ALL INQUIRIES ABOUT THIS ANNUAL DEVELOPMENT PLAN FOR FY 2021/2022 SHOULD BE ADDRESSED TO: CHIEF OFFICER, FINANCE AND ECONOMIC PLANNING

FOREWORD

The annual development plan is prepared in accordance with section 126 of the public finance management Act, 2012.

This Annual Development Plan is in line with the aspirations of the global SDGs and Kenya's Vision 2030 which strives to strengthen our competitiveness for sustainable wealth creation, employment and poverty reduction.

The financial year 2019/20 was unique for the entire globe due to the COVID 19 which was declared a global pandemic in quarter 3. The County Government of Bungoma, with the various Departments and Agencies suffered some setbacks while driving for change in line with the medium-term programme framework (MTPF) 2019–2023. As we embark on the implementation of planned programs, projects and initiatives for FY 2020/21, we shall strive to embrace the new normal and keep afloat in the turbulence.

The plan also aims to build on the successes and lessons learnt from the previous plan period, particularly in increasing investments in promoting food security, increasing the scale and pace of socio-economic transformation through infrastructure development and strategic emphasis on economic, social, environmental, spatial, legal and institutional aspects of development.

Under this plan, transformation of the county economy is pegged on modernisation of infrastructure, diversification and commercialization of agriculture, food security, wider access to quality education and skills, functional health system in terms of service availability, readiness and enhanced capacity to offer health services, wider access to national, regional and global markets for our products, entrepreneurship and job creation, provision of better and sustainable housing and enhancing coverage and functionality of improved water sources and sanitation.

In delivering these outcomes, we shall fully secure our environment; build resilience to climate change, while progressively achieving the targets of the sustainable development goals. This will be done in collaboration with local stakeholders, private sector investors, other counties, the National Government and development partners.

Through this Annual Development Plan for 2021/22, we seek to create the tools and partnerships and step up efforts to attain the potential that exists in having a strong empowered society that contributes to quality lives through enhanced productivity and collective wellbeing.

ESTHER N. WAMALWA

<u>COUNTY EXECUTIVE COMMITTEE MEMBER, FINANCE AND ECONOMIC</u>

PLANNING

ACKNOWLEDGEMENT

This Annual Development Plan serves as a basis for development of the county annual budget and guides the budget making process for the next financial year 2021/2022. This Plan comprises a one-year extract of the five-year County Integrated Development Plan (CIDP II) which has clearly mapped out the County's development priorities guided by the principles of affordability, strict prioritization and sustainability.

Several stakeholders and institutions played critical roles in the formulation of this Annual Development Plan for FY 2021/2022.

We truly appreciate the leadership and policy direction provided by H.E Governor Wycliffe Wangamati and the County Executive Committee members that shaped the programmes and projects contained in this plan.

Further, the Accounting Officers are duly acknowledged for providing technical support to their respective sector working groups.

We recognize our technical and PFM staff for their unwavering commitment and teamwork in providing information and projections that form the bulk of the contents of this plan.

We thank all our partners, members of the public and Civil Society Organizations for their invaluable contribution, either directly or indirectly.

It is my conviction that on the basis of this Annual Development Plan prosperity for everyone will be achieved. God Bless you all.

JONATHAN NAMULALA, Ag CHIEF OFFICER, FINANCE AND ECONOMIC PLANNING

EXECUTIVE SUMMARY

The Annual Development Plan is the first document to be prepared as per the County Budget Calendar to guide the annual budgeting process. The annual development plan is prepared in accordance with section 126 of the public finance management Act, 2012.

Every county government prepares a development plan in accordance with Article 220(2) of the Constitution, that includes –

- a) Strategic priorities for the medium term that reflect the county government's priorities and plans;
- b) A description of how the county government is responding to changes in the financial and economic environment;
- c) Programmes to be delivered with details for each programme including: the strategic priorities to which the programme will contribute; the services or goods to be provided; measurable indicators of performance where feasible; and the budget allocated to the programme;
- d) Payments to be made on behalf of the county government, including details of any grants, benefits and subsidies that are to be paid;
- e) A description of significant capital developments;
- f) A detailed description of proposals with respect to the development of physical, intellectual, human and other resources of the county, including measurable indicators where those are feasible;
- g) A summary budget in the format required by regulations; and
- h) Such other matters as may be required by the Constitution or this Act.

During the Period under review the various key priority areas that the county focused on were; Establishment of a dairy processing plant at Webuye, Dualing 6.5 km from Sangálo Junction – Kanduyi, Modernization of Masinde Muliro Stadium – Kanduyi, Webuye Industrial Park, Construction of a 300 bed and 100 bed maternal and child block at BCRH and Sirisia hospital respectively and Gravity Water Systems.

Over the review period the County made outstanding milestones including; Works are ongoing for the establishment of the dairy processing plant at Webuye, commencement of works for the Dualing of 6.5km of Mumias-Bungoma Road from Sangálo Junction – Kanduyi, initiating the modernization of Masinde Muliro Stadium, construction of a 300 bed and 100 bed maternal and child block at BCRH and Sirisia hospital respectively now at 40%, conducting due diligence for the initial phase of Webuye Industrial Park and the Construction of one large gravity water system through the support of KOICA is on course.

During the implementation period, County Departments and Agencies encountered a number of challenges, including; Delay in fund disbursement by the exchequer, Overreliance on National Government funding to finance development projects, the absence of continuous staff capacity development, unfair political competition and poor development coordination among departments, as well as within the two government tiers.

Proposed solutions to these challenges include; Budgeting for structured staff training to improve productivity and service delivery; Encouraging departments and agencies to be innovative securing programme/project funding beyond internal funding scope; The executive to prioritize peaceful co-existence, foster issue-based politics and deliver results based leadership in serving Naliaka, Mutsotso, Emoit and Chebet who only expect the best from their government.

The ADP for 2021/22 builds on the on-going high-level events that emphasize the relevance of local economic development, employment and social stability. The County continues to contribute on the global level by sharing its knowledge and expertise at a range of important events, by bringing together relevant stakeholders and serving as a platform of discussion, and by publishing statistics and other knowledge products to advance ISD.

In executing its mandate, the county commits to work closely with its partners within the region and beyond, to contribute to multilateral solutions for the complex challenges of today.

This Plan comprises a one-year extract of the five-year County Integrated Development Plan (CIDP II). The ADP serves as a basis for development of the county annual budget and guides the budget making process for the next financial year, thus serving as a mini budget that is produced earlier in the budget making process

The plan's structure is summarized as follows;

Chapter one: This section provides a short description of the county in terms of the location; size; demographic profiles; administrative and political units. It also highlights a summary of the socio-economic and infrastructural information that has a bearing on the development of the county.

Chapter two: This chapter provides a review of sector/ sub-sector planned activities, achievements, challenges and lesson learnt during the implementation of the ADP FY 2019/2020. The section also indicates the overall budget in the ADP versus the actual allocation and expenditures as per sector/ sub-sector.

Chapter three: This chapter presents sector/sub-sector strategic priorities, programmes and projects for the year. The programmes and projects envisage a green economy by mainstreaming cross-cutting issues such as climate change; environmental

degradation; Disaster Risk Reduction (DRR) HIV/AIDs; Gender, Youth and Persons with Disability (PWD); among others.

Chapter four: This section presents a summary of the proposed budget by programme and sector/ sub sector. It also provides a description of how the county government is responding to changes in the financial and economic environment.

Chapter five: This chapter discusses the county monitoring and evaluation framework as outlined in the County Integrated Monitoring and Evaluation System (CIMES).

CHAPTER ONE: INTRODUCTION

1.1 Overview of the County

Bungoma County lies between latitude oo 28' and latitude 10 30' North of the Equator, and longitude 340 20' East and 350 15' East of the Greenwich Meridian. The County covers an area of 3032.4 Km2. It boarders the republic of Uganda to the North west, Trans-Nzoia County to the North-East, Kakamega County to the East and South East, and Busia County to the West and South West.

1.2 Brief overview of the County

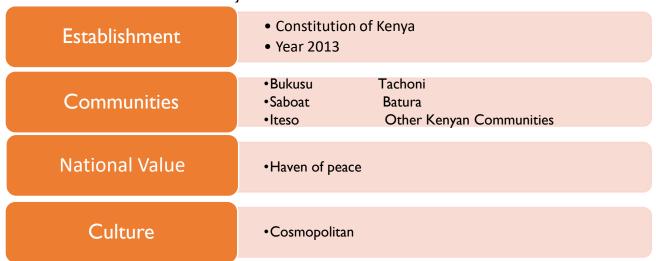

Table 1: Bungoma County at a Glance

S/No	Theme	Description
1.	Geography	Within the Lake Victoria Basin, with an altitude range of 1200 meters to 4321 meters above sea level
2.	Area	3032.4 km²
3.	Population	1,670,570(MALE: 812,146 FEMALE: 858,389 UNISEX:35)
4•	Climate	Experiences two rainy seasons, the long rains - March to July and short rains-August to October. The annual rainfall - 400mm (lowest) to 1,800mm (highest). The annual temperature - 0°c and 32°c due to different levels of attitude
50	Key national resources	Mt Elgon Forest Reserve, Mt. Elgon, Hills (sang'alo, chetambe, Mwibale, Kabuchai, Musikoma), River Nzoia,, River Malakisi, Hot Springs, Chetambe Fort Ruins
6.	Economic Activities	Webuye Rai Paper Mills, Nzoia Sugar Factory, BAT Malakisi and Mastermind, Commercial Businesses, Farming (Sugarcane, Livestock, Coffee, bananas, potatoes, Tea, Maize)
7.	Key National trunk roads	A104 (webuye- malaba), A1 (webuye-kitale-lokichogio), Mombasa- Nairobi-Malaba-Kampala railway line.
8.	Constituencies	9 (Kanduyi, Bumula, Sirisia, Kabuchai, Mt.Elgon, Webuye East, Webuye West, Tongaren and Kimilili)
9.	No. of Wards	45

10.	No. of Village	236
	units	
11.	County Economy	Dominated by micro and small low value businesses
12.	Agriculture and Food security	Overdependence on rain-fed subsistence agriculture
13.	Health and wellbeing	Variability in health services capacity, readiness and availability of essential package of services in the County health facilities.
14.	Education and skills	Kibabii University, Webuye MTC, Bungoma MTC, Sichei MTC, Sang'alo Institute of Science and Technology, Kisiwa TTI, Matili TTI, National Schools-Friends School Kamusinga, Lugulu Girls High School
15.	Housing and Urban development	Predominantly semi-permanent with corrugated roofs, mud walls and earthen floors
16.	Water services	Water service provider - NZOWASCO, water treatment plants at Kamtiong' in Kimilili, Webuye at Nabuyole falls and Matisi.
17.	Enablers- Roads and Transport, Financial Services, ICT	Served by all-weather roads that link to major national trunk roads such as A104- Webuye-Malaba, C33- Mumias- Bungoma, D258 - Musikoma- Buyofu, C42 Chwele Sirisia, D277- Sirisia –Lwakhakha, D279-Sikata Kimilili. Matulo airstrip and Bungoma airstrip. Financial services are provided by commercial banks, microfinance institutions, insurance services, mobile phones and agency banking.
18.	Cottage Industries	Naitiri Division women Sacco/Lungayi Animal Feed Processing Plant. Bumula Multi-Purpose Co-operative Society Limited Animal Feed Processing Plant Musakasa Community Driven Development Centre -Peanut processing plant Bukembe Needy Women Tailoring Training Community Driven Development Centre Mwai Mwai Coffee Factory Community Driven Development Centre Kabula Ripening Plant Community Driven Development Centre Bumula Hand Looming Weaving and Tailoring Community Driven Development Centre Namwacha Potato Processing Plant Community Driven Development Centre Namubila Tomato Value Addition Processing Plant Community Driven Development Centre Chebukube; Banana Ripening and Processing Chamber

19.	Security and	Offered by General Duty officers at County, Sub-county
	safety	headquarters and Ward levels.
20.	Natural	Land, Water, Flora, Fauna, Air, Sunshine, Mountains, Hills, Caves,
	resources and	soil, minerals, Biomass.
	water	

Political units (Constituencies and Wards)

Politically, the County has nine (9) constituencies and fourty five (45) County Assembly Wards. Table 2 shows the Bungoma County political units.

Table 2: County assembly electoral wards by constituency

Constituency	County Assembly Wards	No. of County Assembly Wards
Kanduyi	Bukembe West, Bukembe East, Township, Khalaba, Musikoma,	8
	East Sang'alo, West Sang'alo, Tuuti/ Marakaru	
Bumula	South Bukusu, Bumula, Khasoko, Kabula, Kimaeti, West Bukusu,	7
	Siboti	
Webuye East	Mihuu, Ndivisi, Maraka	3
Webuye West	Sitikho, Matulo, Bokoli, Misikhu	4
Kabuchai	Kabuchai/Chwele, West Nalondo, Bwake/Luuya, Mukuyuni	4
Sirisia	Namwela, Malakisi/South Kulisiru, Lwandanyi	3
Tongaren	Mbakalo, Naitiri/Kabuyefwe, Milima, Ndalu, Tongaren,	6
	Soysambu/Mituwa	
Kimilili	Kibingei, Kimilili, Maeni, Kamukuywa	4
Mt Elgon	Cheptais, Chesikaki, Chepyuk, Kapkateny, Kaptama, Elgon	6
Total		45

1.3 Legal framework

The Annual Development Plan is the first document to be prepared as per the County Budget Calendar to guide the annual budgeting process. The annual development plan is prepared in accordance with section 126 of the public finance management Act, 2012.

1.4 Rationale

Every county government prepares a development plan in accordance with Article 220(2) of the Constitution, that includes –

- Strategic priorities for the medium term that reflect the county government's priorities and plans;
- j) A description of how the county government is responding to changes in the financial and economic environment;
- k) Programmes to be delivered with details for each programme including: the strategic priorities to which the programme will contribute; the services or goods to be provided; measurable indicators of performance where feasible; and the budget allocated to the programme;
- Payments to be made on behalf of the county government, including details of any grants, benefits and subsidies that are to be paid;
- m) A description of significant capital developments;

- n) A detailed description of proposals with respect to the development of physical, intellectual, human and other resources of the county, including measurable indicators where those are feasible;
- o) A summary budget in the format required by regulations; and
- p) Such other matters as may be required by the Constitution or this Act.

1.5 Annual Development Plan Linkage with CIDP and the Annual Budget 1.5.1 THE CIDP 2018 – 2022

As stipulated by Article 220 (2) of the Constitution, "Integrated Development Planning" will govern the preparation of national annual budgets and those of the counties and that no public funds will be appropriated without a planning framework as stipulated in the County Government Act (Sections 102 and 104 (1) of the County Government Act, 2012) and PFMA 2012.

1.5.2 The Annual Development Plan 2021/22

Section 126(3) of the PFMA 2012 provides for the preparation of the ADP to guide the County Budget making process for any given FY. The ADP 2020 is an extract from the five-year CIDP and focusses on programmes, projects and initiatives to be implemented in the FY 2021/2022.

1.5.3 The Annual Budget 2021/22

The annual budget for 2021/2022 will be a financing framework for programmes contained in the CIDP 2018-2022 and ADP 2020 agreed upon by the executive and the County Assembly for implementation.

1.5.4 The Linkages

All the projects presented in this document are extracts of the CIDP that links its priorities from the felt needs of the people and the National Government, MTP III, Vision 2030 and other planning documents.

The response of the government to the needs of the people is through:

- i. Planning (policy documents, strategies, Long/Short term plans);
- ii. Legislation (Bills, Regulations, Proclamations, Contracts, legal opinions, Acts);
- iii. Appropriation (Annual Work plans and Budgets)
- iv. Service delivery and performance reviews (procurement, supply of goods/services/works, service delivery charters, National/County functions)

Note that integrated development concerns all the four response areas since it touches on Economic, Social, Environmental, Legal, Spatial, and Institutional aspects of development. The ADP contributes to addressing development issues contained in these dimensions of development by having;

- ✓ Clearly defined programmes
- ✓ Implementation strategies
- ✓ Outputs and outcomes

- ✓ Targets
- ✓ Performance indicators as means of verification
- ✓ Cost estimates

1.6 Preparation process of the Annual Development Plan

The ADP was prepared through Sector Wide participatory processes following a circular issued by the CECM – Finance and Economic Planning in the Month of August, 2020.

Each County Department and Agency scheduled both technical staff and stakeholder sessions to agree on the key development priorities and strategies for inclusion in the plan. Data and information was sourced from County MDAs internal processes and methods, including making reference to the National Vision 2030 and the Third Medium Term Plan. The primary reference document however, was the County Integrated Development Plan 2018 – 2022.

The process of preparing the ADP involved a review of the performance of the previous ADP for each County Department and Agency, followed by prioritization of programmes that worked well in terms of results framework, and a re-thinking of those that fared poorly. In general, the MDAs followed the ADP formulation guidelines that were contained in the Circular referred to earlier.

CHAPTER TWO: REVIEW OF THE IMPLEMENTATION OF THE ADP FY 2019/2020

2.1 Introduction

This section provides a summary of what was planned and what was achieved by the specific county sector/sub sector. It also indicates the overall budget in the ADP versus the actual allocation and expenditures as per the sector/ sub-sector.

2.2 Sector/ Sub-sector Achievements in the Previous Financial Year

2.3 Analysis of Capital projects of the Previous ADP

Provide a brief summary of what was achieved during the previous ADP. Details of the achievements should be provided as indicated in Annex 1 and 2.

Agriculture, Rural and Urban Development Agriculture, Livestock and Fisheries

The following capital projects were implemented during the previous ADP period: Commencement of Works for the establishment of a milk processing plant in Webuye; Procurement process for the leasing of Chwele Poultry Slaughter house was ongoing; Development of Mabanga ATC and Chwele Fish Farm was ongoing;; Construction of a coffee bean warehouse at Musese, Chesikaki and Kimukungi was ongoing; Rehabilitation of cattle dips in selected wards was also ongoing.

Lands, Urban and Physical Planning

- Identify government land and survey
- Purchase of Geodetic machines
- Purchase of acres of land for Research Centre, Industrial Park, Tier one market, Pit stop and Agri-Business/ Trade Hub
- Register and resolve land disputes
- Constitute Town management committees
- Develop physical plans
- Establishment and equipping of GIS Lab
- Purchase of 12 acres of land for establishment of Kimwanga football academy
- Purchase of one acre of land at Chebkube
- Purchase of 12 acres of land for establishment of Kimwanga football academy
- Development Control Tools in survey sub department.
- Constituted two town management committees
- Establishment of integrated development plans for Naitiri and Kimilili markets

Health

The key achievements by the department of health and sanitation under infrastructural development are:

- Procured seven generators and distributed to Kimilili, Sirisia, Mt. Elgon, Bumula, Sinoko, Chwele hospitals and Mechimeru health centre.
- Completed the construction of one outpatient room at Mabusi dispensary
- Completed Kibingei Dispensary
- Completed the construction of nursing house and septic tank at Daraja Mungu dispensary
- Completed the construction of Nabukhisa dispensary
- Completed the fencing and construction of Namirembe dispensary and operationalised it.
- Completed the construction of Mechimeru maternity wing
- Completed the construction of maternity wing at Mt. Elgon hospital
- Completed the construction of Kapsambu dispensary with 2 door pit latrine
- Completed the construction of Bulondo male ward
- Completed the construction of Kamasielo maternity wing with toilets inside
- Completed the construction of Nasaka dispensary
- Procured medical equipments worth Ksh 1.4M for Misemwa dispensary
- Procured medical equipments worth Ksh o.4M for Bukembe dispensary
- Procured medical equipments worth Ksh 7M for the casualty wing at Bungoma County Referral hospital
- Completed the construction of four pit latrine at Namwela market
- Completed the construction of public toilets at Lwandanyi and Tulienge markets
- Completed the construction of Ecosan pit latrine at Ndengelwa market
- Completed the construction of Ecosan pit latrine at Kabula market.
- Construction of Makunga dispensary
- Construction of maternity ward at Karima dispensary
- Erection and completion of Mukuyuni dispensary and 2 door pit latrine
- Erection and completion of Eluuya dispensary and 2 door pit latrine
- Completion of maternity wing at Lukusi dispensary
- Construction of public toilets at Lukusi, Lugulu, Froi markets

The projects at the finishing stages include:

- Renovation /completion of male ward at Kimilili hospital.
- construction of Kisawayi dispensary
- Construction of maternity wing at Mihuu dispensary
- Erection and completion of a modern dispensary at Mangana Sitikho ward of Mangana dispensary

- Completion of Namwatikho dispensary
- Construction of Sinoko dispensary 4NO door pit latrine
- Erection and completion of out patient unit at Chepyuk dispensary
- Erection and completion of out patient unit at Kaimugul dispensary
- Construction of Maternity wings at Kimama, Tuikut, Chesikaki, Kakoto
- Construction of Sirakaru dispensary.
- Construction of maternity wing at Cheptais hospital
- Construction of pit latrines at Misemwa dispensary

The projects at 50% completion include:

- Construction of 1 block kambini dispensary
- Construction of Misanga dispensary and pit latrines
- Construction of Kipsabula Dispensary
- Construction of mumbule materity wing
- Construction of 4 door it latrine at Kongoli and Sudi markets
- Construction of S 4NO door pit latrine at Sinoko hospital
- Proposed erection and completion of Ngwelo Dispensary

The projects at 40%

- Construction of 300 bed maternal and child block at Bungoma county referral hospital
- Construction of 100 bed maternal and child block at Sirisia hospital

The projects at less than 30%

- Construct at Nalondo health centre
- Construction of Makutano health center
- Proposed erection and completion of works at Machakha dispensary
- Construction of maternity ward in Chebkube dispensary
- Construction of maternity wards in Kang'ang'a dispensary
- Construction of Kubura dispensary maternity wing
- Construction of Chepkurkur dispensary
- Construction of maternity wing at Chemworemwo dispensary
- Construction of Toboo dispensary
- Construction of Kapkeke Dispensary
- Construction and completion of Bitobo dispensary
- Construction of pit latrines at Bahai dispensary
- Construction of Septic tank at Lwandanyi dispensary
- Construction of maternity wing at Korosiandet dispensary
- Renovation of Health facility and Staff Quarters at Lwakhakha dispensary
- Construction of male ward at Maeni dispensary
- Constrction of pit latrines at Samoya dispensary and fencing

- Construction of maternity wing at Khaoya dispensary
- Completion of Tunya dispensary
- Construction of commodity store
- Construction of Maternity wing at Sinoko hospital
- Renovation of Kimalewa dispensary
- Renovation of Lukhome dispensary

LPO issued for the procurement of purchase of medical Equipment for Kamukuywa, Sulwe and Makhonge, Daraja Mungu dispensaries and procurement of furniture for Daraja Mungu dispensary.

Projects whose contracts awarded but not started include:

• Renovation of Bungoma county referral mortuary

Projects whose contract signed awaiting hand over:

- Construction of Musembe dispensary
- Extension of sewer line prison estate 400m

Projects whose contract was signed but no land for construction include:

Construction for Kolani and Namutokholo pit latrines

Recreation, Culture and Social Protection

The department of Gender, Culture, Youth and Sports undertook the following projects; the modernization of Masinde Muliro Stadium in Kanduyi Sub County. Within the financial year, the construction of the dais/ main pavilion started. The pavilion will have a five thousand sitting capacity, offices and a dais that can accommodate performances. Also, Sangalo Cultural centre was fenced at a cost of three million and the construction of hostels at the High Altitude Training Centre in Kapsokwony is almost complete.

2.5 Challenges Experienced during Implementation of the previous ADP

During the implementation of the previous annual development plan, the following challenges were experienced

- a. delayed disbursement of funds from national treasury
- b. lack of appropriate legal framework
- c. inadequate technical staff to undertake departmental activities
- d. changing priorities midway resulting policy changes
- e. lack of logistics e,g vehicle to undertake fieldwork
- f. lack of appropriate offices and support service for effective service delivery
- g. inadequate funds to enable institutions to implement curriculum effectively
- h. poor societal attitude towards departmental programmes especially in vocational training
- i. high poverty level and cultural practices affect effective implementation of departmental programmes

2.6 Lessons learnt and Recommendations

Recognizing the urgency of the situation, the following primary recommendations are addressed to the attention of the County Executive Committee. The County Treasury urges all county stakeholders to fully take into account these recommendations in the on-going discussions about the county's future transformation. We have grouped the recommendations in broad categories that link to the findings on previous ADPs performance.

Positioning, Niche, and Relationship to its Key Partner - National Government

The County must strengthen its cooperation with the National Government in order to influence support for large infrastructure projects which its budget cannot adequately support. Thus it is essential to maintain support to initiatives which have already absorbed a significant amount of county resources such as the High Altitude Sports Complex, provided that the political economy environment surrounding these initiatives is conducive to a positive contribution from the community and county top management.

Enforce a much higher level of oversight from Parliament and the County Assembly of activities commissioned and funded under the County Budget.

To safeguard years of county investments in community initiatives, it is essential to roll out more structured oversight mechanisms for county and development partner funded initiatives to ensure that the public obtains value for resources invested in their communities.

Use County M&E initiatives to monitor progress and evaluate outcomes of project-streams which have not yet produced measurable impacts but which might do so in the future.

Modern organizations are constantly striving to improve their ability to generate and use the knowledge they gain from monitoring and evaluations including experience. For the County MDAs this occurs within both programmes and the evaluation unit. While the county is constantly improving ways to use and share knowledge in each programme area, our evaluation suggests that it still needs to improve its ability to share information across programmes or operational units. This could be done through cross-programme work groups or teams that could distil and share programming lessons and review the approaches used to disseminate knowledge in the field.

Ensure that data collection for future evaluation of County Programmes takes into account the lessons learned from Monitoring and Evaluation reports in order to fully capture its effectiveness and impacts.

The use of verifiable information and data for evidence based-planning and decision making should be strengthened as well as promoting demand and utilization of data for planning.

Effectively monitor and manage emerging needs and demand for development assistance in order to address gaps through its current and future project-streams.

The focus should be on funding programmes based on need and impact.

CHAPTER THREE: COUNTY STRATEGIC PRIORITIES, PROGRAMMES AND PROJECTS

3.1 Chapter Overview

The Chapter presents sector/sub-sector strategic priorities, programmes and projects for the financial year 2019/2020. The programmes and projects envisage a green economy by mainstreaming cross-cutting issues such as climate change; environmental degradation; Disaster Risk Reduction (DRR) HIV/AIDs; Gender, Youth and Persons with Disability (PWD); among others. In addition, the proposed initiatives progressively address the Sustainable Development Goals (SDGs)

3.3 Capital Projects

Provide a summary of the capital projects to be implemented during the plan period. Details of the projects should be annexed as indicated in Annex 3.

Agriculture, Rural and Urban Development

		DROJECT DESCRIPTION	LOCATION	Cook
S/NO	PROJECT	PROJECT DESCRIPTION	LOCATION	Cost
1.	Establishment of a	In order to promote value	Mt.	15,000,000
	honey refinery	addition in honey value chain	Elgon/Kapsokwony	
		to increase farmer incomes,		
		the department will construct		
		a refinery building, purchase		
		and install processing		
		equipment and lease out the		
	Establishment of a	facility for operationalization	Wohano	2=0 000 000
2.		This is an ongoing project that is aimed at enhancing value	Webuye	278,000,000
	Dairy/Milk	addition in dairy and		
	Processing Plant	increasing farmer incomes.		
		The amount is for purchase		
		and installation of equipment		
		for the dairy plant.		
3.	Purchase and	For preservation of vaccines,	Sub county HQs	7,400,000
	Installation of	the department will purchase		,,,,
	solar system for	and install solar systems at		
	vaccines	Sub county Hqs veterinary		
		offices		
	preservation		*** **** ***	
4.	Rehabilitation of	This involves expansion of	Kimilili, Bungoma,	30,000,000
	slaughter houses	lagoons, fencing, painting,	Webuye	
		drainage works, mechanical		
		works, renovation of buildings		
_	Construction of	at the slaughter houses This will involve construction	Mahanga ATC	
5.	artificial	of a building, purchase and	Mabanga ATC	35,000,000
	insemination (AI)	installation of equipment for		
	center	storage of nitrogen and semen		
6.	Construction of a	Construction of a building,	Mabanga ATC	18,000,000
0.	Veterinary	purchase and installation of	Wideburga 111 C	10,000,000
	-	equipment and supplies		
	diagnostic			
	laboratory		M 1 ATTC	
7⋅	Construction of	Construction of a building to	Mabanga ATC	10,000,000
	Soil samples	be used a store for soil samples		
	storage facility and Mobile Soil Lab			
	Shades			
			Cl l Et l E	0
8.	Establishment of	Construction of a building,	Chwele Fish Farm	8,500,000
	Recirculating	purchase and installation of		
	aquaculture	RAS equipment		
	system(RAS) for			
	Chwele fish farm			
9.	Construction and	Construction of a building,	Chwele Fish Farm	15,000,000
	installation of a	purchase and installation of		, ,
	Feed mill at	Feed Mill equipment		
	Chwele fish farm			
	Criweie rish farm			

10.	PROJECT	PROJECT DESCRIPTION	LOCATION	Cost
	Completion and	Construction of an office	Chwele	25,000,000
	Operationalization	building, purchase of land		
	of the poultry			
	slaughter house			
11.	Farm Input	Subsidized fertilizer and maize	All Wards	350,000,000
	Support	seed		
12.	AI Subsidy	Purchase of semen, straws and	All Wards	30,000,000
	Aquaculture Input	nitrogen Purchase of fish feeds and	All Wards	25 000 000
13.	Support (Feeds	fingerlings	All Walus	25,000,000
	and Fingerlings)			
14.	Establishment of	Purchase of bee hives and	All Wards	45,000,000
-4.	Apiaries	other equipment	7 III Waras	43,000,000
15.	Establishment of	Construction of structure,	Sang'alo/Mabanga	180,000,000
٠,٠	an Animal	purchase of improved breeds	ATC	
	breeding Center	(cows), purchase and		
		installation of equipment and		
		supplies, establishment of pasture production units		
16.	Installation of	Construction/ Renovation of	Select Wards	28,000,000

Cross-sectoral Implementation Considerations Agriculture, Rural and Urban Development

This section provides measures to harness cross sector synergies and mitigate adverse cross-sectoral impacts of projects where necessary.

The performance of the sector is dependent upon the linkages between the various subsectors in the Agriculture Sector and also linkages with other sectors. Proper land use planning provides for a balance in the growth of crop, livestock and fisheries sub sectors in ensuring food security and increased earnings from marketed produce.

The Agriculture Sector has linkages with other sectors of the economy namely Energy, Infrastructure and ICT; Health; Education; Public Administration and National Security; Social Protection, Culture and Recreation; Environment Protection, Water and Natural Resources; Public Works. The linkages to these sectors is as highlighted below;

Energy is critical to the success of Agricultural production and value addition and this includes renewable and non-renewable energy. Further ICT linkage to the sector is equally essential not only for market information for the Agriculture sector but also for the dissemination of improved and adaptive technologies. In addition, Agriculture sector benefits by using roads transport to move inputs and outputs to the market.

Human health is important as it affects labour force and productivity in the Agriculture sector activities. Pandemics such as Covid-19, Malaria and HIV/AIDS pose a big threat to the supply of labour to the sector. Conversely, the sector provides food essential for a healthy county.

The Education sector works closely with Agriculture sector in terms of capacity building, technology development and dissemination. Conversely the sector supports the Education Sector through provision of goods and services.

Public administration department facilitates resource mobilization for Agriculture sector and the overall county development planning and public expenditure management.

The Agriculture sector is supported by the Social Protection, Culture and Recreation Sector in terms of a working environment which is conducive for the development of agricultural activities. Accurate information on gender imbalance, vulnerable groups, youth talents and viable areas of investment is critical for proper planning of Agriculture Sector.

The sector works with environment, water and natural resources sector for the purposes of environmental sustainability. Sustainable environmental management is essential for maintenance of agricultural productivity, mitigation and adaptation of climate change. Vegetation cover helps in reducing soil erosion and increase water availability. Harnessing the country's irrigation potential, coupled with efficient utilization of available water resources for agriculture through appropriate water harvesting technologies improves food security.

The Department will collaborate with the Department of Public Works in development of Bills of Quantities and supervision of projects in the sector.

Education

This section discusses cross sector linkages, emerging issues and challenges. The two sub-sectors interact with one another as well as with other sectors and stakeholders in implementing their mandate. This interaction incorporates the views of key players in the sub-sectors as a way of creating synergy among the players for optimal utilization of resources. This ensures complementarily in service delivery as well as avoiding overlaps and duplications. The Education and Vocational Training Sector has close linkages with other sectors and stake holders. These include:

3.4.1 Agriculture, Rural and Urban Development

The Sector collaborates with the agriculture sector as it will implement home grown and school meals program, provision of food during emergencies and market for agricultural products for use in schools and VTCs. The collaboration of the two sectors in addressing hunger and food adequacy is important. The sector provides ST & I advisory to agricultural and livestock related research institutions and also supports research in niche agricultural and livestock areas. The Education sector also collaborates with line sector for issuance of school title deeds / allotment / permits.

3.4.2 Energy, Infrastructure and ICT

This Sector plays a critical role improving the teaching and learning environment. It is responsible for provision of electricity and other alternative sources of energy, which not only enhance learning programmes but also provides security in learning institutions. Education sector has put emphasis on ICT and therefore this sector plays an important role in offering expertise in ICT integration and provision of ICT infrastructure. Infrastructure development in learning institutions continues to be key in improving learning environment and therefore this sector will continue to provide

professional services related to construction, maintenance and supervision of development projects.

3.4.3 Environmental Protection, Water and Natural Resources

Provision of a clean learning environment, adequate water supply and sufficient sanitation services is crucial in delivering educational services as it ensures a healthy learner population. The education sector will continue to work closely with Environmental Protection, Water and Natural Resource Sector to ensure that water and sanitation facilities provided are sufficient and meet the set standards and the regulatory requirements. The sector will also continue working closely with environment sub sector to ensure mainstreaming of environmental sustainability in the curriculum at all levels of education and training. This sector relies on institutions of learning for public sensitization and training on matters related to environmental protection and conservation of water and natural resources.

3.4.4 General, Economic and Commercial Affairs

The linkage between the Education Sector and the General, Economic and Commercial Affairs Sector ensures that curricula developed meet the requirements and dynamism of industry. The General, Economic and Commercial Affairs sector is charged with the responsibility of developing County and National Skills Inventory. To ensure that industrial training programmes offered remain relevant and responsive to the changing needs of the economy, the sector collaborates on curriculum related issues with a view to sharing information to enable the sector effectively plan for the demand driven training approach which caters for lifelong education and training.

3.4.5 Governance, Justice, Law and Order

The Governance Justice, Law and Order sector is instrumental in enabling the Education sector enhance institutional and legal capacities for human resource management, planning and development. The education sector nurtures socialization of individuals and instills basic values principles of governance which are conducive for governance, justice, law and order. In addition the sector provides the required skilled manpower to the world of work by effectively educating and training the workforce.

3.4.6 Health Sector

A healthy population provides a county with the needed workforce to contribute to economic development. A healthy populace will lead to less expenditure on preventive health services and the resultant impact will be a more productive population leading to higher economic development. The health sector offers primary health care services to educational institutions. These services are related to the social determinants which contribute to improved lifestyle and well-being of learners, trainees, teachers and tutors / instructors. Public health is in charge of sanitation standards in institutions of learning

and training which need to be adhered to by all the institutions. The education sector provides the skilled manpower through its institutions of learning for the health sector. It also instils basic health care knowledge and skills in the learner and community populace which reduces the cost of health care.

3.4.7 County / National Security

Security is a pre-requisite for provision of education and training. The National security sector works with education sector to ensure security of all neighbourhoods so that children, teachers and parents are safe. It is therefore important that collaboration between education sector and this sector is enhanced to address insecurity due to terrorism, cattle rustling, radicalization and drug and substances abuse in learning institutions. The education sector provides capacity development programmes for various National security agencies with a view to enhancing their knowledge and skills to counter the ever evolving security threats and challenges.

3.4.8 Public Administration and International Relations

The Public Administration and International Relations sector is a key enabler for education sector. It facilitates prioritization and supports research, establishes strategic partnerships and collaborations, and aligns financial services with the education sector policies. The education sector relies on this sector for provision of financial resources and guidelines on resource management through the County Treasury. The education sector also relies on this sector to facilitate it with international partners for funding, bench-marking for best practices and sharing of research findings. The Public Administration sector plays an important role in resolving conflicts and security threats to institutions of learning to ensure safe learning environment.

3.4.9 Social Protection, Culture and Recreation

The social sector plays a significant role in empowering communities to focusing on the right and welfare of children to access education. It also assists in nurturing talent among the youth including children with disability, encourage the outsourcing of noncore and labour - intensive activities to potentially productive groups. This sector also ensures the rights of employees in education sector are safe guarded and working conditions are improved as articulated in existing legal framework. Additionally, it contributes to affirmative action for women in science and technology and encouraging pursuit of knowledge transformation and IPRs as well as aligning with the ST &I strategy and policy. Also linkage exists through culture and recreation via sports, music and drama which are encouraged in learning institutions from ECDE to university as well as tertiary institutions in an effort to promote social cohesion and nationalism in the country. Education sector is instrumental in empowering the marginalized and vulnerable groups especially women, PWD and children. For instance, provision of

sanitary towels for the girl child in basic education institutions in targeted areas to enhance access and retention in education.

Health

The department of Health and Sanitation will continue to work in collaboration with other departments. Regular meeting will be held with the relevant department as the department executes its mandate. Specifically:

- The department of roads will ensure that the transport network is well maintained and opened to ensure easy access to health facilities
- The department of education will provide the school going children for deworming as well as sensitizing relevant people on health matters
- The department of agriculture will ensure that Bungoma residents receive nutritious food for their well being.
- The department of water will provide water for domestic use
- The media will assist in the sensitization of people on health matters.
- The department of public administration will mobilize people in public participation meeting.
- The department of gender will ensure that the physically challenged people are identified and rehabilitated

3.4 Payments of Grants, Benefits and Subsidies
Agriculture, Rural and Urban Development

Type of payment (e.g.	Amount (Ksh.)	Beneficiary	Purpose
Education bursary,		,	•
biashara fund etc.)			
National Agriculture and Rural Inclusive Growth Project(NARIGP)	350,000,000	Community Driven Development Committees (CDDCs)	NARIGP is a 5 year project financed by World Bank /IDA, National Government and County Governments. The project finances approved community proposals in Dairy, Indigenous Chicken, Banana and Beans in 5 Sub Counties, 20 Wards in the County The project has 4 main components: Supporting Community-Driven Development, Strengthening Producer Organizations and Value Chain Development, Supporting County Community-Led Development and Project Coordination and Management.
Farm Input Subsidy (e.g Certified fertilizer,	425,000,000	Farmers in all Wards in the	This is aimed at improving food security and livelihoods in the
seed, etc)		County	County

Type of payment (e.g.	Amount (Ksh.)	Beneficiary	Purpose
Education bursary, biashara fund etc.)			
Agriculture Sector Development Support Programme (ASDSP II)	23,000,000	Farmer groups, Value Chain Actors and Organizations	Purpose is "to Develop Sustainable Priority Value Chains for Improved income, food and nutrition security". ASDSP II addresses four key problems that hinder commercialization of agriculture i.e. low productivity along the entire PVC, inadequate entrepreneurial skills along PPVCs and among service providers, low access to markets by Value Chain Actors (VCAs) and weak and inadequate structures and capacities for consultation, cooperation and coordination within the Sector. Project duration: Five (5) years.

4.4 Financial and Economic Environment

The application of lessons learnt from past ADPs and the continuous improvement in our development programming coupled by a strong legal framework gives a favorable forecast of the county Financial and Economic environment, within which the development priorities outlined in this ADP will be attained. We forecast an enlarging resource envelope for FY 2020/21 as well as sound support from the National Government and development partners in meeting our development obligations.

4.5 Risks, Assumptions and Mitigation measures Agriculture, Rural and Urban Development

Agriculture

_ 5		
Risk	Assumption	Mitigation measures
Fluctuation in the cost of inputs	Balanced demand and supply	Sensitize producers on use of
	conditions	organic manures
		Provide subsidized inputs
Unpredictable weather	Stable predictable weather	Install early warning systems
conditions		Invest in small-scale irrigation
		systems

Lands, Urban and Physical Planning

Risk	Assumption	Mitigation measures
Political interference	Politics versus development	Separation of roles
Limited funding		Consistence and timely exchequer releases in line with cash flow plans will ensure project funding is enhanced.
		Increase in collaborations and partnership with stakeholders and other agencies to limit funding issues for the department.
Ambitious planning	Plan designs versus available resource requirements	Clear focus on project priorities will mean adherence to departmental work plans and procurement plans.
Inadequate human capacity development	Relevance of human resources to project implementation.	Improvement in human resource development by ensuring human capacity in ICT and technological innovations

Municipalities

Bungoma Municipality

Risk	Assumption	Mitigation measures
Unpredictable weather conditions	Stable predictable weather	Install early warning systems Invest in small-scale irrigation systems
Strategic Risks	No political interference	The planning process will be as participatory as possible to provide ownership and make implementation easy. Effective monitoring and evaluation of the implementation process is fundamental.
Organizational Risks	Strong sector institution	Appropriate consultations with stakeholders will be undertaken while the department's staff capacity will be regularly enhanced.

Risk	Assumption	Mitigation measures
Administrative Risks	Stable organizational	Duties and responsibilities will be assigned to each officer to enhance service delivery. Outsourcing of non-core activities will be undertaken where necessary, and strategies to attract and retain qualified staff pursued.
Financial Risks	Support from development partners	Programme-based allocation and prudent management of funds is necessary. Optimum utilization of resources will also be pursued.
Expenditure exceeding the allocated budget.	Effective Financial Management and Governance.	Monthly expenditure reports and compliance assurance audits are prepared and sent to the Chief Officer.
Lack of implementation of the Public Sector Integrity Management Framework by departments.	Fight against corruption sustained	Establishment of the ethics and anti-corruption branch.
Contractor's variation from the BoQ	Construction as per the BoQ	Continuous supervision of all projects
Variation in quality of supplies	All goods/ services shall be delivered as per quotation	Inspection reports to accompany all deliveries and continuous supervision of all ongoing projects

Risk	Assumption	Mitigation measures
The demand for the County Executive to deliver results may outsrip its capacity and available resources, leading to non- delivery or poor quality projects	Adequate capacity to offer services	Manage expectations of its stakeholders about what can be delivered realistically
The possibility of duplication of development eforts is high given the onset of devolution and with creation of Ward Development Funds, as well as the National Government Constituency Development Fund	Functional liaison committee	Exercise particular care to act within its legal mandate and follow proper decision-making processes, including wider consultations and information sharing
Loss of credibility if the data County MDAs use for the ADP is found to have been compromised.	Quality and reliable data	ICT and quality assurance systems to protect data loss, corruption, manipulation and inaccuracy. Work closely with KNBS.
Contractor's variation from the BoQ	Construction as per the BoQ	Continuous supervision of all projects
Variation in cash flows	Exchequer releases will be available to fund all payment requests	Timely requisition of payments and preparation of work plans

Risk	Assumption	Mitigation measures	
Variation in input costing	There will be no extreme	Provision for cost escalations in	
	variations in input costing	all project costs

Variation in input costing	There will be no extreme variations	Provision for cost escalations in	
	in input costing	all project costs	

CHAPTER FIVE: MONITORING AND EVALUATION

5.1 Chapter Overview

The chapter covers the monitoring and evaluation framework to be adopted during plan implementation to measure progress and provide information for continuous improvements. The chapter also covers the reporting frequencies and standards expected of the stakeholders

5.2 Frequency of Monitoring and Evaluation

The frequency of monitoring strategic goals will be done on a quarterly basis with the operational objectives being reviewed monthly. The overall review of the ADP will be on an annual basis.

5.2.1 Reporting

The County MDAs will prepare monthly status reports on the on progress (or lack thereof) towards achievement of the specified objectives contained in the ADP with recommendations as well as exception reports. The monthly status reports will then be collated to quarterly status reports for the County Executive Committee review and action. This will be done in conjunction with other reports/recommendations due to the County Assembly

5.2.2 Strategic Adjustments

This Annual Development Plan is a guideline and not a strict roadmap that must be followed. There may arise the need to deviate from or realign the Plan, based on the results of the monitoring and evaluation, status reports and prevailing circumstances, e.g. changes in the external environment resulting in different organisational goals, lack of financial resources to carry out the initial Plan, Parliament making changes on the mandate of Counties amongst others.

Any deviations or alterations to the Plan must be informed through status reports and measurable changes in prevailing circumstances, the deviations or alterations should aim to achieve objectives that meet the "SMART" criteria and should be within the available resources. The deviations and/or alterations must be approved by the County Assembly.

5.2.3 Linking Monitoring and Evaluation to Performance Management

Performance evaluation will be carried out through Key Performance Indicators (KPI). The monitoring will also be both formative (taking place during the plan period with the aim of improving the outputs and outcomes) and summative [drawing and implementing lessons from strategic objectives already achieved (or not achieved)].

The evaluation will focus on:-

i. Efficiency (input versus output);

- ii. Effectiveness (measure of extent to which an activity/operational objective fulfils/achieves the Plan) and;
- iii. Impact (where or not the strategic goal achieved made a difference to the problem situation it was meant to solve).

ANNEXES

Annex 1: Performance of Capital Projects for the previous year Agriculture, Rural and Urban Development

Project Name/ Location	Objective/ Purpose	Output	Performance Indicators	Status (based on the indicators)	Planned Cost (Ksh.)	Actual Cost (Ksh.)	Source of funds
Completion of Chwele Chicken Slaughter House	To enhance Value addition and farmer incomes in the poultry value chain	Chwele Chicken Slaughter House completed	No of slaughter houses completed	Ongoing	40,000,000	12,000,000	CGB
Establishment of a Dairy Processing Plant at Webuye	To enhance Value addition and farmer incomes in the dairy value chain	Dairy Processing Plant completed	No of dairy processing plants completed	Ongoing	250,000,000	128,600,000	CGB
Renovation of Mabanga ATC	To enhance farmers training and revenue	Mabanga ATC Renovated	Number of ATCs renovated	Ongoing	45,000,000	12,760,000	CGB
Construction of a perimeter wall fence at Mabanga ATC	To enhance security at Mabanga ATC	Perimeter wall constructed	Number of perimeter walls constructed	Ongoing	18,000,000	12,000,000	CGB
Construction of a coffee bean ware house at Musese Coffee Mill	To enhance Value addition and farmer incomes in the coffee value chain	Coffee Warehouse constructed	Number of Coffee Warehouses Constructed	Ongoing	12,000,000	8,5000,000	CGB
Construction of a zero grazing unit at Mabanga ATC	To enhance productivity and production in dairy	Zero grazing unit constructed	Number of zero grazing units constructed	Ongoing	5,000,000	700,000	CGB
Construction of a poultry unit at Mabanga ATC	To enhance productivity and production	Poultry unit constructed	Number of Poultry unit constructed	Ongoing	5,000,000	2,000,000	CGB
Construction of a coffee bean ware house at Chesikaki Coffee Mill	To enhance Value addition and farmer incomes in the coffee value chain	Coffee Warehouse constructed	Number of Coffee Warehouses Constructed	Ongoing	12,000,000	8,0000,000	CGB
Construction of a coffee bean ware house at Kimukung,i Coffee Factory	To enhance Value addition and farmer incomes in the coffee value chain	Coffee Warehouse constructed	Number of Coffee Warehouses Constructed	Ongoing	8,000,000	4,0000,000	CGB

Project Name/ Location	Objective/ Purpose	Output	Performance Indicators	Status (based on the indicators)	Planned Cost (Ksh.)	Actual Cost (Ksh.)	Source of funds
Construction of water tower at Mabanga ATC	To enhance water storage capacity at the institution for improvement of service delivery	water tower erected	Number of water towers erected	complete	5,000,000	4,750,000	CGB
Construction of Bumula Dairy FCS Cooler House	To enhance value addition in dairy	Bumula Dairy FCS Cooler House constructed	Number of cooler houses constructed	Ongoing	9000000	8,500,000	CGB

Lands, Urban and Physical planning

Project Name/ Location	Objective/ Purpose	Output	Performance Indicators	Status (based on the indicators)	Planned Cost (Ksh.)	Actual Cost (Ksh.)	Source of funds
Purchase of Geodetic machines at HQ	To achieve documentation of survey controls into National Geodetic Network	Survey activities enhanced	Number of Geodetic machine purchased	New	2,560,475	0	County Government of Bungoma
Purchase of acres of land at Chebkube	To provide a coordinated approach to land use	Land inventory prepared	Number of acres of land purchased for establishment of Research Centre	complete	50,000,000	38,000,000	CGB/PPP
Develop physical plans for Kimilili and Naitiri	To achieve well planned urban centers	Physical planning designed and developed	Number of physical Plans developed	On-going	17,541,691	18,001,344	County Government of Bungoma
Preparation of valuation rolls for Kimilili	To improve revenue collection	Valuation rolls prepared	Number of valuation rolls prepared	On-going	8,000,000	6,400,000	County Government of Bungoma
Develop and maintain designs for storm water drainages in Bungoma town	To control storm water in urban centers	Storm water drainages maintained	Number of designs for storm water drainages developed and maintained	On-going	37,867,600	37,257,250	County Government of Bungoma

Dairy cattle improvement	To increase production and productivity	2250	Acquisition and distribution of breeding stock	Compliant	225	CGB/ Partn ers	5 years	CGB/Partn ers
Dairy goats improvement	To improve dairy production and productivity	180	Acquisition and distribution of breeding stock	Compliant	25	CGB/ Partn ers	5 years	CGB./Partn ers
Pasture development	To improve on feed and pasture availability	900 kg	Purchase and distribution	Compliant	90	CGB/ Partn ers	5 years	CGB./Partn ers
Purchase of milk coolers	To reduce wastage of milk	45	Purchase and installation	Compliant	45	CGB/ PPP	5 years	CGB./Partn ers
Indigenous poultry development	To increase food security	225	Distribute incubators.	Compliant	54	CGB/ PPP	5 years	CGB./Partn ers
Disease control	To reduce disease incidence	45	Build and Rehabilitate cattle dips,	Compliant	50	CGB/ PPP	5 years	CGB./Partn ers
Vector control	To reduce disease incidences	70	Establish communal crush pens	Compliant	20	CGB/ PPP	5 years	CGB./Partn ers

Project Name/ Location*	Objectives	Targets	Key Description of Activities	Green Economy considerations	Cost in ('ooo)	Source of fundi ng	Time- frame	Implementing Agency
Routine vaccinations in livestock	To prevent and control notifiable diseases	All	Purchase vaccine	Compliant	75	CGB/ PPP	5 years	CGB./Partn ers
Disease surveillance	To enhance early							
	disease detection, control and prevention	100%	Surveillance	Compliant	30	CGB/ Partn ers	5 years	CGB/Partn ers
Establishment of a poultry slaughter house	To promote value addition	1	Promote poultry production	Compliant	100	CGB/ PPP	5	CGB/Parter s
Extension services	To enhance dissemination of extension messages to farmers	9	Recruit field officers/Hold farmers field days, Shows and exhibition	Compliant	25	CGB/ Partn ers	5 years	CGB/Partn ers
Veterinary public health	To Safe-guard both animal and human health	3	Renovation of and establishment of slaughter houses	Compliant	90	CGB/ Partn ers	5 years	CGB/Partn ers
Kanduyi Mini-Tannery	To Safe-guard both animal and human health	1	Completion of Kanduyi mini Tannery	Compliant		CGB/ Partn ers	5 years	CGB/Partn ers
Establishment of AI Centre(Mabanga ATC)	To increase production and productivity	1	Construction of AI Centre	Compliant	25	CGB/ Partn ers	5 years	CGB./Partn ers
Genetic improvement	To increase production and productivity	45	Promote artificial insemination and other emerging technologies	Compliant	70	CGB/ Partn ers	5 years	CGB./Partn ers
Construction of condemnation pit	To improve biosafety and prevent diseases	1	Procurement of BQs, engagement of contractors, operationalization	Compliant	5	CGB/ Partn ers	5 years	CGB./Partn ers
Farm input provision in the whole County	To enhance	45,000	Provision of inputs	Compliant	114.2	CGB, Partn ers	5 years	CGB./Partn ers

Project Name/ Location*	Objectives	Targets	Key Description of Activities	Green Economy considerations	Cost in ('ooo)	Source of fundi ng	Time- frame	Implementing Agency
	accessibility of farmers to farm inputs							
Dairy cows improvement (Purchase of dairy cows)	To increase production and productivity	900	Mobilization and recruitment of farmers; Acquisition of breeding stock	15	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based
Establishment of County Dairy Corporation	Value addition to livestock produce	1	Mobilization of resources, construction	30	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based
Establishment of Economic Dairy Units	To increase milk production	20	Mobilization of resources, construction	50	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based
Dairy goats improvement(Purchase of dairy goats)	To increase production and productivity	900	Mobilization and recruitment of farmers; Acquisition of breeding stock	10	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based
Pasture and fodder development	To improve on quality and quantity of feeds	1800	Mobilization and recruitment of farmers; Inputs for pasture and fodder establishment	10	CGB	5 years	CGB	Need based
AI Subsidy Programme	To improve animal breeds	100000	Establish an AI Centre AI provision	50	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based
Purchase and installation of milk coolers	To improve on milk quality, and hygiene	9	Mobilization and recruitment of beneficiaries; Purchase and installation; Capacity building on operation	15	CGB	5 years	CGB	Need based

Project Name/ Location*	Objectives	Targets	Key Description of Activities	Green Economy considerations	Cost in ('ooo)	Source of fundi ng	Time- frame	Implementing Agency
Purchase of pulverizes	To improve utilization of farm by products and their conservation	1125	Mobilization of groups Purchase and distribution Capacity building on usage	10	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based
Purchase of mower, baler, and raker	To have quantity and quality feed	1	Logistical meetings Purchase and operationalization	15	CGB	5 years	CGB	Need based
Purchase of silage making materials	To enhance quantity and quality feed	225	Purchase and distribution of materials	30	CGB /Partne rs	5 years	CGB /Partne rs	Need based
Indigenous poultry improvement(purchase of poultry breeding stock and incubators)	To improve production and productivity	45	Mobilization of groups Purchase and distribution Capacity building on usage	20	CGB	5 years	CGB	Need based
Establishment of poultry collection centres	To improve on market access	450	Mobilization of groups Purchase and distribution Capacity building on usage	15	CGB	5 years	CGB	Need based
Bee keeping improvement Purchase of modern bee hives	To increase production and productivity	12,150	Mobilization of groups Purchase and distribution Capacity building on usage	10	CGB	5 years	CGB	Need based
Purchase of honey centrifuge	To improve on quality and hygiene	225	Mobilization of groups Purchase and distribution Capacity building on usage	10	CGB/Pa rtners	5 years	CGB	Need based
e-extension programme	To improve access to agricultural information	Farmers	Resource mobilization, contracting	10	CGB/Pa rtners	5 years	CGB	At roll-out stage

Project Name/ Location*	Objectives	Targets	Key Description of Activities	Green Economy considerations	Cost in ('ooo)	Source of fundi ng	Time- frame	Implementing Agency
Agent network farming	To support agricultural productivity	Farmers	Resource mobilization, contracting	15	CGB/Pa rtners	5 years	CGB	At roll-out stage
Agro-Franchise model	To support agricultural productivity	Farmers	Resource mobilization, contracting	11	CGB/Pa rtners	5 years	CGB	At roll-out stage
Village-Based Advisor (VBA) Model	To support agricultural productivity	Farmers	Resource mobilization, contracting	20	CGB/Pa rtners	5 years	CGB	At roll-out stage
Resource poor support programme	To support agricultural productivity	Farmers	Resource mobilization, contracting	10	CGB/Pa rtners	5 years	CGB	At roll-out stage
Technology shops for agriculture	To support agricultural productivity	Farmers	Resource mobilization, contracting	16	CGB/Pa rtners	5 years	CGB	At roll-out stage
Learnbing visits/tours	To support agricultural productivity	Farmers	Resource mobilization, contracting	15	CGB/Pa rtners	5 years	CGB	At roll-out stage
Agriculture information desks	To support agricultural productivity	Farmers	Resource mobilization, contracting	5	CGB/Pa rtners	5 years	CGB	At roll-out stage
Intensive mixed farming systems	To support agricultural productivity	Farmers	Resource mobilization, contracting	30	CGB/Pa rtners	5 years	CGB	At roll-out stage
Purchase of honey harvesting kits	To improve on safety during harvesting	450	Mobilization of groups Purchase and distribution Capacity building on usage.	10	CGB/Pa rtners	5 years	CGB	Need based
Farmer field school programme	To improve on safety during harvesting	Farmers	Resource mobilization, contracting	10	CGB/Pa rtners	5 years	CGB	At roll-out stage

Project Name/ Location*	Objectives	Targets	Key Description of Activities	Green Economy considerations	Cost in ('ooo)	Source of funding	Time- frame	Implementing Agency
Exporters/out-growers support programme	To improve on safety during harvesting	Farmers	Resource mobilization, contracting	15	CGB/Pa rtners	5 years	CGB	At roll-out stage
Farmer to farmer extension programme	To improve on safety during harvesting	Farmers	Resource mobilization, contracting	20	CGB/Pa rtners	5 years	CGB	At roll-out stage
Purchase and installation of honey refinery	To increase productivity of honey and bee products	2	Mobilization of groups Purchase and distribution Capacity building on usage	15	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based
Sheep improvement(purchase of dopers for breeding stock)	To increase production and productivity	22	Mobilization of groups Purchase and distribution	15	CGB	5 years	CGB	Need based
			Capacity building on usage					
Pig improvement Purchase of breeding stock	To increase production and productivity	12	Mobilization of groups Purchase and distribution Capacity building on usage	10	CGB	5 years	CGB	Need based
Establishment of livestock model farms with all livestock enterprises	To improve farmers capacity on livestock production skills	1	Identification of model farms Acquisition of inputs and breeding stock; Demos and training.	18	CGB	5 years	CGB	Need based
Conduct Livestock census	To improve resource allocation	1	mobilizing resources for data collection and presentation of analyzed data	5	CGB	5 years	CGB	At roll-out stage

Project Name/ Location*	Objectives	Targets	Key Description of Activities	Green Economy considerations	Cost in ('ooo)	Source of fundi ng	Time- frame	Implementing Agency
Establish and equip livestock auction yards	To create a better business environment	45	Identify existing yards Equip existing yards Construct and equip new yards	10	CGB	5 years	CGB	Need based
Administrative support services (Hiring of new technical staff)	To enhance and improve extension service delivery	1	Conduct staff need assessment Conduct staff training Recruit new staff	20	CGB/Pa rtners	5 years	CGB/Pa rtners	At roll-out stage
Administrative support services	To enhance mobility and extension service delivery	4	Procure Motor vehicles Procure Motor cycles	20	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based
Procure E-extension software and Kits	To enhance extension service delivery	1	Procure Software Procure tablets Conduct staff and farmer trainings	25	CGB	5 years	CGB/Pa rtners	Need based
Establish Livestock and Fisheries training Centre	To create a breeding Centre for livestock and fisheries	1	Construction of administration block and training hall; Equip the Centre labs, furniture and staffing	30	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based
Establishment of a Dairy/Milk Processing Plant	To improve on milk marketability	1	Construct a milk processing plant	50	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based
Installation of Solar system	County/SubCounty offices	9	Installation of Solar system	inst alli ng sol ar sys tem	CGB /Partne rs	5 years	CGB /Partne	Need based
Rehabilitation of Kimilili, Bungoma, Webuye slaughter houses	To rehabilitate slaughter houses	3	Rehabilitate slaughter houses	Rep airs and fen cin g	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based

Project Name/ Location*	Objectives	Targets	Key Description of Activities	Green Economy considerations	Cost in ('ooo)	Source of fundi ng	Time- frame	Implementing Agency
Construction of artificial insemination (AI) center at Mabanga ATC	To upgrade existing sock	1	Construction of artificial insemination (AI) center	Con str ucti on & equ ip	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based
Construction of diagnostic labouratory	To improve on productivity	1	Construct a diagnostic labouratory	As per BQs	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based
Institutional Developmen	nt and Management							
Construction of a feed store at Chwele Fish Farm	To provide storage and accessibility of farm	1	Construction of the feed store	Compliant	7	CGB	2 years	CGB./Partn ers
Refurbishment of buildings/facilities at Mabanga ATC	To provide conducive and modern boarding facility	1	Preparation of BQs, tendering, procurement of materials	Compliant	50	CGB/ Partn ers	5 years	CGB./Partn ers
Avocado and mango production	To Improve food security	1	Construction of Value Addition Factories	Compliant	400	CGB/ Partn ers	5 years	CGB/Partn ers
Tractor Hire Service	To Improve food security	9	Purchase of tractors and implements	Compliant	50	CGB/ Partn ers	5 years	CGB./Partn ers
Promotion of Soil Rehabilitation	To promote soil conservation	2500	Soil sampling, testing, and analysis Soil amendment and conservation	Compliant	20	CGB/ Partn ers	5 years	CGB./Partn ers
Institution development and management	To improve service delivery	1	Construction,	25	CGB/Pa rtners	5 years	CGB	Need based
Renovation of buildings at Mabanga ATC	To promote effective service provision	15	Preparation of BQs, tendering, constructing 3 buildings	30	CGB /Partne rs	5 years	CGB /Partne rs	Need based
Construction of new buildings/facilities at	To promote effective service provision	5	Infrastructure development	25	CGB /Partne	5 years	CGB /Partne	Need based

Project Name/ Location*	Objectives	Targets	Key Description of Activities	Green Economy considerations	Cost in ('ooo)	Source of funding	Time- frame	Implementing Agency
Mabanga ATC /AMC/CFF					rs			
Construction and overhaul of water system and storage facilities at Mabanga ATC	Provision of clean and sufficient water	2	Infrastructure development	10	CGB /Partne rs	5 years	CGB /Partne rs	Need based
Establishment of Solar Security Lighting System and Solar Heating System at Mabanga ATC	To improve security	50	Infrastructure development	23	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based
Purchase and Installation of TV sets; Purchase and Installation of Wi-Fi System and related Internet accessories at Mabanga ATC	To improve communicati on	1	Tendering and procurement of TV sets and their accessories and installation	4	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based
Purchase of office Furniture; hotel and conference facilities at Mabanga ATC	Enhance conference facilities	1	Tendering and procurement of dining/conference tables, chairs and curtains	5	CGB. /Partne rs	5 years	CGB. /Partne rs	Need based
Construction of Agroprocessing unit and Purchase of Agroprocessing equipment at Mabanga ATC	To increase the number of demonstratio n facility	1	Preparation of BQs, tendering, Construction and completion,	80	CGB /Partne rs	5 years	CGB /Partne rs	Need based
Upgrading of Main Gate to office road to Bitumen (or its equivalent) standard.	Modernizatio n of the ATC		Construction and completion	10 M	CGB/Pa rtners	5 years	CGB/Pa rtners	Need based

Project Name/ Location*	Objectives	Targets	Key Description of Activities	Green Economy considerations	Cost in ('ooo)	Source of fundi ng	Time- frame	Implementing Agency
County Subsidized Avocado and Mango Seedlings production at Mabanga ATC	To improve food security	ım	To produce seedlings	250	CGB/ Partners	5 years	CGB/ Partners	Need based
Construction of Modern Livestock Units at Mabanga ATC	Improved food security	5	Preparation of BQs, tendering, Construction and completion	4	CGB/ Partners	5 years	CGB/ Partners	Need based
Renovation of Livestock units and other farm structures at Mabanga ATC	To improve on productivity	1	Preparation of BQs, tendering, Renovation	4	CGB/ Partners	5 years	CGB/ Partners	Need based
Re-stocking of Livestock at Mabanga ATC	Improved food security		Tendering and procurement of restocking stocks	10	CGB/ Partners	5 years	CGB/ Partners	Need based
Grading and Gravelling of Farm access roads at Mabanga ATC	Improve access to farm plots	3.3km	Preparation of BQs, tendering, procurement of construction materials	3	CGB/ Partners	5 years	CGB/ Partners	Need based
Commercial production of Hay at Mabanga ATC	To increase milk production	cs	Planting and field management, Bailing, Sell of hay and seed	2.5	CGB/ Partners	5 years	CGB/ Partners	Need based
Promotion of Conservation Agriculture (CA)	Improved food security	1	Establishment of Conservation Agriculture (CA) demonstration plots	5	CGB/ Partners	5 years	CGB/ Partners	Need based
Construction and Furnishing of office block for AMC	For improved service delivery	1	Preparation of BQs, tendering, and construction	2	CGB/ Partners	5 years	CGB/ Partners	Need based

Project Name/ Location*	Objectives	Targets	Key Description of Activities	Green Economy considerations	Cost in ('ooo)	Source of fundi ng	Time- frame	Implementing Agency
Construction and Equipping of workshop for AMC	Well serviced machineries	1	Preparation of BQs, tendering, and construction	12	CGB/ Partners	5 years	CGB/ Partners	Need based
Construction of Machinery Shade for AMC	For improved service of the machineries	1	Preparation of BQs, tendering, and construction	3	CGB/ Partners	5 years	CGB/ Partners	Need based
Purchase of Motor cycles and Motor Vehicle for AMC	To improve service delivery	1	Preparation of BQs, tendering, and construction	10	CGB/ Partners	5 years	CGB/ Partners	Need based
Up-scaling Tractor hire services to 45 tractors	To enhance accessibility of the service	45	Proper Management	380	CGB/ Partners	5 years	CGB/ Partners	Need based
Promotion of Soil Rehabilitation and protection	To improve soil productivity	1	Soil Testing System Upgrade	10	CGB/ Partners	5 years	CGB/ Partners	Need based
Construction of Soil samples storage facility and Mobile Soil Lab Shades	To reduce losses, wear and tear	3	Construction materials and construction of storage facility and shades	4	CGB/ Partners	5 years	CGB/ Partners	Need based
Hosting of farmer trainings/ Field, days/ Workshops/ Demonstrations	To enhance knowledge transfer to farmers	5000	Mobilization meetings Transporting farmers Farmer trainings	10	CGB/ Partners	5 year	CGB/ Partners	Need based
Establishment of Recirculating aquaculture system(RAS) for Chwele fish farm	To enhance production of fingerlings	1	Preparation of BQs Procurement and installation of the RAS	10	CGB/ Partners	5 years	CGB/ Partners	Need based
Production of monosex tilapia seed, catfish and ornamental fish seed at Chwele fish farm	To enhance food security and nutrition	50M	Production and distribution of seed	12	CGB/ Partners	5 years	CGB/ Partners	Need based

Annex 5: Concept Notes Infrastructure

PROJECT CONCER		duyi – Sangʻalo J	unction Road (on	C33) to Dual carriage way
	Upgrading of Misikhu - Brigadier Road to bitumen standards			
PROJECT	Kanduyi – Sang'al	o Junction Dual	Carriage – Bungon	na Town
LOCATION				Vebuye East sub County
PROJECT TYPE	Mega			
IMPLEMENTING ORGANISATION	Department of Roads Infrastructure and Public Works			
PROJECT PURPOSE	Kanduyi - Sang'alo Junction Dual Carriage - Decongestion of Bungoma Town Misikhu - Brigadier - Improve Transport network in Tongaren sub and Webuye East sub County			
BRIEF DESCRIPTION	Kanduyi – Sang'alo Junction Dual Carriage – De-congest Bungoma Town and open up the corridor for future development Misikhu Brigadier Road – To handle increased traffic due to high population arising from commercialization of agricultural activities in the region			
PROJECT			carriage: 44% work	
STATUS	Misikhu – Brigadier Road: 48% works done			
ESTIMATED	Kanduyi - Sang'al	o junction dual (carriage: 3 Years	
PROJECT	Misikhu – Brigadi	er Road: 3 Years		
DURATION				
ESTIMATED PROJECT COST	FY	FY 2018/19	FY 2019/20	FY 2020/21
673,460,112.00	Kanduyi – Sang'alo junction dual carriage	300M	400M	600M
	Misikhu – Brigadier Road		100M	100M
ECONOMIC AND SOCIAL BENEFIT	Improve commuter efficiency through reduced travel times and vehicle maintenance costs.			
	Modernize Bungoma Town and attract investors as well as improve security in town			
	offer employment	opportunities to	o people	
SOURCE OF FUNDING	offer employment		o people	

ALFIC

Sectoral flagship projects

Project Name: Establishment of Poultry Processing
 Plant

Objective: To enhance value addition and processing in the poultry value chain

Outcome: Enhanced incomes and livelihoods amongst poultry farmers and other value chain actors.

Description of key activities: Feasibility and Pre-investment study for the establishment of the poultry slaughter house, Environmental Impact Assessment for establishment of the facility, Provision of relevant policy and legal framework for establishment of the facility, Budgetary allocation of funds for construction and equipping of the slaughter facility, Procurement of Works for construction and equipping of the slaughter facility, Leasing of the facility under PPP arrangement for operationalization, Continued promotion of poultry production amongst farmers,

Key Outputs: Feasibility and pre-investment studies undertaken; Budget amount provided, Procurement process undertaken, Policy and Legal Framework provided, Slaughter house buildings, lagoons and related facilities constructed; Slaughter Equipment installed, Facility leased under PPP arrangement.

Performance Indicators: Number of feasibility and pre-investment studies undertaken, number of policies, bills and guidelines formulated and approved, Number of slaughter facilities constructed and fully equipped, number of facilities leased and fully operationalized

Timeframe: 1 year

Estimated Cost (Ksh): 60,000,000

Source(s) of funds: County Government of Bungoma/Development Partners

Implementing agency(s): County Government of Bungoma Department of Livestock

2. Project Name: Establishment of a Milk Processing

Location: Webuye

Objective: To enhance value addition and processing in the dairy value chain

Outcome: Enhanced incomes and livelihoods amongst dairy farmers and other value chain actors.

Description of key activities: Feasibility and Pre-investment study for the establishment of the Milk Processing Plant, Environmental Impact Assessment for establishment of the facility, Provision of relevant policy and legal framework for establishment of the facility, Budgetary allocation of funds for construction and equipping of the facility, Procurement of Works for construction and equipping of the facility, Leasing of the facility under PPP arrangement for operationalization, Continued promotion of milk production amongst farmers,

Key Outputs: Feasibility and pre-investment studies undertaken; Budget amount provided, Procurement process undertaken, Policy and Legal Framework provided, Milk Processing Plant buildings, lagoons and related facilities constructed; Equipment installed, Facility leased under PPP arrangement.

Performance Indicators: Number of feasibility and pre-investment study reports availed, number of policies, bills and guidelines formulated and approved, Number of Milk Processing Plant facilities constructed and fully equipped, number of facilities leased and fully operationalized

Timeframe: 3 years

Estimated Cost (Ksh): 300,000,000

Source(s) of funds: County Government of Bungoma/Development Partners

Implementing agency(s): County Government of Bungoma Department of Livestock

3. Project Name: Establishment of a Cooperative Enterprise Development Support Fund

Domiciled: Department of Cooperatives

Objective: To enhance growth of the cooperative movement in the County.

Outcome: Enhanced incomes and livelihoods amongst cooperative members in the County Description of key activities: Feasibility study for the establishment of the Fund, Provision of relevant policy, legal and regulatory framework for establishment of the fund, Budgetary

allocation of funds for operationalization of the Fund, Sensitization of Cooperative Societies on the Fund

Key Outputs: Feasibility study undertaken; Budgetary allocation provided for the Fund operationalization, Policy and Legal Framework provided, Cooperative Societies sensitized about the Fund

Performance Indicators: Number of feasibility study reports availed, number of policies, bills and guidelines formulated and approved, Number of Funds operationalized, Number of sensitization for a held

Timeframe: 2 years

Estimated Cost (Ksh): 100,000,000

Source(s) of funds: County Government of Bungoma/Development Partners

Implementing agency(s): County Government of Bungoma Department of Cooperatives

4. Project Name: Farm Input Support Program

Domicile: ALFIC

Objective: To enhance production and productivity in the sector

Outcome: Enhanced incomes and livelihoods amongst farmers and other value chain actors in the County

Description of key activities: Feasibility study and Baseline Setting, Provision of relevant policy and legal framework for the program, Budgetary allocation of funds, Recruitment of program beneficiaries, Procurement and distribution of farm inputs to farmers across the county, continuous program M&E

Key Outputs: Feasibility study undertaken, relevant policy and legal framework provided, Budgetary allocation of funds provided, Recruitment of program beneficiaries undertaken, Procurement and distribution of farm inputs to farmers across the county undertaken, continuous program M&E

Performance Indicators: Number of Feasibility studies undertaken, number of policies, bills and guidelines formulated and approved, Number of beneficiaries recruited and benefited from the program, Quantity of farm inputs procuredt and distributed to farmers, number of M&E activities undertaken

Timeframe: 1 years

Estimated Cost (Ksh): 300,000,000

Source(s) of funds: County Government of Bungoma/Development Partners

Implementing agency(s): County Government of Bungoma Department of Livestock

5. Project Name: Establishment of a Coffee Milling Plant

Location: Musese and Chesikaki

Objective: To enhance value addition and processing in the coffee value chain

Outcome: Enhanced incomes and livelihoods amongst coffee farmers and other value chain actors in the County

Description of key activities: Feasibility and Pre-investment study for the establishment of the coffee milling Plant, Environmental Impact Assessment for establishment of the facility, Provision of relevant policy and legal framework for establishment of the facility, Budgetary allocation of funds for construction and equipping of the facility, Procurement of Works for construction and equipping of the facility, Facilitating operationalization of the facility by the Cooperative Unions, Continued promotion of coffee production amongst farmers,

Key Outputs: Feasibility and pre-investment studies undertaken; Budget amount provided, Procurement process undertaken, Policy and Legal Framework provided, coffee milling plant buildings and related facilities constructed; equipment installed, Facility operationalized

Performance Indicators: Number of feasibility and pre-investment studies undertaken, number of policies, bills and guidelines formulated and approved, Number of coffee milling plant facilities constructed and fully equipped, number of facilities fully operationalized

Timeframe: 2 years

Estimated Cost (Ksh): 50,000,000

Source(s) of funds: Cooperative Unions/County Government of Bungoma/Development Partners

Implementing agency(s): County Government of Bungoma Department of Cooperatives

6. Project Name: Establishment of a Tea Processing Plant | Location: Mt. Elgon

Objective: To enhance value addition and processing in the Tea value chain

Outcome: Enhanced incomes and livelihoods amongst tea farmers and other value chain actors in the County

Description of key activities: Feasibility and Pre-investment study for the establishment of the Tea Processing Plant, Environmental Impact Assessment for establishment of the facility, Provision of relevant policy and legal framework for establishment of the facility, Budgetary allocation of funds for construction and equipping of the facility, Procurement of Works for construction and equipping of the facility, Leasing of the facility under PPP arrangement for operationalization, Continued promotion of tea production amongst farmers

Key Outputs: Feasibility and pre-investment studies undertaken; Budget amount provided, Procurement process undertaken, Policy and Legal Framework provided, Tea Processing Plant buildings, lagoons and related facilities constructed; Equipment installed, Facility leased under PPP arrangement.

Performance Indicators: Number of feasibility and pre-investment study reports availed, number of policies, bills and guidelines formulated and approved, Number of Milk Processing Plant facilities constructed and fully equipped, number of facilities leased and fully operationalized

Timeframe: 3 years

Estimated Cost (Ksh): 350,000,000

Source(s) of funds: County Government of Bungoma/Development Partners

Implementing agency(s): County Government of Bungoma Department of Livestock

TRADE, ENERGY and INDUSTRILIZATION

1. Project name	Construction of modern market stalls
Project geographical	Kamukuywa, Nalondo, Webuye, Elgon, Nzoia, Bumula, Bukembe and
location	Sirisia Markets
Project Type/Category	Medium
Implementing Organization	CGB, Trade
Project purpose	The project will provide a conducive business environment for traders. This will increase economic productivity and development as a result of enhanced accessibility to the market by the community.
Brief description of the project	The department is targeting to fabricate and install 100 modern market stalls.
Estimated project duration (Months)	12
Estimated project cost (Kshs.):	30,000,000
Outline economic and social benefits	 Increase employment Promote producers Increase production and sale of products for the market Improve infrastructure Increase revenue generated

Outline sources of	County Government of Bungoma
financing	

2. Project name	Construction of modern market sheds		
Project geographical location	Mt. Elgon and Sirisia Sub county		
Project Type/Category	Large		
Implementing Organization	CGB, Trade		
Project purpose	The project will provide a conducive business environment for traders. This will increase economic productivity and development as a result of enhanced accessibility to the market by the community.		
Brief description of the project	The department is targeting to construct 2 modern market shed in 2 sub counties.		
Estimated project duration (Months)	12		
Estimated project cost (Kshs.):	40,000,000		
Outline economic and social benefits	 Increase employment Promote producers Increase production and sale of products for the market Improve infrastructure Increase revenue generated 		
Outline sources of financing	County Government of Bungoma		

3. Project name	Supply and Installation of Solar street lights		
Project geographical location	Major markets across the 9 Sub Counties		
Project Type/Category	Small		
Implementing Organization	CGB, Trade		
Project purpose	The project will increase business working hours and enhance security within the markets. It will increase economic productivity and development as they will offer security to the people, business and communities within the markets.		
Brief description of the project	The project entails supply and installation of 50 solar street lights across major markets within the 9 sub counties. This will ensure increased business working hours within the markets. The challenge with the street lighting projects is inadequate budgetary allocations to maintain them thus having quite a number not working. In order for them to serve the intended purpose, the department needs to receive adequate funds to ensure sustainability through repairs and maintenance of on going street lights		
Estimated project duration (Months)	6 months		
Estimated project cost:	10,000,000		
Outline economic and social benefits	 Enhance security Increase income generation Reduce accidents 		

Outline sources of	County Government of Bungoma
financing	

4. Project name	Supply and Installation of High Flood Mast lights
Project geographical location	Major markets across the 9 Sub Counties
Project Type/Category	Small
Implementing Organization	CGB, Trade
Project purpose	The project will increase business working hours and enhance security within the markets. It will increase economic productivity and development as they will offer security to the people, business and communities within the markets.
Brief description of the project	The project entails supply and installation of 9 High Flood mast lights across major markets within the 9 sub counties. This will ensure increased business working hours within the markets. The challenge with the lighting projects is inadequate budgetary allocations to maintain them thus having quite a number not working. In order for them to serve the intended purpose, the department needs to receive adequate funds to ensure sustainability through repairs and maintenance on an on going basis
Estimated project duration (Months)	6 months
Estimated project cost (Kshs.):	10,800,000
Outline economic and social benefits	 Enhance security Increase income generation Reduce accidents
Outline sources of financing	County Government of Bungoma

5. Project name	Supply and Installation of grid energy street lights
Project geographical location	All 45 Wards
Project Type/Category	Small
Implementing Organization	CGB, Trade
Project purpose	The project will increase business working hours and enhance security within the markets. It will increase economic productivity and development as they will offer security to the people, business and communities within the markets.
Brief description of the project	The project entails supply and installation of 400 grid energy street lights at market centers, schools and health centers within the 45 Wards. This will ensure increased business working hours within the markets, and enhanced security within the social amenities. The challenge with the lighting projects is inadequate budgetary allocations to maintain them thus having quite a number not working. In order for them to serve the intended purpose, the department needs

	to receive adequate funds to ensure sustainability through repairs and maintenance on an on going basis
Estimated project duration (Months)	6 months
Estimated project cost (Kshs.):	45,000,000
Outline economic and social benefits	Enhance securityIncrease income generationReduce accidents
Outline sources of financing	County Government of Bungoma

6. Project name	Equipping and operationalization of cottage industries
Project geographical location	All Sub Counties
Project Type/Category	Small
Implementing Organization	CGB, Trade
Project purpose	The project will facilitate the emergence of competent first generation producers and transition of existing micro small and medium industries into growth oriented industries.
Brief description of the project	The department is targeting to equip and operationalize 14 cottage industries in all the 9 sub counties. This will promote aid and foster growth of the micro small and medium industries. The department engaged ICDC team who visited some of the cottage industries and agreed to support 5 of them; Chepkube Banana processing plant, WamonoTomato Processing Plant, Lungai Animal Feed, and Bumula Animal Feed.
Estimated project duration (Months)	8 months
Estimated project cost (Kshs):	28,000,000
Outline economic and	Promote growth of MSMIs
social benefits	Create job opportunities
	Promote Economic growth
Outline sources of financing	County Government of Bungoma/ICDC

7. Project name	Development of Open Air Market
Project geographical	Webuye
location	
Project Type/Category	Mega
Implementing	CGB, Trade
Organization	
Project purpose	The project will provide a conducive business environment for traders.
	This will increase economic productivity and development as a result of
	enhanced accessibility to the market by the community.

Brief description of the project	The department is planning to reconstruct the old Chwele market shed with complete new fresh produce sheds and cereals market sheds, storage facilities, offloading and loading bays, washrooms, modern retails stalls, agro-processing and value addition units, go-down and coldrooms.
	Construction of Chwele Agribusiness will increase the integration of micro, small and medium enterprises (MSMEs) into the market value chain.
Estimated project duration (Months)	12
Estimated project cost (Kshs):	20,000,000
Outline economic and social benefits	 Increase employment Promote producers Increase production and sale of products for the market Improve infrastructure Increase revenue generated
Outline sources of financing	County Government of Bungoma/NARGP

8. Project name	Establishment of Industrial Park		
Project geographical location	Webuye		
Project Type/Category	Mega		
Implementing	CGB, Trade		
Organization
