

REPUBLIC OF KENYA

COUNTY GOVERNMENT OF BOMET
THE COUNTY TREASURY

COUNTY FISCAL STRATEGY PAPER
FOR FINANCIAL YEAR 2022/2023

FEB 2022

FOREWORD

The Bomet County Fiscal Strategy Paper 2022 lays down the foundation for the preparation of the MTEF budget in accordance with Section 117 of the Public Finance Management Act 2012. It sets out the County Governments economic policies and key priority programs to be implemented in the Medium-Term Expenditure Framework (MTEF) in line with the County Integrated Development Plan 2018-2022.

The County priorities and goals outlined herein are based on the County Integrated Development Plan (CIDP), Governor's manifesto and the County Annual Development Plan for Financial year 2022/2023. The expenditure priorities in the Sector ceilings in this Fiscal Strategy Paper have been realigned to the Big Four agenda. In this regard, the targeted expenditures will prioritize employment creation, youth empowerment, supporting manufacturing activities, enhancing health coverage and improving food security.

The County Government will adopt measures aimed at improving own source revenue collection. This includes implementation of the Revenue Enhancement Strategy, improving technical capacity of staff in Revenue Department and development of revenue bills and policies which are aimed at strengthening local revenue performance.

The County Treasury has a target of Kshs. 300 Million from Own-Source Revenue in the FY 2022/23. It is expected that there will be a rise from the economic depression experienced after the COVID-19 pandemic. Also, the County Treasury will identify various streams of revenue that are meant to tap resources in achieving this target. The County is to further pursue additional measures to curtail revenue leakages.

The ongoing prudent expenditure management and implementation of savings measures continue to improve the county government's fiscal position. The County demonstrates its ability to control spending on operations and maintenance as it creates focus on increasing allocation to development expenditure.

Bomet County has devised a number of strategies to mitigate COVID-19's detrimental effects on the macroeconomic environment. To this purpose, Departments are expected to focus their Medium-Term programs and projects on aiding various productive sectors and human capital in recovering from the consequences of the COVID-19 pandemic. It should be highlighted that the programs are intended to produce a medium-term social budget.

The CFSP 2022 lays out the Medium-Term Fiscal Framework, which offers mechanisms for achieving sustainable growth and development through efficient service delivery in Bomet County. This calls for Transparency, Accountability, Responsiveness, and Abiding by the rule of law to facilitate fiscal discipline and maintain macroeconomic stability. The main sources of County revenue in the Medium Term will be Equitable Share from National Government, Local Revenue Collections and Donor Funding. In the FY 2022/23 and the Medium Term, the County Government proposes a series of measures to increase revenue and balance its fiscal spending. The County Government's Fiscal Policies in FY 2022/23 will also focus on re-orientation of expenditure from recurrent to development.

This Paper, therefore, puts into perspective how the County anticipates utilizing its scarce resources in the FY 2022/23 and in the Medium Term. For its successful implementation stakeholder consultations will be primal.

HON. ANDREW KIMUTAI SIGEI

COUNTY EXECUTIVE MEMBER, FINANCE & ECONOMIC PLANNI

ACKNOWLEDGEMENT

The County Fiscal Strategy Paper for FY 2022/2023 has been prepared in accordance with Section 117 of the Public Finance Management (PFM) Act, 2012. It outlines the current state of the economy and outlook over the medium term, broad macroeconomic issues and the medium term fiscal framework, resource envelope and key strategic priorities and policy goals and a summary of the Government's spending plans as a basis for the FY 2022/23 Budget Estimates

We are particularly grateful to His Excellency, the Governor Dr. Hillary Barchok for his lead role, direction and guidance in developing this document. Special thanks goes to the County Executive Committee Members, Chief Officers, Directors and all the accountants for their input in developing the departmental priorities and programmes for financial year 2021/2022. Special thanks go to the technical team in the Directorate of Economic Planning who worked tirelessly to prepare this document.

We sincerely, thank the Sub County administrators, ward level technical staff, Members of the public, the County Budget and Economic Forum, stakeholders and other interested groups who participated in the County Budget and Economic Forum and public participation meetings. Your valuable contributions enabled the finalization of this document.

Milcah C. Rono

Executive Summary

The County fiscal strategy paper 2021 is prepared in accordance to PFM Act section 117. The Act states that, the County Treasury shall prepare it and submit to the County Executive Committee for approval. The County Treasury shall then submit the approved CFSP to the County Assembly by 28th February each year. The contents of the CFSP are largely informed by the PFM Act section 117(2) which provides for the aligning of the CFSP with the national objectives in the Budget Policy Statement.

The fiscal framework is guided by various principles which are in line with the medium term expenditure framework and the County Integrated Development Plan (CIDP) among them:

- i. A strong revenue effort to ensure that the County budget has no deficit
- ii. Consistent Budget expenditures that agree with County and sectorial priorities with increased shift away from recurrent to capital expenditures
- iii. Sufficient fiscal space for infrastructural and social programmes necessary for achieving CIDP goals. The key County priority areas are Water, Roads, Health, Education, Agriculture, Trade and Social services.

The CFSP serves as the basis for the preparation of the annual estimates of revenue and expenditure for the County Budget 2021/2022. The paper, according to the Public Finance Management Act, 2012 requires the adoption of a multi-year perspective in budgeting to allocate public resources on a rolling basis over the medium-term. The FSP 2021 is in line with the 2021 Budget Policy Statement (BPS).

Legal Basis for the Preparation of County Fiscal Strategy Paper

The County Fiscal Strategy Paper is prepared in accordance to Section 117 (1) of the PFMA, 2012 which states that:

- (1) The County Treasury shall prepare and submit to the County Executive Committee the County Fiscal Strategy Paper for approval and the County Treasury shall submit the approved Fiscal Strategy Paper to the county assembly by the 28th February of each year.
- (2) The County Treasury shall align its County Fiscal Strategy Paper with the national objectives in the Budget Policy Statement.
- (3) In preparing the County Fiscal Strategy Paper, the County Treasury shall specify the broad strategic priorities and policy goals that will guide the county government in preparing its budget for the coming financial year and over the medium term.
- (4) The County Treasury shall include in its County Fiscal Strategy Paper the financial outlook with respect to county government revenues, expenditures and borrowing for the coming financial year over the medium term.
- (5) In preparing the County Fiscal Strategy Paper, the County Treasury shall seek and take into account the views of:
 - a) The Commission on Revenue Allocation;
 - b) The public;
 - c) Any interested persons or groups; and
 - d) Any other forum that is established by legislation.
- (6) Not later than fourteen days after submitting the County Fiscal Strategy Paper to the County Assembly (CA), the CA shall consider and may adopt it with or without amendments.
- (7) The County Treasury shall consider any recommendations made by the CA when finalizing the budget proposal for the financial year concerned.
- (8) The County Treasury shall publish and publicize the County Fiscal Strategy Paper.

Fiscal Responsibility Principles in the Public Financial Management Law

In line with the Constitution, the PFMA (2012) sets out the fiscal responsibility principles to ensure prudence and transparency in the management of public resources.

Section 107 states that:

(1) A County Treasury shall manage its public finances in accordance to the principles of fiscal responsibility set out in Sub-section (2), and shall not exceed the limits stated in the regulations.

(2) In managing the county government's public finances, the County Treasury shall enforce the following fiscal responsibility principles:

- a) The county government's recurrent expenditure shall not exceed its total revenue;
- b) Over the medium term a minimum of thirty percent of the county government's budget shall be allocated to the development expenditure;
- c) the county government's expenditure on wages and benefits for its public officers shall not exceed a percentage of its total revenue as prescribed by the CECM for finance in regulations and approved by the CA;
- d) Over the medium term, the government's borrowings shall be used only for the purpose of financing development expenditure and not for recurrent expenditure;
- e) The county's debt shall be maintained at a sustainable level as approved by the CA;
- f) The fiscal risks shall be managed prudently; and
- g) A reasonable degree of predictability with respect to the level of tax rates and tax bases shall be maintained taking into account any tax reforms that may be made in the future.

The regulations in Section 25 (1) States that in addition to the fiscal responsibility principles set out in section 107 of the Act, the following fiscal responsibility principles shall apply in the management of public finances: -

The County Executive Committee Member with the approval of the County

- a. Assembly shall set a limit on the County government's expenditure on wages and benefits for its public officers pursuant to section 107(2) of the Act;
- b. The limit set under paragraph (a) above, shall not exceed thirty-five (35) percent of the County government's total revenue;
- c. For the avoidance of doubt, the revenue referred to in paragraph (b) shall not include revenues that accrue from extractive natural resources including as oil and coal;
- d. The County public debt shall never exceed twenty (20%) percent of the County governments total revenue at any one time;
- e. The County annual fiscal primary balance shall be consistent with the debt target in paragraph;
- f. The approved expenditures of a County Assembly shall not exceed seven per cent of the total revenues of the County government or twice the personnel emoluments of that County Assembly, whichever is lower;
- g. Pursuant to section 107(5) of the Act, if the County government actual expenditure on development shall be at least thirty percent in conformity with the requirement under section 107(2)(a) of the Act
- h. If the County government does not achieve the requirement of regulation 25(1)(f) above at the end of the financial year, the County executive committee member for finance shall submit a responsibility statement to County Assembly explaining the reasons for the deviation and provide a plan on how to ensure annual actual expenditure outturns as well as medium term allocation comply with the provisions of Section 107 (2) (a) of the Act and these regulations in the subsequent years; and the compliance plan above shall be binding and the County executive committee member for finance shall ensure implementation

CHAPTER ONE

OUTLINE OF THE CFSP

The County Fiscal Strategy Paper (CFSP 2022) covers the MTEF period 2022/2023 –2024/2025. The Paper has been prepared as provided for in Section 117 of the PFM Act, 2012 and sets out the priority programs and projects to be implemented in the FY 2022/2023 and the MTEF period.

The implementation of the priority programs and projects over the medium term is expected to achieve the Government vision of **a prosperous and competitive County in economic, social and political development offering high quality services to its people.**

The priorities to be pursued are in line with Kenya Vision 2030, MTP III, the Big Four Agenda, Sustainable Development Goals (SDGs), the Governor’s Manifesto, the County Integrated Development Plan (2018 – 2022), the Covid-19 Socio-Economic Re-Engineering Recovery Strategy 2020/21 – 2022/23 among other policy documents.

The strategic priority areas include;

- i Infrastructure development,
- ii Revitalization of agriculture,
- iii Provision of quality education and training,
- iv Increasing access to clean and safe water,
- v Provision of affordable quality health care;
- vi Improving business environment.

These priority programs are aimed at creating employment and ensuring socio-economic stability hence improving living standards. The Paper also incorporates the National economic outlook updates to reflect changes in economic and financial trends. In the preparation of this Paper, the National Budget Policy Statement (BPS) was a key reference document in aligning the County’s priorities to the National’s economic policy principles.

The focus of the County Government is to promote **a prosperous and competitive County in economic, social and political development offering high quality services to its people** through various strategies and a proper sustainable fiscal policy framework. Riding on the available resources and the potential that the County has in agricultural value chains, mining, transport infrastructure, cultural tourism, strong governance and administrative structures.

The County has elaborate plans towards strengthening the framework upon which a prosperous and competitive economically vibrant County agenda would be built, however, there are challenges that need to be addressed gradually. They include: low level of local revenue collection due to effects of Covid 19 pandemic, delays in disbursement of funds by the National government and expenditure pressures with respect to salary demands and operational costs which have impacted negatively on the County development agenda.

The County broad strategic priorities are;

- a) Transform the Agricultural Sector
- b) Infrastructure development
- c) Achieve Universal Health Care
- d) Promote trade and industrial development
- e) Access to clean and safe water by all

To achieve the above priority areas, the County Government acknowledges that there is need to partner with other stakeholders in its implementation.

This Paper therefore articulates priorities for economic policies and expenditure programs to be implemented during the MTEF period 2022/23 – 2024/25 in order to achieve the County goals.

Strategic priority I: Transforming the Agricultural Sector

- Enhance uptake of new agricultural technologies which will improve yields and reduce costs of production
- Enhance Agribusiness development focusing on: Commercialization and value addition of dairy, fish, poultry, horticulture and cereals
- Strengthening of smallholder farmer organizations and developing market linkages for smallholder farmers including regional and international retail and wholesale value chains

Strategic priority II: Infrastructure Development

- Improvement of road network and connectivity through construction and maintenance of tarmac and gravel roads as well as bridges and box culverts
- Improve ICT infrastructure
- Sports promotion through construction of stadia and talent centres
- Improvement of service delivery through construction of administrative offices

Strategic priority III: Achieve universal Health Care

- Complete and equip the County Referral Hospital to offer specialized treatment
- Strengthen community health strategy
- Strengthen the County medical supply chain to ensure all health facilities have adequate supply of pharmaceutical and non-pharmaceutical products
- Digitize all health care service operations
- Expand scope and coverage of the “Beyond zero Campaign” Program to all health facilities in the County to reduce infant, child and maternal deaths
- Enhance Universal Health care through enrollment to NHIF

Strategic priority IV: Promote trade, tourism and industrial development

- Promotion of secure trading environment through improvement of market infrastructure
- Promotion of industrial growth
- Promotion of fair-trade practices and consumer protection

Strategic priority V: Improve education and training standards

- Implementation of ECDE and VTCs Capitation program
- Improvement of learning and training environment through infrastructure development in ECDE and VTCs
- Implementation of the ECDE school-based feeding program
- Provision of bursaries and scholarships to improve access to education

Strategic priority VI: Improve access to clean and safe water

- Construction and augmentations of water infrastructure to improve access to clean and safe water
- Promotion of rain water harvesting and storage technologies at household and institutional level

CHAPTER TWO

KENYAN ECONOMIC OUTLOOK FOR CFSP 2022-2023

1. Kenya's economy has demonstrated resilience to the COVID-19 shock, with output in the first half of the year rising above pre-pandemic levels. In 2021 as a whole, gross domestic product (GDP) is expected to grow by 5%, one of the faster recoveries among Sub-Saharan African countries. Economic activity in Kenya has continued to adapt to the pandemic and associated restrictions. A mix of containment measures, such as a nightly curfew, were in effect through most of 2021, while more economically disruptive measures such as lockdowns and travel restrictions were phased, limiting the impact on economic activities. The vaccine rollout, which had a slow start due to supply constraints, has picked up as new shipments of vaccines have arrived, particularly since September. This has supported economic recovery and growth through the third quarter of 2021.

Growth Update

2. The National Treasury projects that Kenya's economy will grow by 5.9 percent in 2021/22 and 5.8 percent in 2022/23 (6 percent in 2021 and 5.8 percent in 2022). However, premised on the assumption of slower economic recovery from the Covid-19 pandemic coupled with the negative impact of the drought experienced in the better part of 2021, possible dampening of growth in private investment due to election-related activities, as well as the possibility of reinstatement of some coronavirus containment measures due to emergence of new coronavirus variants, it is projected that the economy will grow by 5.7 percent in 2021 and 4.8 percent in 2022.

Interest Rates

3. The central bank of Kenya left its benchmark interest rate unchanged at 7% during its November 2021 meeting, for the eleventh time in a row, as widely expected. Policymakers noted that inflation edged down to 6.5% in October, for the first time in six months, as the government's efforts to stabilize retail fuel prices started to have an impact, and it is expected to remain within the central bank's target range of 2.5%-7.5%. Meanwhile, economic growth rebounded strongly in the second quarter of 2021, as activities resumed following pro-longed lockdowns in the previous period to curb the spread of the coronavirus. The central bank Governor indicated that leading indicators point to a

continuing recovery in the second half of the year and growth is projected to remain strong in 2022

Inflation Rate

4. Food inflation was the main driver of the increase in overall inflation from 5.8 percent in April 2021 to 6.5 percent in October 2021. Lower than expected rainfall between March and May 2021 coupled with the drought experienced in some parts of the country resulted in food inflation increasing from 6.4 percent in April 2021 to 10.6 percent in October 2021.
5. Overall inflation is expected to remain within the Government's target band of between 2.5% and 7.5% in 2021. However, a possible rise in global food prices, coupled with weather-related shocks may push inflation towards the upper bound. The IMF (WEO October 2021) projected that overall food prices and cereal prices are expected to rise by 2% and 4% in 2022 respectively. In addition, the end of the EPRA fuel subsidy coupled by an increase in international crude oil prices may also fuel an uptick in inflation.

Kenya Shillings Exchange Rate

6. The Kenya Shilling depreciated relative to other major reserve currencies between October 2020 to October 2021. The shilling depreciated by 2 percent, 7.5 percent and 6.9 percent against the US dollar, Sterling pound and Chinese yuan. Going forward, enhanced demand for imports, relatively weak exports of some agricultural products, slow recovery of the tourism sector, continued servicing of external debt coupled with a wait and see approach by international investors during the election period may contribute to further depreciation of the shilling. The weakening of the Shilling may make servicing of external debt more expensive over the medium term

CHAPTER THREE

NATIONAL ECONOMIC OUTLOOK

The growth outlook is positive. The economy is projected to grow by 5.0% in 2021 and 5.9% in 2022. The rebound assumes that economic activity will normalize due to a full reopening of the economy, the Economic Recovery Strategy being successfully implemented, and Kenya capitalizing on an expected improvement in external liquidity and benefiting from initiatives to meet its external financing needs. The external initiatives could include debt refinancing, restructuring and debt service relief, and additional concessional loans. Inflation is projected to remain within the Central Bank of Kenya's target range of 2.5% to 7.5%, and fiscal and current account deficits are forecast to narrow as a result of improved revenue collection and exports. Downside risks to the outlook could emanate from delays in the full reopening of the economy, failure to secure external financing to execute the budget, a slowdown in global growth, and disruptive social conditions during the run-up to the 2022 elections.

County Economic Outlook

The County's economy is highly impelled by global and national economic stability. The global monetary and fiscal impacts are felt by the Kenyan economy and are consequently translated to the counties. This outlook assumes that such shocks will not have a material impact on the county in the medium term

The priorities contained in the third Medium Term Plan (MTP III) of the Kenya Vision 2030, Sustainable Development Goals, the African Union Agenda 2063 among others are further cascaded down to the Counties.

The county also leverages on the Presidential Big Four Agenda to expedite food security, Affordable health, Affordable housing and increased manufacturing. While Kenya's economy is in recovery, COVID-19 has embedded deep imprints on the country's fiscal and debt position. Correspondingly, COVID-19 had severely affected the economic activities of Bomet County which resulted in unemployment due to the closure of businesses, disruption of manufacturing and service. For the county to recover and endure an upward growth trajectory, the county has

employed crucial measures to address the social and economic development in the County. Such measures include:

- a) Maximizing on Own-Source Revenue by safeguarding full automation of revenue
- b) collection to pyramid the processes and systems already in place while delving into new revenue streams
- c) The County intends to develop regulations on urban development control and invest in urban infrastructure to tackle the projected growth in the urbanization phenomenon
- d) Promotion of early childhood education through implementing the feeding program and tertiary education (polytechnics) through facilitation of the students through the Higher Educations Loans Board (HELB)
- e) Investment promotion by marketing Bomet through the investment authority and the county's trade development program will attract a broad variety of investment opportunities
- f) Improving Agricultural Productivity for Food Security. Measures such as breed improvement and enhancement of extension services.
- g) Improving health services provided in the county as contained in the big four agenda.
- h) Cushioning farmers against perennial price fluctuations through construction of potatoes processing plant.
- i) Easing development controls on urban plots to encourage putting up of business structures to boost commercial activities within towns and trading centres.

CHAPTER FOUR

STRATEGIC PRIORITIES AND INTERVENTIONS

1. EXECUTIVE, ADMINISTRATION, PUBLIC SERVICE AND PUBLIC SERVICE BOARD

4.1 Overview

This department has three (3) programs;

- i. Administration, Planning and Support Services
- ii. Infrastructure Development and Equipment
- iii. Intergovernmental and Liaison Services.

Administration, Planning and Support Services enhances service delivery and provide conducive working environment for staff; Infrastructure Development and Equipment enables a conducive environment for efficient service delivery. Intergovernmental and Liaison Services enhances Intergovernmental co-ordination between the National Government and other government entities.

Department Development Needs, Priorities and Interventions

Priority 1: Effective coordination and communication with other public sector institutions

Interventions:

- i. Engagement of local and mainstream media stations
- ii. Quarterly publication of brochures
- iii. Publicity of government projects and programs
- iv. Installation of TV Screens at county offices and health facilities

Priority 2: Proper coordination of County Government functions

Interventions:

- i. Supervision of county projects
- ii. Liaising with National Government and other stakeholders on various issues affecting the County
- iii. Conducting public participation, awareness and civic education on governance to enhance citizen engagement

- iv. Improvement in disaster response and support recovery and remediation through procurement of necessary disaster management equipment
- v. Promoting a drug free and productive society by controlling liquor licensing
- vi. Collaboration with National Government on security matters and enforcement of county legislation.
- vii. Enhancement of safety and security of the county residents and property and enforce county regulations and laws.

Priority 3: Provision of conducive work environment

Interventions:

- i. Completion of ongoing three ward offices
- ii. Completion of ongoing Governor’s residence
- iii. Construction of CPSB Offices
- iv. Procurement of motor vehicles

Priority 4: Management of County Public Service

Interventions:

- i. Carrying out capacity building of the county workforce
- ii. Professionalization of county public service through correct placement
- iii. Improvement of performance management and results delivery framework through performance contracting and staff appraisals
- iv. Development of county departmental scheme of service
- v. Administration of personnel emoluments
- vi. Facilitating the functions of County Human Resource Management Advisory Committee (CHRMAC)

Priority 5: Promotion of good governance and ensuring efficiency and effectiveness in the provision of quality services in the public service.

Interventions:

- i. Development and adoption of new and existing policies and manuals respectively
- ii. Ensuring compliance with existing regulations and procedures
- iii. Advice on training and development of County staff.
- iv. Recruitment and promotion of staff

Priority 6: Provision of strategic and policy leadership at the County

Interventions:

- i. Transparent and accountable use of public funds and resources
- ii. Greater resources mobilization for effective service delivery
- iii. Facilitation of effective coordination, cooperation and communication between the county and regional blocs, national government and council of governors through Inter-Governmental liaison framework
- iv. Strengthening of monitoring and oversight frameworks
- v. Development of necessary legislation and policies

2. FINANCE, ICT AND ECONOMIC PLANNING

FINANCE DIRECTORATE

Priority 1. Enhancement of Revenue Collection

Interventions:

- i. Procurement of revenue collection system.
- ii. Ensure compliance to revenue collection procedure.
- iii. Undertake public sensitization on revenue collection.
- iv. Formulation of Finance Bill

Priority 2. Prudent Financial Management

Interventions:

- i. Strengthening of Internal Control Systems
- ii. Undertake Quarterly and Annual Internal Audits
- iii. Enhance Policy Formulation
- iv. Implementation of Audit recommendations

Priority 3. Enhance compliance to Procurement procedures

Interventions:

- i. Enhancement of E-Procurement
- ii. Adherence to Public Procurement and Disposal regulations
- iii. Develop procurement plans

Priority 4. Policy and administrative Services

Interventions:

- i. Training of staff
- ii. Operationalization of the car loan and mortgage scheme

ECONOMIC PLANNING DIRECTORATE

PRIORITIES

The department draw their priorities from the ADP 2022/2023. Implementation of the identified priorities will be funded through exchequer releases and also conditional grants from donors, these priorities are;

- 1. Strong monitoring and evaluation.

Interventions:

- i. Capacity building of Monitoring & Evaluation staff
- ii. Timely preparation and dissemination of M&E reports.
- iii. Operationalization of M&E dashboard
- iv. Allocate budget for annual subscription of M&E dashboard

- 2. Provision of accurate statistical data

Interventions:

- i. Developing of Bomet county statistical abstract
- ii. Capacity Building of staff

- 3. Strong policy formulation and planning

Interventions:

- iii. Timely preparation of Planning documents
- iv. Prepare the CIDP for 2023 – 2027
- v. Preparation of ADP 2023/2024
- vi. Strengthen citizen’s engagement in the entire planning process.
- vii. Capacity building of staff

- 4. Budget preparation and management

Interventions:

- i. Timely preparation of budget documents such as CBROP, CFSP and (PBB) Programme Based Budgets.
- ii. Preparation of budget documents that are of high-quality standard.
- iii. Preparation of Supplementary budgets.

- iv. Strengthen citizen's engagement in the entire budget making process.
- v. Budget control function. Performance evaluation through comparing actual vs planned or budgeted performance.
- vi. Capacity building of staff

ICT DIRECTORATE

The Directorate of ICT has two (2) programs. The first program is Information Communication Technology (ICT) services which ensures efficient and effective ICT infrastructure and applications for seamless service delivery. The other program is Administration, Planning and Support Services which enhances service delivery.

ICT Development Needs, Priorities and Interventions

Priority 1: Development and maintenance of ICT infrastructure, connectivity and public service delivery systems

Interventions

- Installation of Local Area Networks and internet in County offices – Headquarters, sub counties and wards
- Installation of Local Area Networks and internet in selected health facilities
- Installation of internet connectivity in selected Vocational Training Centres (VTCs)
- Maintaining of the existing data centre (s) to accommodate connectivity expansions and increased data in the County
- Developing/Procurement of relevant applications/systems for the county departments to improve efficiency

3. AGRICULTURE, LIVESTOCK AND FISHERIES

Priority 1. Improve agricultural productivity and farm incomes

Interventions:

- i. Enhance dissemination of agricultural information
- ii. Promotion of cash and food crops production
- iii. Development of horticulture – subsidy of seedlings.
- iv. Diversification of food crop production
- v. Enhance adoption of technology and youth participation in agriculture

Priority2. Enhance livestock and fish productivity, animal health and welfare

Interventions:

- i. Improvement of livestock genetics through provision of subsidized quality AI services.
- ii. Disease and vector control through livestock vaccination and provision of cattle dip services.
- iii. Improvement of livestock feeds production and feeding programs
- iv. Stocking and re-stocking of fish ponds
- v. Enactment and enforcement of animal welfare policies

Priority 3. Enhanced safety of animal food and food products meant for human consumption.

Interventions:

- i. Construction and improvement of county abattoirs.
- ii. Inspection of livestock food products

Priority 4. Enhance trade in livestock and livestock products

Interventions:

- i. Establishment/ renovation of county livestock sales yards
- ii. Establishment/renovation of milk coolers
- iii. Issuance of livestock and livestock products movement permits

4. COOPERATIVES AND ENTERPRISE DEVELOPMENT

Priority 1: Policy formulation and co-ordination

- Promote development of policies and strategies for efficient and effective service delivery
- Develop legal and institutional framework
- Coordination of departmental activities

Priority 2: Cooperative development

- Promotion and strengthening of cooperative societies
- Enhance bargaining power among members

- Build capacity on leadership and governance in cooperative societies
- Support business development among cooperative societies
- Provide audit and compliance services to cooperative societies

Priority 3: Marketing and value addition

- Improve market prices and returns
- Improve market access through marketing outlets
- Enhance product safety and quality standards and support product certification for value added products
- Promotion of value addition and agro-processing
- Development market infrastructure and information system.

Priority 4: Enterprise development

- Operationalization of enterprise fund
- Establishment and maintenance of ICT and inventory management system for the fund
- Training and capacity building for efficient management of the fund
- Provision of Credit facility to financial and semi-institutions for on lending to SMEs, Groups and cooperatives
- Resource mobilization

5. WATER, ENVIROMENT AND SANITATION

.1 Overview

Priority 1: Enhance access to safe clean water supply for domestic use

- In line with the governor’s manifesto and the constitution, the department aims to ensure that at least 300,000 household get access to safe, clean, water domestic use by the year 2023.
- The department plans to expand the pipeline infrastructure to various institutions such as schools and health centers and households within the county
- The springs shall be protected against pollution from contamination from surface run- off.
- The department shall provide water reservoirs tanks to promote water harvesting

Priority 2: Increase access to water for irrigation purposes

- The department shall support existing irrigation schemes such as Nogirwet and Chebaraa in expanding irrigation distributions lines which eventually increase in food production.

Priority 3: Increase in number of the population accessing sanitation facilities

- The department shall partner with development partners to develop a waste Water infrastructure in Sotik Town and its environs
- The department shall promote Management of Waste Water within the County by offering exhauster services and provision of potable water through Bomet Water and Sanitation Company (BOMWASCO),

Priority 4: Sustainable management of environment and natural resources

- The department shall embark on programs to protect environment and natural resources through planting of water friendly trees and development of relevant regulatory frameworks.

Priority 5: Climate Change Mitigation, Adaptation and Resilience

The department shall develop Climate Mitigation, Adaptation and Resilience Programs such as introduction of clean energy technology, innovations, Climate friendly Income generating activities, restoration and rehabilitation of derelict and degraded Catchment areas, Hill tops and Wetlands.

1. MEDICAL SERVICES AND PUBLIC HEALTH

The department is composed of two sub-sectors; Medical Services and Public Health & Sanitation with the mandate of provision of integrated and high quality promotive, preventive, curative and rehabilitative health care services to Bomet residents and beyond.

Major improvements are earmarked in this sector in the year 2022/2023 within the following priority areas of funding. Strengthening health administration, policy, planning and support services through support to development, domestication of existing health bills and polices, effective coordination of health care services, health financing and addressing gaps that exist in human resources for health. Enhancement of curative health services through introduction of new, specialized medical services, provision of consistent supply of pharmaceutical and non-pharmaceutical and technologies to all county health systems. Improvement of preventive, promotive health services through functional primary health care systems, effective implementation and coordination of all preventive programs. Enhancement of access to reproductive health services through provision of integrated approach to reproductive health services for instance cancers, reproductive health, family planning, immunization and maternal child health care services. Strengthening and revitalization of health infrastructure through, acquisition of new ambulances for referral health services, completion of on-going health facilities, upgrading, renovations, equipping and operationalization of the health facilities which takes into

consideration of the Governor’s manifesto for the health sector and contribution towards attainment of the Big Four Agenda of affordable universal health care.

Bomet County health sector serves a population of 216,000 of women of reproductive age (15-49 years). The reproductive health services are constrained both in space and facilities especially at the highest level of care. The current Maternal Mortality rate (MMR) is 247/100,000 live births, child Mortality rate (CMR) 48/1000 live births and Infant Mortality Rate 35/1000 live births. Longisa County referral hospital maternity has a bed capacity of twenty-four (24) with bed occupancy of 200%. It is expected that the flagship Dr Joyce Laboso Mother and Child Wellness Memorial Centre project will provide space, equipment, and specialized personnel to handle complications so as to improve maternal and child survival. The prevalence of stunting and wasting in children under 5 years is at 36 and 12 per-cent respectively in the county against the National of 26%.

Immunization coverage in the county for children between twelve and eighteen months is 84.3% which is above national average of 82.1%. There is uptake of family planning methods among women of reproductive age (15-49) to approximately 45.8 per-cent of married women though this percentage remain low compared to the national of 36.8%. HIV prevalence (overall) is 2.7% remain low compared to the national of 4.5%. The latrine coverage within the county is 64% far below the National target of 100%.

Priority 1: Strengthened Administration, Policy, Planning and Support services

Priority 2: Enhance curative health services

Priority 3: Improve Preventive and promotive health services

Priority 4: Enhance access to reproductive health services

Priority 5: Improve health infrastructure

Major improvements are earmarked in this sector in the year 2022/2023 within the following priority areas of funding. Strengthening health administration, policy, planning and support services through support to development, domestication of existing health bills and policies, effective coordination of health care services, health financing and addressing gaps that exist in human resources for health.

Enhancement of curative health services through introduction of new, specialized medical services, provision of consistent supply of pharmaceutical and non-pharmaceutical and technologies to all county health systems.

Improvement of preventive, promotive health services through functional primary health care systems, effective implementation and coordination of all preventive programs.

Enhancement of access to reproductive health services through provision of integrated approach to reproductive health services for instance cancers, reproductive health, family planning, immunization and maternal child health care services.

Strengthening and revitalization of health infrastructure through, acquisition of new ambulances for referral health services, completion of on-going health facilities, upgrading, renovations, equipping and operationalization of the health facilities which takes into consideration of the Governor's manifesto for the health sector and contribution towards attainment of the Big Four Agenda of affordable universal health care.

7. EDUCATION AND VOCATIONAL TRAINING

Strategic priorities

Priority 1. Provision of quality education in ECDE

Interventions:

- Equip ECDEs with furniture
- Provide feeding programmes in ECDEs
- Establish efficient quality assurance systems for ECDE
- Construction of new ECDE classrooms
- Construction of ECDE sanitation facilities
- Provision of ECD Teaching and learning materials and play equipment.

Priority 2. Provision of quality vocational skills training in VTCs

Interventions:

- Establishment of conducive classrooms and equipped workshops in VTCs
- Provision of adequate and modern tools and equipment in VTCs
- Improve and expand infrastructural facilities in VTCs
- Provision of modern equipment, tools and learning materials
- Provide feeding programmes in ECDEs

Priority3. Enhance access, retention and transition

Interventions:

Support and maintain needy students in learning institutions through provision of

- Provision of bursaries for needy learners
- Provision of loans to students in post-primary institutions through education revolving fund.
- Tuition support to trainees in VTCs

- Ancillary support service to educational learning institutions

Priority3. Mobilization and awareness

Interventions:

- development, review and updating relevant policies, bills, acts and regulations,
- training and capacity building of stakeholders (ECDE teachers, VTC instructors, WECs, VTC BOM Chairs, VTC Principals)
- Establish efficient quality assurance systems in ECDEs and VTCs

8. LANDS, HOUSING AND URBAN PLANNING

• C. 1.1 Background

Land, Housing and Urban Development Department is responsible for ensuring rational and sustainable land use, effective land information management and orderly development of urban and rural areas, as well as safe, planned and adequate provision of affordable housing for sustainable socio-economic development of the County. The functions of the department include: improvement of land tenure security; provision and management of urban infrastructure; sanitation, cleansing and effective wastes management; facilitation of access to adequate and affordable housing; as well as ensuring security of public land.

C.1.2 Priorities

1. Empower Bomet Municipality both in capacity, institutional and infrastructural development
2. Improve solid waste management in all urban centres
3. Purchase land for public utilities
4. Establish housing data base as well as renovation of Residential/Non Residential government houses.
5. Design and develop urban infrastructure and utilities in selected Urban areas.
6. Implementation of Urban Strategic Development Plan for Bomet Municipality and other towns
7. Survey and beaconing of PI land
8. Developing town plans

9. ROADS, TRANSPORT AND PUBLIC WORKS

4.1 Overview

The department of Roads, Public Works and Transport has four priorities according to the sub-sectors.

(i) Policy planning and administrative services

Interventions

- Formulation of policies to enhance service delivery within the county.

(ii) Roads Construction & Maintenance

Interventions

- Improve road network within the county through construction of roads.
- Maintain existing road network
- Enhance connectivity within the county.
- Promote socioeconomic growth through improved accessibility

(iii) Development and Maintenance of other public works

Interventions

- Improving connectivity through Construction of
 - a) Motorable Bridges.
 - b) Footbridges.
 - c) Culverts.
- Development and maintenance of public building through the production of drawings
- Enhancing development by providing technical support through supervision of projects.

(iv) County Transport Infrastructure

Interventions

- Provide efficient county fleet management
- Enhance Technical support to all other departments.

10. TRADE, ENERGY, TOURISM, INDUSTRY AND INVESTMENT

Departmental Priorities and Strategies

Trade Sub Sector Priorities

i) Increasing investment in infrastructure to support trade development

Interventions

- Development of markets/Market stalls, boda boda shades, shoe shiner sheds,
- Management of markets for efficient operations,

- Promote retail and wholesale trade,
- ii) **Promotion of the county as a centre of Trade and development**
 - Establish products for export
 - Establish County Enterprise Fund Programme
 - Form Producer Business Groups (PBGs),
 - Training of Micro Small and Medium Enterprises
 - Strengthen regional economic bloc,
 - Establish Business Information Centre (BIC),
- iii) **Consumer Protection through promotion of fair trade practices in the county**
 - compliance with Weights and Measures Act and other subsidiary legislations
 - Ensure accurate verification equipment
 - Sensitize of traders on need to use verified and stamped weights
 - Enforcement and prosecution

Energy Sub Sector

Priority i) Electricity Reticulation

Interventions

- Electricity connection to public facilities, street lighting/floodlights installation

i) Priority ii) Promotion of alternative energy options

Intervention

- Development of energy centre and sensitization on renewable energy options
- Feasibility studies on hydropower generation in identified sites

Tourism Sub Sector

Priorities

i) Identification and profiling of tourist sites and products

Interventions:

- Identify, develop and promote tourism niche products in the county
- Undertake community sensitization,
- Establish legal and regulatory framework,

ii) Promotion of tourism products and sites

- Marketing campaigns for tourism products
- Develop a tourism circuit

Industry Sub Sector

Priorities

i) Promote establishment of industries

Interventions:

- Developing a strategic framework
- Establishment of industrial parks/zones and cottage industries
- Support research and innovation
- Capacity building on value addition initiatives
- Establish institutional, policy and regulatory framework
- Establishment of financing schemes

ii) Industrial Infrastructure Development

- Construction of industrial infrastructure
- Provision of equipment and tools

Investment Sub Sector

Priorities

i) County Resource Mapping and Profiling

Interventions

Compiling of investment opportunities

- Develop county investors guide/handbook/county business agenda
- Establishment of County economic council,

County image building, branding and marketing of county products

- Organizing Investment conferences, trade fairs and exhibitions

7. YOUTH, GENDER, SPORTS AND CULTURE

Strategic priorities

Priority 1. Enhance leadership and entrepreneurship skills among the youth, women and PWDs

Interventions:

- v. Participation of youth, women and PWDs in leadership and governance
- vi. Training on entrepreneurship skills

Priority 2. Develop and promote sporting activities

Interventions:

- vii. Construction of sports talent training centers
- viii. Support to sport persons/teams
- ix. Levelling and fencing of playing fields
- x. Development of sporting facilities
- xi. Participation of sports teams/sportspersons in sporting activities

Priority 3. Preserve and promote cultural heritage

Interventions:

- xii. Construction of cultural centres, museums,
- xiii. Sensitization of community in harmful cultural practices
- xiv. Promotion of culture through music festivals/competition Number Cultural
- xv. Conduct cultural exchange and dialogues

Priority 4. Nurture and promote talents among the youth

Interventions:

- xvi. Construction and equipping of youth innovation/incubation centers.
- xvii. Empowerment of youth groups with tools of trade
- xviii. Conduct trainings and sensitization forums
- xix. Develop youth digital portals

Priority 5. Provide sustainable support and improve the livelihoods of women, men, youth, children and vulnerable groups

Interventions:

- xx. Psycho-social Support to children, youth and other vulnerable groups.
- xxi. Fight against gender- based violence.
- xxii. Socio-economic empowerment

Priority 6. Capacity build and empowerment of youth groups, women groups and special groups

Interventions:

- xxiii. Tools of empowerment
- xxiv. Skills training

CHAPTER FIVE

5. FISCAL POLICY AND BUDGET FRAMEWORK

5.1 Overview

The section summarizes consolidated fiscal policy and framework for FY2022/23 and MTEF, and they key actions the County Government will take in budget allocation.

The Fiscal responsibility is important in ensuring that there is prudent and transparent management of public resources. For spending to increase on a sustainable trajectory to meet these basic standards, there is need to match the increased expenditure demands with a corresponding increase in revenue yield through efficient collection and widening of revenue bases.

Over the medium-term, a minimum of 30% of the County budget shall be allocated to development expenditure. The County is committed to standardize the recurrent expenditure and devote more resources to development.

Nevertheless, as a prudent fiscal policy over the medium term, the County's borrowings shall be used only for the purpose of financing development and not for recurrent expenditure.

The County also takes into account the fiscal risks arising from contingent liabilities, liquidity risk arising from failure to actualize local revenue targets, high County Public wage bill of the total budget and potential changes to national transfers and allocations.

Further, the most financial reports have informed the figures in this chapter in terms of analysis of past, current and future values in the context of Revenues and Expenditures.

Finally, explicit time-based quantitative fiscal goals and targets together with qualitative objectives for at least the budget year and the following two FYs. Largely, estimates of the fiscal impact of all proposed changes in revenue and expenditure have been prepared.

5.2 County fiscal policy

In the FY 2022/23 and over medium term, the County will focus on maintaining a balanced budget. This will be achieved through re-prioritizing expenditures from recurrent to development and enhancing local revenue performance. Implementing strategies for post Covid-19 economic recovery will also be pursued.

5.2.1 Adherence to Fiscal Responsibility Principles

In line with the Constitution, the PFMA, 2012 and in keeping with the prudence and transparent management of public resources, the County Government has continued to adhere to the fiscal responsibility principles as set out in the statutes as follows:

- (i) Over the medium term, a minimum of 30% of the Budget shall be allocated to development expenditure.*

The County's development budget allocation over the medium term is above 30 percent, which is the minimum requirement. In FY 2020/21 the County allocated 35 percent to development and 33 percent in FY 2021/22. Delayed release of funds drags the county in implementing its procurement plans. Development is expected to increase as county is committed in investing in programmes and projects.

- (ii) The county government's expenditure on wages and benefits for its public officers shall not exceed a percentage of the county's total revenue.*

On wages and benefits, the share to County revenues was 37 percent in the FY 2020/21 and is at 41 percent in the FY 2021/22. This expenditure item is projected to increase over the Medium Term as the county government plans to recruit more staff.

- (iii) Over the medium term, the County Government's borrowings shall be used only for the purpose of financing development expenditure and not for recurrent expenditure.*

It is prudent for a government to procure external financing using a fiscal policy only for development projects. Although the County envisages maintaining a balanced budget, it will seek to adhere to borrowing guidelines as set out in the PFM regulations if need arises.

(iv) Public debt and obligations shall be maintained at a sustainable level as approved by County Assembly (CA) and guaranteed by the National Government.

The County's borrowing level is guided by PFM Act section 107 (2) (e) and section 107 (4). Section 107 (2) (e) states that the county debt shall be maintained at a sustainable level as approved by the CA. Section 107 (4) further states that every county government shall ensure that its level of debt at any particular time does not exceed a percentage of its annual revenue specified in respect of each FY by resolution of the CA.

Over the medium term the County Government of Bomet will continue to maintain a balanced budget where total revenue equals total expenditure i.e. preparation of FY 2022/23 budget does not envisage borrowing to finance the budget. The focus will be to ensure the sustainability of current debt. Nevertheless, if need arises, the County will adhere to laid out laws by the County Assembly, using guidelines passed by the Parliament.

(v) Fiscal risks shall be managed prudently.

The County Government also takes into account the fiscal risks arising from contingent liabilities, liquidity risk arising from failure to actualize local revenue targets and high county wage bill. The County government continues to put measures in place to enhance revenue collection, majorly through restructuring, automation and widening of revenue base

5.2.2 Fiscal Reforms

The County Government will continue pursuing its policy objectives within the financial context established by fiscal responsibility principles. The progress made in the context of strategic priorities will continue to be regularly reviewed to establish the parameters for the Budget, with a continued focus on the level of expenditure on County development and the reduction of debt levels. In the FY2022/23 County government will be enacting and implementing the following fiscal structures to enable it to be fully compliant with PFM Act, 2012:

- (i) Revenue administration and efficiency in collection, by formulating revenue administration regulations and reviewing fees, levies and charges legislations in order to simplify and modernize them. It will also sensitize public on the importance of paying taxes, decentralize revenue collection to sub counties and ward levels, implement digital banking platforms and training of revenue staff. This is expected to increase revenue collection in the medium term.
- (ii) Expenditure efficiency and effective implementation of budget programs through public participation for all projects and programmes and promote Public Private Partnership engagement to boost development in the County. To accelerate this, the county will re-organize its structures to focus more on increased development expenditure with raft

measures put towards reducing recurrent expenditure to devote more resources to development.

- (iii) Prioritization of programmes and projects. The County will shift its focus to implementation of prioritized programmes aimed at post Covid-19 economic recovery and fast track completion of all stalled/ongoing projects.

On the revenue front, the County Government is expected to put in place measures to enhance revenue collection. These include:

- (i) Enhancing cooperation and support from other departments to improve infrastructure and service delivery.
- (ii) Full automation of the revenue collection.
- (iii) Operationalization and Sensitization on Enactment Revenue Bills aimed at improving efficiency in revenue collection systems.
- (iv) Strengthening internal control systems, building capacity as well as restructuring to ensure qualified personnel for maximum output.
- (v) Continued strengthening and equipping County inspectorate unit to enforce all streams.

The County Government continues with rationalization of expenditure to improve efficiency and reduce wastage through full implementation of; IFMIS; a Human Resource model for Personnel Management; a Fleet Management System for the monitoring of the County motor vehicles, Mapping Model to manage all Single Business Licenses. In addition, the County Government is planning to acquire monitoring and evaluation system to support in project implementation.

The County will continuously build competencies of the finance staff on IFMIS functions through trainings and roll out and use of process manuals.

It is therefore imperative to continue restructuring expenditure systems to ensure efficiency and create fiscal space required to fund the county needs.

5.2.2 Deficit Financing Policy

The County is implementing a balanced budget over the medium term but any deficits that may occur can be financed through borrowing in accordance with Sections 58 and 142 of the PFM Act, 2012 and the Borrowing Framework for Sub-nationals. Such borrowings will, however, be for capital expenditures and maintained at sustainable level as provided in the Debt Management Strategy Paper (DMSP) 2022.

5.2.3 Proposed Budget Framework for FY2022/23 MTEF

The budget framework for FY2022/23 is set against the background of ADP and the MTEF. Allocations from the National Government to the County Government are projected to remain stagnant.

Revenue projections

In the FY 2022/23 budget targets revenue inflow is projected at Kshs. 6.99 billion which will be inclusive of projected Kshs.300 Million own revenues and Kshs. 6.69 billion being Equitable share from the National Treasury

Expenditure projections

Total expenditure for the FY 2022/23 is projected at Kshs. 6.99 billion from the estimated Ksh. 8 billion in the FY 2021/22 budget. Recurrent expenditures are expected to amount to Ksh.5.43 billion as compared to Ksh.5.56 billion in the 2021/22 FY budget.

The wage bill for the County Government (inclusive of Government entities) is projected as Ksh.3.39 billion.

Expenditure ceilings on goods and services for sectors/ministries amount to Ksh. 2.036 billion in the FY 2022/23.

The ceiling for development expenditures amounts to Kshs. 1.565 billion in the FY 2022/23. Most of the outlays are expected to support water, education Programmes, Youth affairs, healthcare, agriculture and infrastructure development.

CHAPTER SIX

6.0 MEDIUM TERM EXPENDITURE FRAMEWORK

6.1 Overview

The Medium-Term Expenditure Framework is based on the outlook of the respective sectors with regard to the services and goods they plan to deliver.

6.2 Resource Envelope

RESOURCE ENVELOPE			PROJECTIONS
