	Youth empowerment
BUCODEF		PLWDs	PLWDs empowerment

#### Trade

Type of payment	Amount (Ksh.)	Beneficiary	Purpose
Trade loans		SMEs	SMEs development

# Finance and Economic Planning

Type of payment	Amount (Ksh.)	Beneficiary	Purpose
Emergency funds		SMEs	SMEs development

#### **CHAPTER FOUR: RESOURCE ALLOCATION**

#### 4.1 Chapter Overview

The chapter highlights financial and non-financial resources key towards financing the county's development agenda as well as achieving the ambitious Sustainable Development Goals (SDGs).

## 4.2 Proposed budget by Programme

Table 7: Summary of proposed budget by programme in Millions

#### Agriculture, Urban and Rural Development

Programme	Amount (Ksh.)
Programme 1: General Administration, Planning And	422.09
Support Services	
Programme 2: Land and Crop Development and	280.96
Management	
Programme 3: Livestock Resources Development and	288.7
Management	
Programme 4: Fisheries development and management	22.18
Programme 5: Institutional Development and Management	82.75
Programme 6: Land resource Survey/Mapping and	11
Management	
Programme 7: County physical Planning and Infrastructure	4
Total	1111.68

#### Education

Programme	Amount (Ksh.)
General administration, Planning and support programme	953.19
Early Childhood and Development Education	290.26
Vocational Training and Education	433.1
Education support programme	118.82
Total	1795.37

#### Health

Programme	Amount (Ksh.)
General Administration and Planning and Support Services	2,974.6
Curative and Rehabilitative Health	1258
Reproductive, Maternal New-Born and Adolescent Health	194
Preventive and Promotive	266.2
Total	4,692.8

#### **Public Administration**

Programme	Amount (Ksh.)
Public Administration	·
General Administration , Planning and Support Services	3,600
Governance and public relations	90
Service delivery and organizational transformation	350
Human resource and records management and development	400
Youth Empowerment and Development	170
Gender Equality and Empowerment of Vulnerable Groups	69.6
Economic Development Planning and Coordination Services	44.3
Data collection and county statistical information services	30
Monitoring and Evaluation Services	21
Public financial management	120.5

Audit Services	26.1
Legislation, Oversight, and Representation	220
Public Participation and Citizen engagement	155
Members' Facilities and associated services	470
Appropriation Services	200
Visible Policing	22
Crime Intelligence	41
Community Protection and Security Services	35
Total	6,064.5

## Energy, Infrastructure and ICT

Programme	Amount (Ksh.)
General Administration, Planning And Support Services	250
Public sector information and communication technology management	15
Energy Development and Management	30
Transport infrastructure development and management	3,932.25
Public safety and transport operations	90.132
Sanitation Management and Development	72
Housing Development and Management	127
Housing Financing and Developer services	54
Total	4,570.382

## **General Economic and Commercial Affairs**

Programme	Amount (Ksh.)
General Administration, Planning And Support Services	47.4
Tourism Product Development and Marketing	41.75
Tourism Policy and Knowledge services	4
Trade Licensing and Regulation	2.5
Trade and Enterprise Development	75.48
Market Infrastructure Development, and Management	51.3
Industry	216.2
Cooperatives Development and Management	25
Total	463.63

## **Recreation, Culture and Social Protection**

Programme	Amount (Ksh.)
General Administration, Planning And Support Services	139.6
Sports Facility development and management	2.2
Sports and Talent development and management	7.5
Cultural Development and Management	115.2
Culture and Creative Industries Development	2.5
Total	267

#### **Environmental Protection, Water and Natural Resources**

Programme	Amount (Ksh.)
General Administration, Planning And Support Services	125.9
Integrated solid waste management	134.3
Forest conservation and management.	37
Environment management conservation and protection	32
Water Resources management and development	306
Natural Resources conservation and management	5
Total	640.2

#### 4.3 Proposed budget by Sector in Millions

Indicate proposed budget for the Sector/ Sub-sector.

**Table 8: Summary of Proposed Budget by Sector** 

Sector/Sub-sector name	Amount (Ksh.)	As a percentage (%) of the total budget
Agriculture, Rural and Urban Development	1111.68	
Energy, Infrastructure and ICT	4,570.382	
General Economic and Commercial Affairs	463.63	
Health	4,692.8	
Education	1795.37	
Public Administration	6,064.5	
Recreation, Culture and Social Protection	267	
Environmental Protection, Water and Natural	640.2	
Resources		
Total	19,605.562	

#### 4.4 Financial and Economic Environment

The application of lessons learnt from past ADPs and the continuous improvement in our development programming coupled by a strong legal framework gives a favorable forecast of the county Financial and Economic environment, within which the development priorities outlined in this ADP will be attained. We forecast an enlarging resource envelope for FY 2019/20 as well as sound support from the national government and development partners in meeting our development obligations.

## 4.5 Risks, Assumptions and Mitigation measures

## Table 9: Risks, Assumptions and Mitigation measures

## **Agriculture**

Risk	Assumption	Mitigation measures
Fluctuation in the cost of inputs	Balanced demand and supply	Sensitize producers on use of organic
	conditions	manures
		Provide subsidized inputs
Unpredictable weather conditions	Stable predictable weather	Install early warning systems
		Invest in small-scale irrigation systems

## Education

Risk	Assumption	Mitigation measures
Strategic Risks	No political	The planning process will be as participatory as possible to provide ownership
	interference	and make implementation easy. Effective monitoring and evaluation of the
		implementation process is fundamental.
Organizational	Strong sector	Appropriate consultations with stakeholders will be undertaken while the
Risks	institution	department's staff capacity will be regularly enhanced.
Administrative	Stable organizational	Duties and responsibilities will be assigned to each officer to enhance service
Risks		delivery. Outsourcing of non-core activities will be undertaken where
		necessary, and strategies to attract and retain qualified staff pursued.
Financial Risks	Support from	Programme-based allocation and prudent management of funds is necessary.
	development	Optimum utilization of resources will also be pursued.
	partners	

#### Health

Risk	Assumption	Mitigation measures
Missing out on grants	Non adherence to donor funds	Adhere to donor requirement
	requirements.	regulations
Health workers may strike	Not addressing Health workers	Addressing health workers issues on
	issues	time.
Inadequate health commodities and	Inadequate budgetary allocation	Lobby for more budgetary allocation
Technologies		

#### Public Administration

#### **Administration**

Risk	Assumptions	Mitigation
Expenditure exceeding the allocated budget.	Effective Financial Management and Governance.	Monthly expenditure reports and compliance assurance audits are prepared and sent to the Chief Officer.
Lack of alignment between ICT systems and the business requirements of the department	Effective Corporate Resource Management	Conduct training on awareness on existing and new policies and align programs and their ICT requirements.
Non-compliance with regulated planning and reporting guidelines as well as misrepresentation of departmental policies and statements.	Effective Integrated planning and reporting	Planning and reporting schedule to be incorporated into the department's corporate calendar and regular media briefings done only by informed personnel.

## **Human Resource Management and Development**

Risk	Assumptions	Mitigation	
Limitation of the department to mainstream gender and disability in employment as well as build capacity	A professional and equitable Public Service Cadre	required transformation and engage the Kenya School of Government to support them in the	
of staff.  Preparedness and cooperation of	A modernized effective and	provision of the required courses.  Refer to County Executive Committee Member.	
	efficient Public Service and Administration	Refer to County Executive Committee Fiember.	

Risk	Assumptions	Mitigation
human resource management		
module.		
Non-implementation of existing	Health, safety and positive	Support departments to implement the Public
Public Service Employee Health and	morale of Public Service and	Service Act.
Wellness by departments.	Administration.	

#### **Civic Education and Public Outreach**

Risk	Assumptions	Mitigation
Limited funding for broad-based consultations	Informed public on County plans, policies, strategies and actions	Strengthen collaboration between the National and County governments and leverage existing capacity and expertise.
Inaccurate and/ or incomplete and/or unavailability of data on civic education providers	Civic Education and Public Outreach policy for the County	Check previous survey reports on civic education providers and/or appoint service provider to conduct market surveys for credible organizations
Delayed implementation of the Guidelines on discipline due to its delayed approval by the CECM.	Management of Discipline and Implementation of Public Outreach Resolutions.	Engage leaders of the civic society and refer to the County Executive Committee for intervention.

## **Public Sector Information and Communication Technology Management**

Risk	Assumptions	Mitigation
Cooperation of all departments in	E Government and functioning of	Involve departments through the
relation to implementation of the e-	Systems	entire process. Ensure that there are
government Policy along with timely		quarterly reviews held on the
Public service and Administration		submitted reports.
quarterly reports.		
Cooperation from departments in	Implementation of Public Service ICT	Involve departments in the
relation to policy implementation.	policies, strategies and Regulations	development and implementation.
Funding for operational costs of the	ICT connection and use of Huduma	Request departments to allocate
ongoing connectivity programme	Service Centres	budget for connectivity.

## **Service Delivery and Organization Transformation**

Risk	Assumptions	Mitigation
Lack of a Regulation to ensure compliance to implement the service delivery improvement initiatives and frameworks.	Service delivery quality improvement	Proper consultation and discussions with all stakeholders
Delays in the approval of the revised legal instruments due to processes of consultation.	Organizational development and transformation	Convene periodic follow up meetings with stakeholders departments.
Consultations with stakeholders on implementation of the complaints management system may delay the process and buy in.	Regular consultations and provision of feedback	Utilize the Service Delivery Improvement Forum (SDIF) to enhance citizen engagement programs and initiatives.

## Governance, National and International Relations

Risk		Mitigation
Lack of implementation of the Public	Fight against corruption sustained	Establishment of the ethics and anti-
Sector Integrity Management		corruption branch.
Framework by departments.		-

Buy in from all relevant stakeholders and use of M&E findings to improve				Improved Communication Strategy on all M&E Reports & findings
service delivery	policies			
Lack of concurrence in County	Integrated	public	administration	Stakeholder engagements to ensure
Assembly to the establishment of a	services			objectives clearly understood prior to
Single Public Service				tabling in the Assembly

#### **Roads**

Risk	Assumption	Mitigation measures
Contractor's variation from the BoQ	Construction as per the BoQ	Continuous supervision of all projects
Variation in cash flows	Exchequer releases will be available to	Timely requisition of payments and
	fund all payment requests	preparation of work plans
Variation in input costing	There will be no extreme variations in	Provision for cost escalations in all
	input costing	project costs
Adverse weather conditions	Weather conditions will favour timing	Take advantage of good weather at all
	of contracts	times
Conflicting political opinion	Unity of decision to will be observed	Engage MCAs at all levels of decision
	in selection and funding of projects	making
Contractor's inherent delays	Contractors shall adhere strictly to	Issuance of warnings and other
	provided timelines	instructions to contractors
Variation in quality of supplies	All goods/ services shall be delivered	Inspection reports to accompany all
	as per quotation	deliveries

## Trade

Risk	Assumption	Mitigation measures
High Public expectations from	Programme implementation as	Manage expectation through
department programmes	planned	information sharing
Contractor's variation from the BoQ	Construction as per the BoQ	Continuous supervision of all projects
Variation in cash flows	Exchequer releases will be available to	Timely requisition of payments and
	fund all payment requests	preparation of work plans
Variation in input costing	There will be no extreme variations in	Provision for cost escalations in all
	input costing	project costs

# Housing and sanitation

Risk	Assumption	Mitigation measures
High public expectations from the BIG	Big Four plan on housing to roll out as	Manage expectations by liaising with
FOUR Plan	planned	national government
Contractor's variation from the BoQ	Construction as per the BoQ	Continuous supervision of all projects
Variation in cash flows	Exchequer releases will be available to	Timely requisition of payments and
	fund all payment requests	preparation of work plans
Variation in input costing	There will be no extreme variations in	Provision for cost escalations in all
	input costing	project costs

## Tourism/ Water

Risk	Assumption	Mitigation measures
Default in payment of utility bills	ERC to stabilize energy costs	Invest in gravity systems
Contractor's variation from the BoQ	Construction as per the BoQ	Continuous supervision of all projects
Negative travel advisories	Limited negative advisories	Work with Tourism Board of Kenya
		to manage tourism sector
Variation in cash flows	Exchequer releases will be available to	Timely requisition of payments and
	fund all payment requests	preparation of work plans
Variation in input costing	There will be no extreme variations in	Provision for cost escalations in all
	input costing	project costs

## **Gender and Culture**

Risk	Assumption	Mitigation measures
Changes in tastes and preferences	Embracing Multi-cultural existence	Sensitize the public on globalization
		and modern trends
Low demand for cultural products	Moderate to high demand	Enhance demand for cultural products
		by communicating benefits
Contractor's variation from the BoQ	Construction as per the BoQ	Continuous supervision of all projects
Variation in cash flows	Exchequer releases will be available to	Timely requisition of payments and
	fund all payment requests	preparation of work plans
Variation in input costing	There will be no extreme variations in	Provision for cost escalations in all
	input costing	project costs

# Finance and Economic Planning

Risk	Assumption	Mitigation measures
The demand for the County Executive to deliver results may outsrip its capacity and available resources, leading to non-delivery or poor quality projects	Adequate capacity to offer services	Manage expectations of its stakeholders about what can be delivered realistically
The possibility of duplication of development eforts is high given the onset of devolution and with creation of Ward Development Funds, as well as the National Government Constituency Development Fund	Functional liaison committee	Exercise particular care to act within its legal mandate and follow proper decision-making processes, including wider consultations and information sharing
Loss of credibility if the data County MDAs use for the ADP is found to have been compromised.	Quality and reliable data	ICT and quality assurance systems to protect data loss, corruption, manipulation and inaccuracy. Work closely with KNBS.
Contractor's variation from the BoQ	Construction as per the BoQ	Continuous supervision of all projects
Variation in cash flows	Exchequer releases will be available to fund all payment requests	Timely requisition of payments and preparation of work plans
Variation in input costing	There will be no extreme variations in input costing	Provision for cost escalations in all project costs

# County Assembly

Risk	Assumption	Mitigation measures		
Unanticipated investment in functions	Supreme law is implemented to the	Evaluate the likely consequences of		
legally reserved for National	latter	investing in national government		
Governments may cause feelings of		functions and share information		
undermining each other		regularly. Work closely with the		
		national government		
Dysfunctional County MDAs and	Functional MDAs and their entities	Schedule regular capacity		
project Management Committees		development and team building		
(PMCs) due to political infighting		sessions		
Low capacity of PMCs to monitor	Adequate capacity of project	Build capacity of PMCs to handle		
project implementation	management committees	project issues through trainings and		
		exchange visit programmes		
Inflating project costs	Costing framework in place	Use technical government		
		departments to cost projects and		
	prepare bills of quantities			
Collusion to defraud the County	Loopholes sealed	Provide clear approval processes and		
Development kitty		communicate mandatory signatories		
		to the bank		
Variation in cash flows	Exchequer releases will be available to	Timely requisition of payments and		
	fund all payment requests	preparation of work plans		
Variation in input costing	There will be no extreme variations in	Provision for cost escalations in all		
	input costing	project costs		

#### **CHAPTER FIVE: MONITORING AND EVALUATION**

#### 5.1 Chapter Overview

The chapter covers the monitoring and evaluation framework to be adopted during plan implementation to measure progress and provide information for continuous improvements. The chapter also covers the reporting frequencies and standards expected of the stakeholders

#### 5.2 Frequency of Monitoring and Evaluation

The frequency of monitoring strategic goals will be done on a quarterly basis with the operational objectives being reviewed monthly. The overall review of the ADP will be on an annual basis.

#### 5.2.1 Reporting

The County MDAs will prepare monthly status reports on the on progress (or lack thereof) towards achievement of the specified objectives contained in the ADP with recommendations as well as exception reports. The monthly status reports will then be collated to quarterly status reports for the County Executive Committee review and action. This will be done in conjunction with other reports/recommendations due to the County Assembly

#### **5.2.2 Strategic Adjustments**

This Annual Development Plan is a guideline and not a strict roadmap that must be followed. There may arise the need to deviate from or realign the Plan, based on the results of the monitoring and evaluation, status reports and prevailing circumstances, e.g. changes in the external environment resulting in different organisational goals, lack of financial resources to carry out the initial Plan, Parliament making changes on the mandate of Counties amongst others.

Any deviations or alterations to the Plan must be informed through status reports and measurable changes in prevailing circumstances, the deviations or alterations should aim to achieve objectives that meet the "SMART" criteria and should be within the available resources. The deviations and/or alterations must be approved by the County Assembly.

#### 5.2.3 Linking Monitoring and Evaluation to Performance Management

Performance evaluation will be carried out through Key Performance Indicators (KPI). The monitoring will also be both formative (taking place during the plan period with the aim of improving the outputs and outcomes) and summative [drawing and implementing lessons from strategic objectives already achieved (or not achieved)].

The evaluation will focus on:-

i. Efficiency (input versus output);

ii. Effectiveness (measure of extent to which an activity/operational objective fulfils/achieves the Plan) and;

iii. Impact (where or not the strategic goal achieved made a difference to the problem situation it was meant to solve).

**Table 10: Monitoring and Evaluation Performance Indicators Matrix** 

Sector	Programme	Outcome indicators	Baseline	Midterm Target (2020)
Agriculture, Urban and Rural Development	Programme 1: General Administration, Planning And Support Services	% increase in client satisfaction	-	I
