MURANG'A COUNTY GOVERNMENT

COUNTY ANNUAL DEVELOPMENT PLAN (ADP) 2020/2021

AUGUST 2019

MURANG'A COUNTY ANNUAL DEVELOPMENT PLAN (ADP) 2020/2021

COUNTY VISION AND MISSION

Vision

To be the leading county in socio-economic transformation

Mission

To transform the county through participative, equitable and sustainable development initiatives for the benefit of all

FOREWORD

The Fourth Schedule of the Kenya Constitution distributes the functions between the National Government and the County Government. These functions are geared towards realization of the Kenya Vision 2030, the country's economic blue print. The devolved functions are implemented through five-year Medium Term Plans (MTP) and County Integrated Development Plan (CIDP), which are subsequently executed through Annual Development Plan (ADP) and budget.

The Constitution of Kenya 2010, County Governments Act, 2012 and the Public Finance Management Act, 2012 among other legislations stipulate the basis for the preparation of the Annual Development Plans. The legislations provide framework for prudent allocation of resources as premised on policy expenditure framework and with an overarching objective of transformative development agenda.

The Annual Development Planning framework provides an enabling platform for review of implementation of county projects, mitigation of identified risks and challenges, and incorporation of recommendations drawn from lessons learnt. The framework further facilitates prioritization of community needs in annual basis towards realization of County medium strategic goal as captured in the CIDP.

Due to scarcity of resources, the prioritization of the development initiatives by the County departments were based on immediate stakeholder needs and envisaged development results for the plan period. The preparation process ensured that the requisite hierarchical levels of results are documented for ease of tracking anticipated targets, objectives and intermediate outcomes.

Hon. David Waweru,
County Executive Committee Member,
Finance, IT & Economic Planning,
Murang'a County Government

ACKNOWLEDGEMENT

I take this chance to recognize the enormous effort and sacrifice of all stakeholders during the compilation of this Annual Development Plan 2020/2021. I specially acknowledge the unrelenting efforts demonstrated by all the departments and directorates during this momentous process of identifying and documenting county priority development indications for the year 2020/2021

Most specially, the County is indebted to the leadership of the Governor, Murang'a County, H.E. Mwangi Wa Iria, the Deputy Governor, H.E. James Maina Kamau and the County Assembly of Murang'a for the enormous inputs and support towards this exercise. I would also like to thank the County Secretary, Mr. Patrick Mukuria; all CECMs, and all the directors of the County Departments and agencies for their able leadership during this important exercise.

Special mention goes to the department of Economic Planning under the stewardship of Ag. Director Stephen Mwangi, economists Justin Gatuita, Walter Ojwang, Moses Macharia, Alex Matheri, Felistus Mueni, Gabriel Wachira, and Njuguna Mwangi. Finally, let me take the opportunity to acknowledge each and every person who contributed in one way or the other towards the successful compilation of the document. All your efforts will leave an ineffaceable mark in the development of Murang'a County.

P. K. Gicheha,
Chief Officer,
Finance, IT & Economic Planning,
Murang'a County Government

SWOT Strengths, Weaknesses, Opportunities and Threats Analysis

EXECUTIVE SUMMARY

Murang'a County is one of the 47 Counties created under the Kenya Constitution 2010 and occupies a total area of 2,558.8Km². It is bordered to the North by Nyeri, to the South by Kiambu, to the West by Nyandarua and to the East by Kirinyaga, Embu and Machakos counties. It lies between latitudes 0° 34' South and 10 7' South and Longitudes 36° East and 37° 27' East. The County lies between 914m above sea level (ASL) in the East and 3,353m above sea level (ASL) along the slopes of the Aberdares Mountains in the West. The 2009 Population and Housing Census recorded a population of 936,228 persons consisting of 451,751 males, 484,477 females, and a growth rate of 0.4% per annum. This population is projected to rise to 1,170,109 (579,185 males and 590,924 females) in 2020.

The review of the implementation of the previous projects (2018/2019 FY) indicate that majority of the planned projects/programmes were implemented as per the plan. The majority of the departments however reported that there was a delay in disbursement of funds which led to delay in implementation of the projects. The review also revealed that there were instances of re-allocation of funds or non-funding of the planned projects.

The process of identifying projects and programmes to be undertaken over the next financial year (2020/2021) involved a participatory approach that brought on board all major stakeholders in the County. The stakeholder approach was adopted in order to chart a common path for equitable and sustainable development of the County for the next one year. Through the process, efforts both at national and devolved levels of government and together with other relevant public institutions are coordinated at local level with due consideration to the economic, social, environmental, legal and spatial aspects of development for the benefit of local communities.

The plan aims to protect the right to self-fulfillment within the county communities and with responsibility to future generations. The development of the plan was guided by the provisions of various legislations which include the County Government Act, 2012; Urban Areas and Cities (Amendment) Act, 2019 and the Public Finance Management Act (PFMA), 2012.

Chapter one provides a brief introduction on the location; size; demographic profiles; administrative and political units of the County. It also highlights the socio-economic and infrastructural information that has a bearing on the development of the county. Chapter

two provides a review of sector/ sub-sector achievements, challenges, lessons learnt and recommendations. Chapter three presents sector/sub-sector strategic priorities, programmes and projects for the year while Chapter four presents a summary of the proposed budget by programme and sector/ sub sector. Finally, Chapter five discusses the county monitoring and evaluation framework as outlined in the County Integrated Monitoring and Evaluation System (CIMES) as well as performance indicators for each sub sector. Sector and sub sector programmes, figures, tables and detailed project/programme descriptions from County departments and agencies are annexed.

CHAPTER ONE

OVERVIEW OF THE COUNTY

1.1. Introduction

1.1.1. Location and Size

Murang'a County is one of the 47 Counties created under the Kenya Constitution 2010 and occupies a total area of 2,558.8 Sq. Km. It is bordered to the North by Nyeri, to the South by Kiambu, to the West by Nyandarua and to the East by Kirinyaga, Embu and Machakos counties. It lies between latitudes 0° 34' South and 10 7' South and Longitudes 36° East and 37° 27' East. The county lies between 914m above sea level (ASL) in the East and 3,353m above sea level (ASL) along the slopes of the Aberdares Mountains in the West.

1.1.2. Demographics, Administrative and Political Units

The 2009 Population and Housing Census recorded a population of 936,228 persons for Murang'a County consisting of 451,751 males, 484,477 females, and a growth rate of 0.4% per annum. This population is projected to rise to 1,170,109 (579,185 males and 590,924 females) in 2020. Administratively, the county is divided into seven constituencies; Kiharu with a total area of 409.8 Sq. Km, Kangema with a total area of 173.6 Sq. Km, Mathioya with a total area of 351.3 Sq. Km, Gatanga with a total area of 599.0 Sq. Km, Kigumo with a total area of 242.1 Sq. Km, Kandara with a total area of 235.9 Sq. Km and Maragua with a total area of 466.7 Sq. Km.

1.1.3. Social-economic Profile

The main economic mainstay of Murang'a County is agriculture. Most of the residents (80%) practice food crop farming (maize and bananas) majorly in the lowlands, cash crop farming (tea and coffee) mainly in the highlands, livestock rearing and dairy farming are also prominent in the county. The county has minimal mining activities such as quarrying which is practiced in some parts. Quarrying activities include sand harvesting, excavation of building blocks and ballast and extraction of clay soil for brick making and pottery. The main tourist attraction sites in the county are the Aberdares National Park and cultural heritage sites that have a rich history on the origins of the Agikuyu people. Such sites are at Mukurwe wa Nyagathanga and Karia Ka Mbari ya Ngware. Majority of the residents belong to the mainstream Christian denomination including Catholic and Protestants.

1.1.4. Environmental and Natural Conditions

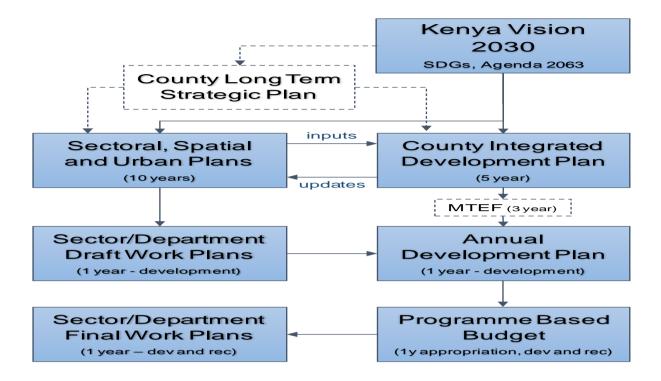

The County is divided into three climatic regions: The western region with an equatorial type of climate, the central region with a sub-tropical climate and the eastern part with semi-arid conditions. The long rains fall in the months of March, April and May. The highest amount of rainfall is recorded in the month of April, and reliability of rainfall during this month is very high. The short rains are received during the months of October and November. The western region, Kangema, Gatanga, and higher parts of Kigumo and Kandara, is generally wet and humid due to the influence of the Aberdares and Mt. Kenya. The eastern region, lower parts of Kigumo, Kandara, Kiharu and Maragua constituencies receive less rain and crop production requires irrigation. Some areas also experience natural catastrophes such as landslides.

The highest areas form the rain catchment areas from where most of rivers draining the county originate. The terrain is dissected creating the menace of landslides and gulley erosion. The numerous streams and valleys necessitate the construction of numerous bridges to connect one ridge to the other; construction and maintenance of roads are therefore made difficult and expensive. Soils emanating from the volcanic activity are generally fertile particularly suitable for tea growing.

1.2. Annual Development Plan Linkage with CIDP

Under the County Government Act 2012 section 104 and 105, County Governments are mandated to among other functions prepare integrated development plans; ensure integrated planning within the county and ensure linkages between county plans and the national planning framework. The County Government Act, 2012 further outlines the county planning framework which provides for the preparation of four kinds of plans; Sectoral Plans, Spatial Plans, CIDP and the Cities and Urban Areas plans. The Public Finance Management (PFM) Act, 2012 under Section 126 (1), mandates county governments to prepare Annual Development Plan (ADP) in accordance with Article 220 (2) of the constitution. The ADP which is submitted for approval to the county assembly not later than 1st September of each year documents strategic priorities for the medium term that reflect the county government's priorities and plans; county programmes and projects to be delivered; measurable indicators of performance where feasible; and the budget allocated to the programmes and projects.

Figure 1: ADP Linkage with other Plans

1.3. Preparation Process

The preparation of the Murang'a County Annual Development Plan (2020/2021) followed the guidelines issued by the Ministry of Devolution and planning, state department of planning and statistics. The department of Economic Planning applied various data generation methodologies including document reviews, focused group discussions, field visits, key informant interviews and reports from the County departments and agencies. Data from monitoring and evaluation exercises by the County Monitoring and Evaluation committee formed an integral part of the data collection process as it provided avenue for direct observations, assessment, and data recording at source.

For prioritization of programmes for 2020/2021, Data collection templates were developed by the department of economic planning based on the M&E plan of the County Integrated Development Plan and populated by the county departments. The proposals were then presented before the Sector Working Groups who provided the necessary technical input. Finally, through various public fora, the communities were accorded the opportunity to express their opinions and prioritize the projects and programmes.

CHAPTER TWO

REVIEW OF THE IMPLEMENTATION OF THE PREVIOUS ADP

2.0 Introduction

This chapter reviews the implementation eminence of the previous ADP 2018/2019. It outlines the achievements that were realized in the sector/subsector and enlists the challenges that were encountered during the implementation. Finally, it documents the lessons learnt and recommendations for incorporation during formulation of future projects/programmes.

2.1. Public Service & Administration

2.1.1. Sector Priorities for 2018/2019

| Sub Sector | Key Strategic Priorities for 2018/2019 |
|----------------|--|
| Governorship | i. Facelift of the County Headquarters |
| | ii. Review of Murang'a County Alcoholic Drinks Control Act |
| | iii. Establish accessible and affordable treatment and rehabilitation services |
| | iv. Develop structure for Administration and Coordination / Governorship |
| | v. Drafting of policy and guidelines |
| | vi. Develop Rapid Delivery Unit (RDU) / Project Monitoring & Evaluation Unit |
| | vii. Stakeholder involvement |
| | viii. Procurement of equipment |
| | ix. Recruitment of M&E staff, enforcement personnel and addiction counsellors |
| | x. Development and implementation of County Integration Monitoring and Evaluation System (CIMES) |
| | xi. Enhance control and regulation of liquor business through licensing and |
| | enforcement |
| | xii. Provide mobility for enforcement patrols |
| | xiii. Develop enforcement communication center |
| Public Service | i. To put up Employee Welfare Mechanism |
| | ii. Promote Cordial Industrial Relations |
| | iii. To provide Strategic fit between Human Resource and the organization strategy. |
| | iv. To develop and review appropriate County Organizational structure and workload analysis |
| | v. To acquire adequate and properly placed Personnel |
| | vi. To carry out Continuous Capacity building |
| | vii. To operationalize Results based performance |
| | viii. To ease access to Human Resource Records |

| Sub Sector | Key S | trategic Priorities for 2018/2019 |
|-------------------|-------|--|
| Public Service | i. | Increased morale among County Public Service staff |
| Board | ii. | Improving Positive work ethic in County Public Service. |
| | iii. | Improved work environment. |
| | iv. | Service Transformation |
| | ٧. | To establish a skilled and adequate workforce in the County Public Service |
| | vi. | Promotion of National Values and Principles in the County Public Service |
| Fire Services and | i. | Certification |
| Disaster | ii. | Installation of internet and equipping the control room with modern |
| Management | | information technology. |
| | iii. | Use of modern disaster management soft ware's e.g. GIS and GPS |
| | iv. | Establishment of a well-structured fire brigade unit |
| | ٧. | Setting of safety committee |
| | vi. | Zoning, documentation, statistics, building coding |
| | vii. | B.L.S Training, B.F.R training, communication skill |
| | viii. | Issuance of first aid kits and reflector jackets |
| | ix. | The strategic priorities of the sector/sub-sector |
| | x. | Analysis of planned versus allocated budget |

2.1.2. Achievements for 2018/2019

| Sub Sector | Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievem ent During the Period | Remarks |
|---------------------------------|--|---|--|--|--|------------------------------|
| Governorship | Project Coordination /M&E Unit | Efficiency and effectiveness in implementation of programs and projects | Annual and Quarterly M&E reports | 4 Quarterly M&E reports 1 Annual M&E report | 4 Quarterly M&E reports compiled 1 Annual M&E report compiled | Targets were achieved |
| | County Cabinet Support Services | Well-coordinated government departments that delivers quality services to the public. | Number of CEC meetings conducted | 4 No. of CEC meetings conducted | 5 No. of CEC meetings conducted | Targets were achieved. |
| Human Resource Management | Develop and implement a service charter | Effective and responsive management and administration services | Reduced number of complaints Number of people served | Develop one service charter | Draft service charter | |

| Sub Sector | Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievem ent During the Period | Remarks |
|------------|---|---|--|--|---|---------|
| | | | Number of issues responded to. | | | |
| | Recruitment and training of personnel in human resource department | Adequate and highly skilled personnel | Number of personnel recruited and trained in Human Resource department | Recruit 5 and train 38 employees | 1 employee recruited and 30 trained | |
| | Coordinated and organised Human Resource registry | Effective Record Management | Coordinated and organized Human Resource registry | Training of records manageme nt staff | Records manageme nt staff trained | |
| | Automation of Human Resource services | | No of offices networked | Six offices networked and officers trained | Six offices networked | |
| | Human Resource Policy Development and Liaison | Efficient and effective management of Human Resource. | Number of policies developed and implemented | Develop two Human Resource Policies | One policy developed | |
| | Appropriate organizational structures with optimal staffing levels | Appropriate organizational structures with optimal staffing levels. | Approved departmental structures | Review two department al structures | Two department al structures reviewed | |
| | Strategic Human Resource Management | Align Human Resource function with the overall county strategy | A Strategic Human Resource Plan | Developme nt of a strategic Human Resource Plan | Draft strategic plan | |
| | Attraction and retention of qualified and skilled employees | Attraction and Retention of qualified and skilled employees | Adequate and qualified employees | 65% | 60% | |

| Sub Sector | Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievem ent During the Period | Remarks |
|------------|--------------------------------|--|---|-------------------------------------|--------------------------------------|-----------------------------------|
| | Training and capacity building | Highly trained and competent employees | Increased skills among the employees | 50% | 45% | Funds not disbursed in time |
| | Employee Relations | Harmonious industrial relations | Increased welfare programs Staff welfare policy | 30% Develop a staff welfare policy | 20% | |
| | Performance Management | Institutionaliz e results based performance | Staff performance Appraisal Instruments | 100% staff of appraisal | 90% | |

2.1.3. Analysis of Capital and Non-Capital Projects for 2018/2019

Annex 1.1

2.1.4. Challenges, Lessons Learnt and Recommendations

| Sub Sector | Challenges | Lessons Learnt | Recommendations |
|-------------------------|--|---|---|
| Governorship | Lack of legal framework/policy. Inadequate budgetary allocation. Lack of scheme of service and structure in place to assist in establishment of adequate staff for the sector. Inadequate Office Space. Inadequate human resource / personnel Inadequate Office Furniture and Equipment Lack of cooperation from departments | | |
| Public Service Board | Late disbursement of funds which has affected program implementation. The county lacks harmonized terms and conditions of service. | Use of LSO as a commitment to procure | Outsourcing resourcesHarmonize terms of employment |

| Sub Sector | Challenges | Lessons Learnt | Recommendations |
|------------|--|---|---|
| | The current terms are informed by national government, former local authority and those employed by the employees and county public service board. Inadequate technical staff coupled by high number of semi-skilled workforce Ageing workforce Inability to meet the threshold of the regional balance in employment due to low number of applicants from other regions. | ensure they work coherently Need to recruit highly competent staff Hire new staff to replace those who exit through natural attrition | Board to execute its mandate to the letter Organize training forums for staff Succession plan in place Carry out massive advertisement to reach out many regions |
| | | Diversity enhance national unity | |
| | Low staffing level | Inefficiency in service delivery | Recruit more staff |
| | Mismatch of employees' skills with their responsibilities | Low morale among the employees | Redesignate employees as per their skillsets |
| | High number of litigations | High cost of litigations | Operationalize the County Attorney's office Formulate the Legal framework, policy and structures |
| | Unskilled labour | Low productivity | Capacity building / training |
| | Inadequate office space | | Construction, leasing, use of shipping containers as offices |
| | Inadequate working tools & equipment | | Procurement of adequate tools & equipment |
| | Poor county infrastructure e.g. fencing | Frequent theft cases and intrusion as a result of poor security infrastructure | Construction of perimeter W all/Fence. Installation of CCTV |
| | Inadequate uniforms | High number of cases of impersonation | Procurement of adequate uniforms |

2.2. Finance IT and Economic Planning

2.2.1. Sector Priorities for 2018/2019

| Sub Sector | Key Strategic Priorities for 2018/2019 |
|-------------------|---|
| Finance | Custodian of government funds at the county level; Accountability of public funds. Procurement of goods and services. Collection of revenue Control of government expenditure; Collection of revenues. |
| Revenue | Installation of e- revenue collection system Carrying out research on potential revenue streams Preparation of county revenue policy Mapping of natural resources within the county |
| ICT | Manage-ICT use and security issues in a comprehensive and coordinated way Build implementation capacities and change management Document and implement database management principles Improve interaction with stakeholders Improve the technical infrastructure to facilitate communication and automation of key business functions |
| Economic Planning | Development Planning, budgeting and development coordination Collection of data, collation and analysis for decision making in the county Policy formulation and information dissemination to all stakeholders Monitoring and evaluation of development county projects and programs. |

2.2.2. Achievements for 2018/2019

| Sub Sector | Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievemen t During The Period | Remarks |
|----------------------|--|--|--|--|---|--|
| Economic Planning | Monitoring and Evaluation | County annual progress reports in place. Improved tracking of projects and programmes in the county. | County quarterly M&E reports County annual M&E reports Periodic departmental reports | Preparatio n of 4 no. projects and programm es implement ation reports | 4 no. Quarterly projects implementat ion reports prepared | The various projects and programmes implementing department's needs to be trained on monitoring and evaluation modules. |
| | County Economic Policy formulation, modelling & management | County planning and budgeting documents AWP, ADP, CFSP, CBROP | County 2019/2020; AWP ADP CFSP CBROP | Preparatio n of planning documents AWP, ADP, CFSP, CBROP | 2019/2020 FY County planning and budgeting documents developed AWP, ADP, CFSP, CBROP | There is need of timely availability of data and information on projects and programmes Adequate and timely funding on the activities |

2.2.3. Achievements for 2018/2019

| Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievement During The Period | Remarks |
|-------------------------------|-----------------------------|---|---------------------------------|---|--|
| ICT infrastructure (LAN/WAN) | Connectivity | - Available internet connection in all sub counties | No. of offices connected to LAN | 8 sub counties and Town management offices have Local Area Network and internet in place | Connectivity was done in 4 offices per sub county due to financial constraints. The rest will be connected in the Next Financial Year. The offices already connected are: 1. Sub county Administrator 2. Revenue coordinator 3. Cash Office 4. Finance Office |

2.2.4. Analysis of Capital and Non-Capital Projects for 2018/2019

Annex 1.2

2.3. Education, Youth, Sports, Culture, Social Services and Vocational Training

2.3.1. Sector Priorities for 2018/2019

| Sub Sector | Key Strategic Priorities for 2018/2019 |
|---------------------|---|
| ECDE | - To increase enrolment in ECD centers |
| | - ECDE feeding Program |
| | - School Milk Program |
| | - Bursary |
| | - Preparing disbursement schedules |
| | - Budgeting by ECD department |
| | - Procurement of goods and services |
| Sports | - Identify, nurture and market sports talents |
| | - Secure and develop sports facilities to required standards |
| | - Sensitize athletes on doping and substance abuse |
| | - Organize sports tournaments and competitions |
| Social Service | - Community mobilization on issues of social protection and group |
| | development |
| Vocational and | - Training of on various technical skills. |
| Technical Trainings | - Improvement of infrastructure and building new ones. |
| | - Purchasing and improving of tools and equipment's. |
| | - Capacity building of instructors. |
| | - Employment of more qualified instructors. |

| Culture | To identify, nurture and develop youth talents Mapping cultural sites and monuments. |
|---------|---|
| | - Restoration of Mukuruwe wa Nyagathanga |
| | - Capacity building of cultural practitioners. |
| | - Community Cultural Festival. |

2.3.2. Achievements for 2018/2019

| Sub Sector | Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievem ent During the Period | Remarks |
|------------|--|--|---|--|--|----------|
| | ECD feeding program | Functional ECD feeding program | Capitation schedules | 40,000 pupils aged between 4-6 in ECD centers | 40,000 pupils fed | On going |
| | School milk program | Each primary school and Ecd pupil in the county takes 200ml milk per week | Milk distribution schedules from all primary schools | 360,000 pupils in pry schools | 360,000 received milk | On going |
| | Infrastructur al development | Constructed classes ECD | 12 classes constructed | 35 classes | 12 | On going |
| | development | Renovated classroom | 3 classrooms renovated | 35 classes | 3 | |
| | | Constructed toilets | 9 toilets constructed | 35 classes | 9 | |
| | | Furniture in ECD centers | 2,800 chairs issued to all the 35 wards for distribution | 3,500 chairs | 2,800 | |
| | Purchase of curriculum, play and rest materials | Well-equipped Ecd centers | Distribution schedules | 40,000 pupils in the 650 ECD centers | Mattresses, chairs curriculum materials distributed to the 651 Ecd centers across the county | On going |
| | Monitoring, Evaluation and reporting of curriculum implementat ion | Fully covered curriculum Pupils adequately prepared for transition | Monitoring records | All 650 centers monitored | 100 centers monitored | On going |

| Sub Sector | Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievem ent During the Period | Remarks |
|------------|--------------------------------------|--|--|---|--|---|
| | Scholarships and interventions | Sponsor needy bright pupils to go through secondary school | Termly secondary school disbursement schedules for 1000 secondary school needy and bright students | All 1000 students still in school | School fees paid for the 1000 pupils | On going |
| | Co curricula activities | Awakened skills and talents in ECD pupils | Certificate of participation | Present 2 centers to the National music festivals | 2 centers participate d in the National Music festivals | Complete |
| | | | | Present 15 centers in the Regional music festivals | 6 centers participate d in the regional festivals | |
| | | | | Present 35 centers in the County Music festivals | 16 centers participate d in the county music festivals | |
| Youth | Capacity building | Increased number of youths joining SACCOs | No. of youths in SACCOs | 10,000 youths recruited to join saccos | 7,000 youths recruited to join saccos | There is need for more capacity building to the youths |
| | | Increased no. of trained bodaboda riders. | Increased no of trained boda riders | Train 3000 boda riders | 2700 bodaboda riders were trained | There is need for more training |
| | | Increased no of youths participating in govt. procurement | No. of youths trained in AGPO | 800 youths | 500 youths were trained | With good follow up the program can reach many |
| | Provision of Carwash machine | Self- employment and enhanced self-reliance. | Reduced no of unemployed youths | 40 carwash cites | 35 car wash cites received the car wash machines | The target was well achieved |
| | Talent search | Helping the youth discover their talent | New youth engaging in | Target wa300 youths | 200 youths participate d | Increase talent events |

| Sub Sector | Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievem ent During the Period | Remarks |
|------------|---|---|--|---|---|---|
| Sports | Sports | Improved | talent oriented carriers No of sports | 20 | 8 | 50% |
| | facility improvemen t | standard sports facilities | stadia rehabilitated | | | achieved as per allocated resources |
| | Anti-doping campaign | Well informed athletes on drugs and substance abuse | No of athletes sensitized | 200 | 150 | |
| | Sports competition and championshi ps | Increased participation of athletes in sports competition and championships | No. of individual athletes/teams/clubs | 8 competiti ons | 7 competitio ns done | |
| | Sports talent developmen t | Increased participation of youth in sports | % increase in the number of youths participating in sports | 50 youths in various sports/ discipline s | Identified and supported 30 youths with coaching sports completion at the regional and national level | Increased visibility on track, field and marathon |
| Culture | Restoration/ upgrading of Mukuruwe wa Nyagathanga | A functional and vibrant Cultural centre / heritage site | Regular prayer meeting at the shrine by Kikuyu Council of elders Exhibitions of traditional foods, drinks and cultural artefacts | To hold prayer meeting at the site to establish/have a committe e comprisin g various stakehold ers to oversee the developm ent and operation of the centre To involve Mukuruwe wa Nyagatha | Three stakeholde rs meeting held. Mukuruwe wa Nyagathan ga project implement ation committee in place. Cultural troupe performed folk songs, dances and display and demonstra ted, preparatio n and consumpti | Inadequate funds was a challenge. |

| Sub Sector | Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievem ent During the Period | Remarks |
|------------------------|---|--|---|--|--|--|
| | | | | nga cultural troupe in County events | on of culniray arts (indigenou s foods and drinks plus the artefacts. | |
| Social Services | Social infrastructur e development | Upgraded and functioning rehabilitatio n centers for PWDs Refurbished and equipped family life training centers Reduced cases of child neglect Improved and functional social amenities | Numbers of centers equipped to take care of multiple disabilities Number of family life centers refurbished and equipped | 3 | Constructi on of Koimbi children's home 5 latrines and 4 bathrooms Constructi on of a library at Kandara children's home (Donor Funded) | Programmes ongoing and needs more funding |
| | Community mobilization and development | Mobilized, sensitized and empowered community | Number of empowered groups in the county | 900 groups | 650 groups | The programme faced inadequate funding |
| | Gender mainstreami ng | Gender equality and equity achieved | Percentage of women in high leadership positions | 300 | 100 trained | Ongoing and planned for more numbers |
| | Social protection | Support the vulnerable-identify and document | Numbers of OVCs and vulnerable persons supported | 1000 | 500 | Ongoing and planned for more numbers |
| Vocational Training | Training of short courses in all public YPs in all the wards | 200,000 youths trained in short courses | Increased enrolment in all our Youth Polytechnics | 34,000 | 25,890 | Target Not met |
| | Procurement of tools and equipment for all public YPs in all the wards | 100% provision of tools and equipment in all the YPs | Number and type of equipment procured Store ledgers and inventories in YPs | 68% | 59% | Target not met because of inadequate funding |
| | Youth Polytechnic | 105 new YP instructors recruited to | Number of instructors recruited | 21 | 0 | 272 Instructors |

| Sub Sector | Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievem ent During the Period | Remarks |
|------------|--|--|---|--------------------|--------------------------------------|--|
| | Instructors Recruitment | total 250 YP instructors in all YPs | Instructors - student ratio | | | engaged on casual basis |
| | Quality Assurance and Standards | Quality Assessment reports for all the 65 YPs | No of Quality Assurance reports | 11 | 35 | Target met successfully |
| | Improvement of infrastructur e in all public YPs | 100% improvement of infrastructure | % of YPs undergoing infrastructure improvement issued with completion certificates. | 72% | 68% | Target was not met due to slow tendering and awarding process. |
| | Co-curricular activities in YPs | Organize at least 3 competitions in a year | Certificates of participation | 3 | 2 | Participatio n in zone and county competition |
| | Training of YPs instructors | Train all the 145 instructors in pedagogy | No of instructors trained | 27 | 1 | Target not met due to inadequate funding |
| | Capitation for regular trainees in all public YPs. | Provision of adequate training materials | % of training materials provided | 76% | 27% | Target not met |
| | Establishmen t of an industrial park at Kenol | Provision of employment opportunities for the Youth 1 number industrial park established | Increased % in the number of youth employed Completion certificate | 60% | 0% | Target not met |

2.3.3. Analysis of Capital and Non-Capital Projects for 2018/2019

Annex 1.3

2.3.4. Challenges, Lessons Learnt and Recommendations

| Sub Sector | Challenges | Lessons Learnt | Recommendations |
|------------|--|---|---|
| ECDE | Inadequate funds Bureaucracy in the procurement process The enhanced enrollment has created a shortage of teachers Influx of pupils from other counties Rise in absenteeism due to the withdrawn lunch program | Determine needs from the ground Involve the community in service delivery Regular assessment of progress of any project or service is necessary | Determine needs from the ground Involve the community in service delivery Regular assessment of progress of any project or service is necessary |

| Sub Sector | Challenges | Lessons Learnt | Recommendations |
|------------------------|--|---|--|
| Youth | Inadequate budgetary allocation | Early planning and prioritization of youth programme and projects | Mobilise for more funding |
| | Lack of awareness among the youths on the need to participate in in government programmes | With more youth activities there can be increase on number of youths discovering their talents | Mobilize more funding |
| Sports | Change of county priorities in funding and delays in procurement of goods and services | Ensure that the annual work plans are submitted together with the procurement plan It is critical that the county sticks to planned priorities all sectors | Involve key stakeholders |
| | Inadequate budgetary allocation | Early planning and periodization of sports programme and projects | Mobilise the private sectors to sponsor the various sporting activities for more funding |
| | Inadequate technical staff in the department | Outsourcing, collaboration with other departments and provincial administration is critical | Create stronger platforms to coordinate sporting activities with other actors across the board, (social service, health, agriculture) |
| Culture | Inadequate fundsLack of TransportInadequate staff | Involving key stakeholders encouraged. | Involving key stakeholders encouraged. |
| Social Services | Adequate time Lack of funding | Proper planning | Enough time to prepare Mobilize resources |
| | Low attitude Dependence syndrome | Convincing them Empowering them to be self- reliant | More empowerment through public participation Recommend more meeting |
| | Ignorant Low attitude Lack of information | Empower them Capacity building | More meetings Inclusivity Sensitization thorough |
| | Funding Low attitude | capacity ballang | public participation More meetings |
| Vocational Training | Lack of adequate funds Delay in disbursement of funds Slow procurement processes Poor perception towards VTCs by the society Lack of enough modern tools and equipment to train skill relevant to current job market Lack linkages with relevant attachment agencies & industry | Procurement should start early in the financial year Prioritization of projects due to limited funding Sensitization of VTCs to the society. Capacity building of staffs in VTCs in managerial and pedagogical skills Establishment of linkages with relevant industries. | More funds should be allocated to this sector to assist our youths in acquiring vocational skills Create awareness to the society of the programmes offered in VTCs Organize refresher courses to the staff on emerging technologies and financial management Create collaboration and partnership with the relevant industries |

2.4. Health

2.4.1. Sector Priorities for 2018/2019

| Sector | Vision and Mission | Development Needs | Development Priorities |
|--------|---|---|--|
| Health | Vision A healthy and nationally competitive county Mission Deliberately build progressive response and sustainable technologically driven evidence based and Client-centered health system for accelerated attainment of highest standard of health to all Kenyans. | Improved funding Public private partnership Hiring of additional healthcare workers to alleviate shortage Capacity building Formulate a contingency plan for preparedness response and management of disaster emergencies Inter-sectoral collaboration Automation of supply chain Establishing county and sub counties warehouses Decentralization of health services Involvement of more partners Increased allocation from county government Automating Health Information System Analysis of planned versus allocated budget | Eliminate communicable diseases Halt and reverse rising burden of Non Communicable Diseases Reduce the burden of violence and injuries Provide essential health care Minimize exposure to health risk factors Strengthen collaboration with health related sectors Equity in distribution of health services and interventions A people centered approach to health and health interventions A participatory approach in delivery of interventions A multi sectoral approach to realizing health goals Efficiency in application of health technologies Social accountability |

2.4.2. Achievements for 2018/2019

| Project Name/Location | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievement during the period | Remarks |
|--------------------------|--|---|---------------------------|---|---|
| Capital Projects | | | | | |
| Lab equipment | Specialized laboratory equipment procured | No of electrolyte analyzers procured No of biochem analyzers procured No of hematology analyzers procured | To procure lab equipments | 2 electrolyte analyzers 3 biochem analyzers 6 hematology analyzers | There is need for more equipment since more labs are being opened |

| Project | Key Outcomes/ | Key | Planned | Achievement | Remarks |

2.4.3. Challenges, Lessons Learnt and Recommendations

| Challenges | Lessons Learnt | Recommendations |
|--|---|--|
| - Frequent power outages | We need a backup system to ensure continuous power supply | - Procure Generators for all sub county hospitals |
| - Poor health seeking behavior | Has led to increases new HIV infections | - Enhanced health education |
| - Delayed procurement process | - E- procurement takes time | Need to order early enough to prevent delays |
| Ignorance leading to late starting of ANC hence Low 4th ANC Coverage | - This can improve with continuous health education | - Targeted messages to encourage mothers to start ANC early |
| - Staff shortages with increased workload | - Compromised health care services | Keep on recruiting new officers to replace officers retiring |

2.5. Trade, Tourism, Investment, Agri-Business, and Cooperatives

2.5.1. Sector Priorities for 2018/2019

| Sub Sector | Key Strategic Priorities for 2018/2019 |
|------------------------|--|
| Trade, Industry, | General trade development in the county in line with National |
| Investment | trade policy Promotion and coordination of the development of |
| | micro, small and medium enterprises engaged in trade |
| | Collection of business information and management of |
| | county business information centres |
| | Promotion of exports in the county |
| | Undertake promotion of inter, intra-county and cross border trade. |
| Industrial Development | Promote private sector development through enterprise and |
| and investment | entrepreneurship development; |
| | Improve business environment and promote attractive investment |
| | climate; |
| | Broaden and deepen the export base and markets; |
| | Foster conducive linkages and collaboration mechanisms; |
| | Enhance the Department's capacity for quality service delivery |
| | Strengthen financial resource mobilization. |
| Tourism | Animal orphanage |
| | Cultural Festival |
| | Aberdare Product development through excursion |
| | Accessibility into the Aberdare's National park |
| | Development Ecolodges |
| Cooperatives | To strengthen policy framework to enhance growth of co-operatives. |
| | To strengthen legal framework to enhance growth of co-operatives |
| | To strengthen institutional framework to enhance growth of co- |
| | operatives. |
| | To strengthen policy framework to enhance growth of co-operatives. |
| | To build adequate capacity within the co-operative movement to ensure |
| | quick response to environmental challenges and emerging issues. |
| | To initiate, co-ordinate & implement co-operative special |
| | programs/projects. |

2.5.2. Achievements for 2018/2019

| Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievement During The Period | Remarks |
|---------------------------------|--|---|---|--|--|
| Trade | | | | | |
| Construction of open Air Market | Local Markets Development (Agri-Produce, Industrial and Service Sectors) | No of markets upgraded in each sub county No of markets sheds constructed | Upgrading of 20 markets in the county Construction of 2 markets per sub- county | 6 markets renovation projects ongoing at 50% completion. | The program is on-going expected completion FY 2019-2020 |

| Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievement During The Period | Remarks |
|---|---|---|---|--|---|
| | -Upgrade upcoming and existing markets Market linkages Market research Construction of new markets | | | | |
| Industrial Parks and Infrastructure Development | Increased value for the agricultural produce. Employment creation for the youth and other vulnerable groups | Increased value of the agro produce(fruits & vegetables | 1 industrial park | Not yet implemented. No budget in FY 2018-2019 | The program to be implemented 2019-2020 FY |
| Facilitate Local and Exports Market Development and promotion | Market surveys and -Access to new markets and sustainability of existing markets -Creating Regional Relations -Creation of Horticulture development Authority | Volume increase in export of products traded. | Re- organisation of the export market through remodelling. | Re- organisation of coffee, avocado and milk processing on- going. | The program is on-going expected completion FY2019-2020. |
| Annual equipment calibration and verification | Verification of weighing & measuring equipment | No. of equipment verified. | 5000 equipment verification | 3000 equipment verified | Lack of personnel and lack of resources e.g. transport to cover entire county. Program is ongoing |
| Trade Policy that promote entrepreneurship, creativity and innovations | Promote informal employment in Agriculture and non-agriculture employment | No of people employed through entrepreneurs hip & innovations | 100 jobs for women and youths | 100 Youth mentorship programs in progress | The program is on-going 2019/20 FY |
| Set up a well- equipped weights & measures laboratory | Improved service delivery | Improved living standards | No of equipment procured | Not yet implemented. No budget in FY 2018-2019 | The program to be implemented 2020-2021 FY |

| Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievement During The Period | Remarks |
|--|--|--|---|--|--|
| | | through trade promotion | | | |
| Departmental vehicle | Improved service delivery | Accuracy in weighing and measuring instruments used for trade | No of traders served | Not yet implemented. No budget in FY 2018-2019 | The vehicles to be purchased to be implemented 2019-2020 FY |
| Tourism | | | | | |
| Tourism Promotion and Marketing | To enhance County tourism attractions and sites awareness, both domestic and foreign visitors | No of tourists visiting our sites | 30,000 visitors per year | No clear data from hotels on visitors patronizing these hotels. | Hotels are uncooperative in revealing how many visitors they accommodate per day Hotels/sites |
| Tourism Infrastructure Development | Enhanced accessibility to areas that have tourism activities | No of Kilometres graded & gravelled | Gravelling of 9kmsThangat hi/githuri kareimani/ra pids camp rd Grading of 5kms Mugeka-Mukurwe wa Nyagathanga rd | Thangathi/git huri kareimani/rap ids partially gravelled, contractor left site before completion of work | The project stalled during the heavy rains, contractor yet to resume at the site. |
| Tourism Training and Capacity Building & standardization Agribusiness | Improve quality of service rendered to customers patronizing tourism facilities in the county. Hotel standardization | Partnership with relevant agencies that offer the services, Tourism fund, Utalii, and TRA | No of workshop training carried out | 5 workshops and training collaborations | More workshops and training collaborations to be implemented in the FY 2019-2020. |
| Makuyu pack | Quantity of | volume of | Operationalis | Upgraded to | Operationalisa |
| house | produce packed and marketed | produce marketed through the pack house | ation and handling of farm produce for the county | meet market standards | tion expected in FY 2019- 2020 |
| Capacity building | Enhanced farmer competitiveness | - increase in prices of produce | No. of marketing contracts | 5% increase in volume of produce sold | Program is ongoing. |

| Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievement During The Period | Remarks |
|------------------------------------|--|--|---|---|---|
| | in local and export markets and increased business | -No. of farmers linked to buying agencies | signed between farmers and buyers. Change in volume of produce sold through contract | through signed contracts. | |
| Cooperatives | | | | | |
| Education & training | -More enlightened Co- operative members | No. of members trainedNo. of new members recruited | Train 120,000 members of 200 Co- operatives -Train 2,000 leaders -Train 305 staff members | Trained 150,000 members of 210 Co- operatives -Train 5,000 leaders -Train 326 staff members | We can educate more if facilitated |
| Registration of New Societies | -Enhanced social/economic empowerment through co-operatives. | Registration documents forwarded. General Meetings held. Members in attendanceConstitution of officeforwarding of certificates to societies. | Promote 10 new Co- operative Societies. | Promoted 17 new Co- operative Societies. | Registration is member/coun ty government driven process |
| Revival of dormant societies | -More people benefit of Co- operatives | Initiate revival of Dormant societies revived. | 4 revived co- operative societies | 5 revived co- operative societies | Some co- operatives become dormant once they achieve their objectives |
| Establishment of co-operative fund | A pool of a fund where cooperative | No. of cooperative societies | Establish a seed fund for | | More concerted efforts |

| Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievement During The Period | Remarks |
|--|---|--|---|---|--|
| | societies can borrow | borrowing and repaying | co- operatives | | between all actors is required |
| Establishment of milk refrigeration and generators | Reduction of spoilt milk due to power failure | No. of milk refrigerators and generators installed. | Value added Dairy products in 38 dairy co- operatives | 16 refrigerators and generators installed | Allocation of more funds required to complete the exercise |
| Routine maintenance and repair. ii. Infrastructural repairs. iii] Dairy coolers consumables acquisition. | Efficient operations of the dairies | No. of maintenance trips made and the no. of consumables acquired. | | | |
| Rehabilitation of coffee societies | Reduction of operational costs | No. of coffee factories rehabilitated | i) Improved quality and quantity 50 trees per farmer. ii) Increased pulping efficiency 135 coffee factories | Provision of 50 coffee seedlings per farmer | Rehabilitation of factories infrastructure is underway |
| Merger, divisions and liquidation | Increased efficiency in cooperatives | No. of mergers, divisions and liquidations done | To merge / divide 2 co- operatives | 1 society liquidated | Merger, divisions and liquidation are member driven. |
| Develop an electronic management system in the following cooperative: i)Coffee ii)Dairy iii)Wajane iv)Ufundi kwa vijana v)PWD Saccos vi)Quarry saccos vii)Touts Saccos | Increased efficiency in cooperatives | A running electronic management system | Management Information systems in most co- operatives e.g. Digital coffee weighing machines | | Acquisition of the electronic system is underway. |

| Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievement During The Period | Remarks |
|--|---|--|---|---|---|
| viii)Salons and barbers ix)Avocados x)Bananas xi)Macadamia | | | | | |
| Co-operative inspection and spot check Co-operative inquiry | -Well managed co-operatives | No. of inspections and spot checks conducted | i)Inspection reports ii)75 dairy/coffee inspections iii)4 others | 80 dairy inspections and 8 other inspection conducted | More resources are required to conduct this exercise. |
| Continuous audit and investigations | Increased accountability and transparency | No. of audits and investigations conducted | 90 audited financial statements and reports. Management letters | 105 audited financial statements and reports. Management letters | |
| Registration of audited accounts | Standardized sorting system | No. of registered audited accounts | 90 certified audited financial statements | 105 certified audited financial statements | |
| Budget monitoring and evaluation | Accountability and transparency enhanced compliance | No. of budgets monitored and evaluated | Reports 300 | 304 reports made | This is a critical monitoring tool |
| Co-operative ethics | Improved governance compliance with the law | Decrease in wrangles, dividend payouts made, payment to farmers etc. | Close monitoring of all co- operatives | continuous | Continuous exercise |
| Co-operative information | Co-operative bill/ rules done | Cooperative Act/ Rules developed | Cooperative Act/ Rules developed | Draft bill done | At the assembly for enactment |
| Co-operative research | To have cooperative that adapt easily to market changes | No. of researches done | Continuous research on co- operatives | | |
| Data bank/resource centre | To have interventions/ mitigations required | Documented data banks | | 1 data bank documented | More resource allocation required |

| Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievement During The Period | Remarks |
|---|--------------------------------------|--|--|-------------------------------------|--|
| Co-operative business venture | Explore new areas for business | No. of business ventures explored | | | |
| Strategic plans departmental i)Coffee ii)Dairy iii)Wajane iv)Ufundi kwa vijana v)PWD Sacco's vi)Quarry Sacco's vii)Touts Sacco's viii)Salons and barbers ix)Avocados x)Bananas xi)Macadamia | Clear road map for cooperatives | No. of strategic plans developed sector wise. | Register co- operatives target all sectors in the entire county | 20 strategic plans developed. | Efforts from all actors are required to conduct this exercise. |

2.5.3. Analysis of Capital and Non-Capital Projects for 2018/2019

Annex 1.5

2.5.4. Payment of Grants, Benefits and Subsidies

| Type of payment(e.g. bursary, biashara fund) etc. | Budgeted amount (ksh) | Actual amount paid (ksh.) | Beneficiary | Remarks |
|---|--------------------------|---------------------------|------------------|----------------|
| Trade, Industry and Investment | ent | I | | |
| Payment of certification and | 1 M | 1 M | Producer | For improved |

| upcoming producer | | | | regional and |
| marketing groups. | | | | international |
| | | | | markets |

2.5.5. Challenges, Lessons Learnt and Recommendations

| Sub- Sector | Challenges | Lessons learnt | Recommendations |
|--|--|--|--|
| Trade, Industry and Investments Tourism | Insufficient funding. Delayed disbursement. | Splitting of project and extending it over a longer period of time | Establishing a PPP (Public Private Partnership) |
| | Mobility challenges. Lack of vehicular support | There is need to have departmental vehicles and motorbikes in order to reach the far areas of the County and offer the much needed services. | The department needs to ensure efficient staff mobility. |

| Low staff numbers in the departments | Current number of staff are 1:1000 for the county making it difficult to reach majority of the people. | There is need to increase the number of staff in the department. |
|---|--|--|
| Lack of a revolving fund. | A revolving fund would assist traders and SME's to improve their income generating activities. | The revival of the Joint Loans Board or such a fund is necessary. |
| Climate change and weather | Weather patterns can affect SME income | The departments needs to keep an eye on the weather patterns in order to educate farmers adequately. |
| Unwillingness by hotels in getting monthly data on patrons visiting their premises. | Hotels feel collection of data will work against them. | Educate hotels on the necessity of having data. |

2.6. Environment and Climate Change

2.6.1. Sector Priorities for 2018/2019

| Sub Sector | Key Strategic Priorities for 2018/2019 |
|-------------|--|
| Environment | Environment management and protection |
| | Water catchment areas protection/rehabilitation |
| | Rehabilitation of the quarries and restore the degraded areas |
| | Building resilience to the efforts of climate change |
| | Taking the county on a low carbon emission pathway |

2.6.3. Analysis of Capital and Non-Capital Projects for 2018/2019

Annex 1.6

2.6.4. Challenges, Lessons Learnt and Recommendations

| Sector | Challenges | Lesson Learnt | Recommendations |
|-------------------------|---|--|--|
| Environment and Climate | Delayed Supply of procured goods and services by suppliers | Affects the following year budget | Timely procurement and follow-up |
| Change | Inadequate and unreliable waste collection vehicles | It's expensive to maintain the old vehicles. | Procurement of new Garbage trucks Privatization of waste |
| | Delayed release of waste management funds by the county treasury. | | collection services |
| | Unreliable weather condition | Affects the departmental planned programs like tree planting | Consult meteorological department during planning period |
| | Inadequate funding | Developing partnerships with KFS, Upper Tana, training institutions and private sector is critical | Develop PPPs Lobbying in the county assembly committee on environment |

2.7. Land, Housing and Urban Development

2.7.1. Sector Priorities for 2018/2019

| Sub Sector | Key Strategic Priorities for 2018/2019 |
|-------------------|--|
| | |
| Lands and Housing | Enhance revenue streams in collaboration with department of finance |
| | Provision of land for housing and industrial development |
| | Succession programs |
| | Planning, survey and mapping of all urban plots |
| | Land information management for public and private land Repossessing and securing public land |
| Municipality | Enhance revenue streams in collaboration with department of finance |
| | Urban renewal and redevelopment program |
| | Set up urban management system as provided in Urban Areas and Cities Act And Implement NUDP for sustainable development. |
| | Sustainable solid and liquid waste disposal mechanism |
| | Well-articulated and efficient Storm water drainage systems in major towns and market centres |
| | Preparation of Integrated plans of all urban centres and towns |
| | Urban research and data management |
| | Zoning of parks, open spaces and play fields |
| | Establish urban parks |
| | Beautification of open spaces |

2.7.2. Achievements for 2018/2019

A. Lands and Housing

| Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievement During The Period | Remarks |
|-----------------------------------|--|--|---|---|--|
| Street Lightening | - Improved street Lighting | - No. of Streets lighted | - Kiharu Estate - Mumbi Estate - Mjini Estate | - Kiharu and Mumbi estates lighted by KPLC, Flood lights placed at Mjini at the Mumbi-Mjini junction and at Mjini Mosque | - Murang'a county was on involved in the placement of flood lights at Mjini |
| Planning Market Centres | - Planned Market Centers | No. of Market centers planned and approved with PDP's | - Kenol Market | - Not planned | - Inadequate funding |
| GIS Lab Installation | - Operational GIS Labs | - No. of GIS Labs | - 1 GIS Lab | - 1 operational GIS Lab (Lands Building Murang'a) | - Completed Lab awaiting computer accessories and software |
| Parts Development Plans | - Planned Public Purpose Uses | No. of Approved plans/PDP's for public purpose | - 25 PDPs | - 11 PDP's | PDP's prepared as per resources allocated |
| Mjini and Kiharu Replanning | - Re-planned Mjini and Kiharu Estates | - No. of Approved Land use Plan / map/allotment letters/title deeds | - All parcels in Mjini and Kiharu Estates | 70% of plots in Mjini have allotment letters Kiharu estates Re-planned awaiting approval | The process of issuing allotment letters to Mjini residents is ongoing Kiharu process awaiting verification of documents. |
| Spatial Plan | - Well planned Towns and Centers within Murang'a | - No. of Spatial Plans in place | - All towns and centers planned | - 90% done | Ongoing ground truthing and analysis breakdown |
| Wetland and Dam Protections | Well recorded wetlands and riparian areas Well Enforced and protected wetlands and riparian areas | No. of wetlands and riparian areas recorded No. of Wetlands protected | - Lower Murang'a Region wetlands and Riparian regions | - | - No resources allocated for the sub- program |
| Estate Management | - Well maintained Government buildings and fenced dams | No. of Buildings repaired and maintained No. of Dams with Fences | - 50 Buildings - 20 Dams | | - Delayed release of funding |

2.9. Agriculture, Livestock and Fisheries

2.9.1. Key Strategic Sector Priorities for 2018/2019

| Sub Sector | Key Strategic Priorities for 2018/2019 |
|------------------|---|
| Crop development | Promote management and conservation of the natural resource base for agriculture Promote marketing and value addition of crop produce and products Assessing food requirements, deficits, post-harvest losses and crop production trends Participate in the formulation, implementation and monitoring agricultural legislations, regulations and policies affecting crop subsector liaise with extension staff and farmers to identify problems for further investigations and research Support crop research and promote technology delivery Develop, implement and coordinate programmes in the crop sub-sector Management and control of pests and diseases in crops Monitor the availability and quality of farm inputs, produce and products from the crop sub-sector Provide agricultural extension services in crop production Capacity building and technical backstopping crop extension agents on crop management and development in the county Collect, maintain and manage information on the crops sub-sector Provision and facilitation of livestock extension services in the county. |
| development | Formulation, implementation and monitoring of County livestock production policies. Production and coordination of livestock production programmes in the county. Setting livestock county research agenda, liaison and coordination. Enhance and promote production of emerging livestock. Promote management of livestock information and setting the agenda for monitoring and management of food security. Promote management and conservation of livestock natural resource base. Mainstreaming gender, youth, PLWDs and HIV/AIDS concerns into livestock Facilitation of livestock marketing and value addition of livestock products and by-products. Facilitate regulatory management and quality control of livestock inputs, produce and products. |
| Veterinary | Develop, review and Implement veterinary policies, strategies and laws; Control, management, Surveillance, investigation and diagnosis of Animal diseases and vectors; Provide Veterinary Laboratory Diagnostic Services; Control zoonotic diseases; Provide Quality Assurance of Veterinary Inputs and Products; Inspect, regulate and Certify Animals, Animal Products, premises and meat carriers; Prevent Environmental Pollution related to processing of animal products; Provide Animal Breeding services; Provide Animal Health Extension services; Mainstream Animal Welfare in animal industry; Provide Forensic Investigations services; Provide herd health and clinical services; Improve quality of Hides, Skins and Leather Development; Develop, coordinate, implement, monitor and evaluate veterinary programs and projects; |

| | Provide capacity building and training of Veterinary Services Providers; Assist in revenue Collection from Veterinary Services; Liaise and collaborate with development partners, institutions and other relevant stakeholders to promote research in Animal Health; and Carry out research on Animal health to improve service delivery. |
|-------------------|---|
| Fisheries | Management of fisheries related infrastructure (e.g. cold chain facilities along the fish value chain, fish roads and fish landing receptors Enforcement of fisheries regulations and compliance Digitization and demarcation and development of maps for cage culture potential areas Recreational fisheries. Promote and coordinate development of aquaculture Coordination of the preparation, review and implementation of county's specific fisheries management policies and plans Coordinate the management and development of inland fisheries. Promote the development county fish seed bulking units. Promotion of fish quality assurance, value addition and marketing Promote and strengthen fisheries extension services. Provision of extension services to the fisheries stakeholders in the value chain. Fisheries licensing. On farm trials and Outreach - eat more fish campaigns. Zonation for aquaculture County specific disease control Monitoring and Evaluation (M&E) of fisheries programs and projects. |
| KATC Mariira Farm | Development of the model farm and training facilities Expansion of fodder crops Training of farmers and stakeholders. |

| | | Indicators | | Period | |
| Fisheries | 1913 farm visits | No of farm visits | 1200 farm visits | 1913 farm | Performance |
| Extension | carried. | No of field | | visits/follow | was on |
| program | 112farmer group trainings. | days/exhibitions | 96 farmer trainings | ups | target. |

| | 60 field days'/exhibitions trainings | No of field demonstration | 32 field days | 112 farmer trainings | |
|--|--|---|--|--|-------------------------|
| | Collected Kshs 108,000 as A.I.A | Amount in kshs collected as A.I.A | 24on farm demonstrations Collect Kshs 100,000 in revenue | 60 farmer demonstrations and field days Collected Kshs 108,000 | |
| Formation of Murang'a Fish co-operatives | 3 fisheries cooperatives formed | No of fisheries cooperatives formed | 8 Sub counties fisheries cooperatives | 3 Fisheries cooperatives formed | Lack of facilitation |

D. Value Chain Development

| Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievement During The Period | Remarks |
|---|--|--|--|---|---|
| Cash crop development | - Increased values of crops production and incomes | Number of cottage industries Coffee act drafted Inventory of coffee nursery in place | - Coffee act - Macadamia concept on cottage industry - Avocado concept on cottage industry - Inventory of coffee nurseries | - Draft coffee act - Avocado and macadamia concept done - Inventory of coffee nurseries completed | - Cash flow challen ges |
| Organic agriculture development | - Policy on organic agriculture | - Draft organic agriculture policy | - Stakeholder validation of organic agriculture policy | - Draft organic agriculture policy - Inventory of organic groups - Organic demos on bio pesticide | - No funds allocated - Demos funded by donors |
| Quality assurance and monitoring | - issuance of coffee pulping / growers license - tracking of issued licensesupdating of licenses inventory | - Licenses issued and tracked | - Issuing of pulping licenses | - 5 pulping licenses issued | - Devolved functions not yet clear in law. Conflict of coding still exist across zones and yet to be solved |

E. KATC Mariira Farm

| Sub programme | Key Outcomes/ Outputs | Key Performance | Plant Targets | Achieved During the | Remarks |
|------------------------------------|--|---|---|---|---|
| p. 55 | | Indicator | | Period | |
| Farmers and stakeholders training | Increased adoption to Agricultural technologies | -No. of trainings -No. of people trained | -12 trainings, -2 field days -Train 7,000 people | -Held 15 -2 field days held -Trainings attended by - 11,684 people trained | Achieved through collaborations with stakeholders |
| Improvement of training facilities | Establishment of demonstration and model farm Establishment of apiary | Acreage of demo plot. No. of demonstrations . Apiary structure No. of hives | 5 acres (20 crops types & 10 fodder types) 1 apiary (10 hives) | 5 acres (25 crops and 21 fodder types) 1 apiary structure (10 hives) | Achieved through collaborations with stakeholders Repairs of old hives done |

F. Veterinary

| Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievement During The Period | Remarks |
|--|---|---|--|---|---|
| Livestock Breeding | 8,211 cattle inseminated 2,463 female calves | Number of inseminations Number of pregnant cows Number of born calves | 12,125 number of inseminations | 8,211 cattle inseminated 2,463 heifer calves born KShs 3,216,600 was raised | The program was picking up |
| Veterinary Disease and Pest Control | 37,335 cattle vaccinated against LSD/Anthrax/Ri ft valley Fever/Foot and Mouth Disease. 631 goat vaccinated against RVF. and 12,482 dogs against Rabies | Number of cattle and dogs vaccinated. | Vaccination of 44,000 cattle against LSD/Anthrax/R ift valley Fever/Foot and Mouth Disease. Vaccination of 5,000 dogs against rabies. | 37,335 cattle vaccinated against LSD/Anthrax/Rift valley Fever/Foot and Mouth Disease. 631 goat vaccinated against RVF. 12,482 dogs vaccinated against Rabies | Number of vaccinated dogs increased when charges were temporarily waived during Rabies outbreak. |
| Meat Inspectorate (Veterinary Public Health) | 39,340 cattle 4,213 goat 5,948 sheep 33,238 pigs Revenue of KShs | Number of animal carcasses inspected, Amount of revenue raised | 1) Inspection of 37,600 bovines, 26,350 porcine, 4,750 sheep and | 39,340 cattle 4,213 goat 5,948 sheep 33,238 pigs Revenue of KShs 11,699,850 raised | Consumptio n of pork has increased |

| | 11,699,850 raised for county government | | 5,470 goat's carcasses 3) Raise KShs 10,666,000 M | for county government | |
|---|---|---|--|---|---|
| Hides and Skins Improvement and Leather Development | Production of 39,878 hides, 5,360 goat skins and 6,375 sheep skins. 8 trainings of flayers and traders. | 1) Number of hides and skins produced 2) Number of trainings performed | 1) Production of 38,000 grade one hides, 6,000 goat skins, and 7,000 sheep skins. 2) Conduct monthly trainings of flayers and traders for 12 months | Production of 39,878 hides, 5,360 goat skins and 6,375 sheep skins. 8 trainings of flayers and traders. | Value of Hides decreased from 30/- to 20/- per kg while Skins decreased from 100/- to 80/- per piece. |
| Veterinary Extension Services | 45,732 farmers visited by veterinary extension agents 35 field staffs were trained on Anthrax disease surveillance. | Number of farmers educated, Number of staff trained, Number of staff recruited, | Educate 45,500 farmers 2) Train 40 field staffs 3) Install an on line disease surveillance soft ware | 45,732 farmers visited by veterinary extension agents 35 field staffs were trained on Anthrax disease surveillance. | Veterinary Field Extension staffs has decreased due to retirement and natural attrition |
| Veterinary Laboratory Services | Laboratory renovated and equipped Recruit Laboratory Technologist | Number of laboratories renovated and equipped, Number of technologists recruited | Equip veterinary laboratory at Kiharu, And Recruit 2 laboratory Technologists | One Laboratory renovated but not yet equipped | - |

G. National Agricultural Rural Inclusive Growth Programme (NARIGP)

| Sub Program | Key Outcomes/ Outputs | Key Performance Indicators | Planned Targets | Achievement During The Period | Remarks |
|---|--------------------------|----------------------------------|--------------------|-------------------------------|-------------------------------|
| PICD process | CDPs and MCAPs | No. of PICDs | 20 | 20 | |
| Formation of CDDCs | CDDCs | No. of CDDCs | 20 | 20 | |
| Training of CDDCs | Trained CDDCs | No.of CDDCs trained | 20 | 20 | |
| Preparation and signing of MOUs between CDDCs and county government | MOUs signed | Signed MOUs | 20 | 20 | |
| SPs Recruitment | SPs recruited | No. of SPs | 4 | 0 | EOI advertised and evaluation |

| | | | | | of bids was |
|---|---|--|-----|-----|---|
| | | | | | done |
| Micro-project proposals development, validation and approvals | Micro projects approved | No. of micro projects approved | 152 | 116 | Validation and verificationwas done |
| Enhanced | Capacity | No. of county | 40 | 0 | Awaiting |
| Capacity of County Technical Departments | Building plan implemented | technical staff trained No. of days CTDs facilitated. | 20 | 15 | development of capacity building plan |
| | | No. of tools and equipment (disaggregated by type) No. of man-days STE provided | 10 | 10 | To identify multi- community project For Survey and design of Ititu- Ikundu irrigation |
| | | | | | project |
| | Capacity Building plan developed | No. of Capacity Needs identified (disaggregated by type) | - | - | Capacity Needs assessment done and report on the needs identified is being prepared |
| Multi-Community Investments Implemented | Investments in Key Agricultural Development and Rural Infrastructure co-financed | No. of multi- community investments implemented (disaggregated by landscape wide /NRM & VC related infrastructure) | 1 | 1 | SLM and Irrigation Ititu - Ikundu Irrigation project |
| | County Level Investments prioritized in County ADP | No. of County Level investments prioritized in CADP for financing | 1 | 1 | Ititu - Ikundu Irrigation project |
| | County Level Investments Integrated in CIDP | No. of County Level Investments Integrated in CIDP | 1 | 1 | Ititu - Ikundu Irrigation project |
| | Citizen engagement in project identification enhanced | No. of citizen consultation fora held | 20 | 21 | For all wards and SCTT |
| | Multi-community investments projects identified | No. of Multi- community investments projects identified | 1 | 1 | Ititu - Ikundu Irrigation project |

| | Concept Notes on VC related investments approved | No. of Concept Notes on VC related investments approved | 1 | 0 | Concept notes not prepared as P O identification and vetting is ongoing |
|--|--|---|--------|--------|--|
| | Stakeholder awareness created | No. of stakeholder reached through various fora/platforms | 10,000 | 14,932 | County Technical departments, county and ward leaders and stakeholders |
| | Concept Notes developed by POS | No. of Concept Notes developed by POs | 2 | 0 | P O identification and vetting is ongoing |
| | Cash for work employment opportunities created | No. of labour- days completed | 20,000 | 0 | Implementation of multi community projects has not started |
| Value chain development | Value chain identified | No of value chain approved | 4 | 4 | Dairy, Tc banana, Avocado and chicken |
| | Value chain mapped to wards | Report of value chain mapping | 1 | 1 | For all the four value chains |
| | Plat form established | No of platforms established | 4 | 4 | |
| Identification of Producer organizations | Producer organization identified for support | No of producer organization approved | 4 | 4 | One per value chain |
| Project Coordination and Management | Project management structures established and operationalized | No of meetings held | 8 | 8 | CPSC,CTAC |
| | Project management structures establish shed and operationalized | No. of Weekly staff meetings held | 10 | 14 | CPCU |

2.9.3. Analysis of Capital and Non-Capital Projects for 2018/2019

Annex 1.10

2.9.4. Payment of Grants, Benefits and Subsidies

A. Agriculture (Crops)

| Type of payment(e.g. bursary, biashara fund) etc. | Budgeted amount (ksh.) | Actual amount paid (ksh.) | Beneficiary | Remarks |
|---|------------------------------|---------------------------------|--------------------|--|
| Agriculture CROPS | | | | |
| Avocado seedlings | 30M | 25.3M | 100,125 farmers | 500,000 seedlings distributed. MOU signed between Upper Tana Water fund and MCG where each procured 250,000 seedlings. |
| Hybrid maize, Fertilizer and other inputs | 196M | 177M | 249,950 farmers | -500MT of assorted hybrid maize varieties and 50,000(50kg bags) fertilizer was procured and distribute. |

2.9.5. Challenges, Lessons Learnt and Recommendations

| Sub Sector | Challenges | Lessons Learnt | Recommendations |
|-------------------|--|---|---|
| Agriculture Crops | - Low soil fertility for crop production - High input prices - High incidences of pests and diseases High cost of credits for agriculture inputs Inadequate extension services - Poor access to quality planting materials Erratic and low rainfall Aged farmers - Low produce prices. | Receding workforce and inadequate mobility resulted to low coverage of farmers by extension staff. Provision of agriculture inputs by MCG has increased productivity and profitability of maize and hass avocado. High dependency on rain fed agriculture resulted to low crop yields Low participation of youth in agriculture resulted to poor uptake of new technologies. | Promote soil testing and fertility management Continue farm input subsidy Programme (hybrid maize Manure and fertilizer subsidy) Promote bulk input purchases through producer and marketing cooperatives. Diseases forecasting and surveillance of pests and diseases. Promote use of pest and diseases tolerant/ resistant planting materials. Collaboration with research organizations and international bodies on control and management of emerging and migratory pests and diseases. Capacity building farmers on integrated pest and diseases management Link farmer's / farmers' organizations to credit providers Recruitment of agricultural extension agents to replace those exiting service. Collaboration with other extension service providers. Ensure adequate facilitation to extension service providers. Promotion of ICT in extension service delivery. Enforcement of relevant regulations on seed multiplication and distribution |

| Livestock Development | Inadequate funding of departmental activities Inadequate extension staff Inadequate transport facilities Prolonged drought that affected fodder availability | Innovation in service delivery, groups training approach due to inadequate staff There is need for fodder conservation | Encourage farmers to adopt crop insurance. Adopt climate smart agriculture practices Promote drought resistant/tolerant crops Introduce youth friendly technologies. Encourage the youth to participate at the appropriate nodes of the value chains Promote collective marketing Train farmers on conducting market survey Staff should be trained on innovative extension approaches Farmers should practice climate smart agriculture |
|--------------------------|---|--|--|
| KATC Mariira Farm | Poor of awareness of the training programme at KATC Mariira farm by farmers Inadequate transport facilities for outreach services Inadequate funding for KATC activities. Inadequate training infrastructure. | Need to collaborate with county wide stakeholders in promoting KATC service charter. Need to employ ICT based extension methodology Need for collaboration with other stakeholders in training farmers | Branding of KATC Mariira Farm to create and promote awareness and mobilization of farmers for training. Creating digital platform for farmers for farmers Need to mobilize funds from development partners |

2.10. Water and Irrigation

2.10.1. Sector Priorities for 2018/2019

A. Irrigation

| Sub Program | Key Outcomes/ Outputs | Key Performance | Planned | Achievement During The Period | Remarks |
|----------------------------------|--|---|---|---|---|
| | Outputs | Indicators | Targets | The Period | |
| Irrigation | Increased | -Ha. of land | - To convey | - Community | - Most of the |
| Development and Management | household incomes and food security -area under irrigation | under irrigation -No. of household connected with | irrigation water to the farms to enable famers to undertake intensive | mobilization - Stake holder analysis - Capacity building - 10 farmers connected with irrigation water | achievements were through community initiatives - Resource mobilization for |

| | | irrigation | horticultural | through own | infrastructural |
|----------------------------|-------------------------------|------------------------|---------------|------------------------|------------------------|
| | | water | farming | contribution | development |
| | | | | - Profile survey | was ongoing |
| | | | | - Review of project | |
| | | | | BOQs | |
| | | | | - On farm visits | |
| | | | | achieved | |
| | | | | - 4No. quarterly and | |
| | | | | one annual reports | |
| | | | | submitted to County | |
| | | | | Director of Irrigation | |
| Monitoring | Efficiency in | Number of | 38 reports | 59 reports | All reports |
| and | project | reports | | | required were |
| evaluation | implementation |) I | | | written. |
| Institutional | Increased | No. of Stakeholders | 8 Forums | 26 Forums | -achievements |
| strengthening and capacity | knowledge and skills of staff | forum | Capacity | 59 irrigation groups | were through community |
| building | and farmers on | No. of | building | covering | involvement |
| | irrigation | trainings | (training) of | | and |
| | technology. | | 38 irrigation | | initiatives. |
| | | | groups | | |

2.10.2. Challenges, Lessons Learnt and Recommendations

| Sector | Challenges | Lessons Learnt | Recommendations |
|------------|-----------------------------|--|--|
| Irrigation | In adequate resources | The department is understaffed There is need for an adequate transport means | Recruitment of technical staff Availability of transport means |
| | | Need for usage of modern Tools and Equipment such as total station, quick set and GPRS | Capacity building and procurement of modern tools and equipment |
| | | Involvement of Community towards project planning stage and implementation | Adequate stakeholders engagement and sensitization |
| | | Adequate and timely Funding for programmes/projects | Proper budgeting |
| | Climate | Water fluctuation due to | Conservation of wet lands |
| | change | Climate change | Construction of flood water storage structures such as dams, water pans and storage tanks |
| | | | Improving on irrigation technology such as drip method |
| | Available policies | High statutory and legal requirements e.g. NEMA, WRA and others are exorbitant to farmers | Review of legal fees |
| | | Conflicting policy issues e.g. Agriculture Act, Water Act and Forest Act | Harmonization of policies |
| | Conflict of interest | There is need of public participation | Adherence with the agreed plans A lot of sensitization has to be done if the target community is expected to participate fully in identification and prioritization of projects. |

CHAPTER THREE

COUNTY STRATEGIC PRIORITIES, PROGRAMMES AND PROJECTS

3.0. Introduction

This chapter outlines the sector/sub sector strategic priorities, programmes and projects for the Financial Year 2020-2021. The chapter highlights cross cutting issues such as climate change, environmental degradation, disaster risk management, HIV AIDS, gender, youth, PWDs among other issues. It also documents key broad priorities, sector resource requirements, sector/sub sector performance indicators and major stakeholders.

3.1. Public Service & Administration

3.1.1. Sector Vision, Mission, and Strategic Priorities for 2020/2021

| Sub-Sector | Vision and Mission | Development Needs | Development Priorities |
|------------|--------------------------|--|--|
| Human | Vision | - Strategic fit between | - Strategic Human Resource |
| Resource | To be an effective and | Human Resource and the | Plan |
| | efficient facilitator in | organization strategy. | - County organizational |
| | resource mobilization, | - An appropriate County | structures |
| | policy formulation and | Organizational structure and | - Recruitment and maintenance |
| | implementation | workload analysis | policy |
| | | - Adequate and Properly | - Training and Development |
| | | placed Personnel | policy |
| | | - Enhance Continuous | - Effective and efficient |
| | | Capacity building | Performance Management |
| | | - Results Based performance | System |
| | | - Enhance Employee Welfare | - Employee welfare policy |
| | | - Cordial Industrial Relations | - A County industrial dispute |
| | | - Easy access to Human Resource Records | resolution framework - Effective and efficient record |
| | | Resource Records | |
| Public | Vision | - Promotion of best labor | management system - Establishment and abolition |
| Service | Provision & | practices in recruitment, | of offices; |
| Board | development of human | allocating, | - Recruitment of competent |
| Boul a | capital with a | - motivating and effectively | staff to fill the offices, |
| | difference. | utilizing human resources | - Human resource management |
| | | for improved public service | and development |
| | Mission | delivery | - Performance Management |
| | To Transform Murang'a | - Promotion of public service | - Promotion of values and |
| | County Public Service to | integrity | principles of public service' |
| | be efficient & effective | | - Evaluation of the extent to |
| | in Service delivery | | which the values and |
| | | | principles have been |
| | | | complied with |
| Governors | Vision | - Enhance Coordination of | - Improve efficiency in |
| hip | To be the leading sector | County Government | coordination |
| | in service delivery to | functions. | - Optimized communication |
| | the satisfaction of the | Improve communication within and outside the | channels |
| | public | | - Implement the M & E Policy |
| | Mission | County | - Support in terms of resource allocation. |
| | WISSIGH | | auocation. |

| Sub-Sector | | Development Needs | Development Priorities |
|------------|--|---|---|
| | To provide overall leadership and policy direction in resource mobilization, management and accountability for quality public service delivery | Enhance Monitoring and Evaluation function. Effective office and field Administration Prevention and Reduction of alcohol and drug abuse Enhance enforcement functions in the County Strengthening Legal Services Improve Disaster Preparation | Public awareness creation and enforcement of existing laws. Recruitment and training of enforcement personnel Operationalize legal department Support through adequate resource allocation |

3.1.2. Analysis of Capital and Non-Capital Projects for 2020/2021

Annex 1.1

3.1.3. Cross - Sectoral Implementation Considerations

| Programme | Sector | Cross-sector Imp | act | Measures to Harness |
|---|---|--|--|---|
| Name | | | | or Mitigate the Impact |
| | | Synergies | Adverse impact | |
| Governorship | | | | |
| Administration, Planning and Support Services | All sectors/Departmen ts | Coordination and Cooperation | Ineffective administration and management system | Establishing well defined structures |
| Government Advisory Services | International Agencies and National Government and other Counties | Social and Economic Growth through grants, trainings and equipment Cohesion | Conditional grants hamper efficient allocation of resources National Government functions affecting the County e.g. security, Funds, education etc. Delay in law/ Policy enactment e.g. CARA | Well outlined agreements and MOU when issuing grants Agreement between the Council of Governors and the National Executive on working relations The senate to give time lines on enactment of certain laws such as CARA |
| Leadership and Coordination of MDAs | All Departments and the National Government | - Efficiency in service delivery - Environmental Conservation - Disaster Risk Reduction | - Inefficient Management - Environmental Degradation and Pollution - Non-resilient Society | Setting cross-sectoral and other agencies committees Engagement of all related agencies in enforcing laws and policies Sensitization Programs on mitigation and |

| Programme Name | Sector | Cross-sector Impact | | Measures to Harness or Mitigate the Impact |
|---|--|---|--|--|
| | | Synergies | Adverse impact | |
| | | | | prevention measures of disaster |
| Monitoring & Evaluation of County development projects and programs | All Departments County Assembly | - Proper project planning and implementation - Adequate project resourcing - Proper structuring of the M&E Unit/Service Delivery Unit | Inappropriate project designing and planning and lack of stakeholder involvement Inadequate resourcing Failure to recognize the importance of the M&E unit | - Capacity building of the Departmental project teams in project planning, designing and risk management - Lobby for international support / development partner's / project grants - Lobby for executive support to structure the M&E unit and/or Service Delivery Unit |
| Recruitment | -All Sectors | - Identification of departmental recruitment needs | Increased wage Bill. | - Departments to do elaborate human resource needs analysis |
| Training & Development | -All Sectors | - Identification of departmental training and development needs | High training cost Resource constrains | - Partnership with - training Institution and other agencies - Diversify sources of grants and aids for training - Departments to do comprehensive training needs analysis |
| - Sub Sector: Hum | | L a . ca | T 5 | |
| Human Resource Management and Development | Public Service Board All Departments County Assembly | - Sufficient workforce - Improved service delivery | - Resource Constraints - Interests delay in decision making | - Training - Establish timelines - Enhance efficiency in resource mobilization |
| | | - Highly skilled and productive workforce | - Resource Constraints | - Partnerships with training institutions and other agencies. |
| Records Management | The Office of the County Secretary All Departments | - | - Long document filing and retrieval processes | - Establish of efficient and effective record management procedures - Training |
| Industrial Relations | Trade Unions All Departments Public Service Board | - Harmonious industrial relations | - Frequent industrial unrest | - Implement an open door policy |
| Performance Management | All Departments County Public Service Board County Assembly | - Improved employee Performance and quality service delivery | - | - Motivation of employees and performance contracting |

| Programme Name | Sector | Cross-sector Impact | | Measures to Harness or Mitigate the Impact |
|-----------------------|--|-------------------------------|-------------------------------|--|
| | | Synergies | Adverse impact | |
| Policy Formulation | County Public Service Board All departments County Assembly | - Improve service delivery | - Delay in decision making | - Set up policy formulation frameworks |

3.1.4. Payment of Grants, Benefits and Subsidies for 2020/2021

| Type of payment (e.g. Education bursary, biashara fund etc.) | Amount (Ksh.) | Beneficiary | Purpose |
|--|---------------|---------------------|-----------------------------|
| Emergency / Humanitarian | 10 Million | Disaster Victims | Reconstruction and recovery |

3.2. Finance IT and Economic Planning

3.2.1. Sector Vision, Mission, and Strategic Priorities for 2020/2021

| Vision and Mission | Development Needs | Development Priorities |
|---|--|--|
| Sector Vision County Government Services and programmes effectively and efficiently delivered. Sector Mission To ensure that all | Training and Capacity building Sub county offices Plan for the development needs Establish Internal Controls Audit Committee Logistics ICT training and capacity | - Training - Expansion of County Treasury - Establish viability - Monitoring - Evaluation - Reporting - Training - Audit system |
| programmes and services are budgeted for, approvals acquired and necessary subsequent systems are adhered to. | building - Local Area Network in sub counties - Wide Area Network - Telephony connection (PABX) project sub-county - Acquisition of computers - Information Resource Centers (Ujumbe) - Installing of wireless connection in all sub counties - E-Government - Media Library - Public awareness creation programs | Establish Committee County Audit Visits Training Conduct a survey in all sub counties Conduct a survey on the best method of implementation Provision of efficient and effective communication within the County to enhance service provision. Establish needs and raise requisitions Refurbish the existing resource centers and establish new ones Establish the major towns to be connected Establish a service delivery system |
| | Develop a bulk short message service and a short code platform to collect feedback from the public Training and Capacity building IFMIS Expansion to sub counties Training and capacity building Deployment of staff Asset valuation Tagging of county assets Capacity building and training E-procurement system Stores management system Revenue automation and revenue collection administration Natural resource inventory analysis modeling and exploitations Mapping of revenue streams Resource and revenue policy advisory and research | across the county Procurement of media production equipment and editing software Communications unit will engage other departments in creating public awareness and developing the programs Create awareness to the General public Training Expand IFMIS to sub counties Training Increase workforce in the asset subsector Value all county assets Label and tag all county assets Training Professionalization An integrated system Put in place an efficient stores and Record keeping system Installation of e- revenue collection system |

| Vision and Mission | Development Needs | Development Priorities |
|--------------------|---|---|
| | County economic policy formulation, modeling and management County policy review and | Mapping of natural resources within the county Carrying out research on potential revenue streams. |

3.4. Health

3.4.1. Sector Vision, Mission, and Strategic Priorities for 2020/2021

| Sector | Vision and Mission | Development Needs | Development Priorities |
|--------|---|---|--|
| Health | Vision A healthy and Nationally Competitive County Mission To provide quality health care service that is accessible, equitable and sustainable to the population of Murang'a County and beyond. | Upgrading of health facilities Equipping all the health facilities to meet the universal health coverage needs Incidence and reemergence of diseases. High cost of health care. HIV/AIDS pandemics. Insufficient personnel and equipment. Dilapidated health facilities | Murang'a Level V facilities- (infrastructure). Dispensaries, Health Centers and all level IVs Strengthen preventive and promote health services Strengthen curative health services Enhance managerial skills of CHMT and SCHMTs Improve school health programs Improve cross-Sectoral Provide better access to health care Improve maintenance of health facilities and equipment. Construct and equip new health facilities Prevent and manage HIV / AIDS and STIs Provide adequate ambulance services. Enrolment of community in NHIF |

3.4.2. Analysis of Capital and Non-Capital Projects for 2020/2021

Annex 2.4

3.4.3. Cross - Sectoral Implementation Considerations

| Programme Name | Sector | Cross-sector Impa | act | Measures to Harness or Mitigate the Impact |
|----------------------------|--------------------|--|--|--|
| | | Synergies | Adverse impact | 1 |
| Health Facilities | Health | Budget Owners | | Avail the budget for implementing the programme. |
| | | Procurement of works. | | |
| Nutrition | Agriculture | Food security | Hunger | Offer advisory services |
| Public health | Water | Provision of safe drinking water | Dirty water propagates water borne diseases | Water treatment and sampling |
| School health program | Education | Health knowledge to masses in school | Communicable and non-communicable diseases increase when there is no knowledge | Offer Health talks and screening |
| Preventive programme | Veterinary | One health platform | Zoonotic diseases | Inoculation and response to outbreaks |
| Preventive | Social services | Identification of Vulnerable groups | Poverty and depression | Offering psychological support, IGA, cohesive living |
| Curative and Preventive | Roads | Provision of access to health services | If no roads, there can be unable to reach the facility | Improve access |
| Administration | Public works | Bill of quantities and inspection | Poor workmanship can cause calamities and loss of funds | Offering supervisory services |
| Facilities | Lands | Surveying of land | Land grabbing | Provision of Title deeds |

3.5. Trade, Tourism, Investment and Cooperatives

3.5.1. Sector Vision, Mission, and Strategic Priorities for 2020/2021

| Sector | Vision and Mission | Development Needs | Development Priorities |
|---|---|---|--|
| Trade, Tourism, Investment and Cooperatives | Vision To be the County with a robust trade and investment environment. Mission To provide a conducive environment for trade, investment | Investors Conference Construction of open Air Market Business Mapping& Survey Rehabilitation of small markets along highways Small and Medium enterprise entrepreneurship training Participation in Regional and international trade fairs | Promote private sector development through enterprise and entrepreneurship development; Improve business environment and promote attractive investment climate; Broaden and deepen the export base and markets; Foster conducive linkages |

| Sector | Vision and Mission | Development Needs | Development Priorities |
|--------|--|--|---|
| | and industrial development for domestic and export business to thrive. | Set up county industrial parks Set up industrial development centres for juakali artisans Market development | and collaboration mechanisms; Enhance the Department's capacity for quality service delivery Strengthen financial resource mobilization |

3.5.2. Analysis of Capital and Non-Capital Projects for 2020/2021

Annex 2.5

3.5.3. Cross - Sectoral Implementation Considerations

| Programme Name | Sector | Cross-sector Impact | | Measures to Harness or Mitigate the Impact |
|---|--|--|----------------------------------|---|
| | | Synergies | Adverse impact | |
| Market development and food security | - Agriculture, Livestock and Fisheries - Health - Water, Environment and Natural Resources | Identify products and location for farm produce. Public health acts on health, nutrition, and public safety. | Risk of low quality products | Hold consultative meeting during implementation Backstopping |
| Industrial Development | Roads and Urban planning Lands Infrastructure and development | - Controlled development - Increased revenue generation - Clear zoning and building guidelines - Protection of wetlands and ecologically fragile areas - Enhanced land values - Conserve agricultural and forest areas | - Risk of poor public perception | - Undertake proper public participation - Continuous public sensitization |
| Trade development and promotion | Social services Agriculture Livestock | - Community mobilization | Risk of poor public coordination | Public participation towards information disbursement |

| Programme Name | Sector | Cross-sector Impact | | Measures to Harness or Mitigate the Impact |
|---|---|---|------------------------------|--|
| | | Synergies | Adverse impact | |
| Tourism development and promotion | - Culture - Forests - Road - Infrastructure - Environment | - Building capacity - Quality and quantity of production - Advice farmers on quality animal production - Improvement of cultural awareness - Conservation of forest cover Building of access roads - Licencing of hotel construction areas. | Creation of public awareness | Increased advertising and public involvement |

3.5.4. Payment of Grants, Benefits and Subsidies for 2020/2021

| Type of payment(e.g. bursary, biashara fund) etc. | Budgeted amount (ksh.) | Beneficiary | Remarks |
|---|---------------------------|-------------|------------------------|
| Trade, Industry and Investment | | | |
| Payment of certification and licensing (export | 2 M | Producer | For improved access to |
| license) to upcoming producer marketing | | marketing | both regional and |
| groups. | | groups | international markets |

3.6. Environment and Climate Change

3.6.1. Sector Vision, Mission, and Strategic Priorities for 2020/2021

| Vision and Mission | Development Needs | Development Priorities |
|--|---------------------------|--|
| Vision | - Environment | - Proper waste management |
| A clean, secured and sustainably managed environment and natural | management and protection | mechanisms - Prevention of noise and air |
| resource conducive to county | - Natural Resources | pollution |
| prosperity | Conservation and | - To increase farm forest cover |
| | Management | - To rehabilitate degraded sites |
| Mission | - Climate change | - Promotion of clean energy |
| To promote, monitor, conserve, | resilience building | - Integrate climate change |
| protect and sustainably manage | - environmental | measures into county policies |
| the environment and natural | education and | strategies and planning |
| resources for county development | awareness | |

| Vision and Mission | Development Needs | Development Priorities |
|--------------------|-------------------|------------------------|
| | | - Capacity building on |
| | | environmental issues |

3.6.2. Analysis of Capital and Non-Capital Projects for 2020/2021

Annex 2.6

3.6.3. Cross - Sectoral Implementation Considerations

| Programme Name | Sector | Cross-sector Imp | pact | Measures to Harness or Mitigate the Impact |
|--|-------------------------------|--|--|--|
| | | Synergies | Adverse impact | |
| Climate change resilient building | Energy and infrastructure | Provision of energy saving jikos and capacity building | Lack of ownership of the project. | The department of Energy and infrastructure will supply energy saving jikos. The department of environment will carry out capacity building on the importance of energy saving jikos |
| Natural Resource conservation and management | Water and infrastructure | Provision of water tanks and water harvesting structures | Lack of ownership of the project. | The department of water will supply water tanks, while department of environment will do capacity building |
| Environment management and protection | Land and Urban planning | Provision of recreation sites | Increased waste production in these sites. | The department of land and urban planning will do the planning while department of environment will do beautification i.e. tree planting |

3.7. Land, Housing and Urban Development

3.7.1. Sector Vision, Mission, and Strategic Priorities for 2020/2021

| Vision and Mission | Development Needs | Development Priorities |
|----------------------------|--|---|
| Sector Vision | - Solid waste management clean | - Sustainable solid and liquid waste |
| Sustainable utilization of | and conducive environment Inadequate sanitation facilities | disposal mechanism - Storm water drainage in major |
| land, adequate and | e.g. public toilets, waste | towns and market centers |
| affordable housing for all | receptors, waste disposal sites - Liquid waste management | - Prepare Integrated plans of all urban centers and towns |
| and controlled planned | - Poor and/or non-existent | - Urban research and data |
| areas within the county. | Drainage system - Urban sprawl/ Unplanned | management - Set up urban management system |
| Sector Mission | settlements - undedicated management of urban areas | as provided in Urban Areas and Cities Act - And Implement NUDP for sustainable development. |

| To provide an integrated | - Lack of recreational facilities | - Enhance revenue streams in |
|----------------------------|---|--|
| spatial framework for | and other open spaces / aesthetics | collaboration with department of finance |
| coordinating development | - Substandard dilapidated housing | - Zoning of parks, open spaces and |
| efforts by promoting | structures for poor population (10,000 households) | play fields Establish urban parks - Beautification of open spaces |
| efficiency in land | - Inadequate urban | - Rural Housing program |
| administration, | housing(rental) and associated infrastructure | Provision of land for housing and industrial development |
| management and access to | - Old and dilapidated government | - Urban renewal and |
| adequate, affordable a | and other buildings-urban decay - Grabbed | redevelopment program - Succession programs |
| sustainable housing within | - government houses and | - Planning, survey and mapping of |
| the county. | facilities - Insecure land tenure and land conflicts - Scattered and unsecured land records - Long processes of land transactions Management of | all urban plots - Establish ADR mechanisms - Land information management for public and private land Repossessing and securing public land |
| | public land - Loss of revenue | |

3.7.2. Analysis of Capital and Non-Capital Projects for 2020/2021

3.9.4. Payment of Grants, Benefits and Subsidies for 2020/2021

A. Agriculture (Crops)

| Type of payment (e.g. Education bursary, biashara fund etc.) | Amount (Ksh.) | Beneficiary | Purpose |
|--|------------------|------------------------------------|---|
| Avocado seedlings | 101M | 100,000 farmers | Increase area under avocado trees by 2,450Ha |
| Hybrid maize, Fertilizer and other inputs | 188.85M | 250,000 farmers | Ensure the farmers are food and nutrition secure. |
| NARIGP | 55M | Farmers from 20 implementing WARDS | Enhance productivity and production of selected value chains. |

3.10. Water and Irrigation

3.10.1. Sector Vision, Mission, and Strategic Priorities for 2020/2021

| Vision and Mission | Development Needs | Development Priorities |
|--|---|--|
| Vision Irrigation, Drainage and Water Storage Service provider of choice Mission To provide quality Irrigation, Drainage and Water storage technical services fairly and efficiently. | Increased access to irrigation water Flood control Building farmers capacity on water use and management Establish water user's association Enhancing compliance with Environmental, statutory and legal requirement To improve irrigation technology Climate change mitigation | Feasibility studies to determine the technical and socio-economic viability of projects. Project planning and design. Implementation, operationalization and management of irrigation schemes. |

3.10.2. Analysis of Capital and Non-Capital Projects for 2020/2021

Annex 2.10

3.10.3. Cross -Sectoral Implementation Considerations

| Programme Name | Sector | Cross-sector Imp | act | Measures to Harness or Mitigate the Impact |
|----------------------------------|----------------------------|--|--|--|
| | | Synergies | Adverse impact | |
| Water resources management | Water and Irrigation | Group registration by Social Services Department. | Time taken by the farmers to comply with the requirements is too long. | Enhanced community sensitization. |
| | | Acquisition of way-leaves by farmers. | Project planning process takes too long due to complexities involved. | - County Government to set a fund specifically for compensation of upstream farmers in order for them to accept to sign the way leave Legislation on use of riparian land by County Assembly The Roads Department to mark out the road reserves and WRMA to mark (river pegging) the riparian land. This will deter farmers from claiming compensation in the road reserve and riparian areas. |
| | | Water use authorization by WRUAs | The WRUA officials are not easily accessible since they mostly don't have fixed offices. | The WRUAs should be housed in places where their services can be easily accessed. |
| | | Regulation of use of water resources Allocation of water and water permits by WRA | The process is lengthy, tedious and the legal document fees and charges are costly. | Review of fees or charges for legal documents e.g. Hydrological surveys and Water permits. Cost sharing of charges between the community and the County Government. |
| | | Enforcement of environmental laws and regulations by NEMA | The requirement is costly hence delay in project planning. | Review of fees or charges for legal documents e.g. Environmental Impact Assessment and Environmental Audit. Cost sharing of EIA charges between the community and the |
| Water resources management | Water and Irrigation | Acquisition of easement from Kenya Forestry Service. | The process is lengthy, tedious and costly hence delay in project planning and design. | County Government. - County Government to set a fund specifically for compensation. - The County Government to gazette forests for damming sites. |
| | | Project funding by the National Government. Capacity building of | The level of funding has been low. Level of involvement has been low. | National Government to enhance funding to complement the County Government. - Resource mobilization and cost-sharing of training requirements. - Enhanced co-ordination |
| | | farmers | been low. | - Enhanced co-ordination. - Strengthen linkages. |

CHAPTER FOUR

RESOURCE ALLOCATION

4.1. Introduction

This section presents a summary of the proposed budget by programme and sector/ sub sector. It also provides a description of how the county government is responding to changes in the financial and economic environment.

4.2. Resource allocation criteria

Resource allocation to the various sectors was based on stakeholder priority ranking as presented in the CIDP 2018/2022. Other determinants included urgency of the project/program and impacts envisaged to the local community.

4.3. Proposed budget by Programme

Table 1: Summary of proposed budget by Sector

| Sector | Sub-sector | Programme | Amount (Kshs Million) | % of the total budget |
|--------------------|---------------------------------|--|--------------------------|-----------------------|
| Public Service and | Governorship | Policy Development and Liaison | 225 | |
| Administration | | Project Coordination and M&E Unit / Service Delivery Unit | 27.4 | |
| | Disaster control and management | Disaster control and management | 25 | |

| Political instability and Insecurity (e.g. election unrest, terrorism etc.) | Low | There will be stability throughout the plan period | High | Utilizing already existing county government structures, national government and other key actors | Office of the Governor |
| Insufficient collaboration, cooperation and strategic partnerships with relevant stakeholders (PPP) | Medium | There will be sufficient collaboration amongst the stakeholders | High | Enhancing partnerships with various stakeholders | CEC |
| Rapid technological advancement | Medium | Training opportunities will be availed for technological advancement | High | Integrating information and communication technologies in the processes of services provision | Directors |
| Inadequate resources in terms of technical staff | Medium | Adequate levels of technical staff will be maintained during the implementation period | High | Identifying, developing and retaining the requisite human resources to support the strategy Development and implementation of a competitive remuneration and benefits policy | Public Service Board |
| Resistance to change | Medium | Relevant stakeholders will positively respond to change requirements | High | Employee engagement; highly directed, engaged, mobilized county officers Team building Communicating the vision and strategy to all county officers in the Sector | CEC, Chief Officer and Directors |

CHAPTER FIVE

MONITORING AND EVALUATION

5.1 Introduction

- i. Monitoring, evaluation and reporting on the proposed programmes/projects will entail a systematic and continuous data collection, collation, analysis and reporting based on the indicators, targets and stakeholder feedback. The feedback mechanism will build on the challenges, lessons learnt and recommendations to provide a platform for improving implementation of ongoing projects and further inform future Programme/project intervention initiation. In particular, Monitoring and evaluation of the ADP seeks to achieve the following:
- ii. **Facilitate Informed Decision-making:** This will provide valuable insights into how the programmes are being implemented, the extent to which they are serving the intended beneficiaries, strengths and weaknesses, cost effectiveness and potentially productive directions for the future.
- **iii.** Assess Value for Money: This will entail measuring and judging the impact of the programmes in relation to the planned outputs, outcomes and impacts.
- iv. Accountability: Programmes' planning accountability will entail an effort to meet the diverse information interests and expectations of all those who have a stake in the Sector the citizens.

5.2. Data collection, Analysis, and Reporting

The methodology and approach of data collection and analysis will be guided by programmes and sub-programmes. The Annual Work Plans and procurement plans will be the basis for assessing the deliverables as well as implementation schedule. The standardized M&E templates form the basic tool for tracking the implementation of the projects and programmes.

5.3. Framework for Monitoring and Evaluation

Baseline surveys will be done to establish initial conditions. Project proposals and plans for the projects identified will, against activities, clearly indicate the hierarchy of results from objectives, activities, outcomes, inputs, objectively verifiable indicators, means of verification to key assumptions of the project.

5.4. Projects/Programmes Reporting

Reporting on the progress of the projects/programmes will be done quarterly with the final quarter report being the County Annual Progress Report (CAPR). The reports will among other issues document the resource use and value for money, impacts to the beneficiaries, challenges experienced and lessons to be instituted during the subsequent project implementations.
