3.0 FINANCE AND ECONOMIC PLANNING

A. Vision

A leading sector in legislation, public policy formulation, coordination, supervision and prudent resource management

B. Mission

To provide overall leadership and policy direction in resource mobilization, management and accountability for quality public service delivery.

C. Strategic Objectives.

- I. Capacity building on planning; carrying out regular surveys; procurement of equipment; continued updating of district database; interpretation and Dissemination of policies; undertaking regular DDP reviews; increase funding to district priorities.
- II. To deploy a financial management system; training of staff and employment of additional staff.
- III. Put all departmental heads under performance contracting; to employ new rapid results initiative and to increase funding to the district projects

Programmes and their Objectives

Programme: Administration, Planning and Support Services.

Objective: To improve on service delivery to the people and to train all staff requisite skills

Programme: Public Finance Management

Objective: To fully computerize and network the finance department to ensure prudent financial management and effective internal controls.

Programme: Economic and Financial Policy Formulation and Management.

Objective: To ensure framework for the formulation, analysis and management of fiscal and monetary policies for the maintenance of macroeconomic and microeconomics stability.

9.0 AGRICULTURE, IRRIGATION SERVICES AND FISHERIES

D. Vision

An innovative, commercially-oriented and modern Agriculture and Rural Development Sector

E. Mission

To improve livelihoods of people of Garissa County through promotion of competitive agriculture, innovative research, and sustainable fisheries development through local policy formulation, appropriate technology application, effective extension services and sustainable resources management.

F. Strategic Objectives

Agriculture department

- 1. To facilitate increased productivity and agricultural output through extension, advisory support services and technology application
- 2. Promote market and product development by adopting a value chain approach
- 3. Strengthen human resource development including monitoring and evaluation (M&E) and coordination of staff functions within the department
- 4. Facilitate accessibility of affordable and quality inputs
- 5. Promote conservation of environment and natural resources through sustainable land use practices

Irrigation department

- 1. Providing policy, facilitation and an enabling environment for the Irrigation sub-sector.
- 2. Increase utilization of land through irrigation and drainage.
- 3. Mobilize and promote efficient utilization of resources.
- 4. Strengthen institutional capacity.

Fisheries department

The goal of the fisheries sub-sector is to maximize the contribution of fisheries to the achievement of local development objectives especially poverty reduction, food security, creation of employment and rural incomes. The strategic objectives are;

- 1. Increase fish productivity and output through establishment of fish farms
- 2. To increase fish access to markets through establishment of cold storage facilities
- 3. To establish a strong technical unit in the department through employment of enough technical personnel
- 4. Conserve and protect water resources for sustainable development

G. Programmes and their Objectives

NO	PROGRAMME	STRATEGIC OBJECTIVE/ OUTCOME
	CP 1:Administrative And	Effective and efficient service delivery in the agriculture,
	Support Services	irrigation services and fisheries sector
	CP2: Crop Production and Irrigation services	To facilitate increased productivity and agricultural outputs through improved extension, advisory support services and technological application. Promote market and product development by adopting a value chain approach. Support irrigation development through survey & design of
		schemes and infrastructural development & rehabilitation in new and existing schemes
	CP3 Fish production	Develop fish farms so as to increase fish production. This will be done through construction of fish ponds in the County. 5 fish ponds will be constructed in each of the 4 riverine subcounties, i.e. Balambala, Garissa, Fafi, and Ijara Extension services will be enhanced through employment of
		three technical officers, training of fish farmers and field exhibitions Fish marketing will be enhanced through construction of cold storage facilities and marketing shed at the ATC Garissa
