PFMA Public Finance Management Act

FOREWORD

In line with the Constitution, the Public Finance Management (PFM) Act, 2012, sets out the fiscal responsibility principles to ensure prudency and transparency in the management of public resources.

The PFM act (section 15) states that over the medium term, a minimum of 30% of the budget shall be allocated to development expenditure. Departments obtain their ceilings from the County Budget Review and Outlook Paper (CBROP) and the Fiscal Strategy Paper (FSP) to guide them in preparation of the Annual Development Plan.

This ADP sets out the strategic priorities for the medium term that reflects the County Government's priorities and plans for the 2020/21 financial year. It contains the Programmes/Projects to be delivered with their objectives, expected outputs, performance indicators, time frame and the amount allocated for each project as in line with the budget estimates for the Fiscal year 2020/21.

The plan in totality presents the county strategies towards realizing the objectives of the County Integrated Development Plan (CIDP) 2018-2022, the third Medium Term Plan, Vision 2030, Medium Term Expenditure Framework (MTEF) and Sectoral Plans, and is also geared towards mainstreaming the National and International commitments like Agenda 2063 of the African Union and the Sustainable Development Goals (SDGs) among others.

The Annual Development Plan (ADP) will implement the CIDP in five annual plans and this is the second plan to be developed and it will also be linked with the Sector/Departmental Annual Work Plans: The Departments in the County prioritizes their programs in an annual work plan and this is essential in consolidating the ADP.

Planning remains a key principle in the County as more resources and responsibilities are devolved to the county government. These resources and responsibilities will be cascaded to the sub-county and ward levels to ensure a bottom up public service delivery system.

MS. MARIAM MBARUK
COUNTY EXECUTIVE COMMITTEE MEMBER
FINANCE AND ECONOMIC PLANNING

ACKNOWLEDGEMENTS

The Mombasa County Annual Development Plan, 2020/21 is a result of contribution and concerted

efforts of many Stakeholders. The policy document is prepared in line with the provisions of Article

220(2) of the Constitution of Kenya, 2010 and Article 126(1) of the Public Financial Management Act,

2012.

The Plan is the second in a series of five Annual Development Plans that will implement the County

Integrated Development Plan (2018-2022).

The preparation of this Annual Development Plan continues to be a collaborative effort from an array of

expertise of professionals and key stakeholders in the County. The information in this policy document

has been obtained from the Mombasa County Government Departments. We are grateful for their inputs.

A core team in the Budget and Economic Planning unit spent a significant amount of time consolidating

this policy document. We are particularly grateful to Ms. Jane Githui (Director Budget & Economic

Planning) and Mr. Affan Mohamed (Director Revenue) for working tirelessly in the development of this

document.

MS. ASHA ABDI

CHIEF OFFICER

FINANCE AND ECONOMIC PLANNING

6

EXECUTIVE SUMMARY

This is a brief summary of the chapters / sections of the Annual Development Plan outlining the content of each chapter.

- 1. The Mombasa County Annual Development Plan, 2020/2021 is prepared in line with the provisions of Article 220(2) of the Constitution of Kenya, 2010 and Article 126(1) of the Public Financial Management Act, 2012. The Plan is the second in a series of five Annual Development Plans that will implement the County Integrated Development Plan (2018-2022). It spells out the county government's strategic priorities and programmes that will be implemented over the medium term in response to the views expressed by members of the public during stakeholder consultation forums held throughout the County.
- 2. Mombasa County has continued to lay a solid foundation upon which to start the journey of building a prosperous County for all its residents. This is progressively attained through the adoption of a growth strategy based in programmes that generate employment most rapidly, and provide more income-generating opportunities for the poor. To achieve the required economic growth, create impact in the county and realize the County vision of transforming Mombasa county into a vibrant regional commercial hub with a high standard of living for its residents, a set of five County strategic priorities have been identified; namely:
 - a) Investing in quality and accessible Health Care
 - b) Improved Land Services
 - c) Investment in Water & Transport Infrastructure
 - d) Provision of Quality Education
 - e) Youth, Sports & Gender empowerment

LEGAL BASIS FOR THE PREPARATION OF THE ADP AND THE LINK WITH CIDP AND THE BUDGET

LEGAL BASIS

The Mombasa County Annual Development Plan is prepared in accordance with Article 220 (2) of the Constitution and Section 126 (1) of the Public Finance Management Act, 2012. It states that the plan should include;

- (a) Strategic priorities for the medium term that reflect the county government's priorities and plans;
- (b) A description of how the county government is responding to changes in the financial and economic environment;
 - (c) Programmes to be delivered with details for each programme of—
- (i) The strategic priorities to which the programme will contribute;
- (ii) The services or goods to be provided;
- (iii) Measurable indicators of performance where feasible; and
- (iv) The budget allocated to the programme;
- (d) Payments to be made on behalf of the county government, including details of any grants, benefits and subsidies that are to be paid;
- (e) A description of significant capital developments;
- (f) A detailed description of proposals with respect to the development of physical, intellectual, human and other resources of the county, including measurable indicators where those are feasible;
- (g) A summary budget in the format required by regulations; and
- (h) Such other matters as may be required by the Constitution or this Act.

CHAPTER ONE: INTRODUCTION

1.1 OVERVIEW OF THE COUNTY

This section provides a short description of the county in terms of the location; size; demographic profiles; administrative and political units. It also highlights a summary of the socio-economic and infrastructural information that has a bearing on the development of the county.

Position and Size

The County is located in the South Eastern part of the Coastal region of Kenya. It covers an area of 229.9 Km² excluding 65 Km² of water mass which is 200 nautical miles inside the Indian Ocean. It borders Kilifi County to the North, Kwale County to the South West and the Indian Ocean to the East. The County lies between latitudes 30 56' and 40 10' South of the Equator and between longitudes 390 34' and 390 46' east of Greenwich Meridian. The County also enjoys proximity to an expansive water mass as it borders the Exclusive Economic Zone of the Indian Ocean to the East.

Demographic Features

Population Size and Composition

Population distribution and settlement patterns in the County are influenced by proximity to vital social and physical infrastructure networks such as roads, housing, water and electricity. Other factors that influence settlement patterns include accessibility to employment opportunities and security. Table 3 shows the county population projection by sex and Age groups. The total population of the county in 2009 was 939,370 persons of which 486,924 and 452,446 were male and female respectively. It was projected to be 1,266,358 in 2018 and will rise to 1,433,689 persons by 2022. The population currently stands at 1,208,333 consisting of 610,257 Male and 598,046 Female as per the 2019 population census.

Administrative and Political units (Sub-counties and wards)

Administratively, the County is divided into six sub-counties namely; Mvita, Nyali, Changamwe, Jomvu, Kisauni, and Likoni and thirty county assembly wards. These are further sub-divided into thirty locations and fifty-seven sub-locations as shown in Table 1 and Table 2 below:

Table 1: Number of Administrative Units by Sub-County, 2019

Sub-County	Divisions	Locations	Sub-Locations	Villages
Changamwe	1	4	10	58

1.2 ANNUAL DEVELOPMENT PLAN LINKAGE WITH CIDP

The County Governments are required to prepare the County Integrated Development Plans to enable prioritization of socio-economic development issues at the local level. This is mandatory before the funding of county projects and programmes. County Integrated development planning is a process through which efforts of county devolved levels of government are coordinated at the local level, through which economic, social, environmental, legal and spatial aspects of development are brought together to produce a plan that meets the needs and sets the targets for the benefit of local communities.

The County Government Act 2012, in fulfillment of the constitutional requirement to legislate preparation of county plans, details the goals and procedures of "County Planning" (Part XI of the Act). County planners are required to prepare 5-year integrated county development plans and the annual county budgets to implement them as per section 108 (1) of the Act. The Annual Development Plan therefore picks the priorities and strategies from the CIDP in yearly phases.

1.3 PREPARATION PROCESS OF THE ANNUAL DEVELOPMENT PLAN

The Annual Development Plan preparation involved the following exercises:

- ➤ County Integrated Development Plan: The CIDP contains key information on the priorities and strategies of the County during a five-year period. The Annual Development Plan (ADP) will implement the CIDP in five annual plans.
- Sector/Departmental Annual Work Plans: The Departments in the County prioritizes their programs in an annual work plan and this is essential in consolidating the ADP.

Annual Development Plan Sources of Data

The County Annual Development Plan captures;

- ✓ Submission of inputs from county departments
- ✓ Stake holder meetings, inputs from the County Budget and Economic Forum (CBEF), existing government policies, plans and strategies etc.); and
- ✓ **Public participation:** The public is consulted on the planning process of the county. This takes place during the preparation of the County Integrated Development Plan (CIDP). A good CIDP must encourage public participation and inclusion of all stakeholders not only before and during preparation but also during implementation of projects, programmes and policies thereafter. Public participation is the process by which interested and affected individuals, organizations, agencies and government entities are consulted and included in the decision-making process.
- ✓ Emphasis is also made to ensure participatory development and capacities are developed at the county and community level. Five laws which provide the framework for devolution have been enacted, namely: Urban Areas and Cities Act, 2011; The County Governments Act, 2012; The Transition to Devolved Government Act, 2012; The Intergovernmental Relations Act, 2012 and The Public Finance Management Act, 2012. The PFM Act 2012 provides for effective and efficient management of public resources. Article 125 of the Act requires the budget process for county governments in any financial year to consist of integrated development planning process which include long term and medium-term planning as well as financial and economic priorities for the county over the medium term. Articles 126 of the Act further obligates each county government to prepare an integrated development plan that includes strategic priorities for the medium term that reflect the county government's priorities and plans, a description of how the county government is responding to changes in the financial and economic environment; and, programmes to be delivered.
- ✓ Stake holder meetings: The key stakeholders in the County are consulted on the planning process of the county. This took place during the preparation of the County Integrated Development Plan (CIDP), 2018-2022 as this Annual Development Plan will be the second one to implement the CIDP.

1.4 THE COUNTY ANNUAL DEVELOPMENT PLAN PREPARATION PROCESS

Phase One: Data Collection and Analysis

In this Phase, information was collected on the existing conditions within the County and on the implementation of previous plans. It focused on the types of challenges faced by people in the County and their leading causes. The identified challenges were assessed and prioritized in terms of their urgency. Information on availability of resources was also collected during this phase.

The Phase provides most of the content of Chapters 1 and 2 of the CADP. The County Annual Development Plan contributes to the identification of key development challenges and county priorities for the year.

Phase Two: Strategies Development

The County worked on finding solutions to the problems assessed in phase one. The County heads agreed on the following:

- i. Annual development objectives and outcome targets;
- ii. Annual criteria for prioritization and resource allocation amongst sectors and spatial distribution of development resources;
- iii. Formulation of annual development strategies which may require a multi-sectoral approach;
- iv. Listing of major programmes and sub-programmes for the year.

The County developed the overall annual strategies for Cross-cutting issues dealing with climate change; Environmental degradation; HIV/AIDs; Gender, Youth and Persons with Disability (PWD); Disaster Risk Management (DRM), Ending Drought Emergencies (EDE) among others.

Phase Three: Integration of Programs/ Projects

Once all programmes/projects were formulated, they were verified that they are consistent with the County Performance Management Framework (e.g. contribute to long term objectives, have clear outcomes, indicators, performance management, M&E, within available resources, etc.). Programmes were also reviewed based on cross-Sectoral considerations, both in terms of potential negative impact and of harnessing synergies across County Government sectors, across levels of government and with non-governmental stakeholders.

Phase Four: Annual Development Plan Approval

The Finance and Economic planning unit through the County Executive Committee Member presented the draft to the Executive for consideration and adoption. The Executive then tabled the draft CADP to the County Assembly.

In collaboration with the Executive, the County Assembly is expected to review the draft CADP in accordance with existing laws and regulations before approving the 2019/2020 County Annual Development Plan with or without amendments.

CHAPTER TWO: REVIEW OF THE IMPLEMENTATION OF THE PREVIOUS ADP

2.1 Introduction

This chapter provides a review of sector/ sub-sector achievements, challenges and lesson learnt from the previous year.

Recommendations for implementation Indicating timelines and persons responsible.	-Compliance with National and County laws and policies -Address challenges		6M	6M	County Governme nt of Mombasa

2.5 Challenges Experienced during Implementation of the previous ADP

- 1. Delayed payments and implementation of important board programs due to lack of funds despite provisions in the budget resulting to suppliers and staff apathy.
- 2. Delay in funds remittance to the county government by the national government.

2.6 Lessons learnt and Recommendations

- 1. Recommendation for Independent Board account to manage its operations efficiently and effectively.
- 2. Facilitate Board Pending Bill Vote to cater for it's pending bills settlements
- 3. Early planning
- 4. Engage public private partnership.

2. General Economic and Commercial Affairs Sector

The sector is composed of the following sub-sectors;

- a. Finance and Economic Planning;
- b. Trade, Tourism and Investment
 - ✓ Trade, Investment and industry
 - ✓ Tourism

Finance and Economic Planning

The Finance and Economic Planning sub sector was able to adhere to the 19/20 FY timelines of the budget cycle. The major achievements during the period under review were; the preparation, submission and implementation of County Policy Documents such as the County Integrated Development Plan 2018-2022, the County Fiscal Strategy Paper, the Annual Development Plan, Budget Implementation Reports: the County Budget Review and Outlook Paper (CBROP), quarterly financial reports and the Budget Estimates as well as coordinate the Kenya Devolution Support programme in which Counties Country wide were assessed and awarded with a grant depending on their performance. As a County we manged to acquire a grant of 259 million from the assessment done. The internal audit section was able to carry out post-audit examination on all payments within the county executive departments. During the period under review, the supply chain management unit was able to coordinate procurement services for the county department's use and projects. To ensure efficiency and effective management of public financial resources, county treasury has embraced IFMIS; the only recognized management system by the National Treasury and also Internet banking. The Revenue Section in 2018/19 coordinated the preparation and submission of the Finance Act, 2018, implementation of the automated construction and Electronic Single Business Permits; Mpesa collection for markets and barriers revenue streams with the ultimate goal of fully automating collection systems.

Summary of Programme Outcome and Performance Indicators for 2020/2021~ 2022/2023

Improvement of Kongowea market ground surface / drainages	To improve Kongowea market sanitation and hygienic standards	A Clean and hygienic market	Rehabilitation of ground surface & drainage system	40%	30M	7M	CGM
Rehabilitation of market offices, Kongowea market	To improve on the working environment	Improved service delivery	Painting of market offices	20%	2.5M		CGM
Rehabilitation of Mackinnon retail market	To improve on trading environment and opportunities	Improved trading opportunities	Modernized market	100%			National Government
Drilling of water borehole & installation of standing mast & water tank at Kongowea market	To have uninterrupted flow of water for market use and fire hydrants	Sufficient water	Functional boreholes	100%			National Government

2.5 CHALLENGES EXPERIENCED DURING IMPLEMENTATION OF THE PREVIOUS ADP

- Delays in the preparation of bill of quantities for the intended works. This is as a result of shortage of man power as the County has one quantity surveyor to undertake such overwhelming tasks
- Inadequate funds to implement the intended projects.
- Lack of technical capacity amongst staff members.

2.6 LESSONS LEARNT AND RECOMMENDATIONS

- There is need to adopt a proactive approach in preparation of bill of quantities.
- The County should build the technical capacity of its staff in order to realize smooth implementation of projects.

- The County should endeavor to employ adequate number of quantity surveyors which are key to prepare of bill of quantities for the projects.
- There is need to increase funding for projects.

STRATEGIC PRIORITIES OF THE DEPARTMENT

- 1. To undertake infrastructure development that promote trade, investment and tourism viz construction and maintenance of public markets, business parks and recreational parks.
- 2. To develop and enact County policies and bills that promote trade, investment and tourism.
- 3. To undertake entrepreneurship development through capacity building and financing of SMEs.
- 4. To promote private partnership in development of trade, investment and tourism
- 5. To promote the growth of the informal sector.
- 6. To promote industrialization by establishing industrial parks with necessary infrastructure, e.g water, power and roads.
- 7. To undertake County trade licensing.
- 8. To promote consumer protection and enhance fair trading practices.
- 9. To enhance and diversify County revenue base.
- 10. To boost the level of investors' confidence in investing in Mombasa.
- 11. To revitalize Mombasa as a local tourism destination.
- 12. To create a positive image for Mombasa as an investment hub and holiday destination.

Outcome: Mombasa as an	ducive environment for investors investment hub		
Sub Programme	Key outputs	Key performance indicators	Planned Targets
Investment Promotion	E-Business integrated	Integration of E-Business	1
	Updated investment portal	Updated investment portal	1
	Investment exhibitions/forums done	Number of investment exhibitions/forums	1
	Investment certificates issued to potential investors	Percentage increase in the number of investment certificates issued to potential investors	10%
	Investment Policy dissemination	Investment Policy dissemination to the Stakeholder, County Assembly, Public at the Sub- County level and Stakeholders.	1
	New investments	Percentage increase in the number of investors	10%
	Capacity Building	Skills development. Projects that have economic gains	50%
Blue Economy opportunity mapping	Coordinating All the County Blue Economy Activities	Identification of the various opportunities within the sector. Package the Investment opportunities and close deals with potential investors.	50%
County Branding and Marketing	To extensively brand and market all county products.	Conducive environment for investments through awareness creation.	30%
Establishment of the Mombasa County Special Economic Zone	Squatter's resettlement and construction of the SEZ.	SEZ operators and developers on the ground.	30%

3. Education Sector

Introduction

The Sector is a stand-alone and has no sub sector. This section provides a summary of what was planned and what was achieved by the Education sector, challenges and lesson learnt in 2017-

2.2. Sector Achievements in the Previous Financial Year

2.2.1 Education Sector

Table 3: Summary of Education Sector Programmes in the Previous Financial Year

	able b. Building of Education Sector Programmes in the Fredom Intancial Tear
Prog	mme Name: Education

Objective: Improve quality of teaching, learning and care

Outcome: Improved enrollment, retention, quality of early childhood education and transition rate

Sub Programme	Key outputs	Key performance indicators	Planned Targets	Achieved Targets	Remarks*
Establishment of resource centres	Functional resource centres	No. of resource centers.	6	6	Used available space and resources
Equip ECDE centres with Branded exercise books	Improved quality education	No. of ECDE centres equipped with exercise books.	97	97	Successfully done
Supply of teaching & learning materials	Well- equipped ECDE centres	No. of ECDE centers supplied with teaching& learning materials.	97	97	Successfully done
Establishment of libraries	Increased access to information	No. of libraries operational	6	2	Pended to await resources

Programme: Child Care

Objective: To improve child care services

Outcome: Improved multi-sector approach to dignified care and safety for children

Sub Programme	Key outputs	Key performance indicators	Planned Targets	Achieved Targets	Remarks*
Establishment of Child protection/rescue center	Improved child safety and protection	No. of child recue/protection centers established	0	0	Not planned for in the year 1 of CIDP
School Milk programme	High school retention and completion rate	No. of children benefiting from the feeding program	31,529	31,650	Successfully done.

	child safety	No. of hotline service stations established	1	NIL	Pended to await supplementary budget
Program Name (As ner	the Program Po	and Rudget): Open	vations and Adv	ninistration	

Program Name (As per the Program Based Budget): Operations and Administration

Objective: Provide Administrative support in the Department

Outcome: Efficient and effective implementation of Departmental programs

Project Name/ Location	Objective/ Purpose	Output	Performance Indicators	Status (based on the indicators	Planned Cost (Ksh.)	Actual Cost (Ksh.)	Source of funds
School Construction: Likoni ECD center	To improve access to quality Preprimary Education in Mombasa County	Fully constructed ECDE Center	ECDE Center	100% Complete	27,012, 455		Annual PBB
School Construction: Longo ECDE center	To improve access to quality Preprimary Education in Mombasa County	Fully constructed ECDE Center	ECDE Center	90%	27,671, 971		Annual PBB
School Construction: Kadzandani ECDE center	To improve access to quality Preprimary Education in Mombasa County	Fully constructed ECDE Center	ECDE Center	100%	29,106, 650		Annual PBB
School Construction: Utange ECDE center	To improve access to quality Preprimary Education in	Fully constructed ECDE Center	ECDE Center	100%	28,836, 930		Annual PBB

	Mombasa County					
School Construction: Buxton ECDE center	To improve access to quality Pre-primary Education in Mombasa County	Fully constructed ECDE Center	ECDE Center	92%	19,250, 843	Annual PBB
School Construction: Kwa Jomvu ECDE center	To improve access to quality Preprimary Education in Mombasa County	Fully constructed ECDE Center	ECDE Center	92%	28,067, 230	Annual PBB
School Construction: Digirikani ECDE center	To improve access to quality Preprimary Education in Mombasa County	Fully constructed ECDE Center	ECDE Center	55%	26,264, 610	Annual PBB
School Construction: Chaani ECDE center	To improve access to quality Preprimary Education in Mombasa County	Fully constructed ECDE Center	ECDE Center	66%	27,909, 180	Annual PBB
of ECDE Centers	To make facilities usable	Refurbished ECDE Center	9	2		Annual PBB
Purchase of 2 Motor Vehicles for Department	To ease mobility for staff	Delivered Motor vehicles	2 Vehicles in use by the department	0	6,000,0	Annual PBB

2.5 Challenges Experienced during Implementation of the previous ADP

- i.
- Weak M&E Systems
 Inadequate policy documents and regulatory framework to guide the Departmental ii. functions;
- Lack of a projects implementation framework; iii.

- iv. Weak link between the CIDP, ADP and budgets;
- v. Poor prioritization;
- vi. Failure to attain optimality in staffing levels in key technical areas;
- vii. Inadequate resources
- viii. Delays in funds disbursement
 - ix. Inadequate tools and equipment leading to low productivity
 - x. Inadequate of reliable means of transport for staff and tools to/from work sites leading to low productivity and inadequate supervision
- xi. Limited capacity within the community to actively participate in development activities
- xii. Dilapidated old infrastructure service provision
- xiii. Lack of an implementation framework for certain programs

2.6 Lessons learnt and Recommendations

- i. Need to put in place policy documents to guide most of the Department functions;
- ii. Need for strengthened link between the CIDP, ADPs and budgets;
- iii. Proper prioritization is key;
- iv. Optimality in staffing levels in key technical departments is key ingredient;
- v. Sensitization of staff and sector heads on the significance of the ADP will enhance its delivery capability;
- vi. Managing stakeholders as a project objective will enhance ADP delivery capability, ownership and sustainability;
- vii. Delivery of the ADP is positively supported by a risk mapping and change management plan;
- viii. Putting in place a functional monitoring and evaluation plan will enhance ADP delivery;
- ix. Managing resource mobilization as a core objective will enhance delivery capability of the ADP;
- x. Separation of roles (between owners, implementers and regulators) in the project cycle management is key to the realization of the ADP;
- xi. Timelines: All the programmes /projects should have a defined life span. The implementation period should have a start and an expected end date. Any variation calls for project/ programme review and approval from the relevant authorities; and

4. Health Sector

The department aims to improve health infrastructure as a key pillar in the health transformative agenda. Some critical services are being provided sub-optimally. The department has endeavored to bring critical services closer to the citizen by expanding the scope of services being offered at the sub-County level.

This has been achieved through upgrading and construction of several health facilities to a sub-County hospital level. These facilities are Mrima (50 Bed), Likoni Sub-county Hospital, Tudor Sub-County Hospital, Marimani and Chaani are at 95% completion rate. While Mtongwe and Vikwatani are still ongoing.

Sector/ Sub-sector Achievements in the Previous Financial Year

- The strategic priorities of the sector/sub-sector

 The key strategic objectives and outcomes have been aligned to the Kenya health policy 20142030 objectives and policy orientations which provide the policy framework to progress towards
 attainment of vision 2030 goal for the health sector and universal health coverage. The ADP is
 anchored on the six policy objectives seeking to eliminate communicable diseases, halt and
 reverse burden of non-communicable diseases, reduce the burden of violence and injuries,
 provide essential health care, minimize the exposure to health risk factors and strengthen
 collaboration with other sector actors
- Analysis of planned versus allocated budget

The Department of Health was allocated a total budget of KES **2,923,643,133** for the FY 2019/2020 of which Recurrent Vote accounts for KES **2,683,387,579** whereas Development Vote is **240,255,554**.

- I. Absorption rate in the previous year Ksh 2,349,734,332 (after supplementary budget) against expenditure of Ksh.2,689,421,123 (114%)
- II. Utilization of funds will be linked to compliance with set budget levels and shall be according to voted provisions in the printed and supplementary books.
 - Key achievements

The Mombasa County HIV/AIDs prevalence 4.1 % form 7.5 %(NASCOP, 2018)

In 2017/18 the county hospital deliveries increase from 30584 to 31659 (78% coverage) with reduced maternal mortality rate from 177/100000 live births to 168/100,000 live births), under five hospital mortality rate at 41/1,000, neonatal mortality rate of 18per 1000 live births and the infant mortality rate of 28/1,000, MMR, Malaria incidence rate is at 7.3.

The under one year of age fully immunized reduced from 85% to 80 % coverage due to health care workers industrial action. During the review period 3 facilities were upgrade- Likoni SC Hospital (Theatre), Tudor SC Hospital (Maternity Theatre) and Mrima Maternity Hospital (50 bed capacity). The County referral hospital Increased specialized services such as Oncology and cardiac surgeries. Also notable is catastrophic spending which is below 4.5%

Summary of Sector/ Sub-sector Programmes

General Administration, Planning and Support Service

Objective: To inci	rease access to q	ning and Support Service uality effective health care se	rvices			
Outcome: Provisi	on of high-quali	ity service delivery in an info	rmed, supportive as	nd conducive envir	ronment	
Sub Programme	Key outputs	Key performance indicators	Planned Targets 2018	Achieved targets	remarks	
Health policy, planning and financing	Improved policy implementatio n	No. of health policies/ guidelines implemented & legislated	2	2	Health bill passed by County assemble HIV differentiated care implementation ongoing	
		Review and develop health sector investment and strategic plan	1	1	Stakeholders views in cooperated in the plan-implementation ongoing	
	Increased financing for county health services	% increase in resource allocation	27	21.5	The County's Budget was revised downwards because of non-attainment of revenue targets	
		% increase in revenue collection	461Million	391Million	Achievement below target due industrial action-ongoing	
		Increased absorption of allocated funds budget	83	83	Refer non-attainment of revenue target	
Quality assurance & standards	Institutionaliz ed quality assurance and	No. of health facilities accredited	1	o	Ongoing for lab	
Startaaras	practice	No of health workers trained on quality Assurance	20	95	Primary Health Care facilities, Sub county, level 4 & 5, County QITs trained –support by Palladium	
		No. of functional Quality Improvement teams	5	16	Program to roll out reactivation of Quality Improvement Teams planned.	
Health Information Monitoring and Evaluation	Strengthened monitoring and evaluation of	Number of Performance review and reports prepared and disseminated	1	1	APR process started- ongoing	
		Sector working group development Report	1	1	Done -document available	
		No of data quality audits conducted/support supervision	15	20	HIV DQA(EMR) and Malaria done supported by Partners	

		Revitalized and functional Health integrated M& E TWG	1	1	Team in place and TOR developed
		Number of HRIO providing service	15	4 taken on casual basis	2 HRIOs resigned 1 retired 1 died(critical shortage)
		No of facilities with revised HMIS tools	240	240	Purchased and Distribution of tools done quarterly-ongoing
		No of facilities with integrated County and sub county integrated LMIS(software/hardware)	42	20	Not functional – plans under way to replace it with commodity tracking tool
		No of facilities with integrated EMR	1	0	Inadequate hardware - Process ongoing
		Computerization of EMMS Management system in pharmacy(level 4&5)	-	1	Commodity tracking system in place and functional at level 4&5
Health products and technologies	Improved commodity management	Annual Forecasting and quantification reports prepared	1	1	Done and in use for planning of commodities
		Quarterly commodity order placement	4	3	
		Commodity order fill rate	100	72%	100% not achieved due to shortages at KEMSA
		% reduction in the proportion of expired drugs	5	7	Expiries occurred due to short dated supplies of program commodities
		No. of health workers trained on commodity management and appropriate drug use	60	0	Trainings have not been done
	Strengthened evidence use in decision making	Functional data base for health research established	1	0	To be done in the near future
Leadership and governance	Improved oversight and Accountability	Hospital Management Boards for level 4. established	2	0	
		No of health facilities committees trained	5	6	

		No of health workers trained on senior management	20	15	
		No. of stakeholders meeting held	20	10	
Health Infrastructure	Improved access to KEPH Services	Number of level 2/3 facilities renovated/constructed with maternity unit	1	1	Mrima H/C upgraded with theater and 50 bed maternity capacity-operationalized
		No of facilities refurbished	10	10	ongoing
		No. of new level 4 facilities completed	2	2	3 others ongoing at 90% completion rate
		No. of container clinics operationalized in the informal settlements	2	0	Allocation to the counties delayed due to EACC/parliamentary health committee audit
		No. of health workers recruited	722	40	
		No. of staff promoted	326	85	
		No. of staff and documents uploaded into iHRIS	2291	250	
		No. of Dashboards developed	4	1	
		Proportion of departments on PC	100%	100%	PC develop and implementation Process ongoing
Human resource management and Development	Improved number of staff and skills	Proportion of staff on PAS	100%	100%	Implementation Process ongoing
_ 3.000 p.100.10		Integrated HRIS	100%	100%	Implementation of regulatory HRIS (rHRIS) for interoperability to be implemented in the current year

Programme Name: PREVENTIVE AND PROMOTIVE HEALTH

Objective: To increase access to quality effective Promotive and preventive health services

Outcome: Reduced incidence of Preventable Diseases and ill Health and

Improved maternal and child health

Sub Programme	Key outputs	Key performance indicators	Planned Targets	Achieved Targets	Remarks*
Administration, School health and health promotion	Deworming of school going children	No. of school children dewormed	219,450	286,032	School deworming program supported by Evidence action
Administration, School health and health promotion	Hygiene promotion (wash)	No. of schools reached with wash messages	60	5	No support for the activity
Administration, School health and health promotion	Adolescent reproductive health promotion	No. of school children reached with reproductive health messages	1,000	1406	Supported by Marie stopes
Administration, School health and health promotion	Strengthen leadership and governance in primary health care	No. of facility management teams trained	14	0	No Funding
Communicable Diseases Control	Zero HIV transmission	% HIV + pregnant mothers receiving preventive ARV's	80%	97%	Spark – university of South Africa. County Gov supported graduation. COMBO from Global Fund
		% of HIV + Pediatrics on ARVs	80%	86%	
Communicable disease control	Reduced Malaria prevalence	LLITN distribution to: - Pregnant mothers - Children under one	60%	81.5%	Under reporting for the under ones data by health workers Documentation issue at service delivery point
			55%		J
Communicable disease control	Reduced TB morbidity and mortality	No. of TB patients completing treatment	90%	89%	Support from KAPTLD on CHV defaulter tracing
		Case finding for pediatric TB	12%	10%	Support from Centre for Health Solution

Maternal and Child	Reproductive	Increase uptake of family	49%	33%	UHC Funds and Tupange
health	health services	planning			Pamoja support – activities ongoing
Maternal and Child health	Up scaling of immunization of Under 1yr children	% of fully immunized children	95%	80%	The industrial action RRI and routine Immunization ongoing
Maternal and Child health	Increased women attending ANC visits	% of women attending 4 th ANC visits	68%	54%	ongoing
Maternal and Child health	Early cancer detection	No. of females screened for cervical cancer/Breast/Prostrate	50%	1.6% (3776/365 217)	ongoing
Non Communicable and Nutrition	Early detection of dietary – related conditions	% of clients with BMI more than 25	54516	6.9 % (27719)	ongoing
Non Communicable and Nutrition	Health children	% of under five children supplemented with vitamin A	50%	87.4%	ECD campaign supported by County
Non Communicable and Nutrition	Quality and safe food for human consumption	No. of premises inspected and licensed food handlers medically examined	5000	3099	ongoing
Public health	Reduce incidence of vector-borne diseases	% of household spread with IRS	70%	5%	ongoing
Public health	Strengthen surveillance and response	% of health facilities submitting weekly IDSR report	85%	65%	ongoing
Alcohol and Drug Abuse	Improved access to DSA treatment & rehabilitation	% of addicts managed and rehabilitated	60%	10%	Inadequate funding to facilitate ADA activities.
Alcohol and Drug Abuse	Informed community on DSA	% of people reached with a drug abuse prevention information	54%	15%	

Programme: Curative and Rehabilitative Health Services

Objective: to improve quality of health care sevices

Outcome: Reduced Morbidity and Mortality

Sub Programme	Key outputs	Key performance indicators	Planned Targets	Achieved Targets	Remarks*
County referral services (CPGH)	Improved access to specialized care services	Number of dialysis machine and beds acquired and supplied	14	14	Increased number of patients accessing specialized services
		Number of pediatric ICU cots with monitor and ventilator	1	0	
		Number of consultant Oncologists recruited	1	1	
		Number of Cath lab for cardiac surgery	1	0	
		Number of rehab centres operationalized/Functional	1	1	
Mental Health	Improved access to psychiatric and	Rehab Centre refurbished	1	0	
	reȟabilitative care	Number of sub-county hospitals providing comprehensive emergency obstetric care	1	1	
		Number of sub-county hospitals with fully functional maternity, postnatal and new born unit	1	1	Mrima at Likoni sub county launched
Secondary services	Strengthened intermediate referral services	Number of sub-county hospitals providing comprehensive rehabilitative services(physiotherapy and occupational therapy)	1	1	
		% increase in deliveries assisted by skilled personnel	70	78	Delivery coverage increased by 8% after industrial action
		Number of children under 5 years treated for diarrhea	32277	34411	Increased number of diarrhea cases (Against target -6%) due to poor sanitation and inadequate fresh water
	Reduced Average Length Of Stay (ALOS) in hospital	ALOS (Days)	6	4.7	This is an efficiency indicator – if all other things (resources) being equal, a shorter stay will reduce the cost per discharge and shift care from inpatient to less expensive post-acute cases
	Reduced diarrhea cases	% of facilities with oxygen delivery facilities	50	30%	Inadequate funds
		Number of sub-county hospitals that have undergone full laboratory accreditation	1	1	
		Number of sub-county hospitals with basic lab equipment (chemical analyzer and hematology machine)	1	3	
	Strengthened laboratory and	Number of QC lab established	1	1	

	radiological diagnostic		12	38	
Services	services.	providing service			
		Number of sub-county hospitals with Basic radiology equipment (X-ray and Ultrasound)	1	2	Improved diagnostic cases
		Number of Radiographers providing services	5	14	
Primary Services	Improved access to primary health care services	Number of health care facilities conducting deliveries	2		Increased number of pregnant mothers' delivery in hospital
		Number of primary care facilities providing lab service	3		Improved diagnosis and management of patients

Analysis of achieved Capital projects of the Previous ADP

Project Name/ Location	Objective/ Purpose	Output	Performance Indicators	Status (based on the indicators)	Planned Cost (Ksh)	Actual Cost (Ksh)	Source of funds
Shika Adabu 30 bed Hospital – LikoniSub County	Increase access to medical care	Number of people seeking Health care services	Completion certificate	55%	55,823,355		CGM
Marimani 30-bed Hospital Kisauni SubCounty	Improve access to health care	Number of people seeking Health care services	Completion certificate	100%	55,609,245		CGM
Vikwatani 30- bed Hospital Kisauni	Improve access to health care	Number of people seeking Health care services	Completion certificate	85% stalled	54,031,377		CGM
Chaani 30- bed Hospital Changamwe Sub County	Improve access to health care	Number of people seeking Health care services	Completion certificate	100%	59m		CGM
Shika Adabu Maternity – Likoni S. C.	Expand maternity services	Number of persons seeking maternity services	Completion certificate	90% stalled	11m		CGM
Tudor S. C. Hospital theatre	Decongest Coast G. Hosp. of mothers who require operation	Number of CS cases	Completion certificate	100% with defects	11m	11m	Danish Govt. Red cross

Cabro at Dept. of Health Headquarter.	Improve the working environment at the Dept. HQ	Clean and conducive for staff	Completion certificate	100%	3.9m	3.9	CGM
Parking shade and sentry at the Dept. of health HQ.	Provide sentry for the security manning the gate and shade for the vehicles		Completion certificate	100%	3.9m	39m	CGM
Construction of Mrima Maternity Hospital	Increase access of maternity services at Mrima and the Environs	Number of deliveries	Completion certificate	100%	75m	75m	MSF Belgium
Construction of Delivery Room at Mikindani H/C	Increase access of maternity services at Mikindani	Number of deliveries	Completion certificate	100%	400,000	400,000	MSF Belgium
Construction of Post Natal Ward at Bokole H/C.	Changamwe/ Air Port	Improve maternity services at the facility	Quality Improvement	20%	July 2019- October 2018	2M	KRA
Procure 5 fogging machines	Control of mosquito vector	Reduced morbidity	Delivery note	100%	15M	15M	COG
Construction of maternity at Likoni S.C. hospital	Increase access of maternity services at Likoni to decongest CGH	Number of Deliveries	Completion certificate	100%	18m	18m	Base Titanium

Theatre at Tudor

- When inspecting the works with the contractor there were a number of defects detected. The Contractor promised to make good the defects but did not.
- The roof was leaking during the rainy season despite the assurance from the contractor that the drainage of the roof was taken care of.

Lessons learnt and Recommendations

- 1. For any project to start the client should look at the drawing make criticism, add or subtract what is necessary before construction commences.
- 2. The contractors should provide the work progress program which should include flow for funding to be provided to county treasury for appropriate funding and payments.
- 3. The consultant together with the project manager should prepare a site visit programme to enable all players participate in supervision and monitoring of works

5. Environmental Protection, Water and Natural Resources Sector

This sector is represented by the Departments of:

a. Water, sanitation and natural resources

Objective: To ensur Outcome: Complia		h set environmental laws an	d regulations		
Sub Programme	Key outputs	Key performance indicators	Planned Targets	Achieved Targets	Remarks*
Decommissioning of Kibarani Dumpsite	Ecological rehabilitation of dumpsite	Cessation of dumping at site Reclamation practices	Total rehabilitation of the dumpsite	15% achieved at rehabilitation	
Parks & Cemeteries	Improved aesthetics of county roads, traffic islands, parks, burial sites and other open spaces	 No of roads and open spaces landscaped No of rehabilitated county cemeteries 	Beautification of Mombasa Roads	60% Roads have been beautified	

Objective: To develop an Outcome: efficient waste			posai system			
Sub Programme	Key outputs	Key indicators	performance	Planned Targets	Achieved Targets	Remarks*
Anti-littering and Waste management	Inculcate a culture of responsible waste handling	- No bar - Bin - No	ined	Responsible waste handling	50% achieved through clean ups	
Acquisition of Machinery, Equipment and Tools for Waste Collection and transfer	Coordinated and organized dumping		ar access ned dumping	Equipped with enough Machinery for Collection and Transfer of Garbage	30%	
Acquisition/ leasing of appropriate waste collection transfer stations.	Controlled waste disposal	dev col	stence of reloped waste lection transfer tions.	Acquired Waste Transfer Station	30%	

Objective: To promote the development and use of efficient and alternative energy sources Outcome: efficient and alternative energy sources									
Sub Programme	Key outputs	Key indicate	performance ors	Planned Targets	Achieved Targets	Remarks*			
Mapping of County energy resources	Baseline feasibility data	-	No of Energy resources in the County Data on the Energy resources in the County	Increase renewable energy sources in the County	20% achieved through clean ups				

2.3 Analysis of Capital projects of the Previous ADP

Project Name/ Location	Objective/ Purpose	Output	Performance Indicators	Status (based on the indicators)	Planned Cost (Ksh.)	Actual Cost (Ksh.)	Source of funds
Purchase of Twelve (12) Garbage Collection Trucks	To facilitate efficiency in garbage collection from transfer points to the dumpsites	Twelve Faw Trucks	No. of trips to the dumpsite (Av 40Trips in a day) No. of Transfer Points cleared on a Monthly basis	Closure of several transfer points	130M	103M	CGM
Refurbishment of Environment yard and Cabro carpeting	To enhance the working conditions at the yard/parking space	Well carpeted yard, and organized parking space	Cabro Carpet on entire yard No. of Trucks parked in the yard	Complete Cabro Carpet on the yard Well and organized truck parking in the yard	50M	45M	CGM
Tree Planting and Beautification	To improve the aesthetics of the city/climate change adaptation measures	Improved flower gardens alon Mombasa streets Mangroove trees planted	No. of streets Beautified No. of Mangroove trees planted	All Mombasa streets improved by planting flowers beds	80M	65M	CGM
Container Office/toilet Construction at Mwakirunge	To provide office space to the staffs at the dumpsite	Offices and Latrine Toilets	No. of Offices No. of Latrine Toilets	50% Complete Construction of Container Offices and latrines	5M	4.3M	CGM
Research, survey and Feasibility Studies	To find out the causes of gaps in departmental activities	Research reports	No. of Submitted reports	Submitted reports of findings on Mtopanga, Kaa chonjo and Maduba Areas	10M	8M	CGM

Lessons learnt and Recommendations Lessons Learnt:

1. Integrated approach which include the beneficiaries easen project planning and implementation

Recommendation:

- 1. Development funds to be deposited in the departmental Bank Accounts that is designated for development activities to fast track effective implementation of projects.
- 2. There should be little gap between the budget presented to the public and that of supplementary

6. Social Protection, Culture and Recreation Sector

This sector is represented by the Department of:

a. Youth, Gender, Sports and Cultural Affairs.

Analysis of Capital projects of the Previous ADP 2019-2020

Project Name/ Location	Objective/ Purpose	Output	Performance Indicators	Status (based on the indicators)	Planned Cost (Ksh.)	Actual Cost (Ksh.)	Source of funds
Renovation of County Stadium	To improve the stadium to international standards. To nurture sports talent	Increased sporting activities at the stadium	Renovated stadium	Project stalled	61,290,854.90	39,000,000	County Government
Renovation of Mikindani social hall	To provide social amenity to the community	Easy access to social amenities	Number of bookings by the community Number of indoor games played at the facility	Project completed	5,393,580	5,393,580	County Government
Renovation of Majengo social hall	To provide social amenity to the community	Easy access to social amenities	Number of bookings by the community	Project completed	3,719,200	3,719,200	County Government
Construction of uwanja wa mbuzi	To provide a modern mini stadium for the community	To nurture youth sports talent	Number sports events held at the facility	Project completed	66,270,664	66,270,664	County Government
Renovation of Tudor social hall	To provide social amenity to the community	Easy access to social amenities	Number of bookings by the community Number of indoor games played at the facility	Project completed	6,200,000	6,200,000	County Government
Renovation of Tononoka social hall	To provide social amenity to the community	Easy access to social amenities	Number of bookings by the community Number of indoor games played at the facility	Complete	12,033,050	9,300,000	County Government
Construction of Bomu stadium	To provide a mini stadium to the community	To nurture youth sports talent	Number of sports activities held at the facility	Complete	85,075,195	85,075,195	County Government

7. Agriculture, Rural and Urban Development Sector

The sector comprises of the following sub sectors/Departments;

a. Agriculture, Livestock, Fisheries and Cooperatives Development b. Land, Housing and Physical Planning

Agriculture Sub Sector

The strategic priorities of the sub-sector and sub-programs:

- Increase crop production and productivity through employment of better farming practices and protection of farming area.
- Promote Land management and development
- Increase market access for livestock products through marketing initiatives and establishment of processing and value addition facility.
- Increase livestock production through establishment of modern farming practices, provision of better inputs and favorable environment for the livestock
- Capacity build the sub sector staff to improve service delivery
- Improve Cooperative governance and establish county cooperative legislation and policy framework for cooperative growth
- Developing Akamba Handcraft to access foreign markets
- Increase the co-operative membership to 63,000 members
- Setting up a training fund to promote savings mobilization and promotion of enterprise development
- Strengthening cooperative supervisory advisory and auditing
- Develop one major cooperative for fish farmers to deal with value additions
- Promote Matatu saccos to organize the transport sector

Departmental Achievements in the Previous Financial Year

Main achievements in the department include:

Main achievements in crops sub department include:

- Purchase of certified crop seed: 8000 kg Hybrid maize seed which was given to 3000 farmers and 4000kg hybrid cowpeas seed which was given to 2000 farmers in all the 30wards, 306kg assorted vegetable seeds given to 600 vegetable farmers.
- Capacity building of 75 staff & 24,636 stakeholders
- Rehabilitation of 5 water pans (3 in Kisauni, 1 in Jomvu, 1 in Likoni), equipped with solar water pumps and storage tanks.
- 685 acres of land ploughed by county tractors for crop production

Main achievements in the livestock sub department include:

- Through our livestock extension we had targeted to improve the percentage of households accessing food to 70% and achieved the target.
- Increased quantities of animal produce and products to 12%, and was achieved
- We targeted to issue 300 farmers with subsidized inputs and achieved 3000

- Increase the number of livestock breeds to 180,000 and achieved 181,930
- Through our livestock extension we had targeted to improve the percentage of households accessing food to 70% and achieved the target.
- Increased quantities of animal produce and products to 12%, and was achieved
- We targeted to issue 3000 farmers with subsidized inputs and achieved 300
- Increase the number of livestock breeds to 180,000 and achieved 181,930
- Vaccination of 12,207 Livestock against trade sensitive diseases,1242 Dogs and Cats against Rabies disease,7,189 Livestock dewormed,
- 392,099 livestock were slaughtered, carcasses inspected and passed as fit for human consumption.

Summary of Sub-sector Programmes

Programme Name: CROP MANAGEMENT

Objective: Improve livelihoods by promotion of competitive farming, appropriate policy and development environment, effective support services, sustainable natural resources and Land management

		mproved livelihoods & house			
Sub Programme	Key outputs	Key performance indicators	Planned Targets	Achieved Targets	Remarks*
1.Administration, Planning and Support Services	Staff trained	-Number of staff capacity build - Number of stakeholders capacity built	5000	75 24,636	Staff capacity building 1.Intergrity training at KSG 2. Integrity training at CDA board room 3.Preformance appraisal system sensitization for staff by Devolution
		- Number of technical staff recruited	45	0	department 4. Performance management training by Devolution department 5. Senior Management course at KSOG Stakeholders capacity building: Done during -57 barazas held -230 on farm demos done -5 farmer field days held -312 farmer group visits -1417 individual farm visits -1 Agricultural show held -8 4k clubs trained -160 farmer trainings achieved Staff recruitment: Nil due to no funds allocated
2.Crop Production and Productivity	Improved food security and incomes at the household level.	- Increase in number of households accessing food -Number of farmers benefiting from input subsidy programme -Acres put under vegetable production under micro irrigation - Acres put under production through mechanization	5000 7 acres 400acres	12,318 5600 11acres 685 acres	-8000 kg Hybrid maize seed & 4000kg hybrid cowpea seeds which was given to 5000 farmers in all the 30wards -306 kg Assorted vegetable seeds given to 600 farmers -5 water pans were rehabilitated for vegetable production under irrigation (3 in Kisauni, 1 in Likoni, 1 in Jomvu) -685 acres of land was ploughed by the 3 county tractors & ksh 822,000 was realized as revenue
3. Marketing and value addition		- Percentage increase in quantity of local produce accessing the retail market	5%	5.1%	-42 women, youth and PLWA groups were trained on value addition and agro processing

Programme Name: Cooperatives

Objective: Enhance market	access and value add	ition for Co-operatives			
Outcome:	1		1		
Sub Programme	Key outputs	Key performance indicators	Planned Targets	Achieved Targets	Remarks*
Developing Akamba Handcraft to access foreign markets	Developing Akamba Handcraft to access foreign markets Increased incomes Creation of employment	Incomes from international markets Number of new jobs created Increased returns to members	Carry out a baseline survey Q1 International exhibitions Q2 Certification of products Q3 Liaison office Q4	An online platform (Shop) has been developed, Linkage with a number of online marketing companies	Need to build capacity of the staff to manage the online platform
Set up a training fund to promote savings mobilization and promotion of enterprise development	A fully fledged fund supporting co-operative development in the county	Number of co- operatives benefiting from the fund Number of dormant societies revived Amount allocated to the fund Number of programs conducted from the fund	Set up the fund 15 new cooperatives registered Train 3,000 cooperative leaders Revive 10 dormant societies	The department had just moved from the department of trade and there was no budget provision on the same	There need to complete the cooperative policy to facilitate implementation of this program.
Digitize the department and Develop the cooperative business information centre	Connect the dept with the other departments and stakeholders. Develop an information center	Department of cooperative to go digital Online reports Improved supervision	Q1 develop a prototype Q2 Go life Q3 Integrate with Co- operatives Q4 Online publications	Nil	Lack of facilitations and other inbound logistics
Strengthen cooperative supervisory advisory and auditing	Effective extension services Conduct of timely interim and final audits	Enhanced information to the cooperative movement	Cooperative policy Cooperative Act	The policy is in the progress of development held back by the need to await the completion of a National policy on cooperatives	The National government continues to exhibit proportionate interest in the management of cooperatives
To hold industrial exhibitions, ASK Show and trade exhibitions in the county per year.	Increase the number of cooperatives participating in the ASK show	Better visibility for co-operatives Increased membership in cooperatives	To participate in the annual ASK programs	Fully achieved	The sub program well integrated in the system.

	Renovate the cooperative stand	Increased confidence with cooperatives			
Develop one major cooperative for fish farmers, to deal with value additions	Registration of the cooperative for these enterprises Value addition on these value chains Increased incomes to the members	 Organized fish formers, beekeepers, poultry farmers Increased access to the market Value added products Certifications by 	Q1 organize the farmers and register Q2 value addition Q3 certification of products	Poultry farmers registered	The program is continuing into the new CIDP
Promote Matatu saccos to organize the transport sector	Matatu Saccos code of conduct Matatu Sacco discipline enforcement mechanism Matatu saccos liason office	Bi-annual reports for the matatu sacco association - Saving reports by the matatu saccos	Develop the code of conduct Sensitization forums	50% achieved	Need more resources than provided

*Remarks:

• The sub department had planned to construct a value addition centre but this was not achieved due to budgetary constraints.

Analysis of Capital projects of the Previous ADP

Brief summary of what was achieved during the previous ADP is outlined in the table below.

Project Name/Location	Objective/purpose	Output/ Outcome	Performance Indicators			Actual Cost (Kshs)	Source of funds
Farm Inputs subsidy programme	Kisauni, Likoni, Jomvu, Changamwe, Mvita & Nyali sub counties	Improve infrastructure, productivity and outputs	Improved food & nutrition security	5600 farmers issued with subsidized inputs	6,411,120	6,411,120	County government of Mombasa
	Mvita, Nyali, Changamwe, Kisauni, Likoni, Jomvu sub counties	of agricultural produce	Improved livelihoods of the household in the county	42 women & youth groups engeged in agro processing and value addition		/ /	County government of Mombasa

Project Name/Location	Objective/purpose	Output/ Outcome	Performance Indicators	Status based on Indicators	Planned Cost (Kshs	Actual Cost (Kshs)	Source of funds
Acquisition of modern machinery and equipment for sustainable land development and crop management	All Sub counties		Improved crop production and productivity	685 acres of farm land ploughed using the 3 county tractors	2,000,000	2,000,000	County government of Mombasa
Promotion of micro irrigation and rehabilitation of water pans	Kisauni, Jomvu, Likoni	Improve productivity	Improved food & nutrition security	-5 water pans rehabilitated and equipped with drip irrigation equipment and water tanks -11 acres of land opened up for vegetables under micro irrigation	19,800,550	6,411,120	County government of Mombasa

Project Name/ Location	Objective/ Purpose	Output	Performance Indicators	Status (based on the indicators)	Planned Cost (Ksh.)	Actual Cost (Ksh.)	Source of funds
Improved indigenous poultry production	To improve food security	1800 birds issued to farmers and 300bags of feeds	Percentage of households accessing food Number of farmers issued with subsidized inputs Increase in the	60% 300 181,930	1,000,000	1,150,000	County Government of Mombasa
Rabbit production	To improve food security	300 rabbits issued to farmers	number of livestock breeds		1,000,000	00	
Dairy goats	To improve food security	100 dairy goats			2,500,000	0	

Project Name/ Location	Objective/ Purpose	Output	Performance Indicators	Status (based on the indicators)	Planned Cost (Ksh.)	Actual Cost (Ksh.)	Source of funds
Purchase vaccines, acaricides, Veterinary supplies and vaccination campaign	Herd immunity improved and reduced incidences of disease outbreak	Number of Animals against trade and public health sensitive diseases	% increase in animal vaccinated against trade and public health	12,207 animals vaccinated 1242 Dogs and Cats	18,409,115	1149,950	County government

Data Lilia Cara and	Former	Our Old	sensitive diseases	Not Jane	0.222.222	NY:1	Country
Rehabilitation of Makupa Poultry Slab	Ensure safety and wholesomeness of Meat consumed	One Slab rehabilitated	Number of slab rehabilitated	Not done	9,000,000	Nil	County government
Purchase of Motorcycles	Improve efficiency in service delivery	Service delivery improved	Number of motorcycles procured	Non procured and supplied	3,200,000	Nil	County Government
Purchase of a vehicle	Improve efficiency in service delivery	Service delivery improved	Number of vehicles procured	Non procured and supplied	6,000,000	Nil	County Government
Purchase of backup generators	To improve Herd immunity and reduce incidences of disease outbreak	Cold chain for vaccines sustained	Number of backup generators purchased	Non purchased	800,000	Nil	County Government

Project Name/ Location	Objective/ Purpose	Output	Performance Indicators	Status (based on the indicators)	Planned Cost (Ksh.)	Actual Cost (Ksh.)	Source of funds
Procurement of fishing boats and gears	To Increase fish production form capture fisheries	Increased fish production	Monthly fish catch statistics/report	Ongoing	200 Million	198 Million	County Government

8. Energy, Infrastructure and ICT Sector

The key achievement in the ICT sub-sector was connectivity between targeted sites. Priority was given to the connecting of 32 County offices within Mombasa County. The intention is to eventually connect the remaining County offices into one Metro Area Network (MAN) with the sole aim of sharing network resources. The outcome would be increased efficiency and effectiveness in service provision. This is an ongoing project subject to the availability of funds.

The Energy and Infrastructure sub-sectors carried out: routine and periodic maintenance of roads and access roads; drain cleaning and minor repairs for existing drains; maintenance and construction of storm water management infrastructure; management and maintenance of public vehicles and procurement of 4 fire engines. In total, 179.8 km of road were maintained, 25.49 km of storm water draining constructed and 34 vertical drains done and 4 fire engines procured.

a. Sector Programmes - Energy Sub-sector

Sub-Programme	Key Performance Indicators	Planned Targets
Programme Name: G	eneral Administration and Support Services	-
Outcome: Efficiency	in service delivery	
Programme Name: C	ounty Energy Regulation

	maintained	
Advantigement and Compliance	Number of illuminated signs/Welcome signboard constructed	86
Advertisement and Compliance	Number illuminated signs/Welcome signboard constructed Number illuminated signs/Welcome signboard maintained	36
	Trumper mummated signs/ wetcome signboard maintained	30

c. Sector Programme – Transportation Sub-sector

Sub-Programme	Key Performance Indicators	Planned Targets
Programme Name: General Admin	istration and Support Services	
Outcome: Efficiency in service deli	ivery	
Programme Name: Transportation		
Outcome: Safe and efficient mover	nent of people and goods.	
Non-Motorized Transport (NMT)	NMT development and management policy Km of walkways and rest facilities done Number of footbridges constructed	1 17 3

Sub-Programme	Key Performance Indicators	Planned Targets
Transport and public Safety	Safety policy developed	1
	Number of Speed control facilities/Road Signs constructed	100
	Passenger picking points constructed	20
Traffic Management	Transport management policy developed	1
	Number of traffic Lights and pedestrian Railings put up	110
	Number Traffic Lights Pedestrian Railings maintained	120
Parking	Parking policy	1
	Number of intra-city Bus terminals/Parking silo constructed	1
	Number of on road parking maintained	220
Water Transport	Water transport policy	1
	Number of Jetties/	4
	Access roads constructed	2
	Number of Jetties/ Access roads maintained	
Fleet management	Number of timely and accurate fleet reports produced	14
	Tracking system installed	1
Transport mechanical services	Number of timely and accurate maintenance reports produced	14
	New Fleet, rubber boat insurance cover, Spare parts	25

d. Sector Programmes - Public Works Infrastructure sub-sector

Sub-Programme	Key Performance Indicators	Planned Targets
Programme Name: General Administration and St	apport Services	•
Outcome: Efficiency in service delivery		
Programme Name: Public Works		
Outcome: Well designed, constructed and manage	ed structures.	
Professional services for public buildings and	Professional services for public buildings and other	7
other public works (Architectural, Structural &	public works done	7
Civil, Quantity Surveying and contract	Number of timely and accurate maintenance	2
management services, Electrical (Building	reports produced	14
services), Mechanical (Building services),	Number of offices constructed	
Building Maintenance)	Number of offices maintained	
Electrical	Number of timely and accurate maintenance reports produced	14
Building services including Building Mechanical	Number of timely and accurate maintenance	14
services	reports produced	14
	Number of buildings maintained	

e. Sector Programmes - Fire fighting and Rescue Services Sub-sector

Sub-Programme	Key Performance Indicators	Planned Targets
Programme Name: Fire Fighting and Rescue Servi	ces	
Outcome: Improved public and property safety		
Fire Fighting	Number of minutes taken to respond to fire emergency	5
	Number of fire stations constructed	1
Rescue services Planning	Number of minutes taken to respond to emergency	40
Coast Guard rescue services	Number of minutes taken to respond to emergency	40
Programme Name: Administration and Support So	ervices	
Outcome: Efficiency in service delivery to departr	nents, affiliated bodies and organizations	
Administration, Planning and Support Services Records	Number of staff recruited	40
	No. of staff trained	30
	No. of policies developed	

2.3: Grants, Benefits and Subsidies

The county government has been receiving grants through exchequer issues to finance programs in the various Sectors as per the outlined guidelines

Table 7: 2019/2020 FINANCIAL YEAR GRANTS

DEPARTMENT	GRANTS	AMOUNT
	Kenya Devolution Support Program Level 2 Grant ~ 18/19	259,416,946
	Kenya Devolution Support Program - 18/19	53,333,725

TOTAL		606,224,440
WATER, SANITATION &		
NATURAL RESOURCES	World Bank Development Project	1,550,000,000
TOTAL		1,550,000,000
TOTAL GRANTS	Total Grants	2,741,167,966

2.4 Challenges Experienced During Implementation of the previous ADP

The challenges experienced by the county during the implementation of the previous plan

- Human Resource Inadequacies
- Inadequate information management systems
- Insufficient collaboration and coordination amongst difference agencies and lack of organized stakeholder for ain the county
- Weak and uncoordinated networks on technology development and dissemination (extension services poor)
- Inadequate basic infrastructure (Office space, transport facilities and ICT equipment).
- Lack of materials for demonstration and lack of facilitation for extension staff to d Inadequate funding
- Delayed funding
- Weak Legal and Regulatory Framework
- lack of sub-department policies and regulations
- Inadequate capacity to adapt and mitigate climate change effects
- High input prices and adulteration
- Vulnerability of UPA to adverse impacts of climate change
- Scarce land for agricultural development in urban and peri-urban areas
- Insufficient water supply for use in UPA activities
- Vulnerability of UPA to adverse impacts of climate change
- Vulnerability of UPA to negative impacts of environmental degradation
- High incidence of emerging crop pests and diseases
- High rate of change of land use. (Competing land, water, and power uses)
- Increasing environmental pollution
- Limited value addition,
- Lack of county agro-processing infrastructure (post-harvest management facilities etc.)
- Inadequate financial system arrangements in favor of establishment of cottage processing industry
- Lack of succession planning in the department

2.5 LESSONS LEARNT

The key lessons learnt from the implementation of the previous plan and proposed recommendations for improvement are outlined in the table below

Challenges	Lessons learnt	Recommendations
Human Resource Inadequacies (few skilled and competent staff, lack of staff trainings on UPA technologies, lack of promotions, ageing technical staff and poor succession management) Inadequate information management systems Insufficient collaboration and coordination amongst difference agencies and lack of organized stakeholder fora in the county Weak and uncoordinated networks on technology development and dissemination (extension services poor) Inadequate basic infrastructure (Office space, transport facilities and ICT equipment). Lack of materials for demonstration and lack of facilitation for extension staff to disseminate the information	Continuous Staff development is important	 Capacity building of staff Develop a succession plan Recruit staff to replace those exiting through retirement and natural attrition. Proper deployment of staff is their areas of specialty Fast track promotion of staff Strengthen Extension farmer research for a Equip offices with IT equipment to enhance work performance
Funding: Inadequate funding delayed funding	Make requisitions at beginning of financial year	 Lobby for decentralization of some treasury functions Put in place a mechanism for resource mobilization to reduce pressure on the equitable share from the national government
Legal & policy: Weak Legal and Regulatory Framework lack of sub-department policies and regulations	Work in liaison with the county attorney to develop agricultural policies	 formulate agricultural policies an Formulate agricultural regulations to anchor agriculture at the county level
Lack of breeding programme	Takes long to improve the local breeds and also a lot of inbreeding leads to poor productivity	Introduce Artificial Insemination and come up with a breeding program for the county
Lack of marketing infrastructure	Animals being sold along road reserves. Revenue collection not done	Sale yards construction should be fast tracked
No animal burial site and pound	animal carcasses being disposed in undesignated areas poses health risk	In collaboration with relevant department develop an animal burial site.

Challenges	Lessons learnt	Recommendations
Lack of county livestock infrastructure (abattoirs, hides and skins processing units, animal pound)	Leads to livestock illegal slaughter posing health risk and loss of revenue	Constructing an abattoir, sale yard and hides and skins processing and value addition facility and animal pound.
Lack of basic infrastructure for animal restraints during vaccinations	For safety of staff carrying out vaccinations and other procedure.	Promote use of vaccination crush and Goats and sheep pens for hand spraying and pour on application and vaccinations
Lack of reliable basic veterinary diagnostic facility	For quick disease interventions and early response there is need for a lab in the county	Establish a Veterinary Laboratory in Kisauni Sub County
Risk preparedness Inadequate capacity to adapt and mitigate climate change effects High input prices and adulteration Vulnerability of UPA to adverse impacts of climate change Scarce land for agricultural development in urban and periurban areas Insufficient water supply for use in UPA activities Vulnerability of UPA to adverse impacts of climate change Vulnerability of UPA to negative impacts of environmental degradation High incidence of emerging crop pests and diseases High rate of change of land use. (Competing land, water, and power uses) Increasing environmental pollution Limited value addition, Lack of county agro-processing infrastructure (post-harvest management facilities etc.) Inadequate financial system arrangements in favor of establishment of cottage processing industry. Inefficient marketing environment and unsafe UPA produce and products Poor quality assurance systems (products that don't meet market standards)	 Land for crop production is reducing due to urbanization Climate change is real Deforest ration needs to be controlled High temperatures contribute to high incidence of pests & diseases 	 Promote water harvesting at household level e.g. Roof catchment. Initiate and promote climate smart agriculture to arrest dangers of pollution. Promote appropriate technology that reduces water loss through evapotranspiration, e.g. shade structures. Promote intensive production of high-value crops which can still fetch high returns from small land areas. Develop an input subsidy program to cushion farmers against high cost of inputs. Have a strategic reserve of pesticides & insecticides Promote irrigated production by equipping existing water pans with irrigation equipment and explore the possibility of using the natural water resources present to promote irrigation. Excavate water pans and rehabilitate existing ones through a work for asset program. Promote adoption of modern urban and periurban technologies such as shed structures, kitchen gardens hanging gardens, rooftop and balcony gardens. Develop an input subsidy program to enhance affordability and access by the farming community. Enact land use policy to control conversion of agricultural land into real estate. (spatial planning). Train staff on handling of emerging pests and subsequently train farmers on IPM to help deal with emerging pests. Mainstream climate change initiatives in agricultural activities to promote resilience (adaptation) and mitigation.

Challenges		Lessons learnt		Recommendations
High diseases and pests chal	lenges and re-emerging diseases	Causes loss of liv productivity and lo livelihoods	restock oss of	 Promote organic farming thus reduce pollution Develop a value addition incubation center where upcoming agroprocessors can hone their skills. Develop an agriculture credit guarantee scheme to increase credit access by agro-processors. Train groups in small scale value addition. Improve and develop postharvest facilities Give the department the agricultural produce inspection mandate through the training of inspectors to check of food quality and minimum residue levels in food before it consumed Develop a strategy to manage re-emerging and emerging pests and diseases
Mandate	Challenges		Interv	rentions
Co-operative policy formulation and implementation at the county level County Co-operative Legislation	The National government was to hav National cooperative policy; this has inordinate delay with poorly manage engagement The Act did not go through in the las luckily the national cooperative Act is county level	experienced ed stakeholders'	at the this fi	n has formed to consider a draft policy sub-unit level to be finalized within nancial year. epartment should ensure enactment of ct is concluded
Co-operative savings, credit and Banking services	This requires setting up a fully-fledged section within the department, staff it properly and develop full capacity for the section. This has been hampered by		forwa natio	is need to address this gap going and to avoid overdependence with the nal government which may not be nable
Co-operative Governance	258 cooperatives to be supervised by order, but it is made more complex to department has only one vehicle that experiencing mechanical problems.	by the fact that the	way,	s the area for intervention and in a big the office renovations,

CHAPTER THREE: COUNTY STRATEGIC PRIORITIES, PROGRAMMES AND PROJECTS

3.1 Introduction

This chapter presents the sector/sub-sector strategic priorities, programmes and projects for the year. The programmes and projects envisage a green economy by mainstreaming cross-cutting issues such as climate change; environmental degradation; Disaster Risk Reduction (DRR) HIV/AIDs; Gender, Youth and Persons with Disability (PWD); among others.

3.2 Planned Targets for the Sector/Sub-sector programmes

3.2.1 General Economic and Commercial Affairs Sector

Finance and Economic Planning

Programme Name: General Admin	sistration, Planning and Support Services				
1. Objective: To improve tur	rnaround time on the Department's processes				
Outcome: Improved service delive	rv				
Sub Programme	Key performance indicators	Planned Targets			
Service Delivery	Number of staff trained on performance appraisal Proportion of staff on PAS Proportion of sections on PC No of staff capacity build	140 100 100			
County Emergency Fund Services	Increase the amount in the annual budget allocated to disaster management fund	25			
Programme Name: Financial Mana	agement Services	200			
Outcome: Improved public finance	ial management				
Accounting services	Number of timely and accurate financial reports produced in conformity with the PFMA				
	Integrated real time accounting system in place				
	Percentage increase in cash flow management				
	Proportion of accounting and financial records managed electronically	80			
	Level of budget implementation	100			
	Reduction in budget deficit	80			
Supply Chain Management Services	Level of compliance with public procurement laws and regulations	100			
oct vices	An integrated automated assets management system in place	1			
	Proportion of county assets safeguarded and managed	100			
	Proportion of county supplies safeguarded and managed	100			

Risk Management Services	Risk management framework developed	1
	Percentage decrease in financial management irregularities (queries)	10
Resource Mobilization Services	A fully integrated automated revenue collection system implemented	1
	Resource mobilization framework developed	1
	Percentage increase in local revenue collection	20
	% increase in external funding as a percentage of county revenue	15
Programme Name: Economic Plan	ning, budgeting and Policy Coordination	
Outcome: Improved policy formu	lation, planning, budgeting and implementation in the County	
Economic Planning, budgeting	Number of policies prepared/reviewed	30
and Policy Coordination	Number of development plans prepared/reviewed	4
ř	Sector plans prepared	8
	Number of reports prepared on SDGs	1
Budget preparation coordination	No. of financial reports/reviews done	4
	% absorption of allocated funds	100
	Levels of compliance with the budgetary preparation timelines	100
	Percentage increase in the participation of the state and non-state actors in the budget	100
	cycle	
County Statistics and research	County statistical office operationalized to increase in accessibility of reliable county	1
	data	
	County Statistical Abstract developed	1
	Number of research studies/ surveys undertaken	1
Monitoring and Evaluation	An automated monitoring and evaluation system	1
	Monitoring and evaluation framework	1
	Handbook of reporting indicators	1
	CMES established and operationalized	1
	CIDP, MV2035 and KJP implementation coordination mechanism	1
	County performance review reports	4
	*	

2020-21 Budget Projects

PROJECTS	Sub County/Ward	COST (SHS)
Refurbishment of Non-Residential Buildings- Offices and decentralized	All Wards	
banking halls		50,000,000
Other Infrastructure and Civil Works – Revenue Cess Barriers	All Wards	100,000,000
Upgrading of the County Revenue systems	All Wards	50,000,000
Rehabilitation of access roads to the barriers	All Wards	30,000,000
Research, Feasibility Studies, Project Preparation and Design, Project	All Wards	
Amalgamating of the various revenue streams		120,000,000
Total		350,000,000

> Trade Tourism and Investment

INVESTMENT

Project Name	Locatio n/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start~ End)	Implem enting Agencie 8	
Set up of the Mombasa County Industrial Park - SEZ	Miritini	To set up an Industrial Park	Industrialization	SEZ Operators and developers.	Q2-Q4	CGM PPP	200M
Investment Forum/ Exhibition	County	To bring together investors, financiers and Government.	Close potential investment deals	MOUs and Investment deals signed	Q3	CGM Donors	30M
Investment Marketing		To increase in the traffic of the IP	County Branding	Website traffic and interaction	Q1	CGM	10M
Blue Economy opportunity mapping	County	Coordinating All the County Blue Economy Activities	Identification of the various opportunities within the sector. Package the Investment opportunities and close deals with potential investors.	Sector products packaged for investors.	Q1	CGM	5M
Establishment of Mombasa County Value addition centre	Likoni	To provide investment opportunities	I value addition centre		Q4	CGM	45m
Investment Promotion		E-Business integrated	Integration of E- Business	A functional system	Q1	CGM	2M
		Updated investment portal	Updated investment portal	An interactive system with an online presence and traffic	Q1	CGM	2M
		Investment exhibitions/forums done	Number of investment exhibitions/forums	Closed deals	Q3	CGM Registra tion of persons	30M
		Investment certificates issued to potential investors	An investment certificate issued to potential investors	1 investor awarded.	Q2	Ken Invest CGM	1M
		Investment Policy dissemination		,	Q2	CGM	5M
		New investments	Percentage increase in the number of investors	Job creation	Q4	CGM NITA	1M
		Capacity Building	Skills development. Projects that have economic gains	Skilled workforce on PPP and Investment appraisal techniques	Q3	CGM	3M

TOURISM

Project Name	Location/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start~ End)	Implementing Agencies	Cost (Kshs)
Destination management system	County wide	Create an online marketing platform for tourist information	1.Increase Visibility and visitation in Mombasa County 2. Access to accurate data on bed occupancy	Higher ranking in search engines 2.Increase in the number of online bookings	Sept- march	County Government	20 Million
Blue flag Accreditation of Jomo Kenyatta Public Beach	Shanzu	Development of clean, secure and environment friendly beaches	Improve recreational experiences on the beaches Sustainably manage public beaches	Blue flag accreditation certificate	Ongoing- march 2020	County Government	10 million
Training of Tour guides	County wide	Vet and Train 300 tour guides to professional level	Enhance tourist experiences in the county	Number of tour guides trained	Sept-Dec 2019	County government	10 million
Branding and Signage of tourist attractions	County wide	To create visibility of attraction sites in the County	Improve visitation to the attraction sites	Number of signage developed	July-Dec 2019	County Government	10million
Destination promotion through events	County wide	To promote the County through events and festivals	Increase visitation and visitor experiences in the destination	Number of events and festivals	July-June	County Government	40 million
Construction of an open air tourist market	Bamburi	Link community to the tourism value chain	Improved earnings from tourism	1 tourist market developed	July-June	County Government	10 million
Semi Annual Tourism Magazine	County wide	To increase visibility of the County's tourism offers	Increased number of tourists	2 promotion magazines developed	Q1 and Q3	County government	6 million

Sub Programme	Key outputs	Key performance indicators	Planned Targets				
Electronic Business Services	Integration of SBP, Liquor License & Fire certificate in	Revenue Collection	Kes 600M				
	one system	No. of businesses registered	100,000				

3.3 Capital Projects

Table 7: Summary of capital Projects to be implemented during 2020/2021

Project Name	Location/ Ward	Objective	Output/	Outcome	Performance Indicators	Time Frame (Start- End)	Implementing Agencies	Budget (Kshs)
1. Rehabilitation of Retail markets	Mwembe Tayari	Provide additional trading space in markets	•	Employment opportunities for youth Reduction in no of youths involved in crimes Improve business environment in markets	1 Retail markets rehabilitated (Sega & Mwembe Tayari)	Oct- March	CEM/CO- TRADE	30M
2. Modernization of Makupa market into a 2 storey building with a basement parking	Makupa	Provide additional trading space in markets	•	Employment opportunities Improve business environment in markets	1 retail market reconstructed	Oct~ March	CEM/CO- TRADE	120M
3. Civil Works at Kongowea Market	Kongowea	Enhance trading environment	•	Improve business environment in markets	 Drainage works Improvement of ground surface General painting plumbing & electrical works 	Nov ~ June	CEM/CO- TRADE	30M

Project Name	Location/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start- End)	Implementing Agencies	Budget (Kshs)
3.Establishment of Biashara Centres	Changamwe & Nyali	To provide investment opportunities	Improved business opportunities	2 Biashara Centrs established	Oct ~ Dec	CEM/CO- TRADE	80M
4.Establishment of Mombasa County Value Addition Centre	Likoni	To provide investment opportunities	Processing of primary products i.e. industrial, fisheries, Livestock & Agricultural products.	I value addition centre established.	Sept- April	CEM/CO- TRADE	45M
5.Establishment of Aautomobile Park	Changamwe	To provide investment opportunities	Show rooms & motor vehicle assembly plants established.	I automobile park established	Aug ~ June	CEM/CO- TRADE	100M
6.Modernization & digitization of three cess collection points	Miritini, shanzu & Likoni	Enhance revenue collection	Installation of weighbridges & CCTV cameras	% Increase in cess revenue collected	Sept – Dec	CEM/CO- TRADE	30M
7. Purchase of Standards & Testing Equipment	Whole county	Ensure consumer protection & fair trade practices	 Purchase of working standards Purchase of secondary reference standards Purchase of beam scales Purchase of inspection equipment Purchase of test weights 	 5 sets (1mg – 20kg) 2 sets (1mg – 20kg) 4 sets of beam balances (100mg, 200mg, 1kg, 5kg, 20kg) Roller weights 	Oct - March	CEM/CO- TRADE	25M
8.Modernization & Digitization of Departmental Records	Bima Towers (9th Floor)	Safe custody of records & easy retrieval of information	Effective management operations	• 3 computers • 2 scanners	Sept – Dec	CEM/CO- TRADE	1.5M
9.Office renovations & refurbishment	Bima Towers 9th floor	Enhance better working environment	Effective & efficient service delivery	Renovated offices	Sept – Dec	CEM/CO~ TRADE	7M
10. Purchase of office furniture	Bima Towers 9th floor	To provide a conducive work environment	Effective & efficient service delivery	Office furniture purchased	Sept – Dec	CEM/CO- TRADE	7M

3.2.2: Public Administration & International (Or Inter-Government) Relations

Executive Services

Capital Projects to be implemented during the plan period 2020/21

Project Name	Location/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start~ End)	Implementing Agencies	
Construction of Governor's residence.	Kisauni / Mwakirunge ward	To establish an official Governor's residence for efficiency in service delivered	Governor's residence constructed	Completion of the Construction of the House and furnishing in the next financial year	1 year July 2020-June 2021	County Government of Mombasa.	50,000,000
Construction of the Deputy Governor's residence	Mvita/ Tudor ward	To establish an official Deputy Governor's residence for efficiency in service delivered	Deputy Governors house constructed	Completion of the Construction of the House and furnishing in the next financial year	1 year July 2020-June 2021	County Government of Mombasa.	33,000,000
Construction of Sub County Court	Likoni/ Mjambere ward	To ensure legal service is easily accessible at the grassroots.	County Court constructed	Completion of the Construction of the County Court and furnishing in the next financial year	1 July 2020 –June 2021	County Government of Mombasa	30,000,000

- Mitigating adverse Cross-sector impacts: State mitigation measures that may be adopted
- 1. Weekly director meetings with staff.
- 2. Monthly Chief Officers and directors' meetings.
- 3. Establishing quarterly Chief Officers and directors' sectorial meetings.
- > County Public Service Board

Sector/ Sub-sector programs

3.2.1 Finance, Administration and Corporate affairs

Programme Name (As per the Programme Based Budget): Finance, Administration and Corporate affairs

Objective:

- 1. To Establish and abolish offices in the County Public Service
- 2. Appoint persons to hold or act in Public offices
- 3. Exercise disciplinary control
- 4. Promotion of values and principles of Public Service
- 5. Facilitate the development of coherent, integrated human resource planning

Outcome: Competent, Motivated and disciplined workforce

Sub	Key outputs	Key performance	Planned Targets	Achieved	Remarks*
Programme		indicators		Targets	

Customer satisfaction survey	 To determine the level of Customer Satisfaction to the following service attributes: Speed of service Quality of service Affordability Courteousness Information on services To identify critical gaps in the service delivery system and recommend interventions. Satisfaction with adherence to the commitments set out in the service charter. To determine the level of satisfaction with respect to Board's Complaints Management System. To determine the adequacy, relevance and access to information provided by the Board through its media platforms To determine an overall external customer satisfaction index. 	 Satisfied customers Data for informed decision making Good customer relations 	 Score on customer satisfaction index Customer retention rate Decline in customer complaints Service charter awareness 	1st March 2020 – 31st March 2020
Request management system	 Streamlining of request 2. Submission of request online Track status of request, take any necessary follow-up actions and give feedback Track the progress of the request and see who is currently working on it To improve service deliver 	 Satisfied customer No. of Request fulfilment High level & quality service to both our internal and external client's 	 Accountability and transparency in service delivery Adherence to the service charter Timely and Quality service delivery Spearheading the Boards corporate image Risk management Reduction in unnecessary workload 	1st March 2020 – 31st March 2020

E-Board Management System		and packs during board meetings	 Quick information sharing Less time spent on updates and more time on the action items 	 Digital storage of the documents used by the board paperless meetings Conduct Board & committee evaluations in real-time Track compliance levels across the organization saves time 	1st March 2020 – 31st March 2020
Record information system	3.4.5.	tracking during circulation. Improved security of our records by providing various access rights to staff. Fast records retrieval and circulation to action officer for timely decision making. Overall automation of all records management procedures. Customized disposal plan. Offshore records storage-cloud based storage.	A functional and user-friendly Electronic Records Management System.	1.Decline in delays for Action items 2. Ease retrieval of Information 3. Safety and Confidentiality of Information	July 2020~31st December 2020

3.2.1.1 Additional Sub-Sector program

Programme Name (As per the Programme Based Budget): Finance, Administration and Corporate affairs

Objective:

- 1. To Establish and abolish offices in the County Public Service
- 2. Appoint persons to hold or act in Public offices
- 3. Exercise disciplinary control
- 4. Promotion of values and principles of Public Service
- 5. Facilitate the development of coherent, integrated human resource planning

Outcome: Competent, Motivated and disciplined workforce

Sub Programme	Key outputs	Key performance	Planned Targets	Achieved	Remarks*
		indicators		Targets	

Acquisition of additional Bulk Filers	Safe storage of and controlled access to Records -Improve efficiency -Institutional memory	- Up to date, reliable and efficient safety of records	Safe guard integrity of Board process - Improved turnaround time between request and feedback.	1st July 2021
2.Acquisition of 14seater boardroom table	-To improve working environment	Safe working environment	Improved staff morale and motivation	1st July 2021
3.Construction of PSB Annex washroom to serve Annex Officers	-To improve working environment	Safe working environment	Improved staff morale and motivation	1st July 2021
4.Acquisition of 15 laptops and 7 iPads	Digitization of Human Resource - To improve service delivery	-Up to date, reliable staff data	-Ease of verification of Existing staff data - Monitoring and evaluation staff performance - Monitoring and evaluation of wage bill - Integrated human resource planning	1st July 2021
Acquisition of 40ft container for office use	-To cater for an increased workforce.	- Conducive environment	-Improved efficiency	1st July 2021

Human Resource Management and Development

Programme Name (As per the Programme Based Budget): Human Resource Management and Development

Objectives:

- 1. Establish and abolish offices in the County Public Service
- 2. Appoint persons to hold or act in Public offices
- 3. Exercise disciplinary control
- 4. Facilitate the development of coherent, integrated human resource planning
- 6. Advise the county government on implementation and monitoring of the national performance management system in the counties.

Outcome: Competent, Motivated and disciplined workforce

Sub Programme	Key outputs	Key performance indicators	Planned Targets	Achieved Targets	Remarks*
1.Human Resource Planning	a) Competent, efficient and motivated workforce.	1.Human Resource Planning	a) Competent, efficient and motivated workforce.	1.Human Resource Planning	a) Competent, efficient and motivated workforce.

2.Human Resource training and Development	-Number of officers trained -number of training program developed	-TNA Report -Training Projections -Number of intervention programs -Training impact assessment report -level of capacity increased in the CPSB	Conduct TNA -Develop Training projection -Implement other interventions programs. - Conduct training impact assessment survey -Conduct In- house Training	Conducted a two days inhouse training on work live balance, stress management and ADA.

3.3 Capital Projects

Provide a summary of the capital projects to be implemented during the plan period

3.3.1 Finance, Administration and Corporate Affairs

Project Name	Location/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start- End)	Implementing Agencies	Cost (Kshs
1. Research	CPSB Office	1. To determine the level of Customer Satisfaction to the following service attributes: • Speed of service • Quality of service • Quality of service • Affordability • Courteousness • Information on services 2. To identify critical gaps in the service delivery system and recommend interventions. 3. Satisfaction with adherence to the commitments set out in the service charter. 4. To determine the level of satisfaction with respect to Board's Complaints Management System. 5. To determine the adequacy, relevance and access to information	1. Satisfied customers 2. Data for informed decision making 3. Good customer relations	 Score on customer satisfaction index Customer retention rate Decline in customer complaints Service charter awareness 	1st March 2020 - 31st March 2020		3M

Project Name	Location/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start- End)	Implementing Agencies	Cost (Kshs
		provided by the Board through its media platforms 6. To determine an overall external customer satisfaction index.					
2.Request management system	CPSB Office	 To improve service deliver Streamlining of request Track status of request, take any necessary follow-up actions and give feedback Track the progress of the request and see who is currently working on it 	1. Accountabe ility and transpare ncy in service delivery 2. Adherence to the service charter 3. Timely and Quality service delivery 4. Spearheading the Boards corporate image 5. Risk management 6. Reduction in unnecessary workload	customer 2. No. of Request fulfilment 3. High level & quality service to both our internal and external client's	1st July 2021	CPSB	2M

Project Name	Location/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start- End)	Implementing Agencies	Cost (Kshs
3.E-Board Management System	CPSB Office	 to run Board/committee meeting effectively, without paperwork. to create an online board portal to easily share board packs, communicate with board members, keep and access board documents from a central place Projecting of minutes and packs during board meetings 	 Digital storage of the document s used by the board paperless meetings Conduct Board & committee evaluation s in real-time Track complianc e levels across the organizati on 	1. Quick information sharing 2. Less time spent on updates and more time on the action items		CPSB	2M
4.Record Information Management		1.Improved record tracking during circulation. 2.Improved security of our records by providing various access rights to staff. 3.Fast records retrieval and circulation to action officer for timely decision making. 4.Overall automation of all records management procedures. 5.Customized disposal plan. 6.Offshore records storage-cloud based storage. 7.Improved storage space for our records.		A functional and user-friendly Electronic Records Management System.		CPSB	2.5M

3.3.1.1 Additional Capital Projects

Project Name	Location/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start- End)	Implementing Agencies	Cost (Kshs)
1. Acquisition of additional Bulk Filers	CPSB Office	Safe storage of and controlled access to Records -Improve efficiency -Institutional memory	- Up to date, reliable and efficient safety of records	Safe guard integrity of Board process ~ Improved turnaround time between request and feedback.	1st July 2021	CPSB	Ksh.850
2.Acquisition of 14seater boardroom table	CPSB Office	-To improve working environment	Safe working environment	Improved staff morale and motivation	1 st July 2021	CPSB	1M
3.Construction of PSB Annex washroom to serve Annex Officers	CPSB Office	-To improve working environment	Safe working environment	Improved staff morale and motivation	1st July 2021	CPSB	1M
4.Acquisition of 15 laptops and 7 iPads	CPSB Office	Digitization of Human Resource - To improve service delivery	-Up to date, reliable staff data	-Ease of verification of Existing staff data - Monitoring and evaluation staff performance - Monitoring and evaluation of wage bill - Integrated human resource planning	1st July 2021	CPSB	1.9M
Acquisition of 40ft container for office use	CPSB Office	-To cater for an increased workforce.	- Conducive environment	-Improved efficiency	1st July 2021	CPSB	2.5M

3.3.2 Human Resource Management and Development

Project Name	Location/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start~ End)	Implementing Agencies	Cost (Kshs)
1. Acquisition of HRMIS	CPSB Office	- Digitization of Human Resource - To improve service delivery	-Up to date reliable staff data	-Ease of verification of Existing staff data - Monitoring and evaluation staff performance - Monitoring and evaluation of wage bill - Integrated human resource planning	1 st July 2021	CPSB	4.5M
2. Research a. Work design Phase 1	CPSB Office County departments	- To structure the individual jobs in a way that will improve organization efficiency/performance - To increase employee Job satisfaction - To enhance Staff motivation - Staff will have a deeper understanding of their key result areas - To enhance job-skill and capacity match	structures	, and the second	July 2020~ 31 st December 2021	CPSB	2M

3.3.3 Compliance and Quality Assurance

Project Name	Location/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start- End)	Implementi ng Agencies	Cost (Kshs)
1. Research	CPSB Office All wards	To assess level of Compliance with laws and policies and develop recommendati ons - To Promote Innovation - To encourage public participation in Government businesses.	ations for implementat ion Indicating	-Compliance with National and County laws and policies -Address challenges es	1st September 2021	CPSB	6m

Cross-sectoral Implementation Considerations

This section should provide measures to harness cross sector synergies and mitigate adverse cross-sectoral impacts of projects where necessary.

Harnessing Cross-sector synergies: Indicate what considerations that will be made in respect to harnessing cross-sector synergies arising from possible project impacts.

• Mitigating adverse Cross-sector impacts: State mitigation measures that may be adopted to avoid or manage potential adverse cross-sector impacts.

> Devolution and Public Service Administration

The Department of Devolution and Public Service Administration is expected to strengthen devolution and decentralization of public service delivery in the County in ensuring that the objects of devolution are achieved in the county. Development expenditure will go a long way in realizing devolution services in the county. It will also ensure that the citizen participate in the decision-making process of the development agenda of the county. An efficient feedback mechanism from the grass root will make this more attainable.

The department of Devolution and Public Service Administration will continue to streamline the Human Resource Function of the County towards a lean and efficient workforce.

The department is also planning to devolve services to the grassroots focusing on citizen participation and engagement, enforcement of county laws, providing security to county Assets.

These will be measured by the increase of productivity of its Human Resource, satisfaction levels of the clients and stakeholders, reduced incidences of theft and damage of county Assets, improved adherence to county Laws.

Sector/ Sub-sector name: Public Administration and International (or Inter-Governmental) Relations

Description of significant capital development

The department will undertake the construction of Service centres and ward offices for improved service delivery to mwanachi.

The department will also construct a training school at the inspectorate for regular trainings of our Enforcement staff as well as train other counties and outside clients as an income generation activity.

This facility will also enable the county save on its expenditure of hiring facilities for training the enforcement employees.

The department will install a Human Resource System that will enable it digitalize staff files and records for ease of retrieval and security of documents.

The department will renovate office spaces to improve the working environment of staff for increased productivity.

• Sector/sub-sector key stakeholders and the responsibilities

The departmental stake holders include:

- 1. Banks and Saccos
- 2. Lap Fund/ Lap trust
- 3. Civil societies
- 4. Professional Bodies~ IHRM
- 5. National Government Agencies and Commissions egThe Police Service, SRC
- 6. Workers Unions
- 7. The General public
- 8. Internal clients –the employees
- 9. Development Partners, Ahadi, GIZ ,Konrad Adenauer Stiftung
- 10. Media

Cross-sectoral Implementation Considerations:

To harness cross sector synergies and mitigate adverse cross-sectoral impacts of projects where necessary.

The department will cultivate a good working relationship with other sectors to enable achievement of the desired goals/ Targets

Harnessing Cross-sector synergies: Indicate what considerations that will be made in respect to harnessing cross-sector synergies arising from possible project impacts.

The department will use expertise of various departments' e.g functions of public works, Sanitation, lands and physical planning, to ensure standards are adhered to for overall success.

3.2.3: Health

Sector/ Sub-sector programmes

Programme Name: General Administration, Planning and Support Services including monitoring and Evaluation (As per the Programme Based Budget):

Objective: Improve service delivery Improve service delivery by planning to derive achievable targets and provide support services appropriately

Outcome:			
Sub Programme	Key outputs	Key performance indicators	Planned Targets
Leadership and Governance	Put in place strategic leadership and oversight policies	 4 management Board meetings at Coast General Hosp. 12 CHMT meetings 4 integrated support supervision 1 training for facility management committees 1 county stakeholders forum 	 Quarterly management Board meetings at Coast General Hospital Monthly CHMT meetings Quarterly integrated support supervision Training of facility management committees Hold 1 county stakeholders forum
Health Financing	Enhance revenue generation and strength transparency and accountability	 Increase revenue generation Strict adherence to procurement act of 2005 and regulation of 2006 Account for all expenditures incurred 	 Increase revenue from 392M, to 500M Reduce incidences of Audit queries
Health policy and planning	Provide a roadmap and guidelines to operationalize activities	 Enact of policies and law- Development of annual work plan Implementation of the annual work plan 	 Development of Annual Work plan by end of May of every financial year Mobilize resources to implement the annual work plan
Health Infrastructure	Improve Health infrastructure to enhance access to quality Health care Provide efficient support services to improve service delivery	 Improved infrastructure of various facilities Purchase equipment to enhance efficiency in the level 5 &4 facilities 	 Completion and equipment of 2 level 4 facilities Improve sewerage system at Maweni and Mvita H/C Rehabilitate the drainage for storm water at Magongo, Jomvu, Shikadabu Ziwa la Ngombe H/C Purchase plant and Equipment for level 5 and 4 Hospitals purchase 1 van for the CHMT Purchase of 3 double cabs for the sub county MOH
	ICT	- Improved diagnostic service	 Establish telemedicine services Establish tele-radiology services to link CGH with Portreitz, Likoni and Mlaleo

A summary of the capital projects to be implemented during the plan period 2020~ 2021

Project Name	Location/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start- End)	Implementing Agencies	Cost (Kshs)
Construction of 50 bed private wing and Doctors plaza at Coast General Teaching & Referral Hospital (CGTRH)	Mvita/Tononoka	Create inpatients for clients from the cooperate and Senior Civil Servants	Number of corporate clients and civil servants	Completion certificate	July 2018 – December 2018	PPP	200M
Rehabilitation of MAT Centre at Female Rehabilitation Center (CGTRH)	Mvita/Tononoka	To improve specialized services	improved infrastructure	Number of MAT cases	July 2020 – June 2021	National	30M
Construction of perimeter wall at Mvita Health Center and Kaderbouy Health Center	Mvita/Majengo/Old Town	Improve security at the facility	Reduce incidences of theft and trespass	No cases	July 2020 – June 2021	CGM/PPP	1.5M
Rehabilitation of sewerage and Drainage for storm water at Mvita Health Center	Mvita/Majengo	Eradicate stench emanating from the sewage system and the drainage for storm water	Fresh air, No stagnant surface water	Clean environment	July 2020 – June 2021	CGM/PPP	1.5 M
Drainage for storm water at Jomvu Model HC	Changamwe/Jomvu	Open up channels to drain storm water during storm water during the rainy season	Drainage channels	No stagnant water & floods in the facility	July 2020 – June 2021	Dept of infrastructure and public works/PPP	3 M
Roofing at Jomvu Model HC	Changamwe/Jomvu	improve infrastructure	infrastructure improved	new roofing done	July 2020 – June 2022	CGM/PPP	5 m
Construction of integrated maternity and NBU at Port Reitz Hosp.	Changamwe/Jomvu	Increase access to maternity services	Increase the number of people seeking maternity services	Number of Deliveries and CS / section	July 2020 – June 2021	MS ~ PPP (50%)	50M

Project Name	Location/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start~ End)	Implementing Agencies	Cost (Kshs)
Construction of Perimeter wall and Painting at Port Reitz SCH	Changamwe/Jomvu	improve security and work environment	Reduce incidences of theft and trespass	No cases	July 2020 – June 2021	CGM/PPP	5 M
Removal of asbestos and re-roofing at Port Reitz SCH	Changamwe/Jomvu	improve work environment	reduced exposure risks to asbestoses	new roofing done	July 2020 – June 2021	CGM	30 M
Construction of Accident and Emergency Unit at Port Reitz SCH	Changamwe/Jomvu	Improve access to emergency services	improved infrastructure	new accident and emergency unit	July 2020 – June 2021	CGM	5 M
Cabro works at Port Reitz SCH	Changamwe/Jomvu	improve work environment	improved environment	cabro in place	July 2020 – June 2021	CGM	5 M
Construction of Theatre at Chaani SCH	Changamwe/Jomvu	Increase access to quality of health care services	reduced referrals to CGTRH	number of C/s	July 2020 – June 2021	CGM	Conditional grant
Expansion of maternity and consultation rooms at Miritini CDF HC	Changamwe/Jomvu	Increase access to quality of health care services	reduced referrals to PRSCH	number of deliveries	July 2020 – June 2021	CGM	5 M
Construction of perimeter wall at Mikindani MCM Disp	Changamwe/Jomvu	improve security and work environment	Reduce incidences of theft and trespass	No cases	July 2020 – June 2021	CGM/PPP	3 M
Roofing for out- patient and maternity unit at Mikindani Disp	Changamwe/Jomvu	Improve infrastructure	improved infrastructure	new roofing done	July 2020 – June 2021	CGM	4.0m
Borehole drilling at Mikindani Disp	Changamwe/Jomvu	To ensure continuous availability of utility water	Borehole drilled	Drilled borehole	July 2020 – June 2022	CGM	3.2m

Project Name	Location/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start~ End)	Implementing Agencies	Cost (Kshs)
Rehabilitation of drainage system, plumbing works and incinerator at Mikindani Disp	Changamwe/Jomvu	To ensure functional drainage system and safe disposal of waste	Constructed drainage system and incinerator	Functional drainage system and constructed incinerator	July 2020 – June 2023	CGM	5.0m
Painting works at Mikindani Disp	Changamwe/Jomvu	To protect the wall from weather destruction	Prolonged building lifespan	Painted building	July 2020 – June 2021	CGM	2.2m
Demolish and Construction of model dispensary at Miritini MCM Disp with perimeter wall	Changamwe/Jomvu	To establish a comprehensive service delivery facility in the community	Increased service delivery uptake	Constructed Model facility	July 2020 – June 2023	CGM	6.0m
Replace asbestos roofing at Miritini MCM Disp	Changamwe/Jomvu	To reduce exposure to poisonous affluent from asbestos roof	Improved health status due to correct diagnosis	Replaced roofing material	July 2020 – June 2023	CGM	3.6m
Construction of perimeter wall at Miritini MCM Disp	Changamwe/Jomvu	To ensure safety of staff and provide privacy for clients	Reduced cases of burglary and increased service uptake	Constructed perimeter wall	July 2020 – June 2023	CGM	4.6m
Construction of perimeter wall at Jomvu Kuu Disp	Changamwe/Jomvu	To ensure safety of staff and provide privacy for clients	Reduced cases of burglary and increased service uptake	Constructed perimeter wall	July 2020 – June 2022	CGM/PPP	6.5m
Borehole drilling at Jomvu Kuu Disp	Changamwe/Jomvu	To ensure continuous availability of utility water	Borehole drilled	Drilled borehole	July 2020 – June 2021	CGM	3.4m
Construction of incinerator at Jomvu Kuu Disp	Changamwe/Jomvu	To ensure safe waste disposal of medical waste material	Incinerator constructed	Constructed incinerator	July 2020 – June 2021	CGM	0.9m

Project Name	Location/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start~ End)	Implementing Agencies	Cost (Kshs)
Completion of Shika Adabu S. C. Hospital	Likoni/Shika Adabu	Increase access of health care services to people of Likoni	Improve status of health of the people	Complete of the project	July 2020 – June 2021	Consultant ~ Dept. of infrastructure and Public Works	17m
Perimeter wall at Mtongwe S. C. Hospital	Likoni/Mtongwe	Improve security at the facility	Secured facility		July 2020 – June 2021	Dept. of infrastructure and Public Works	
Construction of Perimeter wall and Painting at Likoni SCH	Likoni	improve security and work environment	Reduce incidences of theft and trespass	No cases	July 2020 – June 2021	CGM/PPP	5 M

3.2.4: Social Protection, Culture & Recreation Sector

The department is composed of the following Sections:

- ✓ Youth Affairs
- ✓ Gender Affairs and Disability Mainstreaming
- ✓ Sports Development
- ✓ Cultural Affairs
- ✓ Public Entertainment

Strategic Objectives

- To empower the youth with livelihood skills;
- To harness the full potential of the county cultural heritage;
- To promote sports development in the county; and
- To support women and Persons with Disability (PWDs) with start-up kits; and
- Provide and maintain public entertainment and recreational facilities.

Description of significant capital development

The department constructed a new state of the art stadium in Changamwe Sub-County.

Table: Sector/Sub-sector programmes

Code	Key Output	s Key Performance Indicators	Targets		
P1: Administration, Plann	Training of Staff				
Sp1: Administration Serv					
Outcome: Efficient delive	ry of services and	customer satisfaction			
Delivery Units	Service Deli	iver

Mombasa County Music and Film Production Studio		To support performing artists in music and film production		Film & Music studio	2020~ 2021	CGM	20,000,000

Cross-sectoral Implementation Considerations

To harness cross sector synergies and mitigate adverse cross-sectoral impacts of projects where necessary.

The department will cultivate a good working relationship with other sectors to enable achievement of the desired goals/ Targets

Harnessing Cross-sector synergies: Indicate what considerations that will be made in respect to harnessing cross-sector synergies arising from possible project impacts.

The department will use expertise of various departments' e.g functions of public works, Sanitation, lands and physical planning, to ensure standards are adhered to for overall success.

Harnessing Cross-sector synergies:

Programe Name	Sector	Cross Sector Impact		Measures to Harness or Mitigate the Impact
		Synergies	Adverse Impact	
Youth Economic Empowerment	Youth Affairs	Tapping of youth talents; Involvement of youth in the creative industry; Involvement of youth in agribusiness; Skills development	High expectations from the Youth	Establish youth talent centers; Establishment of Community Cultural Centers; Funding and training in Agribusiness; Training in vocational and Technical institutions
Youth Talent development	Youth Affairs	Capacity building in culture and creative industries; Training in different sports disciplines; Develop curriculum	Inadequate funding	Training in vocational and Technical institutions
Youth Social Development	Youth Affairs	Prevention and creation awareness on alcohol and substance abuse; Rehabilitative and curative services for Alcohol and substance.	Inadequate funding	Provision of funds; Facilities and staff
Gender Social Economic Empowerment	Gender Affairs	Involvement of Women in the creative industry; - Involvement of Women in agribusiness; Skills development	Inadequate funding	Establishment of Community Cultural Centers; Funding and training in Agribusiness; Training in vocational and Technical institutions
Gender and Social Protection	Gender Affairs	Support for needy girls Support for the aged Support for the aged	Lack of adequate infrastructure	Coordination in identification and distribution of sanitary pads to the needy girls; Rehabilitation of the home for the aged (Alms House);

Programe Name	Sector	Cross Sector Impact		Measures to Harness or Mitigate the Impact
		Synergies	Adverse Impact	
		Rescue of the vulnerable persons		Medical camps and resident nurse; development of a rescue house
Promotion and Development of Sports	Sports Development	Provision of funds	Inadequate funding	Availability of funds for procurement of sports kits, equipment, league organization and training
Sports Facilities	Sports Development	Designing and construction	Inadequate funding	Preparation of BQs, tender documents and supervision of works
Promotion, Development and Preservation of Cultural Heritage	Cultural Heritage	Provision of market for cultural goods and services	Competition from low quality Chinese	Marketing of Mombasa as a tourist destination of choice; Organizing more open air market days
		Trade; open air markets; Participation of Youth; Participation of women	products	Encourage more youth and women to venture in preservation of cultural heritage
Historical and Cultural Sites	Cultural Heritage	Promote tourism; Facilitate youth and women employment	Reduced freedom for use of privately- owned monuments	Increasing branding and marketing of monuments; Increased community involvement; Increase collaboration with private monument owners; Heritage sites owners should not pay land rates-framework for compensation
Promotion and Development of Culture and Creative Arts	Public Recreation and Entertainment	Provision of market for cultural goods and services; open air markets; Participation of Youth; Participation of women	Inadequate funding	Marketing of Mombasa as a tourist destination of choice; Organizing more open air market days Encourage more youth and women to venture in Culture and creative arts
Promotion and Development of recreation and entertainment facilities	Public Recreation and Entertainment	Designing and construction	Unavailability of land	Preparation of BQs, tender documents and supervision of works
Empowered PWDs	PWDs	Trade licenses	Lack of policy	Waivers on licenses for PWDs
Affirmative Action	PWDs	Equity in employment; Building	Ignorance	Ensure employment of PWDs; To ensure County Buildings are PWDs compliant

3.2.5: Agriculture, Rural and Urban Development Sector

> Agriculture

The Crops sub department: has planned to undertake the following:

Administration, Planning and Support Services: The crops sub-department has planned the following

- The sub department plans to Capacity build 48 staff on promotional courses, short courses on agricultural technologies that will aid them in improved service delivery to farmers.
- Plan to capacity build 5000 stakeholders on value addition, agribusiness, urban & peri urban agricultural technologies, climate smart agricultural technologies, cross cutting issues, crop husbandry through Barraza's, on farm demonstrations, trainings, group visits, individual farm visits, farmers field days, seminars and workshops.
- Plan to recruit 45 technical staff so as to reduce the high workload for the existing staff and wider coverage of extension units that lack staff and for improved service delivery and efficiency.

Crop Production and Productivity: The crops sub department has planned the following in order to improve food security

- Increase the number of households accessing food within the county to 11,000. This will be achieved by training the households in various agricultural technologies using different extension methods.
- Help vulnerable farmers benefiting from input subsidy programme. The sub department targeted to issue 5000 farmers with certified maize seeds, assorted vegetable seeds & fertilizer for planting during the long rains season. The main objective is to improve food security and household incomes.
- Facilitate farmers to put 7 acres under vegetable production using micro irrigation for farmer groups in Likoni, Jomvu, Changamwe, Mvita, Nyali & Kisauni sub counties
- Plan to plough 400 acres of land for farmers using tractor. The county purchased 2 more tractors and accessories in the last financial year and this will be used in the current financial year to expand the acreages for crop production and ensure that land preparation is timely before the onset of the rains.
- Plan to rehabilitate 5 water pans in Mwakirunge, Mirironi & Dongo kundu for use in vegetable production under irrigation for farmer groups living around these waterpans.
- Plan to purchase 100,000 tree seedlings for planting within the county so as to mitigate environmental degradation.
- Plan to implement 3 climate smart agricultural technologies

Marketing and value addition: The crops sub department plans to undertake the following in order to increase income and create employment among the youth, women, people living with HIV/AIDs & people living with disabilities

- Plan to increase the percentage quantity of local produce accessing the retail market by 5%. This will be achieved through capacity building of farmers.
- Plan to enable groups' 40 women, people living with disabilities and youth to engage in value addition of agricultural for employment creation, in value addition of coconut, assorted fruits, amaranthus, groundnuts, root crops, wheat crops.
- Plan to ensure that the number of value added products accessing the market is 5. The sub department will train the groups on how to improve the quality of their value added products and get KEBS mark and hence access the super markets.
- Plan to increase the percentage in the farm household income 12%. With many groups undertaking value addition and accessing the market with their products this results in increase in farm household income.

- Plan to purchase 3 value addition equipment for groups
- Construction of an agribusiness, value addition center in Mwakirunge

The sub department of Livestock intends to;

• To capacity build 19 members of staff and 2000 stakeholders and recruit 4 officers.

Through our livestock extension we targeted to increase the percentage of households accessing food to 70%, household income by 20%, the quantities of animal produce and products by 12% and the produce accessing market to 70%. We also targeted to increase the number of value addition groups to 12 as well as the number of value added products by 20%. We targeted to issue 1000 farmers with subsidized inputs and increase the number of livestock breeds to 180,000.

• To construct one sale yard in Mwakirunge

The sub department of veterinary services intends to;

- Carry out animal disease, pest control and management by carrying three vaccination campaigns targeting to increase the animals vaccinated against trade and public health sensitive diseases and control of livestock pests to 80% (16000 animals) additionally, will increase the number of livestock slaughtered and inspected in licensed slaughter houses to 81.5% (400,000).
- One large stock Slaughter house will be in Likoni Sub-county and one poultry slaughter house rehabilitated in Mvita Sub County this will improve the quality of meat being consumed in the county and also will generate more revenue.
- The sub-department also envisages recruiting technical staff, capacity build staff and also capacity build animal health and animal welfare stakeholders

Key statistics:

- Area: 212.48 km²
- Agricultural land 129.1 km²
- Land under crop production 23.22 km² which is 18 % of the total agricultural land
- Urban area is 140.6 km²
- Population: 924,143 persons-2009 population census (1,300,000 persons 2015 projection)
- Total Population of Livestock in Mombasa County is 169,198(cattle, shoats camels, crocodiles and poultry)
- Irrigation potential: 13 km²
- Irrigated: 2 km² (15% of the total irrigation *potential*)
- Farm families: 24,200
- Staff: 75 technical staff & 36 Administration staff
- Staff: farmer ratio: 1:781
- There are 15 Beach Management Units with a membership of approximately 4, 500 people
- Fishermen use 1,500 motorised and non-motorised artisanal fishing vessels
- Fish catches ranges from 800,000 1,000,000 Kgs/yr

The strategic priorities of the sub-sector and sub-programs:

- Increase crop production and productivity through employment of better farming practices and protection of farming area.
- Promote Land management and development
- Increase market access for livestock products through marketing initiatives and establishment of processing and value addition facility.
- Increase livestock production through establishment of modern farming practices, provision of better inputs and favorable environment for the livestock
- Capacity build the sub sector to improve service delivery
- Improve co-operative governance and establish county cooperative legislation and policy framework for cooperative growth
- Increase cooperative penetration and deepening.
- Improve economic well-being of the county and promote cooperative marketing and value addition
- Increase fish production and productivity through provision of modern fishing gears
- Capacity building of Beach Management Units and fish farming groups on marketing and value addition techniques/technologies

Description of significant capital development

• Crops sub department

- **-Farm inputs subsidy programme**: Certified inputs play a greater role in increasing agricultural production geared toward the attainment of sustainable development goals 1. (No Poverty), goal 2. (Zero Hunger) and, goal 3. (Good Health and Well-being) of citizens. This project will be rolled in 30 wards within the 6 sub counties. The overall objective is to ensure food security for the residents of Mombasa County and have surplus to the market
- -Construction of an agricultural & marine training & incubation Centre: The center will be constructed in Mwakirunge & it will assist build the capacity of the staff and the community to improve their food security by adopting appropriate technological innovations, sustainable land and environmental management and rehabilitation and use of natural resources
- -Promotion of micro irrigation: In response to Climate Change challenges and through innovative technologies and practices the Crop management unit Mombasa County is intending to initiate the climate smart agricultural technologies (use of drip kits and shade nets) in an attempt to adapt agricultural activities to changing climate conditions and to ensure a stable and improving food supply in the field with additional mitigation benefits
- **-Water harvesting for crop production:** The change in rainfall patterns has resulted in erratic & unevenly distributed rainfall leading to floods & at times drought. These 2 extremes affect crop production adversely in the county. The crop management sub sector intends to mitigate these effects by rehabilitating existing water pans which can then be used for vegetable production under irrigation.
- -Promote cottage industries: Value addition is one of the most important components of food and nutrition security in Mombasa County. Value addition involves the conversion or transformation of our primary commodities into intermediate or finished goods for maximum benefit of derived value. Mombasa County is endowed with the largest whole sale fresh produce market in the East and Central Africa region. "The Kongowea Market". Sometimes surplus supply of agricultural produce ends up in this market which is in the "heart" of Mombasa city is the real cause of lower price of produce in the market. Value addition of primary agricultural commodities through the process of manufacturing or

agro processing will increase the value of agricultural commodities thus also increasing their economic value & increase household incomes for youth, women & disabled groups. This project will be rolled in 6 sub counties

- **-Agricultural machinery:** These are value addition equipment. Value addition increases the shelf life of a product and at the same time increases the value or the income from the same product and creates employment
- **-Purchase of furniture: To** make working environment more comfortable
- -Purchase of motor vehicle and motor cycle
 - Sub department Livestock
- -Sale yards: The sale yard will enhance marketing of livestock and livestock products help farmers access the market and at the same time generate revenue for the county. Develop a marketing infrastructure. There is no sale yard in the County. Hence animals are sold by the road reserves. Purchase of breeding stocks to improve the breeds as the county does not offer Artificial Insemination. This will improve productivity and production hence increase income for the households.
- **-Promotion of Dairy goats: Mombasa** County being an urban county, with farmers having small land sizes which cannot sustain cattle. Farmers are being given breeding stock to improve the production and productivity. There is no Artificial Insemination done by the County. Dairy goat production will improve the food security to the households and farmers will be able to get income from milk. Cottages industries can be established later for value addition and hence create employment.
- **-Promotion of indigenous Poultry and Rabbit production:** Poultry and rabbits are small animals and can be reared in Urban as well as in the Peri urban areas. Mombasa has a problem of agricultural land, the department is promoting the Urban and peri urban Agriculture and these livestock are best suited. Promotion of these enterprises will lead to improving the food security and income for the households. Also value addition can be done in both poultry and rabbits and cottages industries can be established hence creating employment.
- -Purchase of motor bikes: To improve efficiency in dissemination of Livestock extension services.
 - Sub department veterinary

The Sub-Department will construct one slaughter slab for large stock in Likoni Sub County and rehabilitation of Majengo poultry slaughter slab. This will improve the quality of meat being consumed in the County and also will generate more revenue

• Sub department cooperatives

-Develop a business information Centre

• Sub department of Fisheries

- Procurement of modern fishing boats and fishing gears: This will increase fish production leading to improved food security and nutrition. This will also improve incomes to the fisher folk leading to improved livelihoods.
- Promotion of fish farming: The sub department is planning to promote aquaculture and mariculture in the county inorder to reduce over-reliance of capture fisheries for source of food and income.

- Renovation of fisheries office block, installation of air conditioners and ICT equipment as a way to make the office a suitable environment for work. This will in turn improve work efficiency and quality as staff will be motivated.
- Purchase of motor cycle will also improve extension service hence service delivery to our customers will be easy and fast.
- Fish farming promotion (aquaculture, cage farming);
- Common user cold storage;
- Establishment of fish landing sites;
- Establishment of fish ports;
- Establishment of fish auction market

Sector/sub-sector key stakeholders and the responsibilities

Stakeholder Name	Responsibility
Research Institutions	Crop, livestock and Fisheries research
Institutions of higher learning	Staff training and induction
Farmers/CBOs	Community development and empowerment
Non-Governmental Organizations (NGOs)	Policy Advocacy
Development partners	Support development projects
Pest Control Products Board	Regulation and advisory
Kenya Plant Health Inspectorate Service (KePHIS)	Regulatory
National Environmental Management Authority (NEMA	Safeguard environment
KALRO Naivasha	Researches in livestock
Mombasa Kuku Kienyeji development Cooperative	Cooperative helps in marketing poultry and poultry products
(Value Chain Actors) Meat, Milk, Hides and Skins ,Livestock	Production and marketing of various animal and animal
traders	products
Department of lands	Issue title deeds and develop policies on lands issues and planning
Department of finance	Provides the finances to implement projects
Department of trade	Develop markets for livestock produce and products
Action AID	Capacity build value chain actors and also advocacy.
KENAFF	Voice of the farmer.
Catholic Church	Buys subsidies for farmers
Financial institutions	Loaning facilities
Ministry of Agriculture Livestock, Fisheries and irrigation.	Development of national policy and capacity building
Department of Health	Collaboration in prevention and control of zoonotic diseases

Regional Veterinary Investigation Laboratory	Disease surveillance and investigation
Kenya Veterinary Vaccines Production Institute	Suppliers of animal vaccines
Kenya Veterinary Board	Regulation of Veterinary Profession
Kenya Dairy Board	Regulation of the Dairy industry
Kenya Veterinary Association/Kenya Veterinary Paraprofessionals Association (KVPA)/ Kenya Association of Livestock Technicians (KALT)	Advocates for welfare of the veterinary professionals
Kenya Society for Protection & Care of Animals (KSPCA)	Advocates for animal welfare
Veterinary Pharmaceutical Companies	distributes veterinary drugs
Hatcheries And Day old chick suppliers	Hatches and distributes day old chicks
Animal feed manufacturers	Supplies animal feeds
Agrovets	Sells animal inputs
World vision	Capacity builds farmers on human rights and advocacy issues
Haller foundation	Capacity building of farmers
Mombasa county cooperative committee	Organize cooperative

Programme Name: Cooperative Develo	nment (Administration I	Janning and Support Services)	
11031atitute Martie. Cooperative Develo	opineni (Administration, I	ramming and support services)	
Objective: Improved access to co-ope			
		ce delivery in cooperative developmen	
Sub Programme	Key outputs	Key performance indicators	Planned Targets
Build staff capacity	Enhanced efficiency	Number of staff capacity build	18
	and effectiveness in		
	service delivery		
Build stakeholders and institutions	Enhanced awareness	Number of stakeholders and	3000
capacity	by stakeholders on	institutions capacity build	
	cooperative issues		
Recruit technical staff	Enhanced HR capacity	Number of technical staff recruited	5
	in the directorate		
Programme Name: Cooperative Develo	opment (Cooperative Mar	keting and value addition)	

Objective:	1 1111		
Outcome: Improved livelihood for the Sub Programme	e households through inco	me generation activities Key performance indicators	Planned Targets
Sub Frogramme	Rey outputs	Rey performance indicators	Flanned Targets
Marketing of Jua Kali products through a cooperative society	New jobs created and increase in number of women and youth engaged in income generating activities	Increased income for women and youth	
Introduce weekly market concept	Increased income for the players	Improved livelihood	
Training & capacity building on products improvement	Increase in value of the products and access to retail market	Increase in products trading in the market	
Encourage cottage industries and strengthen value chain development	Improved livelihoods	Increased incomes	
Training programs for SME entrepreneurs to promote business and savings	Increase the number of entrepreneurs with a high business acumen	Number of new business started	
Organizing annual fair to showcase the Jua Kali products at county and national level	Enhance the profile of Jua kali products	Increase in revenues generated from Jua kali products	
Programme Name: LIVESTOCK PRODU	UCTION		
Objective: To improve productivity of	Livestock and livestock pr	roduce through effective extension serv	ices
Outcome: Improved household food se			
Sub Programme	Key outputs	Key performance indicators	Planned Targets
Administration, Planning and	Staff trained	Number of staff capacity build,	19
Support Services		Number of livestock stakeholders	1000
		capacity build,	1000
		Number of technical staff recruited,	14
Livestock Production and Management	Increased number of improved Livestock breeds and	Percentage of households accessing food	70%
	breeds and productivity	Number of farmers issued with subsidized inputs	1000
		Increase in the number of livestock breeds	180,000
Livestock Products Value addition and Marketing	improved livestock Productivity	Percentage increase in quantity of local produce accessing the retail market	70%
		Number of groups engaged in value addition for employment creation	12
		Percentage Increase in the number of value added products accessing the market	20%
	1		

Outcome: Increased fish pro	duction, quality assurance, market		
Sub Programme	Key outputs	Key performance indicators	Planned Targets
Administration, Planning and Support Services	Staff trained	Number of staff trained	18
		Number of stakeholders and institutions capacity build	1000
		Number of technical staff recruited	26
Fish production and productivity	An agricultural and marine training and incubation Centre established	An agricultural and marine training and incubation Centre established	1
	A commercial fishing port constructed	No. of commercial fishing ports constructed	1
	Deep sea vessels and fishing gears procured	Deep sea vessels and fishing gears	1
	protected breeding areas and landing sites	Number of protected breeding areas and landing sites	20
Fish quality assurance, Marketing and value addition	Regular Monitoring, Control and Surveillance conducted	No of Monitoring, Control and Surveillance (Land and Sea Patrols)	4
	A fish market with storage facilities constructed	Fish market with storage facilities	1

The development needs & priorities strategies to address the needs include:

S/No	Development needs	Priority strategies to address the needs
1.	Crop production & productivity for food security	Purchase of certified crop inputs for farmers
2.	Micro irrigation for food security	Rehabilitation of water pans & purchase of irrigation equipment for farmer groups
3.	Agribusiness & value addition for improved farm incomes	Purchase of value addition equipment for groups Construction of an agricultural & marine training & incubation centre
4.	Livestock production & productivity for food security	Purchase of breeding stock and incubators,
5.	Low fish production	Development of a county fisheries policy to guide investment and development of the sector Procurement of fishing vessels and gears Protecting breeding areas

A summary of the capital projects to be implemented during the plan period

Project Name	Location/ Ward	V	•	Performance Indicators	Time Frame (Start- End)	Implementing Agencies	Cost (Kshs)
Farm Inputs subsidy programme	Kisauni, Likoni, Jomvu, Changamwe, Mvita & Nyali sub counties	Improve infrastructure, productivity and outputs		Number of farmers issued with subsidized inputs		County Government	4.8M
Promotion of micro irrigation	Kisauni, Likoni, Mvita and Jomvu Sub counties	Improve productivity	7 acres put under production through micro irrigation.	Acres of land opened up for vegetable crop farming	2020- 21	County Government	1.5M
Water harvesting for crop production	Mwakirunge, Marimani, Dongo kundu, Jomvu kuu	To open up more land under irrigation to improve crop production and productivity	More agricultural produce from the county in the market	-Number of water pans rehabilitated -Number of farms under irrigation -Acres of land under irrigation around water pans	2020-21	County Government	24,077,476
Farm Inputs subsidy programme	Kisauni, Likoni, Jomvu, Changamwe, Mvita & Nyali sub counties	infrastructure, productivity		Number of farmers issued with subsidized inputs		County Government	5M
strengthen value chain development	Changamwe, Kisauni, Likoni, Jomvu sub counties	value addition of agricultural	Improved livelihoods of the household in the county	engaged in value additions for employment creation -Number of value added products accessing the market -Number of value addition equipment bought for groups	21	County Government of Mombasa Department of Agriculture	2.4M
strengthen value chain development	Changamwe, Kisauni, Likoni, Jomvu subcounties	value addition of agricultural produce	Improved livelihoods of the household in the county	-Number of groups women and youth engaged in value additions for employment creation -Number of value added products accessing the market -Number of value addition equipment bought for groups	21	Mombasa Department of Agriculture	
Sale yard	Mwakirunge	marketing of			2020- 21	County Government of Mombasa Department of Agriculture, Livestock,	20M

Project Name	Location/ Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start- End)	Implementing Agencies	Cost (Kshs)
		the county and to help farmers access the market		Number of livestock sold		Fisheries & Cooperative and partners	
Dairy goats project	All wards in likoni, changamwe, jomvu, Kisauni and Nyali subcounties	livestock productivity	households	Percentage Increase in the household income Increase in number of dairy goats	2020- 21	County Government of Mombasa Department of Agriculture, Livestock, Fisheries & Cooperative and partners	2.5M
Poultry project	All wards in the County	To improve livestock productivity in the county	households	Percentage Increase in the household income Increase in number of poultry	21	County Government of Mombasa Department of Agriculture, Livestock, Fisheries & Cooperative and partners	1M
Rabbit project	All wards in the County	To improve livestock productivity in the county	households	Percentage Increase in the household income Increase in number of rabbits	21	County Government of Mombasa Department of Agriculture,Livestock, Fisheries & Cooperative and partners	1M
Agricultural machinery	All wards in the County	To improve livestock productivity and value added products in the county	Increase in value added products	Number of equipment in place	2020- 21	County Government of Mombasa Department of Agriculture, Livestock, Fisheries & Cooperative and partners	1M
Disease and Pest control and management		diseases and	healthy,high productive Animals and safe animal products	No of animals vaccinated	2020- 21	DALFC	7,000,000
Construct County abattoirs/ slaughter houses	Kisauni		livestock products for consumption		2020- 21	DALFC	20,,000,000
Rehabilitate Majengo Poultry Slaughter Slab	Mvita		livestock products for consumption		2020- 21	DALFC	9,000,000

Project Name	Location/ Ward	·	Output/ Outcome	Performance Indicators	Frame (Start~ End)	Implementing Agencies	Cost (Kshs)
Purchase of backup generator for vaccine preservation	Uhuru na kazi and Kisauni	To improve service delivery efficiency	Healthy,productive and safe animal products		2020-	DALFC	600,000
Establish a Veterinary Laboratory	Nyali	To effectively and economically manage diseases	Quick diagnosis and management of diseases			DALFC	10M
Leather cottage industries established	Kisauni and Mvita		Increased income for leather value hain actors		2020~ 21	DALFC	10M
Develop Business Information Centre	County	Facilitate flow of information for better market decisions		Number of people receiving services from the center			50M
Purchase of fishing boats	County wide	Increase capture fish production	Increased catches and incomes	Number of boats purchased	2020~ 21	County Government	120 M
Construction of a 100 tonnes Multi-user Cold Store	Mvita	Reduce post- harvest losses through better handling and improved roads and storage facilities	Increased Revenue collection	Percentage increase in revenue collected	2020- 21	County Government of Mombasa and Jumuiya ya Kaunti za Pwani	80 M
Construction of a modern fish bandas including a meeting hall at Landing sites	All sub counties	Improve Mombasa county landing beaches' quality standards	Improved quality of landed fish leading to good fish prices hence increased incomes	Percent decrease in fish brokers and percent increase in fish prices at landing sites	2020-	County Government of Mombasa and partners	12 M
Identification and facilitation in pond construction for fish farming (mariculture	Kisauni, Likoni and Jomvu	Promotion of Aquaculture for increased fish production	fisheries supply for	Percentage increase in the volume of fish from inland sources, no of youth and women actively engaged in IGA	21	Mombasa and partners	6 M
Construction of a modern fish market equipped with adequate cold chain facilities.		Centralized fish market for better prices	Increase in income generated from fish	Improved market for fish and fishery products	2020- 21	County Government of Mombasa and partners	20 M
Acquisition, rehabilitation and improvement of the landing sites	44 landing sites	Establishment of designated landing sites for development	Designated and improved landing sites with title deeds	Number of designated, improved and titled landing sites	2020- 21	County Government of Mombasa Kenya Ports Authority and development partners	10 M

Cross-Sectoral Implementation Considerations in Crops sub department

Program Name	SECTOR	Cross- sector Impact	Measures to harness or Mitigate the impact	
		Synergies	Adverse impact	
Crop Development	ARUD	Improved health and nutrition	Negative health effects of pesticide use Activities can create breeding sites for vectors	security and nutrition
	ARUD	Environmental Protection, Water And Natural Resources • Promotion of green city	Negative environmental impact from pesticide use and production of agricultural waste Competing use of portable water	 Promote urban and peri urban agriculture and 10% farm forest policy Training on GAP (good agricultural practices) Promote water harvesting and conservation technologies
	ARUD	Social Protection, Culture And Recreation • Alleviation of poverty and social protection	Creation of dependency syndrome	 Participatory approach to program planning and implementation Implementation of agricultural based social protection programs
	ARUD	General Economic, And Commercial Affairs; Income generation and creation of employment	Increased Rural urban migration Increase in budgetary allocation required by the department	industriesDiversification of enterprises
	ARUD	Education Improvement of child health increasing retention of pupils	Child labor in farms	 Increase production to promote food security and nutrition Discourage use of child labour in agriculture through sensitization
	ARUD	Energy, Infrastructure And Ict Improvement and maintenance of farm roads	Fragmentation of agricultural land	
	ARUD	Public Administration & International (Or Inter-Government) Relations; Enhanced Staff development Creation of a conducive working environment	Overlapping departmental and/or intergovernmental functions Inefficient service delivery	
Veterinary Services	ARUD	Health Improved health and nutrition to households in Mombasa county	Negative health effects from misuse of animal drugs Activities can create breeding sites for vectors Negative health from animal diseases(zoonotic diseases) Negative health due to low production of foods of animal origin	welfare
	ARUD	Environmental Protection, Water And Natural Resources Contribution to waste management	Environmental degradation due to overstocking Negative environmental impact from pesticides and	production

		Planting of fodder trees which protects water and natural resources		 Training on modern integrated livestock production practices Promote Water harvesting and conservation technologies
	ARUD	Social Protection, Culture And Recreation • Alleviation of poverty and social protection	 Perceived as a poor man's job Slow returns to investment 	 Participatory approach to program planning and implementation Implementation of livestock based social protection programs
	ARUD	General Economic, And Commercial Affairs; Income generation and creation of employment Revenue generation	Increased Peri urban to urban migration	 Promote Livestock based value addition and cottage industries in the peri urban parts of the County Diversification of Livestock enterprises
	ARUD	Improvement of child health increasing retention of pupils in schools Use of schools to promote livestock production	Child labor in farms	 Increase production to promote food security and nutrition Discourage use of child labor in livestock through sensitization and surveillance
	ARUD	 Energy, Infrastructure and ICT Improvement and maintenance of farm roads Contribution on alternative sources of energy (Biogas) 	Increase in cost of infrastructure development due to fragmentation of agricultural land	management
	ARUD	Public Administration & International (Or Inter-Government) Relations; Livestock subsector capacity development Creation of a conducive working environment	Overlapping intergovernmental functions Inefficient service delivery	 Staff development plans Development of policies and bills
Cooperative Development	ARUD	Improve the value of property through value addition and land development (Housing Cooperatives) Potential to raise infrastructure bonds through cooperative engagement	Strain existing infrastructure due to increased population Potential source of conflict from sharing of resources	 Need for adequate legislation and policy, Need for collaboration and stakeholders engagement in development
	ARUD	 General Economic, and Commercial Affairs Alleviation of poverty through creation of new employment, Access to markets, Increase value of products through value additions 	Increased taxation and licensing by the county government	Concessions from the county government on infant cooperatives and industries
	ARUD	Environmental Protection, Water and Natural Resources		Involve cooperatives in the implementation of the 17 SDGs

		Cooperatives participate in		
		sustainable development goal No. 13 on climate action.		
	ARUD	Health		
		Improve household livelihoods Access to medical services		
		and insurance facilities Improved housing		
	40770	conditions and Hygiene		
	ARUD	Public Administration & International (or inter-government) Relations	Poor involvement of cooperative staff in the county affairs	Constant energumen and review of progress
		Enhanced Staff developmentCreation of a conducive working environment	Poor definition of roles	
	ARUD	Social Protection, Culture and Recreation	Can contribute to family dispute by shifting power base from male domination to fair	Need for civic and family training
		Contributing to youth and women empowerment through creation of income generating activities for women and youth	distribution	
		Involvement of women and youth in decision making		
	ARUD	Provide resources for education through school fees loans, improved living standards Increase sensitizations on the need for education		Need for more partnership with the county on the education-biased program to increase their impact. Cooperatives can manage an education revolving fund jointly established by the cooperatives and the county government
Fisheries development	ARUD	General Economic, And Commercial Affairs; Increase in trade and industry Income generation and creation of employment Revenue generation Income generation and creation of employment		 Construction of a fish port and market Promote value addition and cottage industries Diversification of enterprises Promote value addition and cottage industries Diversification of enterprises Promote sport fishing and ornamental fish production Resource mobilization from partners and PPP
	ARUD	Improved health and nutrition	Negative health effects from poor fish handling	 Increase production to promote food security and nutrition Training on post-harvest handling and preservation and increase surveillance Construct post-harvest handling and quality assurance facilities
	ARUD	Environmental Protection, Water And Natural Resources Protection of the marine ecosystem	 Negative environmental impact from depletion of rare and endangered fish species Environmental destruction from fishing activities 	

		•	Competing water usage		
ARUD	Social Protection, Culture And Recreation • Alleviation of poverty and social protection	•	Creation of dependency syndrome	•	Participatory approach to programme planning and implementation Implementation of fisheries based social protection programmes
ARUD	Improvement and maintenance of fisheries infrastructure	•	Destruction of the marine ecosystem	•	Mobilize fisher folk to provide for access roads and land for fisheries infrastructure Policy on fisheries management
ARUD	Public Administration & International (Or Inter-Government) Relations; Enhanced Staff development Creation of a conducive working environment	•	Overlapping departmental and/or intergovernmental functions Inefficient service delivery		Staff development plans Development of policies and bills

3.2.6: Environmental Protection, Water & Natural Resources

Programme 1: General Administr	ration Planning & Sunnart Se	mices	
110gramme 1. General Administr	ration, Harming & Support Sc	ivices	
Objective: To improve workplace	Environment HR-Canacities	and service delivery	
objective. To improve workplace	Livironment, Tik-Capacities	and service derivery	
Outcome: Effective service delive	ry		
Sub Programme	Key outputs	Key performance indicators	Planned Targets
Work Environment Place improvement.	Improved work place environment	No. of office block refurbished.	1 No. office block.
		No. of office block Constructed	1 No. office block.
Capacity Building	Improved service delivery.	No. of staff trained.	10 staff
Managerial and operational systems improvement	Improved service delivery.	No. of Office Equipment's purchased	Assorted
Programme 2: Sanitation and Sev	werage Services.		
Objective: To improve sanitation	/sewerage systems, coverage,	Access, Hygiene and Service deliver	у
Outcome: Improved coverage/st	atus of Sewer Network and Pu	ıblic Sanitation facilities.	
Sub Programme	Key outputs	Key performance indicators	Planned Targets
Sewer systems improvement	Sewer lines	Km of pipeline rehabilitated	■ 5km
r	rehabilitated.	No. of Chambers	
	100 manholes	Rehabilitated.	■ 100 No

Sub Programme Climate Change mitigation	- Greening - Create awareness - enforcement	Key performance indicators - Reduction in open burning - Increased Carbon sinks	-100,000 trees	Achieved Targets	Remarks*			

3.3 Capital Projects

Provide a summary of the capital projects to be implemented during the plan period

Project Name	Location/Ward	Objective	Output/ Outcome	Performance Indicators	Time Frame (Start- End)	Implementing Agencies	Cost (Kshs)
Purchase of plant equipment Waste Management	All	Efficient waste management from transfer point to the dumpsite	Efficient transfer of garbage to Mwakirunge Dumpsite	No. of Machinery, Equipment Purchased No. of Garbage collection Trips made daily	2020-21	Doewe	220,000,000
Decommissioning of Kibarani Dumpsite	Changamwe	Ecological restoration and development of Kibarani	Reclamation practices Establishment of a park	-No of Tree planted at the dumpsite	2020~21	Doewe	100,000,000 (Phase two)
Fencing of Mwakirunge dumpsite	Mwakirunge	contain waste and control dumping and burning	Controlled waste	No. of Fencing posts required No of fencing wire rolls required	2020-21	Doewe	100,000,000 (Phase two)
Development of an engineered landfill	Mwakirunge	Sanitary disposal of waste	Proper waste disposal	-No of landfills generated -Amount unit of waste disposed in the landfill	2020-21	Doewe	200,000,000 (Phase two)

3.2.7: Education Sector

Introduction

The Education sector endeavors to promote social development by establishing safer cities for the children of Mombasa County, transforming the human capital and educating the present and future workforce in an effort to compete in an ever-evolving knowledge economy.

Vision

A premier educational service provider known for quality teaching, learning, care and research

Mission

To develop and promote county children's and youth's fullest potential to become competent, responsible and productive citizens in all spheres of life by offering quality educational related services for sustainable socio-economic development process.

Strategic Objectives

The strategic objectives for the sector are:

- i. To improve the transition rate from home to ECDE, from ECDE to Basic Education, from Basic Education to Tertiary and from Tertiary into the global economy over the next 5 years;
- ii. To restore the role of the parents as the primary stakeholders in education and child care in partnership with children, teachers and care givers;
- iii. To improve the quality of care for every child by raising the standard of education qualification, skill, attitudes and values in teaching and learning across all levels and sectors of education over the next 5 years;
- iv. To increase financial, technical and human resource by 55% annually;
- v. A multi-sector approach to dignified care and safety for children over the next 5 years; and
- vi. To improve exposure and access to information in order to inspire transformation, create international thinking and establish global networking opportunities over the next 5 years for every child.

Sector Development Needs, Priorities and Strategies:

Economic growth in a knowledge and technical economy is dependent on raising education standards, increasing the number of college graduates, and improving workforce skills. The Sector has prioritized quality learning and teaching that facilitates lifelong learning and an education curriculum tied to workforce and the economy's needs.

To reduce drop-out rate, address underperforming schools, improve achievement rate, the Sector intended to use technology to offer more flexible learning environments within the county.

Education Sector development needs and the priorities strategies

Development	Causes	Development	Immediate Objective	Strategies
Issue		Objectives		
Early Childhood	Development			
at Early Childhood Development (ECD) level	accessibility to schools due	enrolment and retention at ECD level		Formulation and implementation of school health feeding program in all ECDCs Capacity building of Senior Management Committees (SMCs); Separate and independent management of ECDEs and primary schools.

Development Issue	Causes	Development Objectives	Immediate Objective	Strategies
	infrastructure, training materials and equipment			Work with development partners to improve roads/phone networks Construct/rehabilitate and equip ECDE Centres
Inadequate Human Resource for ECD Centres	Understaffing of ECD centres	Increase ECD staffing levels	Employ and retain ECD teachers	Develop ECD schemes of service; Employ qualified ECDEs teachers and care givers; Enhance remuneration ECD teachers for teachers; Training of ECD teachers
	Technical Training	1= 2	- · ·	
vocational training (Low Enrollment)	High cost of training Negative attitude and ignorance towards Vocational Training Lack of up to date & market-oriented tools, equipment and training materials Mismatch between available courses offered and community expectations	Enhance uptake of vocational training	of VTCs and their importance/benefits To deliver quality training Equip VTCs with modern and market-oriented resources Offer short courses that address community development needs	Conduct intensive Public sensitization on the benefits of Vocational training through newspapers, radios, tvs, social media, barazas, seminars etc so as to change the attitude; Provide modern and market-oriented tools, equipment, books, training materials, buildings Reintroduce courses addressing community needs
Inadequate VTCs infrastructure and support services (Library Services)	Ineffective curriculum delivery in VTCs; Understaffing Dilapidated and inadequate infrastructure		Review VTCs curriculum; Improve infrastructure; Employ and retain VTCs teachers; Develop/rehabilitation requisite infrastructure	Training of instructors to on the reviewed curriculum; Employ qualified VTC instructors; Refresher courses for VTC instructors; Increase motivation for VTC instructors through incentives; Construction/rehabilitation of VTC infrastructure Providing phone network connectivity, roads; Partnership with CDF libraries to reach a wider audience Partnerships with content providers to provide vibrant and interesting content to our libraries to attract a greater audience Find hardware providers to donate hardware to digitize our content in the Maktaba centres
Homecraft Centr	res			
Underdeveloped Home Craft Industry	No policy for Home Craft Centres (HCC); No effective marketing strategy for HCC products/services Inadequate funding	Develop Home Craft Industry	HCCs	Market HCC products/ services; Develop a policy for Home craft Centres Sensitize the public on the existence/ benefits of HCCs; Provide adequate infrastructure and equipment; Create partnerships for further funding

Education Sector Programmes

Outcome	Outcome/Key output indicators	Planned	
		Targets	
Outcome 1: Enhanced access to ECDE	NER	5	
	Total:		
	Boys		
	Girls		
	Teacher: Pupil ratio	1:35	
Output 1.1: ECDE Centres Constructed	No. of ECDE Centres Constructed	1	
Output 1.2: renovated/refurbished ECDE Centres	No. of ECDE Centres renovated/refurbished	12	
Output 1.3: Furnished ECDE centres	No of ECDE centres furnished	18	
Output 1.4: ECDEs on feeding program	Percentage of public ECDEs benefiting from feeding program	100	
Output 1.5: ECDE with teaching& learning materials	Percentage of public ECDE centres supplied with teaching & learning materials	100	
Output 1.6: ECDE scheme of service developed	ECDE scheme of service developed	1	
Outcome 2: Enhanced access to vocational training	NER Total: Male Female	5	
	Teacher: Student ratio	1:35	
Output 2.1: Vocational training centres (VTCs) established	No. of vocational training centres constructed/established	3	
Output 2.2: VTCs renovated	No. of vocational training centres renovated	3	
Output 2.2: VTCs furnished	No. of vocational training centres furnished	2	
Output 2.3: VTCs supplied with instructional materials and equipment	equipment	2	
Outcome 3: Improved literacy and reading culture through library facilities	No. of libraries/resource centers operational	18	
Output 3.1: Maktaba centres content digitized	No. of Maktaba centres content digitized	~	
Output 3.2: mobile book facilities established	No. of mobile book facilities	~	
Outcome 4: Improved retention, transition and completion rate through bursaries and scholarship	No. of students benefiting from bursaries and scholarship under the 'Elimu Fund'	60,000	
Output 4.1: Polytechnic students under sponsorship	No. of polytechnic students under sponsorship (<i>'Tukuza Vipawa'</i> programme)	5000	

Outcome	Outcome/Key output indicators	Planned Targets
Outcome 5: Improved multi-sector approach to dignified care and safety for children	Child rescue Centres/ homes established	2
Output 5.1: Child care facilities licensed	Proportion of child care facilities licensed	100
Output 5.2: child care facilities assessed	No. of assessments in child care facilities	4
Output 5.3: Care givers trained	No. of trainings done	2
Output 5.4: School buses for children with special needs	No. of school buses for children with special needs acquired	2
Output 5.5: Sensitized community	No. of community sensitization meetings held	2
Outcome 6: Enhanced service delivery to Education services	Management Information Systems in place	3
	Policies in place	10
	No. of Motor Vehicles purchased	1

3.2.8: Energy, Infrastructure and ICT

The Energy, Infrastructure and ICT sector have the following subsectors:

- i. Energy;
- ii. Infrastructure: Roads Infrastructure, Transportation, Public works, Firefighting and rescue services, and Administration planning and suppor services; and
- iii. ICT: ICT Infrastructure, Network Administration & End-User Support; ICT Consultancy Services; and Information Systems.

Vision

A World class provider of cost effective physical and ICT infrastructure facilities and services

Mission

To provide efficient, affordable and reliable infrastructure for sustainable economic growth and development through construction, modernization, rehabilitation and effective management of all infrastructure facilities.

Strategic Objectives

- i. To promote green energy power generation plants;
- ii. To provide effective, efficient and safe transport system for people, goods and services;
- iii. To install, rehabilitate and maintain traffic signs and lighting;
- iv. To provide professional services (Architectural, Structural, Civil, Mechanical and Quantity Surveying) for public buildings and facilities
- v. To provide fire fighting and rescue services, advertisement and compliance.

CAPITAL FINANCING AND ACCOUNTABILITY

The Capital Projects will be funded through: ~

> Public Private Partnership

The County Government will collaborate with other stakeholders to undertake development of capital projects on agreed costing contract. The County will explore new and innovative financing methods in which private sector investment can be roped in through a mutually agreed arrangement.

> Development Partners/Donors

The County will also expect to continue receiving grants and loans from development partners for various projects and programmes after approval by the County Assembly.

Community Initiatives

The County will encourage local initiatives from the community to accelerate development at the ward and village level

> Exchequer Issues

The County will prioritize on the capital projects to be implemented based on the medium-term plan and finance them through the National Government Revenue Allocation

Local Revenue

The County Internal Revenue collected will be used to supplement financing of the projects that have been prioritized in the CIDP.

Cross-sectoral Implementation Considerations

The table below indicates the measures to harness cross sector synergies and mitigate adverse cross-sectoral impacts of projects within the County.

Cross-sector Impact		Measures to Harness or Mitigate the
Synergies	Adverse Impact	Impact

4.3 Financial and Economic Environment

4.3.1 County Economic and Fiscal Overview

This County Annual Development Plan 2020/21 is prepared at a time when Inflation rate was highly volatile in the period 2008-2012 and averaged 10.6 percent compared to the period 2003-2007 when it averaged 8.5 percent. The sharp increase in inflation rate in the year 2008 to 2010 was occasioned by internal shocks (post-elections disruptions and unfavorable weather conditions) and external shocks (high crude oil prices and global financial crisis). The tightening of monetary policy, together with an easing in global food and fuel prices, saw the levels of inflation come under control in 2012.

Amongst the 47 counties Mombasa contributes 4.7% to the Country's GDP which ranks it fourth and has a Growth County Product (GCP) of 7% above the country's average of 5.6%.

Mombasa County faces a unique distributional challenge in real GCP per capita due to dynamics in real economic activities as well as evolution of population size including internal migration and floating population which ultimately has an implication on public service delivery, including a rise in expenditure to deliver essential services.

The county continues to heavily invest in infrastructure through expansion of roads, rehabilitation of non-motorized transport (NMTs, opening up of access roads so as to ease the movement of goods and people within the county. Efforts are also in place to put up and rehabilitate trading centers and markets with the ultimate collective objective of creating a 24-hour economy.

Blue economy being an avenue that has been recognized internationally as a sector that can not only alleviate hunger but improve the standards of living of the citizens, in this regard the County Government is in the forefront to harness and exploit its resources through purchasing of deep sea fishing vessels so as to significantly expand fishing.

In addition to the above measures, the Government will continue to complement the development of industrial infrastructure such as Export Processing Zones (EPZs), Special Economic Zones (SEZs) and industrial parks within the county. More specifically the establishment of the Dongo Kundu SEZs and infrastructures.

4.3.2 Fiscal Performance and Emerging Challenges

In the 2018/19 FY; The County was able to realize Kshs. 13,360,488,591 which translates to 93 percent of the supplementary budget of Kshs 14,456,495,575, out of which 100 percent was recurrent expenditure of Kshs. 10,253,993,461 and 72 percent being development expenditure of Kshs 3,106,495,130. In view of the above the County had a 7 percent budget deficit of Kshs. 1,096,006,984.

The County realized Kshs 3,704,597,554 being 78 percent of the budgeted local revenue of Kshs. 4,741,939,084. The total revenue collected was Kshs 13,360,488,591 being 93 percent of the total budgeted revenue of Kshs. 14,456,495,575 of which Kshs 9,714,556,492 was exchequer issues and Kshs 988,988,577 transfers from other National Government entities including budgeted grants and donor funding. Equitable National share amounted to Kshs 8,226,800,000 which was 100 percent of the County allocation.

The County has hit the highest in budget implementation at 93 percent which is a 2 percent increase from the previous financial year's budget implementation.

The County received Donor Funding from DANIDA of Kshs. 27,337,500, Health Conditional Grants of Kshs. 388,439,309, Road Maintenance Levy Grant of Kshs. 255,997,699, World Bank-KDSP Level II, Kshs. 259,416,946, World Bank-THUSCP, Kshs. 27,473,711 and a Grant of Kshs. 6,937,481 for Agriculture Sector Support Program II.

Total expenditure amounted to Ksh 13,360,488,591 against a target of Ksh 14,456,495,575 representing an under spending of Ksh 1,096,006,984. (or 7 percent deviation from the revised budget). The shortfall was attributed to lower absorption in both recurrent and development expenditures due to unrealized revenues.

Recurrent expenditure was 100% amounting 10.2 billion which comprised of personnel emoluments and operations and maintenance.

Development expenditure was Ksh 3.1 Billion compared to a target of Ksh 4.3 Billion. This represented an under-spending of approximately Ksh 1.2 Billion (or 28 percent deviation from the approved development expenditure). The underperformance in development expenditure was majorly contributed by lack of disbursement of the World Bank's Water and Sanitation Grant of Ksh. 600 Million, unrealized local revenue and bureaucracy in procurement.

The County Government continues to put up stringent measures that ensures that the budget deficit is reduced and adjustments will be made to fiscal aggregates to reflect revisions in the macroeconomic projections as well as revenue performance in the FY 2019/20 going forward.

4.3.3 Risks, Assumptions and Mitigation measures

The "Statement of Specific Fiscal Risks" outlines the county's and by extension the Kenya's exposure to fiscal risks that are associated with macroeconomic assumptions used for fiscal projections, public debt dynamics, operations of state corporations, contingent liabilities, vulnerabilities of the financial sector, as well as risks posed by nature.

The main challenges that continue to be experienced relate to low levels of local revenue collection, bloated wage bill and huge pending bills some of which are statutory deductions that accrue huge interests.

Unrealized local revenue which results to an over ambitious budget which in turn results to an increase in pending bills continues to be a risk.

The risk to the outlook for Mombasa County Annual Development Plan and medium-term emanate from both external and domestic sources. The economy remains vulnerable to both domestic and external shocks. For prudent management of risks, the PFM Act, 2012 requires the preparation of a "Statement of Fiscal Risks".

The County Government remains committed to fiscal consolidation in order to assure on the long-term sustainability of public finances. Nevertheless, the Government will monitor the risks and take appropriate measures to safeguard macroeconomic stability.

Looking ahead, due to revenue shortfalls, the ever-increasing pending bills and a high wage bill, continues to pose a threat of a budget deficit. Systems are being put in place to improve local revenue performance following revenue collection reforms and moderation in recurrent expenditure, so as to increase the revenue bases and the fiscal position in the medium term.

The challenges will be tackled by effectively operationalizing the MTEF, through deepening the existing institutional framework, increased partnership between the public, private, civil and

community organizations in prioritizing of needs and allocation of resources, coming up with realistic revenue projections, strengthening planning and budgeting capacities at the county levels through provision of adequate resources, improving on the systems of accountability and transparency and ensuring that all budgeting processes are grounded on a firm legal framework.

In the light of current revenue realities and some unanticipated expenditure items, the Government is seeking to rationalize recurrent spending and to identify and resolve Revenue leakages.

In addition the county has fully adopted IFMIS, G-Pay systems and automated the main revenue streams such as electronic business permit, e-construction, and parking and has introduced a cashless platform for ease of payment aimed at improving service delivery, enhancing financial accountability and reporting.

CHAPTER FIVE: MONITORING AND EVALUATION

Introduction

The chapter presents the monitoring and evaluation framework that will be used at the National and County level to track progress on implementation of projects and programmes. Monitoring the performance of County programs and projects helps increase their effectiveness, provides increased accountability and transparency in how public monies are used, and informs the budgetary process and the allocation of public resources, thus improving their effectiveness to improve welfare and, consequently, reduce poverty and increase the equality of opportunities.

M&E improves the effectiveness of projects by allowing for mid-course corrections if there are aspects that do not have the desired impact; demonstrates impact and success of a project; and identifies lessons learned, enabling institutional learning and informing decisions about future programs. Evaluations assesses the relevance, effectiveness, efficiency, impact and sustainability of a project.

Performance indicators adopted from CIMES

Performance indicators adopted from the County Integrated Monitoring and Evaluation System are measures of project impacts, outcomes, outputs, and inputs that are monitored during project implementation to assess progress toward project objectives. They are also used later to evaluate a project's success. These Indicators organize information in a way that clarifies the relationships between a project's impacts, outcomes, outputs, and inputs and help to identify problems along the way that can impede the achievement of project objectives. They are therefore vital for strategic planning, informing resource allocation, forecasting, measuring results, benchmarking and quality management.

Institutional framework that will be adopted to monitor the programmes

At the National level, Monitoring and Evaluation is conducted through National Integrated Monitoring and Evaluation System (NIMES), whose main aim is to improve the effectiveness and quality of tracking of implementation of various development policies, strategies and programmes. The County and lower level monitoring and evaluation of projects and programmes are part of this system. The County will put in place a County Monitoring and Evaluation system to serve the needs of the County Government, while complimenting the National M & E system. The system will take cognizance of the projects and programmes included in the County Integrated Development Plan as well as indicators facilitating the MTEF process, and development aspects of the county.

Data collection, Analysis and reporting mechanisms

The County Monitoring and Evaluation process is as follows:

Planning: Identifying information to guide the project strategy, ensure effective operations and meet external reporting requirements. This has been relying heavily on the draft indicators handbook

Implementation: Gathering and managing information through informal as well as more structured approaches. Information comes from tracking which outputs, outcomes and impacts are being achieved and checking project operations. This is done through adhoc M&E committees.

Participation: Involving project stakeholders in reflecting critically. Once information has been collected its analysed and discussed by project stakeholders through town hall meetings conducted through ward and sub county administrators.

Communication: The results of M & E is communicated to the relevant stakeholders who need to use it. Ultimately the results from M&E – both the communication processes and information – improve the project strategy and operations.

Sector: Public Administration and International Relations

Sub-sector: County Executive Sub-Sector

Key performance indicators	Beginning of the ADP year situation	Planned Targets

Education

Table 5: Education Sector Monitoring and Evaluation Performance Indicators Matrix

Sector Outcomes	Key Performance indicator	Beginning of the ADP year situation	Proposed End of the ADP target
Outcome 1: Enhanced access to ECDE	NER Total: Boys Girls	5	5
	Teacher: Pupil ratio	1:57	1:35
Output 1.1: ECDE Centres Constructed	No. of ECDE Centres Constructed	1	1
Output 1.2: renovated/refurbished ECDE Centres	No. of ECDE Centres renovated/refurbished	12	12
Output 1.3: Furnished ECDE centres	No of ECDE centres furnished	12	18
Output 1.4: ECDEs on feeding program	Percentage of public ECDEs benefiting from feeding program	100	100

Sector Outcomes	Key Performance indicator	Beginning of the ADP year situation	Proposed End of the ADP target
Output 1.5: ECDE with teaching& learning materials	Percentage of public ECDE centres supplied with teaching & learning materials	100	100
Output 1.6: ECDE scheme of service developed	ECDE scheme of service developed	1	1
Outcome 2: Enhanced access to vocational training	NER Total: Male Female	5	5
	Teacher: Student ratio	~	1:35
Output 2.1: Vocational training centres (VTCs) established	No. of vocational training centres constructed/established	-	3
Output 2.2: VTCs renovated	No. of vocational training centres renovated	2	3
Output 2.2: VTCs furnished	No. of vocational training centres furnished	1	2
Output 2.3: VTCs supplied with instructional materials and equipment	No. of VTCs supplied with instructional materials and equipment	2	2
Outcome 3: Improved literacy and reading culture through library facilities	No. of libraries/resource centers operational	12	18
Output 3.1: Maktaba centres content digitized	No. of Maktaba centres content digitized	~	~
Output 3.2: mobile book facilities established	No. of mobile book facilities	6	-
Outcome 4: Improved retention, transition and completion rate through bursaries and scholarship	No. of students benefiting from bursaries and scholarship under the 'Elimu Fund'	50,000	60,000
Output 4.1: Polytechnic students under sponsorship	No. of polytechnic students under sponsorship ('Tukuza Vipawa' programme)	4000	5000
Outcome 5: Improved multi-sector approach to dignified care and safety for children	Child rescue Centres/ homes established	1	2

Sector Outcomes	Key Performance indicator	Beginning of the ADP year situation	Proposed End of the ADP target
Output 5.1: Child care facilities licensed	Proportion of child care facilities licensed	100	100
Output 5.2: child care facilities assessed	No. of assessments in child care facilities	4	4
Output 5.3: Care givers trained	No. of trainings done	2	2
Output 5.4: School buses for children with special needs	No. of school buses for children with special needs acquired	0	2
Output 5.5: Sensitized community	No. of community sensitization meetings held	2	2
Outcome 6: Enhanced service delivery to Education services	Management Information Systems in place	3	3
	Policies in place	8	10
	No. of Motor Vehicles	2	3

Sector Programmes- Health

Key Performance Indicators	Beginning of the ADP year situation	Planned Targets
Reverse the rise in NCD cases	45%	42%
No of awareness campaigns on NCDs conducted	3	4
Proportion of patients screened for cervical cancer	~	100
Percentage increase of fully immunized children	85	89
Percentage increase of children under 1 year provided with LLITN	~	75
Percentage reduction in malaria Prevalence	48	35
% of HIV budget financed by the county	~85	50
Percentage reduction in HIV and AIDS Prevalence	~	6.5
Percentage of HIV positive clients receiving treatment	48	90
Percentage of TB clients completing treatment	~	90
Increase in number of notified TB cases on treatment	3615	4,420
% School age children dewormed	~	20
Proportion of epidemics reported and responded to appropriately e.g. cholera, chikungunya	100	100
and Dengue fever	4	4
Non-polio AFP rate 4/100,000 of <15 years population		

Key Performance Indicators	Beginning of the ADP year situation	Planned Targets
Proportion of households using treated water	73.9	85
Proportion of food handlers examined	~	100
Proportion of households with functional latrines	81.2	87
Functional community units established Number of community health dialogues conducted	168	8 232
	168	232
% decrease of under 5 years children		
stunted	21	18
% reduction of under 5 years children who are underweight	9.6	6.6
% reduction in prevalence of drug and substance abuse	51	35
% increase in pregnant women attending at least 4 ANC visits	~	30
Reduction in number of fresh still birth rate (per 1000 lb)	548	275
Reduction in number of facility-based maternal deaths	52	30
% increase in women of reproductive age accessing FP commodities	~	30
% reduction in teenage pregnancies	20	
		15
% reached with CSE message	2	20
Number of dialysis machine and beds acquired and supplied	14	14
Number of pediatric ICU cots with monitor and ventilator	2	1

Health Framework

Programme	Outcome Indicators	Baseline	Source of Data	Reporting Responsibility	Situation in 2018	Mid-term Target (2020)
Preventive and Promotive Health Services	% of adult population with BMI over 25	45%	DHIS2	CECM Health Services	44%	42%
	No of awareness campaigns on NCDs conducted	3	DHIS2	CECM Health Services	3	11
	Proportion of patients screened for cervical cancer	~	DHIS2	CECM Health Services	100	100
	Percentage increase of fully immunized children	85	DHIS2	CECM Health Services	85	89
	Percentage increase of children under 1 year provided with LLITN	~	DHIS2	CECM Health Services	75	75
	Percentage reduction in malaria Prevalence	48	DHIS2	CECM Health Services	45	35
	% of HIV budget financed by the county	~	County	CECM Health Services	50	50
	Percentage reduction in HIV and AIDS Prevalence	7.4	DHIS2	CECM Health Services	7	6.5
	Percentage of HIV positive clients receiving treatment	44,422 (82%)	DHIS2	CECM Health Services	90	90
	Percentage of TB clients completing treatment	87%	DHIS2	CECM Health Services	88	90
	Increase in number of notified TB cases on treatment	3615	DHIS2	CECM Health Services	3,654	4,420
	% School age children dewormed	~	DHIS2	CECM Health Services	10	20
	Proportion of epidemics reported and responded to appropriately e.g. cholera, chikungunya and Dengue fever	100	DHIS2	CECM Health Services	100	100
	Non-polio AFP rate 4/100,000 of <15 years population	4	DoHS	CECM Health Services	3.5	4
	Proportion of households using treated water	73.9	DoHS	CECM Health Services	80	85

Programme	Outcome Indicators	Baseline	Source of Data	Reporting Responsibility	Situation in 2018	Mid-term Target (2020)
	Proportion of food handlers examined	~	DHIS2	CECM Health Services	100	100
	Proportion of households with functional latrines	81.2	DHIS2	CECM Health Services	83	87
	Functional community units established	2	DHIS2	CECM Health Services	2	18
	Number of community health dialogues conducted	168	DHIS2	CECM Health Services	168	232
	% decrease of under 5 years children stunted	21	DHIS2	CECM Health Services	20	18
	% reduction of under 5 years children who are underweight	9.6	DHIS2	CECM Health Services	8.6	6.6
	% reduction in prevalence of drug and substance abuse	51	DHIS2	CECM Health Services	45	35
	% increase in pregnant women attending at least 4 ANC visits	~	DHIS2	CECM Health Services	10	30
	Reduction in number of fresh still birth rate (per 1000 lb)	548	DHIS2	CECM Health Services	400	275
	Reduction in number of facility-based maternal deaths	52	DHIS2	CECM Health Services	45	30
	% increase in women of reproductive age accessing FP commodities	~	DHIS2	CECM Health Services	10	30
	% reduction in teenage pregnancies	20	DHIS2	CECM Health Services	20	15
	% reached with CSE message	2	DHIS2	CECM Health Services	10	20
Curative and rehabilitative health services	Number of dialysis machine and beds acquired and supplied	14	DoHS	CECM Health Services	14	42
	Number of pediatric ICU cots with monitor and ventilator	2	DoHS	CECM Health Services	1	3

Programme	Outcome Indicators	Baseline	Source of Data	Reporting Responsibility	Situation in 2018	Mid-term Target (2020)
	Number of radiotherapy machines procured	~	DoHS	CECM Health Services		1
	Number of consultant Oncologists recruited	1	DoHS	CECM Health Services		2
	Number of Cath lab for cardiac surgery	~	DoHS	CECM Health Services	1	1
	Number of rehab centres operationalized/Functional	1	DoHS	CECM Health Services	1	3
	Three rehab centre refurbished	3	DoHS	CECM Health Services	1	3
	Upgrade Portreitz mental unit to hospital status	~	DoHS	CECM Health Services		1
	Number of sub-county hospitals providing comprehensive emergency obstetric care	2	DoHS	CECM Health Services	1	3
	Number of sub-county hospitals with fully functional maternity, postnatal and new born unit	~	DoHS	CECM Health Services	1	3
	Number of sub-county hospitals providing comprehensive rehabilitative services(physiotherapy and occupational therapy)	1	DoHS	CECM Health Services	1	3
	% increase in deliveries assisted by skilled personnel	51.2	DoHS	CECM Health Services	60	70
	Number of children under 5 years treated for diarrhea	32,277	DoHS	CECM Health Services	32,277	26,144
	ALOS (Days)	6	DoHS	CECM Health Services	6	5
	% of facilities with oxygen delivery facilities	36	DoHS	CECM Health Services	50	50
	Number of sub-county hospitals that have undergone full laboratory accreditation	0	Dohs	CECM Health Services	1	3

Programme	Outcome Indicators	Baseline	Source of Data	Reporting Responsibility	Situation in 2018	Mid-term Target (2020)
	Number of sub-county hospitals with basic lab quipment (chemical analyzer and hematology machine)	1	DoHS	CECM Health Services	1	3
	Number of QC lab established	~	DoHS	CECM Health Services	1	3
	Number of lab technologists providing service	50	DoHS	CECM Health Services	12	34
	Number of sub-county hospitals with Basic radiology equipment (X-ray and Ultrasound)	2	DoHS	CECM Health Services	1	3
	Number of Radiographers providing service	12	DHIS2	CECM Health Services	5	13
	Number of health care facilities conducting deliveries	15	DHIS2	CECM Health Services	2	6
	Number of primary care facilities providing lab services	27	DHIS2	CECM Health Services	3	9
General Administration, Planning and Support Service	No. of health policies/ guidelines implemented & legislated	3	DoHS	CECM Health Services	2	5

Sector Priority Programmes- Social Protection, Culture and Recreation

Key Performance Indicators	Beginning of the ADP year situation	Planned Targets
Number of Youths trained on business skills	10,000	10000
Number of Youths groups supported with business funds	200	100
Development of one stop youth resource centre	~	1
Number of creative arts talent centres established	~	1
% increase in the number of youth exploiting their creative talent	300	90
% increase in the number of alcohol and substance abusers rehabilitated	400 (No.)	25
% reduction in alcohol and substance abusers	~	25
Number of groups of rehabilitated alcohol and drug supported with startup kits.	10	15
Number of youths trained on leadership	~	50
% increase in the number of women supported with start-up capital	3000 (No.)	60
Number of women groups supported with business startup funds	230	100

Key Performance Indicators	Beginning of the ADP year situation	Planned Targets
Home for the aged renovated	~	1
Proportion of elderly (60-69 years and above) supported through NHIF contributions	7,267 (No.)	100
Proportion of elderly (60-69 years and above) supported through cash	7,267 (No.)	100
transfer	26.7	40
% increase in health insurance coverage under the 'County Health Micro-Insurance Scheme'	31,529	100
Proportion of Community Health Workers with NHIF	~	45,000
Increase in number of pupils benefiting from the School Milk Program,	~	2000
including a daily snack under the 'Elimu Kwanza' program		1
Number of need girls supported with sanitary pads		
A girls rescue centre		
Number of local youth teams assisted with sports kits	10	14
Number of local leagues organised/hosted.	5	10
Number of national and international leagues organised.	6	10
Number of new sports facilities established. Number of Sports facilities renovated	3 1	2
Number of community cultural festivals held	30	5
Number of cultural practioners trained Proportion of cultural goods and services marketed and promoted	500 60	1000
No. of historical and cultural sites mapped.	~	10
No. of historical and cultural sites established Historical sites preserved and managed	~	10 10
Number of film and music studio created.	~	1
Number of films and songs produced	~	10
Number of public performances held	~	200
Rehabilitation of public parks-mama ngina drive and Jomo kenyatta public	~	1
beach. Establishment of county museum	~	1
Establishment of a community cultural centre	~	1
Number of sanitary facilities Provided along the public recreational spaces Number of retail kiosks at public recreational facilities.	1	4
% increase in the number of PWDs trained on livelihood skills	2000	40
Proportion of county procurement funds allocated to PWDs Proportion of county buildings compliant with PWDs requirements	~ ~	100
	1	

a. Sub Sector Programmes - Crop Development

Key Performance Indicators	Beginning of the ADP year situation	Planned Targets
Number of staff capacity build	6	48
% increase in the number of famers capacity build on best farming methods	2000 (No.)	80
Number of technical staff recruited	35	50
% decrease on the proportion of the food poor	50.4	46
Input subsidy programme initiated	~	1
% increase in the number of famers provided with subsidized inputs	300 (No.)	100
Number of community groups participating in urban farming and fishing	~	30
Number of fruit trees planted	~	60,000
Number of forums held on high-value crops, water harvesting and drought	~	2
resistant crops	~	4
Crop pest and disease surveillance reports	15	30
Ha of land opened up for micro irrigation	18	30
Ha of land opened up for crop farming		
Percentage increase in quantity of local produce accessing the retail market No. of producer groups supported	5	8
Database of agricultural produce market information and update	~	10
Number of groups (women and youth) capacity built in value additions	~	1
Agricultural credit scheme initiated	20	50
Number of value added products accessing the market	~	1
	3	5
Agricultural storage facilities constructed	~	3
	~	100
% increase in the number of famers capacity build on post-harvest management of produce		

b. Sub-sector Programmes - Livestock Development

Key Performance Indicators	Beginning of the ADP year situation	Planned Targets
Number of staff capacity build	10	44
Number of livestock stakeholder's capacity built	1000	4000
Number of technical staff recruited	29	51
Number of Animal health and animal welfare stakeholder's capacity built	500	2000
% decrease on the proportion of the food poor	50.4	46
No. of surveillance reports prepared and acted upon	~	2
Veterinary laboratories (Kisauni)	~	1
Quarantine station	~	
No of youth and women groups supported through poultry, beekeeping	~	10
and rabbit programmes		
No. of livestock demonstration farms	5	19
% increase in volume of animal products (kg) % increase in value of animal products (Kshs.)	~	15

Key Performance Indicators	Beginning of the ADP year situation	Planned Targets
No. of surveillance reports prepared and acted upon	~	2
% increase in the number of famers reached by extension services	2	50
Percentage increase in quantity of local produce	50	75
Number of groups engaged in value addition	3	17
Percentage Increase in the number of value added products	5	30
Information database developed and updated	~	1

c. Fisheries Development Sub-sector Programmes

Key Performance Indicators	Beginning of the ADP year situation	Planned Targets
Number of staff capacity built	3	18
Number of staff recruited	1200 18	6000 39
Improved Livelihood for the fisher fork	1200	6000
EEZ fishing policy developed	~	1
% increase in total fish (kg) landed in the county	800	8000
Number of protected breeding areas and landing sites	15	30
Proportion of BMU access roads paved and maintained	~	100
Fish stock assessment reports	~	2
Incubation and training facility constructed	~	1
Number of fish ponds constructed	~	10
Proportion of BMUs engaged in value addition	~	30
Proportion of BMUs using modern fishing technologies	~	30
No. of inspections & assessments done	~	4
No. of fish processing and storage facilities constructed	~	1
No. of cluster groups formed	~	1
Proportion of BMU with standardized storage facilities	~	30

d. Cooperative Development

Key Performance Indicators	Beginning of the ADP year situation	Planned Targets
Number of staff capacity built	1	18
Number of stakeholders and institutions capacity built	300	8000
Number of staff recruited	12	5 60
Percentage increase in cooperative membership	62390 (No.) 100	100 60
Proportion of cooperatives complied with the legal framework	15 Billion	30 8
Percentage increase in the total assets in cooperatives	~	6
Percentage increase in the number of women and youth in cooperatives	~	70
Number of value chains promoted in the sector		_
Number of groups engaged in value addition	~	2
Proportion of cooperatives with management officials trained	~	5
No. of exchange and exhibitions held	~	5
No. of new cooperative societies formed	~	10 2
No. of dormant cooperative societies revived	~	70
No. of cooperatives linked to partners and markets	~	5
No. of Cooperative development policies in place	3	
Proportion of cooperatives societies members trained		
Percentage increase in the number of value-added products accessing the market		

e. Land and Housing

Key Performance Indicators	Beginning of the ADP year situation	Planned Targets
Land policies and regulations	4	5
Land data storage database and information system	~	1
Land registry refurbished	~	1

Increase in housing stock (units)	3000	5200
% increase in access levels to decent housing by low income earners 4% to 10%	4	8
ABTs equipment	~	2
Housing policy, Acts and regulations	1	1
Land Use Plans, Regulations and Policies	2	2
GIS lab	~	1
Number of Mini cities developed (Mwakirunge and petro city)	~	1
Urban design unit established	~	1
Zoning plans and regulations	2	2
Zoning plans and regulations	2	2
	1
